42.24	Subd. 1a. Statewide and local assessments; results. (a) For purposes of this section,
42.25	the following definitions have the meanings given them.
42.26	(1) "Computer-adaptive assessments" means fully adaptive assessments.
42.27	(2) "Fully adaptive assessments" include test items that are on-grade level and items that
42.28	may be above or below a student's grade level.
42.29	(3) "On-grade level" test items contain subject area content that is aligned to state

CM

standards to the extent it is aligned with content represented in state academic standards 43.1 above the grade level of the student taking the assessment. Notwithstanding the student's 43.2 43.3 grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards. 43.4

43.5 (5) "Below-grade level" test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards 43.6 to the extent it is aligned with content represented in state academic standards below the 43.7 student's current grade level. Notwithstanding the student's grade level, administering 43.8 below-grade level test items to a student does not violate the requirement that state 43.9 assessments must be aligned with state standards. 43.10

43.11 (b) The commissioner must use fully adaptive mathematics and reading assessments for grades 3 through 8. 43.12

(e) (a) For purposes of conforming with existing federal educational accountability 43.13 requirements, the commissioner must develop and implement computer-adaptive reading 43.14 and mathematics assessments for grades 3 through 8, state-developed high school reading 43.15 and mathematics tests aligned with state academic standards, a high school writing test 43.16 aligned with state standards when it becomes available, and science assessments under 43.17 clause (2) that districts and sites must use to monitor student growth toward achieving those 43.18 standards. The commissioner must not develop statewide assessments for academic standards 43.19 in social studies, health and physical education, and the arts. The commissioner must require: 43.20

(1) annual computer-adaptive reading and mathematics assessments in grades 3 through 43.21 8, and high school reading, writing, and mathematics tests; and 43.22

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades 43.23 6 through 8 span, and a life sciences assessment in the grades 9 through 12 span, and the 43.24 commissioner must not require students to achieve a passing score on high school science 43.25 assessments as a condition of receiving a high school diploma. 43.26

43.27

(d) (b) The commissioner must ensure that for annual computer-adaptive assessments:

(1) individual student performance data and achievement reports are available within 43.28 three school days of when students take an assessment except in a year when an assessment 43.29 reflects new performance standards; 43.30

(2) growth information is available for each student from the student's first assessment 43.31 to each proximate assessment using a constant measurement scale; 43.32

CM

44.1 (3) parents, teachers, and school administrators are able to use elementary and middle
44.2 school student performance data to project students' secondary and postsecondary
44.3 achievement; and

(4) useful diagnostic information about areas of students' academic strengths and
weaknesses is available to teachers and school administrators for improving student
instruction and indicating the specific skills and concepts that should be introduced and
developed for students at given performance levels, organized by strands within subject
areas, and aligned to state academic standards.

(e) (c) The commissioner must ensure that all state tests administered to elementary and
secondary students measure students' academic knowledge and skills and not students'
values, attitudes, and beliefs.

44.12 (f) (d) Reporting of state assessment results must:

(1) provide timely, useful, and understandable information on the performance of
individual students, schools, school districts, and the state;

44.15 (2) include a growth indicator of student achievement; and

44.16 (3) determine whether students have met the state's academic standards.

(g) (e) Consistent with applicable federal law, the commissioner must include appropriate,
 technically sound accommodations or alternative assessments for the very few students with
 disabilities for whom statewide assessments are inappropriate and for English learners.

(h) (f) A school, school district, and charter school must administer statewide assessments 44.20 under this section, as the assessments become available, to evaluate student progress toward 44.21 career and college readiness in the context of the state's academic standards. A school, 44.22 school district, or charter school may use a student's performance on a statewide assessment 44.23 as one of multiple criteria to determine grade promotion or retention. A school, school 44.24 district, or charter school may use a high school student's performance on a statewide 44.25 assessment as a percentage of the student's final grade in a course, or place a student's 44.26 44.27 assessment score on the student's transcript.

44.28 Sec. 21. Minnesota Statutes 2020, section 120B.30, is amended by adding a subdivision
44.29 to read:

44.30 Subd. 7. Remote testing. The commissioner must develop and publish security and
44.31 privacy policies and procedures for students and educators to support remote testing.

