27	the Governor; and
28	(10) one expert from a Massachusetts college or university with specific expertise in both
29	statistical analysis and law enforcement, appointed by the Governor.

30 (c) All Committee members shall serve, without compensation, for two years and until
31 their successors are appointed. Members may be reappointed for an unlimited number of terms.
32 The Committee shall meet at least quarterly. The Executive Office of Public Safety and Security
33 shall provide staff and administrative services for the Committee.

34 (d) The Committee shall have the following powers, duties, and responsibilities:

(1) to operate as an advisory body and make recommendations, which may be reported to
the Governor, the Secretary of Public Safety and Security, to the General Court, to state,
municipal, college or university police departments and to other law enforcement entities
identified as appropriate by the Committee;

39 (2) to promulgate model policies for law enforcement entities that are designed to protect
40 individuals' civil rights during traffic stops and other police stops;

41 (3) to recommend to law enforcement entities models for training on data collection and42 analysis to engage agencies;

(4) to identify and recommend best practices for stop data collection and analysis,
including best practices for making use of advanced technologies, and to advise the Executive
Office of Public Safety and Security regarding the development of a system for law enforcement
entities to electronically gather, record, report and dispose of information concerning motor
vehicle accidents, violations, traffic stops, pedestrian stops and citations;

48 (5) to consider and make recommendations about how to determine the baseline data49 against which data collected pursuant to subsection (d)(4) shall be measured;

50 (6) to review reports compiled pursuant to subsections (d)(1) and (d)(4), and, as

necessary, other data or reports collected or compiled pursuant to this section, and to considerand propose solutions to identify, eliminate and prevent racial profiling;

(7) to support and encourage law enforcement departments in their outreach to local
communities concerning a) the goals of law enforcement via traffic and pedestrian stops, b)
perceived racial and ethnic disparities in traffic stops and other law enforcement activities, and c)
strategies for monitoring and reducing such disparities where found to exist;

57 (8) to receive comment and participation from the public at public hearings;

(9) to review reports, analyses, recommendations, and conclusions compiled using data
collected in connection with the implementation of Massachusetts Chapter 228 of the Laws of
2000, and to consider such reports, analysis, recommendations and conclusions in executing the
powers, duties, and responsibilities under this subsection;

(10) to issue and release to the public an annual report to the Governor, no later than
September 1, regarding the Committee's activities during the previous fiscal year and the results
of any statistical analyses conducted, which report shall also be filed with the Clerks of the
Senate and the House of Representatives;

66 (11) to issue and release to the public a triennial report in relation to the Minimum Core67 Standards set out in Section 3(d) on or before December 1 of the required year; and

(12) to review the complaints of citizens who have exhausted administrative remedies
within a police department regarding the unauthorized release of audio-video recordings, or the
failure to release such recordings as described in Section 3(c)(2).

(e) The Committee may employ support staff to execute their statutory obligations,
subject to appropriation. The Committee may also employ such other staff and attorneys as it
determines, all of whom shall be in the unclassified service and shall receive such compensation
as is fixed by the Committee.

(f) The Committee shall have access to all video footage generated audio-visual recording
devices of each law enforcement entity, but audio-visual recordings received by the Committee
shall not be redisclosed to third parties except as outlined in Section 3(c)(2).

78 Section 3. Requirements for Personal Audio-Video Recording Devices

79 (a) General Obligation.

Each police officer in this State shall be equipped with a personal audio-video recording device. Each law enforcement entity with primary enforcement authority over any jurisdiction within this state must establish a plan to carry out the foregoing obligation in accordance with Subsection 2 below.

84 (b) Applicability to Massachusetts wiretapping statute

85 Notwithstanding any provision of 272 MGL §99:

86 (1) All uses of an officer's personal audio-video recording device must be made in plain
87 view of the individual or individuals who are being recorded during an interaction with the
88 officer.

(2) Officers using personal audio-visual recording devices must inform the individual or
individuals who are being recorded that the audio and visual content of the interaction is being
captured on film. An officer who uses a personal audio-visual recording device is considered to

92 have given his or her consent to being recorded. Within two (2) months of its formation, the
93 Committee shall draft the statement of notification to be used by officers in each jurisdiction
94 within the state.

