1.10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.11 Section 1. Minnesota Statutes 2022, section 299A.42, is amended to read:

1.12 **299A.42 PUBLIC SAFETY OFFICER'S BENEFIT ACCOUNT.**

1.13 Subdivision 1. Public safety officer's benefit account. The public safety officer's benefit

1.14 account is created in the state treasury. Money in the account consists of money transferred

1.15 and appropriated to that account. Money in the account that is not expended in the fiscal

1.16 year in which it is transferred or appropriated does not revert to the general fund until claims

1.17 for reimbursement under section 299A.465 that are submitted in that fiscal year are either

1.18 paid or denied.

1.19 Subd. 2. Annual report. The commissioner of public safety must annually report, no

1.20 later than 30 days after the end of each fiscal year, to the chairs and ranking minority

1.21 members of the legislative committees with jurisdiction over public safety and pensions

1.22 regarding the financial status of the public safety officer's benefit account; the reimbursements

1.23 paid by the commissioner during the preceding fiscal year under sections 299A.465,

1.24 352B.102, and 353.032; and payments, if any, made during the preceding fiscal year under

1.25 sections 352B.103 and 353.033. If the commissioner anticipates, based on historical averages,

2.1 that the public safety officer's benefit account will not have enough money to fund all
2.2 reimbursements the commissioner reasonably anticipates will be requested under sections
2.3 299A.465, 352B.102, and 353.032 and payments for which invoices will be received under
2.4 sections 352B.103 and 353.033 for the current and next fiscal year, the commissioner must
2.5 include in the report the amounts the commissioner believes are necessary to fund the
2.6 anticipated reimbursements and payments.

2.7 **EFFECTIVE DATE.** This section is effective July 1, 2023.

2.8 Sec. 2. Minnesota Statutes 2022, section 299A.465, subdivision 4, is amended to read:

2.9 Subd. 4. **Public employer reimbursement.** (a) A public employer subject to this section
2.10 may annually apply by August 1 for the preceding fiscal year to the commissioner of public
2.11 safety for reimbursement to help defray a portion of its costs of complying with this section
2.12 and sections 352B.102 and 353.032. Except as provided for in paragraph (b), the
2.13 commissioner shall provide an equal pro-rata share reimbursement to the public employer
2.14 out of the public safety officer's benefit account, based on the availability of funds for each
2.15 eligible officer, firefighter, and qualifying dependents. Individual shares must not exceed
2.16 the actual costs of providing coverage under this section by a public employer.

2.17 (b) Beginning on January 1, 2024, a public employer is not eligible for reimbursement
2.18 under paragraph (a) unless the employer provides at least one of the following:

2.19 (1) annual wellness training to peace officers and firefighters who either are employed
2.20 or volunteer for the employer; or

2.21 (2) an employee assistance program or peer support program.

2.22 (c) Wellness training for peace officers under paragraph (b), clause (1), must incorporate
2.23 the learning objectives established by the Peace Officer Standards and Training Board under
2.24 section 626.8478. No later than February 1, 2024, the Minnesota Fire Initiative must create
2.25 a wellness training program for public employers to offer to firefighters to satisfy the
2.26 requirements of paragraph (b). Training programs established in the Hometown Heroes
2.27 Assistance Program under section 299A.477, subdivision 2, clause (4), satisfy the
2.28 requirements of paragraph (b).

2.29 **EFFECTIVE DATE.** This section is effective July 1, 2023.

3.1 Sec. 3. Minnesota Statutes 2022, section 299A.465, is amended by adding a subdivision
3.2 to read:

3.3 Subd. 8. **No assignment of right to continued health insurance coverage.** A peace
3.4 officer's or firefighter's entitlement to continued health insurance coverage under this section
3.5 is not assignable either in law or equity or subject to execution, levy, attachment, garnishment,
3.6 or other legal process.

3.7 **EFFECTIVE DATE.** This section is effective July 1, 2023.

3.8 Sec. 4. Minnesota Statutes 2022, section 352B.011, is amended by adding a subdivision
3.9 to read:

3.10 Subd. 14. **Total and permanent duty disability.** "Total and permanent duty disability"
3.11 means a physical or psychological condition that is expected to prevent a member, for a
3.12 period of not less than 12 months, from engaging in any substantial gainful activity and that
3.13 is the direct result of an injury incurred during, or a disease arising out of, the performance
3.14 of normal duties or the actual performance of less frequent duties, either of which are specific
3.15 to protecting the property and personal safety of others and that present inherent dangers
3.16 that are specific to the positions covered by the State Patrol retirement fund.

3.17 **EFFECTIVE DATE.** This section is effective July 1, 2023.

