# **SENATE . . . . . . . . . . . . . . . . No. 2602**

Senate, July 12, 2018 – Text of the Senate amendment to the House Bill promoting climate change adaptation, environmental and natural resource protection, and investment in recreational assets and opportunity (House, No. 4613) (being the text of Senate, No. 2591, printed as amended).

## The Commonwealth of Massachusetts

In the One Hundred and Ninetieth General Court (2017-2018)

| 1  | SECTION 1. To provide for a program of climate change adaptation and the                             |  |
|----|--|--|
| 2  | preservation and improvement of the environmental and energy assets of the commonwealth, the         |  |
| 3  | sums set forth in this act, for the several purposes and subject to the conditions specified in this |  |
| 4  | act, are hereby made available, subject to the laws regulating the disbursement of public funds,     |  |
| 5  | which sums shall be in addition to any other amounts previously made available for these             |  |
| 6  | purposes; provided, that the amounts specified for a particular project may be adjusted to           |  |
| 7  | facilitate projects authorized in this act.  |  |
| 8  | SECTION 2.   |  |
| 9  | EXECUTIVE OFFICE FOR ADMINISTRATION AND FINANCE  |  |
| 10 | Office of the Secretary  |  |
| 11 | For a program to provide grants and low-interest loans to owners or                                  |  |
| 12 | operators of a dispensing facility, as defined in section 1 of chapter 21J of the General Laws, that |  |
| 13 | retails gasoline and other petroleum products, for the purpose of replacing and modernizing          |  |
| 14 | existing single-walled underground petroleum storage tank equipment and related leak detection       |  |

equipment, and to reduce the risk of pollution from potential leakage; provided, that program grants and loans shall be made available for costs including, but not limited to, engineering, tank removal, construction and infrastructure replacement to install double-walled underground petroleum storage tank equipment and related leak detection equipment; provided further, that the installation of underground storage tank and leak inspection equipment funded under the program shall comply with applicable laws and regulations of the commonwealth and the federal government; provided further, that program grants and loans shall be made available only to small-business owners or operators of eligible dispensing facilities not located on land owned by the commonwealth; provided further, that priority for grants and loans under the program shall be given to eligible dispensing facilities that are located in a rural area; provided further, that the secretary of administration and finance shall make available the funds under this item to the Massachusetts Development Finance Agency to administer the grant and loan program; and provided further, that the Massachusetts Development Finance Agency, in consultation with the department of environmental protection, shall, not later than January 31, 2019, adopt standards to implement the program, including general guidelines and requirements for owners and operators to apply for grants and loans and the criteria used to evaluate applications for grants and loans under the program. \$2,000,000

#### EXECUTIVE OFFICE OF ENERGY AND ENVIRONMENTAL AFFAIRS

#### Office of the Secretary

2000-7071 For improvements and replacements to the infrastructure and holdings of the executive office of energy and environmental affairs and its departments and divisions; provided, that these improvements and replacements may include, but shall not be limited to,

2000-7072 For grant programs for land, soil, water and natural resource conservation; open space preservation; watershed remediation; coastal resource protection, including securing access to protected coastal lands and lands to provide for the inland migration of coastal habitats; recreation; environmental equity and wildlife and endangered species protection including, but not limited to, the local acquisition for natural diversity grant program, the parkland acquisition and renovation for communities grant program, conservation partnership grant programs, including programs to support landscape-scale land conservation projects, the drinking water supply protection grant program, grant programs to assist and provide funding to conservation districts, grants to support projects and initiatives that promote carbon sequestration and climate change resiliency through sustainable forestry and salt marsh restoration, including associated educational initiatives, and grants to support local, regional and state land use planning and management capabilities to advance smart growth efforts, all pursuant to rules or regulations

adopted by the secretary of energy and environmental affairs to effectuate this item; provided, that the secretary of energy and environmental affairs may provide guidance for planning, prioritization, selection and implementation of projects in furtherance of the goals of climate change mitigation and adaptation and consistent with the integrated state hazard mitigation and climate change adaptation plan; provided further, that all projects shall provide appropriate public access as determined by the secretary; provided further, that not less than \$6,000,000 shall be expended for the dredging and conservation of Salisbury Pond at Institute Park in the city of Worcester; provider further, that not less than \$1,500,000 be expended for the design and construction of a public safety boat house on Lake Quinsigamond in the city of Worcester; provided further, that not less than \$500,000 shall be expended for improvements to Ipswich River park in the town of North Reading; provided further, that not less than \$200,000 shall be expended for improvements around Cook pond in the city of Fall River; provided further, that not less than \$300,000 shall be expended to Bay Coast Rowing Center, Inc. for the refurbishment and upgrade of an existing boat house building to house a community boating program in the city of Fall River; provided further, that \$1,000,000 shall be expended for the reconstruction of the Sandwich boardwalk providing access to Town Neck beach in the town of Sandwich; provided further, that not less than \$1,500,000 shall be expended to the Community Boating Center, Inc. for the creation of a community boating center in the south end section of the city of New Bedford to provide financially-disadvantaged children with sailing, youth development and extracurricular opportunities; provided further, that not less than \$1,500,000 shall be expended to the Buzzards Bay Coalition, Inc. for the acquisition and conservation of Crow Island in the town of Fairhaven to provide open, public access to coastal space in New Bedford and Fairhaven Harbor through sailing, rowing, kayaking and other water-dependent activities; provided further,

#### Department of Environmental Protection

2200-7022 For investment in water and air quality protection including, but not limited to, investments necessary to meet the legislative and regulatory requirements of the Rivers Protection Act, the federal and state Clean Water Acts and the Massachusetts Wetlands Protection Act and to provide for integrated energy and environmental projects to optimize and preserve environmental quality and public health and provide for appropriate protection, restoration, management and best use of air, energy, water and land resources, assets and infrastructure, including upgrades to laboratory equipment, and to provide for research, studies and the collection of data to support investment in environmental assets, including sampling and analysis of water and air quality, monitoring cumulative environmental impacts in environmental justice communities, the development of geographic information system maps for wetlands conservancy and tidelands, stormwater infrastructure and public water supplies, the development of water quality analyses known as total maximum daily loads, the assessment of water quality health and impaired use of waterways and projects related to nonpoint and point sources of water pollution and the wetlands circuit rider program, and to provide for local grants and research for implementation of the commonwealth's sustainable water management initiative, including

grants and research to provide the data necessary for municipalities to invest in efficient and effective mitigation practices to restore and preserve the commonwealth's water resources, assets and infrastructure, and to provide for sustainable water management initiative related research and implementation projects conducted by the department of fish and game and its divisions, and to provide for the department's statewide air monitoring network, upgrades of air monitoring equipment to comply with federal requirements, implementation of a water quality monitoring network and eelgrass mapping to track water quality improvements, and to provide for investments in water quality restoration of degraded estuarine habitat for projects deemed consistent with a current area-wide water resources management plan adopted under section 208 of the federal Clean Water Act, 33 U.S.C. section 1288, and to fund pilot projects that test innovative and green wastewater management technologies and approaches, and for sustainable technologies at wastewater treatment facilities, for long-term monitoring and stewardship of restoration projects developed under the oversight of natural resources damages trustees, and to provide grants and technical assistance to public water suppliers for energy efficiency improvements for drinking water systems, and to provide for municipal grants for water and air quality protection, including to support training and workforce development for drinking water and wastewater treatment facilities, and to support the preparation and implementation of geographic response plans for the commonwealth's inland waterways, and to provide grants to municipalities to support compliance with the federal municipal separate storm sewer system permit; provided, that the secretary of energy and environmental affairs may provide guidance for planning, prioritization, selection and implementation of projects in furtherance of the goals of climate change mitigation and adaptation and consistent with the integrated state hazard mitigation and climate change adaptation plan; provided further, that not less than \$1,000,000

SECTION 3. Chapter 10 of the General Laws is hereby amended by inserting after section 35FFF the following 5 sections:-

Section 35GGG. (a) There shall be a Global Warming Solutions Trust Fund into which shall be deposited: (i) any revenues or other financing sources directed to the fund by appropriation; (ii) bond revenues or other monies authorized by the general court and specifically designated to be credited to the fund; (iii) any income derived from the investment of amounts credited to the fund or repayment of loans from the fund; (iv) funds from public or private

sources including, but not limited to, gifts, federal or private grants, donations, rebates and settlements received by the commonwealth that are specifically designated to be credited to the fund; and (v) all other amounts credited or transferred into the fund from any other source. The fund shall be administered by the secretary of energy and environmental affairs.

(b) Amounts credited to the fund may be used, without further appropriation, to provide grants or loans to governmental, quasi-governmental or nonprofit entities for costs incurred in relation to implementation of chapter 298 of the acts of 2008, the Clean Energy and Climate Plan published by the executive office of energy and environmental affairs and other state and local strategies for climate change mitigation and adaptation. Such expenditures may include, but shall not be limited to: (i) payment of costs associated with planning, monitoring and managing carbon reduction measures; (ii) development and deployment of mitigation strategies and best practices to reduce carbon emissions; (iii) planning, monitoring and managing strategies to adapt to and prepare for the impacts of climate change; (iv) priority adaptation projects with potential co-benefits for climate change mitigation, environmental protection, public health or other factors, as determined by the secretary of energy and environmental affairs; (v) costs incurred by the bureau of environmental health in the department of public health associated with monitoring, studying and reporting on environmental pollutants in the air, water or soil to prevent or minimize environmental harms to public health; and (vi) pilot projects for new technologies or strategies to support carbon emission reductions. The amounts expended from the fund during any fiscal year for the costs of employees shall not exceed 5 per cent of total funds expended from the fund in that fiscal year. Monies deposited into the fund that are unexpended at the end of the fiscal year shall not revert to the General Fund and shall be available for expenditure in the subsequent fiscal year.

(c) Annually, not later than December 1, the secretary shall report on the activities of the fund to the clerks of the senate and house of representatives and to the senate and house committees on ways and means. The report shall include an accounting of expenditures made from the fund with a description of the authorized purpose of each expenditure, an accounting of amounts credited to the fund and any unexpended balance remaining in the fund.

Section 35HHH. (a) There shall be a Transfer of Development Rights Revolving Fund into which shall be deposited: (i) any revenues or other financing sources directed to the fund by appropriation; (ii) bond revenues or other monies authorized by the general court and specifically designated to be credited to the fund; (iii) any income derived from the investment of amounts credited to the fund or repayment of loans from the fund; (iv) funds from public or private sources including, but not limited to, gifts, federal or private grants, donations, rebates and settlements received by the commonwealth that are specifically designated to be credited to the fund; and (v) all other amounts credited or transferred into the fund from any other source. The fund shall be administered by the secretary of energy and environmental affairs.

- (b) Amounts credited to the fund may be used, without further appropriation, to provide loans to municipalities for the acquisition of transferable development rights as provided in section 27 of chapter 21A. Monies deposited into the fund that are unexpended at the end of the fiscal year shall not revert to the General Fund and shall be available for expenditure in the subsequent fiscal year.
- (c) Annually, not later than December 1, the secretary shall report on the activities of the fund to the clerks of the senate and house of representatives and to the senate and house committees on ways and means. The report shall include an accounting of expenditures made

from the fund with a description of the authorized purpose of each expenditure, an accounting of the amounts credited to the fund and any unexpended balance remaining in the fund.

Section 35III. There shall be a Castle Island and Marine Park Trust Fund to be used for the long-term preservation, maintenance, nourishment and public safety of Castle Island and Marine park in the South Boston section of the city of Boston into which shall be deposited: (i) any revenues or other financing sources directed to the fund by appropriation; (ii) bond revenues or other money authorized by the general court and specifically designated to be credited to the fund; (iii) any income derived from the investment of amounts credited to the fund or repayment of loans from the fund; (iv) funds from public or private sources including, but not limited to, gifts, federal or private grants, donations, rebates and settlements received by the commonwealth that are specifically designated to be credited to the fund; and (v) all other amounts credited or transferred to the fund from any other source. The fund shall be administered by the secretary of energy and environmental affairs.

Any balance in the fund at the end of a fiscal year shall not revert to the General Fund, but shall remain available for expenditure in subsequent fiscal years. Annually, not later than December 1, the secretary shall report on the activities of the fund to the clerks of the senate and house of representatives and to the senate and house committees on ways and means. The report shall include an accounting of expenditures made from the fund and shall include a description of the authorized purpose of each expenditure, an accounting of the amounts credited to the fund and any unexpended balance remaining in the fund.

Section 35JJJ. (a) There shall be a Fishing Innovation Fund. The fund shall finance grants for permit banks, the design, construction and modification of commercial fishing vessels

including, but not limited to, research, development and construction of innovative fishing vessels with attributes including, but not limited to, increased fuel efficiency, reduced carbon emissions, improved stability and the capability of supporting sustainable fishing practices through harvesting and on-board storage and processing methods, research, development, acquisition and deployment of advanced or innovative technologies including, but not limited to, sonar, radar, radio communications, satellite and global position and other locating and tracking devices and the research and development, acquisition and deployment of safety equipment and technologies; provided, that any such grants may be conditioned on a vessel or guarantor or other reasonable condition remaining active in commercial fishing in the commonwealth, landing or processing fish in the commonwealth or maintaining permits or licenses to do so without regard or preference to any particular geographic location or region of the commonwealth; provided further, that grants shall be distributed in a manner developed by the advisory committee established under clause (c).

(b) The fund shall consist of: (i) any revenues or other financing sources directed to the fund by appropriation; (ii) bond revenues or other monies authorized by the general court and specifically designated to be credited to the fund; (iii) any income derived from the investment of amounts credited to the fund or repayment of loans from the fund; (iv) funds from public or private sources including, but not limited to, gifts, federal or private grants, donations, rebates and settlements received by the commonwealth that are specifically designated to be credited to the fund; and (v) all other amounts credited or transferred into the fund from any other source. The department of fish and game shall seek to maximize fund revenues through federal monies, matching funds and grants. The fund shall be administered by the commissioner of the department of fish and game in consultation with the advisory committee established under

clause (c), subject to approval by the secretary of administration and finance. Any unexpended balances in the fund at the end of the fiscal year shall not revert to the General Fund and shall be available for expenditures in the subsequent fiscal year.

(c) There shall be an advisory committee that shall consist of: the director of marine fisheries, who shall serve as chair; and 12 members to be appointed by the governor, 2 of whom shall have academic or research experience in fishing and the marine economy and 10 of whom shall be from geographically diverse regions of the commonwealth. There shall be at least 1 representative for each of the following gear types: (i) mobile gear, such as trawls; (ii) hooks; (iii) gillnets; and (iv) traps.

The advisory committee shall file a report detailing the amount, types and nature of grants made and the impacts of the grants with the clerks of the senate and house of representatives annually, not later than September 30.

The advisory committee shall annually hold at least 1 public hearing to receive public testimony to inform its efforts in developing and deploying grant programs.

(d) Annually, not later than December 1, the commissioner of the department of fish and game shall report on the activities of the fund to the clerks of the senate and house of representatives and to the senate and house committees on ways and means. The report shall include an accounting of expenditures made from the fund with a description of the authorized purpose of each expenditure, an accounting of amounts credited to the fund and any unexpended balance remaining in the fund.

Section 35KKK. (a) There shall be an Agricultural Innovation Fund. The fund shall finance grants for the commonwealth's agricultural and cranberry producers through the agricultural innovation center for programs that may add value to the producers' products and services. The center shall develop an outreach program to identify and foster new, innovative ideas and approaches to adding value to the commonwealth's agricultural and cranberry economy. The center may solicit requests from the commonwealth's agricultural and cranberry industry for funding and technical assistance in: (i) reclamation and revitalization of cranberry bogs; (ii) training, marketing, distribution, applied research, agritourism, aquaculture, forestry, processing, fiber and agricultural resource management research, development, poultry and red meat processing and construction of energy efficient agricultural buildings and structures; and (iii) research, development and construction of energy efficient agricultural equipment. Grants shall be administered in a manner developed by the advisory committee established under clause (c).

