30.6 microbusiness licenses with an endorsement to cultivate cannabis and craft cultivator licenses.

30.7 (b) Unless the board determines that issuance of bulk cultivator licenses is necessary to
30.8 assure a sufficient supply of cannabis and cannabis products, the board shall not issue a
30.9 bulk cultivator license before July 1, 2026.

30.10 Subd. 3. Application score; license priority. (a) The board shall award points to each

31.17 of failure of any person to comply with any subpoena lawfully issued, or on the refusal of
31.18 any witness to produce evidence or to testify to any matter regarding which the person may
31.19 be lawfully interrogated, the district court shall, upon application of the board, compel
31.20 obedience proceedings for contempt, as in the case of disobedience of the requirements of
31.21 a subpoena issued by the court or a refusal to testify therein.

31.22 (b) If the board finds probable cause to believe that any adult-use cannabis, adult-use
31.23 cannabis product, medical cannabis, or medical cannabis product is being distributed in
31.24 violation of this chapter or rules adopted under this chapter, the board shall affix to the
31.25 adult-use cannabis, adult-use cannabis product, medical cannabis, or medical cannabis

32.4 cannabis product has been found by the board to be in violation of this chapter, the board
32.5 shall petition the district court in the county in which the adult-use cannabis, adult-use
32.6 cannabis product, medical cannabis, or medical cannabis product is detained or embargoed

32.19 expenses must be assessed against the claimant of the adult-use cannabis, adult-use cannabis
32.20 product, medical cannabis, or medical cannabis product or the claimant's agent; and

32.21 (2) if the violation can be corrected by proper labeling or processing of the adult-use
32.22 cannabis, adult-use cannabis product, medical cannabis, or medical cannabis product, the
32.23 court, after entry of the decree and after costs, fees, and expenses have been paid, and a
32.24 good and sufficient bond conditioned that the adult-use cannabis, adult-use cannabis product,
32.25 medical cannabis, or medical cannabis product must be properly labeled or processed has
32.26 been executed, may by order direct that the adult-use cannabis, adult-use cannabis product,
32.27 medical cannabis, or medical cannabis product be delivered to the claimant for proper
32.28 labeling or processing under the supervision of the board. The board's supervision expenses
32.29 must be paid by the claimant. The adult-use cannabis, adult-use cannabis product, medical
32.30 cannabis, or medical cannabis product must be returned to the claimant and the bond must

32.33 and that the board's supervision expenses have been paid.

33.1 (e) If the board finds in any room, building, piece of equipment, vehicle of transportation,
33.2 or other structure any adult-use cannabis, adult-use cannabis product, medical cannabis, or
33.3 medical cannabis product that is unsound or contains any filthy, decomposed, or putrid
33.4 substance, or that may be poisonous or deleterious to health or otherwise unsafe, the board
33.5 shall condemn or destroy the item or in any other manner render the item as unsalable, and
33.6 no one has any cause of action against the board on account of the board's action.

33.7 (f) The board may enter into an agreement with the commissioner of agriculture to
33.8 analyze and examine samples or other articles furnished by the board for the purpose of
33.9 determining whether the sample or article violates this chapter or rules adopted under this
33.10 chapter. A copy of the examination or analysis report for any such article, duly authenticated
33.11 under oath by the laboratory analyst making the determination or examination, shall be
33.12 prima facie evidence in all courts of the matters and facts contained in the report.

33.13 **Subd. 3. Delegation of powers and duties.** (a) The board may enter into an agreement
33.14 with any community health board, or county or city that has an established delegation
33.15 agreement as of January 1, 2014, to delegate all or part of the licensing, inspection, reporting,
33.16 and enforcement duties authorized under this chapter.

33.17 (b) A community health board may authorize a city or county within its jurisdiction to
33.18 conduct all or part of the licensing, inspection, reporting, and enforcement duties authorized
33.19 under this chapter. An agreement to delegate duties to a county or city must be approved
33.20 by the board.

33.21 (c) Agreements authorized under this subdivision must:

33.22 (1) be in writing and signed by the delegating authority and the designated agent;

33.24 performance meets appropriate standards and is sufficient to replace performance by the
33.25 delegating authority; and

33.26 (3) specify minimum staff requirements and qualifications, set procedures for the
33.27 assessment of costs including the fee to be paid by the delegated authority to the board for
33.28 delegation agreement oversight, and provide for termination procedures if the delegating
33.29 authority finds that the designated agent fails to comply with the agreement.

33.30 (d) A designated agent must not perform licensing, inspection, or enforcement duties
33.31 under the agreement in territory outside its jurisdiction unless approved by the governing
33.32 body for that territory through a separate agreement.

