Senate Bill 289 (as introduced 3-24-21)
Sponsor: Senator Aric Nesbitt
Committee: Elections

Date Completed: 5-26-21

CONTENT

The bill would amend the Management and Budget Act to do the following:

- Specify that Federal funds that must be used for election-related purposes would have to be spent upon appropriations in a budget act, if receiving or spending the funds were dependent upon satisfying certain conditions placed by the Federal government.**
- Require Federal funds that were not appropriated in a budget act within 90 days after the State or State agency received the funds to be returned to the Federal government.**

If the State or a State agency received or was eligible to receive Federal funds that would have to be used for election-related purposes, and the Federal funds could be received or expended only after satisfying certain conditions placed by the Federal government, the funds could not be expended upon appropriations in a budget act. If the Federal funds were not appropriated in a budget act within 90 days after the State or State agency received the funds, the funds would have to be returned to the Federal government.

MCL 18.1453

Legislative Analyst: Dana Adams

FISCAL IMPACT

The bill would have no fiscal impact on State or local government.