(b) The fund shall consist of: (i) any revenues or other financing sources directed to the fund by appropriation; (ii) bond revenues or other monies authorized by the general court and specifically designated to be credited to the fund; (iii) any income derived from the investment of amounts credited to the fund or repayment of loans from the fund; (iv) funds from public or private sources including, but not limited to, gifts, federal or private grants, donations, rebates and settlements received by the commonwealth that are specifically designated to be credited to the fund; and (v) all other amounts credited or transferred into the fund from any other source. The department of fish and game shall seek to maximize fund revenues through federal monies, matching funds and grants. The fund shall be administered by the commissioner of agricultural resources in consultation with the advisory committee established under clause (c), subject to

approval by the secretary of administration and finance. Any unexpended balances in the fund at the end of the fiscal year shall not revert to the General Fund and shall be available for expenditures in the subsequent fiscal year.

(c) There shall be an advisory committee that shall consist of the commissioner of agricultural resources, who shall serve as chair and 12 persons to be appointed by the governor, 2 of whom shall have academic or research experience in the agriculture and cranberry economy and 10 of whom shall be from geographically diverse regions of the commonwealth, with at least 1 from the following sectors: (i) horticulture; (ii) cranberry growing; (iii) dairy farming; (iv) raising livestock; and (v) raising crops. The Agricultural Innovation Center shall consult with the advisory committee in matters related to the fund and in the implementation of this section.

The advisory committee shall file a report detailing the amount, types, and nature of grants made and the impacts of the grants with the clerks of the senate and house of representatives annually, not later than September 30.

The advisory committee shall annually hold at least 1 public hearing to receive public testimony to inform its efforts in developing and deploying grant programs.

(d) Annually, not later than December 1, the commissioner of agricultural resources shall report on the activities of the fund to the clerks of the senate and house of representatives and to the senate and house committees on ways and means. The report shall include an accounting of expenditures made from the fund with a description of the authorized purpose of each expenditure, an accounting of amounts credited to the fund and any unexpended balance remaining in the fund.

| 1214 | SECTION 4. Section 10H of chapter 21A of the General Laws, as appearing in the 2016              |
|------|--|
| 1215 | Official Edition, is hereby amended by striking out the sixth, seventh and eighth paragraphs and |
| 1216 | inserting in place thereof the following 4 paragraphs:-  |

A person notified to appear before the clerk of a district court as provided in said section 10G for a violation of section 17A, 18, 19, 30, 31, 33, 34, 35, 36, 51, 51A, 66, 69, 70, 71, 72, 100C or 102 of chapter 130 may so appear within the time specified and pay a fine of \$100.

A person notified to appear before the clerk of a district court as provided in said section 10G for a violation of section 13, 17, 21, 29, 37, 38, 38A, 39, 40, 41, 41A, 44, 44A, 44B, 47, 49, 80, 81, 82, 92, 100A, 100B or 106 of said chapter 130 may so appear within the time specified and pay a fine of \$200.

A person notified to appear before the clerk of a district court as provided in said section 10G for a violation of section 23, 25, 67, 68, 75, 95 or 100D of said chapter 130 may so appear within the time specified and pay a fine of \$400.

A person notified to appear before the clerk of a district court as provided in said section 10G for a violation of section 17, 17A, 34, 35, 37, 40, 41, 41A, 44, 44A, 44B, 95, 100A, 100B or 100C of chapter 130 may so appear within the time specified and pay, in addition to the applicable fine specified in this section, a supplemental fine of \$10 per fish; provided, however, that for the purposes of this paragraph, the term "fish" shall have the meaning provided in section 1 of chapter 130, but shall not include bi-valve shellfish.

SECTION 5. Said chapter 21A is hereby further amended by adding the following section:-

Section 27. (a)(1) There shall be within the executive office of energy and environmental affairs a program to facilitate, through municipal ordinances or by-laws, the transfer of development rights to protect conservation values and encourage development through market incentives. For the purposes of this section, "secretary" shall mean the secretary of energy and environmental affairs and "transfer of development rights" shall have the same meaning as provided in section 1A of chapter 40A.

- (2) The secretary, in consultation with the secretary of housing and economic development and other agencies or offices as appropriate, shall manage and oversee the program, including the administration of the Transfer of Development Rights Revolving Fund established in section 35HHH of chapter 10. The secretary may promulgate regulations to carry out the provisions of this section.
- (b) To be eligible for a loan from the Transfer fund, a municipality shall:(i) establish a municipal transfer of development rights revolving fund under section 53E½ of chapter 44 for the purchase and sale of the transfer of development rights; and (ii) enact a transfer of development rights zoning bylaw or ordinance approved by the secretary, in consultation with the secretary of housing and economic development, that, at a minimum: (A) enables the acquisition, retention and disposition of the transfer of development rights; (B) provides reasonable assurance that areas designated for preservation through the transfer of development rights have ample natural resource, agricultural, recreational, historic or other conservation value such that their protection will be of sufficient public benefit to meet the standards for approval of a conservation, agricultural preservation, watershed protection, preservation or other use restriction as provided in this section; (C) requires that the land from which development rights will be extinguished shall be subject to a permanent conservation, watershed preservation.

agricultural preservation or preservation restriction pursuant to sections 31 to 33, inclusive, of chapter 184; (D) requires that the restriction described in clause (C) shall be recorded with the registry of deeds or registered in the registry district of the land court for the county or district wherein the land lies; provided, however, that if the land is submitted for approval by the appropriate state official but does not qualify or is not approved for such a restriction the land shall be subject to a restrictive covenant extended in perpetuity pursuant to sections 26 to 30, inclusive, of said chapter 184, and such a covenant shall be: (1) approved by the planning board and the city council or board of selectmen, as appropriate; (2) held by the municipality or a nonprofit organization permitted to hold restrictions pursuant to section 32 of said chapter 184; and (3) duly recorded or registered, as applicable; (E) provides reasonable assurance that an area designated for receipt of transferred development rights is properly sized based on the potential increase in growth that may result from transfers to the area, and that the area is appropriate for additional growth based on its location, the availability of infrastructure or planned infrastructure development and access to municipal services; and (F) establishes a procedure for the planning board to issue development rights certificates, in a form specified by the secretary, indicating ownership of transferable development rights, and to provide for and document the creation, acquisition, disposition, exercise and redemption of transferable development rights, including: (1) procedures for the filing of development rights certificates with the municipal clerk and recording with the registry of deeds or registration in the registry district, as applicable, for both the land from which development rights are extinguished and the land to which such rights are transferred; (2) procedures for documenting the recording or registration of the original restriction or restrictive covenant as required in clause (C); and (3) procedures, including any limitations, for the exercise of transferable development rights in the event of subsequent

amendments to zoning ordinances and bylaws affecting the development authorized by the transferable development right.

- (c) To apply for a loan from the fund, an eligible municipality shall submit an application that certifies, at a minimum, that the municipality shall: (i) follow the provisions of chapter 30B when acquiring or disposing of transferable development rights; (ii) commit, through approval of the local legislative body, to repay any loan from the fund under the terms then specified; (iii) keep permanent records of all restrictions recorded and transferable development rights created, acquired, held, sold, disposed or exercised, and report on these activities to the secretary in a manner directed by the secretary; and (iv) keep permanent records of all financial transactions involving the municipal transfer of development rights revolving fund and report on these transactions and fund balances to the secretary in a manner directed by the secretary.
- (d) Loans from the fund shall carry 0 per cent interest for the first 5 years from the date of origination, and the prime rate plus 1 per cent from the sixth to the tenth year from the date of origination. A municipality that has not repaid its loan within 10 years of the origination date shall be considered in default. In addition to other remedies specified under any loan agreement, if a municipality shall fail to pay to the fund any principal, interest or other charges payable under a loan or loan agreement, when due and after demand, the secretary may certify to the state treasurer the amount owed by the municipality to the fund and may request that the state treasurer reduce annual local aid to the recipient by the amount necessary to repay the principal, interest or other charges owed over a 10 year period. The state treasurer shall promptly pay over to the secretary for deposit in the fund, without further appropriation, local aid distributions in the amounts requested by the secretary and otherwise certified to the state treasurer as payable to the municipality.

| 1304 | SECTION 6. Section 7 of chapter 21H of the General Laws, as appearing in the 2016                  |
|------|--|
| 1305 | Official Edition, is hereby amended by striking out, in line 18, the words "food and agriculture"  |
| 1306 | and inserting in place thereof the following words:- environmental protection.                     |
| 1307 | SECTION 7. Subsection (b) of said section 7 of said chapter 21H, as so appearing, is               |
| 1308 | hereby amended by adding the following sentence:- The department of environmental protection       |
| 1309 | shall not delegate regulatory authority to any other executive agency or allow for exception from  |
| 1310 | such regulations for any type of composting operation.   |
| 1311 | SECTION 8. Section 1 of chapter 21N of the General Laws, as so appearing, is hereby                |
| 1312 | amended by striking out the definition of "Allowance" and inserting in place thereof the           |
| 1313 | following 2 definitions:-  |
| 1314 | "Adaptation", adjustments in natural or human systems in response to actual or expected            |
| 1315 | climatic stimuli and associated impacts, including but not limited to changes in processes,        |
| 1316 | practices and protocols to increase resiliency of built and natural structures, moderate potential |
| 1317 | damages or benefit from opportunities associated with climate change.                              |
| 1318 | "Allowance", an authorization to emit, during a specified year, up to 1 ton of carbon              |
| 1319 | dioxide equivalent.  |
| 1320 | SECTION 9. Said section 1 of said chapter 21N, as so appearing, is hereby further                  |
| 1321 | amended by inserting after the definition of "Greenhouse gas emissions source" the following       |
| 1322 | definition:-   |
| 1323 | "Hazard mitigation", any action that reduces or eliminates long-term risks caused by               |

1324

natural or man-made disasters.

| 1325 | SECTION 10. Said section 1 of chapter 21N, as so appearing, is hereby further amended  |
|------|--|
| 1326 | by inserting after the definition of "Market-based compliance mechanism" the following |
| 1327 | definition:-   |

"Nature-based solutions", strategies that conserve, create, restore and employ natural resources to enhance climate adaptation, resilience and mitigation to mimic natural processes or work in tandem with manmade engineering approaches to address natural hazards like flooding, erosion, drought and heat islands and to maintain healthy natural cycles to sequester and maintain carbon and other greenhouse gases.

SECTION 11. Said section 1 of said chapter 21N, as so appearing, is hereby further amended by inserting after the definition of "Secretary" the following definition:-

"State plan", the integrated state climate adaptation and hazard mitigation plan which shall include the state hazard mitigation plan, required by the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, 42 U.S.C. section 5121, et seq., and any subsequent revisions of the plan developed pursuant to this chapter.

SECTION 12. Said section 1 of said chapter 21N, as so appearing, is hereby further amended by adding the following definition:-

"Vulnerability assessment", an evaluation of degree of susceptibility to, or ability to cope with, adverse effects of climate change, such as climate variability and extremes, including an evaluation of adaptive capacity and subsequent adaptation strategies and options for the asset, system, institution or other subject being assessed.

SECTION 13. Said chapter 21N is hereby amended by adding the following 2 sections:-

Section 10. (a) The secretary and the secretary of public safety and security shall coordinate efforts across the commonwealth to strengthen the resiliency of communities, prepare for the impacts of climate change and prepare for and mitigate damage from extreme weather events. The secretaries shall, every 5 years, publish a state plan that includes a statewide adaptation strategy incorporating: (i) observed and projected climate trends based on the best available data, including but not limited to, extreme weather events, drought, coastal and inland flooding, sea level rise and increased storm surge, wildfire and extreme temperatures; (ii) risk analysis and vulnerability assessment of: (A) key physical assets and functions of state government, municipalities and local economies; (B) natural resources; and (C) the built environment; provided, however, that the analysis and assessment shall include key findings from vulnerability assessments conducted pursuant to subsection (b); (iii) an evaluation of the commonwealth's capacity to respond and adapt to climate change impacts and opportunities; (iv) guidance and strategies for state agencies and authorities, municipalities and regional planning agencies to proactively address these impacts through adaptation and resiliency measures, including changes to plans, by-laws, regulations and policies; (v) clear goals, expected outcomes and a path to achieving results; (vi) approaches for the commonwealth to increase the resiliency of state government operations; (vii) policies and strategies for ensuring that adaptation and resiliency efforts complement and do not conflict with efforts to reduce greenhouse gas emissions and contribute to meeting statewide emission limits, established pursuant to this chapter; and (viii) strategies that conserve and sustainably employ the natural resources of the commonwealth.

(b) The secretary and the secretary of public safety and security shall: (i) establish and maintain a framework for each executive office established under section 2 of chapter 6A to

complete a vulnerability assessment for such office and each agency under the jurisdiction of such office to be incorporated into the state plan; (ii) establish and maintain a framework for each municipality in the commonwealth that chooses to complete a vulnerability assessment to incorporate the assessment, if the municipality so chooses, into the state plan; (iii) implement the state plan; and (iv) incorporate information learned from implementing the state plan in plan updates, including the experiences of executive offices, agencies, and municipalities in assessing and responding to climate change vulnerability.

- (c) The secretary of each executive office established in section 2 of chapter 6A shall designate an employee to serve as the climate change coordinator of such office. Each climate change coordinator shall, under the leadership of the executive office of energy and environmental affairs and the executive office of public safety: (i) serve as such office's principal liaison regarding climate change mitigation, adaptation and resiliency efforts; (ii) assist in the development and implementation of the state plan; (iii) work with agencies under the jurisdiction of such office to complete vulnerability assessments for each agency and assist in incorporating these assessments into the state plan, on a schedule determined by the executive office of energy and environmental affairs and the executive office of public safety and security; and (iv) implement priority strategies and recommendations from the vulnerability assessment to moderate risk from climate change.
- (d) There shall be an advisory group to assist the secretaries in developing, maintaining and implementing the integrated climate adaptation and hazard mitigation plan, in accordance and integrated with the requirements and intent of 44 CFR 201.4(b) and this section. The planning process shall include coordination with other state agencies, appropriate federal agencies and interested groups, be integrated to the extent possible with other ongoing state

planning efforts as well as other adaptation and mitigation programs and initiatives and emphasize the valuable role of collaboration among various sectors to ensure adaptation and mitigation capabilities continually develop and that comprehensive adaptation and mitigation includes strategies for all community systems.

The advisory group shall consist of the secretary of energy and environmental affairs or a designee, the secretary of public safety and security or a designee and not more than 21 persons to be appointed by the secretary of energy and environmental affairs and the secretary of public safety and security including, but not limited to, those agencies and stakeholders from sectors with expertise, mitigation capabilities and responsibility for: (i) hazard data; (ii) climate projections and data; (iii) coastal zones and oceans; (iv) commercial, industrial and manufacturing activities; (v) economic development; (vi) electric generation and transmission; (vii) floodplain management; (viii) ecosystem dynamics; (ix) emergency management; (x) housing; (xi) health and social services; (xii) land use and development; (xiii) municipal government; (xiv) natural and cultural resources; (xv) freshwater systems; (xvi) regional planning; (xvii) transportation and built infrastructure; and (xviii) water supply and resources.