3.18 Sec. 5. Minnesota Statutes 2022, section 352B.10, subdivision 1, is amended to read:

3.19 Subdivision 1. **Duty disability.** (a) A member who is determined to qualify for duty
3.20 disability as defined in section 352B.011, subdivision 7, is entitled to receive a duty disability
3.21 benefit while disabled. The benefits must be paid monthly. The duty disability benefit is an
3.22 amount equal to the member's average monthly salary multiplied by 60 percent, plus an
3.23 additional 3.0 percent for each year and pro rata for completed months of service in excess
3.24 of 20 years, if any.

3.25 (b) Notwithstanding paragraph (a), if the member has applied for a duty disability based
3.26 on a psychological condition, the application must be supported by evidence that the applicant
3.27 is unable to perform the duties of the position held by the applicant on the date of the injury
3.28 or event or the onset of the mental illness or of another position with the employer which
3.29 provides salary and employer-provided benefits, including pension benefits, that are equal
3.30 to or greater than those for the position held by the employee on the date of the injury, event,
3.31 or onset of the mental illness.

3.32 **EFFECTIVE DATE.** This section is effective July 1, 2023.

4.1 Sec. 6. Minnesota Statutes 2022, section 352B.10, is amended by adding a subdivision to
4.2 read:

4.3 Subd. 1a. **Total and permanent duty disability.** A member who is determined to qualify
4.4 for a total and permanent duty disability as defined in section 352B.011, subdivision 14, is
4.5 entitled to receive, for life, a monthly disability benefit in an amount equal to 99 percent of
4.6 the member's average monthly salary.

4.7 **EFFECTIVE DATE.** This section is effective July 1, 2023.

4.8 Sec. 7. Minnesota Statutes 2022, section 352B.10, subdivision 2a, is amended to read:

4.9 Subd. 2a. **Applying for benefits; accrual.** No application for disability benefits shall
4.10 be made until after the last day physically on the job. The disability benefit begins to accrue
4.11 the day following the last day for which the employee is paid sick leave or annual leave but
4.12 not earlier than 180 days before the date the application is filed. A member who is terminated
4.13 must file a written application in an office of the system or with a person authorized by the
4.14 executive director. Except as otherwise specified under section 352B.102, applications must
4.15 comply with section 352.113, subdivision 2, paragraph (b).

4.16 **EFFECTIVE DATE.** This section is effective July 1, 2023.

4.17 Sec. 8. Minnesota Statutes 2022, section 352B.10, subdivision 4, is amended to read:

4.18 Subd. 4. **Proof of disability.** (a) No disability benefits may be paid unless the member
4.19 provides adequate proof to the executive director of the existence of the disability.

4.20 (b) Adequate proof of a disability must include a written expert report by a licensed
4.21 physician, an APRN, or a licensed chiropractor, or with respect to a mental impairment, by
4.22 a licensed psychologist. Adequate proof of a disability based on a psychological condition,
4.23 as defined under section 352B.102, subdivision 1, clause (6), must include the medical
4.24 reports and assessments required under section 352B.102.

4.25 (c) Following the commencement of benefit payments, the executive director has the
4.26 right, at reasonable times, to require the disability benefit recipient to submit proof of the
4.27 continuance of the disability claimed.

4.28 **EFFECTIVE DATE.** This section is effective July 1, 2023.

5.1 Sec. 9. Minnesota Statutes 2022, section 352B.101, is amended to read:

5.2 **352B.101 APPLICATION FOR DISABILITY BENEFIT.**

5.3 (a) Except as otherwise specified under section 352B.102 and paragraph (b), a member
5.4 claiming a disability benefit must file a written application for benefits in the office of the
5.5 system in a form and manner prescribed by the executive director. The member shall provide
5.6 medical or psychological evidence to support the application. The benefit begins to accrue
5.7 the day following the start of disability or the day following the last day for which the
5.8 member was paid, whichever is later, but not earlier than 180 days before the date the
5.9 application is filed with the executive director.

5.10 (b) Notwithstanding any law to the contrary, an employee, as defined in section 352B.102,
5.11 subdivision 1, clause (2), who applies for a duty disability benefit based on a psychological
5.12 condition, as defined in section 352B.102, subdivision 1, clause (6), is not eligible for duty
5.13 disability benefits under this chapter until the employee has satisfied the additional procedure,
5.14 including all completion of treatment requirements under section 352B.102.

5.15 (c) A member claiming a disability benefit must not waive the member's right to continued
5.16 health insurance coverage under section 299A.465 as part of a settlement with the member's
5.17 employer or another person or entity related to an application for a disability benefit.

5.18 **EFFECTIVE DATE.** This section is effective July 1, 2023.

