The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Third General Court
(2023-2024)**

An Act relative to creating statutes relating to requiring school boards to make information about learning materials and educational activities used for pupil instruction available to the public.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 This bill requires each Municipal School Board or Public Charter School Board to
2 prominently post on the home page of its Internet site information related to learning materials
3 and educational activities used in pupil instruction in the school district and any procedure or
4 policy in effect that applies to the documentation, review, or approval of such learning materials
5 or educational activities. Under this bill, used in pupil instruction” means that a learning material
6 or educational activity is 1) assigned, distributed, or otherwise presented to pupils in a course for
7 which pupils receive credit, 2) assigned, distributed, or otherwise presented to pupils if use of the
8 learning material or participation in the educational activity is required by the school, 3)
9 assigned, distributed, or otherwise presented to pupils and at least a majority of pupils in a grade
10 level are expected to use the learning material or participate in the educational activity, 4) among
11 learning materials from which pupils are required to select one or more materials, if the available
12 selection of learning materials is restricted to specific titles, or 5) created by the school board or a

13 teacher employed by the school board, including lesson plans, presentations, and videos. This
14 bill requires each school board to include in its list of learning materials and educational
15 activities 1) bibliographic information

16 necessary to identify each listed learning material and educational activity, 2) the full text
17 or a copy of a learning material or educational activity created by the school board or a teacher
18 employed by the school board, and 3) a link to curricula adopted by the school board to comply
19 with state law.

20 Under this bill, a school board must update the list of learning materials and educational
21 activities at least twice each school year and must notify parents and guardians each time the list
22 is updated. This bill specifies that one update must occur before the start of the school term and
23 one update must occur before January 15 of the applicable school year. This bill also requires the
24 school board to ensure that the

25 list remains available to the public on its Internet site for at least five years.

26 SECTION 1. PURPOSES

27 The purposes of the EDUCATE OPENLY ACT are:

28 A. To ensure that schools provide transparency in the training and instructional materials
29 used in pupil instruction to promote diversity, equity, and inclusion and to give parents and
30 students ready access to review such materials.

31 B. To ensure that students, teachers, administrators, and other school employees
32 recognize the equality, dignity, and rights of all persons and to discourage public schools from
33 teaching ideas and concepts that are contrary to this aim.

34 C. To ensure that public schools do not compel students to engage in political or social
35 activism or advocacy.

36 D. To prevent government entities and actors from compelling students, teachers,
37 administrators, and other public school employees to affirm prescribed speech or beliefs.

57 (4) Nothing in this subsection shall be construed to require the digital reproduction or
58 posting of copies of the instructional materials themselves, where such reproduction would
59 infringe upon copyrighted material; but in such cases, original materials should still be linked, if
60 possible, or provided upon request, as required under subsection (2)(iii) of this section.

61 B. The information required by subsection (A) of this section shall be displayed online