The secretary of energy and environmental affairs and the secretary of public safety and security shall jointly designate an appointee to serve as chair. Non-state agency members shall be appointed for terms of 3 years. The appointing authorities may fill any vacancy that occurs in an unexpired term. The advisory group shall meet not less than quarterly and at the discretion of the secretaries. The advisory group shall hold public meetings relative to matters within the jurisdiction of the adaptation management plan and shall make recommendations to the secretaries for developing, maintaining and implementing the plan. The secretaries shall consider the recommendation of the advisory group. The advisory group shall advise the secretaries

regarding identifying how: (i) the secretaries can support existing adaptation, resilience and hazard mitigation efforts of state agencies; (ii) stakeholders can play an active role assisting the efforts of state agencies, regional planning agencies and municipalities; (iii) efforts can be best integrated across the public and private sector to enhance adaptation, build resiliency and mitigation climate change in a complementary fashion.

(e) Not more than 24 months after adoption of the plan, all executive branch agencies shall revise those rules, regulations and guidelines identified in the integrated state hazard mitigation and adaptation plan to ensure consistency with that plan.

Section 11. (a) The secretary shall develop and support a municipal vulnerability preparedness grant program. The program shall consist of: (i) financial assistance to municipalities to complete a community-led resilience building process and vulnerability assessment that enables climate change information and adaptation actions to be directly incorporated into existing municipal plans, policies and spending programs; (ii) technical planning guidance; (iii) a statewide catalogue of municipal climate vulnerabilities and impacts identified through the assessment process that may be incorporated into the state plan; and (iv) support for implementation projects to address vulnerabilities.

(b) A grant of financial assistance issued under this section shall be used to advance efforts to adapt land use, zoning, infrastructure, financial decision-making, policies and programs to reduce the vulnerability of the built and natural environment to changing environmental conditions that are a result of climate change.

(c) The secretary shall develop and implement an outreach and education program about climate change and its effects for low-income, environmental justice and urban communities to increase participation in the grant program established in this section.

SECTION 14. The General Laws are hereby further amended by inserting after chapter 210 the following chapter:-

1440 CHAPTER 21P.

#### PLASTIC BAG REDUCTION

Section 1. As used in this chapter, the following words shall have the following meanings unless the context clearly requires otherwise:

"Post-consumer recycled material", a material that would otherwise be destined for solid waste disposal, having completed its intended end use and product life cycle; provided, however, that "post-consumer recycled material shall not include materials and byproducts generated from, and commonly reused within, an original manufacturing and fabrication process.

"Recycled paper bag", a paper bag that is: (i) 100 per cent recyclable; (ii) contains a minimum of 40 per cent post-consumer recycled materials; provided, however, that an 8 pound or smaller recycled paper bag shall contain a minimum of 20 per cent post-consumer recycled material; and (iii) displays the words "recyclable" and "made from 40 per cent post-consumer recycled content" or other applicable amount in a visible manner on the outside of the bag.

"Reusable grocery bag", a sewn bag with stitched handles that is: (i) specifically designed and manufactured for not less than 175 uses; (ii) can carry 25 pounds over a distance of 300 feet;

and (iii) is made of cloth or other machine-washable fabric other than polyethylene or polyvinyl chloride.

"Single-use carryout bag", a bag made of plastic, paper or other material that is provided by a store to a customer at the point of sale and that is not a recycled paper bag or a reusable grocery bag; provided, however, that single-use carryout bag" shall not include: (i) a paper bag provided by a pharmacy to a customer purchasing a prescription medication; (ii) a non-handled bag used to protect items from damaging or contaminating other purchased items placed in a recycled paper bag or a reusable grocery bag; (iii) a bag provided to contain an unwrapped food item; or (iv) a non-handled bag that is designed to be placed over articles of clothing on a hanger.

"Store", a retail establishment, person, corporation, partnership, business venture, or vendor that sells or provides merchandise, goods or materials directly to a customer, whether for or not for profit, including, but not limited to, restaurants, pharmacies, convenience and grocery stores, liquor stores, seasonal and temporary businesses, farmers markets, public markets, jewelry stores and household goods stores, provided, however, that "store" shall not include bazaars, fairs or festivals operated by nonprofit organizations or religious institutions.

- Section 2. (a) No store shall provide a single-use carryout bag to a customer at the point of sale.
- (b) The department of environmental protection shall promulgate regulations with regard to the enforcement of this chapter.
- Section 3. Nothing in this chapter shall preempt a political subdivision from imposing further limitations on the use of single-use carryout bags.

| 1476 | SECTION 15. Section 3 of chapter 25A of the General Laws, as appearing in the 2016         |
|------|--|
| 1477 | Official Edition, is hereby amended by striking out the definition of "Alternative energy  |
| 1478 | development" and inserting in place thereof the following 2 definitions:-                  |
| 1479 | "Adaptation projects", public infrastructure projects designed to mitigate adjustments i   |
| 1480 | natural or human systems in response to actual or expected climatic stimuli and associated |

"Adaptation projects", public infrastructure projects designed to mitigate adjustments in natural or human systems in response to actual or expected climatic stimuli and associated impacts, including, but not limited to, changes in processes, practices and built and natural structures to increase resiliency, moderate potential damages or benefit from opportunities associated with climate change.

"Alternative energy development", shall include, but not be limited to, solar energy, wood, alcohol, hydroelectric, biomass energy systems and renewable nondepletable and recyclable energy sources.

SECTION 16. Section 11C of said chapter 25A, as so appearing, is hereby amended by adding the following subsection:-

- (e) The division of capital asset management and maintenance may contract for the procurement of capital improvements for adaptation projects in the manner provided in subsections (a) and (c). A local governmental body may contract for the procurement of capital improvements for adaptation projects in the manner provided in subsections (b) and (c).
- SECTION 17. Chapter 29 of the General Laws is hereby amended by inserting after section 2YYYY the following section:-

Section 2ZZZZ. There shall be a Solid Waste Reduction Assistance Fund. The commissioner of environmental protection shall be the trustee of the fund. The fund shall be

credited with revenues transferred to it from: (i) penalties assessed to solid waste haulers for waste ban violations on waste disposed of at a solid waste disposal facility; (ii) appropriations, bond proceeds or other funds authorized by the general court and specifically designated to be credited to the fund; (iii) other amounts credited or transferred to the fund from another fund or source; and (iv) interest earned on the money in the fund. The amount credited to the fund shall be expended without further appropriation. Money in the fund shall be allocated by the department to fund municipal and other recycling programs, composting programs, composting and recycling public education programs and programs promoting zero waste principles. Money in the fund may also be allocated to provide grants to solid waste haulers and generators for equipment to assist in meeting the commonwealth's waste ban requirements. The unexpended balance in the fund at the end of a fiscal year shall not revert to the General Fund but shall remain available for expenditure in subsequent fiscal years. The commissioner of environmental protection shall annually, not later than December 31, file a report with the clerks of the senate and house of representatives, who shall forward the same to the senate and house chairs of the joint committee on environment, natural resources and agriculture, detailing the amount and source of money credited to the fund and the expenditures and grants provided from the fund.

SECTION 18. Section 1A of chapter 40A of the General Laws, as appearing in the 2016 Official Edition, is hereby amended by inserting after the definition of "Special permit granting authority" the following 2 definitions:-

"Transfer of development rights", the process by which the owner of a parcel may convey development rights, extinguishing those rights on the first parcel and where the owner of another parcel may obtain and exercise those rights in addition to the development rights already existing on that second parcel.

"Transfer of development rights zoning" or "TDR zoning", zoning that authorizes transfer of development rights by permitting landowners in specific preservation areas identified as sending areas to sell their development rights to landowners in specific development districts identified as receiving areas.

SECTION 19. Section 9 of said chapter 40A, as so appearing, is hereby amended by inserting after the word "interests", in line 34, the following words:-; provided, however, that nothing herein shall prohibit a zoning ordinance or by-law from allowing transfer of development rights to be permitted as of right without the need for a special permit or other discretionary zoning approval.

SECTION 20. Section 6F of chapter 62 of the General Laws, as so appearing, is hereby amended by inserting after the word "under", in line 52, the following words:- subsections (a) or (c) of.

SECTION 21. Section 5 of chapter 65C of the General Laws, as so appearing, is hereby amended by striking out subsection (c) and inserting in place thereof the following 2 subsections:-

(c) If the gross estate of a decedent dying on or before December 31, 2018 includes real property devoted to use as a farm for farming purposes, the estate may elect to value such property in accordance with section 2032A of the Code in effect on January 1, 1985. If a federal return is required to be filed, such election shall be consistent with the election made for federal estate tax purposes. All substantive and procedural provisions of said section 2032A shall, insofar as pertinent and consistent, apply to such election. The commissioner shall promulgate regulations to carry out this subsection.

(d)(1) As used in this subsection, the following words shall have the following meanings unless the context clearly requires otherwise:

"Applicable date", the date upon which the 10-year period that the estate shall be liable for assessment under paragraph (4) begins; provided, however, that for qualifying agricultural and associated land, the applicable date shall be the date of death of the decedent; and provided further, that for qualifying noncommitted land, the applicable date shall be 2 years from the date of death of the decedent.

"Associated land", land under the same ownership as and contiguous to qualifying agricultural land and which, as of the date of death of the decedent, is not committed to residential, industrial or commercial use; provided, however, that land shall be deemed contiguous if it is separated from other land under the same ownership only by a public or private way or waterway; provided further that land under the same ownership shall be deemed contiguous if it is connected to other land under the same ownership by an easement for water supply; and provided further, that any such land in excess of 100 per cent of the acreage of qualifying agricultural land shall be deemed qualifying noncommitted land.

"Closely held agricultural land", qualifying agricultural and associated land and qualifying noncommitted land for which an election is made under this subsection.

"Qualifying agricultural land", land which meets the definition of forest land under chapter 61, land actively devoted to agricultural, horticultural or agricultural and horticultural uses under chapter 61A and recreational land under chapter 61B that is also used for farming or agriculture as defined in section 1A of chapter 128 and has been devoted to any such use for not less than 2 of the tax years immediately preceding the death of the decedent; provided, however,

that the land need not be classified by municipal assessors as forest land under chapter 61, land actively devoted to agricultural or horticultural or agricultural and horticultural uses under said chapter 61A or recreational land under said chapter 61B to qualify for valuation as closely-held agricultural land under this subsection.

"Qualifying noncommitted land", land that is not qualifying agricultural land and is not committed to residential, industrial or commercial use, including associated land in excess of 100 per cent of the acreage of qualifying agricultural land.

"Savings", the difference between the estate taxes paid as a result of an election made under this subsection and the estate taxes that would have otherwise been paid had the election not been made.

- (2) If the gross estate of a decedent dying on or after January 1, 2019 includes real property that is qualifying agricultural land, associated land or qualifying noncommitted land, the estate may elect to value such property, or any portion thereof, as closely-held agricultural land pursuant to the valuation set by the farmland valuation advisory commission established in section 11 of chapter 61A for the fiscal year of the most recent growing season. The value of closely-held agricultural land as determined pursuant to such election shall only be for the purpose of computing the tax due under this chapter. Such election shall be subject to the paragraphs (3) to (6), inclusive.
- (3) Unless the property is restricted by a nondevelopment covenant that: (i) is approved by the commissioner of agriculture; (ii) is for the purposes of maintaining the land in agricultural use; (iii) precludes nonagricultural development of the land; (iv) is recorded at the registry of deeds in the counties or districts in which the property is located; and (v) does not expire within

10 years of the applicable date, the commissioner shall forthwith cause to be recorded in the registry of deeds of the counties or districts in which the property is situated a statement which shall constitute a lien upon the land covered by election under this subsection. The statement shall include any owners of record, the savings as a result of such election, the fair market value of the property and a description of the land adequate for identification. Unless such a statement is recorded, the lien shall not be effective with respect to a bona fide purchaser or other transferee without actual knowledge of the lien. Upon application by a record owner, any such lien shall be released by the commissioner with respect to that property upon the facts being established by record or by affidavit or otherwise that all assessments have been paid or unless it is more than 10 years past the applicable date and no assessment is due. All recording fees paid under this subsection, whether for statements of liens, certificates, releases or otherwise, shall be borne by the owner of record of the land.

Property restricted by an agricultural preservation restriction as defined in section 31 of chapter 184 that is signed by the commissioner of agriculture shall be deemed to be restricted by a nondevelopment covenant if the restriction: (i) is approved by the commissioner of agriculture; (ii) is for the purposes of maintaining the land in agricultural use; (iii) precludes nonagricultural development of the land; (iv) is recorded at the registry of deeds in the counties or districts in which the property is located; and (v) does not expire within 10 years of the applicable date.

(4)(i) When land valued as closely-held agricultural land under this subsection within a period of 10 years from the applicable date is sold for other use or no longer qualifies as closely-held agricultural land, any owners shall immediately notify the commissioner of such sale or change of use and an assessment shall be due to the commonwealth. Such assessment shall be

calculated with interest based on the date of sale for other use or based on the last date of use as closely-held agricultural land as specified in this paragraph.

The assessment shall be equal to 100 per cent of the savings if such date is not more than 1 year of the applicable date; 90 per cent of the savings if such date is more than 1 year but not more than 2 years of the applicable date; 80 per cent of the savings if such date is more than 2 years but not more than 3 years of the applicable date; 70 per cent of the savings if such date is more than 3 years but not more than 4 years of the applicable date; 60 per cent of the savings if such date is more than 4 years but not more than 5 years of the applicable date; 50 per cent of the savings if such date is more than 5 years but not more than 6 years of the applicable date; 40 per cent of the savings if such date is more than 6 years but not more than 7 years of the applicable date; 30 per cent of the savings if such date is more than 7 years but not more than 8 years of the applicable date; 20 per cent of the savings if such date is more than 8 years but not more than 9 years of the applicable date; 10 per cent of the savings if such date is more than 9 years but not more than 10 years of the applicable date. No assessment shall be due if such date is more than 10 years from the applicable date.

Such assessment shall also include interest calculated at a simple interest rate of 5 per cent per annum on the savings from the applicable date.

There shall be an additional assessment equal to 30 per cent of the savings if the date of sale for other use or the last date of use while qualified as closely-held agricultural land occurs not more than 1 year of the applicable date and 15 per cent of the savings if such date occurs more than 1 year but not more than 2 years of the applicable date.

(ii) If an election has been made with respect to: (A) qualifying noncommitted land which, on the applicable date, fails to meet the definition of forest land under chapter 61; (B) land actively devoted to agricultural or horticultural or agricultural and horticultural uses under chapter 61A; or (C) recreational land under chapter 61B that is also used for farming or agriculture as defined in section 1A of chapter 128, an assessment shall be due to the commonwealth and payable by the owners not more than 30 days of the applicable date; provided, however, that the land need not be classified by municipal assessors as forest land under said chapter 61, land actively devoted to agricultural or horticultural or agricultural and horticultural uses under said chapter 61A or recreational land under said chapter 61B. Such assessment shall be equal to the sum of: (I) 100 per cent of the savings; (II) interest calculated at a simple interest rate of 5 per cent per annum on the savings from the date of death of the decedent; and (III) an additional assessment equal to 30 per cent of the savings.

(iii) Notwithstanding this paragraph, there shall be no assessment if the land involved, or a lesser interest in the land involved, is acquired for a natural resource by the commonwealth or by a nonprofit conservation organization; provided, however, that if any portion of the land is sold or converted to commercial, residential or industrial use not more than 10 years after the applicable date by a nonprofit conservation organization, an assessment shall be imposed against the nonprofit conservation organization in the amount that would have been imposed at the time of acquisition of the subject parcel by the nonprofit conservation organization had the transaction been subject to an assessment or, in the case of qualifying noncommitted land acquired by a nonprofit conservation organization before the applicable date, the amount that would have been imposed on the applicable date under subparagraph (ii).

