Authored by Long

The bill was read for the first time and referred to the Committee on State Government Finance and Elections

1.1 A bill for an act

1.2 relating to state government; changing state construction and sustainability

1.3 provisions; amending Minnesota Statutes 2020, sections 16A.15, subdivision 3;

1.4 16B.32, subdivisions 1, 1a; 16B.33, subdivisions 1, 3, 3a, by adding a subdivision;

1.5 16B.87, subdivision 2; 16C.10, subdivision 2; 16C.32, subdivision 1; repealing

1.6 Minnesota Statutes 2020, sections 16B.323; 16B.326.

1.7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.8 Section 1. Minnesota Statutes 2020, section 16A.15, subdivision 3, is amended to read:

1.9 Subd. 3. **Allotment and encumbrance.** (a) A payment may not be made without prior

1.10 obligation. An obligation may not be incurred against any fund, allotment, or appropriation

1.11 unless the commissioner has certified a sufficient unencumbered balance or the accounting

1.12 system shows sufficient allotment or encumbrance balance in the fund, allotment, or

1.13 appropriation to meet it. The commissioner shall determine when the accounting system

1.14 may be used to incur obligations without the commissioner's certification of a sufficient

1.15 unencumbered balance. An expenditure or obligation authorized or incurred in violation of

1.16 this chapter is invalid and ineligible for payment until made valid. A payment made in

1.17 violation of this chapter is illegal. An employee authorizing or making the payment, or

1.18 taking part in it, and a person receiving any part of the payment, are jointly and severally

1.19 liable to the state for the amount paid or received. If an employee knowingly incurs an

1.20 obligation or authorizes or makes an expenditure in violation of this chapter or takes part

1.21 in the violation, the violation is just cause for the employee's removal by the appointing

1.22 authority or by the governor if an appointing authority other than the governor fails to do

1.23 so. In the latter case, the governor shall give notice of the violation and an opportunity to

1.24 be heard on it to the employee and to the appointing authority. A claim presented against

2.1 an appropriation without prior allotment or encumbrance may be made valid on investigation,  
2.2 review, and approval by the agency head in accordance with the commissioner's policy, if  
2.3 the services, materials, or supplies to be paid for were actually furnished in good faith  
2.4 without collusion and without intent to defraud. The commissioner may then pay the claim  
2.5 just as properly allotted and encumbered claims are paid.

2.6 (b) The commissioner may approve payment for materials and supplies in excess of the  
2.7 obligation amount when increases are authorized by section 16C.03, subdivision 3.

2.8 (c) To minimize potential construction delay claims, an agency with a project funded  
2.9 by a building appropriation may allow a consultant or contractor to proceed with  
2.10 supplemental work within the limits of the appropriation before money is encumbered.  
2.11 Under this circumstance, the agency may requisition funds and allow consultants or  
2.12 contractors to expeditiously proceed with services or a construction sequence. While the  
2.13 consultant or contractor is proceeding, the agency shall immediately act to encumber the  
2.14 required funds.

2.15 Sec. 2. Minnesota Statutes 2020, section 16B.32, subdivision 1, is amended to read:

2.16 Subdivision 1. **Alternative energy sources.** ~~Plans prepared by the commissioner for a~~  
2.17 ~~new building or for a renovation of 50 percent or more of an existing building or its energy~~  
2.18 ~~systems must include designs which use active and passive solar energy systems, earth~~  
2.19 ~~sheltered construction, and other alternative energy sources where feasible.~~ All new building  
2.20 and major building renovation projects subject to section 16B.325 must use renewable  
2.21 energy sources as defined in section 216B.1691, to the extent required to meet the Sustainable  
2.22 Building 2030 performance standards under section 216B.241, subdivision 9. Geothermal  
2.23 energy efficiency sources may also be considered.

2.24 Sec. 3. Minnesota Statutes 2020, section 16B.32, subdivision 1a, is amended to read:

2.25 Subd. 1a. **Onsite Energy generation from renewable sources.** ~~A state agency that~~  
2.26 ~~prepares a predesign for a new building must consider meeting at least two percent of the~~  
2.27 ~~energy needs of the building from renewable sources located on the building site. For~~  
2.28 ~~purposes of this subdivision, "renewable sources" are limited to wind and the sun. The~~  
2.29 ~~predesign must include an explicit cost and price analysis of complying with the two-percent~~  
2.30 ~~requirement compared with the present and future costs of energy supplied by a public~~  
2.31 ~~utility from a location away from the building site and the present and future costs of~~  
2.32 ~~controlling carbon emissions. If the analysis concludes that the building should not meet at~~  
2.33 ~~least two percent of its energy needs from renewable sources located on the building site,~~

3.1 ~~the analysis must provide explicit reasons why not. The building may not receive further~~  
3.2 ~~state appropriations for design or construction unless at least two percent of its energy needs~~  
3.3 ~~are designed to be met from renewable sources, unless the commissioner finds that the~~  
3.4 ~~reasons given by the agency for not meeting the two-percent requirement were supported~~  
3.5 ~~by evidence in the record.~~ The total aggregate nameplate capacity of all distributed  
3.6 generations serving state-owned buildings or facilities, including any subscriptions to  
3.7 community solar gardens under section 216B.1641, may not exceed 120 percent of the  
3.8 average annual electric energy consumption of the state-owned building or facilities being  
3.9 served.

3.10 Sec. 4. Minnesota Statutes 2020, section 16B.33, subdivision 1, is amended to read:

3.31 or consulted by the primary designer.

4.1 (k) "Project" means an undertaking to construct, erect, or remodel a building by or for  
4.2 the state or an agency. Capital projects exempt from the requirements of this section include

4.24 becomes inactive, lapses, or changes as a result of project phasing, insufficient appropriations,  
4.25 or other reasons, the commissioner, the Minnesota State Colleges and Universities, or the  
4.26 University of Minnesota may, if the project is reactivated, retain the same designer to  
4.27 complete the project.

4.28 (c) **Fee limit reached after designer selected.** If a project initially estimated to be below  
4.29 the cost and planning fee limits of this subdivision has its cost or planning fees revised so  
4.30 that the limits are exceeded, the project must be referred to the board for designer selection  
4.31 even if a primary designer has already been selected. In this event, the board may, without  
4.32 conducting interviews, elect to retain the previously selected designer if it determines that  
4.33 the interests of the state are best served by that decision and shall notify the commissioner

5.13 the board shall select at least two primary designers under subdivision 4 for recommendation  
5.14 to the Board of Regents or the Board of Trustees. Meeting records or written evaluations  
5.15 that document the final selection are public records. The Board of Regents or the Board of