5.19 Sec. 10. **[352B.102] APPLICATION FOR PSYCHOLOGICAL CONDITION**
5.20 **TREATMENT.**

5.21 Subdivision 1. Definitions. For the purposes of this section, the following terms have
5.22 the meanings given:

5.23 (1) "mental illness" means the diagnosis of a mental illness by a mental health
5.24 professional, by meeting the criteria for a condition or conditions included in the most recent
5.25 edition of the Diagnostic and Statistical Manual of Mental Disorders published by the
5.26 American Psychiatric Association;

5.27 (2) "employee" means an individual diagnosed with a mental illness who is a:

5.28 (i) current member under section 352B.011, subdivision 10; or

5.29 (ii) former member under section 352B.011, subdivision 10, within 18 months of
5.30 termination of employment;

5.31 (3) "employing entity" means the entity that pays a state employee's salary and remits
5.32 retirement contributions;

6.1 (4) "mental health professional" has the meaning given in section 245I.02, subdivision
6.2 27;

6.3 (5) "peace officer" has the meaning given in section 299A.465, subdivision 5, paragraph
6.4 (a);

6.5 (6) "psychological condition" means a mental illness as defined in clause (1); and

6.6 (7) "treatment" includes but is not limited to active participation in psychological,
6.7 psychopharmaceutical, and functional neurological approaches and active participation in
6.8 the International Association of Fire Fighters Center of Excellence for Behavioral Health
6.9 Treatment and Recovery. Treatment includes utilization of multiple treatment modalities,
6.10 including chemical dependency treatment when indicated, and evidence-based trauma
6.11 treatment.

6.12 Subd. 2. **Application; dual diagnosis.** (a) Notwithstanding any law to the contrary, and
6.13 except as provided in paragraph (b), the procedure in this section applies to an application
6.14 for a duty disability by an employee based on the employee's psychological condition.

6.15 (b) The additional procedure in this section does not apply to a duty disability application
6.16 under paragraph (a) that is also based on a dual diagnosis of a physical condition. An
6.17 employee with a dual diagnosis may, but is not required to, seek treatment under subdivisions
6.18 4 and 7, subject to the procedure in this section.

6.19 Subd. 3. **Approval.** (a) An employee who applies for treatment of a psychological
6.20 condition that was a result of the performance of duties related to the employee's occupation
6.21 must receive approval for psychological treatment as provided under this subdivision.

6.22 (b) The executive director shall grant approval to an employee who submits, in the form
6.23 and manner specified by the executive director:

6.24 (1) a report by a mental health professional diagnosing the employee with a mental
6.25 illness and finding that the employee is currently unable to perform the normal duties of
6.26 the position held by the employee on the date of the injury, event, or onset of the mental
6.27 illness on a full- or part-time basis; and

6.28 (2) documentation from the employer certifying the dates the employee was on duty in
6.29 a position covered under the State Patrol plan.

6.30 (c) An employee who receives approval under this subdivision is not considered disabled
6.31 for the purposes of a duty disability under section 352B.10, unless the employee completes
6.32 the additional requirements under this section, receives final confirmation under subdivision

7.1 6, and applies for disability benefits under section 352B.101 before receiving duty disability
7.2 benefits or related benefits.

7.3 (d) Within six business days after the application has been received by the executive
7.4 director, the executive director must notify an employing entity electronically and by mail
7.5 that an application for treatment of a psychological condition has been submitted by an
7.6 employee and request the certification required under paragraph (b), clause (2), from the
7.7 employing entity.

7.8 (e) An employer shall submit the certification required under paragraph (b), clause (2),
7.9 within five business days of an employee's application, and the employee shall receive
7.10 approval no later than 14 business days after the employee's application is received by the
7.11 executive director, whether or not the employer's certification has been submitted. Nothing
7.12 in this paragraph shall delay the treatment of the psychological condition of the employee.

7.13 Subd. 4. **Treatment required.** (a) Except as provided in paragraph (f), an employee
7.14 who receives approval under subdivision 3 shall complete up to 24 consecutive weeks of
7.15 active treatment modalities for the employee's diagnosed mental illness, as provided under
7.16 this subdivision, before a final confirmation can be made under subdivision 6, paragraph
7.17 (a). An employee's treatment shall be at the direction of a mental health professional using
7.18 treatment modalities indicated for the treatment of the diagnosed mental illness. An employee
7.19 shall not be penalized for an interruption in active, consecutive treatment that is not initiated
7.20 by or resulting from an intentional action of the employee. Subject to the limit under
7.21 subdivision 9, the employing entity shall pay for the treatment costs to the extent not paid
7.22 for by the employee's health insurance and may seek reimbursement from the commissioner
7.23 of public safety.

