"Department", the department of housing and community development.

"Developable land area", that area within an approved starter home zoning district that can be feasibly developed into residential or mixed-use developments determined in accordance with regulations of the department. Developable land shall not include: (i) land area that is already substantially developed, including existing parks and dedicated, perpetual open space within such substantially developed land area; (ii) open space designated by the city or town as provided in section 4; or (iii) areas exceeding one-half acre of contiguous land that are unsuitable for development because of topographic features or for environmental reasons, such as wetlands. Developable land area may include the land area occupied by or associated with underutilized residential, commercial, industrial or institutional buildings or uses that have the potential to be recycled or converted into residential or mixed-use developments as determined in accordance with regulations of the department.

"Historic district", a local historic district established under chapter 40C.

"Open space", shall include, but not be limited to, land to protect existing and future well fields, aquifers, and recharge areas, watershed land, agricultural land, grasslands, fields, forest land, fresh and saltwater marshes and other wetlands, ocean, river, stream, lake and pond frontage, beaches, dunes, and other coastal lands, lands to protect scenic vistas, land for wildlife or nature preserve and land for recreational use.

"Plan approval authority", a board or other unit of municipal government designated by the city or town to conduct site plan review of proposed starter home projects. "Production bonus payment", a 1-time payment to a municipality from the trust fund for each starter home created in a starter home zoning district.

"Starter home", a single-family home not exceeding 1,850 square feet in heated living area.

"Starter home zoning district", a base or overlay zoning district adopted in a municipal zoning ordinance or by-law that complies with the requirements of section 3.

"Sustainable development standards", provisions in the zoning, including, but not limited to, requirements that new development projects: (i) minimize site disturbance and permanently preserve undeveloped open space to the greatest extent practicable; and (ii) collect and manage storm water runoff in accordance with low impact development practices.

"Trust Fund", the Smart Growth Housing Trust Fund, established by section 35AA of chapter 10.

"Zoning incentive payment", a 1-time payment to a municipality from the trust fund payable upon the municipality's adoption, and the department's approval, of an approved starter home zoning district.

Section 2. (a) In its zoning ordinance or by-law, a city or town may adopt a starter home zoning district in any area deemed suitable by the city or town. A starter home zoning district ordinance or by-law, or any amendment to or repeal of such ordinance or by-law, shall be adopted in accordance with section 5 of chapter 40A; provided, that the ordinance or by-law, or any amendment to or repeal of such ordinance or by-law, shall be enacted by a simple majority vote of all the members of the town council, or of the city council where there is a commission

form of government or a single branch, or of each branch where there are 2 branches, or by a simple majority vote of a town meeting.

- (b) Prior to the adoption of a proposed starter home zoning district, a city or town shall request a preliminary determination by the department as to whether the proposed starter home zoning district will comply with the requirements of this chapter. A request for a preliminary determination of eligibility shall be submitted by the chief executive of a city or town on a form prescribed by the department, and shall include: the boundaries of the proposed starter home zoning district; a map and description of the developable land area within the proposed starter home zoning district; a copy of the proposed starter home zoning district ordinance or by-law; narrative and exhibits as needed to establish the elements set forth in section 3; and any additional information the department may require in order to make a preliminary determination of eligibility. The department shall respond to such a request within 45 days of receipt of all information required to make such a preliminary determination of compliance.
- (c) After the adoption of a proposed starter home zoning district, the city or town shall request from the department a final approval of the starter home zoning district. The department shall issue a final approval upon finding that the starter home zoning district as adopted complies in all respects with the requirements of this chapter, subject to any conditions imposed by the department as a condition of its approval. The department's final approval shall be required prior to the disbursement of a zoning incentive payment as set forth in section 6.
- (d) The city or town shall provide written notice to the department not less than 45 days before a vote taken to adopt any amendment to the zoning ordinance or by-law as it applies to an approved starter home zoning district. Such notice shall state the number of starter homes that

have been built within the district since its adoption and shall include an evaluation the number of projected starter homes, if any, that will remain developable within the starter home district after the adoption of the proposed amendment.

