17 authority may issue to an applicant authorized to operate a farmer-brewery under section 19C or  
18 in any other state a special license for the sale of beer produced by or for the licensee in sealed

19 bottles for off-premise consumption at an indoor or outdoor agricultural event, provided that  
20 such producer does not exceed six million barrels of malt beverages. All sales of beer shall be  
21 conducted by an agent, representative, or solicitor of the licensee to customers who are at least  
22 21 years of age. A licensee under this section may provide, without charge, samples of beer to  
23 prospective customers at an indoor or outdoor agricultural event. All samples of beer shall be  
24 served by an agent, representative, or solicitor of the licensee to individuals who are at least 21  
25 years of age and all samples shall be consumed in the presence of such agent, representative, or

39 following factors: (i) operation as a farmers’ market or agricultural fair approved or inspected by  
40 the department; (ii) frequency and regularity of the event, including dates, times and locations;

57 calendar year. The special license shall be displayed conspicuously by the licensee at the

58 licensed premises. A copy of a special license granted by the local licensing authority shall be  
59 submitted by the authority to the commission at least 7 days prior to the date the agricultural  
60 event is first scheduled to begin. The local licensing authority may charge a fee for each special  
61 license granted, but such fee shall not exceed fifty \$50. A special license granted under this
