1.10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.11 Section 1. **[62A.673] COVERAGE OF SERVICES PROVIDED THROUGH**
1.12 **TELEHEALTH.**

1.13 Subdivision 1. Citation. This section may be cited as the "Minnesota Telehealth Act."

1.14 Subd. 2. Definitions. (a) For purposes of this section, the terms defined in this subdivision
1.15 have the meanings given.

1.16 (b) "Distant site" means a site at which a health care provider is located while providing
1.17 health care services or consultations by means of telehealth.

1.18 (c) "Health care provider" means a health care professional who is licensed or registered
1.19 by the state to perform health care services within the provider's scope of practice and in
1.20 accordance with state law. A health care provider includes a mental health professional as
1.21 defined under section 245.462, subdivision 18, or 245.4871, subdivision 27; and a mental
1.22 health practitioner as defined under section 245.462, subdivision 17, or 245.4871, subdivision
1.23 26.

1.24 (d) "Health carrier" has the meaning given in section 62A.011, subdivision 2.

2.1 (e) "Health plan" has the meaning given in section 62A.011, subdivision 3. Health plan
2.2 includes dental plans as defined in section 62Q.76, subdivision 3, but does not include dental
2.3 plans that provide indemnity-based benefits, regardless of expenses incurred, and are designed
2.4 to pay benefits directly to the policy holder.

2.5 (f) "Originating site" means a site at which a patient is located at the time health care
2.6 services are provided to the patient by means of telehealth. For purposes of store-and-forward
2.7 transfer, the originating site also means the location at which a health care provider transfers
2.8 or transmits information to the distant site.

2.9 (g) "Store-and-forward transfer" means the asynchronous electronic transfer of a patient's
2.10 medical information or data from an originating site to a distant site for the purposes of
2.11 diagnostic and therapeutic assistance in the care of a patient.

2.12 (h) "Telehealth" means the delivery of health care services or consultations through the
2.13 use of real time two-way interactive audio and visual or audio-only communications to
2.14 provide or support health care delivery and facilitate the assessment, diagnosis, consultation,
2.15 treatment, education, and care management of a patient's health care. Telehealth includes
2.16 the application of secure video conferencing, store-and-forward transfers, and synchronous
2.17 interactions between a patient located at an originating site and a health care provider located
2.18 at a distant site. Telehealth includes audio-only communication between a health care
2.19 provider and a patient if the communication is a scheduled appointment and the standard
2.20 of care for the service can be met through the use of audio-only communication. Telehealth
2.21 does not include communication between health care providers or between a health care
2.22 provider and a patient that consists solely of an e-mail or facsimile transmission. Telehealth
2.23 does not include communication between health care providers that consists solely of a
2.24 telephone conversation.

2.25 (i) "Telemonitoring services" means the remote monitoring of clinical data related to
2.26 the enrollee's vital signs or biometric data by a monitoring device or equipment that transmits
2.27 the data electronically to a health care provider for analysis. Telemonitoring is intended to
2.28 collect an enrollee's health-related data for the purpose of assisting a health care provider
2.29 in assessing and monitoring the enrollee's medical condition or status.

2.30 Subd. 3. **Coverage of telehealth.** (a) A health plan sold, issued, or renewed by a health
2.31 carrier in Minnesota must (1) cover benefits delivered through telehealth in the same manner
2.32 as any other benefits covered under the health plan, and (2) comply with this section.

2.33 (b) Coverage for services delivered through telehealth must not be limited on the basis
2.34 of geography, location, or distance for travel.

3.1 (c) A health carrier must not create a separate provider network or provide incentives
3.2 to enrollees to use a separate provider network to deliver services through telehealth that
3.3 does not include network providers who provide in-person care to patients for the same
3.4 service.

3.5 (d) A health carrier may require a deductible, co-payment, or coinsurance payment for
3.6 a health care service provided through telehealth, provided that the deductible, co-payment,
3.7 or coinsurance payment is not in addition to, and does not exceed, the deductible, co-payment,
3.8 or coinsurance applicable for the same service provided through in-person contact.

3.9 (e) Nothing in this section:

3.10 (1) requires a health carrier to provide coverage for services that are not medically
3.11 necessary or are not covered under the enrollee's health plan; or

3.12 (2) prohibits a health carrier from:

3.13 (i) establishing criteria that a health care provider must meet to demonstrate the safety
3.14 or efficacy of delivering a particular service through telehealth for which the health carrier
3.15 does not already reimburse other health care providers for delivering the service through
3.16 telehealth; or

3.17 (ii) establishing reasonable medical management techniques, provided the criteria or
3.18 techniques are not unduly burdensome or unreasonable for the particular service; or

3.19 (iii) requiring documentation or billing practices designed to protect the health carrier
3.20 or patient from fraudulent claims, provided the practices are not unduly burdensome or
3.21 unreasonable for the particular service.

3.22 (f) Nothing in this section requires the use of telehealth when a health care provider
3.23 determines that the delivery of a health care service through telehealth is not appropriate or
3.24 when an enrollee chooses not to receive a health care service through telehealth.

