- (b) Examination for the utilization and prescription of therapeutic pharmaceutical agents placed under schedules III, IV, V and VI by the commissioner pursuant to section 2 of chapter 94C and described under section 66C shall, upon application, be open to an optometrist registered under section 68, section 68A or section 68B and to any person who meets the qualifications for examination under said sections 68, 68A and 68B. An applicant registered as an optometrist under said section 68, section 68A or section 68B shall: (i) be registered pursuant to paragraph (h) of section 7 of chapter 94C to use or prescribe pharmaceutical agents for the purpose of diagnosing or treating glaucoma and other ocular abnormalities of the human eye and adjacent tissue;; and (ii) furnish to the board evidence of the satisfactory completion of 40 hours of didactic education and 20 hours of supervised clinical education relating to the utilization and prescription of therapeutic pharmaceutical agents authorized under said section 66C. The education shall: (i) be administered by the Massachusetts Society of Optometrists, Inc.; (ii) be accredited by a college of optometry or medicine; and (iii) meet the guidelines and requirements of the board. The board shall provide to the department of public health and each successful applicant a certificate of qualification in the utilization and prescription of all therapeutic pharmaceutical agents as authorized under said section 66C.
- (c) An optometrist licensed in another jurisdiction shall be deemed an applicant under this section by the board and may submit evidence to the board of practice equivalent to that required in section 68, section 68A or section 68B and the board may accept the evidence in order to satisfy any of the requirements in this section. An optometrist licensed in another jurisdiction to utilize and prescribe therapeutic pharmaceutical agents for treating glaucoma and ocular abnormalities of

the human eye and adjacent tissue may submit evidence to the board of equivalent didactic and supervised clinical education in order to satisfy all of the requirements in this section.

- (d) A licensed optometrist who has completed a post-graduate residency program approved by the Accreditation Council on Optometric Education after July 31, 1997 may submit an affidavit to the board from the licensed optometrist's residency supervisor or the director of residencies at the affiliated college of optometry attesting that an equivalent level of instruction and supervision was completed in order to satisfy the requirements of this section.
- (e) As a condition of license renewal, an optometrist licensed under this section shall submit to the board evidence attesting to the completion of 3 hours of continuing education specific to glaucoma.

SECTION 9. Not more than 90 days after the effective date of this act, the department of public health and the board of registration in optometry shall promulgate the rules and regulations required by sections 7 and 9 of chapter 94C of the General Laws and sections 66C and 68C of chapter 112 of the General Laws.
