1.10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.11 Section 1. Minnesota Statutes 2022, section 299A.42, is amended to read:

1.12 **299A.42 PUBLIC SAFETY OFFICER'S BENEFIT ACCOUNT.**

1.13 Subdivision 1. Public safety officer's benefit account. The public safety officer's benefit

1.14 account is created in the state treasury. Money in the account consists of money transferred

1.15 and appropriated to that account. Money in the account that is not expended in the fiscal

1.16 year in which it is transferred or appropriated does not revert to the general fund until claims

1.17 for reimbursement under section 299A.465 that are submitted in that fiscal year are either

1.18 paid or denied.

1.19 Subd. 2. Annual report. The commissioner of public safety must annually report, no

1.20 later than 30 days after the end of each fiscal year, to the chairs and ranking minority

1.21 members of the legislative committees with jurisdiction over public safety and pensions

1.22 regarding the financial status of the public safety officer's benefit account; the reimbursements

1.23 paid by the commissioner during the preceding fiscal year under sections 299A.465,

1.24 352B.102, and 353.032; and payments, if any, made during the preceding fiscal year under

1.25 sections 352B.103 and 353.033. If the commissioner anticipates, based on historical averages,

2.1 that the public safety officer's benefit account will not have enough money to fund all
2.2 reimbursements the commissioner reasonably anticipates will be requested under sections
2.3 299A.465, 352B.102, and 353.032 and payments for which invoices will be received under
2.4 sections 352B.103 and 353.033 for the current and next fiscal year, the commissioner must
2.5 include in the report the amounts the commissioner believes are necessary to fund the
2.6 anticipated reimbursements and payments.

2.7 **EFFECTIVE DATE.** This section is effective July 1, 2023.

2.8 Sec. 2. Minnesota Statutes 2022, section 299A.465, subdivision 4, is amended to read:

2.9 Subd. 4. **Public employer reimbursement.** (a) A public employer subject to this section
2.10 may annually apply by August 1 for the preceding fiscal year to the commissioner of public
2.11 safety for reimbursement to help defray a portion of its costs of complying with this section
2.12 and sections 352B.102 and 353.032. Except as provided for in paragraph (b), the
2.13 commissioner shall provide an equal pro-rata share reimbursement to the public employer
2.14 out of the public safety officer's benefit account, based on the availability of funds for each
2.15 eligible officer, firefighter, and qualifying dependents. Individual shares must not exceed
2.16 the actual costs of providing coverage under this section by a public employer.

2.17 (b) Beginning on January 1, 2024, a public employer is not eligible for reimbursement
2.18 under paragraph (a) unless the employer provides at least one of the following:

2.19 (1) annual wellness training to peace officers and firefighters who either are employed
2.20 or volunteer for the employer; or

2.21 (2) an employee assistance program or peer support program.

2.22 (c) Wellness training for peace officers under paragraph (b), clause (1), must incorporate
2.23 the learning objectives established by the Peace Officer Standards and Training Board under
2.24 section 626.8478. No later than February 1, 2024, the Minnesota Fire Initiative must create
2.25 a wellness training program for public employers to offer to firefighters to satisfy the
2.26 requirements of paragraph (b). Training programs established in the Hometown Heroes
2.27 Assistance Program under section 299A.477, subdivision 2, clause (4), satisfy the
2.28 requirements of paragraph (b).

5.11 be made until after the last day physically on the job. The disability benefit begins to accrue
5.12 the day following the last day for which the employee is paid sick leave or annual leave but
5.13 not earlier than 180 days before the date the application is filed. A member who is terminated

6.3 (a) Except as otherwise specified under section 352B.102 and paragraph (b), a member
6.4 claiming a disability benefit must file a written application for benefits in the office of the
6.5 system in a form and manner prescribed by the executive director. The member shall provide

7.7 Treatment and Recovery. Treatment includes utilization of multiple treatment modalities,
7.8 including chemical dependency treatment when indicated, and evidence-based trauma
7.9 treatment.

7.10 Subd. 2. **Application; dual diagnosis.** (a) Notwithstanding any law to the contrary, and
7.11 except as provided in paragraph (b), the procedure in this section applies to an application
7.12 for a duty disability by an employee based on the employee's psychological condition.