3.25 **Subd. 4. Parity between telehealth and in-person services.** (a) A health carrier must
3.26 not restrict or deny coverage of a health care service that is covered under a health plan
3.27 solely:

3.28 (1) because the health care service provided by the health care provider through telehealth
3.29 is not provided through in-person contact; or

3.30 (2) based on the communication technology or application used to deliver the health
3.31 care service through telehealth, provided the technology or application complies with this
3.32 section and is appropriate for the particular service.

4.1 (b) Prior authorization may be required for health care services delivered through
4.2 telehealth only if prior authorization is required before the delivery of the same service
4.3 through in-person contact.

4.4 (c) A health carrier may require a utilization review for services delivered through
4.5 telehealth, provided the utilization review is conducted in the same manner and uses the
4.6 same clinical review criteria as a utilization review for the same services delivered through
4.7 in-person contact.

4.8 **Subd. 5. Reimbursement for services delivered through telehealth.** (a) A health carrier
4.9 must reimburse the health care provider for services delivered through telehealth on the
4.10 same basis and at the same rate as the health carrier would apply to those services if the
4.11 services had been delivered by the health care provider through in-person contact.

4.12 (b) A health carrier must not deny or limit reimbursement based solely on a health care
4.13 provider delivering the service or consultation through telehealth instead of through in-person
4.14 contact.

4.15 (c) A health carrier must not deny or limit reimbursement based solely on the technology
4.16 and equipment used by the health care provider to deliver the health care service or
4.17 consultation through telehealth, provided the technology and equipment used by the provider
4.18 meets the requirements of this section and is appropriate for the particular service.

4.19 **Subd. 6. Telehealth equipment.** (a) A health carrier must not require a health care
4.20 provider to use specific telecommunications technology and equipment as a condition of
4.21 coverage under this section, provided the health care provider uses telecommunications
4.22 technology and equipment that complies with current industry interoperable standards and
4.23 complies with standards required under the federal Health Insurance Portability and
4.24 Accountability Act of 1996, Public Law 104-191, and regulations promulgated under that
4.25 Act, unless authorized under this section.

4.26 (b) A health carrier must provide coverage for health care services delivered through
4.27 telehealth by means of the use of audio-only telephone communication if the communication
4.28 is a scheduled appointment and the standard of care for that particular service can be met
4.29 through the use of audio-only communication.

4.30 **Subd. 7. Telemonitoring services.** A health carrier must provide coverage for
4.31 telemonitoring services if:

4.32 (1) the telemonitoring service is medically appropriate based on the enrollee's medical
4.33 condition or status;

5.1 (2) the enrollee is cognitively and physically capable of operating the monitoring device
5.2 or equipment, or the enrollee has a caregiver who is willing and able to assist with the
5.3 monitoring device or equipment; and

5.4 (3) the enrollee resides in a setting that is suitable for telemonitoring and not in a setting
5.5 that has health care staff on site.

5.6 Sec. 2. Minnesota Statutes 2020, section 147.033, is amended to read:

5.7 **147.033 PRACTICE OF ~~TELEMEDICINE~~ TELEHEALTH.**

5.8 Subdivision 1. **Definition.** For the purposes of this section, "~~telemedicine~~" means the
5.9 ~~delivery of health care services or consultations while the patient is at an originating site~~
5.10 ~~and the licensed health care provider is at a distant site. A communication between licensed~~
5.11 ~~health care providers that consists solely of a telephone conversation, e-mail, or facsimile~~
5.12 ~~transmission does not constitute telemedicine consultations or services. A communication~~
5.13 ~~between a licensed health care provider and a patient that consists solely of an e-mail or~~
5.14 ~~facsimile transmission does not constitute telemedicine consultations or services.~~

5.15 ~~Telemedicine may be provided by means of real-time two-way interactive audio, and visual~~
5.16 ~~communications, including the application of secure video conferencing or store-and-forward~~
5.17 ~~technology to provide or support health care delivery, that facilitate the assessment, diagnosis,~~
5.18 ~~consultation, treatment, education, and care management of a patient's health care.~~

5.19 "telehealth" has the meaning given in section 62A.673, subdivision 2, paragraph (h).

5.20 Subd. 2. **Physician-patient relationship.** A physician-patient relationship may be
5.21 established through ~~telemedicine~~ telehealth.

5.22 Subd. 3. **Standards of practice and conduct.** A physician providing health care services
5.23 by ~~telemedicine~~ telehealth in this state shall be held to the same standards of practice and
5.24 conduct as provided in this chapter for in-person health care services.

5.25 Sec. 3. Minnesota Statutes 2020, section 151.37, subdivision 2, is amended to read:

5.26 Subd. 2. **Prescribing and filing.** (a) A licensed practitioner in the course of professional
5.27 practice only, may prescribe, administer, and dispense a legend drug, and may cause the
5.28 same to be administered by a nurse, a physician assistant, or medical student or resident
5.29 under the practitioner's direction and supervision, and may cause a person who is an
5.30 appropriately certified, registered, or licensed health care professional to prescribe, dispense,
5.31 and administer the same within the expressed legal scope of the person's practice as defined
5.32 in Minnesota Statutes. A licensed practitioner may prescribe a legend drug, without reference

6.1 to a specific patient, by directing a licensed dietitian or licensed nutritionist, pursuant to
6.2 section 148.634; a nurse, pursuant to section 148.235, subdivisions 8 and 9; physician
6.3 assistant; medical student or resident; or pharmacist according to section 151.01, subdivision
6.4 27, to adhere to a particular practice guideline or protocol when treating patients whose
6.5 condition falls within such guideline or protocol, and when such guideline or protocol
6.6 specifies the circumstances under which the legend drug is to be prescribed and administered.
6.7 An individual who verbally, electronically, or otherwise transmits a written, oral, or electronic
6.8 order, as an agent of a prescriber, shall not be deemed to have prescribed the legend drug.
6.9 This paragraph applies to a physician assistant only if the physician assistant meets the
6.10 requirements of ~~section 147A.18~~ sections 147A.02 and 147A.09.