34.1 (e) The scope of agreements established under this subdivision is limited to duties and
34.2 responsibilities agreed upon by the parties. The agreement may provide for automatic
34.3 renewal and for notice of intent to terminate by either party.

34.4 (f) During the life of the agreement, the delegating authority shall not perform duties
34.5 that the designated agent is required to perform under the agreement, except inspections
34.6 necessary to determine compliance with the agreement and this section or as agreed to by
34.7 the parties.

34.8 (g) The delegating authority shall consult with, advise, and assist a designated agent in
34.9 the performance of its duties under the agreement.

34.10 (h) This subdivision does not alter the responsibility of the delegating authority for the
34.11 performance of duties specified in law and does not alter the terms of any other agreement
34.12 entered into by the designated agent.

69.2 that produces edible cannabis products must comply with the requirements in section 342.25,
69.3 subdivisions 1 and 3.

69.4 **Subd. 4. Retail operations endorsement.** A medical cannabis business that operates a
69.5 retail location must comply with the requirements in sections 342.27 and 342.51.

69.6 **Subd. 5. Retail location; physical separation required.** (a) A licensed cannabis retailer
69.7 that is also a licensed medical cannabis business may sell medical cannabis and medical
69.8 cannabis products on a portion of its premises.

69.9 (b) The portion of the premises in which medical cannabis and medical cannabis products
69.10 are sold must be definite and distinct from all other areas of the cannabis retailer, must be
69.11 accessed through a distinct entrance, and must provide an appropriate space for a pharmacist
69.12 employee of the medical cannabis business to consult with the patient to determine the
69.13 proper type of medical cannabis or medical cannabis product and proper dosage for the
69.14 patient.

69.15 **Sec. 39. [342.42] LEGACY MEDICAL CANNABIS MANUFACTURERS.**

69.16 **Subdivision 1. Licensure; continued participation in medical cannabis program.** (a)

69.17 A legacy medical cannabis manufacturer may apply to the board for licensure under this
69.18 chapter within a time period specified by the board. Subject to the exceptions identified in
69.19 subdivision 2, a legacy medical cannabis manufacturer must obtain a medical cannabis
69.20 license. Notwithstanding any provision to the contrary in this chapter, until December 31,
69.21 2026, a legacy medical cannabis manufacturer may obtain and operate under:

69.22 (1) a cannabis cultivator license, if the legacy medical cannabis manufacturer also obtains
69.23 a medical cannabis business license and commits to cultivating an adequate supply of
69.24 medical cannabis for a period of time specified by the board;

69.25 (2) a cannabis manufacturer license, if the legacy medical cannabis manufacturer also
69.26 obtains a medical cannabis business license and commits to manufacturing an adequate
69.27 supply of medical cannabis products for a period of time specified by the board; and

69.28 (3) a cannabis retailer license, if the legacy medical cannabis manufacturer also obtains
69.29 a medical cannabis business license and commits to offering for sale medical cannabis and
69.30 medical cannabis products for a period of time specified by the board, within the limits of
69.31 available supply.

70.1 **(b)** For purposes of this section, "adequate supply" means a cultivation, manufacturing,
70.2 or inventory level of medical cannabis or medical cannabis products needed to meet the
70.3 demand of patients enrolled in the registry program.

70.4 **(c)** Beginning January 1, 2027, a legacy medical cannabis manufacturer must comply
70.5 with the limits on multiple licenses for medical cannabis businesses in section 342.40,
70.6 subdivision 3.

70.7 **(d)** The board may by rule limit the number of cannabis cultivator, cannabis manufacturer,
70.8 cannabis retailer, and medical cannabis business licenses a legacy medical cannabis
70.9 manufacturer may hold.

70.10 **(e)** For purposes of this subdivision, a restriction on the number or type of licenses a
70.11 legacy medical cannabis manufacturer may hold applies to every director, manager, and
70.12 general partner of a legacy medical cannabis manufacturer.

70.13 **Subd. 2. Licensure procedures; ownership requirements.** To be licensed under this
70.14 chapter, a legacy medical cannabis manufacturer must apply for licensure according to the
70.15 procedures in section 342.15. While it holds a medical cannabis license, a legacy medical
70.16 cannabis manufacturer is exempt from the ownership requirements in section 342.20,
70.17 subdivision 3, paragraph (a), clause (6). A legacy medical cannabis manufacturer must
70.18 comply with the limitations in section 342.40, subdivision 4, regarding ownership or
70.19 governance by or employment of a health care practitioner who certifies qualifying medical
70.20 conditions for patients.