- 45.1 Sec. 22. Minnesota Statutes 2020, section 120B.30, is amended by adding a subdivision
  45.2 to read:
- Subd. 8. National and international education comparisons. Each public district and 45.3 school selected to participate in the national assessment of educational progress must do so 45.4 pursuant to United States Code, title 20, section 6312(c)(2), as in effect on December 10, 45.5 2015, or similar national or international assessments, both for the national sample and for 45.6 any state-by-state comparison programs that may be initiated, as directed by the 45.7 45.8 commissioner. The assessments must be conducted using the data collection procedures, student surveys, educator surveys, and other instruments included in the National Assessment 45.9 of Educational Progress or similar national or international assessments being administered 45.10 in Minnesota. The administration of the assessments must be in addition to and separate 45.11 from the administration of the statewide, standardized assessments. 45.12

45.13 Sec. 23. Minnesota Statutes 2020, section 120B.35, subdivision 3, is amended to read:

45.14 Subd. 3. **State growth target; other state measures.** (a)(1) The state's educational 45.15 assessment system measuring individual students' educational growth is based on indicators 45.16 of achievement growth that show an individual student's prior achievement. Indicators of 45.17 achievement and prior achievement must be based on highly reliable statewide or districtwide 45.18 assessments.

(2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and 45.19 report, as soon as practicable, separate categories of information using the student categories 45.20 identified under the federal Elementary and Secondary Education Act, as most recently 45.21 reauthorized, and, in addition to "other" for each race and ethnicity, and the Karen 45.22 community, seven of the most populous Asian and Pacific Islander groups, three of the most 45.23 populous Native groups, seven of the most populous Hispanic/Latino groups, and five of 45.24 the most populous Black and African Heritage groups as determined by the total Minnesota 45.25 population based on the most recent American Community Survey; These groups must be 45.26 determined by a ten-year cycle using the American Community Survey of the total Minnesota 45.27 45.28 population. The determination must be based on the most recent five-year dataset starting with the 2021-2025 dataset. Additional categories must include English learners under 45.29 section 124D.59; home language; free or reduced-price lunch; and all students enrolled in 45.30 a Minnesota public school who are currently or were previously in foster care, except that 45.31 such disaggregation and cross tabulation is not required if the number of students in a 45.32 45.33 category is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student. 45.34

CM

(b) The commissioner, in consultation with a stakeholder group that includes assessment 46.1 and evaluation directors, district staff, experts in culturally responsive teaching, and 46.2 46.3 researchers, must implement a growth model that compares the difference in students' achievement scores over time, and includes criteria for identifying schools and school 46.4 districts that demonstrate academic progress. The model may be used to advance educators' 46.5 professional development and replicate programs that succeed in meeting students' diverse 46.6 learning needs. Data on individual teachers generated under the model are personnel data 46.7 46.8 under section 13.43. The model must allow users to:

46.9 (1) report student growth consistent with this paragraph; and

46.10 (2) for all student categories, report and compare aggregated and disaggregated state
46.11 student growth and, under section 120B.11, subdivision 2, clause (2), student learning and
46.12 outcome data using the student categories identified under the federal Elementary and
46.13 Secondary Education Act, as most recently reauthorized, and other student categories under
46.14 paragraph (a), clause (2).

The commissioner must report measures of student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data, consistent with this paragraph, including the English language development, academic progress, and oral academic development of English learners and their native language development if the native language is used as a language of instruction, and include data on all pupils enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59.

(c) When reporting student performance under section 120B.36, subdivision 1, the
commissioner annually, beginning July 1, 2011, must report two core measures indicating
the extent to which current high school graduates are being prepared for postsecondary
academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school graduates
in the most recent school year who completed course work important to preparing them for
postsecondary academic and career opportunities, consistent with the core academic subjects
required for admission to Minnesota's public colleges and universities as determined by the
Office of Higher Education under chapter 136A; and

46.31 (2) a rigorous coursework measure indicating the number and percentage of high school
46.32 graduates in the most recent school year who successfully completed one or more
46.33 college-level advanced placement, international baccalaureate, postsecondary enrollment

47.1 options including concurrent enrollment, other rigorous courses of study under section
47.2 120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also
analyze and report separate categories of information using the student categories identified
under the federal Elementary and Secondary Education Act, as most recently reauthorized,
and other student categories under paragraph (a), clause (2).