(3) If an individual does not want his or her interaction with an officer captured on a
personal audio-video recording device, and the individual audibly denies his or her consent to be
recorded using the personal audio-video recording device, the officer or officers interacting with
the individual shall turn off their personal audio-video recording device after having provided the
reason for turning-off the person audio-video recording device in accordance with Section
3(d)(2)(v).

101 (4) An officer will not be required to obtain a warrant to record an interaction with102 individual who has given his or her consent to be recorded.

103 (c) Applicability to Massachusetts' public records statute

(1) All audio-visual recordings that are captured during an interaction between a
individual or individuals and an officer or officers are exempt from public disclosure under 4
MGL 7(26)(a) and shall be kept confidential absent a court order.

107 (2) This exception does not apply to individuals filmed in a police interaction, and their108 legal representatives shall have the right to inspect and copy such recordings.

109 (d) Minimum Core Standards.

(1) All personal audio-video recording devices in use in this State must meet thefollowing standards:

(i) Picture Quality/Resolution. The resolution should be at least 640 x 480 pixels.

(ii) Frame Rate. The frame rate should be at least 25 frames per second.

114	(iii) Battery Runtime. The camera should be equipped with a battery that permits the
115	device to record continuously for at least 3 hours. All officers should also be equipped with a
116	spare battery and/or a means of recharging the camera while on duty.
117	(iv) Camera Focal Width. The camera must employ a wide point of view.
118	(v) Memory Specifications. At the lowest quality setting, the camera must permit at least
119	3 hours of recording.
120	(vi) Night Visibility. The camera should have a low lux rating and/or an IR illuminator
121	for recording targets in low light.
122	Decisions as to which model or models of audio-video device to employ, and/or what
123	features in excess of these Minimum Core Standards said devices are to have, rest with
124	individual law enforcement entities.
125	(2) All programs within law enforcement entities governing or establishing rules,
126	regulations, or procedures with regard to the use of personal audio-video recording devices must
127	meet the following standards:
128	(i) Cameras must be deployed at the beginning of an interaction if police officers are
129	engaged in the following:
130	(A) Primary response (patrol in vehicle or during bicycle or motorcycle patrol)

131 (B) Self-initiated public contacts/foot patrol

132 (C) Emergency Response

133	(D) Vehicle or Site Searches
134	(E) SWAT
135	(F) Police officers engaged in taking individuals into custody
136	(G) Traffic stops
137	(H) Suspicious vehicle stops
138	(I) Suspicious person stops
139	(J) Motor-vehicle accident scenes
140	(K) During all interrogations of suspected criminals or persons of interest
141	(L) While in the process of an arrest
142	(M) Vehicle pursuits
143	(N) Crimes in progress
144	(O) When ordered to do by a supervisor, and
145	(P) Any other instance of police interaction with individuals where probable cause exists
146	that a crime is being planned or has been committed, as articulated in the personal audio-video
147	recording device policy of the law enforcement entity.
148	(ii) Within the policy of the law enforcement entity, police officers may be given
149	discretion to not record in instances:
150	(A) Of sensitive crimes including rape and sexual assault;

151 (B) When an individual is fully unclothed;

152 (C) To protect the identity of an officer in an undercover capacity; and

153 (D) To protect the identity of a confidential informant.

Law enforcement entities shall adopt policies governing the recording of domestic
violence, rape and sexual assault incidents, and incidents where individuals are partially or fully
unclothed.

(iii) Training – Personal audio-video recording device training must be provided for all
Police Officers, Supervisors, Record Management/Evidence personnel, and all other personnel
who may use or otherwise be involved with police-used personal audio-video recording devices.

160 (iv) Compliance:

(A) Malfunctions – Law enforcement entities shall set a policy regarding malfunctions
that shall ensure as little interruption in recording as possible. The policy shall require that police
officers whose personal audio-video recording device fails to record shall report the malfunction
to the supervisor immediately at the time the device has malfunctioned.

