#### Fiscal Detail and Notes

Under current law agents who collect the \$5 deer registration fee when a harvested deer is registered remit \$3 to the Department of Inland Fisheries and Wildlife (DIFW) and retain \$2. Instead, this bill will require the total amount of the registration fee to be remitted to DIFW with the \$2 deposited in the Deer Management Fund (DMF). Using an estimated 35,814 registrations, which is the average number of harvested deer from 2018 through 2023, the additional \$2 will generate \$71,628 annually beginning in fiscal year 2024-25. The bill includes a corresponding allocation to allow for the expenditure of additional revenue.

This bill also removes a ratio for types of expenditures from the DMF and adds new allowable uses of the fund. The bill also directs DIFW to incorporate a check-off box to the online licensing system to allow donations for assisting with deer conflict prevention and management which will increase Other Special Revenue Funds revenue.
