FINDINGS. 1.20 (a) The Legislative Commission on Ending Poverty in Minnesota called for steps to 1 21 bring an end to poverty by 2020, yet a large number of Minnesotans continue to struggle 1.22 to make ends meet. More than one in ten Minnesotans lives in poverty, and three in ten are 1.23

been made and bolder action is needed.

struggling to meet basic needs. Some workers cannot afford housing and go from their jobs

to a homeless shelter at night. We have almost reached the year 2020, little progress has

2.1	(b) Because low-income people frequently need government assistance to feed their
2.2	families, the most effective welfare reform is to help Minnesota workers succeed in the
2.3	economy. This includes ensuring that there are jobs available to them, that they have access
2.4	to affordable child care, and that, through higher wages and an increase in the working
2.5	family tax credit, they are able to afford basic needs. Helping low-income workers and their
2.6	families will boost their productivity, improve the economy, and reduce financial assistance
2.7	costs for the state.
2.8	(c) For people unable to work because of age or disability or who are unable to get a
2.9	job, the state has had a long-standing commitment to assist them in meeting basic needs.
2.10	However, the level of financial assistance grants provided under the MFIP program has not
2.11	increased in more than three decades, and families needing assistance are sinking deeper
2.12	into poverty. Significant increases in MFIP grants would ease the burden of poverty and
2.13	help children grow up healthier and better able to thrive in school.

(f) (e) No later than August 31 of each year, beginning in 2017 2023, the commissioner shall determine the percentage increase in the rate of inflation, as measured by the implicit price deflator, national data for personal consumption expenditures as determined by the United States Department of Commerce, Bureau of Economic Analysis during the 12-month period immediately preceding that August or, if that data is unavailable, during the most recent 12-month period for which data is available. The minimum wage rates in paragraphs (b), (c), and (d), and (e) are increased by the lesser of: (1) 2.5 percent, rounded to the nearest cent; or (2) the percentage calculated by the commissioner, rounded to the nearest cent. A minimum wage rate shall not be reduced under this paragraph. The new minimum wage rates determined under this paragraph take effect on the next January 1.

(g)(1) (f)(1) No later than September 30 of each year, beginning in $\frac{2017}{2023}$, the commissioner may issue an order that an increase calculated under paragraph (f) (e) not take effect. The commissioner may issue the order only if the commissioner, after consultation with the commissioner of management and budget, finds that leading economic indicators, including but not limited to projections of gross domestic product calculated by the United States Department of Commerce, Bureau of Economic Analysis; the Consumer Confidence Index issued by the Conference Board; and seasonally adjusted Minnesota unemployment rates, indicate the potential for a substantial downturn in the state's economy. Prior to issuing an order, the commissioner shall also calculate and consider the ratio of the rate of the calculated change in the minimum wage rate to the rate of change in state median income over the same time period used to calculate the change in wage rate. Prior to issuing the order, the commissioner shall hold a public hearing, notice of which must be published in the State Register, on the department's website, in newspapers of general circulation, and by other means likely to inform interested persons of the hearing, at least ten days prior to the hearing. The commissioner must allow interested persons to submit written comments to the commissioner before the public hearing and for 20 days after the public hearing.

(2) The commissioner may in a year subsequent to issuing an order under clause (1), make a supplemental increase in the minimum wage rate in addition to the increase for a

year calculated under paragraph (f) (e). The supplemental increase may be in an amount up to the full amount of the increase not put into effect because of the order. If the supplemental increase is not the full amount, the commissioner may make a supplemental increase of the difference, or any part of a difference, in a subsequent year until the full amount of the increase ordered not to take effect has been included in a supplemental increase. In making a determination to award a supplemental increase under this clause, the commissioner shall use the same considerations and use the same process as for an order under clause (1). A supplemental wage increase is not subject to and shall not be considered in determining whether a wage rate increase exceeds the limits for annual wage rate increases allowed under paragraph (f) (e).

EFFECTIVE DATE. This section is effective the day following final enactment.