(B) Upload – Law enforcement entities shall set a policy requiring that police officers
shall upload the data from their personal audio-video recording devices each working day within
two hours at the end of the officer's shift.

(C) Classification – Law enforcement entities shall apply already existing policies
regarding traditional evidence to evidence derived from the use of personal audio-video
recording devices. Law enforcement entities shall require that the use of the personal audio-video
recording device must be included in all incident reports.

(D) Incident Report - Law enforcement entities shall apply already existing policies
regarding documentation of individuals' interactions with police and additional policies as the
department sees fit. An officer shall note the following in his/her report: Whether audio or video
evidence was gathered relating to the events described in the report; Any malfunction occurring
during the situation that is the subject of the report; and any instances of deactivation as required
by section (v) below.

(v) Deactivation - Before a personal audio-video recording device has been turned off in an instance where policy and statute require the device to record, the reason for not using it must be articulated verbally on camera. If the officer is unable to verbally articulate his/her reason, then the officer shall file a written report expressing that reason for the off switch within two hours at the end of the officer's shift when the incident occurred or included within the written incident report regularly filed describing an interaction with an individual. This verbal or written articulation shall be reviewed by both the supervising officer and the Committee or its designee.

(vi) Internal audit – Policies shall include the requirement of periodic, random monitoring
of video footage generated by personal audio-video recording devices by each agency's internal
audit unit.

(vii) Disciplinary Measures – Law enforcement entities shall adopt policies that shall
include, but not be limited to, imposing disciplinary measures for:

190 (A) failure to wear the personal audio-video recording device while on duty;

191

(B) failure to properly maintain the personal audio-video recording device during a shift;

(C) failure to keep the personal audio-video recording device on during an interactionwith an individual in accordance with this statute;

(D) failure to produce written or verbal communication for not turning on their personal
audio-video recording device or turning the personal audio-video recording device off during an
interaction with an individual as required by the incident report requirement of this statute; and

197 (E) other breaches of department policies as enumerated within the department policies.

198 (3) All programs within law enforcement entities governing or establishing rules,

199 regulations, or procedures with regard to the data storage of video and audio recordings derived200 from the use of personal audio-video recording devices must meet the following standards:

(i) All rules, regulations, procedures, or policies respecting the storage of or access to
data obtained through use of personal audio-video recording devices should be made available in
written form to all officers and staff within each law enforcement entity.

(ii) Policies should require data to be downloaded from the personal audio-video
recording device by the end of the shift in which the camera was used, and audio/video
recordings should be appropriately tagged and stored according to the type of event captured.

(iii) Policies should clearly require an officer's supervisor to take physical custody of the
camera and assume responsibility for downloading the data contained therein in cases of officerinvolved shootings, in-custody deaths, or other incidents involving the officer that result in a
person's bodily harm or death.

(iv) Policies should clearly state where personal audio-video recording device videos areto be stored.

(v) Policies should specifically require the retention of the recorded data in compliancewith all relevant laws and adequately preserve evidentiary chain of custody.

(vi) Policies should require the deletion of the recorded data after thirty (30) calendar
days if civil contact is made but no enforcement action is taken or complaint has been filed.

(vii) Policies should include specific measures to prevent data tampering, deleting, andcopying.

(viii) Policies should clearly describe the circumstances in which supervisors will beauthorized to review an officer's footage from the personal audio-video recording device.

(ix) Policies should include specific measures for preventing unauthorized access orrelease of recorded data.

(x) Policies should specifically account for and enumerate those situations in which datamight be made available to other departments for evidentiary purposes.

225 (xi) Policies shall include clear and consistent protocols for releasing recorded data:

- (A) externally to the public and the news media;
- 227 (B) for easy accessibility to lawyers and defendants;
- 228 (C) for easy accessibility to citizen review boards.
- 229 (xii) Each department's policy must be in compliance with the disclosure of public

230 records as defined by 4 MGL §7(26)(a), and must be promulgated within three (3) months of the

231 enactment of this statute.
