An Act relative to clarifying property tax exemptions for solar and wind systems.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Section 5 of chapter 59 of the General Laws, as amended by sections 10,  
2 11, and 12 of the acts of 2014, is hereby amended by striking out clause Forty-fifth and inserting  
3 in place thereof the following clause:-

4           Forty-fifth, Any solar or wind powered system that is capable of producing not more than  
5 125 per cent of the annual energy needs of the real property upon which it is located, which shall  
6 include contiguous or non-contiguous real property owned or leased by the owner, or in which  
7 the owner otherwise holds an interest. Any other solar or wind powered system capable of  
8 producing energy shall be exempt provided that the owner has made to the city or town where  
9 the system is located a payment in lieu of taxes. A city or town, acting through the board or  
10 officer authorized by its legislative body, may execute an agreement for the payment in lieu of  
11 taxes with the owner of a solar or wind powered system in the municipality where the solar or  
12 wind powered system is located. Unless other provided by such agreement, (1) a notice of the  
13 payment in lieu of tax owed for each fiscal year shall be mailed to the owner and due on the  
14 dates by which a tax assessed under this chapter would be payable without interest; (2) all

15 provisions of law regarding billing and collecting a tax assessed under this chapter shall apply to  
16 the payment in lieu of taxes, including the payment of interest; and (3) upon issuance of the  
17 notice, the owner shall have the remedies provided by section 59 and section 64 and all other  
18 applicable provisions of law for the abatement and appeal of taxes upon real estate. An  
19 exemption under this clause shall be allowed only for a period of 20 years from the date of  
20 installation of the system; provided, however, that no exemption shall be allowed for any year  
21 within that period where the solar or wind powered system is not capable of producing energy as  
22 required by this clause. Each owner shall annually, on or before March 1, make a declaration  
23 under oath to the assessors regarding the system and power generated for the previous calendar  
24 year. This clause shall not apply to projects developed under section 1A of chapter 164.

25           SECTION 2. Subsection (b) of section 38H of said chapter 59, as appearing in the 2014  
26 Official Edition, is hereby amended by inserting after the first sentence the following sentence:-  
27 For purposes of this section, a generation facility shall not include a facility powered by sun or  
28 wind to generate electricity.

29           SECTION 3. Clause Forty-fifth of section 5 of chapter 59 of the General Laws shall not  
30 apply to solar and wind powered systems for which the owner has a signed agreement with the  
31 city or town to make a payment in lieu of taxes under section 38H(b) of chapter 59 as of the  
32 effective date of this act.

33           SECTION 4. Sections 1 and 2 shall apply to taxes assessed for fiscal years beginning on  
34 or after July 1, 2016.
