An Act relative to pole health.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           Section 34B of chapter 164 of the General Laws, as appearing in the 2018 Official  
2 Edition, is hereby amended by adding the following paragraph:-

3           Distribution companies and telephone companies shall evaluate pole health quarterly, in  
4 the periods of January 1 to 14, inclusive, April 1 to 14, inclusive, July 1 to 14, inclusive, and  
5 October 1 to 14, inclusive, to properly plan for repairs so that only unpredictable repairs are  
6 performed in the summer and winter months. Distribution or telephone companies shall share the  
7 data and results of the evaluations with the municipalities not later than one week after they are  
8 conducted. The data shall include the number of active poles in the city and the anticipated repair  
9 schedule for the next quarter, including the number of poles that will require repair. If a pole  
10 requires repair on a day on which the temperature is predicted to be less than 50 degrees  
11 Fahrenheit or more than 80 degrees Fahrenheit, the distribution company or telephone company  
12 shall provide any municipality that has service affected by the repairs not less than 72-hour

- 13 notice, if possible, and shall pay the cost of opening and operating any necessary emergency
- 14 shelter for such a municipality.