(d) When reporting student performance under section 120B.36, subdivision 1, the 47.7 commissioner annually, beginning July 1, 2014, must report summary data on school safety 47.8 and students' engagement and connection at school, consistent with the student categories 47.9 47.10 identified under paragraph (a), clause (2). The summary data under this paragraph are separate from and must not be used for any purpose related to measuring or evaluating the 47.11 performance of classroom teachers. The commissioner, in consultation with qualified experts 47.12 on student engagement and connection and classroom teachers, must identify highly reliable 47.13 variables that generate summary data under this paragraph. The summary data may be used 47.14 at school, district, and state levels only. Any data on individuals received, collected, or 47.15 created that are used to generate the summary data under this paragraph are nonpublic data 47.16 under section 13.02, subdivision 9. 47.17

(e) For purposes of statewide educational accountability, the commissioner must identify
and report measures that demonstrate the success of learning year program providers under
sections 123A.05 and 124D.68, among other such providers, in improving students'
graduation outcomes. The commissioner, beginning July 1, 2015, must annually report
summary data on:

47.23 (1) the four- and six-year graduation rates of students under this paragraph;

47.24 (2) the percent of students under this paragraph whose progress and performance levels
47.25 are meeting career and college readiness benchmarks under section 120B.30, subdivision
47.26 1; and

47.27 (3) the success that learning year program providers experience in:

47.28 (i) identifying at-risk and off-track student populations by grade;

47.29 (ii) providing successful prevention and intervention strategies for at-risk students;

47.30 (iii) providing successful recuperative and recovery or reenrollment strategies for off-track
47.31 students; and

47.32 (iv) improving the graduation outcomes of at-risk and off-track students.

CM

The commissioner may include in the annual report summary data on other education
providers serving a majority of students eligible to participate in a learning year program.

(f) The commissioner, in consultation with recognized experts with knowledge and experience in assessing the language proficiency and academic performance of all English learners enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59, must identify and report appropriate and effective measures to improve current categories of language difficulty and assessments, and monitor and report data on students' English proficiency levels, program placement, and academic language development, including oral academic language.

(g) When reporting four- and six-year graduation rates, the commissioner or school
district must disaggregate the data by student categories according to paragraph (a), clause
(2).

(h) A school district must inform parents and guardians that volunteering information
on student categories not required by the most recent reauthorization of the Elementary and
Secondary Education Act is optional and will not violate the privacy of students or their
families, parents, or guardians. The notice must state the purpose for collecting the student
data.

48.18 EFFECTIVE DATE. This section is effective the day following final enactment. The
 48.19 next update to the data used to determine the most populous groups must be implemented
 48.20 in 2026 using the 2021-2025 dataset.

48.21 Sec. 24. Minnesota Statutes 2020, section 120B.35, subdivision 4, is amended to read:

48.22 Subd. 4. Improving schools. Consistent with the requirements of this section, beginning
48.23 June 20, 2012, the commissioner of education must annually report to the public and the
48.24 legislature best practices implemented in those schools that are identified as high performing
48.25 under federal expectations.

48.30 within the district.

(b) A public school may seek an exemption to paragraph (a) by submitting a request in
 writing to the Tribal Nations Education Committee and the Indian Affairs Council, which

49.1	jointly shall have discretion to grant such an exemption. A public school that has a mascot

This committee must afford parents the necessary information 65.24 and the opportunity effectively to express their views concerning all aspects of American 65.25 Indian education and the educational needs of the American Indian children enrolled in the 65.26 school or program. The school board or American Indian school must ensure that programs 65.27 are planned, operated, and evaluated with the involvement of and in consultation with parents 65.28 of students served by the programs. 65.29

Subdivision 1. Restrictive procedures plan. (a) Schools that intend to use restrictive
procedures shall maintain and make publicly accessible in an electronic format on a school
or district website or make a paper copy available upon request describing a restrictive
procedures plan for children with disabilities that at least:

72.20 (1) lists the restrictive procedures the school intends to use;

(2) describes how the school will implement a range of positive behavior strategies andprovide links to mental health services;

(3) describes how the school will provide training on de-escalation techniques, consistent
with section 122A.187, subdivision 4;

(4) describes how the school will monitor and review the use of restrictive procedures,including:

(i) conducting post-use debriefings, consistent with subdivision 3, paragraph (a), clause(5); and

(ii) convening an oversight committee to undertake a quarterly review of the use of
restrictive procedures based on patterns or problems indicated by similarities in the time of
day, day of the week, duration of the use of a procedure, the individuals involved, or other

factors associated with the use of restrictive procedures; the number of times a restrictive 73.1 procedure is used schoolwide and for individual children; the number and types of injuries, 73.2 if any, resulting from the use of restrictive procedures; whether restrictive procedures are 73.3 used in nonemergency situations; the need for additional staff training; disproportionality 73.4 or racial disparities in the usage of restrictive procedures; the usage of school resource 73.5 officer's handling of the behaviors; student documentation to determine if the staff followed 73.6 the standards for using restrictive procedures and if there is updated information about 73.7 73.8 whether the restrictive procedures are contraindicated for the particular student; and proposed actions to minimize the use of restrictive procedures; and 73.9 (5) includes a written description and documentation of the training staff completed 73.10 under subdivision 5. 73.11 (b) Schools annually must publicly identify oversight committee members who must at 73.12 least include: 73.13 (1) a mental health professional, school psychologist, or school social worker; 73.14 (2) an expert in positive behavior strategies; 73.15 (3) a special education administrator; and 73.16 (4) a general education administrator. 73.17 Subd. 2. (c) The district must hold a meeting of the individualized education program team, <u>if</u>
the student is a student with a disability, or a meeting of relevant members of the student's
team including a parent, if the student is not a student with a disability, conduct or review
a functional behavioral analysis, review data, consider developing additional or revised
positive behavioral interventions and supports, consider actions to reduce the use of restrictive
procedures, and modify the individualized education program or behavior intervention plan

as appropriate. The district must hold the meeting: within ten calendar days after district 74.1 staff use restrictive procedures on two separate school days within 30 calendar days or a 74.2 pattern of use emerges and the child's individualized education program or behavior 74.3 intervention plan does not provide for using restrictive procedures in an emergency; or at 74.4 the request of a parent or the district after restrictive procedures are used. The district must 74.5 review use of restrictive procedures at a child's annual individualized education program 74.6 meeting when the child's individualized education program provides for using restrictive 74.7 74.8 procedures in an emergency.

(d) If the individualized education program meeting team under paragraph (c) determines 74.9 that existing interventions and supports are ineffective in reducing the use of restrictive 74.10 procedures or the district uses restrictive procedures on a child on ten or more school days 74.11 during the same school year, the team, as appropriate, either must consult with other 74.12 professionals working with the child; consult with experts in behavior analysis, mental 74.13 health, communication, or autism; consult with culturally competent professionals; review 74.14 existing evaluations, resources, and successful strategies; or consider whether to reevaluate 74.15 the child. 74.16

(e) At the individualized education program meeting under paragraph (c), the team must

whether to prohibit that restrictive procedure, and document any prohibition in the
individualized education program or behavior intervention plan.

(f) An individualized education program team may plan for using restrictive procedures
and may include these procedures in a child's individualized education program or behavior

The agreements must detail the terms of the 166.27 166.28 agreement, including the services provided and the annual costs for those services. If the entity that provides the professional services to the charter school is exempt from taxation 166.29 under section 501 of the Internal Revenue Code of 1986, that entity must file with the 166.30 commissioner by February 15 a copy of the annual return required under section 6033 of 166.31 the Internal Revenue Code of 1986. 166.32

(e) If the audit report finds that a material weakness exists in the financial reporting
systems of a charter school, the charter school must submit a written report to the
commissioner explaining how the charter school will resolve that material weakness. An
auditor, as a condition of providing financial services to a charter school, must agree to
make available information about a charter school's financial audit to the commissioner and
authorizer upon request.

