4.5 Sec. 3. Minnesota Statutes 2022, section 282.01, is amended by adding a subdivision to
4.6 read:

4.7 **Subd. 14. Public auction mandatory when a claim for surplus proceeds is filed. (a)**
4.8 If any interested party files a written statement with the county auditor after service of the
4.9 notice required in section 281.23 and before expiration of the period of redemption,
4.10 notwithstanding anything in this chapter, the county must auction the parcels, except for
4.11 any interests in iron-bearing stockpiles, minerals, or mineral interests, which are transferred
4.12 to the state. The county must auction the property by offering it for sale as provided in
4.13 section 282.02, except that the minimum sale price for a parcel sold pursuant to this
4.14 subdivision is the sum of the delinquent taxes, special assessments, penalties, interests, and
4.15 costs levied on the parcel. If the property cannot be sold for more than the sum of the
4.16 delinquent taxes, special assessments, penalties, interest, and costs levied on those parcels,
4.17 the sale may be canceled and the parcels disposed of as otherwise provided in this chapter.
4.18 If the property is sold for more than the sum of the delinquent taxes, special assessments,
4.19 penalties, interest, and costs levied on those parcels, proceeds of the sale must be apportioned
4.20 as provided in section 282.08.

4.21 (b) If there are multiple claimants for a given property, payments under this subdivision
4.22 must be divided among the claimants according to each claimants' ownership interest in
4.23 proportion to the ownership interest of all claimants. To resolve multiple competing claims,
4.24 a county may bring an action of interpleader prior to making any payments to the claimants
4.25 under this subdivision. A county may add costs reasonably incurred in commencing and
4.26 maintaining an interpleader action to the delinquent taxes due. If a county believes that a
4.27 claimant made a claim to these proceeds in error, the county may deny the claim and the
4.28 claimant may bring a civil action in district court to challenge the county's denial.

4.29 (c) If an interested party files a written statement for a claim on surplus proceeds related
4.30 to the transfer of interests in iron-bearing stockpiles, minerals, or mineral interests to the
4.31 state with the county auditor after service of the notice required in section 281.23 and before
4.32 expiration of the period of redemption, notwithstanding anything in this chapter, the county
4.33 must commence proceedings pursuant to subdivision 15.

5.1 (d) Property subject to public auction under this subdivision may still be repurchased
5.2 prior to the sale pursuant to sections 282.012 and 282.241 to 282.324.

5.3 Sec. 4. Minnesota Statutes 2022, section 282.01, is amended by adding a subdivision to
5.4 read:

5.5 Subd. 15. **Proceedings on claims for mineral interests; payments; appropriation.** (a)
5.6 When required by subdivision 14, paragraph (c), a county must consult with the commissioner
5.7 of natural resources to determine if the value of a claimant's iron-bearing stockpiles, minerals,
5.8 or mineral interests transferred to the state under subdivision 14, paragraph (a), exceeds the
5.9 sum of the delinquent taxes, special assessments, penalties, interest, and costs levied on the
5.10 parcels. The commissioner of natural resources must determine the value of the claimant's
5.11 mineral interests. If the value of the iron-bearing stockpiles, minerals, or mineral rights in
5.12 a claim does not exceed the sum of the delinquent taxes, special assessments, penalties,
5.13 interest, and costs levied on the parcels, the claimant is not entitled to any payment under
5.14 this subdivision. If the value of the iron-bearing stockpiles, minerals, or mineral rights in a
5.15 claim exceeds the sum of the delinquent taxes, special assessments, penalties, interest, and
5.16 costs levied on the parcels, the claimant is entitled to a payment from the commissioner of
5.17 natural resources equal to this excess amount.