(iv) In the case of sale for other use of closely-held agricultural land, other than qualifying noncommitted land sold for other use before the applicable date, assessments imposed by this subsection shall be due and payable by the grantor at the time of transfer of the property by deed or other instrument of conveyance. In the case of qualifying noncommitted land sold for other use before the applicable date, assessments imposed by this subsection shall be due and payable by the grantor on the applicable date. In the case of change to a nonqualifying use, assessments imposed by this subsection shall be due and payable by the owners not more than 30 days after the last date of use as closely-held agricultural land, regardless of the date on which the commissioner was notified by the owners of such change of use.

- (v) An assessment shall only be imposed under this subsection on that portion of the land on which the use has changed. If, by conveyance or other action of the owner thereof, a portion of land which is valued as closely-held agricultural land under this subsection is separated for other use, the land so separated shall be subject to liability for assessment, interest and additional assessment under this paragraph based on the proportion that the acreage of the land so separated bears to the total acreage of the land valued as closely-held agricultural land under this subsection.
- (5) All buildings located on land which is valued as closely-held agricultural land under this subsection and all land occupied by a dwelling or regularly used for family living shall not be valued as provided in this subsection.
  - (6) The commissioner shall promulgate regulations to carry out this subsection.
- SECTION 22. Chapter 85 of the General Laws is hereby amended by adding the following section:-

| 1673 | Section 38. (a) As used in this section, the following words shall have the following            |
|------|--|
| 1674 | meanings unless the context clearly requires otherwise:  |
| 1675 | "Correlated color temperature", the apparent hue of the light emitted by a fixture,              |
| 1676 | expressed in kelvins.  |
| 1677 | "Direct light", light emitted by a fixture, whether from the light source or a reflector or      |
| 1678 | through a refractor.   |
| 1679 | "Façade lighting", a permanent outdoor fixture that is specifically intended to illuminate       |
| 1680 | the exterior surface of a building or structure.   |
| 1681 | "Fixture", a complete lighting unit, including a light source together with the parts            |
| 1682 | designed to distribute the light, to position and protect the light source and connect the light |
| 1683 | source to the power supply.  |
| 1684 | "Fixture lumens", total lumens emitted by a fixture.   |
| 1685 | "Fully-shielded fixture", a fixture that emits no direct light above a horizontal plane          |
| 1686 | through the fixture's lowest light-emitting part, in its mounted position.                       |
| 1687 | "Glare", light emitted by a fixture that causes visual discomfort or reduced visibility.         |
| 1688 | "Illuminance", the luminous power incident per unit area of a surface.                           |
| 1689 | "Light trespass", light that falls beyond the property it is intended to illuminate.             |
| 1690 | "Lumen", a standard unit of measurement of the quantity of light emitted from a source           |
| 1691 | of light.  |

| 1692 | "Ornamental roadway lighting", a roadway-lighting fixture that serves a decorative                 |
|------|--|
| 1693 | function in addition to a roadway-lighting function and that has a historical-period appearance or |
| 1694 | decorative appearance.   |
| 1695 | "Parking-lot lighting", a permanent outdoor fixture specifically intended to illuminate an         |
| 1696 | uncovered vehicle-parking area.  |
| 1697 | "Part-night service", a rate charged by a utility company to provide unmetered electricity         |
| 1698 | for permanent outdoor fixtures that operate for only a portion of each night's dusk-to-dawn        |
| 1699 | cycle.   |
| 1700 | "Permanent outdoor fixture", a fixture for use in an exterior environment installed with           |
| 1701 | mounting not intended for relocation.  |
| 1702 | "Roadway lighting", a permanent outdoor fixture specifically intended to illuminate a              |
| 1703 | public roadway.  |
| 1704 | "Sky glow", scattered light in the atmosphere that is caused by light directed upward or           |
| 1705 | sideways from fixtures that reduces an individual's ability to view the natural night sky.         |
| 1706 | "State funds", bond revenues or money appropriated or allocated by the general court.              |
| 1707 | (b) State funds shall not be used to install a new permanent outdoor fixture or to pay for         |
| 1708 | the cost of operating a new permanent outdoor fixture except:                                      |
| 1709 | (i) for roadway lighting or parking-lot lighting, whether mounted to poles,                        |
| 1710 | buildings or other structures and the fixture is fully shielded;                                   |

- 1711 (ii) for a building-mounted fixture not specifically intended for roadway lighting,
  1712 parking-lot lighting or façade lighting and the fixture is fully shielded when its initial fixture
  1713 lumens is greater than 3000 lumens;
- 1714 (iii) for façade lighting where the fixture is shielded to reduce glare, sky glow and
  1715 light trespass to the greatest extent possible;

- (iv) for an ornamental roadway lighting fixture where the fixture emits not more than 700 lumens above a horizontal plane through the fixture's lowest light-emitting part;
- (v) where the light emitted by the fixture has a correlated color temperature that is not greater than 3000 kelvins; and
- (vi) for roadway lighting unassociated with intersections of 2 or more streets or highways where the Massachusetts Department of Transportation has determined that the purpose of the fixture installation cannot be achieved by installation of a reflectorized roadway marker, line, warning or informational sign or other passive means.
- (c) This section shall not apply: (i) if it is preempted by federal law; (ii) if the outdoor lighting fixture is used temporarily for an emergency procedure or road repair; (iii) to navigational and other lighting systems necessary for aviation and nautical safety; (iv) to lighting for an athletic playing area provided, however, that a fixture used for an athletic field playing area shall be selected and installed so as to minimize glare, light trespass and sky glow outside that area; (v) if a compelling and bona fide safety or security need exists that cannot be addressed by another reasonable method; (vi) to the replacement of a previously-installed, permanent outdoor fixture that is destroyed, damaged or inoperative, that has experienced electrical failure

due to failed components or that requires standard maintenance; (vii) to lighting intended for a tunnel or roadway underpass; or (viii) to a special event or situation that might require additional illumination including, but not limited to, the illumination of a historic structure, monument or flag; provided, however, that the illumination shall be selected and installed to minimize glare, light trespass and sky glow to the greatest extent possible.

(d) The department of energy resources, in consultation with the Massachusetts

Department of Transportation, shall develop and promulgate regulations to implement and enforce this section. The regulations shall include a system to ensure that the use of state funds including, but not limited to, operating costs for new permanent outdoor fixtures for roadway lighting or parking-lot lighting installed by electric distribution companies and municipal aggregators comply with this section.

SECTION 23. Section 25 of chapter 90B of the General Laws, as appearing in the 2016 Official Edition, is hereby amended by inserting after the word "way," in line 44, the following words:- or upon, but to the extreme right of, such travelled portion.

SECTION 24. The fourth paragraph of said section 25 of said chapter 90B, as so appearing, is hereby further amended by adding the following 2 sentences:- This paragraph shall also apply to any portion of a public way designated by the governmental entity with jurisdiction over the public way, with approval of the chief of police of the municipality in which such portion lies, to permit travel by a recreational vehicle from 1 authorized operating area to another or to permit access by a recreational vehicle to essential services, including fuel, food and lodging, from an authorized operating area. The designated portion shall be the minimum distance necessary to permit such travel or access but shall not exceed 4 miles.

SECTION 25. Chapter 94 of the General Laws is hereby amended by inserting after section 13E the following section:-

Section 13F. (a) A dairy farmer manufacturing raw milk for human consumption shall be licensed under section 16A and under section 5 of chapter 94A. A licensed raw milk farmer may deliver raw milk directly to a consumer, off-site from the farm if the raw milk farmer has a direct, contractual relationship with the consumer. The raw milk farmer may contract with a third party for such delivery; provided, however, that the raw milk farmer shall maintain the contractual relationship with the consumer. The raw milk farmer may deliver raw milk through a community-supported agriculture delivery system; provided, however, that the raw milk farmer shall maintain a contractual relationship with the consumer. Delivery may be made directly to the consumer's residence or to a pre-established receiving site. A receiving site shall not be in a retail setting, with the exception of a community-supported agriculture delivery system, in which case the raw milk shall be kept separate from retail items for sale and shall not be accessible to the general public.

- (b) A raw milk farmer may sell raw milk from the farmer's farm stand even if not contiguous to the farmer's raw milk dairy; provided, however, that the farmer shall comply with section 3 of chapter 40A.
- (c) The department of agricultural resources and the department of public health, acting jointly, shall adopt and promulgate rules and regulations governing the handling, packaging, storage, testing and transportation of raw milk; provided, however, that any delivery vehicle transporting raw milk shall comply with the inspection requirements set forth in sections 33, 35 and 40.

- 1776 (d) The label on any raw milk sold pursuant to this section shall contain: (i) the identity 1777 of the farm where the raw milk was packaged, including the licensee's name, address and license 1778 number; and (ii) the following warning: "Raw milk is not pasteurized. Pasteurization destroys 1779 organisms that may be harmful to health.
- 1780 SECTION 26. Chapter 129 of the General Laws is hereby amended by striking out section 18, as appearing in the 2016 Official Edition, and inserting in place thereof the following 1782 section:-

1781

1785

1786

1787

1788

1789

1790

1791

1792

1793

1794

1795

1796

- 1783 Section 18. (a) Each inspector shall comply with and enforce all orders and regulations as 1784 directed by the director.
  - (b) The director shall establish mandatory training programs for all municipal animal inspectors. Such training shall be designed to ensure that inspections are conducted on a consistent basis and that inspectors are educated on matters including, but not limited to, animal health and welfare. Each municipal animal inspector shall complete such training not more than 90 days after appointment and every 2 years thereafter. The director may require additional training for animal inspectors as needed.
  - (c) An inspector who refuses or neglects to comply with this section shall be punished by a fine of not more than \$500.
  - SECTION 27. Said chapter 129 is hereby further amended by striking out section 25, as so appearing, and inserting in place thereof the following section:-
  - Section 25. Each inspector shall keep a record of all inspections made of animals pursuant to this chapter. The director shall provide forms in any manner, electronic format or

medium necessary to implement this section, including any forms or records to be utilized and kept by inspectors; provided, however, that such forms and records shall be retained for at least 10 years in an electronic database implemented and maintained by the director.

SECTION 28. Section 2 of chapter 130 of the General Laws, as so appearing, is hereby amended by striking out the fourth and fifth paragraphs and inserting in place thereof the following paragraph:-

Whoever violates this chapter shall, unless otherwise provided, be: (i) punished by a fine of not less than \$400 but not more than \$10,000 or by imprisonment in the house of correction for not more than 2 ½ years or by both such fine and imprisonment; or (ii) liable for a civil penalty not to exceed \$10,000 for each violation. The civil penalty may be assessed in an action brought on behalf of the commonwealth in the superior or district court.

SECTION 29. Section 13 of said chapter 130, as so appearing, is hereby amended by striking out the third paragraph.

SECTION 30. Said chapter 130 is hereby further amended by striking out section 18, as so appearing, and inserting in place thereof the following section:-

Section 18. No person shall, without right, enter in or upon any building or other structure or any area of land, flats or water, set apart and used by or under authority of the director for conducting scientific experiments or investigations or for the propagation or protection of fish or, contrary to regulations, fish in waters so set apart and used after the director has caused printed notice of such occupation and use and the purposes thereof to be placed in a conspicuous position upon any such building or other structure or adjacent to any such area of land, flats or water. No person shall injure or deface any such building or other structure or any notice so

posted and no person shall injure or deface any property used in any such experiment or investigation or for such purposes or otherwise interfere with any property used in any such experiment or investigation or for such purposes.

SECTION 31. Section 19 of said chapter 130, as so appearing, is hereby amended by striking out the fifth paragraph.

SECTION 32. The sixth paragraph of said section 19 of said chapter 130, as so appearing, is hereby amended by striking out the third sentence.

SECTION 33. Section 21 of said chapter 130, as so appearing, is hereby amended by striking out the fifth paragraph.

SECTION 34. Said chapter 130 is hereby further amended by striking out section 23, as so appearing, and inserting in place thereof the following section:-

Section 23. Except in the case of emergency imperiling life or property or an unavoidable accident or except in accordance with the terms of a permit issued pursuant to state or federal water pollution control laws, no person shall, from any source: (i) put, throw, discharge or suffer or permit to be discharged or permit the escape of any oil, poisonous or other injurious substance into any coastal waters; provided, however, that such substances shall include, but not limited to, sawdust, shavings, garbage, ashes, acids, sewage and dye-stuffs, whether simple, mixed or compound, or heated effluent, which directly or indirectly materially injures fish, fish spawn or seed therein; (ii) take any such fish by any such means; (iii) kill or destroy fish in any such waters by the use of dynamite or other explosives; (iv) take any such fish in such waters by such means; or (v) explode dynamite or other explosive in such waters.

| 1840 | SECTION 35. Section 29 of said chapter 130, as so appearing, is hereby amended by                      |
|------|--|
| 1841 | striking out the second paragraph and inserting in place thereof the following paragraph:-             |
| 1842 | No person shall construct or maintain a weir, pound net or fish trap in the tidewater                  |
| 1843 | unless in accordance with this section.  |
| 1844 | SECTION 36. Section 30 of said chapter 130, as so appearing, is hereby amended by                      |
| 1845 | striking out the second sentence.  |
| 1846 | SECTION 37. Said chapter 130 is hereby further amended by striking out section 31, as                  |
| 1847 | so appearing, and inserting in place thereof the following section:-                                   |
| 1848 | Section 31. No person shall, without the consent of the owner, take, use, destroy, injure              |
| 1849 | or molest a weir, pound net, fish trap, seine, set net or lobster or crab pot or other fishing gear or |
| 1850 | a fish car or other contrivance used for the purpose of storing fish, including any such fishing       |
| 1851 | gear which is swept ashore by storm or tide or other natural causes and deposited upon the shore,      |
| 1852 | beaches or flats, whether public or private, or take fish therefrom.                                   |
| 1853 | SECTION 38. Section 33 of said chapter 130, as so appearing, is hereby amended by                      |
| 1854 | striking out the last sentence.  |
| 1855 | SECTION 39. Section 34 of said chapter 130, as so appearing, is hereby amended by                      |
| 1856 | striking out the first sentence and inserting in place thereof the following sentence:- Between        |
| 1857 | March 15 and June 15, inclusive, no person shall catch or take any smelt from the waters of the        |
| 1858 | commonwealth or buy, receive, sell or offer or expose for sale, transport or possess a smelt so        |
| 1859 | taken.   |

| 1860 | SECTION 40. Section 35 of said chapter 130, as so appearing, is hereby amended by                    |
|------|--|
| 1861 | striking out the first paragraph and inserting in place thereof the following paragraph:-            |
| 1862 | No person shall take or attempt to take a smelt in any other manner than by angling. This            |
| 1863 | section shall not apply to smelt inadvertently taken in a seine or net during the time and in the    |
| 1864 | manner in which fishing is allowed for perch, herring or alewives; provided, however, that such      |
| 1865 | smelt so taken shall be immediately liberated alive in the waters from which it was taken.           |
| 1866 | SECTION 41. Section 36 of said chapter 130, as so appearing, is hereby amended by                    |
| 1867 | striking out the second sentence and inserting in place thereof the following sentence:- No person   |
| 1868 | shall molest or disturb smelt or their spawn within such closed areas.                               |
| 1869 | SECTION 42. The fourth paragraph of section 37 of said chapter 130, as so appearing, is              |
| 1870 | hereby amended by striking out the first sentence.   |
| 1871 | SECTION 43. Section 38 of said chapter 130, as so appearing, is hereby amended by                    |
| 1872 | striking out, in lines 82 to 84, inclusive, the words ", and upon failure to do so shall be punished |
| 1873 | by a fine of not less than twenty-five nor more than one hundred dollars or imprisonment for one     |
| 1874 | month or both".  |
| 1875 | SECTION 44. Section 38A of said chapter 130, as so appearing, is hereby amended by                   |
| 1876 | striking out the last paragraph.   |
| 1877 | SECTION 45. Section 39 of said chapter 130, as so appearing, is hereby amended by                    |
| 1878 | striking out the last sentence.  |
| 1879 | SECTION 46. Section 40 of said chapter 130, as so appearing, is hereby amended by                    |

1880

If the measurement of any such lobster taken from 1 or the other eye sockets is of the required length, such lobster shall be deemed to be a legal lobster. In all prosecutions under this section, any mutilation of a lobster which affects its measurement as aforesaid shall be prima facie evidence that the lobster was or is shorter than the required length; provided, however, that the director shall, by regulation approved by the marine fisheries advisory commission, allow the on-shore processing of live lobsters of legal length into frozen shell-on lobster parts or tails and the importation of unfrozen shell-on lobster parts or tails for the purpose of further processing by wholesale dealers that are licensed by the department of public health under section 77G of chapter 94. Processed frozen shell-on lobster parts or tails may be possessed, sold or offered for sale by a wholesale dealer, retail dealer or food establishments and such food product may be possessed by a consumer. The processing, possession or sale of frozen or unfrozen lobster tails pursuant to this section shall be limited to lobster tails weighing at least 3 ounces. The packaging of processed frozen or unfrozen shell-on lobster parts or tails pursuant to this section as a food product shall be labeled in accordance with applicable federal and state laws and regulations. This section shall not apply to common carriers having lobster in their possession for the purpose of transportation.