6.11 (b) The commissioner of health, if a licensed practitioner, or a person designated by the
6.12 commissioner who is a licensed practitioner, may prescribe a legend drug to an individual
6.13 or by protocol for mass dispensing purposes where the commissioner finds that the conditions
6.14 triggering section 144.4197 or 144.4198, subdivision 2, paragraph (b), exist. The
6.15 commissioner, if a licensed practitioner, or a designated licensed practitioner, may prescribe,
6.16 dispense, or administer a legend drug or other substance listed in subdivision 10 to control
6.17 tuberculosis and other communicable diseases. The commissioner may modify state drug
6.18 labeling requirements, and medical screening criteria and documentation, where time is
6.19 critical and limited labeling and screening are most likely to ensure legend drugs reach the
6.20 maximum number of persons in a timely fashion so as to reduce morbidity and mortality.

6.21 (c) A licensed practitioner that dispenses for profit a legend drug that is to be administered
6.22 orally, is ordinarily dispensed by a pharmacist, and is not a vaccine, must file with the
6.23 practitioner's licensing board a statement indicating that the practitioner dispenses legend
6.24 drugs for profit, the general circumstances under which the practitioner dispenses for profit,
6.25 and the types of legend drugs generally dispensed. It is unlawful to dispense legend drugs
6.26 for profit after July 31, 1990, unless the statement has been filed with the appropriate
6.27 licensing board. For purposes of this paragraph, "profit" means (1) any amount received by
6.28 the practitioner in excess of the acquisition cost of a legend drug for legend drugs that are
6.29 purchased in prepackaged form, or (2) any amount received by the practitioner in excess
6.30 of the acquisition cost of a legend drug plus the cost of making the drug available if the
6.31 legend drug requires compounding, packaging, or other treatment. The statement filed under
6.32 this paragraph is public data under section 13.03. This paragraph does not apply to a licensed
6.33 doctor of veterinary medicine or a registered pharmacist. Any person other than a licensed
6.34 practitioner with the authority to prescribe, dispense, and administer a legend drug under
6.35 paragraph (a) shall not dispense for profit. To dispense for profit does not include dispensing

7.1 by a community health clinic when the profit from dispensing is used to meet operating
7.2 expenses.

7.3 (d) A prescription drug order for the following drugs is not valid, unless it can be
7.4 established that the prescription drug order was based on a documented patient evaluation,
7.5 including an examination, adequate to establish a diagnosis and identify underlying conditions
7.6 and contraindications to treatment:

7.7 (1) controlled substance drugs listed in section 152.02, subdivisions 3 to 5;

7.8 (2) drugs defined by the Board of Pharmacy as controlled substances under section
7.9 152.02, subdivisions 7, 8, and 12;

7.10 (3) muscle relaxants;

7.11 (4) centrally acting analgesics with opioid activity;

7.12 (5) drugs containing butalbital; or

7.13 (6) phosphodiesterase type 5 inhibitors when used to treat erectile dysfunction.

7.14 ~~For purposes of prescribing drugs listed in clause (6), the requirement for a documented~~
7.15 ~~patient evaluation, including an examination, may be met through the use of telemedicine,~~
7.16 ~~as defined in section 147.033, subdivision 1.~~

7.17 (e) For the purposes of paragraph (d), the requirement for an examination shall be met
7.18 if:

7.19 (1) an in-person examination has been completed in any of the following circumstances:

7.20 ~~(1)~~ (i) the prescribing practitioner examines the patient at the time the prescription or
7.21 drug order is issued;

7.22 ~~(2)~~ (ii) the prescribing practitioner has performed a prior examination of the patient;

7.23 ~~(3)~~ (iii) another prescribing practitioner practicing within the same group or clinic as
7.24 the prescribing practitioner has examined the patient;

7.25 ~~(4)~~ (iv) a consulting practitioner to whom the prescribing practitioner has referred the
7.26 patient has examined the patient; or

7.27 ~~(5)~~ (v) the referring practitioner has performed an examination in the case of a consultant
7.28 practitioner issuing a prescription or drug order when providing services by means of
7.29 telemedicine; or

7.30 (2) the prescription order is for a drug listed in paragraph (d), clause (6), or for medication
7.31 assisted therapy for a substance use disorder, and the prescribing practitioner has completed

8.1 an examination of the patient via telehealth as defined in section 62A.673, subdivision 2,
8.2 paragraph (h).

8.3 (f) Nothing in paragraph (d) or (e) prohibits a licensed practitioner from prescribing a
8.4 drug through the use of a guideline or protocol pursuant to paragraph (a).