5.18 (b) If there are multiple claimants for a given property, payments under this subdivision
5.19 must be divided among the claimants according to each claimants' ownership interest in
5.20 proportion to the ownership interest of all claimants. To resolve multiple competing claims,
5.21 a county may bring an action of interpleader prior to making any payments to the claimants
5.22 under this subdivision. A county may add costs reasonably incurred in commencing and
5.23 maintaining an interpleader action to the delinquent taxes due. If a county believes that a
5.24 claimant made a claim to these proceeds in error, the county may deny the claim and the
5.25 claimant may bring a civil action in district court to challenge the county's denial.

5.26 (c) An amount necessary to make payments under this subdivision is annually
5.27 appropriated from the general fund to the commissioner of natural resources.

5.28 Sec. 5. Minnesota Statutes 2022, section 282.08, is amended to read:

5.29 **282.08 APPORTIONMENT OF PROCEEDS TO TAXING DISTRICTS.**

5.30 (a) The net proceeds from the sale or rental of any parcel of forfeited land, or from the
5.31 sale of products from the forfeited land, must be apportioned by the county auditor to the
5.32 taxing districts interested in the land, as follows:

6.1 (1) the portion required to pay any amounts included in the appraised value under section
6.2 282.01, subdivision 3, as representing increased value due to any public improvement made
6.3 after forfeiture of the parcel to the state, but not exceeding the amount certified by the
6.4 appropriate governmental authority must be apportioned to the governmental subdivision
6.5 entitled to it;

6.6 (2) the portion required to pay any amount included in the appraised value under section
6.7 282.019, subdivision 5, representing increased value due to response actions taken after
6.8 forfeiture of the parcel to the state, but not exceeding the amount of expenses certified by
6.9 the Pollution Control Agency or the commissioner of agriculture, must be apportioned to
6.10 the agency or the commissioner of agriculture and deposited in the fund from which the
6.11 expenses were paid;

6.12 (3) the portion of the remainder required to discharge any special assessment chargeable
6.13 against the parcel for drainage or other purpose whether due or deferred at the time of
6.14 forfeiture, must be apportioned to the governmental subdivision entitled to it; and

6.15 (4) any balance must be apportioned as follows:

6.16 (i) The county board may annually by resolution set aside no more than 30 percent of
6.17 the receipts remaining to be used for forest development on tax-forfeited land and dedicated
6.18 memorial forests, to be expended under the supervision of the county board. It must be
6.19 expended only on projects improving the health and management of the forest resource.

6.20 (ii) The county board may annually by resolution set aside no more than 20 percent of
6.21 the receipts remaining to be used for the acquisition and maintenance of county parks or
6.22 recreational areas as defined in sections 398.31 to 398.36, to be expended under the
6.23 supervision of the county board.

6.24 (iii) Any balance remaining must be apportioned as follows: county, 40 percent; town
6.25 or city, 20 percent; and school district, 40 percent, provided, however, that in unorganized
6.26 territory that portion which would have accrued to the township must be administered by
6.27 the county board of commissioners.

6.28 (b) If a property is sold pursuant to section 282.01, subdivision 14, after sale, and
6.29 apportionment pursuant to paragraph (a), clauses (1) to (3), any additional proceeds must
6.30 be apportioned as follows:

6.31 (1) the portion required to pay the sum of all delinquent taxes and assessments not paid
6.32 under paragraph (a) that accrued or would have accrued if the parcel had not forfeited to

7.1 the state, together with penalties, costs, and interest at the rate fixed by law for the respective
7.2 years, must be apportioned to the governmental subdivisions entitled to it;

7.3 (2) the portion required to pay attorney fees and costs reasonably incurred or expended
7.4 in connection with the delinquency proceedings and tax sale must be apportioned to the
7.5 governmental subdivision entitled to it; and

7.6 (3) any balance must be returned to the interested party making a claim to the proceeds.
7.7 If the county disputes a party's claim to the proceeds, it may interplead the funds in the
7.8 district court. Any funds returned to the county following interpleader may be apportioned
7.9 as provided in paragraph (a), clause (4). A county may add costs reasonably incurred in
7.10 commencing and maintaining an interpleader action to the delinquent taxes due. The county
7.11 may collect these costs prior to apportioning proceeds under this clause.
