(2019-2020)**

An Act to increase consumer transparency about insurance provider networks.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 176O of the General Laws is hereby amended by adding the
2 following section:-

3 Section 28. (a) A carrier shall ensure the accuracy of the information concerning each
4 provider listed in the carrier’s provider directories for each network plan and shall review and
5 update the entire provider directory for each network plan. A provider directory that is
6 electronically available shall: (i) be in a searchable format; and (ii) make accessible to the
7 general public the current health care providers for a network plan through a clearly identifiable
8 link or tab without requiring the general public to create or access an account, enter a policy or
9 contract number, provide other identifying information or demonstrate coverage or an interest in
10 obtaining coverage with the network plan. Each electronic network plan provider directory shall
11 be updated not less than monthly; provided, however that an online network plan provider
12 directory shall be updated more frequently than monthly if required by state or federal law or
13 regulations promulgated by the commissioner, when informed of and upon confirmation by the
14 plan of:

15 (i) a contracting provider no longer accepting new patients for that network plan or an
16 individual provider within a provider group no longer accepting new patients;

17 (ii) a provider or provider group no longer being under contract for a particular network
18 plan;

19 (iii) a change of a provider's practice location or of other information required under this
20 section;

21 (iv) a provider's retirement or otherwise cessation of practice; or

22 (v) any other information that affects the content or accuracy of the provider directory or
23 directories.

24 (b) A provider directory shall not list or include information on a provider who is not
25 currently under contract with the network plan.

26 (c) A carrier shall periodically audit its provider directories for accuracy and retain
27 documentation of the audit to be made available to the commissioner upon request.

28 (d) A carrier shall provide a print copy of the directory information of a current provider
29 directory upon the request of an insured or a prospective insured. The print copy of the requested
30 directory information shall be provided to the requester by mail postmarked not later than 5
31 business days after the date of the request and may be limited to the geographic region in which
32 the requester resides or works or intends to reside or work.

33 (e) A carrier shall include in both the electronic and print formats of the directory a
34 dedicated customer service email address and telephone number or electronic link that insureds,
35 providers and the general public may use to notify the carrier of inaccurate provider directory

36 information. This customer service information shall be disclosed prominently in the directory
37 and on the carrier's website. The carrier shall investigate reports of inaccuracies within 30 days
38 of the notice and modify the directory in accordance with any findings within 30 days of the
39 findings.

40 (f) A provider directory shall inform enrollees and potential enrollees that they are
41 entitled to: (i) language interpreter services, at no cost to the enrollee; and (ii) full and equal
42 access to covered services that are required under the federal Americans with Disabilities Act of
43 1990 and federal Section 504 of the Rehabilitation Act of 1973. A provider directory, whether in
44 electronic or print format, shall accommodate the communication needs of individuals with
45 disabilities and include a link to or information regarding available assistance for persons with
46 limited English proficiency, including how to obtain interpretation and translation services.

47 (g) A carrier shall include a disclosure in the print format of the directory that the
48 information included in the directory is accurate as of the date of printing and that an insured or
49 prospective insured may consult the carrier's electronic provider directory on its website or call a
50 specified customer service telephone number to obtain the most current provider directory
51 information.

52 (h) A carrier shall update the print copies of the carrier's directory not less than annually;
53 provided, however, that the carrier shall update the print directories more frequently than
54 annually if required by federal law; and provided further, that the division may promulgate
55 regulations requiring that the print directories be updated more frequently than annually.

56 (i) The division shall promulgate regulations to implement this section.

57 SECTION 2. (a) The division of insurance shall establish a task force to develop