8.5 (g) Nothing in this chapter prohibits a licensed practitioner from issuing a prescription
8.6 or dispensing a legend drug in accordance with the Expedited Partner Therapy in the
8.7 Management of Sexually Transmitted Diseases guidance document issued by the United
8.8 States Centers for Disease Control.

8.9 (h) Nothing in paragraph (d) or (e) limits prescription, administration, or dispensing of
8.10 legend drugs through a public health clinic or other distribution mechanism approved by
8.11 the commissioner of health or a community health board in order to prevent, mitigate, or
8.12 treat a pandemic illness, infectious disease outbreak, or intentional or accidental release of
8.13 a biological, chemical, or radiological agent.

8.14 (i) No pharmacist employed by, under contract to, or working for a pharmacy located
8.15 within the state and licensed under section 151.19, subdivision 1, may dispense a legend
8.16 drug based on a prescription that the pharmacist knows, or would reasonably be expected
8.17 to know, is not valid under paragraph (d).

8.18 (j) No pharmacist employed by, under contract to, or working for a pharmacy located
8.19 outside the state and licensed under section 151.19, subdivision 1, may dispense a legend
8.20 drug to a resident of this state based on a prescription that the pharmacist knows, or would
8.21 reasonably be expected to know, is not valid under paragraph (d).

8.22 (k) Nothing in this chapter prohibits the commissioner of health, if a licensed practitioner,
8.23 or, if not a licensed practitioner, a designee of the commissioner who is a licensed
8.24 practitioner, from prescribing legend drugs for field-delivered therapy in the treatment of
8.25 a communicable disease according to the Centers For Disease Control and Prevention Partner
8.26 Services Guidelines.

8.27 **EFFECTIVE DATE.** This section is effective the day following final enactment.

8.28 Sec. 4. Minnesota Statutes 2020, section 245G.01, subdivision 13, is amended to read:

8.29 Subd. 13. **Face-to-face.** "Face-to-face" means two-way, real-time, interactive ~~and visual~~
8.30 communication between a client and a treatment service provider and includes services
8.31 delivered in person or via ~~telemedicine~~ telehealth with priority being given to interactive
8.32 audio and visual communication, if available.

9.1 **EFFECTIVE DATE.** This section is effective January 1, 2022, or upon federal approval,
9.2 whichever is later. The commissioner of human services shall notify the revisor of statutes
9.3 when federal approval is obtained.

9.4 Sec. 5. Minnesota Statutes 2020, section 245G.01, subdivision 26, is amended to read:

9.5 Subd. 26. ~~Telemedicine~~ **Telehealth.** ~~"Telemedicine"~~ "Telehealth" means the delivery
9.6 of a substance use disorder treatment service while the client is at an originating site and
9.7 the ~~licensed~~ health care provider is at a distant site via telehealth as defined in section
9.8 256B.0625, subdivision 3b, and as specified in section 254B.05, subdivision 5, paragraph
9.9 (f).

9.10 Sec. 6. Minnesota Statutes 2020, section 245G.06, subdivision 1, is amended to read:

9.11 Subdivision 1. **General.** Each client must have a person-centered individual treatment
9.12 plan developed by an alcohol and drug counselor within ten days from the day of service
9.13 initiation for a residential program and within five calendar days on which a treatment
9.14 session has been provided from the day of service initiation for a client in a nonresidential
9.15 program. Opioid treatment programs must complete the individual treatment plan within
9.16 21 days from the day of service initiation. The individual treatment plan must be signed by
9.17 the client and the alcohol and drug counselor and document the client's involvement in the
9.18 development of the plan. The individual treatment plan is developed upon the qualified staff
9.19 member's dated signature. Treatment planning must include ongoing assessment of client
9.20 needs. An individual treatment plan must be updated based on new information gathered
9.21 about the client's condition, the client's level of participation, and on whether methods
9.22 identified have the intended effect. A change to the plan must be signed by the client and
9.23 the alcohol and drug counselor. If the client chooses to have family or others involved in
9.24 treatment services, the client's individual treatment plan must include how the family or
9.25 others will be involved in the client's treatment. If a client is receiving treatment services
9.26 or an assessment via telehealth, the alcohol and drug counselor may document the client's
9.27 verbal approval of the treatment plan or change to the treatment plan in lieu of the client's
9.28 signature.

9.29 Sec. 7. Minnesota Statutes 2020, section 254A.19, subdivision 5, is amended to read:

9.30 Subd. 5. **Assessment via ~~telemedicine~~ telehealth.** Notwithstanding Minnesota Rules,
9.31 part 9530.6615, subpart 3, item A, a chemical use assessment may be conducted via
9.32 ~~telemedicine~~ telehealth as defined in section 256B.0625, subdivision 3b.

10.1 **EFFECTIVE DATE.** This section is effective January 1, 2022, or upon federal approval,
10.2 whichever is later. The commissioner of human services shall notify the revisor of statutes
10.3 when federal approval is obtained.

10.4 Sec. 8. Minnesota Statutes 2020, section 254B.05, subdivision 5, is amended to read:

10.5 Subd. 5. **Rate requirements.** (a) The commissioner shall establish rates for substance
10.6 use disorder services and service enhancements funded under this chapter.

