38	Sec. 5. 37-B MRSA §742, sub-§1-A is enacted to read:
39 40 41	1-A. Limitation on emergency powers. The exercise of any emergency power the Governor or other state or local official may have under the Constitution of Maine or the laws of this State that binds or regulates the public is limited as provided in this subsection.

- A. As used in this subsection, unless the context otherwise indicates, the following terms have the following meanings.
 - (1) "Emergency order" means an order, decree, regulation or other mandate proclaimed or promulgated by the Governor or a state or local official.
 - (2) "State or local official" means the Governor, a person within the executive branch or an elected or appointed member of a municipal government.
 - B. Notwithstanding subsection 1, paragraph D or any other law to the contrary, an emergency order that is issued by a state or local official that binds, curtails or infringes the rights of private parties must be narrowly tailored to serve a compelling health or safety purpose. Each emergency order must be limited in duration, applicability and scope in order to reduce any infringement of individual liberty.
 - C. A court of this State has jurisdiction to hear a case challenging the legality of an emergency order, including compliance with the limitations imposed on emergency orders pursuant to this subsection. A court shall expedite consideration of a challenge brought pursuant to this paragraph to the extent practicable. Inequality in the applicability of the impact of emergency orders on analogous groups, situations and circumstances may constitute one ground among others for a court to invalidate or enjoin an emergency order, or some of its applications, on the basis that it is not narrowly tailored to serve a compelling public health or safety purpose.

20 SUMMARY

This bill places limitations on the powers of the Governor to issue and maintain powers pursuant to an emergency proclamation, including:

- 1. Limiting the length of the time period of an emergency proclamation to 7 days;
- 2. Requiring an extension of an emergency proclamation beyond 7 days to be approved by a 2/3 vote of each House of the Legislature;
- 3. Allowing the Senate or House, individually, by a majority vote, to discontinue an emergency proclamation;
- 4. Prohibiting the Governor, during a state of emergency, from reissuing or renewing an emergency proclamation, issuing a similar proclamation to one that has expired or reissuing an emergency proclamation that the Legislature has discontinued; and
- 5. Providing that a violation by the Governor of the exercise of emergency powers is an impeachable offense.

This bill allows the Legislature to debate and vote by remote or other electronic means on the extension or discontinuation of a Governor's emergency proclamation.

This bill also requires the emergency powers exercised by the Governor, a person within the executive branch or a municipal official that bind, curtail or infringe on the rights of private parties to be narrowly tailored to serve a compelling health or safety purpose and to be limited in duration, applicability and scope to reduce any infringement of individual liberty.

Finally, this bill gives a state court jurisdiction to hear a case challenging the legality of the exercise of emergency powers and requires the court to expedite consideration of the

case to the extent practicable. Inequality in the applicability of impact of emergency orders on analogous groups, situations and circumstances may constitute one ground among others for a court to invalidate or enjoin an emergency order, or some of its applications, on the basis that it is not narrowly tailored to serve a compelling public health or safety purpose.