SECTION 48. Section 47 of said chapter 130, as so appearing, is hereby amended by striking out the last sentence.

SECTION 49. Said chapter 130 is hereby further amended by striking out section 49, as so appearing, and inserting in place thereof the following section:-

Section 49. No carrier shall knowingly receive or carry from place to place any lobster or lobster meat in barrels, boxes or other containers not marked as provided in section 47.

SECTION 50. Section 51 of said chapter 130, as so appearing, is hereby amended by striking out the last sentence.

SECTION 51. Section 51A of said chapter 130, as so appearing, is hereby amended by striking out the last sentence.

SECTION 52. Section 52 of said chapter 130, as so appearing, is hereby amended by inserting after the word "therefor", in line 61, the following words:-; provided, however, that such city or town shall not charge a veteran as defined in clause Forty-third of section 7 of chapter 4, who is a resident of the commonwealth, a fee greater than the fee charged to a resident of such city or town.

SECTION 53. Said chapter 130 is hereby further amended by striking out sections 66 and 67, as so appearing, and inserting in place thereof the following 2 sections:-

Section 66. No person shall willfully injure, deface, destroy or remove any mark or bound used to define the extent of any shellfish license or grant or place any unauthorized mark thereon or tie or fasten any boat or vessel thereto. Any person who violates this section shall be liable in tort for double damages and costs to the licensee or transferee injured by the violation.

Section 67. No person shall, without the consent of the licensee or transferee, as the case may be: (i) work a dredge, oyster tongs, rake or other implement for the taking of shellfish of any description upon any shellfish grounds or beds covered by a license granted under section 57 or any corresponding provision of earlier law; (ii) in any way, disturb the growth of the shellfish

thereon; (iii) discharge any substance which may directly or indirectly injure the shellfish upon any such grounds or beds; or (iv) while upon or sailing over any such grounds or beds, cast, haul, or have overboard any such dredge, tongs, rake or other implement for the taking of shellfish of any description, under any pretense or for any purpose.

SECTION 54. Section 68 of said chapter 130, as so appearing, is hereby amended by striking out the second paragraph and inserting in place thereof the following paragraph:-

No person shall, without the consent of the licensee or transferee, dig or take any shellfish or shells from any waters, flats or creeks described in a license granted under section 57 or any corresponding provision of earlier law, during the continuance of the license or of a renewal thereof.

SECTION 55. Section 70 of said chapter 130, as so appearing, is hereby amended by striking out the last sentence.

SECTION 56. Section 71 of said chapter 130, as so appearing, is hereby amended by striking out the last sentence.

SECTION 57. Section 72 of said chapter 130, as so appearing, is hereby amended by striking out the last sentence.

SECTION 58. The second paragraph of section 75 of said chapter 130, as so appearing, is hereby amended by striking out the first and second sentences and inserting in place thereof the following sentence:- Whoever, without a permit as provided in this section or contrary to such permit, digs or takes shellfish for any purpose from any area determined under section 74 or section 74A or under any corresponding provision of earlier law to be contaminated, while such

determination is in force, and whoever knowingly transports or causes to be transported or has in their possession or offers for sale shellfish so dug or taken shall be punished by imprisonment in a jail or house of correction for not more than 2 ½ years or by imprisonment in the state prison for not more than 3 years, by a fine of not less than \$500 and not more than \$10,000 or by both such fine and imprisonment.

SECTION 59. Section 80 of said chapter 130, as so appearing, is hereby amended by striking out, in lines 73 and 74, the words "ten dollars nor more than ten thousand dollars" and inserting in place thereof the following words:- \$400 and not more than \$10,000.

SECTION 60. Section 81 of said chapter 130, as so appearing, is hereby amended by striking out, in lines 21 and 22, the words "one hundred nor more than ten thousand dollars" and inserting in place thereof the following words:- \$400 and not more than \$10,000.

SECTION 61. Section 82 of said chapter 130, as so appearing, is hereby amended by striking out, in lines 18 and 19, the words "one hundred nor more than ten thousand dollars" and inserting in place thereof the following words:- \$400 and not more than \$10,000.

SECTION 62. Section 92 of said chapter 130, as so appearing, is hereby amended by striking out the first and second paragraphs and inserting in place thereof the following paragraph:-

No person shall sell, exchange, transport or deliver and no person shall offer or expose for sale, exchange or delivery or have in their custody or possession with intent to sell, exchange, transport or deliver any scallops or sea scallops which have been soaked and shall tag such scallops in accordance with regulations promulgated by the director.

| 1966 | SECTION 63. Said chapter 130 is hereby further amended by striking out section 95, as                 |
|------|---|
| 1967 | so appearing, and inserting in place thereof the following section:-                                  |
| 1968 | Section 95. No person shall take, kill, haul onshore, disturb, injure, hinder or obstruct the         |
| 1969 | passage of any herring, alewives or other swimming marine food fish in a fishery created by a         |
| 1970 | city or town, without the permission thereof or that of its lessees, in a fishery legally established |
| 1971 | by a corporation, without the permission of such corporation or in a public fishery regulated and     |
| 1972 | controlled by a city or town, contrary to its regulations.  |
| 1973 | Proceedings under this section shall be commenced within 30 days after the commission                 |
| 1974 | of the offense.   |
| 1975 | SECTION 64. Section 99 of said chapter 130 is hereby repealed.  |
| 1976 | SECTION 65. Section 100A of said chapter 130, as appearing in the 2016 Official                       |
| 1977 | Edition, is hereby amended by striking out the last sentence.   |
| 1978 | SECTION 66. Section 100B of said chapter 130, as so appearing, is hereby amended by                   |
| 1979 | striking out the last sentence.   |
| 1980 | SECTION 67. Section 100C of said chapter 130, as so appearing, is hereby amended by                   |
| 1981 | striking out the last sentence.   |
| 1982 | SECTION 68. Section 100D of said chapter 130, as so appearing, is hereby amended by                   |
| 1983 | striking out the last paragraph.  |
| 1984 | SECTION 69. Said chapter 130 is hereby further amended by striking out section 102, as                |
| 1985 | so appearing, and inserting in place thereof the following section:-                                  |

| 1986 | Section 102. No person shall harvest for sale or engage in the aquaculture of marine             |
|------|--|
| 1987 | plants except in accordance with any regulations adopted by the director and subject to a permit |
| 1988 | or written approval issued by the director.  |
| 1989 | SECTION 70. Section 103 of said chapter 130 is hereby repealed.                                  |
| 1990 | SECTION 71. The General Laws are hereby amended by inserting after chapter 131A the              |
| 1991 | following chapter:-  |
| 1992 | CHAPTER 131B.  |
| 1993 | PUBLIC LANDS PRESERVATION ACT  |
| 1994 | Section 1. As used in this chapter, the following words shall have the following meanings        |
| 1995 | unless the context clearly requires otherwise:   |
| 1996 | "Acquired", land or an interest in land obtained by a public owner whether by purchase,          |
| 1997 | exchange, devise, grant, lease, eminent domain or otherwise.                                     |
| 1998 | "Article XCVII", Article XCVII of the amendments to the constitution of the                      |
| 1999 | commonwealth.  |
| 2000 | "Article XCVII land", land or an interest in land that is subject to protection under Article    |
| 2001 | XCVII.   |
| 2002 | "Article XCVII natural resource purposes", the conservation, development and utilization         |
| 2003 | of the agricultural, mineral, forest, water, air and other natural resources.                    |

"Change in use", a conversion of Article XCVII land of a public owner from a dedicated use to a different inconsistent use, excepting any allowed nonconforming reserved use of the Article XCVII land; provided, however, that a valid nonconforming reserved use shall include, but not be limited to, a building or structure and shall be an allowed use of Article XCVII land if:

(i) such use has been declared in a written instrument when land or an interest in land is taken by eminent domain, acquired or otherwise dedicated as Article XCVII land; (ii) the use, when not declared by written instrument, is preexisting and continuing when the Article XCVII land is dedicated if the use is legally permissible; or (iii) allowed by a special law approved by a 2/3 vote of both branches of the general court; and provided further, that a conversion of Article XCVII land caused by natural causes or occurrences shall not be considered a change in use.

"Disposition", a transfer, conveyance or release of a public owner's real property interest whether by deed, covenant or other instrument or by lawful means or process; provided, however, that a "disposition" shall also include a transfer or release of the public owner's right of legal control in land; provided further, that "disposition" shall not include the termination of a lease for the use of land; and provided further, that "disposition" shall not include a revocable permit or license that authorizes another to use Article XCVII land of a public owner if: (i) the use is consistent with dedicated or allowed uses of the Article XCVII land including, but not limited to a forest or harvesting conducted pursuant to an approved cutting plan; and (ii) the permit or license does not transfer or release a real property interest in the Article XCVII land.

"Executive office", the executive office of energy and environmental affairs.

"Land", land that is without or with water including, but not limited to, estuaries, creeks, streams, rivers, ponds, lakes, marshes, floodplains, wetlands and coastal tidelands; provided,

however, that "land" shall not include ocean land lying seaward of the mean low water mark of coastal areas that are within the marine boundaries of the commonwealth.

"Public owner", the commonwealth, its agencies, executive offices, departments, boards, bureaus, divisions, authorities and political subdivisions including, but not limited to, municipalities, counties, districts and other governmental bodies and instrumentalities of the commonwealth that hold Article XCVII land.

"Real property interest" or "interest in land", an ownership or other legal interest or right in land including, but not limited to, fee simple interest, easement, partial interest, remainder, future interest, right of legal control, lease, conservation restriction, agricultural preservation restriction, watershed preservation restriction and historical preservation restriction as defined in section 31 of chapter 184 and a development covenant or other covenant or restriction that protects natural resources.

"Replacement land" land or an interest in land: (i) required under this chapter to be provided by a public owner to replace the loss of Article XCVII land as a result of a disposition or change in use; and (ii) to be taken by eminent domain, acquired or otherwise dedicated by the public owner as Article XCVII land; provided, however, that "replacement land" shall not include existing Article XCVII land unless, when taken by eminent domain, acquired or otherwise dedicated by the public owner as Article XCVII land, it was to substitute for other Article XCVII land proposed for disposition or change in use.

"Secretary", the secretary of energy and environmental affairs or an authorized representative.

"State agency", a legal entity of state government established by the general court as an agency, board, bureau, commission, department, office or division of the commonwealth with a specific mission which may either report to executive offices or secretariats or be independent divisions or departments; provided, however, that "state agency" shall not include counties as defined in section 1 of chapter 7C.

Section 2. (a) To protect the natural resources of the commonwealth and to prevent a net loss of Article XCVII land, a public owner making a disposition or change in use of Article XCVII land shall acquire or otherwise provide replacement land. Replacement land for a disposition or change in use of Article XCVII land shall be: (i) equal or greater in area; (ii) comparable or better in natural resource value; (iii) located within the same municipal boundaries, if feasible; and (iv) not less than the equivalent kind of the real property interest being replaced.

(b) A public owner, when acquiring or providing replacement land, shall execute a written declaratory instrument to confirm that such land or interest in land is subject to protection under Article XCVII and shall record the instrument in the appropriate registry of deeds or land court department of the trial court for the county or district wherein the land is situated. When executed, the instrument shall include the dedication date of the Article XCVII land and a specific description of the Article XCVII land with the restricted and allowed uses of the land. Such instrument shall not preempt or limit a public owner's use of any other lawful method to dedicate Article XCVII land. The failure of the public owner to execute or record a declaratory instrument shall not invalidate any existing Article XCVII protection of the replacement land.

Section 3. (a) A public owner of Article XCVII land shall notify the secretary when the public owner proposes making a disposition or change in use of the Article XCVII land. Such notification shall be in writing and made in such manner as the secretary by regulation shall prescribe which shall include the information and documentation as required under subsections (c) and (d).

The secretary shall adopt regulations requiring that notification by a public owner shall be made as early as practicable and prior to the filing of a petition with the general court to authorize the proposed Article XCVII land disposition or change in use, to allow the secretary adequate time to review the proposal. The review shall include a plan of the public owner to provide replacement land. Unless otherwise provided in this section, the notification to the secretary shall be submitted at least 20 days before the public owner makes a decision to adopt a proposal for a disposition or change in use of its Article XCVII land.

For Article XCVII land held by a municipality, notification to the secretary shall be required at least 30 days before a vote of town meeting or city council, as appropriate, on the municipality's proposed disposition or change in use of the Article XCVII land. If the Article XCVII land is located outside the municipality's boundaries, then the municipality shall make like notification to the local conservation commission in the municipality wherein the land is situated.

For Article XCVII land held by a state agency, notification to the secretary shall be required in the time and manner provided in subsection (a) of section 8.

The secretary shall post notification information received on Article XCVII land proposals and replacement plans on the public website of the executive office.

(b) In the event Article XCVII land is to be taken by eminent domain, the authorized board acting for the public owner or other entity shall, within 10 days after adopting a lawful order of intention to take the land, notify the secretary of the proposed taking. Such notification shall be in writing and made in the manner and with any necessary information relevant to the taking of the land as the secretary by regulation shall prescribe.

(c) Regulations adopted by the secretary under subsection (a) shall require that notification by a public owner of a proposed disposition or change in use of Article XCVII land shall provide sufficient information about the proposal and its advantages and disadvantages to the public and the environment. Such regulations shall require current information about the Article XCVII land proposed for disposition or change in use including, but not limited to: (i) a description of the land including its location, natural resource uses and benefits, approximate size and boundaries, devoted and allowed uses and buildings and structures thereon; (ii) the property's fair market value based on the municipal assessment; (iii) whether the land or any part thereof is designated as a wetland, flood zone, public water supply, public water supply protection area or priority habitat for state-listed species that are endangered, threatened or of special concern or subject to chapter 258 of the acts of 1996 or a nondevelopment covenant; (iv) a general description of abutting parcels; (v) any owners that hold a real property interest and a description of each respective interest; (vi) copies of any deeds, easements, covenants, restrictions, declarations and other instruments that are public records and show: (1) each owner's real property interest; and (2) the land's intended use for a specific natural resource purpose; (vii) a description of the proposed disposition or change in use and the reasons for the proposal, including anticipated changes to the land, and the intended grantees of any proposed transfer of a real property interest; and (viii) whether the public owner's acquisition of the land

was obtained with funds, grants or loans from any federal, state or local source or from a donation or bequest with a condition that the gift be used for natural resource purposes.

