## SUMMARY

This amendment transfers the responsibility of reporting to the joint standing committees of the Legislature having jurisdiction over slot machines, harness racing, agricultural fairs and appropriations

and financial affairs on the use of slot machine revenues by commercial tracks, agricultural fairs, off-track betting facilities and standardbred horse breeders from the entities themselves to the executive director of the State Harness Racing Commission, in consultation with the Commissioner of Agriculture, Food and Rural Resources. The reporting requirements for other recipients of slot machine revenue under the bill are not changed. The amendment requires the commissioner, in consultation with the State Harness Racing Commission, to adopt rules to ensure the reporting requirements are met. The amendment strikes some of the more detailed reporting requirements, including the number of people attending harness races at commercial tracks, detailed payroll information and the number of races originating in the State for simulcasting outside of the State. The amendment makes changes to the information required of horsebreeders in the Maine Standardbred program by clarifying how to quantify the number of Maine Standardbred horses and how to report money from the Sire Stakes Fund. It removes the requirement that the number of breeders and the breeders' geographic locations be reported.