Section 3. A starter home zoning district shall comply with the following minimum requirements:

- (1) Starter homes shall be a use permitted as of right at a density of not fewer than 4 units per acre of developable land area. No other single-family residential uses shall be permitted as of right or by special permit in the starter home zoning district, except the zoning may permit construction of an accessory dwelling unit of 600 square feet or less on the same lot as a starter home. Accessory commercial and other non-residential uses may be allowed in a starter home district with the approval of the department.
- (2) Each starter home zoning district shall incorporate sustainable development standards that apply to all starter home developments.
- (3) At least 50 per cent of the starter homes to be developed in a proposed starter home zoning district, excluding accessory dwelling units, shall contain not fewer than 3 bedrooms.
- (4) The zoning ordinance or by-law for each proposed starter home zoning district shall provide that, for any proposed development of more than 12 starter homes, not less than 10 per cent of said starter homes shall be affordable to and occupied by individuals and families whose annual income is less than 110 per cent of the area median income as determined by the United States Department of Housing and Urban Development. The zoning shall specify the mechanism by which the city or town will ensure a project complies with such affordability requirements,

when applicable, and may require the execution and recording of an affordable housing restriction, as defined in section 31 of chapter 184.

- (5) A proposed starter home zoning district shall not be subject to limitation of the issuance of building permits for residential uses or a local moratorium on the issuance of such permits. In addition, a proposed starter home zoning district shall not be subject to any municipal environmental or health ordinances, bylaws or regulations that exceed applicable requirements of state law or regulation and would render infeasible the development contemplated under the application for such district, as determined by the department.
- (6) A starter home zoning district shall not impose restrictions on age or any other occupancy restrictions on the district as a whole or any portion thereof or project therein.
- (7) Housing in a starter home zoning district shall comply with federal, state and local fair housing laws.
- (8) The total land area of all starter home zoning districts in a city or town shall not exceed 15 per cent of the total land area in the city or town. Upon request, the department may approve a larger land area if such approval serves the goals and objectives of this chapter.
- Section 4. (a) The zoning applicable to a starter home zoning district may require that individual projects design site plans in a manner that preserves developable land area as open space; provided, that the zoning allows for 4 starter homes per acre, including the developable land area preserved as open space. The zoning may provide for such open space to be preserved through a conservation restriction as defined in section 31 of chapter 184, by the grant of an easement or restriction to the municipal conservation commission or by such other means as is permitted by state law.

(b) A local historic district may overlap with a starter home zoning district in whole or in part; provided, that the local historic district does not render the city or town noncompliant with this chapter, as determined by the department.

- (c) The zoning applicable to a starter home zoning district may include reasonable design standards applicable to individual starter home projects, to ensure that the physical character of development within the starter home zoning district is complementary to adjacent buildings and structures. Such standards may address the scale and proportions of buildings, the alignment, the width and grade of streets and sidewalks, the type and location of infrastructure, the location of building and garage entrances, off-street parking, the protection of significant natural site features, the location and design of on-site open spaces, exterior signs and buffering in relation to adjacent properties. A design standard shall not be adopted if it will add unreasonable costs to starter home developments or unreasonably impair the economic feasibility of proposed starter home projects.
- (d) The starter home zoning district zoning ordinance or by-law may provide for site plan review of proposed starter home projects; provided, that such review is consistent with and subject to the following limitations:
- (1) The ordinance or by-law may require the applicant to pay for reasonable consulting fees to provide peer review of the applications for the benefit of the plan approval authority; provided, that fees shall be held by the municipality in a separate account and used only for expenses associated with the review of the development application by outside consultants and any surplus remaining after the completion of such review, including any interest accrued, shall be returned to the applicant.

(2) The starter home zoning district ordinance or by-law may provide for the referral of the plan to municipal officers, agencies or boards other than the plan approval authority for comment; provided, that any such board, agency or officer shall provide any comments to the plan approval authority within 60 days of its receipt of a copy of the plan.

- (3) Notwithstanding any provision in the zoning code or by-law to the contrary, the decision of the plan approval authority shall be made, and a written notice of the decision filed with the city or town clerk, not later than 120 days after the receipt of a complete application by the city or town clerk, unless such timeframe for decision is extended by written agreement between the applicant and the plan approval authority. Failure of the plan approval authority to take action within said 120 days or extended time, if applicable, shall be deemed to be an approval of the plan. An applicant who seeks approval of a plan by reason of the failure of the plan approval authority to act within said 120 days shall notify the city or town clerk, in writing, within 14 days after the expiration of said 120 days or extended time, if applicable. Such notice to the city or town clerk shall specify relevant details of the application timeline demonstrating the lack of decision.
- (4) Notwithstanding any provision to the contrary in the starter home zoning district ordinance or by-law, the plan approval authority may approve a site plan subject only to those conditions that are necessary to: (i) ensure substantial compliance of the proposed project with the requirements of the starter home zoning district ordinance or by-law; (ii) ensure public safety or the safety of persons living in or visiting the proposed project; or (iii) mitigate any extraordinary adverse impacts of the project on nearby properties.