The regulations shall require that as part of the notification process that the public owner certify in writing to the secretary that the public owner has considered alternatives to the proposed disposition or change in use of the Article XCVII land and has determined no other feasible or practicable alternative exists. The public owner shall provide information about any alternative considered and the reason such alternative was not selected.

- (d) The regulations adopted by the secretary under subsection (a), shall require current information about any plan of the public owner to acquire or provide replacement land including, without limitation: (i) the same kind of information listed in clauses (i) to (iv), inclusive, of subsection (c) specific to the replacement land; (ii) the condition of the land and the relevant current and prior uses of the land; (iii) owners that will hold a real property interest in the replacement land and a description of each respective interest; and (iv) a description of the intended source of the replacement land to be acquired or provided and information about any funds, grants, loans or other consideration to purchase or obtain such replacement land.
- (e) A public owner shall supplement the information in subsections (c) and (d) relative to an Article XCVII land proposal and replacement land plan as the secretary shall prescribe by regulation.
- (f) After receipt of a public owner's notification that contains sufficient information, the secretary shall, if requested by the public owner, provide to the public owner a provisional or final opinion on whether the proposed replacement land plan meets the no-net-loss requirements of subsection (a) of section 2.

Section 4. (a) Notwithstanding the requirements of subsection (a) of section 2, a public owner may request from the secretary a waiver to provide replacement land for a disposition or change in use of the public owner's Article XCVII land. Upon a public owner's written request, the secretary may grant a full or partial waiver releasing the public owner from any requirement to provide replacement land, subject to this subsection. Waiver requests shall be made in the manner and shall include any related information as the secretary shall prescribe. In granting a waiver, the secretary may impose conditions, if necessary, to accomplish the intended purpose of the disposition or change in use of the Article XCVII land. A decision by the secretary to deny a waiver or to grant waiver with conditions shall be in writing and shall state the reasons for that decision. Waivers shall be limited to those circumstances as described below.

A full or partial waiver may be granted when the disposition or change in use of Article XCVII land will: (i) transfer only a right of legal control of the land between state agencies to be held for the same Article XCVII natural resource purposes and, if applicable, with the same reserved uses; (ii) transfer only a right of legal control in the land between any department, division, board or agency of the same municipality to be held for Article XCVII natural resource purposes and, if applicable, with the same reserved uses; (iii) transfer a lease interest for a natural resource purpose or use for a term not exceeding 5 years; (iv) serve to largely protect, preserve or promote the existing natural resource purposes and uses of the Article XCVII land; (v) grant an easement to grade and alter land elevations to prevent erosion or provide lateral support to adjacent land; (vi) grant an easement to allow for the temporary use of the Article XCVII land for a different purpose for a period not exceeding 5 years with the condition that the land be reasonably restored before the easement period ends; (vii) grant an easement or lease for subterranean use of the land for green energy projects that will not affect adversely the dedicated

natural resource purposes of the Article XCVII land; (viii) affect a land area not exceeding 2,500 square feet that is insignificant for the dedicated natural resource purposes of the Article XCVII land; provided, however, that if the land is part of a larger parcel, no other disposition or change in use of that parcel has occurred within 5 years before making a waiver request to the secretary; or (ix) transfer a real property interest of a public owner to another public owner; provided, however, that upon transfer, such interest shall be protected under Article XCVII and shall be used for the same natural resource purposes and allowed uses.

If after a complete review of a public owner's waiver request and replacement land information the secretary determines that there are other extraordinary circumstances in providing suitable replacement land within a particular municipality's boundaries or nearby, the secretary may issue a partial waiver to allow for modified replacement land; provided, however, the overall intent of no net loss of Article XCVII land shall be attained to the maximum extent practicable and the replacement land allowed shall be comparable or better in natural resource value to the Article XCVII land being replaced.

- (b) As a condition for granting to the public owner a full or partial waiver to provide replacement land under clause (vi) of subsection (a) for the temporary use of land, the secretary may require that a performance bond of satisfactory amount for any uncompleted restoration of the land shall be provided.
- (c) When determining whether the square footage of required replacement land is sufficient, the secretary shall not include any aboveground area for an allowed use that is exclusively for other than natural resources purposes related to the replacement land or to the Article XCVII protected land.

(d) When determining whether the proposed replacement land is comparable or better in natural resources value under clause (ii) of subsection (a) of section 2, the secretary shall, in addition to other factors, consider the land's location and condition, intended and allowed uses and overall natural resource benefits.

(e) This chapter and regulations adopted pursuant to this chapter shall not be subject to section 27C of chapter 29.

Section 5. The secretary shall provide to public owners information and education on the policies, requirements and best practices to protect Article XCVII land. To assist a public owner, the secretary as the secretary determines, shall offer advice, guidance and technical assistance with the development of preliminary and proposed plans for the disposition or change in use of Article XCVII land and replacement land alternatives. Such assistance shall include an assessment of the anticipated effect of regional climate change in the development of a proposed plan and any alternative options. Upon request of a public owner, the secretary shall review and make written a evaluation of whether the public owner's preliminary or proposed plan, or any revision of the plan, complies with the Article XCVII no-net-loss requirements under subsection (a) of section 2. A copy of the written evaluation shall be provided to the public owner.

Section 6. (a) The secretary shall provide to the general court a written recommendation to approve or disapprove each legislative petition that proposes a disposition or change in use of Article XCVII land. If possible, the secretary shall make the recommendation before the first public hearing on the petition by a joint legislative committee. The recommendation shall identify the petition and include the secretary's opinion as to whether: (i) the disposition or change in use, including any required replacement land, complies with the Article XCVII no-net-

loss requirements under subsection (a) of section 2; (ii) the disposition or change in use will benefit the public; and (iii) the required replacement land will provide equal or greater public environmental benefits.

The secretary shall also include with such recommendation whether the legislation adequately identifies the Article XCVII land and required replacement land and contains the necessary terms and conditions. In the secretary's statement, the secretary shall detail the reasons for the recommendation on the legislative petition and shall identify all alternatives to the proposed disposition or change in use of the Article XCVII land that were considered and reported by the public owner, including information reported about any alternative that the public owner did not select. If insufficient information about a proposed disposition or change in use of Article XCVII land or replacement land precludes the secretary from giving a full opinion, the secretary shall make known this circumstance and reason in the recommendation.

The secretary shall adopt regulations establishing standards for providing recommendations to the general court on Article XCVII land legislation. The regulations shall allow a recommendation of approval of such legislation if the secretary's opinion agrees with the statements contained in clauses (i) to (iii), inclusive of the first paragraph and, if otherwise, the secretary shall recommend such legislation not be approved. Notwithstanding the foregoing, the regulations shall allow the secretary to recommend approval of the legislation if the secretary determines there are extraordinary circumstances for a proposed disposition or change in use of Article XCVII land or plan for replacement land if: (i) no practicable or feasible alternative exists for the proposed legislation; (ii) the proposed disposition or change in use of Article XCVII land is for a necessary public purpose; (iii) the overall intent of no net loss of Article

XCVII land will be attained to the maximum extent practicable; and (iv) the recommendation provides the reasons for the secretary's determination.

When Article XCVII land is to be taken by eminent domain from a public owner and no replacement land has been proposed, the regulations shall allow the secretary to make a qualified recommendation about the proposed legislation. As part of the recommendation, the secretary shall provide information about the proposed legislation, its advantages and disadvantages to the public and the environment and whether there are any known feasible alternatives to the proposed disposition. The secretary shall also provide an opinion as to whether the nature of the disposition proposed by the proposed legislation would qualify for a full or partial replacement land waiver. The regulations shall require the secretary to detail his reasons for his qualified recommendation.

- (b) If a petition related to Article XCVII land is referred to a legislative committee, the legislative committee may solicit the written recommendation of the secretary on the legislation. The secretary shall respond to the request expeditiously in the manner and using the standards and criteria set forth in subsection (a).
- (c) The secretary shall supplement the secretary's recommendation when Article XCVII legislation is pending, if the secretary determines that there is a subsequent change or event that materially affects a prior response.
- (d) The secretary shall post its recommendations on proposed legislation on the public website of the executive office.

Section 7. (a) In making a determination for a disposition or change in use of Article XCVII land that includes a detailed plan to provide any required replacement land, a municipality shall first obtain the approval of its conservation commission. Approval by a conservation commission shall require a 2/3 vote at an open public meeting of the commission. No vote shall be held unless the conservation commission has conducted a public hearing on the proposed disposition or change in use. The conservation commission shall give notice of such hearing not less than 30 days before the scheduled hearing date and shall provide written notice to the local regional planning agency.

Notwithstanding the first paragraph, if a disposition or change in use of Article XCVII land relates to parkland under the legal control of a municipal park commission or agricultural land under the legal control of a municipal agricultural commission, approval shall be by vote of the respective commission under the same procedures and requirements in the first paragraph for conservation commissions.

- (b) In making a determination for a disposition or change in use of Article XCVII land and after any approval required in subsection (a), a municipality shall obtain the approval of the city council or town meeting. If replacement land is required, a detailed plan to provide such land or land interest shall be included as part of the approval determination by the city council or town meeting. Such approval shall require a 2/3 vote of the city council or a 2/3 vote at an annual or special town meeting in support of the disposition or change in use and any replacement land plan. The vote shall be held at an open public meeting.
- (c) When a municipality holds Article XCVII land sited within the boundaries of another municipality, the conservation commission of the other municipality may make a

recommendation to the secretary on any proposed disposition or change in use of the Article XCVII land. Before making a recommendation, the commission shall, upon reasonable notice, hold a public hearing on the proposal in the municipality. A commission's recommendation to approve or disapprove the proposed disposition or change in use shall be in writing and shall include a statement on the proposal's local environmental impacts with the reasons for its determination. Approval of a recommendation shall require a majority vote of the commissioners at an open meeting of the commission. Any such recommendation to the secretary shall be made not later than 45 days after receiving notification from the municipal owner of the Article XCVII land.

Section 8. (a) When the public owner is a state agency that holds or controls Article XCVII land, the executive head of such agency or the secretary of the executive office in which such agency is located, shall make the initial proposal for any disposition or change in use of the agency's Article XCVII land. The proposal shall include a plan for replacement land or information that the proposed disposition or change in use is eligible for a replacement land waiver under subsection (a) of section 4. Such proposal shall be made in writing to the commissioner of capital asset management and maintenance and, if not making the proposal, to the secretary of energy and environmental affairs.

Prior to making a determination on the proposal and not less than 60 days after receipt of the proposal, the commissioner and the secretary shall conduct a public hearing to consider the proposed Article XCVII land disposition or change in use and any replacement land to be provided by the commonwealth. The public hearing shall be in the municipality wherein the Article XCVII land is located. The commissioner, with approval of the secretary, may waive the public hearing when the proposed disposition or change in use of the Article XCVII land: (i)

affects a land area not exceeding 11,000 square feet and the area is not located in a public park; (ii) affects a land area of a public park not exceeding 11,000 square feet and the area does not exceed 20 per cent of the total square footage of the park parcel; (iii) transfers the land with any existing reserved uses to another state agency to be held for the same or similar Article XCVII natural resource purposes; (iv) establishes a temporary easement related to construction or natural resource project; (v) establishes an easement to alter land grades affecting small portions of the parcel; or (vi) allows reserved uses pertaining to small buildings or structures with a combined total area not exceeding 2,500 square feet.

The commissioner shall provide public notice of such hearing at least 30 days prior to the scheduled hearing date. Such notice shall be posted in the central register and on the public website of the executive office and shall be placed at least once each week for 4 consecutive weeks prior to the hearing in newspapers of general circulation in the locality wherein the Article XCVII land is situated.

In the event the hearing is waived or not required, the commissioner and secretary shall accept written comments for 30 days. Public notice of the comment period shall be posted in the central register and on the executive office's public website.

Within 30 days after any required hearing or comment period, the secretary shall make a determination whether the proposed disposition or change in use of the Article XCVII land and any replacement land plan complies with the Article XCVII no-net-loss requirements under subsection (a) of section 2 or a substitute method under subsection (e) of section 4. Alternatively, the secretary shall determine whether such proposed disposition or change in use qualifies for a replacement land waiver. Such determination shall be in writing and shall provide the reasons for

that decision and any recommendations and comments about the proposal. The secretary shall provide a copy of the determination to the commissioner, the secretary of administration and finance and the state agencies affected by the proposal and shall post the determination on the executive office's public website. The secretary's determination shall be submitted with any request of the commissioner to the general court to authorize the disposition or change in use of such proposed Article XCVII land.

- (b) Nothing in section 4 of chapter 7B sections 33 and 34 of chapter 7C shall limit or modify the requirements of this chapter applicable to the disposition or change in use of Article XCVII land held or controlled by a state agency.
- (c) In the event of an emergency affecting public health and safety that necessitates a temporary and significant change in use of Article XCVII land of the commonwealth, the commissioner of capital asset management and maintenance upon written certification of such emergency and with the approval of the secretary may waive or reduce the time period for any public notice, hearing or comment period required under subsection (a) regarding such land use. The certification shall identify the current and proposed change in use of the land and the commissioner's reasons for the proposed action.

Section 9. (a) When the public owner is a regional conservation district that holds Article XCVII land that it has proposed for disposition or change in use, the supervisors of the conservation district shall approve such disposition or change in use and any plan to provide replacement land. Such approval shall require a 2/3 vote of the supervisors at an open meeting. No vote shall be held unless the supervisors first conduct a public hearing on the proposed disposition or change in use and replacement land plan. Such public hearing shall be conducted

in the municipality where the land protected under Article XCVII is located. The chairperson of the district supervisors shall provide public notice of the hearing not less than 30 days before the scheduled hearing date.

- (b) When the public owner is a county government not abolished by chapter 34 or other law which holds Article XCVII land that it proposes for disposition or change in use, the county commissioners shall approve such disposition or change in use and any plan to provide replacement land. Such approval shall require a 2/3 vote of the county commissioners at an open meeting. No vote shall be held unless the county commissioners conduct a public hearing on the proposed disposition or change in use and replacement land plan. The county commissioners shall provide public notice of the hearing not less than 30 days before the scheduled hearing date.
- (c) When a public owner, other than a municipality, state agency, conservation district or unabolished county government holds Article XCVII land it proposes for disposition or change in use, the public owner shall conduct a public hearing not less than 30 days prior to its final determination on the proposal and any plan to provide replacement land. A final determination to authorize the proposed disposition or change in use of Article XCVII land shall be by a vote of an authorized board, commission or other body of the public owner but if no such board, commission or body exists, then by a written decision of the public owner's executive officer. The hearing shall be conducted in the municipality where the Article XCVII land is situated. The public owner shall give public notice of the hearing not less than 30 days before the scheduled hearing date.

Section 10. The public notice required under sections 8 and 9 for each city or town in which the Article XCVII land is located shall be by separate written notice to the city manager in

the case of a city under a Plan E form of government, the mayor and city council in the case of all other cities, the chair of the board of selectmen in the case of a town, the regional planning agency and the representative members of the general court.

Section 11. A public owner that has made a disposition or change in use of Article XCVII land shall notify the secretary regarding that disposition or change of use when: (i) the public owner acquires or provides any required replacement land; (ii) a temporary easement in the Article XCVII land terminates; (iii) an event or act completes the Article XCVII land disposition or change in use; or (iv) upon any other event or act as the secretary shall establish by regulation. Such notification shall be made in such manner and shall include such information as the secretary shall prescribe.

