SUMMARY

This amendment is the majority report of the Joint Standing Committee on Education and Cultural Affairs. The amendment removes the provisions in the bill that propose to change the following components of the Essential Programs and Services Funding Act:

1. The definition of "property fiscal capacity" upon which a local school administrative unit's fiscal capacity is based;
2. The removal of the reduction of federal Title I funds from the calculation of salaries and benefits costs for teachers and other school-level staff who are not teachers from the EPS per-pupil rate calculated by the Commissioner of Education for each school administrative unit; and
3. The removal of the benefits costs for teachers and other school-level staff from the calculation of salary costs included in the regional adjustment in the total operating allocation for school administrative units based on the regional differences in teacher salary costs for the labor market areas in which school administrative units are located.

The amendment also adds an adjustment for a school administrative unit that is a minimum subsidy receiver if the percentage of economically disadvantaged students in the school administrative unit is greater than the state average percentage of economically disadvantaged students and the school administrative unit operates a school.

This amendment also adds an appropriations and allocations section.