10.7 (b) Eligible substance use disorder treatment services include:

10.8 (1) outpatient treatment services that are licensed according to sections 245G.01 to
10.9 245G.17, or applicable tribal license;

10.10 (2) comprehensive assessments provided according to sections 245.4863, paragraph (a),

10.19 to 245G.17 and 245G.22, or applicable tribal license;

10.21 requirements of clause (6) and provide nine hours of clinical services each week;

10.23 according to sections 245G.01 to 245G.17 and 245G.21 or applicable tribal license which

13.24 Sec. 10. Minnesota Statutes 2020, section 256B.0625, subdivision 3b, is amended to read:

15.16 interactions between a patient located at an originating site and a health care provider located
15.17 at a distant site. Unless interactive visual and audio communication is specifically required,
15.18 telehealth includes audio-only communication between a health care provider and a patient,
15.19 if the communication is a scheduled appointment with the health care provider and the
15.20 standard of care for the service can be met through the use of audio-only communication.
15.21 Telehealth does not include communication between health care providers or between a
15.22 health care provider and a patient that consists solely of an e-mail or facsimile transmission.
15.23 Telehealth does not include communication between health care providers that consists
15.24 solely of a telephone conversation;

15.28 health practitioner defined under section 245.462, subdivision 17, or 245.4871, subdivision
15.29 26, working under the general supervision of a mental health professional, and a community

16.3 subdivision 8, and a mental health case manager under section 245.462, subdivision 4; and

16.4 (3) "originating site" is defined under section 62A.671, subdivision 7, "distant site," and
16.5 "store-and-forward transfer" have the meanings given in section 62A.673, subdivision 2.

16.6 ~~(f) The limit on coverage of three telemedicine services per enrollee per calendar week~~
16.7 ~~does not apply if:~~

16.8 ~~(1) the telemedicine services provided by the licensed health care provider are for the~~
16.9 ~~treatment and control of tuberculosis; and~~

16.13 **EFFECTIVE DATE.** This section is effective January 1, 2022, or upon federal approval,

16.17 to read:

16.18 Subd. 3h. **Telemonitoring services.** (a) Medical assistance covers telemonitoring services
16.19 if a recipient:

16.21 conditions: hypertension, cancer, congestive heart failure, chronic obstructive pulmonary
16.22 disease, asthma, or diabetes;

16.23 (2) requires at least five times per week monitoring to manage the chronic condition, as
16.24 ordered by the recipient's health care provider;

16.25 (3) has had two or more emergency room or inpatient hospitalization stays within the
16.26 last 12 months due to the chronic condition or the recipient's health care provider has

16.28 readmission to a hospital, emergency room, or nursing facility;

16.29 (4) is cognitively and physically capable of operating the monitoring device or equipment,
16.30 or the recipient has a caregiver who is willing and able to assist with the monitoring device

17.20 or products in accordance with section 151.37, subdivision 14, 15, or 16;

17.21 (3) monitoring and evaluating the patient's response to therapy, including safety and
17.22 effectiveness;

17.24 medication-related problems, including adverse drug events;

17.25 (5) documenting the care delivered and communicating essential information to the
17.26 patient's other primary care providers;

17.31 (8) coordinating and integrating medication therapy management services within the
17.32 broader health care management services being provided to the patient.

18.1 Nothing in this subdivision shall be construed to expand or modify the scope of practice of

18.15 ~~or in home settings, including long-term care settings, group homes, and facilities providing~~
18.16 ~~assisted living services, but excluding skilled nursing facilities; and~~

19.8 Sec. 13. Minnesota Statutes 2020, section 256B.0625, subdivision 20, is amended to read:

19.9 Subd. 20. **Mental health case management.** (a) To the extent authorized by rule of the
19.10 state agency, medical assistance covers case management services to persons with serious
19.11 and persistent mental illness and children with severe emotional disturbance. Services
19.12 provided under this section must meet the relevant standards in sections 245.461 to 245.4887,
19.13 the Comprehensive Adult and Children's Mental Health Acts, Minnesota Rules, parts
19.14 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.

19.15 (b) Entities meeting program standards set out in rules governing family community
19.16 support services as defined in section 245.4871, subdivision 17, are eligible for medical
19.17 assistance reimbursement for case management services for children with severe emotional
19.18 disturbance when these services meet the program standards in Minnesota Rules, parts
19.19 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

19.20 (c) Medical assistance and MinnesotaCare payment for mental health case management
19.21 shall be made on a monthly basis. In order to receive payment for an eligible child, the
19.22 provider must document at least a face-to-face in-person contact with the child, the child's
19.23 parents, or the child's legal representative. To receive payment for an eligible adult, the
19.24 provider must document:

19.25 (1) at least a face-to-face in-person contact with the adult or the adult's legal representative
19.26 or a contact by ~~interactive video~~ telehealth that meets the requirements of subdivision 20b;
19.27 or

19.28 (2) at least a telephone contact with the adult or the adult's legal representative and
19.29 document a face-to-face in-person contact or a contact by ~~interactive video~~ telehealth that
19.30 meets the requirements of subdivision 20b with the adult or the adult's legal representative
19.31 within the preceding two months.

19.32 (d) Payment for mental health case management provided by county or state staff shall
19.33 be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph

20.1 (b), with separate rates calculated for child welfare and mental health, and within mental
20.2 health, separate rates for children and adults.

