An Act relative to safe and supportive schools.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 Whereas, the deferred operation of this act would tend to defeat its purpose, which is to
2 create safe and supportive school environments, therefore, it is hereby declared to be an
3 emergency law, necessary for the immediate preservation of the public convenience.

4 Be it enacted by the Senate and House of Representatives in General Court assembled,
5 and by the authority of the same, as follows:

6 WHEREAS, a paramount goal of the Commonwealth is to ensure that all children receive
7 a high quality education that enables them to reach their full potential and become responsible
8 citizens who positively contribute to their communities and the Commonwealth; and

9 WHEREAS, a safe and supportive learning environment is a necessary foundation for
10 increasing academic achievement, enhancing healthy development, and improving educational
11 outcomes for all children; and

12 WHEREAS, the Massachusetts Behavioral Health and Public Schools Task Force
13 developed a framework and accompanying self-assessment tool that facilitates the creation of
14 safe and supportive learning environments in schools;

15 THEREFORE, it shall be the policy of the Commonwealth to support and promote the
16 statewide implementation of the safe and supportive schools framework in order to create safe,
17 healthy and supportive learning environments in schools and districts across the Commonwealth.

18 SECTION 1. Chapter 69 of the General Laws, as amended by section 2 of chapter 240 of
19 the acts of 2012, is hereby amended by adding after section 10 the following section:-

20 Section 1P. (a) As used in this section the following words shall, unless the context
21 clearly requires otherwise, have the following meanings:--

22 “Behavioral health”, the social, emotional, mental and behavioral wellbeing of all
23 students.

24 “Board”, the board of elementary and secondary education.

25 “Department”, the department of elementary and secondary education.

26 “Framework”, the safe and supportive schools framework established under subsection
27 (b).

28 “Safe and supportive school environment”, a safe, positive, healthy and inclusive whole-
29 school learning environment that (i) enables students to develop positive relationships with
30 adults and peers, regulate their emotions and behavior, achieve academic and non-academic
31 success in school and maintain physical and psychological health and well-being; and (ii)
32 integrates services and aligns initiatives that promote students’ behavioral health, including
33 social and emotional learning, bullying prevention, trauma sensitivity, dropout prevention,
34 truancy reduction, children’s mental health, the education of foster care and homeless youth, the
35 inclusion of students with disabilities, positive behavioral approaches that reduce suspensions
36 and expulsions and other similar initiatives.

37 “Self-assessment tool”, the safe and supportive schools self-assessment tool established
38 under subsection (b).

39 (b) The behavioral health and public schools framework developed under section 19 of
40 chapter 321 of the acts of 2008 shall henceforth be known as the safe and supportive schools
41 framework. The framework shall provide guidance and support to schools to help them create
42 safe and supportive school environments that improve education outcomes for all students, and
43 shall be organized according to central elements of school operations which shall include but not
44 be limited to: (i) leadership; (ii) professional development; (iii) access to resources and services;
45 (iv) academic and non-academic supports; (v) policies and protocols; and (vi) collaboration with
46 families. Each school district and individual public school shall implement the safe and
47 supportive schools framework in order to: (i) organize, integrate and sustain school and district-
48 wide efforts to create safe and supportive school environments and (ii) coordinate and align
49 student support initiatives.

50 The self-assessment tool developed by the behavioral health and public schools task force
51 under section 19 of chapter 321 of the acts of 2008 shall henceforth be known as the safe and
52 supportive schools self-assessment tool. The self-assessment tool shall be organized according to
53 the elements of the framework and shall be used by schools to: (i) assess their capacity to create
54 and sustain safe and supportive school environments for all students; (ii) identify areas where

55 additional school-based action, efforts, guidance and support are needed in order to create and
56 maintain safe and supportive school environments; and (iii) create action plans to address the
57 areas of need identified by the assessment.

58 The board shall develop procedures for updating, improving or refining the safe and
59 supportive schools framework and the safe and supportive schools self-assessment tool, in
60 consultation with the safe and supportive schools commission established under subsection (f).

61 (c) Each school shall develop and update an action plan to create and maintain a safe and
62 supportive school environment for all students. The action plan shall be developed by the school
63 principal, in consultation with the school council established under section 59C of chapter 71,
64 and shall be incorporated into the annual school improvement plan required under section 1I;
65 provided, however, that the district superintendent may approve an alternative process and
66 schedule for developing school action plans. Nothing in this section shall be construed as
67 limiting the ability of the school principal to appoint a team for the purpose of developing the
68 school's action plan; provided, however, that such team shall include a broad representation of
69 the school and local community and the principal shall make every effort to include teachers and
70 other school personnel, parents, students and representatives from community-based agencies
71 and providers.

72 School action plans shall be designed to address the areas of need identified through the
73 use of the self-assessment tool described in subsection (b), and shall include the following: (i)
74 action steps and strategies for addressing the areas of need identified by the assessment; (ii) a
75 timeline for implementing the action steps and strategies; (iii) outcome goals and indicators for
76 evaluating the effectiveness of the initiatives and strategies set forth in the plan, which may
77 include attendance and graduation rates, bullying incidences, number of student suspensions,
78 expulsions and office referrals, truancy and tardiness rates, time spent on learning and other
79 measures of school success; and (iv) a process and schedule for reviewing the plan annually and
80 updating it at least once every 3 years.

81 (d) Each school district shall include in its 3 year district improvement plan required
82 under section 1I a description of the steps the district will take to support the district-wide
83 implementation of the safe and supportive schools framework and to facilitate regional
84 coordination with behavioral health providers and other community organizations.

85 Each district shall publish on its website all school action plans created under subsection
86 (c) for each school in the district.

87 (e) The department shall facilitate and oversee the statewide implementation of the safe
88 and supportive schools framework. The department shall: (i) provide technical assistance to

90 coordinating with community service providers and developing strategies to facilitate the
91 district-wide implementation of the framework; (ii) develop and disseminate model protocols

92 and practices identified in the framework; (iii) establish a “Safe and Supportive Schools” grant
93 program, subject to appropriation, wherein grantees shall pilot and share with other schools an

96 the implementation of the framework; (v) host regional trainings for schools and districts, subject
97 to appropriation; and (vi) provide administrative support to the safe and supportive schools
98 commission established under subsection (f), subject to appropriation. Nothing in this section
99 shall be construed as limiting the ability of the department to contract with individuals, external
100 partners or other entities to support the functions established under this section; provided,
101 however, that the department shall consider opportunities for education collaboratives or other
102 regional service organizations to coordinate and disseminate training, technical assistance and