Section 12. Annually, the secretary shall prepare a comprehensive report describing the work of the executive office relative to the protection of Article XCVII land for the preceding calendar year. The report shall provide information about each disposition and change in use of Article XCVII land and replacement land including, but not limited to: (i) the total number of notifications received, reviews conducted and opinions provided; (ii) the total acreage and description of replacement land required to prevent a no net loss of Article XCVII land; and (iii) the total acreage of Article XCVII land that lost protection. The annual report shall be filed with the clerks of the senate and house of representatives and the chairs of the joint committee on environment, natural resources and agriculture and shall be posted on the public website of the executive office not later than the first Monday of April in the following year.

Section 13. (a) When a public owner's Article XCVII land is taken by eminent domain, the public owner shall, upon receiving the entire damage award for the taking, acquire or provide

suitable replacement land. The replacement land shall meet the no-net-loss requirements of clauses (i) to (4), inclusive, of subsection (a) of section (2); provided, however, that the replacement land required shall be limited by the total value of the award for damages sustained by the public owner resulting from the land taking. The value of any land and additional funds conveyed or transferred to the public owner to replace the loss of Article XCVII land which may be partially or entirely in lieu of damages shall be considered an award for damages for the purpose of determining the total value limitation under this subsection.

Before acquiring or providing replacement land, the public owner shall consult with the secretary to review the proposed replacement land. The secretary shall determine whether the replacement land complies with the no-net-loss requirements subject to after taking into consideration the total value limitations on replacement land. The secretary shall provide the public owner with an opinion as to whether the proposed replacement land is suitable.

The secretary may grant a full or partial waiver to a public owner to acquire or provide replacement land under subsection (a) of section 4 when the public owner's Article XCVII land is taken by eminent domain from the public owner. Notwithstanding the foregoing, if the monetary portion of a damage award and any other compensation received by the public owner are not sufficient to acquire or provide suitable replacement land, upon the public owner's request, the secretary may approve using the money for other public natural resource purposes.

A public owner shall provide such relevant information to the secretary relative to the proposed replacement land under this section as the secretary shall prescribe by regulation.

(b) Notwithstanding any other general law to the contrary, the secretary shall first approve any interest in land conveyed or transferred to a public owner under section 7M of

chapter 81 if the conveyance or transfer is to replace Article XCVII land taken by eminent domain from a public owner.

Section 14. (a) The secretary shall establish a self-subscribing email notification delivery system to send informational emails to the public and government organizations about proposed dispositions of Article XCVII land and recommendations of the secretary on related legislation.

- (b) Information required under this chapter to be posted on the executive office's public website shall also be posted in the environmental monitor.
- (c) The secretary shall not charge a fee for informational emails under subsection (a) or to access information posted on the executive office's public website as required under this chapter.

SECTION 72. Subdivision (2) of section 2D of chapter 132A of the General Laws, as appearing in the 2016 Official Edition, is hereby amended by adding the following sentence:

The commissioner may also offer discounts or waive charges or fees for parking passes for veterans as defined in section 6A of chapter 115.

SECTION 73. Section 14A of chapter 132B of the General Laws, as appearing in the 2016 Official Edition, is hereby amended by striking out subsections (a) and (b) and inserting in place thereof the following 2 subsections:-

(a) Notwithstanding this chapter, the department may assess a civil administrative penalty, not to exceed \$1,000 per violation, on any person who violates this chapter or any regulations promulgated under this chapter, provided, however, that such penalty shall not occur within a 1-year period until after that person has received 1 warning for the same violation from the department. Each day a violation continues shall constitute a separate violation.

(b) The remedies provided in this section shall be available in addition to any other penalties or remedies provided by law or equity. The department may adopt and promulgate regulations to effectuate the purposes of this section.

SECTION 74. Subsection (c) of said section 14A of said chapter 132B, as so appearing, is hereby amended by striking out the first paragraph and inserting in place thereof the following paragraph:-

This penalty shall be assessed in addition to any other civil penalty otherwise provided for by law. Notice of assessment of a penalty pursuant to this section shall be made by service in hand, or by certified mail, return receipt requested, and shall state the amount of the administrative penalty, the date the penalty shall be due, a statement of the violator's right to an adjudicatory hearing pursuant to chapter 30A regarding the assessment, a statement of the actions the person may take in order to avoid assessment of additional penalties or to avoid waiving the right to a hearing relative to the penalty and the manner of acceptable payment if an election to waive a hearing is made.

SECTION 75. The fourth paragraph of section 44 of chapter 85 of the acts of 1994 is hereby amended by inserting after the word "Canton", as appearing in section 127 of chapter 46 of the acts of 2015, the following words:-, Randolph Avenue Stables at 1333 Randolph Avenue in the Blue Hills State Reservation in the town of Milton, 7 Brainard Street in the Stonybrook State Reservation in the Hyde Park section of the city of Boston.

SECTION 76. To meet the expenditures necessary in carrying out section 2, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time but not exceeding, in the aggregate,

\$1,568,500,000. All such bonds issued by the commonwealth shall be designated on their face, Environmental Loan Act of 2018, and shall be issued for a maximum term of years, not exceeding 20 years, as the governor may recommend to the general court under section 3 of Article LXII of the Amendments to the Constitution. The bonds shall be payable not later than June 30, 2043. All interest and payments on account of principal on these obligations shall be payable from the General Fund. Bonds and interest thereon issued under this section shall, notwithstanding any other provision of this act, be general obligations of the commonwealth.

SECTION 77. To meet the expenditures necessary in carrying out section 2A, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time but not exceeding, in the aggregate, \$205,000,000. All such bonds issued by the commonwealth shall be designated on their face, Climate Change Preparedness Loan Act of 2018, and shall be issued for a maximum term of years, not exceeding 20 years, as the governor may recommend to the general court under section 3 of Article LXII of the Amendments to the Constitution. The bonds shall be payable not later than June 30, 2043. All interest and payments on account of principal on these obligations shall be payable from the General Fund. Bonds and interest thereon issued under this section shall, notwithstanding any other provision of this act, be general obligations of the commonwealth.

SECTION 78. To meet the expenditures necessary in carrying out section 2B, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time but not exceeding, in the aggregate, \$60,333,000. All such bonds issued by the commonwealth shall be designated on their face, Clean Water Loan Act of 2018, and shall be issued for a maximum term of years, not exceeding

20 years, as the governor may recommend to the general court under section 3 of Article LXII of the Amendments to the Constitution. The bonds shall be payable not later than June 30, 2043. All interest and payments on account of principal on these obligations shall be payable from the General Fund. Bonds and interest thereon issued under this section shall, notwithstanding any other provision of this act, be general obligations of the commonwealth.

SECTION 79. To meet the expenditures necessary in carrying out section 2C, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time but not exceeding, in the aggregate, \$150,000,000. All such bonds issued by the commonwealth shall be designated on their face, Commonwealth 21st Century Parks and Trails Act of 2018, and shall be issued for a maximum term of years, not exceeding 20 years, as the governor may recommend to the general court under section 3 of Article LXII of the Amendments to the Constitution. The bonds shall be payable not later than June 30, 2043. All interest and payments on account of principal on these obligations shall be payable from the General Fund. Bonds and interest thereon issued under this section shall, notwithstanding any other provision of this act, be general obligations of the commonwealth.

SECTION 80. To meet the expenditures necessary in carrying out section 2D, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time but not exceeding, in the aggregate, \$55,000,000. All such bonds issued by the commonwealth shall be designated on their face, Highway and Streets Projects Act of 2018, and shall be issued for a maximum term of years, not exceeding 10 years, as the governor may recommend to the general court under section 3 of Article LXII of the Amendments to the Constitution. The bonds shall be payable not later than

June 30, 2033. All interest and payments on account of principal on these obligations shall be payable from the General Fund. Bonds and interest thereon issued under this section shall, notwithstanding any other provision of this act, be general obligations of the commonwealth.

SECTION 81. To meet the expenditures necessary in carrying out section 2E, the state treasurer shall, upon request of the governor, issue and sell bonds of the commonwealth in an amount to be specified by the governor from time to time but not exceeding, in the aggregate, \$178,500,000. All bonds issued by the commonwealth as aforesaid shall be designated on their face, Highway Act of 2018, and shall be issued for a maximum term of years, not exceeding 30 years, as the governor recommends in a message to the general court pursuant to section 3 of Article LXII of the Amendments to the Constitution. All such bonds shall be payable not later than June 30, 2053, pursuant to said section 3 of said Article LXII. All interest and payments on account of principal on these obligations shall be payable from the General Fund.

Notwithstanding any other general or special law to the contrary, bonds issued under this section and interest thereon shall be general obligations of the commonwealth.

SECTION 82. Notwithstanding any general or special law to the contrary, the department of conservation and recreation shall conduct a study of a certain parcel of land that was conveyed pursuant to chapter 851 of the acts of 1977 to ensure that the current use of the land complies with the terms of said chapter 851 and the terms of the conveyance executed pursuant to said chapter 851 and shall issue a report on its findings to the senate and house committees on ways and means not later than July 1, 2019.

SECTION 83. Notwithstanding any general or special law to the contrary, the commissioner of conservation and recreation may expend, without further appropriation, sums

collected and held in accordance with chapter 673 of the acts of 1950 on repairs, replacements and improvements to the facilities and buildings on the Dilboy Stadium property in the city of Somerville.

SECTION 84. Notwithstanding section 30 of chapter 29 of the General Laws or section 65 of chapter 30 of the General Laws, a portion of the funds authorized in this act may be used for the costs associated with the purchase of title insurance and services for title examinations, reports and certifications; provided, however, that any executive department or state agency expending such funds shall maximize efforts and utilize all available means to minimize use of capital funds for such purposes.

SECTION 85. Notwithstanding any general or special law to the contrary, any executive department or state agency expending funds authorized in this act shall maximize efforts and utilize all available means to minimize use of capital funds to pay for services rendered by agency employees or consultants.

SECTION 86. Notwithstanding any general or special law to the contrary, upon acquiring any fee interest in land for purposes pursuant to Article XCVII of the Amendments to the Constitution, all state agencies, commissions and boards expending or receiving state funds under this act shall obtain the approval of the secretary of energy and environmental affairs before implementing or endorsing any prohibition of fishing, hunting or trapping on that land and shall provide the secretary with written justification of the prohibition.

SECTION 87. The sums made available in sections 2 to 2E, inclusive, shall be available for expenditure in the 5 fiscal years following June 30 of the calendar year in which the appropriation is made and any portion of such appropriation representing encumbrances

outstanding on the records of the state comptroller's office at the close of the fifth fiscal year may be applied to the payment thereof any time thereafter.

SECTION 88. Each agency acquiring land or an interest in land under this act may expend an amount not to exceed 5 per cent of the amount appropriated to that agency for the purpose of reimbursing nonprofit land conservation organizations or land trusts for reasonable expenses directly associated with the acquisition of land or interests in land subsequently conveyed to the commonwealth. Reimbursements shall be made at the discretion of the agency. The secretary of energy and environmental affairs shall determine by regulation what shall constitute reasonable expenses. If the commonwealth does not take title to the property through no fault of the nonprofit organization or the commonwealth, the commonwealth may reimburse the nonprofit organization for reasonable expenses associated with due diligence. An organization receiving a reimbursement under this section shall convey the land or interest in land to the agency for an amount not to exceed the actual purchase price paid by the organization for the land or interest in land in addition to any reimbursement received under this section.

SECTION 89.To provide for the continued availability of certain bond-funded spending authorizations which otherwise would expire, the unexpended balances of the following capital accounts are hereby extended through June 30, 2023, for the purposes of and subject to the conditions stated for these items in the original authorizations and any amendments to such authorizations: 2000-2010, 2000-2011, 2000-2012, 2000-2013, 2000-2014, 2000-2015, 2000-2016, 2000-2017, 2000-2018, 2000-2019, 2000-2020, 2000-2021, 2000-2022, 2000-2023, 2000-2024, 2000-2025, 2000-2026, 2000-2028, 2000-2029, 2000-2035, 2000-6966, 2000-6967, 2000-6969, 2000-7013, 2000-7014, 2000-7015, 2000-7016, 2000-7018, 2000-7022, 2000-7023, 2000-7024, 2000-7025, 2000-7026, 2000-7028, 2000-7029, 2000-7031, 2000-7051, 2000-7052, 2000-70

- 2555 7053, 2000-7054, 2000-7055, 2000-7056, 2000-7057, 2000-7058, 2000-7059, 2000-7060, 2000-2556 7061, 2000-7062, 2000-7063, 2000-7066, 2000-7070, 2200-2011, 2200-2014, 2200-2015, 2200-2557 2017, 2200-2019, 2200-7011, 2200-7012, 2200-7013, 2200-7014, 2200-7015, 2200-7017, 2200-2558 7018, 2200-7021, 2200-7023, 2200-7025, 2200-7991, 2240-8820, 2250-8820, 2250-8822, 2300-2559 2010, 2300-2011, 2300-2012, 2300-2014, 2300-2017, 2300-7010, 2300-7011, 2300-7013, 2300-2560 7014, 2300-7016, 2300-7017, 2300-7018, 2300-7020, 2300-7021, 2300-7023, 2300-7024, 2300-2561 7025, 2300-7026, 2300-7027, 2300-7028, 2500-7011, 2500-7012, 2500-7013, 2500-7014, 2500-2562 7023, 2500-7024, 2800-0103, 2800-0109, 2800-0611, 2800-2019, 2800-7011, 2800-7012, 2800-2563 7013, 2800-7015, 2800-7016, 2800-7017, 2800-7018, 2800-7019, 2800-7022, 2800-7027, 2800-2564 7031, 2800-7032, 2800-7035, 2800-7097, 2800-7098, 2800-7107, 2800-7108, 2800-7109, 2810-2565 3302, 2810-7872, 2810-8802, 2820-1420, 2820-2011, 2820-2012, 2820-8861, 2840-2013, 2840-2566 2014, 2840-2019, 2840-2023, 2840-7017, 2840-7024, 2840-7026, 2840-7027, 2840-7993, 2850-2567 6967, 2850-9951, 2890-2023, 2890-2040, 2890-7010, 2890-7011, 2890-7020, 2890-7035, 6720-2568 1350, 6720-1335, 7100-3022, 9300-3909, 9300-7010, 9300-7030, 9300-7031, 9300-7909, 9300-2569 7918, 9300-7919.
- 2570 SECTION 90. The first state plan required by section 10 of chapter 21N of the General
  2571 Laws shall be completed not later than September 16, 2018.

2572

SECTION 91. Any person serving as an inspector of animals on the effective date of this act shall, within 1 year after such effective date, complete all state-funded training that the director of animal health determines is required for newly-appointed inspectors of animals under section 18 of chapter 129 of the General Laws, as appearing in section 23.

SECTION 92. (a)(1)Notwithstanding sections 32 to 37 of chapter 7C of the General Laws or any other general or special law to the contrary, the commissioner of capital asset management and maintenance, in consultation with the department of conservation and recreation, may grant nonexclusive permanent easements to the city of Quincy over portions of a certain parcel of land held for conservation and recreation purposes, such land being adjacent to the Furnace Brook and along the Furnace Brook Parkway approximately from Dayton street in the north to Cross street in the south and as depicted on site plans entitled "Exhibit B – Furnace Brook Enhancements Permanent Easement Plans", dated May 30, 2018, prepared by Woodard & Curran.