7.13 (b) The additional procedure in this section does not apply to a duty disability application
7.14 under paragraph (a) that is also based on a dual diagnosis of a physical condition. An
7.15 employee with a dual diagnosis may, but is not required to, seek treatment under subdivisions
7.16 4 and 7, subject to the procedure in this section.

7.17 Subd. 3. **Approval.** (a) An employee who applies for treatment of a psychological
7.18 condition that was a result of the performance of duties related to the employee's occupation
7.19 must receive approval for psychological treatment as provided under this subdivision.

7.20 (b) The executive director shall grant approval to an employee who submits, in the form
7.21 and manner specified by the executive director:

7.22 (1) a report by a mental health professional diagnosing the employee with a mental
7.23 illness and finding that the employee is currently unable to perform the normal duties of
7.24 the position held by the employee on the date of the injury, event, or onset of the mental
7.25 illness on a full- or part-time basis; and

7.26 (2) documentation from the employer certifying the dates the employee was on duty in
7.27 a position covered under the State Patrol plan.

7.28 (c) An employee who receives approval under this subdivision is not considered disabled
7.29 for the purposes of a duty disability under section 352B.10, unless the employee completes
7.30 the additional requirements under this section, receives final confirmation under subdivision
7.31 6, and applies for disability benefits under section 352B.101 before receiving duty disability
7.32 benefits or related benefits.

8.1 (d) Within six business days after the application has been received by the executive
8.2 director, the executive director must notify an employing entity electronically and by mail
8.3 that an application for treatment of a psychological condition has been submitted by an
8.4 employee and request the certification required under paragraph (b), clause (2), from the
8.5 employing entity.

8.6 (e) An employer shall submit the certification required under paragraph (b), clause (2),
8.7 within five business days of an employee's application, and the employee shall receive
8.8 approval no later than 14 business days after the employee's application is received by the
8.9 executive director, whether or not the employer's certification has been submitted. Nothing
8.10 in this paragraph shall delay the treatment of the psychological condition of the employee.

8.11 **Subd. 4. Treatment required.** (a) Except as provided in paragraph (f), an employee
8.12 who receives approval under subdivision 3 shall complete up to 24 consecutive weeks of
8.13 active treatment modalities for the employee's diagnosed mental illness, as provided under
8.14 this subdivision, before a final confirmation can be made under subdivision 6, paragraph
8.15 (a). An employee's treatment shall be at the direction of a mental health professional using
8.16 treatment modalities indicated for the treatment of the diagnosed mental illness. An employee
8.17 shall not be penalized for an interruption in active, consecutive treatment that is not initiated
8.18 by or resulting from an intentional action of the employee. Subject to the limit under
8.19 subdivision 9, the employing entity shall pay for the treatment costs to the extent not paid
8.20 for by the employee's health insurance and may seek reimbursement from the commissioner
8.21 of public safety.

8.22 (b) The employee's mental health professional must assess the employee's progress in
8.23 treatment monthly and at the end of the 24 weeks or earlier, including any change to the
8.24 employee's ability to return to the position held by the employee on the date of the injury,
8.25 event, or onset of the mental illness, or to another position with the employing entity which
8.26 provides salary and employing entity-provided benefits, including pension benefits, that
8.27 are equal to or greater than those for the position held by the employee on the date of the
8.28 injury, event, or onset of the mental illness. A final confirmation under subdivision 6 must
8.29 be supported by a report from the employee's mental health provider containing an opinion
8.30 about the employee's prognosis, the duration of the disability, and the expectations for
8.31 improvement following the treatment. A report that does not contain and support a finding
8.32 that the employee's disability as a result of a psychological condition will last for at least
8.33 12 months must not be relied upon to support approval of duty disability benefits.

9.1 (c) The employee may return to full- or part-time work prior to the completion of the
9.2 24 weeks of treatment if the employee's mental health professional determines that the
9.3 employee is medically able to do so.

9.4 (d) The employee may return to light duty assignments, subject to availability of a
9.5 position, prior to the completion of the 24 weeks of treatment, if deemed medically
9.6 appropriate by the employee's mental health professional and with the employing entity's
9.7 approval.

9.8 (e) A fitness for duty presumption shall apply to an employee who is cleared to return
9.9 to work or light duty under paragraph (c) or (d), except as provided under subdivision 10.

9.10 (f) No employee shall be required to complete treatment under this subdivision more
9.11 than three times in ten years.

