

130th MAINE LEGISLATURE

FIRST REGULAR SESSION-2021

Legislative Document

No. 1001

H.P. 739

House of Representatives, March 10, 2021

An Act To Ensure Parents' Access to Their Minor and Adult Children with Special Needs

(EMERGENCY)

Reference to the Committee on Health and Human Services suggested and ordered printed.

ROBERT B. HUNT Clerk

R(+ B. Hunt

Presented by Representative LEMELIN of Chelsea. Cosponsored by Senator MOORE of Washington and Representatives: CONNOR of Lewiston, GRIFFIN of Levant. **Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

Whereas, the separation of parents and guardians from their children and from the persons with special needs for whom they are responsible who are admitted into a hospital or care facility can cause irreparable damage both psychologically and physically to the parties; and

Whereas, in any state of emergency the need for access of family members and responsible parties to their children and persons with special needs is acute; and

Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 22 MRSA §20-A is enacted to read:

§20-A. Right of access to children and persons with special needs

Notwithstanding the provisions of this Title and Title 37-B, chapter 13 to the contrary, a parent or guardian whose child or person with special needs for whom the parent or guardian is responsible is admitted into a hospital or any care facility under this Title is allowed access to the child or person with special needs unless the parent's or guardian's access has been limited by a court of law. If a parent or guardian is unable to exercise access to the child or person with special needs, the parent or guardian may assign another person access to the child or person with special needs in the parent's or guardian's absence.

Emergency clause. In view of the emergency cited in the preamble, this legislation takes effect when approved.

25 SUMMARY

This bill directs that, even during a state of emergency, parents and guardians of children and persons with special needs who are admitted into a hospital or care facility be allowed access to the child or person with special needs unless the parent's or guardian's access has been limited by a court. If a parent or guardian is unable to exercise access to the child or person with special needs, the parent or guardian may assign another person access to the child or person with special needs in the parent's or guardian's absence.