2523 (5) The department may establish additional standards or limitations for site plan review pursuant to this section.

- Section 5. Not less frequently than once per year, on or before a date specified by the department, each city or town with 1 or more approved starter home zoning districts shall submit to the department the following information:
- (1) Whether the city or town has repealed or amended, or proposed to amend or repeal, any of the requirements applicable to the starter home zoning district or districts;
- (2) Whether there are any pending proposals to construct starter homes within the starter home district or districts; and
- (3) Whether any starter homes have been constructed within the starter home district or districts, and if so, whether those projects comply with the zoning requirements applicable to the district or districts.
- Section 6. Subject to any conditions imposed by the department as a condition of approving a starter home zoning district, each city or town with an approved starter home zoning district shall be entitled to a 1-time zoning incentive payment upon approval of the district by the department in accordance with the schedule set forth in subsection (a) of section 9 of chapter 40R and a production bonus payment in the amount of \$3,000 for each starter home created in the starter home zoning district.
- Section 7. (a) The department may revoke its approval of an approved starter home zoning district if, at any time, the department determines that:

2543 (1) A city or town with an approved starter home zoning district has not complied with 2544 the requirements of this chapter;

- (2) The zoning applicable to an approved starter home zoning district no longer complies with the requirements of this chapter;
- (3) The zoning applicable to an approved starter home zoning district has been amended in such a way that reduces the number of starter homes that can be developed within the starter home zoning district; or
- (4) No building permits have been issued for any starter homes within the starter home zoning district within 5 years from the date of the department's approval of the district.

The department may revoke the approval of an approved starter home zoning district only after conducting a hearing in accordance with chapter 30A, unless the municipality in writing waives its right to such a hearing. The department's revocation of approval shall not affect the validity of the starter home zoning district ordinance or by-law, as applicable, or the application of such ordinance or by-law to land, development or proposed development within the starter home zoning district.

- (b) If the department revokes its approval of an approved starter home zoning district, the affected city or town shall repay to the department the zoning incentive payment, or such portion thereof as the department may specify. All monies repaid to the department under this section shall be credited to the funding source from which the payment originated.
- Section 8. The department may promulgate regulations for the administration and enforcement of this chapter.

A license shall not be required for a person that is an authorized delegate of a licensee acting within the scope of authority conferred by a written contract with the licensee.

A licensee that intends to engage in money transmission business at a location other than its main office shall register each such branch office with the commissioner by providing such information as the commissioner may determine necessary; provided, however, that registration shall not be required for a location of an authorized delegate.

- (m) a person expressly appointed as a third-party service provider to or agent of an entity exempt pursuant to subsection (d), solely to the extent that: (A) such service provider or agent is engaging in money transmission on behalf of and pursuant to a written agreement with the exempt entity that sets forth the specific functions that the service provider or agent is to perform; and (B) the exempt entity assumes all risk of loss and all legal responsibility for satisfying the outstanding money transmission obligations owed to purchasers and holders of the outstanding money transmission obligations upon receipt of the purchaser's or holder's money or monetary value by the service provider or agent; or

- (b) The commissioner may adopt, amend or repeal rules and regulations to aid in the administration and enforcement of this chapter. (c) Notwithstanding any other provision of this chapter, the commissioner may issue an advisory opinion or adopt regulations relative to the business of money transmission for the purpose of maintaining consistency with regulations adopted by a federal regulatory agency and governing provisions similar to those contained in this chapter.

Section 5. (2) The commissioner may require a background investigation of each applicant for a license to engage in the business of money transmission by means of fingerprint and state and national criminal history record checks by the department of criminal justice information services pursuant to section 172 of chapter 6 and the Federal Bureau of Investigation. If the applicant is a partnership, association, corporation or other form of business organization, the commissioner may require such background investigation by means of fingerprint checks on each member, director, principal officer of such applicant, and any individual acting as a manager of a branch office, or a manager of a location from which an authorized delegate engages in money transmission. The commissioner may require a background investigation by means of state criminal history record checks by the department of criminal justice information services pursuant to section 172 of chapter 6 for a manager of a location from which an

authorized delegate engages in money transmission during an investigation or examination of a licensee. Receipt of criminal history record information by a private entity shall be prohibited.

- (3) Each application for a license shall be accompanied by an investigation fee.