The commissioner shall develop standards for county and human services boards to provide child care services to enable eligible families to participate in employment, training, or education programs. Within the limits of available appropriations, The commissioner shall distribute money to counties to reduce the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. The rules shall provide that funds received as a lump-sum payment of child support arrearages shall not be counted as income to a family in the month received but shall be prorated over the 12 months following receipt and added to the family income during those months. The commissioner shall maximize the use of federal money under title I and title IV of Public Law 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, and other programs that provide federal or state reimbursement for child care services for low-income families who are in education, training, job search, or other activities allowed under those programs. Money appropriated under this section must be coordinated with the programs that provide federal reimbursement for child care services to accomplish this purpose. Federal reimbursement obtained must be allocated to the county that spent money for child care that is federally reimbursable under programs that provide federal reimbursement for child care services. The counties commissioner shall use the federal money to expand child care services. The commissioner

Funding to support services under section 119B.03 may be transferred to the federally recognized Indian tribe with a reservation in Minnesota from allocations available to counties in which reservation boundaries lie. When funding is transferred under section 119B.03, the amount shall be commensurate to estimates of the proportion of reservation residents with characteristics identified in section 119B.03, subdivision 6, to the total population of county residents with those same characteristics.

Subd. 20a. **Transition year extension families.** "Transition year extension families" means families who have completed their transition year of child care assistance under this subdivision and who are eligible for, but on a waiting list for, services under section 119B.03. For purposes of sections 119B.03, subdivision 3, and 119B.05, subdivision 1, clause (2), families participating in extended transition year shall not be considered transition year families. Notwithstanding Minnesota Rules, parts 3400.0040, subpart 10, and 3400.0090, subpart 2, transition year extension child care may be used to support employment, approved education or training programs, or a job search that meets the requirements of section 119B.10 for the length of time necessary for families to be moved from the basic sliding fee waiting list into the basic sliding fee program.

Subdivision 1. **Notice of allocation.** By October 1 of each year, the commissioner shall notify all counties of their final child care fund program allocation.

- Subd. 2. **Waiting list.** Each county that receives funds under this section must keep a written record and report to the commissioner the number of eligible families who have applied for a child care subsidy or have requested child care assistance. Counties shall perform a preliminary determination of eligibility when a family requests child care assistance. At a minimum, a county must make a preliminary determination of eligibility based on family size, income, and authorized activity. A family seeking child care assistance must provide the required information to the county. A family that appears to be eligible must be put on a waiting list if funds are not immediately available. The waiting list must identify students in need of child care. Counties must review and update their waiting list at least every six months.
- Subd. 4. **Funding priority.** (a) First priority for child care assistance under the basic sliding fee program must be given to eligible non-MFIP families who do not have a high school diploma or commissioner of education-selected high school equivalency certification or who need remedial and basic skill courses in order to pursue employment or to pursue education leading to employment and who need child care assistance to participate in the education program. This includes student parents as defined under section 119B.011, subdivision 19b. Within this priority, the following subpriorities must be used:
 - (1) child care needs of minor parents;
 - (2) child care needs of parents under 21 years of age; and
 - (3) child care needs of other parents within the priority group described in this paragraph.
- (b) Second priority must be given to parents who have completed their MFIP or DWP transition year, or parents who are no longer receiving or eligible for diversionary work program supports.
- (c) Third priority must be given to families who are eligible for portable basic sliding fee assistance through the portability pool under subdivision 9.
- (d) Fourth priority must be given to families in which at least one parent is a veteran as defined under section 197.447.
- (e) Families under paragraph (b) must be added to the basic sliding fee waiting list on the date they begin the transition year under section 119B.011, subdivision 20, and must be moved into the basic sliding fee program as soon as possible after they complete their transition year.
- Subd. 5. **Review of use of funds; reallocation.** (a) After each quarter, the commissioner shall review the use of basic sliding fee program allocations by county. The commissioner may reallocate unexpended or unencumbered money among those counties who have expended their full allocation or may allow a county to expend up to ten percent of its allocation in the subsequent allocation period.