7.24 (b) The employee's mental health professional must assess the employee's progress in
7.25 treatment monthly and at the end of the 24 weeks or earlier, including any change to the
7.26 employee's ability to return to the position held by the employee on the date of the injury,
7.27 event, or onset of the mental illness, or to another position with the employing entity which
7.28 provides salary and employing entity-provided benefits, including pension benefits, that
7.29 are equal to or greater than those for the position held by the employee on the date of the
7.30 injury, event, or onset of the mental illness. A final confirmation under subdivision 6 must
7.31 be supported by a report from the employee's mental health provider containing an opinion
7.32 about the employee's prognosis, the duration of the disability, and the expectations for
7.33 improvement following the treatment. A report that does not contain and support a finding
7.34 that the employee's disability as a result of a psychological condition will last for at least
7.35 12 months must not be relied upon to support approval of duty disability benefits.

8.1 (c) The employee may return to full- or part-time work prior to the completion of the
8.2 24 weeks of treatment if the employee's mental health professional determines that the
8.3 employee is medically able to do so.

8.4 (d) The employee may return to light duty assignments, subject to availability of a
8.5 position, prior to the completion of the 24 weeks of treatment, if deemed medically
8.6 appropriate by the employee's mental health professional and with the employing entity's
8.7 approval.

8.8 (e) A fitness for duty presumption shall apply to an employee who is cleared to return
8.9 to work or light duty under paragraph (c) or (d), except as provided under subdivision 10.

8.10 (f) No employee shall be required to complete treatment under this subdivision more
8.11 than three times in ten years.

8.12 Subd. 5. **Continuation of salary and benefits.** (a) Subject to subdivision 9, for the
8.13 period that an employee is seeking psychological condition treatment approval under
8.14 subdivision 3 or 6, appealing a determination thereof, or receiving treatment under
8.15 subdivision 4 or 7, the employing entity shall continue:

8.16 (1) to pay, for a current employee only, the employee's full salary and employing
8.17 entity-provided benefits, including any employing entity contribution to health care and
8.18 retirement benefits. The employing entity must proportionally reduce the salary paid to an
8.19 employee who is otherwise receiving benefits for the disability that provide compensation
8.20 for all or a portion of the employee's salary for the same time period. Nothing in this
8.21 paragraph requires an employing entity to pay more than 100 percent of the employee's
8.22 salary;

8.23 (2) to provide health insurance benefits to the employee and to the employee's dependents,
8.24 if the employee was receiving dependent coverage at the time of the injury, event, or onset
8.25 of the mental illness under the employing entity's group health plan; and

8.26 (3) to provide any other employment benefits provided to the employee under the
8.27 employee's currently applicable collective bargaining agreement.

8.28 (b) The treatment period required under subdivision 4 or 7 is allowable service under
8.29 section 352B.011, subdivision 3.

8.30 (c) Nothing in this section prevents an employing entity from providing benefits in
8.31 addition to those required by this section or otherwise affects an employee's rights with
8.32 respect to any other employment benefit.

9.1 (d) If an employee is unable to receive treatment through the prescribed treatment
9.2 program due to circumstances beyond the employee's control, which includes but is not
9.3 limited to a lack of availability of a mental health facility or a mental health professional,
9.4 the employee shall continue to receive their regular compensation, benefits, and retirement
9.5 service credits until such mental health facility or mental health professional becomes
9.6 available to the employee for their treatment program. The continuation of salary and benefits
9.7 allowed under this paragraph must not exceed 30 days beyond the day treatment is prescribed,
9.8 except that the continuation of benefits and salary may be extended beyond 30 days if written
9.9 documentation from the mental health facility or mental health professional providing the
9.10 treatment start date is submitted by the employee to the executive director and the employer.

9.11 Subd. 6. **Termination or continuation of psychological condition treatment.** (a)
9.12 Following completion of treatment under subdivision 4, the executive director shall confirm
9.13 the treatment requirements are satisfied and make one of the following determinations:

9.14 (1) continue the approval for an additional eight weeks for the employee to complete
9.15 additional treatment, as provided under subdivision 7;

9.16 (2) terminate the psychological condition treatment because the employee is:

9.17 (i) able to return to full-time work in the position held by the employee on the date of
9.18 the injury, event, or onset of the mental illness; or

9.19 (ii) able to return to another vacant full-time position with the employer which provides
9.20 salary and employer-provided benefits, including pension benefits, that are equal to or
9.21 greater than those for the position held by the employee on the date of the injury, event, or
9.22 onset of the mental illness, as certified by the employer in the form and manner specified
9.23 by the executive director; or

9.24 (3) confirm the employee has met the requirements under this section, after which the
9.25 employee may apply for a duty disability benefit under section 352B.10.

9.26 (b) After confirmation and application under paragraph (a), clause (3), the executive
9.27 director must approve the employee's application for disability benefits if the employee is
9.28 eligible under sections 352B.10 and 352B.101, at which time the employee is entitled to
9.29 receive disability benefits as provided under section 352B.10 and any related benefits. The
9.30 disability benefit begins to accrue the day following the day on which the employer ceases
9.31 to continue salary and benefits under subdivision 5 or the date permitted under section
9.32 352B.10, subdivision 2a, whichever is later.