  Investigation and license fees shall be determined annually by the secretary of administration and finance under section 3B of chapter 7.
- (b) Upon the filing of an application for a license, if the commissioner finds that the financial responsibility, character, reputation, integrity and general fitness of the applicant, and of the partners or members thereof if the applicant is a partnership or association, and of the officers, directors and principal employees if the applicant is a corporation, are such as to warrant belief that the business will be operated honestly, fairly, soundly and efficiently in the public interest consistent with the purposes of this chapter, the commissioner shall thereupon issue the applicant a license to engage in the business of money transmission. The commissioner shall not issue a license and shall notify the applicant of the denial, if: (i) the applicant made a false statement of a material fact in the application for a license; (ii) an officer, director or member of the applicant business, or manager of a location from which the applicant's authorized delegate will engage in money transmission, has, within 10 years prior to the filing of the application: (A) been convicted of or pleaded nolo contendere to a felony; or (B) committed an act involving fraud or deceit, which act is substantially related to the qualifications, functions or duties of a person engaged in the business of money transmission; (iii) the applicant violated this chapter or regulations promulgated hereunder, any similar regulatory scheme of another jurisdiction or any other law applicable to the conduct of the business sought to be licensed; or (iv) a licensee or authorized delegate of a licensee located at the address at which the applicant intends to operate the business has had any license, registration or other authorization issued by

the commissioner suspended or revoked within 6 months of the date of the new application. Within 20 days thereafter, the commissioner shall enter upon the records a written decision and findings containing the reasons supporting the denial and shall forthwith give written notice thereof by registered mail to the applicant. Within 30 days after the date of such notice, the applicant may appeal from such denial to the superior court for Suffolk county, sitting in equity. The court shall hear all pertinent evidence and determine the facts and upon the facts as so determined, review said denial and, as justice and equity may require, affirm the same or order the commissioner to issue such license.

(c) The commissioner may participate in the NMLS for entities engaged in the business of money transmission. The commissioner may establish requirements for participation by an applicant in the NMLS, which may vary from the provisions of this section and section 6. The applicant shall pay directly to the NMLS any additional fee relating to participation in the NMLS.

Section 6. A license shall not be transferable or assignable and shall expire annually at such date as determined by the commissioner. The license may be renewed upon the filing of a renewal application in such form and containing all such information as the commissioner shall prescribe. The commissioner may refuse to renew a license for any reason that the commissioner may refuse to issue an initial license under section 5. The closing of a location of the licensee, including an authorized delegate location, or a change of location of the main address of the licensee, shall require notification to the commissioner in accordance with regulations promulgated by the commissioner.

If there shall be any change among the officers, partners or directors of any licensee, the licensee shall notify the commissioner of the name, address and occupation of each new officer, partner, or director and provide such other information as the commissioner may require in accordance with regulations promulgated by the commissioner.

Section 7. All money received for transmission by any licensee shall be forwarded to the person to whom the money is directed within 7 days following receipt thereof, unless the licensee has a reasonable belief or a reasonable basis to believe that the sender may be a victim of fraud or that a crime or violation of law, rule, or regulation has occurred, is occurring, or may occur. Receipts given for deposits of money received for transmission shall contain all appropriate information relative to the transaction, as determined by the commissioner.

Section 8. The commissioner may suspend or revoke a license issued pursuant to this chapter or order a licensee to revoke the designation of an authorized delegate if the commissioner finds that:

- (i) the licensee or an authorized delegate has violated this chapter or any rule or regulation adopted hereunder or any other law applicable to the conduct of its business; or
- (ii) a fact or condition exists which, if it had existed at the time of the original application for such license, would have warranted the commissioner in refusing to issue such license.

Except as provided in subsection (b) of section 9, no license shall be revoked or suspended except after notice and hearing pursuant to chapter 30A.

A licensee may surrender a license by delivering to the commissioner written notice that it surrenders the license; provided, however, that the surrender shall not affect the civil or criminal liability of the licensee for acts committed before the surrender.

No revocation, suspension or surrender of a license shall impair or affect the obligation of any preexisting lawful contract between the licensee, either directly or through an authorized delegate, and any person.

In lieu of suspension or revocation of a license issued hereunder, the commissioner may fine a licensee not more than \$500 per day for each violation.

Section 9. (a) If the commissioner determines, after giving notice of and opportunity for a hearing, that a licensee has engaged in or is about to engage in an act or practice constituting a violation of this chapter or a rule, regulation or order adopted hereunder, the commissioner may order the licensee to cease and desist from such unlawful act or practice and take such affirmative action as in the commissioner's judgment will effect the purposes of this chapter.