9.12 **Subd. 5. Continuation of salary and benefits.** (a) Subject to subdivision 9, for the
9.13 period that an employee is seeking psychological condition treatment approval under
9.14 subdivision 3 or 6, appealing a determination thereof, or receiving treatment under
9.15 subdivision 4 or 7, the employing entity shall continue:

9.16 (1) to pay, for a current employee only, the employee's full salary and employing
9.17 entity-provided benefits, including any employing entity contribution to health care and
9.18 retirement benefits. The employing entity must proportionally reduce the salary paid to an
9.19 employee who is otherwise receiving benefits for the disability that provide compensation
9.20 for all or a portion of the employee's salary for the same time period. Nothing in this
9.21 paragraph requires an employing entity to pay more than 100 percent of the employee's
9.22 salary;

9.23 (2) to provide health insurance benefits to the employee and to the employee's dependents,
9.24 if the employee was receiving dependent coverage at the time of the injury, event, or onset
9.25 of the mental illness under the employing entity's group health plan; and

9.26 (3) to provide any other employment benefits provided to the employee under the
9.27 employee's currently applicable collective bargaining agreement.

9.28 (b) The treatment period required under subdivision 4 or 7 is allowable service under
9.29 section 352B.011, subdivision 3.

9.30 (c) Nothing in this section prevents an employing entity from providing benefits in
9.31 addition to those required by this section or otherwise affects an employee's rights with
9.32 respect to any other employment benefit.

10.1 (d) If an employee is unable to receive treatment through the prescribed treatment
10.2 program due to circumstances beyond the employee's control, which includes but is not
10.3 limited to a lack of availability of a mental health facility or a mental health professional,
10.4 the employee shall continue to receive their regular compensation, benefits, and retirement
10.5 service credits until such mental health facility or mental health professional becomes
10.6 available to the employee for their treatment program. The continuation of salary and benefits
10.7 allowed under this paragraph must not exceed 30 days beyond the day treatment is prescribed,
10.8 except that the continuation of benefits and salary may be extended beyond 30 days if written
10.9 documentation from the mental health facility or mental health professional providing the
10.10 treatment start date is submitted by the employee to the executive director and the employer.

10.11 Subd. 6. **Termination or continuation of psychological condition treatment.** (a)
10.12 Following completion of treatment under subdivision 4, the executive director shall confirm
10.13 the treatment requirements are satisfied and make one of the following determinations:

10.14 (1) continue the approval for an additional eight weeks for the employee to complete
10.15 additional treatment, as provided under subdivision 7;

10.16 (2) terminate the psychological condition treatment because the employee is:

10.17 (i) able to return to full-time work in the position held by the employee on the date of
10.18 the injury, event, or onset of the mental illness; or

10.19 (ii) able to return to another vacant full-time position with the employer which provides
10.20 salary and employer-provided benefits, including pension benefits, that are equal to or
10.21 greater than those for the position held by the employee on the date of the injury, event, or
10.22 onset of the mental illness, as certified by the employer in the form and manner specified
10.23 by the executive director; or

10.24 (3) confirm the employee has met the requirements under this section, after which the
10.25 employee may apply for a duty disability benefit under section 352B.10.

10.26 (b) After confirmation and application under paragraph (a), clause (3), the executive
10.27 director must approve the employee's application for disability benefits if the employee is
10.28 eligible under sections 352B.10 and 352B.101, at which time the employee is entitled to
10.29 receive disability benefits as provided under section 352B.10 and any related benefits. The
10.30 disability benefit begins to accrue the day following the day on which the employer ceases
10.31 to continue salary and benefits under subdivision 5 or the date permitted under section
10.32 352B.10, subdivision 2a, whichever is later.

11.1 (c) Following completion of the additional treatment requirements under subdivision 7,
11.2 if applicable, the executive director must confirm the additional treatment requirements are
11.3 satisfied, after which, the employee may apply for disability benefits. The executive director
11.4 must approve the employee's application for disability benefits if the employee is eligible
11.5 under sections 352B.10 and 352B.101, at which time the employee is entitled to receive
11.6 disability benefits as provided under section 352B.10 and any related benefits. The disability
11.7 benefit begins to accrue the day following the day on which the employer ceases to continue
11.8 salary and benefits under subdivision 5 or the date permitted under section 352B.10,
11.9 subdivision 2a, whichever is later.