167.10 Sec. 15. Minnesota Statutes 2020, section 124E.25, subdivision 1a, is amended to read:

The charter school board of directors and authorizer 167.14 must submit to the commissioner a closure plan under chapter 308A or 317A, and financial 167.15 167.16 information about the school's liabilities and assets. After receiving the closure plan, financial information, an audit of pupil counts, and documented lease expenditures from the charter 167.17 school and monitoring special education expenditures, the commissioner may release cash 167.18 withheld and may continue regular payments up to the current year payment percentages 167.19 if further amounts are owed. If, based on audits and monitoring, the school received state 167.20 aid in excess of the amount owed, the commissioner shall retain aid withheld sufficient to 167.21 eliminate the aid overpayment. 167.22

(b) For a charter school ceasing operations before or at the end of a school year,
notwithstanding section 127A.45, subdivision 3, the commissioner may make preliminary
final payments after the school submits the closure plan, an audit of pupil counts, documented
lease expenditures, and Uniform Financial Accounting and Reporting Standards (UFARS)

year of operation. The commissioner may make the final payment after receiving audited
financial statements under section 123B.77, subdivision 3.

Subdivision 1. Special education aid. (a) Except as provided in section 124E.23, special
education aid, excluding cross subsidy reduction aid under section 125A.76, subdivision
2e, must be paid to a charter school according to section 125A.76, as though it were a school
district.

(b) For fiscal year 2020 and later, The special education aid paid to the charter schoolshall be adjusted as follows:

(1) if the charter school does not receive general education revenue on behalf of the
student according to section 124E.20, the aid shall be adjusted as provided in section
125A.11; or

(2) if the charter school receives general education revenue on behalf of the student
according to section 124E.20, the aid shall be adjusted as provided in section 127A.47,
subdivision 7, paragraphs (b) to (e), and if the tuition adjustment is computed under section
127A.47, subdivision 7, paragraph (c), it shall also receive an adjustment equal to five
percent for fiscal year 2020 or ten percent for fiscal year 2021 and later of the unreimbursed
cost of providing special education and services for the student and the amount in paragraph
(c).

(c) A charter school special education tuition adjustment aid equals the difference between
the charter school's unreimbursed costs without a rate cap and the district's unreimbursed
costs with the rate cap, times the adjustment factor for that year. For fiscal years 2021, 2022,
and 2023, the adjustment factor equals 100 percent. For fiscal year 2024, the adjustment
factor equals 75 percent. For fiscal year 2025, the adjustment factor equals 50 percent. For
fiscal year 2026 and later, the adjustment factor equals 25 percent.

## 168.26 **EFFECTIVE DATE.** This section is effective July 1, 2021.

Sec. 2. Minnesota Statutes 2020, section 125A.21, subdivision 1, is amended to read: Subdivision 1. **Obligation to pay.** (a) Nothing in sections 125A.03 to 125A.24 and 125A.65 relieves an insurer or similar third party from an otherwise valid obligation to pay, or changes the validity of an obligation to pay, for services rendered to a child with a disability, and the child's family.

# (b) For purposes of this section, "school district" and "district" mean a school district, charter school, or cooperative unit defined under section 123A.24, subdivision 2, providing direct special education services to students.

(c) A school district shall pay the nonfederal share of medical assistance services provided
according to section 256B.0625, subdivision 26. Eligible expenditures must not be made
from federal funds or funds used to match other federal funds. Any federal disallowances
are the responsibility of the school district. A school district may pay or reimburse
co-payments, coinsurance, deductibles, and other enrollee cost-sharing amounts, on behalf
of the student or family, in connection with health and related services provided under an
individual educational plan or individualized family service plan.

169.11 Sec. 3. Minnesota Statutes 2020, section 125A.21, subdivision 2, is amended to read:

Subd. 2. Third-party reimbursement. (a) Beginning July 1, 2000, Districts shall seek reimbursement from insurers and similar third parties for the cost of services provided by the district whenever the services provided by the district are otherwise covered by the child's health coverage. Districts shall request, but may not require, the child's family to provide information about the child's health coverage when a child with a disability begins to receive services from the district of a type that may be reimbursable, and shall request, but may not require, updated information after that as needed.