(b) If the commissioner makes written findings of fact that the public interest will be irreparably harmed by a delay in issuing an order pursuant to subsection (a), the commissioner may issue a temporary cease and desist order. Upon the entry of a temporary cease and desist order, the commissioner shall promptly notify, in writing, the licensee affected by the order that such order has been so entered, the reasons for the order, and that within 20 days after the receipt of a written request for a hearing from the licensee, the matter will be scheduled for such hearing to determine whether or not such temporary order shall become permanent and final. If no such hearing is requested and none is ordered by the commissioner, the order shall remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the

3685	commissioner, after giving notice of and opportunity for a hearing to the licensee subject to such
3686	order, shall, by written finding of facts and conclusions of law, vacate, modify or issue a
3687	permanent cease and desist order.
3688	(c) No order pursuant to this section, except an order issued pursuant to subsection (b),
3689	may be entered without prior notice and opportunity for a hearing. The commissioner may vacate
3690	or modify an order under this section upon a finding that the conditions which required the order
3691	have changed and that it is in the public interest to vacate or modify the order.
3692	(d) An order issued pursuant to this section shall be subject to review as provided in
3693	chapter 30A.
3694	Section 10. (a) The commissioner may issue an order suspending or revoking the
3695	designation of an authorized delegate, if the commissioner finds that:
3696	(i) the authorized delegate violated this chapter or a rule promulgated pursuant to this
3697	chapter;
3698	(ii) the authorized delegate engaged in fraud, intentional misrepresentation or gross
3699	negligence;
3700	(iii) the authorized delegate has been convicted of a violation of a state or federal anti-
3701	money laundering statute;
3702	(iv) the competence, experience, character or general fitness of the authorized delegate or
3703	a person in control of the authorized delegate indicates that it is not in the public interest to
3704	permit the authorized delegate to provide money services; or

(v) the authorized delegate is engaging in an unsafe or unsound practice.

(b) An order issued pursuant to this section shall be subject to review as provided in chapter 30A.

Section 11. A licensee or authorized delegate shall, when directed by the commissioner, permit the commissioner or a duly authorized representative to inspect its records and evidence of compliance with this chapter or any rule and regulation issued pursuant to this chapter and with any other law, rule and regulation applicable to the conduct of its business. The commissioner shall preserve a full record of each such examination of a licensee including a statement of its condition. All records of investigations and reports of examinations by the commissioner, including workpapers, information derived from such reports or responses to such reports, and any copies thereof in the possession of any licensee under the supervision of the commissioner, shall be confidential and privileged communications, shall not be subject to subpoena and shall not be a public record under clause twenty-sixth of section 7 of chapter 4. For the purposes of this paragraph, records of investigation and reports of examinations shall include records of investigation and reports of examinations conducted by a financial regulatory agency of the federal government and any other state, and of any foreign government which are considered confidential by such agency or foreign government and which are in possession of the commissioner. In any proceeding before a court, the court may issue a protective order to seal the record protecting the confidentiality of any such record, and other than any such record on file with the court or filed in connection with the court proceeding, and the court may exclude the public from any portion of a proceeding at which any such record may be disclosed. Copies of such reports of examination shall be furnished to a licensee for its use only and shall not be exhibited to any other person, organization or agency without prior written approval by the commissioner. The commissioner may furnish to regulatory agencies of the federal government,

of other states, or of foreign countries, and any law enforcement agency, such information, reports, inspections and statements relating to the licensees under supervision of the division.

The commissioner, or an examiner or such others of the commissioner's assistants as may be designated by the commissioner, may summon the directors, officers or agents of a licensee, or any other witnesses, and examine them relative to the affairs, transactions and condition of the licensee, and, for that purpose, may administer oaths. Whoever, without justifiable cause, refuses to appear and testify when so required or obstructs the person making such examination in the performance of such duties, shall be punished by a fine of not more than \$1,000 or by imprisonment for not more than 1 year.

Section 12. The commissioner, if there is reason to believe that a person other than a licensee has violated this chapter, shall be authorized to make such investigations as the commissioner shall deem necessary and may examine such other person and shall compel the production of all relevant books, records, accounts and documents.

Section 13. A licensee shall annually, not later than a date to be determined by the commissioner, file a report with the commissioner containing such information as the commissioner may require concerning the business and operations during the preceding calendar year. A licensee neglecting to file such report or failing to amend the same within 15 days of notice from the commissioner directing the same shall, unless such neglect or failure is due to justifiable cause and not due to willful neglect, pay to the commonwealth \$50 for each day during which such neglect or failure continues.