20.3 (e) Payment for mental health case management provided by Indian health services or
20.4 by agencies operated by Indian tribes may be made according to this section or other relevant
20.5 federally approved rate setting methodology.

20.6 (f) Payment for mental health case management provided by vendors who contract with
20.7 a county or Indian tribe shall be based on a monthly rate negotiated by the host county or
20.8 tribe. The negotiated rate must not exceed the rate charged by the vendor for the same
20.9 service to other payers. If the service is provided by a team of contracted vendors, the county
20.10 or tribe may negotiate a team rate with a vendor who is a member of the team. The team
20.11 shall determine how to distribute the rate among its members. No reimbursement received
20.12 by contracted vendors shall be returned to the county or tribe, except to reimburse the county
20.13 or tribe for advance funding provided by the county or tribe to the vendor.

20.14 (g) If the service is provided by a team which includes contracted vendors, tribal staff,
20.15 and county or state staff, the costs for county or state staff participation in the team shall be
20.16 included in the rate for county-provided services. In this case, the contracted vendor, the
20.17 tribal agency, and the county may each receive separate payment for services provided by
20.18 each entity in the same month. In order to prevent duplication of services, each entity must
20.19 document, in the recipient's file, the need for team case management and a description of
20.20 the roles of the team members.

20.21 (h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for
20.22 mental health case management shall be provided by the recipient's county of responsibility,
20.23 as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds
20.24 used to match other federal funds. If the service is provided by a tribal agency, the nonfederal
20.25 share, if any, shall be provided by the recipient's tribe. When this service is paid by the state
20.26 without a federal share through fee-for-service, 50 percent of the cost shall be provided by
20.27 the recipient's county of responsibility.

20.28 (i) Notwithstanding any administrative rule to the contrary, prepaid medical assistance
20.29 and MinnesotaCare include mental health case management. When the service is provided
20.30 through prepaid capitation, the nonfederal share is paid by the state and the county pays no
20.31 share.

20.32 (j) The commissioner may suspend, reduce, or terminate the reimbursement to a provider
20.33 that does not meet the reporting or other requirements of this section. The county of
20.34 responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal agency,

21.1 is responsible for any federal disallowances. The county or tribe may share this responsibility
21.2 with its contracted vendors.

21.3 (k) The commissioner shall set aside a portion of the federal funds earned for county
21.4 expenditures under this section to repay the special revenue maximization account under
21.5 section 256.01, subdivision 2, paragraph (o). The repayment is limited to:

21.6 (1) the costs of developing and implementing this section; and

21.7 (2) programming the information systems.

21.8 (l) Payments to counties and tribal agencies for case management expenditures under
21.9 this section shall only be made from federal earnings from services provided under this
21.10 section. When this service is paid by the state without a federal share through fee-for-service,
21.11 50 percent of the cost shall be provided by the state. Payments to county-contracted vendors
21.12 shall include the federal earnings, the state share, and the county share.

21.13 (m) Case management services under this subdivision do not include therapy, treatment,
21.14 legal, or outreach services.

21.15 (n) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital,
21.16 and the recipient's institutional care is paid by medical assistance, payment for case
21.17 management services under this subdivision is limited to the lesser of:

21.18 (1) the last 180 days of the recipient's residency in that facility and may not exceed more
21.19 than six months in a calendar year; or

21.20 (2) the limits and conditions which apply to federal Medicaid funding for this service.

21.21 (o) Payment for case management services under this subdivision shall not duplicate
21.22 payments made under other program authorities for the same purpose.

21.23 (p) If the recipient is receiving care in a hospital, nursing facility, or residential setting
21.24 licensed under chapter 245A or 245D that is staffed 24 hours a day, seven days a week,
21.25 mental health targeted case management services must actively support identification of
21.26 community alternatives for the recipient and discharge planning.

21.27 Sec. 14. Minnesota Statutes 2020, section 256B.0625, subdivision 20b, is amended to
21.28 read:

21.29 Subd. 20b. **Mental health targeted case management through ~~interactive video~~**
21.30 **telehealth.** (a) Subject to federal approval, contact made for targeted case management by
21.31 ~~interactive video~~ telehealth shall be eligible for payment if:

- 22.1 (1) the person receiving targeted case management services is residing in:
- 22.2 (i) a hospital;
- 22.3 (ii) a nursing facility; or
- 22.4 (iii) a residential setting licensed under chapter 245A or 245D or a boarding and lodging
- 22.5 establishment or lodging establishment that provides supportive services or health supervision
- 22.6 services according to section 157.17 that is staffed 24 hours a day, seven days a week;
- 22.7 (2) ~~interactive-video~~ telehealth is in the best interests of the person and is deemed
- 22.8 appropriate by the person receiving targeted case management or the person's legal guardian,

 23.12 as provided in paragraph (c).

23.13 (e) For purposes of this section, telehealth is defined in accordance with section

 23.15 to audio and visual communications if the commissioner determines that face-to-face
 23.16 interaction is necessary to ensure that services are delivered appropriately and effectively.

23.17 Sec. 15. Minnesota Statutes 2020, section 256B.0625, subdivision 46, is amended to read:

24.17 (4) ~~interactive video~~ telehealth is used for up to, but not more than, 50 percent of the
24.18 minimum required face-to-face in-person contact.