(b) For children enrolled in medical assistance under chapter 256B or MinnesotaCare
under chapter 256L who have no other health coverage, a district shall provide an initial
and annual written notice to the enrolled child's parent or legal representative of its intent
to seek reimbursement from medical assistance or MinnesotaCare for:

(1) the evaluations required as part of the individualized education program process orindividualized family service plan process; and

(2) health-related services provided by the district according to the individualizededucation program or individualized family service plan.

169.27 The initial notice must give the child's parent or legal representative the right to request a 169.28 copy of the child's education records on the health-related services that the district provided 169.29 to the child and disclosed to a third-party payer.

169.30 (c) The district shall give the parent or legal representative annual written notice of:

(1) the district's intent to seek reimbursement from medical assistance or MinnesotaCare
 for evaluations required as part of the individualized education program process or

169.33 individualized family service plan process, and for health-related services provided by the

district according to the individualized education program or individualized family serviceplan;

(2) the right of the parent or legal representative to request a copy of all records
concerning individualized education program or individualized family service plan
health-related services disclosed by the district to any third party; and

(3) the right of the parent or legal representative to withdraw consent for disclosure ofa child's records at any time without consequence.

The written notice shall be provided as part of the written notice required by Code of Federal Regulations, title 34, section 300.504 or 303.520. The district must ensure that the parent of a child with a disability is given notice, in understandable language, of federal and state procedural safeguards available to the parent under this paragraph and paragraph (b).

(d) In order to access the private health care coverage of a child who is covered by privatehealth care coverage in whole or in part, a district must:

(1) obtain annual written informed consent from the parent or legal representative, incompliance with subdivision 5; and

(2) inform the parent or legal representative that a refusal to permit the district or state Medicaid agency to access their private health care coverage does not relieve the district of its responsibility to provide all services necessary to provide free and appropriate public education at no cost to the parent or legal representative.

(e) If the commissioner of human services obtains federal approval to exempt covered
individualized education program or individualized family service plan health-related
services from the requirement that private health care coverage refuse payment before
medical assistance may be billed, paragraphs (b), (c), and (d) shall also apply to students
with a combination of private health care coverage and health care coverage through medical
assistance or MinnesotaCare.

(f) In the event that Congress or any federal agency or the Minnesota legislature or any 170.26 170.27 state agency establishes lifetime limits, limits for any health care services, cost-sharing provisions, or otherwise provides that individualized education program or individualized 170.28 family service plan health-related services impact benefits for persons enrolled in medical 170.29 assistance or MinnesotaCare, the amendments to this subdivision adopted in 2002 are 170.30 repealed on the effective date of any federal or state law or regulation that imposes the 170.31 limits. In that event, districts must obtain informed consent consistent with this subdivision 170.32 as it existed prior to the 2002 amendments and subdivision 5, before seeking reimbursement 170.33

for children enrolled in medical assistance under chapter 256B or MinnesotaCare under
chapter 256L who have no other health care coverage.

171.3 (g) To the extent practicable, a charter school must seek reimbursements under this

171.4 section in the same manner as school districts. The commissioner may provide training and

171.5 <u>technical assistance to a charter school seeking third-party reimbursement.</u>

171.6 Sec. 4. Minnesota Statutes 2020, section 125A.76, subdivision 2e, is amended to read:

Subd. 2e. Cross subsidy reduction aid. (a) A school district's annual cross subsidy
reduction aid equals the school district's initial special education cross subsidy for the
previous fiscal year times the cross subsidy aid factor for that fiscal year.

171.10 (b) The cross subsidy aid factor equals 2.6 percent for fiscal year 2020 and 6.43 percent

171.11 for fiscal year 2021 and later. The cross subsidy aid factor equals 9.33 percent for fiscal

171.12 year 2022 and 12.11 percent for fiscal year 2023 and later.

### 171.13 **EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2022 and later.

171.14 Sec. 5. Minnesota Statutes 2020, section 127A.47, subdivision 7, is amended to read:

Subd. 7. Alternative attendance programs. (a) The general education aid and special
education aid for districts must be adjusted for each pupil attending a nonresident district
under sections 123A.05 to 123A.08, 124D.03, 124D.08, and 124D.68. The adjustments
must be made according to this subdivision.