10.1 (c) Following completion of the additional treatment requirements under subdivision 7,
10.2 if applicable, the executive director must confirm the additional treatment requirements are
10.3 satisfied, after which, the employee may apply for disability benefits. The executive director
10.4 must approve the employee's application for disability benefits if the employee is eligible
10.5 under sections 352B.10 and 352B.101, at which time the employee is entitled to receive
10.6 disability benefits as provided under section 352B.10 and any related benefits. The disability
10.7 benefit begins to accrue the day following the day on which the employer ceases to continue
10.8 salary and benefits under subdivision 5 or the date permitted under section 352B.10,
10.9 subdivision 2a, whichever is later.

10.10 (d) A fitness for duty presumption shall apply to an employee who is determined able
10.11 to return to work as provided under paragraph (a), clause (2), except as provided under
10.12 subdivision 10.

10.13 Subd. 7. **Additional treatment.** (a) Except as provided in paragraph (g), if, after
10.14 completing the treatment required under subdivision 4, the mental health professional's
10.15 report determines that the employee is making progress in treatment, and the employee's
10.16 prognosis is expected to further improve with additional treatment, the executive director
10.17 shall continue the employee's initial approval under subdivision 6, paragraph (a), clause
10.18 (1), and the employee shall complete up to an additional eight consecutive weeks of active
10.19 treatment modalities as provided under this subdivision.

10.20 (b) Treatment shall be at the direction of a mental health professional using treatment
10.21 modalities indicated for the treatment of the employee's diagnosed mental illness. An
10.22 employee shall not be penalized for an interruption in active, consecutive treatment that is
10.23 not initiated by or resulting from an intentional action of the employee. Subject to subdivision
10.24 9, the employing entity shall pay for the treatment costs to the extent not paid for by the
10.25 employee's health insurance and may seek reimbursement from the commissioner of public
10.26 safety.

10.27 (c) The employee's mental health professional must assess the employee's progress in
10.28 treatment at the end of eight weeks, including any change to the employee's ability to return
10.29 to the position held by the employee on the date of the injury, event, or onset of the mental
10.30 illness, or to another position with the employing entity which provides salary and employing
10.31 entity-provided benefits, including pension benefits, that are equal to or greater than those
10.32 for the position held by the employee on the date of the injury, event, or onset of the mental
10.33 illness. A final confirmation under subdivision 6, paragraph (c), must be supported by an
10.34 updated report from the employee's mental health provider containing an opinion about the
10.35 employee's prognosis, the duration of the disability, and the expectations for improvement

11.1 following the additional treatment. An updated report that does not contain and support a
11.2 finding that the employee's disability as a result of a psychological condition will last for
11.3 at least 12 months must not be relied upon to support approval of duty disability benefits.

11.4 (d) The employee may return to full- or part-time work prior to the completion of the
11.5 eight weeks of treatment if the employee's mental health professional determines that they
11.6 are medically able to do so.

11.7 (e) The employee may return to light duty assignments, subject to availability of a
11.8 position, prior to the completion of the eight weeks of treatment, if deemed medically
11.9 appropriate by the employee's mental health professional and with the employing entity's
11.10 approval.

11.11 (f) A fitness for duty presumption shall apply to an employee who is cleared to return
11.12 to work or light duty under paragraph (d) or (e), except as provided under subdivision 10.

11.13 (g) No employee shall be required to complete treatment under this subdivision more
11.14 than three times in ten years.

11.15 Subd. 8. **Treatment data.** A "health record," as defined by section 144.291, subdivision
11.16 2, paragraph (c), arising from treatment sought under this section is classified as private
11.17 data on individuals, as defined by section 13.02, subdivision 12, and must not be accessed
11.18 by, shared with, or disclosed or disseminated to any individual, private entity, or government

17.9 be relied upon to support eligibility for benefits.

17.10 (e) Where the medical evidence supports the expectation that at some point in time the
17.11 ~~claimant~~ applicant will no longer be disabled, any decision granting disability may provide
17.12 for a termination date upon which disability can be expected to no longer exist. In the event
17.13 a termination date is made part of the decision granting benefits, prior to the actual

22.6 (b) The executive director shall grant approval to an employee who submits, in the form
22.7 and manner specified by the executive director:

22.8 (1) a report by a mental health professional diagnosing the employee with a mental
22.9 illness and finding that the employee is currently unable to perform the normal duties of
22.10 the position held by the employee on the date of the injury, event, or onset of the mental
22.11 illness on a full- or part-time basis; and

22.12 (2) documentation from the employer certifying the dates the employee was on duty in
22.13 a position covered under the police and fire plan.