24.19 (b) The person receiving targeted case management or the person's legal guardian has
24.20 the right to choose and consent to the use of ~~interactive video~~ telehealth under this subdivision
24.21 and has the right to refuse the use of ~~interactive video~~ telehealth at any time.

24.22 (c) The commissioner shall establish criteria that a targeted case management provider
24.23 must attest to in order to demonstrate the safety or efficacy of delivering the service via
24.24 ~~interactive video~~ telehealth. The attestation may include that the case management provider
24.25 has:

24.26 (1) written policies and procedures specific to ~~interactive video~~ services delivered by

25.3 (d) As a condition of payment, the targeted case management provider must document
25.4 the following for each occurrence of targeted case management provided by ~~interactive~~
25.5 ~~video~~ telehealth:

25.6 (1) the time the service began and the time the service ended, including an a.m. and p.m.

25.12 (4) the location of the originating site and the distant site; and

25.13 (5) compliance with the criteria attested to by the targeted case management provider
25.14 as provided in paragraph (c).

25.15 (e) For purposes of this section, telehealth is defined in accordance with section
25.16 256B.0625, subdivision 3b. The commissioner may limit the delivery of services by telehealth
25.17 to audio and visual communications if the commissioner determines that face-to-face
25.18 interaction is necessary to ensure that services are delivered appropriately and effectively.

25.19 Sec. 17. Minnesota Statutes 2020, section 256B.0924, subdivision 6, is amended to read:

25.20 Subd. 6. **Payment for targeted case management.** (a) Medical assistance and
25.21 MinnesotaCare payment for targeted case management shall be made on a monthly basis.
25.22 In order to receive payment for an eligible adult, the provider must document at least one
25.23 contact per month, either in person or by telehealth, and not more than two consecutive
25.24 months without a face-to-face in-person contact with the adult or the adult's legal
25.25 representative, family, primary caregiver, or other relevant persons identified as necessary
25.26 to the development or implementation of the goals of the personal service plan.

25.27 (b) Payment for targeted case management provided by county staff under this subdivision
25.28 shall be based on the monthly rate methodology under section 256B.094, subdivision 6,
25.29 paragraph (b), calculated as one combined average rate together with adult mental health
25.30 case management under section 256B.0625, subdivision 20, except for calendar year 2002.
25.31 In calendar year 2002, the rate for case management under this section shall be the same as
25.32 the rate for adult mental health case management in effect as of December 31, 2001. Billing

26.1 and payment must identify the recipient's primary population group to allow tracking of
26.2 revenues.

26.3 (c) Payment for targeted case management provided by county-contracted vendors shall
26.4 be based on a monthly rate negotiated by the host county. The negotiated rate must not
26.5 exceed the rate charged by the vendor for the same service to other payers. If the service is
26.6 provided by a team of contracted vendors, the county may negotiate a team rate with a
26.7 vendor who is a member of the team. The team shall determine how to distribute the rate
26.8 among its members. No reimbursement received by contracted vendors shall be returned
26.9 to the county, except to reimburse the county for advance funding provided by the county
26.10 to the vendor.

26.11 (d) If the service is provided by a team that includes contracted vendors and county staff,
26.12 the costs for county staff participation on the team shall be included in the rate for
26.13 county-provided services. In this case, the contracted vendor and the county may each
26.14 receive separate payment for services provided by each entity in the same month. In order
26.15 to prevent duplication of services, the county must document, in the recipient's file, the need
26.16 for team targeted case management and a description of the different roles of the team
26.17 members.

26.18 (e) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for
26.19 targeted case management shall be provided by the recipient's county of responsibility, as
26.20 defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds
26.21 used to match other federal funds.

26.22 (f) The commissioner may suspend, reduce, or terminate reimbursement to a provider
26.23 that does not meet the reporting or other requirements of this section. The county of
26.24 responsibility, as defined in sections 256G.01 to 256G.12, is responsible for any federal
26.25 disallowances. The county may share this responsibility with its contracted vendors.

26.26 (g) The commissioner shall set aside five percent of the federal funds received under
26.27 this section for use in reimbursing the state for costs of developing and implementing this
26.28 section.

26.29 (h) Payments to counties for targeted case management expenditures under this section
26.30 shall only be made from federal earnings from services provided under this section. Payments
26.31 to contracted vendors shall include both the federal earnings and the county share.

26.32 (i) Notwithstanding section 256B.041, county payments for the cost of case management
26.33 services provided by county staff shall not be made to the commissioner of management
26.34 and budget. For the purposes of targeted case management services provided by county

27.1 staff under this section, the centralized disbursement of payments to counties under section
27.2 256B.041 consists only of federal earnings from services provided under this section.

27.3 (j) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital,
27.4 and the recipient's institutional care is paid by medical assistance, payment for targeted case
27.5 management services under this subdivision is limited to the lesser of:

27.6 (1) the last 180 days of the recipient's residency in that facility; or

27.7 (2) the limits and conditions which apply to federal Medicaid funding for this service.

27.8 (k) Payment for targeted case management services under this subdivision shall not
27.9 duplicate payments made under other program authorities for the same purpose.

27.10 (l) Any growth in targeted case management services and cost increases under this
27.11 section shall be the responsibility of the counties.