(b) For purposes of this subdivision, the "unreimbursed cost of providing special 171.19 education and services" means the difference between: (1) the actual cost of providing 171.20 special instruction and services, including special transportation and unreimbursed building 171.21 lease and debt service costs for facilities used primarily for special education, for a pupil 171.22 with a disability, as defined in section 125A.02, or a pupil, as defined in section 125A.51, 171.23 who is enrolled in a program listed in this subdivision, including special transportation and 171.24 unreimbursed building lease and debt service costs for facilities used primarily for special 171.25 171.26 education, minus (2) if the pupil receives special instruction and services outside the regular elassroom for more than 60 percent of the school day, the amount of general education 171.27 revenue, if the pupil receives special instruction and services outside the regular classroom 171.28 for more than 60 percent of the school day, excluding local optional revenue, plus local 171.29 optional aid and referendum equalization aid as defined in section 125A.11, subdivision 1, 171.30 paragraph (d), attributable to that pupil for the portion of time the pupil receives special 171.31

district and school administration, district support services, operations and maintenance,
capital expenditures, and pupil transportation, minus (3) special education aid under section
125A.76, excluding cross subsidy reduction aid under section 125A.76, subdivision 2e,
attributable to that pupil, that is received by the district providing special instruction and
services. For purposes of this paragraph, general education revenue and referendum
equalization aid attributable to a pupil must be calculated using the serving district's average
general education revenue and referendum equalization aid per adjusted pupil unit.

(c) For fiscal year 2020, special education aid paid to a resident district must be reduced
by an amount equal to 85 percent of the unreimbursed cost of providing special education
and services. For fiscal year 2021 and later, Special education aid paid to a resident district
must be reduced by an amount equal to 80 percent of the unreimbursed cost of providing
special education and services.

(d) Notwithstanding paragraph (c), special education aid paid to a resident district must
be reduced by an amount equal to 100 percent of the unreimbursed cost of <u>providing</u> special
education and services <del>provided</del> to students at an intermediate district, cooperative, or charter
school where the percent of students eligible for special education services is at least 70
percent of the charter school's total enrollment.

(e) Notwithstanding paragraph (c), special education aid paid to a resident district must
be reduced under paragraph (d) for students at a charter school receiving special education
aid under section 124E.21, subdivision 3, calculated as if the charter school received special
education aid under section 124E.21, subdivision 1.

(f) Special education aid paid to the district or cooperative providing special instruction and services for the pupil, or to the fiscal agent district for a cooperative, must be increased by the amount of the reduction in the aid paid to the resident district under paragraphs (c) and (d). If the resident district's special education aid is insufficient to make the full adjustment under paragraphs (c), (d), and (e), the remaining adjustment shall be made to other state aids due to the district.

(g) Notwithstanding paragraph (a), general education aid paid to the resident district of a nonspecial education student for whom an eligible special education charter school receives general education aid under section 124E.20, subdivision 1, paragraph (c), must be reduced by an amount equal to the difference between the general education aid attributable to the student under section 124E.20, subdivision 1, paragraph (c), and the general education aid that the student would have generated for the charter school under section 124E.20, subdivision 1, paragraph (a). For purposes of this paragraph, "nonspecial education student"

means a student who does not meet the definition of pupil with a disability as defined in
section 125A.02 or the definition of a pupil in section 125A.51.

173.3 (h) An area learning center operated by a service cooperative, intermediate district, education district, or a joint powers cooperative may elect through the action of the 173.4 constituent boards to charge the resident district tuition for pupils rather than to have the 173.5 general education revenue paid to a fiscal agent school district. Except as provided in 173.6 paragraph (f), the district of residence must pay tuition equal to at least 90 and no more than 173.7 173.8 100 percent of the district average general education revenue per pupil unit minus an amount equal to the product of the formula allowance according to section 126C.10, subdivision 2, 173.9 times .0466, calculated without compensatory revenue, local optional revenue, and 173.10 transportation sparsity revenue, times the number of pupil units for pupils attending the area 173.11 173.12 learning center.