22.14 (c) An employee who receives approval under this subdivision is not considered disabled
22.15 for the purposes of a duty disability under section 353.656, subdivision 1, unless the employee
22.16 completes the additional requirements under this section, receives final confirmation under
22.17 subdivision 6, and applies for disability benefits under section 353.031 before receiving
22.18 duty disability benefits or related benefits.

22.19 (d) The executive director must notify an employing entity electronically and by mail
22.20 that an application for psychological condition treatment has been submitted by an employee
22.21 and request the certification required under paragraph (b), clause (2), from the employing
22.22 entity within six business days after the application has been received by the executive
22.23 director.

22.24 (e) An employer shall submit the certification required under paragraph (b), clause (2),
22.25 within five business days of receiving notice from the executive director, and the employee
22.26 shall receive approval no later than 14 business days after the employee's application is
22.27 received by the executive director, whether or not the employer's certification has been
22.28 submitted. Nothing in this paragraph shall delay the treatment of the psychological condition
22.29 of the employee.

22.30 Subd. 4. **Treatment required.** (a) Except as provided in paragraph (f), an employee
22.31 who receives approval under subdivision 3 shall complete up to 24 consecutive weeks of
22.32 active treatment modalities for the employee's diagnosed mental illness, as provided under
22.33 this subdivision, before a final confirmation can be made under subdivision 6. Treatment

23.1 shall be at the direction of a mental health professional using treatment modalities indicated
23.2 for the treatment of the diagnosed mental illness. An employee shall not be penalized for
23.3 an interruption in active, consecutive treatment that is not initiated by or resulting from an
23.4 intentional action of the employee. Subject to the limit under subdivision 9, the employer
23.5 shall pay for the treatment costs to the extent not paid for by the employee's health insurance
23.6 and may seek reimbursement.

23.7 (b) The employee's mental health professional must assess the employee's progress in
23.8 treatment monthly and at the end of the 24 weeks or earlier, including any change to the
23.9 employee's ability to return to the position held by the employee on the date of the injury,
23.10 event, or onset of the mental illness, or to another position with the employer which provides
23.11 salary and employer-provided benefits, including pension benefits, that are equal to or
23.12 greater than those for the position held by the employee on the date of the injury, event, or
23.13 onset of the mental illness. A final confirmation under subdivision 6 must be supported by
23.14 a report from the employee's mental health professional containing an opinion about the
23.15 employee's prognosis, the duration of the disability, and the expectations for improvement
23.16 following the treatment. A report that does not contain and support a finding that the
23.17 employee's disability as a result of a psychological condition will last for at least 12 months
23.18 must not be relied upon to support approval of duty disability benefits.

23.19 (c) The employee may return to full- or part-time work prior to the completion of the
23.20 24 weeks of treatment if the employee's mental health professional determines that they are
23.21 medically able to do so.

23.22 (d) The employee may return to light duty assignments, subject to availability of a
23.23 position, prior to the completion of the 24 weeks of treatment, if deemed medically
23.24 appropriate by the employee's mental health professional and with the employer's approval.

23.25 (e) A fitness for duty presumption shall apply to an employee who is cleared to return
23.26 to work or light duty under paragraph (c) or (d), except as provided under subdivision 10.

23.27 (f) No employee shall be required to complete treatment under this subdivision more
23.28 than three times in ten years.

23.29 Subd. 5. **Continuation of salary and benefits.** (a) Subject to subdivision 9, for the
23.30 period that an employee is seeking psychological condition treatment approval under
23.31 subdivision 3 or 6, appealing a determination thereof, or receiving treatment under
23.32 subdivision 4 or 7, the employer shall continue:

23.33 (1) to pay, for a current employee only, the employee's full salary and employer-provided
23.34 benefits, including any employer contribution to health care and retirement benefits. The

24.1 employer must proportionally reduce the salary paid to an employee who is otherwise
24.2 receiving benefits for the disability that provide compensation for all or a portion of the
24.3 employee's salary for the same time period. Nothing in this paragraph requires an employer
24.4 to pay more than 100 percent of the employee's salary;

24.5 (2) to provide health insurance benefits to the employee and to the employee's dependents,
24.6 if the employee was receiving dependent coverage at the time of the injury, event, or onset
24.7 of the mental illness under the employer's group health plan; and

24.8 (3) to provide any other employment benefits provided to the employee under the
24.9 employee's currently applicable collective bargaining agreement.

24.10 (b) An employee shall obtain service credit for the treatment period required under
24.11 subdivision 4 or 7.

24.12 (c) Nothing prevents an employer from providing benefits in addition to those required
24.13 by this section or otherwise affects an employee's rights with respect to any other employment
24.14 benefit.