A licensee shall periodically file, on dates determined by the commissioner, a report of its current authorized delegates in a form determined by the commissioner and containing such

information as the commissioner shall require, and including other information the NMLS may reasonably require with respect to the licensee. The commissioner may change or update the delegate reporting requirements to carry out the purposes of this chapter and to maintain consistency with NMLS licensing standards and practices.

A licensee and its authorized delegates shall keep and use such business records in such form and at such location as the commissioner shall, by regulation, determine, which shall enable the commissioner to determine whether such licensee or authorized delegate is complying with this chapter and any rules or regulations promulgated pursuant to this chapter by the commissioner and any other law, rule or regulation applicable to the conduct of the business for which it is licensed pursuant to this chapter. Each licensee shall ensure that all of its authorized delegates maintain books and records as required by the commissioner. Such regulations may contain provisions for the suspension or revocation of licenses for violations hereof and for such records to be recorded, copied or reproduced by photographic, photostatic, microfilm, microcard, miniature photographic, electronic, including, but not limited to, optical imaging, or other process which accurately reproduces or forms a durable medium for reproducing the original record or document or in any other form or manner authorized by the commissioner; provided, however, that nothing in this section shall be construed to permit any such licensee to destroy original records or documents. Each such licensee shall preserve all such business records for as long a period as the commissioner shall prescribe by regulation. Notwithstanding any general or special law to the contrary, service of a subpoena for business records upon a licensee, delivered to an office of such licensee located within the commonwealth shall be deemed to have been served at the location, whether within or outside the commonwealth, where the original business records or documents are kept or maintained.

Section 14. The commissioner or an aggrieved party may enforce this chapter, or restrain any violations thereof, by filing a civil action in a court of competent jurisdiction. A violation of this chapter or a rule or regulation adopted pursuant to this chapter shall constitute a violation of chapter 93A.

Section 15. Whoever violates this chapter or any rule or regulation promulgated pursuant to this chapter by the commissioner shall be punished by a fine of not more than \$5,000 or by imprisonment in state prison for not more than 5 years, or both. Each day a violation continues shall be deemed a separate offense. This penalty shall be in addition to, and not in lieu of, any other provision of law applicable to a licensee or other person for violating section 2 or any rule or regulation made thereunder.

Section 16. (a) Whenever the commissioner finds that any licensee or exempt person under section 3 has violated this chapter or any rule or regulation adopted thereunder, or any other law of the commonwealth applicable to the conduct of the business of money transmission, the commissioner may, by order, in addition to any other action authorized pursuant to this chapter or any rule or regulation made pursuant to this chapter, impose a penalty upon such person not more than \$5,000 for each violation, and not more than \$100,000 for such violation plus the costs of investigation. The commissioner may impose a penalty not more than \$5,000 for each violation of this chapter or any rule or regulation adopted thereunder by a person other than a licensee or exempt person under section 3, plus the costs of investigation.

(b) Nothing in this section shall limit the right of any individual or entity who has been injured as a result of any violation of this chapter by a licensee, or any person other than a

licensee or exempt person under section 3, to bring an action to recover damages or restitution in a court of competent jurisdiction.

(c) Any findings or order issued by the commissioner pursuant to this section shall be subject to review as provided in chapter 30A.

Section 17. (a) Whenever the commissioner determines that any person has, directly or indirectly, violated this chapter or any rule or regulation adopted pursuant to this chapter, applicable to the conduct of the business of money transmission, or any order issued by the commissioner pursuant to this chapter or any written agreement entered between a licensee and the commissioner, the commissioner may serve upon such person a written notice of intention:

- (i) to prohibit such person from performing in the capacity of a principal employee on behalf of any licensee for such period of time that the commissioner deems necessary;
- (ii) to prohibit the person from applying for or obtaining a license from the commissioner for a period not greater than 36 months following the effective date of an order issued under subsection (b) or (c); or
- (iii) to prohibit such person from any further participation, in any manner, in the conduct of the business of money transmission in the commonwealth or to prohibit such person from being employed by, an authorized delegate of, or operating on behalf of a licensee under this chapter or any other business which requires a license from the commissioner.
- (b) A written notice issued pursuant to subsection (a) shall contain a written statement of the facts that support the prohibition and shall give notice of an opportunity for a hearing to be held thereon. The hearing shall be fixed for a date not later than 30 days after the date of service

upon the commissioner of such request for a hearing. If the person fails to submit a request for a hearing not later than 20 days of service of notice under subsection (a), or otherwise fails to appear in person or by a duly authorized representative, the party shall be deemed to have consented to the issuance of an order of such prohibition in accordance with the notice.