173.13 (i) For a charter school located outside of Minneapolis or St. Paul, notwithstanding

173.14 paragraph (b), unreimbursed tuition reimbursement amounts for a charter school, not

173.15 including a charter school for which the tuition adjustment is calculated under paragraph

173.16 (d) or (e), must be computed according to this paragraph. For purposes of this paragraph:

173.17 (1) "regular school year statewide district cap rate" means the unreimbursed regular

173.18 school year cost per service hour, calculated statewide for all districts and averaged across
173.19 the current year;

(2) "extended school year statewide district cap rate" means the unreimbursed extended
 school year cost per service hour, calculated statewide for all districts and averaged across
 the current year;

173.23 (3) "special education one-to-one paraprofessional statewide district cap rate" means

173.24 the unreimbursed special education one-to-one paraprofessional cost per hour, calculated

173.25 statewide for all districts and averaged across the current year; and

173.26 (4) "unreimbursed cost of providing special education and services" means the lesser of

173.27 (i) the amount calculated under paragraph (b), or (ii) the regular school year statewide district

173.28 cap rate multiplied by the regular school year service hours, plus the extended school year

173.29 statewide district cap rate multiplied by the extended school year service hours, plus the

173.30 special education one-to-one paraprofessional statewide district cap rate times instructional

173.31 hours.

(j) For a charter school located in the city of Minneapolis, the commissioner must
 substitute the Minneapolis school district's cap rates for the statewide cap rates for that year.

For a charter school located in the city of St. Paul, the commissioner must substitute the St. 174.1 Paul school district's cap rates for the statewide cap rates for that year. 174.2 174.3 (k) For purposes of paragraphs (i) and (j), for each capped rate, the unreimbursed cap rate for the charter school must not exceed 200 percent of the capped rate for fiscal year 174.4 174.5 2024, 175 percent of the capped rate for fiscal year 2025, 150 percent of the capped rate 174.6 for fiscal year 2026, and 125 percent of the capped rate for fiscal year 2027 and later. (1) Notwithstanding paragraph (b), the department may disallow tuition expenses for a 174.7 charter school if the department determines that the charter school failed to pursue third-party 174.8 billing for qualifying special education services. 174.9 **EFFECTIVE DATE.** This section is effective for fiscal year 2023 and later. 174.10 Sec. 6. SPECIAL EDUCATION RECOVERY SERVICES AND SUPPORTS. 174.11 174.12 Subdivision 1. Special education recovery. The commissioner of education, school 174.13 districts, and charter schools must collaborate with families of students with disabilities as provided in this section to address the impact of disruptions to in-person instruction on 174.14 students' access to a free appropriate public education related to the COVID-19 pandemic. 174.15 174.16 Subd. 2. Special education services and supports. (a) A school district or charter school that serves one or more students with disabilities must invite the parents of a student with 174.17 a disability to a meeting of each individualized education program (IEP) team as soon as 174.18 practicable but no later than December 1, 2021, to determine whether special education 174.19 174.20 services and supports are necessary to address lack of progress on IEP goals or in the general education curriculum or loss of learning or skills due to disruptions related to the COVID-19 174.21 pandemic. The services and supports may include but are not limited to extended school 174.22 year services, additional IEP services, compensatory services, or other appropriate services. 174.23 This meeting may occur in an annual or other regularly scheduled IEP meeting. If the IEP 174.24 team determines that the services and supports are necessary, the team shall determine what 174.25 services and supports are appropriate for the student and when and how those services 174.26 should be provided, in accordance with relevant guidance from the Minnesota Department 174.27 of Education and the United States Department of Education. The services and supports 174.28 must be included in the IEP of the student. A district or charter school must report to the 174.29 commissioner, in the form and manner determined by the commissioner, the services and 174.30 supports provided to students with disabilities under this section, including the cost of 174.31

174.32 providing the services.

A levy authorized for a district by the commissioner 187.13 under this paragraph may be in the amount needed by the district to make payments required 187.14 by a lease purchase agreement, installment purchase agreement, or other deferred payments 187.15 agreement authorized by law, provided that any agreement include a provision giving the 187.16 school districts the right to terminate the agreement annually without penalty. 187.17