11.10 (d) A fitness for duty presumption shall apply to an employee who is determined able
11.11 to return to work as provided under paragraph (a), clause (2), except as provided under
11.12 subdivision 10.

11.13 **Subd. 7. Additional treatment.** (a) Except as provided in paragraph (g), if, after
11.14 completing the treatment required under subdivision 4, the mental health professional's
11.15 report determines that the employee is making progress in treatment, and the employee's
11.16 prognosis is expected to further improve with additional treatment, the executive director
11.17 shall continue the employee's initial approval under subdivision 6, paragraph (a), clause
11.18 (1), and the employee shall complete up to an additional eight consecutive weeks of active
11.19 treatment modalities as provided under this subdivision.

12.6 are medically able to do so.

17.21 including all completion of treatment requirements under section 353.032.

17.22 **EFFECTIVE DATE.** This section is effective July 1, 2023.

17.23 Sec. 15. Minnesota Statutes 2022, section 353.031, subdivision 3, is amended to read:

18.9 be relied upon to support eligibility for benefits.

18.10 (e) Where the medical evidence supports the expectation that at some point in time the
18.11 ~~claimant~~ applicant will no longer be disabled, any decision granting disability may provide
18.12 for a termination date upon which disability can be expected to no longer exist. In the event
18.13 a termination date is made part of the decision granting benefits, prior to the actual

19.14 of the injury or the onset of the illness causing the disability. The employer must provide
19.15 evidence indicating whether the applicant is able or unable to perform the duties of the

20.2 of disability to specific inherently dangerous duties performed by the employee may not be
20.3 relied upon as evidence to support eligibility for benefits and may be disregarded in the
20.4 executive director's decision-making process.

20.5 (d) Any application for duty disability must be supported by a first report of injury as
20.6 defined in section 176.231.

20.17 the date of injury or the onset of the illness or to another position with the employer which
20.18 provides salary and employer-provided benefits, including pension benefits, that are equal

22.24 employee with a dual diagnosis may, but is not required to, seek treatment under subdivisions
22.25 4 and 7, subject to the procedure in this section.

22.26 Subd. 3. **Approval.** (a) An employee who applies for treatment of a psychological
22.27 condition that was a result of the performance of duties related to the occupation must
22.28 receive approval for psychological treatment as provided under this subdivision.

22.29 (b) The executive director shall grant approval to an employee who submits, in the form
22.30 and manner specified by the executive director:

22.31 (1) a report by a mental health professional diagnosing the employee with a mental
22.32 illness and finding that the employee is currently unable to perform the normal duties of

23.2 illness on a full- or part-time basis; and

23.3 (2) documentation from the employer certifying the dates the employee was on duty in
23.4 a position covered under the police and fire plan.

23.5 (c) An employee who receives approval under this subdivision is not considered disabled

23.7 completes the additional requirements under this section, receives final confirmation under
23.8 subdivision 6, and applies for disability benefits under section 353.031 before receiving
23.9 duty disability benefits or related benefits.

23.10 (d) The executive director must notify an employing entity electronically and by mail
23.11 that an application for psychological condition treatment has been submitted by an employee
23.12 and request the certification required under paragraph (b), clause (2), from the employing

23.15 (e) An employer shall submit the certification required under paragraph (b), clause (2),
23.16 within five business days of receiving notice from the executive director, and the employee

23.20 of the employee.

23.21 Subd. 4. **Treatment required.** (a) Except as provided in paragraph (f), an employee
23.22 who receives approval under subdivision 3 shall complete up to 24 consecutive weeks of
23.23 active treatment modalities for the employee's diagnosed mental illness, as provided under
23.24 this subdivision, before a final confirmation can be made under subdivision 6. Treatment
23.25 shall be at the direction of a mental health professional using treatment modalities indicated
23.26 for the treatment of the diagnosed mental illness. An employee shall not be penalized for
23.27 an interruption in active, consecutive treatment that is not initiated by or resulting from an
23.28 intentional action of the employee. Subject to the limit under subdivision 9, the employer
23.29 shall pay for the treatment costs to the extent not paid for by the employee's health insurance
23.30 and may seek reimbursement.