24.15 (d) If an employee is unable to receive treatment through the prescribed treatment
24.16 program due to circumstances beyond the employee's control, which includes but is not
24.17 limited to a lack of availability of a mental health facility or a mental health professional,
24.18 the employee shall continue to receive their regular compensation, benefits, and retirement
24.19 service credits, until such mental health facility or mental health professional becomes
24.20 available to the employee for their treatment program. The continuation of salary and benefits
24.21 allowed under this paragraph must not exceed 30 days beyond the day treatment is prescribed,
24.22 except that continuation of benefits and salary may be extended beyond 30 days if written
24.23 documentation from the mental health facility or mental health professional providing the
24.24 treatment start date is submitted by the employee to the executive director and the employer.

24.25 Subd. 6. **Termination or continuation of psychological condition treatment.** (a)
24.26 Following completion of treatment under subdivision 4, the association shall confirm the
24.27 treatment requirements are satisfied, and make one of the following determinations:

24.28 (1) continue the approval for an additional eight weeks for the employee to complete
24.29 additional treatment, as provided under subdivision 7;

24.30 (2) terminate the psychological condition treatment because the employee is:

24.31 (i) able to return to full-time work in the position held by the employee on the date of
24.32 the injury, event, or onset of the mental illness; or

25.1 (ii) able to return to another vacant full-time position with the employer which provides
25.2 salary and employer-provided benefits, including pension benefits, that are equal to or
25.3 greater than those for the position held by the employee on the date of the injury, event, or
25.4 onset of the mental illness, as certified by the employer in the form and manner specified
25.5 by the executive director; or

25.6 (3) confirm the employee has met the requirements under section 353.032, after which
25.7 the employee may apply for a duty disability benefit based on a psychological condition
25.8 under section 353.031.

25.9 (b) After confirmation and application under paragraph (a), clause (3), the association
25.10 must approve the employee's application for disability benefits if the employee is eligible
25.11 under section 353.031, at which time the employee is entitled to receive disability benefits
25.12 as provided under this section and any related benefits. The disability benefit begins to
25.13 accrue the day following the day on which the employer ceases to continue salary and
25.14 benefits under subdivision 5 and section 353.656, subdivision 4, paragraph (a).

25.15 (c) Following completion of the additional treatment requirements under subdivision 7,
25.16 if applicable, the association shall confirm the additional treatment requirements are satisfied,
25.17 after which, the employee may apply for disability benefits because the employee is eligible
25.18 under section 353.031, at which time the employee is entitled to receive disability benefits
25.19 as provided under this section and any related benefits. The disability benefit begins to
25.20 accrue the day following the day on which the employer ceases to continue salary and
25.21 benefits under subdivision 5 and section 353.656, subdivision 4, paragraph (a).

25.22 (d) A fitness for duty presumption shall apply to an employee who is determined able
25.23 to return to work as provided under paragraph (a), clause (2), except as provided under
25.24 subdivision 10.

25.25 Subd. 7. **Additional treatment.** (a) Except as provided in paragraph (g), if, after
25.26 completing the treatment required under subdivision 4, the mental health professional's
25.27 report determines that the employee is making progress in treatment, and the employee's
25.28 prognosis is expected to further improve with additional treatment, the association shall
25.29 continue the employee's initial approval under subdivision 6, paragraph (a), clause (1), and
25.30 the employee shall complete up to an additional eight consecutive weeks of active treatment
25.31 modalities as provided under this subdivision.

25.32 (b) Treatment shall be at the direction of a mental health professional using treatment
25.33 modalities indicated for the treatment of the employee's diagnosed mental illness. An
25.34 employee shall not be penalized for an interruption in active, consecutive treatment that is

26.1 not initiated by or resulting from an intentional action of the employee. Subject to subdivision
26.2 9, the employer shall pay for the treatment costs to the extent not paid for by the employee's
26.3 health insurance and may seek reimbursement.

26.4 (c) The employee's mental health professional must assess the employee's progress in
26.5 treatment at the end of eight weeks, including any change to the employee's ability to return
26.6 to the position held by the employee on the date of the injury, event, or onset of the mental
26.7 illness, or to another position with the employer which provides salary and employer-provided
26.8 benefits, including pension benefits, that are equal to or greater than those for the position
26.9 held by the employee on the date of the injury, event, or onset of the mental illness. A final
26.10 confirmation under subdivision 6, paragraph (b), must be supported by an updated report
26.11 from the employee's mental health professional containing an opinion about the employee's
26.12 prognosis, the duration of the disability, and the expectations for improvement following
26.13 the additional treatment. An updated report that does not contain and support a finding that
26.14 the employee's disability as a result of a psychological condition will last for at least 12
26.15 months must not be relied upon to support approval of duty disability benefits.