70.21 **Subd. 3. Inadequate supply of medical cannabis or medical cannabis products.** If
70.22 there is an inadequate supply of medical cannabis or medical cannabis products in the state,
70.23 a legacy medical cannabis manufacturer holding a medical cannabis business license and
70.24 a cannabis cultivator, cannabis manufacturer, or cannabis retailer license must prioritize the
70.25 cultivation of medical cannabis, manufacture of medical cannabis products, and retail sale
70.26 of medical cannabis and medical cannabis products, as applicable based on the licenses held
70.27 by the legacy medical cannabis manufacturer.

70.28 **Subd. 4. Energy use.** A medical cannabis business whose license is held by a legacy
70.29 medical cannabis manufacturer must comply with the energy use standards established by
70.30 the board within five years after licensure by the board. A cannabis cultivator, cannabis
70.31 manufacturer, or cannabis retailer whose license is held by a legacy medical cannabis
70.32 manufacturer must comply with the energy use standards established by the board upon
70.33 licensure by the board.

71.1 **Sec. 40. [342.50] PATIENT REGISTRY PROGRAM.**

71.2 Subdivision 1. Administration. The Office of Medical Cannabis shall administer the
71.3 medical cannabis registry program.

71.4 Subd. 2. Application procedure for patients. (a) A patient seeking to enroll in the
71.5 registry program shall submit to the Office of Medical Cannabis an application established
71.6 by the Office of Medical Cannabis and a copy of the certification specified in paragraph
71.7 (b). The patient must provide at least the following information in the application:

71.8 (1) the patient's name, mailing address, and date of birth;

71.9 (2) the name, mailing address, and telephone number of the patient's health care
71.10 practitioner;

71.11 (3) the name, mailing address, and date of birth of the patient's registered designated
71.12 caregiver, if any, or the patient's parent, legal guardian, or spouse if the parent, legal guardian,
71.13 or spouse will be acting as caregiver;

71.14 (4) a disclosure signed by the patient that includes:

71.15 (i) a statement that, notwithstanding any law to the contrary, the Office of Medical
71.16 Cannabis, the board, or an employee of the office or the board may not be held civilly or
71.17 criminally liable for any injury, loss of property, personal injury, or death caused by an act
71.18 or omission while acting within the scope of office or employment under sections 342.50
71.19 to 342.59; and

71.20 (ii) the patient's acknowledgment that enrollment in the registry program is conditional
71.21 on the patient's agreement to meet all other requirements of sections 342.50 to 342.59; and

71.22 (5) all other information required by the Office of Medical Cannabis.

71.23 (b) As part of the application under this subdivision, a patient must submit a copy of a
71.24 certification from the patient's health care practitioner that is dated within 90 days prior to
71.25 submission of the application and that certifies that the patient has been diagnosed with a
71.26 qualifying medical condition.

71.27 (c) A patient's health care practitioner may submit a statement to the Office of Medical
71.28 Cannabis declaring that the patient is no longer diagnosed with a qualifying medical
71.29 condition. Within 30 days after receipt of a statement from a patient's health care practitioner,
71.30 the Office of Medical Cannabis shall provide written notice to a patient stating that the
71.31 patient's enrollment in the registry program will be revoked in 30 days unless the patient
71.32 submits a certification from a health care practitioner or documentation from the United

72.1 States Department of Veterans Affairs that the patient is currently diagnosed with a qualifying
72.2 medical condition. If the Office of Medical Cannabis revokes a patient's enrollment in the
72.3 registry program pursuant to this paragraph, the office shall provide notice to the patient
72.4 and to the patient's health care practitioner.

72.5 Subd. 3. Application procedure for veterans. A patient who is also a veteran and is
72.6 seeking to enroll in the registry program shall submit to the Office of Medical Cannabis an
72.7 application established by the Office of Medical Cannabis according to subdivision 2 and
72.8 a copy of a United States Department of Veterans Affairs disability letter or other official
72.9 documentation from the United States Department of Veterans Affairs. The disability letter
72.10 or other official documentation must specify that the veteran has been diagnosed with a
72.11 qualifying medical condition.

72.12 Subd. 4. Enrollment; denial of enrollment; revocation. (a) Within 30 days after receipt
72.13 of an application and certification or other documentation of diagnosis with a qualifying
72.14 medical condition, the Office of Medical Cannabis shall approve or deny a patient's
72.15 enrollment in the registry program. If the Office of Medical Cannabis approves a patient's
72.16 enrollment in the registry program, the office shall provide notice to the patient and to the
72.17 patient's health care practitioner.