23.31 (b) The employee's mental health professional must assess the employee's progress in
23.32 treatment monthly and at the end of the 24 weeks or earlier, including any change to the
23.33 employee's ability to return to the position held by the employee on the date of the injury,
23.34 event, or onset of the mental illness, or to another position with the employer which provides

24.1 salary and employer-provided benefits, including pension benefits, that are equal to or
24.2 greater than those for the position held by the employee on the date of the injury, event, or
24.3 onset of the mental illness. A final confirmation under subdivision 6 must be supported by
24.4 a report from the employee's mental health professional containing an opinion about the
24.5 employee's prognosis, the duration of the disability, and the expectations for improvement
24.6 following the treatment. A report that does not contain and support a finding that the
24.7 employee's disability as a result of a psychological condition will last for at least 12 months
24.8 must not be relied upon to support approval of duty disability benefits.

24.9 (c) The employee may return to full- or part-time work prior to the completion of the
24.10 24 weeks of treatment if the employee's mental health professional determines that they are
24.11 medically able to do so.

24.12 (d) The employee may return to light duty assignments, subject to availability of a
24.13 position, prior to the completion of the 24 weeks of treatment, if deemed medically
24.14 appropriate by the employee's mental health professional and with the employer's approval.

24.15 (e) A fitness for duty presumption shall apply to an employee who is cleared to return
24.16 to work or light duty under paragraph (c) or (d), except as provided under subdivision 10.

24.17 (f) No employee shall be required to complete treatment under this subdivision more
24.18 than three times in ten years.

24.19 Subd. 5. **Continuation of salary and benefits.** (a) Subject to subdivision 9, for the
24.20 period that an employee is seeking psychological condition treatment approval under
24.21 subdivision 3 or 6, appealing a determination thereof, or receiving treatment under
24.22 subdivision 4 or 7, the employer shall continue:

24.23 (1) to pay, for a current employee only, the employee's full salary and employer-provided
24.24 benefits, including any employer contribution to health care and retirement benefits. The
24.25 employer must proportionally reduce the salary paid to an employee who is otherwise
24.26 receiving benefits for the disability that provide compensation for all or a portion of the
24.27 employee's salary for the same time period. Nothing in this paragraph requires an employer
24.28 to pay more than 100 percent of the employee's salary;

24.29 (2) to provide health insurance benefits to the employee and to the employee's dependents,
24.30 if the employee was receiving dependent coverage at the time of the injury, event, or onset
24.31 of the mental illness under the employer's group health plan; and

24.32 (3) to provide any other employment benefits provided to the employee under the
24.33 employee's currently applicable collective bargaining agreement.

25.1 (b) An employee shall obtain service credit for the treatment period required under
25.2 subdivision 4 or 7.

25.3 (c) Nothing prevents an employer from providing benefits in addition to those required
25.4 by this section or otherwise affects an employee's rights with respect to any other employment
25.5 benefit.

25.6 (d) If an employee is unable to receive treatment through the prescribed treatment
25.7 program due to circumstances beyond the employee's control, which includes but is not
25.8 limited to a lack of availability of a mental health facility or a mental health professional,
25.9 the employee shall continue to receive their regular compensation, benefits, and retirement
25.10 service credits, until such mental health facility or mental health professional becomes
25.11 available to the employee for their treatment program. The continuation of salary and benefits
25.12 allowed under this paragraph must not exceed 30 days beyond the day treatment is prescribed,
25.13 except that continuation of benefits and salary may be extended beyond 30 days if written
25.14 documentation from the mental health facility or mental health professional providing the
25.15 treatment start date is submitted by the employee to the executive director and the employer.

25.16 Subd. 6. **Termination or continuation of psychological condition treatment.** (a)
25.17 Following completion of treatment under subdivision 4, the association shall confirm the
25.18 treatment requirements are satisfied, and make one of the following determinations:

25.19 (1) continue the approval for an additional eight weeks for the employee to complete
25.20 additional treatment, as provided under subdivision 7;

25.21 (2) terminate the psychological condition treatment because the employee is:

25.22 (i) able to return to full-time work in the position held by the employee on the date of
25.23 the injury, event, or onset of the mental illness; or

25.24 (ii) able to return to another vacant full-time position with the employer which provides
25.25 salary and employer-provided benefits, including pension benefits, that are equal to or
25.26 greater than those for the position held by the employee on the date of the injury, event, or
25.27 onset of the mental illness, as certified by the employer in the form and manner specified
25.28 by the executive director; or

25.29 (3) confirm the employee has met the requirements under section 353.032, after which
25.30 the employee may apply for a duty disability benefit based on a psychological condition
25.31 under section 353.031.