27.12 Sec. 18. Minnesota Statutes 2020, section 256B.094, subdivision 6, is amended to read:

27.13 Subd. 6. **Medical assistance reimbursement of case management services.** (a) Medical
27.14 assistance reimbursement for services under this section shall be made on a monthly basis.
27.15 Payment is based on face-to-face ~~or telephone~~ contacts, either in person or through telehealth,
27.16 between the case manager and the client, client's family, primary caregiver, legal
27.17 representative, or other relevant person identified as necessary to the development or
27.18 implementation of the goals of the individual service plan regarding the status of the client,
27.19 the individual service plan, or the goals for the client. These contacts must meet the minimum
27.20 standards in clauses (1) and (2):

27.21 (1) there must be a face-to-face in-person contact at least once a month except as provided
27.22 in clause (2); and

27.23 (2) for a client placed outside of the county of financial responsibility, or a client served
27.24 by tribal social services placed outside the reservation, in an excluded time facility under
27.25 section 256G.02, subdivision 6, or through the Interstate Compact for the Placement of
27.26 Children, section 260.93, and the placement in either case is more than 60 miles beyond
27.27 the county or reservation boundaries, there must be at least one contact per month and not
27.28 more than two consecutive months without a face-to-face in-person contact.

27.29 (b) Except as provided under paragraph (c), the payment rate is established using time
27.30 study data on activities of provider service staff and reports required under sections 245.482
27.31 and 256.01, subdivision 2, paragraph (p).

28.1 (c) Payments for tribes may be made according to section 256B.0625 or other relevant
28.2 federally approved rate setting methodology for child welfare targeted case management
28.3 provided by Indian health services and facilities operated by a tribe or tribal organization.

28.4 (d) Payment for case management provided by county or tribal social services contracted
28.5 vendors shall be based on a monthly rate negotiated by the host county or tribal social
28.6 services. The negotiated rate must not exceed the rate charged by the vendor for the same
28.7 service to other payers. If the service is provided by a team of contracted vendors, the county
28.8 or tribal social services may negotiate a team rate with a vendor who is a member of the
28.9 team. The team shall determine how to distribute the rate among its members. No
28.10 reimbursement received by contracted vendors shall be returned to the county or tribal social
28.11 services, except to reimburse the county or tribal social services for advance funding provided
28.12 by the county or tribal social services to the vendor.

28.13 (e) If the service is provided by a team that includes contracted vendors and county or
28.14 tribal social services staff, the costs for county or tribal social services staff participation in
28.15 the team shall be included in the rate for county or tribal social services provided services.
28.16 In this case, the contracted vendor and the county or tribal social services may each receive
28.17 separate payment for services provided by each entity in the same month. To prevent
28.18 duplication of services, each entity must document, in the recipient's file, the need for team
28.19 case management and a description of the roles and services of the team members.

28.20 Separate payment rates may be established for different groups of providers to maximize
28.21 reimbursement as determined by the commissioner. The payment rate will be reviewed
28.22 annually and revised periodically to be consistent with the most recent time study and other
28.23 data. Payment for services will be made upon submission of a valid claim and verification
28.24 of proper documentation described in subdivision 7. Federal administrative revenue earned
28.25 through the time study, or under paragraph (c), shall be distributed according to earnings,
28.26 to counties, reservations, or groups of counties or reservations which have the same payment
28.27 rate under this subdivision, and to the group of counties or reservations which are not
28.28 certified providers under section 256F.10. The commissioner shall modify the requirements
28.29 set out in Minnesota Rules, parts 9550.0300 to 9550.0370, as necessary to accomplish this.

28.30 Sec. 19. **REVISOR INSTRUCTION.**

28.31 In Minnesota Statutes and Minnesota Rules, the revisor of statutes shall substitute the
28.32 term "telemedicine" with "telehealth" whenever the term appears and substitute Minnesota
28.33 Statutes, section 62A.673, whenever references to Minnesota Statutes, sections 62A.67,
28.34 62A.671, and 62A.672 appear.

29.1 Sec. 20. **REPEALER.**

29.2 Minnesota Statutes 2020, sections 62A.67; 62A.671; and 62A.672, are repealed.

(1) require a health carrier to provide coverage for services that are not medically necessary;

(2) prohibit a health carrier from establishing criteria that a health care provider must meet to demonstrate the safety or efficacy of delivering a particular service via telemedicine for which the health carrier does not already reimburse other health care providers for delivering via telemedicine, so long as the criteria are not unduly burdensome or unreasonable for the particular service; or

APPENDIX
Repealed Minnesota Statutes: H1412-1

(3) prevent a health carrier from requiring a health care provider to agree to certain documentation or billing practices designed to protect the health carrier or patients from fraudulent claims so long as the practices are not unduly burdensome or unreasonable for the particular service.

Subd. 3. **Reimbursement for telemedicine services.** (a) A health carrier shall reimburse the distant site licensed health care provider for covered services delivered via telemedicine on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered in person by the distant site licensed health care provider.

(b) It is not a violation of this subdivision for a health carrier to include a deductible, co-payment, or coinsurance requirement for a health care service provided via telemedicine, provided that the deductible, co-payment, or coinsurance is not in addition to, and does not exceed, the deductible, co-payment, or coinsurance applicable if the same services were provided through in-person contact.