72.18 (b) A patient's enrollment in the registry program shall only be denied if the patient:
72.19 (1) does not submit a certification from a health care practitioner or documentation from
72.20 the United States Department of Veterans Affairs that the patient has been diagnosed with
72.21 a qualifying medical condition;

72.22 (2) has not signed the disclosure required in subdivision 2;
72.23 (3) does not provide the information required by the Office of Medical Cannabis;
72.24 (4) provided false information on the application; or
72.25 (5) at the time of application, is also enrolled in a federally approved clinical trial for
72.26 the treatment of a qualifying medical condition with medical cannabis or medical cannabis
72.27 products.

72.28 (c) If the Office of Medical Cannabis denies a patient's enrollment in the registry program,
72.29 the Office of Medical Cannabis shall provide written notice to a patient of all reasons for
72.30 denying enrollment. Denial of enrollment in the registry program is considered a final
72.31 decision of the board and is subject to judicial review under chapter 14.

72.32 (d) A patient's enrollment in the registry program may be revoked only:

73.1 (1) pursuant to subdivision 2, paragraph (c);
73.2 (2) upon the death of the patient;
73.3 (3) if the patient does not comply with subdivision 6; or
73.4 (4) if the patient intentionally sells or diverts medical cannabis or medical cannabis
73.5 products in violation of this chapter.

73.6 If a patient's enrollment in the registry program has been revoked due to a violation of
73.7 subdivision 6, the patient may apply for enrollment 12 months after the date on which the
73.8 patient's enrollment was revoked. The office shall process such an application in accordance
73.9 with this subdivision.

73.10 **Subd. 5. Registry verification.** When a patient is enrolled in the registry program, the
73.11 Office of Medical Cannabis shall assign the patient a patient registry number and shall issue
73.12 the patient and the patient's registered designated caregiver, parent, legal guardian, or spouse,
73.13 if applicable, a registry verification. The Office of Medical Cannabis shall also make the
73.14 registry verification available to cannabis retailers and medical cannabis businesses. The
73.15 registry verification must include:

73.16 (1) the patient's name and date of birth;
73.17 (2) the patient registry number assigned to the patient; and
73.18 (3) the name and date of birth of the patient's registered designated caregiver, if any, or
73.19 the name of the patient's parent, legal guardian, or spouse if the parent, legal guardian, or
73.20 spouse will act as caregiver.

73.21 **Subd. 6. Conditions of continued enrollment.** As conditions of continued enrollment,
73.22 a patient must:

73.23 (1) continue to receive regularly scheduled treatment for the patient's qualifying medical
73.24 condition from the patient's health care practitioner or, if the patient is a veteran and receives
73.25 care from the United States Department of Veterans Affairs, from a health care provider
73.26 with the United States Department of Veterans Affairs; and
73.27 (2) report changes in the patient's qualifying medical condition to the patient's health
73.28 care practitioner or, if the patient is a veteran and receives care from the United States
73.29 Department of Veterans Affairs, to a health care provider with the United States Department
73.30 of Veterans Affairs.

74.1 Subd. 7. **Enrollment period.** Enrollment in the registry program is valid for one year.

74.2 To re-enroll, a patient must submit the information required in subdivision 2, and a patient
74.3 who is also a veteran must submit the information required in subdivision 3.

74.4 Subd. 8. **Medical cannabis; allowable delivery methods.** (a) A patient may administer
74.5 medical cannabis by smoking or by a vaporized delivery method.

74.6 (b) A patient may administer a medical cannabis product using a form and delivery
74.7 method listed in section 342.01, subdivision 34.

74.8 Subd. 9. **Registered designated caregiver.** (a) The Office of Medical Cannabis shall
74.9 register a designated caregiver for a patient if the patient requires assistance in administering
74.10 medical cannabis or medical cannabis products or in obtaining medical cannabis or medical
74.11 cannabis products from a cannabis retailer or medical cannabis business.

74.12 (b) In order to serve as a designated caregiver, a person must:

74.13 (1) be at least 18 years of age;

74.14 (2) agree to only possess the patient's medical cannabis and medical cannabis products
74.15 for purposes of assisting the patient; and

74.16 (3) agree that if the application is approved, the person will not serve as a registered
74.17 designated caregiver for more than six registered patients at one time. Patients who reside
74.18 in the same residence shall count as one patient.

74.19 (c) The Office of Medical Cannabis shall conduct a criminal background check on the
74.20 person applying to serve as a designated caregiver prior to registration to ensure that the
74.21 person is not disqualified for a criminal offense according to section 342.20, subdivision 1.
74.22 Any cost for the background check must be paid by the person seeking to register as a
74.23 designated caregiver. A registered designated caregiver must have the criminal background
74.24 check renewed every two years.

