## 25 SUMMARY

26 This bill makes changes to improve the effectiveness of the Maine Seed Capital Tax  
27 Credit Program based upon concerns raised in the 2021 tax expenditure evaluation report  
28 of the Office of Program Evaluation and Government Accountability. The bill makes the  
29 following changes.

30 It reduces the tax credit from 40% to 30% of the eligible investment.

31 It raises the aggregate investment limit from \$3,500,000 to \$6,000,000 with not more  
32 than \$5,000,000 in a single calendar year.

33 It removes from eligibility investments in visual media production companies.

34 It defines export activities more narrowly.

35 It provides standards for review by the Finance Authority of Maine of applications for  
36 a tax credit certificate.

37 It increases the amount of information required to be provided in annual reports by  
38 eligible businesses to the Finance Authority of Maine and provides a financial penalty if a  
39 credit certificate is revoked for failure to report.

40 It requires an application for a tax credit certificate to be submitted within 60 days after  
41 the date of the investment.

1           It prohibits credits for investors and their family members who hold more than 25%  
2 interest in the business receiving the investment.

3           It provides that the tax credit for individual investors is refundable.

4           It requires the state agencies administering the seed capital tax credit to establish a  
5 working group to review issues identified by the Office of Program Evaluation and  
6 Government Accountability report relating to administration of the credit and submit a  
7 report making recommendations for improvements to the joint standing committee of the  
8 Legislature having jurisdiction over taxation matters and to the Office of Program  
9 Evaluation and Government Accountability by December 1, 2022.