- (c) In the event of such consent pursuant to subsection (b), or if after a hearing the commissioner finds that any of the grounds specified in such notice have been established, the commissioner may issue an order of prohibition in accordance with subsection (a) as the commissioner finds appropriate.
- (d) An order issued pursuant to subsection (b) or (c) shall be effective upon service upon the person. The commissioner shall also serve a copy of the order upon the licensee of which the person is an employee or on whose behalf the person is performing. The order shall remain in effect and enforceable until it is modified, terminated, suspended or set aside by the commissioner or a court of competent jurisdiction.
- (e) Except as consented to in writing by the commissioner, any person who, pursuant to an order issued pursuant to subsection (b) or (c), has been prohibited from participating in whole or in part in the conduct of the business of money transmission in the commonwealth shall not, while such order is in effect, continue or commence to perform in the capacity of a principal employee, or otherwise participate in any manner, if so prohibited by order of the commissioner, in the conduct of the affairs of: (i) any licensee under this chapter; (ii) any other business which requires a license from the commissioner; or (iii) any bank, as defined under section 1 of chapter 167, or any subsidiary thereof.

Section 18. A surety bond, in an amount determined by the commissioner and in a form prescribed by the commissioner, to secure the faithful performance of the obligations of the licensee with respect to money transmission shall accompany an application for licensure. The aggregate liability on a surety bond may not exceed the principal sum of the bond. A claimant against a licensee may maintain an action on the bond, or the commissioner may maintain an action on behalf of the claimant.

Section 19. (a) A licensee engaged in the business of money transmission who intends to conduct licensed activities through the use of authorized delegates shall submit the names and addresses of such persons listed in the original application to the commissioner. There shall be an express written contract between the parties detailing the duties and responsibilities of each such authorized delegate.

- (b) A contract between a licensee and an authorized delegate shall require the authorized delegate to operate in full compliance with this chapter. The licensee shall furnish in a record to each authorized delegate policies and procedures sufficient to permit compliance with this chapter.
- (c) An authorized delegate shall remit all money owing to the licensee in accordance with the terms of the contract between the licensee and the authorized delegate.
- (d) An authorized delegate may not provide money transmission services outside the scope of activity permissible under the contract between the authorized delegate and the licensee.
- Section 20. (a) Except to the extent otherwise limited by the commissioner pursuant to this section, the following shall be considered permissible investments:

3858 (1) cash, a certificate of deposit or senior debt obligation of an insured depository
3859 institution, as defined in section 3 of the Federal Deposit Insurance Act, 12 U.S.C. section 1813;

- (2) any receivable owed by a bank and resulting from an automated clearinghouse, debit or credit-funded transmission;

- (6) receivables that are payable to a licensee from its authorized delegate, in the ordinary course of business, pursuant to contracts which are not past due or doubtful of collection; provided, that a receivable shall be deemed to be past due or doubtful of collection if the money owed to the licensee is not remitted within 7 business days; and provided further, that the aggregate amount of receivables under this paragraph from any 1 person shall not comprise more than 10 per cent of the licensee's total permissible investments; and
- (7) a share or a certificate issued by an open-end management investment company that is registered with the United States Securities and Exchange Commission under the Investment

Companies Act of 1940, 15 U.S.C. Section 80a-1-64 and whose portfolio is restricted by the management company's investment policy to investments specified in paragraphs (1) through (4).

- (b) The following investments shall be permissible, but only to the extent specified in this subsection:
- (1) an interest-bearing bill, note, bond or debenture of a person whose equity shares are traded on a national securities exchange or on a national over-the-counter market if the aggregate of investments under this paragraph does not exceed 20 per cent of the total permissible investments of a licensee and the licensee does not at 1 time hold investments under this paragraph in any 1 person aggregating more than 10 per cent of the licensee's total permissible investments;

(z)(1) The ultimate controlling person of every insurer subject to registration shall also file an annual enterprise risk report. The report shall, to the best of the ultimate controlling person's knowledge and belief, identify the material risks within the insurance holding company system that could pose enterprise risk to the insurer. The report shall be filed with the lead state commissioner of the insurance holding company system as determined by the procedures within the financial analysis handbook adopted by the National Association of Insurance Commissioners.