APPENDIX Repealed Minnesota Statutes: 19-1170

- (b) Any unexpended state and federal appropriations from the first year of the biennium may be carried forward to the second year of the biennium.
- Subd. 6. **Allocation formula.** The basic sliding fee state and federal funds shall be allocated on a calendar year basis. Funds shall be allocated first in amounts equal to each county's guaranteed floor according to subdivision 8, with any remaining available funds allocated according to the following formula:
- (a) One-fourth of the funds shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the most recent fiscal year completed at the time of the notice of allocation.
- (b) Up to one-fourth of the funds shall be allocated in proportion to the number of families participating in the transition year child care program as reported during and averaged over the most recent six months completed at the time of the notice of allocation. Funds in excess of the amount necessary to serve all families in this category shall be allocated according to paragraph (f).
- (c) Up to one-fourth of the funds shall be allocated in proportion to the average of each county's most recent six months of reported first, second, and third priority waiting list as defined in subdivision 2 and the reinstatement list of those families whose assistance was terminated with the approval of the commissioner under Minnesota Rules, part 3400.0183, subpart 1. Funds in excess of the amount necessary to serve all families in this category shall be allocated according to paragraph (f).
- (d) Up to one-fourth of the funds shall be allocated in proportion to the average of each county's most recent six months of reported waiting list as defined in subdivision 2 and the reinstatement list of those families whose assistance was terminated with the approval of the commissioner under Minnesota Rules, part 3400.0183, subpart 1. Funds in excess of the amount necessary to serve all families in this category shall be allocated according to paragraph (f).
- (e) The amount necessary to serve all families in paragraphs (b), (c), and (d) shall be calculated based on the basic sliding fee average cost of care per family in the county with the highest cost in the most recently completed calendar year.
- (f) Funds in excess of the amount necessary to serve all families in paragraphs (b), (c), and (d) shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the most recent fiscal year completed at the time of the notice of allocation.
- Subd. 6a. **Allocation due to increased funding.** When funding increases are implemented within a calendar year, every county must receive an allocation at least equal to its original allocation for the same time period. The remainder of the allocation must be recalculated to reflect the funding increase, according to formulas identified in subdivision 6.
- Subd. 6b. **Allocation due to decreased funding.** When funding decreases are implemented within a calendar year, county allocations must be reduced in an amount proportionate to the reduction in the total allocation for the same time period. This applies when a funding decrease necessitates the revision of an existing calendar year allocation.
- Subd. 8. **Guaranteed floor.** (a) Beginning January 1, 1996, each county's guaranteed floor shall equal 90 percent of the allocation received in the preceding calendar year. For the period January 1, 1999, to December 31, 1999, each county's guaranteed floor must be equal to its original calendar year 1998 allocation or its actual earnings for calendar year 1998, whichever is less.
- (b) When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, for the purpose of establishing the guaranteed floor.

A student parent continues to be eligible until the student parent is approved for basic sliding fee child care assistance or until the student parent's redetermination, whichever comes first. At the student parent's redetermination, if the student parent was not approved for basic sliding fee child care assistance, a student parent's eligibility ends following a 15-day adverse action notice.

119B.09 FINANCIAL ELIGIBILITY.

- Subd. 3. **Priorities; allocations.** If a county projects that its child care allocation is insufficient to meet the needs of all eligible families, it may prioritize among the families that remain to be served after the county has complied with the priority requirements of section 119B.03. Counties that have established a priority for families who are not MFIP participants beyond those established under section 119B.03 must submit the policy in the annual child care fund plan.
- Subd. 4a. **Temporary ineligibility of military personnel.** Counties must reserve a family's position under the child care assistance fund if a family has been receiving child care assistance but is temporarily ineligible for assistance due to increased income from active military service. Activated military personnel may be temporarily ineligible until deactivation. A county must reserve a military family's position on the basic sliding fee waiting list under the child care assistance fund if a family is approved to receive child care assistance and reaches the top of the waiting list but is temporarily ineligible for assistance.

119B.11 COUNTY CONTRIBUTION.

Subd. 4. **Maintenance of funding effort.** To receive money through this program, each county shall certify, in its annual plan to the commissioner, that the county has not reduced allocations from other federal and state sources, which, in the absence of the child care fund, would have been available for child care assistance. However, the county must continue contributions, as necessary, to maintain on the basic sliding fee program, families who are receiving assistance on July 1, 1995, until the family loses eligibility for the program or until a family voluntarily withdraws from the program. This subdivision does not affect the local match required for this program under other sections of the law.

290.0671 MINNESOTA WORKING FAMILY CREDIT.

Subd. 7. **Inflation adjustment.** The earned income amounts used to calculate the credit and the income thresholds at which the maximum credit begins to be reduced in subdivision 1 must be adjusted for inflation. The commissioner shall adjust by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B) the word "2013" shall be substituted for the word "1992." For 2015, the commissioner shall then determine the percent change from the 12 months ending on August 31, 2013, to the 12 months ending on August 31, 2014, and in each subsequent year, from the 12 months ending on August 31, 2013, to the 12 months ending on August 31 of the year preceding the taxable year. The earned income thresholds as adjusted for inflation must be rounded to the nearest \$10 amount. If the amount ends in \$5, the amount is rounded up to the nearest \$10 amount. The determination of the commissioner under this subdivision is not a rule under the Administrative Procedure Act.