- (2) The permanent easements shall be used solely for the operation and maintenance of the improvements associated with the flood control plan and grading established for flood compensation, subject to the requirements of this section and to such additional terms and conditions consistent with this section as the commissioner of capital asset management and maintenance may prescribe. Prior to granting any easement, the division of capital asset management and maintenance may make minor modifications to the plan and easement areas to carry out the purposes of this section.
- (b) An independent appraisal of the fair market value and value in use of the easements described in subsection (a) shall be prepared in accordance with the usual and customary professional appraisal practices by a qualified appraiser commissioned by the commissioner of capital asset management and maintenance. Consideration for the grant of the easements described in said subsection (a) shall be the full and fair market value or the value in proposed use, whichever is greater, as determined by the commissioner of capital asset management and calculated with regard to its full development potential as assembled with other lands owned or

otherwise controlled by the city. The commissioner of capital asset management and maintenance shall submit the appraisal to the inspector general for review and comment. The inspector general shall review and approve the appraisal and the review shall include an examination of the methodology utilized for the appraisal. The inspector general shall prepare a report of such review and file the report with the commissioner of capital asset management and maintenance for submission by the commissioner to the house and senate committees on ways and means and the joint committee on state administration and regulatory oversight. The commissioner shall submit copies of the appraisal and the inspector general's review and approval and comments, if any, to the house and senate committees on ways and means and the joint committee on state administration and regulatory oversight at least 15 days prior to the execution of any documents effecting the transfers described in said subsection (a).

(c) To ensure a no-net-loss of lands protected for natural resource purposes, the city of Quincy shall compensate the commonwealth for the easements described in subsection (a) through the transfer to the department of conservation and recreation of land, an interest of land or funding for the acquisition of land or an interest therein equal to or greater than the highest appraised value as determined under subsection (b). The fair market value of any land or interest in land proposed to be conveyed by the city to the department shall be included within the appraisal prepared pursuant to said subsection (b). The land, interest in land or funding shall be acceptable to the department of conservation and recreation and any land or interest in land, whether conveyed by the city or acquired by the department, shall be permanently held and managed for conservation and recreation purposes by the department. If the appraised value of any land or interests in land proposed for conveyance to the commonwealth are determined to be greater than the appraised value of the easements described in said subsection (a), the

commonwealth shall have no obligation to pay the difference to the city. All payments paid to the commonwealth as a result of the conveyances or grants authorized in this section shall be deposited in the Conservation Trust established in section 1 of chapter 132A of the General Laws.

(d) The city of Quincy shall assume all costs associated with engineering, surveys, appraisals, deed preparation and other expenses deemed necessary by the commissioner of capital asset management and maintenance to execute the easements authorized in this section

SECTION 93. The executive office of energy and environmental affairs shall submit an annual report detailing the progress of any projects funded through the authorizations of this act to the chairs of the joint committee on environment, natural resources and agriculture; the chairs of the senate and house committees on bonding; and the clerks of the house of representatives and the senate. The report shall include, but not be limited to, a description of any projects, previous year planned spending, previous year spending, current year planned spending, current year spending to date, original estimated project cost, total project cost to date, type of spending, type of asset and predicted useful life of the project once completed. The initial report shall be submitted not later than December 30, 2018 and subsequent reports shall be submitted not later than June 30 of each year thereafter for 10 years after the effective date of this act.

SECTION 94. Notwithstanding any general or special law to the contrary, the director of marine fisheries, in consultation with the commissioner of fish and game, shall, by October 31, 2018, conduct and publish a study of the current lobster fishery and provide a recommendation as to the advisability of enacting statutory and regulatory changes to allow the processing of lobster parts, other than lobster tails weighing 3 ounces or more, for sale in the commonwealth.

The study shall include an economic and market analysis of potential impacts and benefits, assessment of potential state and federal law enforcement issues associated with a change in legislation or regulations, an assessment on the impacts of such changes on interjurisdictional fisheries management and a review and analysis of the potential biological and population dynamics of the HomarusAericanus species as a result of such changes.

SECTION 95. There shall be a special commission to study and report on the feasibility of transferring ownership of Willett Pond and its appurtenances to the department of conservation and recreation to provide new public access for outdoor recreation and to preserve the species and ecosystem of the pond. The study shall examine costs related to the transfer, including transferring ownership at no cost to the commonwealth.

The commission shall consist of: 3 persons to be appointed by the speaker of the house of representatives; 3 persons to be appointed by the president of the senate; the secretary of energy and environmental affairs or a designee; the commissioner of conservation and recreation or a designee; the commissioner of fish and game or a designee; the chairs of the boards of selectmen of the towns of Walpole, Westwood and Norwood or their designees; a representative from the Willett Pond Charitable and Protection Association, Inc. or a designee; a representative from the North Walpole Fish and Game Club, Inc. or a designee; a representative from the Neponset River Watershed Association, Incorporated or a designee. The commission shall submit its recommendations, including drafts of any proposed legislation, by filing the same with the clerks of the senate and house of representatives not later than March 31, 2019.

SECTION 96. There shall be a special legislative commission to make an investigation and study relative to ocean acidification. The commission shall: (i) identify the actual and

potential effects of coastal and ocean acidification on commercially-valuable marine species; (ii) identify the scientific data and knowledge gaps that may hinder the commonwealth's ability to craft policy and other responses to coastal and ocean acidification; and (iii) prioritize the strategies for filling those gaps to provide policies and tools to respond to the adverse effects of coastal and ocean acidification on commercially-important fisheries and the commonwealth's shellfish aquaculture industry.

- (b) The commission shall consist of: the house and senate chairs of the joint committee on environment, natural resources and agriculture who shall be co-chairs of the commission; 3 members of the senate, 1 of whom shall be appointed by the minority leader; 3 members of the house of representatives, 1 of whom shall be appointed by the minority leader; the director of marine fisheries or a designee; the commissioner of environmental protection or a designee; the director of coastal zone management or a designee and 8 persons to be appointed by the governor, 2 of whom shall be representatives of an environmental or community group, 3 of whom shall be commercial fishermen, including 1 who shall be a holder of a shellfish aquaculture license, 1 who shall be a holder of a commercial fisherman lobster permit and 1 who shall be a holder of a commercial fisherman shellfish permit and 3 of whom shall be scientists who have studied coastal or ocean acidification:.
- (c) All appointments shall be made not later than 30 days after the effective date of this section. The co-chairs shall convene the first meeting of the special commission within 45 days after all appointments have been made.
- (d) The commission shall meet at least 4 times to review, study and analyze existing scientific literature and data on coastal and ocean acidification and how it has affected or

potentially will affect commercially-harvested and grown species along the and shall address: (i) the factors contributing to coastal and ocean acidification; (ii) how to mitigate coastal and ocean acidification; (iii) critical scientific data and knowledge gaps pertaining to coastal and ocean acidification as well as critical scientific data and knowledge gaps pertaining to the effects of coastal and ocean acidification on species that are commercially harvested and grown along the commonwealth's coast; (iv) steps to strengthen existing scientific monitoring, research and analysis regarding the causes of and trends in coastal and ocean acidification; and (v) steps to take to provide recommendations to the general court and to increase public awareness of coastal and ocean acidification.

(e) The commission shall include in its review of the relevant scientific literature and data the results of studies presented at the conferences or workshops held in New England or the northeast region that relate to coastal and ocean acidification and shall coordinate with the Northeast Coastal Acidification Network and the National Caucus of Environmental Legislators to prevent duplication of effort. The commission shall conduct public hearings to gather information and the joint committee on environment, natural resources and agriculture shall provide staff and other resources as the co-chairs consider appropriate. The commission shall submit a report of its findings and recommendations, together with drafts of legislation necessary to carry out those recommendations, by filing the same with the clerks of the senate and house of representatives and the joint committee on environment, natural resources and agriculture not later than December 31, 2018.

SECTION 97. Notwithstanding any general or special law to the contrary, the department of environmental protection shall assess its authority to address impacts of a municipal withdrawal of water on bordering or nearby municipal surface water source affected

by the withdrawal pursuant to a permit granted under chapter 21G of the General Laws and report its finding to the clerks of the senate and house or representatives not later than December 31, 2018.

SECTION 98. The department of energy resources shall promulgate guidelines for illumination by new permanent outdoor fixtures for applications under section 38 of chapter 85 of the General Laws so that the illuminance levels required for the intended purpose as defined in the most recent edition of The Lighting Handbook published by the Illuminating Engineering Society shall be used; provided, however, that if a municipal or county ordinance or regulation specifies a different illuminance level, the illuminance level required for the intended purpose by the ordinance or regulation may be used.

SECTION 99. The Massachusetts Department of Transportation shall review and issue a report on roadway lighting and lighting operational costs. The report shall include a review of warranting and other criteria for roadway lighting and an analysis of lighting operational costs, actions taken by the department to comply with current standards, procedures and accepted best practices relative to roadway lighting and a plan to reduce lighting operational costs through the replacement of existing lower-wattage, fully shielded fixtures and the replacement of unnecessary roadway lighting with the installation of passive safety measures. The department shall issue its report to the department of energy resources and the clerks of the senate and the house of representatives not later than January 1, 2019.

SECTION 100. The department of public utilities shall, subject to its ratemaking authority, develop a rate for part-night service, dimming and controls-operated for unmetered

roadway or parking-lot lighting to apply to each new electric utility rate case submitted after January 1, 2019.

SECTION 101. (a) The commissioner of environmental protection shall establish performance standards for the reduction of municipal solid waste, as described in subsection (b), to achieve the purposes of the solid waste master plan and greenhouse gas reduction plan and to protect the natural environment, preserve resources, achieve progress toward the goals to reduce greenhouse gases and create green jobs. The performance standards shall be promulgated by July 1, 2019.

- (b) The department of environmental protection shall establish performance standards for municipal solid waste reduction in each municipality on the basis of pounds per capita of solid waste disposed. The standards shall reduce solid waste to not more than 600 pounds per capita by July 1, 2020 and not more than 450 pounds per capita by July 1, 2024. A municipality that does not administer trash and recycling collection shall be exempt from meeting performance standards for municipal solid waste reduction established in this section; provided, however, that the municipality shall confer with its residents and private waste disposal companies to establish solid waste performance standards for the municipality.
- (c) Not later than December 1, 2019, the secretary of energy and environmental affairs, in consultation with the department of environmental protection and the department of energy resources, shall develop a municipal solid waste standards action plan to assist municipalities in achieving the standards set forth in subsections (a) and (b) The secretary shall review the effectiveness of existing recycling programs and other incentives available to achieve these standards and shall make any recommendations available to the public on the website of the

executive office of energy and environmental affairs. Recommendations may include, but shall not be limited to, potential regulatory or statutory changes to the solid waste master plan, the Clean Energy and Climate Plan for 2020 or the green communities program. The secretary shall consult with the solid waste advisory committee in developing the plan.

- (d) Annually, not later than September 1, each city and town shall report to the department of environmental protection the total weight of solid waste disposed of through the solid waste program of the city or town during the prior fiscal year, as well as the number of households and residents who participated in the program; provided, however, that if a city or town enters into a contract with a solid waste hauler for the transportation of material for disposal and recycling, the contract may provide for the solid waste hauler to make the report to the department. If the department makes a determination that a city or town has not met the municipal solid waste reduction performance standards as prescribed by the department by July 1, 2020, that city or town shall submit a report to the department setting forth the reasons that the town did not meet the standards and detailing a plan to achieve the performance standards by July 1, 2024. The department shall issue a report on the municipal solid waste programs not later than December 1 of that year that provides per capita solid waste disposal statistics for the municipal solid waste programs and shall file the report with the clerks of the senate and house of representatives and the senate and house chairs of the joint committee on environment, natural resources and agriculture. The report may disaggregate solid waste tonnage information to highlight categories of waste, including waste that is beyond the control of a city or town such as waste created as a result of a natural disaster.
- (e) A city or town that has a high risk of failing to reach the per capita municipal solid waste reduction standard under subsection (b) may file hardship documentation with the

department of environmental protection detailing the reasons for not reaching the municipal solid waste reduction standard. The department shall prioritize sustainable materials recovery program municipal grant applications from cities and towns that submit hardship documentation under this section.

- (f) Notwithstanding any general or special law to the contrary, in a city or town that does not provide solid waste removal, a privately contracted waste disposal and trash hauling contract entered into on or after the effective date this act shall include a recycling option for the customers served under the contract.
  - (g) Subsections (a) to (f), inclusive, shall be subject to appropriation.

SECTION 102. Notwithstanding any special or general law, there shall be a special commission to scope a state grant or low-interest loan program for structural elevation or acquisition of properties prone to flooding in the commonwealth. Components of consideration for the structure of the program shall include: (i) funding sources; (ii) eligible expenses; (iii) applicant eligibility; (iv) the establishment of a cost-benefit analysis in determining applicant eligibility; and (v) program expenditures and pay outs.

The special commission shall consist of: 2 members of the house of representatives, 1 of whom shall be appointed by the minority leader; 2 members of the senate, 1 of whom shall be appointed by the minority leader; the chair of the state board of building regulation and standards or a designee; 2 persons to be appointed by the director of the Massachusetts Emergency Management Agency, 1 of whom shall be a contractor with experience in home elevations and 1 of whom shall be an insurance agent with knowledge in flood insurance and experience in guiding and consulting for mitigation activities; the acting state hazard mitigation officer of the

state hazard mitigation team; the acting hazard mitigation grants supervisor of the state hazard mitigation team; a licensed lender with knowledge in flood insurance, 203K home loan lending and traditional loans used for mitigation activities who shall be appointed by the acting state hazard mitigation officer of the state hazard mitigation team; and 2 persons to be appointed by the governor, 1 of whom shall be a representative from a statewide environmental group and 1 of whom shall be a representative from the executive office of public safety and security with knowledge of the federal hazard mitigation grant program and experience with mitigation activities. The first meeting of the special commission shall take place not later than December 1, 2018.

The special commission shall submit its preliminary draft of any recommendations or legislation to the clerks of the senate and house of representatives and the joint committee on environment, natural resources and agriculture not later than December 1, 2019. The special commission shall submit its final draft of the program scope, together with any additional recommendations or drafts of legislation necessary to carry those recommendations into effect, by filing the same with the clerks of the senate and house of representatives and the joint committee on environment, natural resources and agriculture not later than December 1, 2020.

SECTION 103. Notwithstanding any general or special law to the contrary, the secretary of energy and environmental affairs shall explore the feasibility of more extensive engagement with the United States Army Corp of Engineers to ensure beneficial reuse of dredged sand material. The study and any recommendations shall be submitted to the clerks of the senate and house of representatives not later than December 31, 2018.

| 2820 | SECTION 104. The secretary of energy and environmental affairs may, by regulation,                 |
|------|--|
| 2821 | modify the loan terms of subsection (d) of section 27 of chapter 21A of the General Laws;          |
| 2822 | provided, however, that no modifications shall be made before January 1, 2022.                     |
| 2823 | SECTION 105. Not later than January 6, 2020, the director of animal health shall file a            |
| 2824 | report with the department of agricultural resources outlining the process, timeline and steps for |
| 2825 | designing and implementing the database pursuant to section 25 of chapter 129 of the General       |
| 2826 | Laws.  |
| 2827 | SECTION 106. Not later than 1 year after the effective date of this act, the secretary of          |
| 2828 | energy and environmental affairs shall promulgate regulations for the requirements,                |
| 2829 | administration and enforcement of chapter 131B of the General Laws.                                |
| 2830 | SECTION 107. Sections 4, 28 to 46, inclusive, 48 to 51, inclusive, 53 to 70, inclusive,            |
| 2831 | and 72 shall take effect 90 days after the effective date of this act.                             |
| 2832 | SECTION 108. Section 14 shall take effect on August 1, 2019.                                       |
| 2833 | SECTION 109. Section 47 shall take effect on March 15, 2019.                                       |