- (2) Except as otherwise provided by this paragraph, the ultimate controlling person of every insurer subject to registration pursuant to this section shall concurrently file with the registration statement an annual group capital calculation as directed by the lead state commissioner. The report shall be completed in accordance with the National Association of Insurance Commissioner's group capital calculation instructions, which may permit the lead state commissioner to allow a controlling person that is not the ultimate controlling person to file the group capital calculation. The report shall be filed with the lead state commissioner of the insurance holding company system as determined by the commissioner in accordance with the procedures within the financial analysis handbook adopted by the National Association of Insurance Commissioners. Insurance holding company systems described below are exempt from filing the group capital calculation:
- (i) An insurance holding company system that has only 1 insurer within its holding company structure, that only writes business and is only licensed in its domestic state and assumes no business from any other insurer;

- (ii) An insurance holding company system that is required to perform a group capital calculation specified by the United States Federal Reserve Board. The lead state commissioner shall request the calculation from the Federal Reserve Board under the terms of information sharing agreements in effect. If the Federal Reserve Board cannot share the calculation with the lead state commissioner, the insurance holding company system is not exempt from the group capital calculation filing;
- (iii) An insurance holding company system whose non-United States group-wide supervisor is located within a reciprocal jurisdiction as described in section 20A that recognizes the United States regulatory approach to group supervision and group capital; and
  - (iv) An insurance holding company system:

- (A) That provides information to the lead state that meets the requirements for accreditation under the National Association of Insurance Commissioners financial standards and accreditation program, either directly or indirectly through the group-wide supervisor, who has determined such information is satisfactory to allow the lead state to comply with the National Association of Insurance Commissioners group supervision approach, as detailed in the National Association of Insurance Commissioners financial analysis handbook; and
- (B) Whose non-United States group-wide supervisor that is not in a reciprocal jurisdiction recognizes and accepts, as specified by the commissioner in regulation, the group capital calculation as the world-wide group capital assessment for United States insurance groups who operate in that jurisdiction.
- (3)(i) Notwithstanding the provisions of clauses (iii) and (iv) of paragraph (2) of this subsection, a lead state commissioner shall require the group capital calculation for United States

operations of any non-United States based insurance holding company system where, after any necessary consultation with other supervisors or officials, it is deemed appropriate by the lead state commissioner for prudential oversight and solvency monitoring purposes or for ensuring the competitiveness of the insurance marketplace.

- (ii) Notwithstanding the exemptions from filing the group capital calculation stated in clauses (i) to (iv), inclusive, of paragraph (2), the lead state commissioner shall have the discretion to exempt the ultimate controlling person from filing the annual group capital calculation or to accept a limited group capital filing or report in accordance with criteria as specified by the commissioner in regulation.
- (iii) If the lead state commissioner determines that an insurance holding company system no longer meets 1 or more of the requirements for an exemption from filing the group capital calculation under this subsection, the insurance holding company system shall file the group capital calculation at the next annual filing date unless given an extension by the lead state commissioner based on reasonable grounds shown.
- (4) The ultimate controlling person of every insurer subject to registration pursuant to this section and scoped into the National Association of Insurance Commissioners liquidity stress test Framework shall file the results of a specific year's liquidity stress test. The filing shall be made to the lead state insurance commissioner of the insurance holding company system as determined by the procedures within the financial analysis handbook adopted by the National Association of Insurance Commissioners.
- (i) The National Association of Insurance Commissioners liquidity stress test Framework includes scope criteria applicable to a specific data year. The scope criteria are reviewed at least

annually by the financial stability task force or its successor. Any change to the National Association of Insurance Commissioners liquidity stress test framework or to the data year for which the scope criteria are to be measured shall be effective on January 1 of the year following the calendar year when such changes are adopted. Insurers meeting at least 1 threshold of the scope criteria are considered scoped into the National Association of Insurance Commissioners liquidity stress test framework for the specified data year unless the lead state insurance commissioner, in consultation with the National Association of Insurance Commissioners financial stability task force or its successor, determines the insurer should not be scoped into the scope criteria are considered scoped out of the National Association of Insurance Commissioners liquidity stress test framework for the specified data year, unless the lead state insurance commissioner, in consultation with the National Association of Insurance Commissioners financial stability task force or its successor, determines the insurer should be scoped into the framework for that data year.

- (A) The lead state insurance commissioner, in consultation with the financial stability task force or its successor, shall take into consideration how best to avoid having insurers scoped in and out of the National Association of Insurance Commissioners liquidity stress test framework on a frequent basis as part of the determination for an insurer.
- (ii) The performance of, and filing of the results from, a specific year's liquidity stress test shall comply with the National Association of Insurance Commissioners liquidity stress test framework's instructions and reporting templates for that year and any lead state insurance commissioner determinations, in consultation with the financial stability task force or its successor, provided within the framework.