26.16 (d) The employee may return to full- or part-time work prior to the completion of the
26.17 eight weeks of treatment if the employee's mental health professional determines that they
26.18 are medically able to do so.

26.19 (e) The employee may return to light duty assignments, subject to availability of a
26.20 position, prior to the completion of the eight weeks of treatment, if deemed medically
26.21 appropriate by the employee's mental health professional and with the employer's approval.

26.22 (f) A fitness for duty presumption shall apply to an employee who is cleared to return
26.23 to work or light duty under paragraph (d) or (e), except as provided under subdivision 10.

26.24 (g) No employee shall be required to complete treatment under this subdivision more
26.25 than three times in ten years.

26.26 Subd. 8. **Treatment data.** A "health record," as defined by section 144.291, subdivision
26.27 2, paragraph (c), arising from treatment sought under this section is classified as private
26.28 data on individuals, as defined by section 13.02, subdivision 12, and must not be accessed
26.29 by, shared with, or disclosed or disseminated to any individual, private entity, or government
26.30 entity, including through discovery, search warrant, or subpoena, in any type of investigation
26.31 or legal action.

26.32 Subd. 9. **Employer reimbursement; limit.** (a) Except as provided in paragraph (c), an
26.33 employer subject to this section may annually apply by August 1 for the preceding fiscal
26.34 year to the commissioner of public safety for reimbursement of:

27.1 (1) the treatment costs incurred by the employer under subdivision 4 or 7; and

27.2 (2) the costs incurred to continue salary and benefits as required under subdivision 5.

27.3 (b) An employer must apply for the reimbursement in the form and manner specified
27.4 by the commissioner of public safety.

27.5 (c) No employer shall be required to pay for the salary, benefits, and treatment costs
27.6 required under subdivisions 4, 5, and 7 for a single employee more than three times in ten
27.7 years.

27.8 Subd. 10. **Fitness for duty presumption.** (a) An employee who is cleared or determined
27.9 able to return to work or light duty under subdivision 4, paragraph (e); 6, paragraph (c); or
27.10 7, paragraph (f), is presumed fit for duty, except as follows:

27.11 (1) an employer may request a fitness for duty exam by an independent medical provider
27.12 if the exam is completed within six weeks of the employer receiving the determination from
27.13 the treating mental health professional, and the independent medical provider's report is
27.14 completed no more than six weeks later;

27.15 (2) an employee found unfit for duty by an independent medical provider under clause
27.16 (1):

27.17 (i) is presumed eligible for a duty disability, as provided under subdivision 6, paragraph
27.18 (a), clause (3), if the employee otherwise meets the eligibility requirements under section
27.19 353.031; or

27.20 (ii) may appeal the independent medical provider's determination by requesting an
27.21 examination under paragraph (c); and

27.22 (3) the fitness-for-duty timeline under this paragraph may be modified by mutual
27.23 agreement of the employer and employee.

27.24 (b) Nothing in this section shall be deemed to affect the Americans with Disabilities
27.25 Act, United States Code, title 42, chapter 126; the Family Medical Leave Act, United States
27.26 Code, title 29, chapter 28; or the Minnesota Human Rights Act, chapter 363A.

27.27 (c) An employee who wishes to appeal the independent medical provider's determination
27.28 under paragraph (a), clause (2), item (ii), may request an examination by a qualified
27.29 professional selected by the employee from a panel established by mutual agreement among
27.30 the League of Minnesota Cities, the Association of Minnesota Counties, the Minnesota
27.31 Peace and Police Officers Association, the Minnesota Professional Fire Fighters Association,
27.32 the Minnesota Chiefs of Police Association, and the Minnesota Law Enforcement

28.1 Association. The panel shall consist of five licensed psychiatrists or psychologists who have
28.2 expertise regarding psychological or emotional disorders and who are qualified to opine as
28.3 to the employee's fitness to engage in police or firefighting duties. The agreed upon panel
28.4 of qualified professionals must be submitted to the executive director and made available
28.5 for use in the appeal process. If the employee fails to select a qualified professional from
28.6 the panel within ten days of any notice of appeal, the employing entity may select the
28.7 qualified professional from the panel. A determination made by a qualified professional
28.8 under this item is binding and not subject to appeal. This panel may be the same panel as
28.9 the panel established under section 352B.102, subdivision 10.

28.10 Subd. 11. **Report.** No later than four years after the day following final enactment of
28.11 this act, the executive director, in coordination with employers, employees, and mental

28.16 construed to affect the procedures for an employee's claim for workers' compensation
28.17 benefits under chapter 176 or diminish or delay an employer's or insurer's obligations related
28.18 to an employee's claim for workers' compensation benefits under chapter 176, except that
28.19 when an employee receives psychological condition treatment pursuant to an application
28.20 approved under subdivision 3, the treatment is not compensable under chapter 176.