25.32 (b) After confirmation and application under paragraph (a), clause (3), the association
25.33 must approve the employee's application for disability benefits if the employee is eligible

26.1 under section 353.031, at which time the employee is entitled to receive disability benefits
26.2 as provided under this section and any related benefits. The disability benefit begins to
26.3 accrue the day following the day on which the employer ceases to continue salary and
26.4 benefits under subdivision 5 and section 353.656, subdivision 4, paragraph (a).

26.5 (c) Following completion of the additional treatment requirements under subdivision 7,
26.6 if applicable, the association shall confirm the additional treatment requirements are satisfied,
26.7 after which, the employee may apply for disability benefits because the employee is eligible
26.8 under section 353.031, at which time the employee is entitled to receive disability benefits
26.9 as provided under this section and any related benefits. The disability benefit begins to
26.10 accrue the day following the day on which the employer ceases to continue salary and
26.11 benefits under subdivision 5 and section 353.656, subdivision 4, paragraph (a).

26.12 (d) A fitness for duty presumption shall apply to an employee who is determined able
26.13 to return to work as provided under paragraph (a), clause (2), except as provided under
26.14 subdivision 10.

26.15 Subd. 7. **Additional treatment.** (a) Except as provided in paragraph (g), if, after
26.16 completing the treatment required under subdivision 4, the mental health professional's
26.17 report determines that the employee is making progress in treatment, and the employee's
26.18 prognosis is expected to further improve with additional treatment, the association shall
26.19 continue the employee's initial approval under subdivision 6, paragraph (a), clause (1), and
26.20 the employee shall complete up to an additional eight consecutive weeks of active treatment
26.21 modalities as provided under this subdivision.

26.22 (b) Treatment shall be at the direction of a mental health professional using treatment
26.23 modalities indicated for the treatment of the employee's diagnosed mental illness. An
26.24 employee shall not be penalized for an interruption in active, consecutive treatment that is
26.25 not initiated by or resulting from an intentional action of the employee. Subject to subdivision
26.26 9, the employer shall pay for the treatment costs to the extent not paid for by the employee's
26.27 health insurance and may seek reimbursement.

26.28 (c) The employee's mental health professional must assess the employee's progress in
26.29 treatment at the end of eight weeks, including any change to the employee's ability to return
26.30 to the position held by the employee on the date of the injury, event, or onset of the mental
26.31 illness, or to another position with the employer which provides salary and employer-provided
26.32 benefits, including pension benefits, that are equal to or greater than those for the position
26.33 held by the employee on the date of the injury, event, or onset of the mental illness. A final
26.34 confirmation under subdivision 6, paragraph (b), must be supported by an updated report

27.1 from the employee's mental health professional containing an opinion about the employee's
27.2 prognosis, the duration of the disability, and the expectations for improvement following
27.3 the additional treatment. An updated report that does not contain and support a finding that
27.4 the employee's disability as a result of a psychological condition will last for at least 12
27.5 months must not be relied upon to support approval of duty disability benefits.

27.6 (d) The employee may return to full- or part-time work prior to the completion of the
27.7 eight weeks of treatment if the employee's mental health professional determines that they
27.8 are medically able to do so.

27.9 (e) The employee may return to light duty assignments, subject to availability of a
27.10 position, prior to the completion of the eight weeks of treatment, if deemed medically
27.11 appropriate by the employee's mental health professional and with the employer's approval.

27.12 (f) A fitness for duty presumption shall apply to an employee who is cleared to return
27.13 to work or light duty under paragraph (d) or (e), except as provided under subdivision 10.

27.14 (g) No employee shall be required to complete treatment under this subdivision more
27.15 than three times in ten years.

27.16 Subd. 8. **Treatment data.** A "health record," as defined by section 144.291, subdivision
27.17 2, paragraph (c), arising from treatment sought under this section is classified as private
27.18 data on individuals, as defined by section 13.02, subdivision 12, and must not be accessed
27.19 by, shared with, or disclosed or disseminated to any individual, private entity, or government

33.16 joint and survivor annuity only if the spouse of the disabled member permanently waives