74.25 (d) Nothing in sections 342.50 to 342.59 shall be construed to prevent a registered
74.26 designated caregiver from also being enrolled in the registry program as a patient and
74.27 possessing and administering medical cannabis and medical cannabis products as a patient.

74.28 Subd. 10. **Parents, legal guardians, spouses.** A parent, legal guardian, or spouse of a
74.29 patient may act as the caregiver for a patient without having to register as a designated
74.30 caregiver. The parent, legal guardian, or spouse who is acting as a caregiver must follow
74.31 all requirements for parents, legal guardians, and spouses under sections 342.50 to 342.59.
74.32 Nothing in sections 342.50 to 342.59 limits any legal authority a parent, legal guardian, or
74.33 spouse may have for the patient under any other law.

75.1 Subd. 11. **Notice of change of name or address.** Patients and registered designated
75.2 caregivers must notify the Office of Medical Cannabis of any address or name change within
75.3 30 days of the change having occurred. A patient or registered designated caregiver is subject
75.4 to a \$100 fine for failure to notify the office of the change.

75.5 **Sec. 41. [342.51] DISTRIBUTION OF MEDICAL CANNABIS AND MEDICAL**
75.6 **CANNABIS PRODUCTS.**

75.7 Subdivision 1. **General.** A cannabis retailer or medical cannabis business may distribute
75.8 medical cannabis, medical cannabis products, and medical cannabis paraphernalia. Prior to
75.9 distribution of medical cannabis, a cannabis retailer or medical cannabis business must:

- 75.10 (1) verify the patient's registry verification;
- 75.11 (2) verify that the person requesting distribution of medical cannabis or medical cannabis
75.12 products is the patient, the patient's registered designated caregiver, or the patient's parent,
75.13 legal guardian, or spouse, using the procedures specified in section 152.11, subdivision 2d;
75.14 and
- 75.15 (3) ensure that a pharmacist employee of the cannabis retailer or medical cannabis
75.16 business has consulted with the patient if required according to subdivision 3.

75.17 Subd. 2. **Distribution of medical cannabis.** A cannabis retailer or medical cannabis
75.18 business shall distribute medical cannabis only to a patient age 21 or older, or to the registered
75.19 designated caregiver, parent, legal guardian, or spouse of a patient age 21 or older.

75.20 **Subd. 3. Final approval for distribution of medical cannabis and medical cannabis**
75.21 **products.** (a) A cannabis retailer or medical cannabis business employee who is licensed
75.22 as a pharmacist shall be the only employee who may give final approval for the distribution
75.23 of medical cannabis and medical cannabis products. Prior to distribution of medical cannabis
75.24 and medical cannabis products, a pharmacist employee of the cannabis retailer or medical
75.25 cannabis business must consult with the patient to determine the proper type of medical
75.26 cannabis or medical cannabis product and proper dosage for the patient, after reviewing the
75.27 range of chemical compositions of medical cannabis and medical cannabis products. For
75.28 purposes of this subdivision, a consultation may be conducted remotely by secure
75.29 videoconference, telephone, or other remote means, as long as:

- 75.30 (1) the pharmacist engaging in the consultation is able to confirm the identity of the
75.31 patient; and
- 75.32 (2) the consultation adheres to patient privacy requirements that apply to health care
75.33 services delivered through telemedicine.

76.1 (b) Notwithstanding paragraph (a), a pharmacist consultation is not required prior to
76.2 distribution of medical cannabis or medical cannabis products when a cannabis retailer or
76.3 medical cannabis business is distributing medical cannabis or medical cannabis products
76.4 to a patient according to a patient-specific dosage plan established with that cannabis retailer
76.5 or medical cannabis business and is not modifying the dosage or product being distributed
76.6 under that plan. Medical cannabis or medical cannabis products distributed under this
76.7 paragraph must be distributed by a pharmacy technician employee of the cannabis retailer
76.8 or medical cannabis business.

76.9 Subd. 4. 90-day supply. A cannabis retailer or medical cannabis business shall not
76.10 distribute more than a 90-day supply of medical cannabis and medical cannabis products
76.11 to a patient, registered designated caregiver, or parent, legal guardian, or spouse of a patient,
76.12 according to the dosages established for the individual patient.

76.13 Subd. 5. Distribution to visiting patient. (a) A cannabis retailer or medical cannabis
76.14 business shall distribute medical cannabis and medical cannabis products in accordance
76.15 with subdivisions 1 to 4 to a visiting patient who resides in another state, district,
76.16 commonwealth, or territory of the United States that authorizes the medical use of cannabis
76.17 pursuant to the laws or regulations of that jurisdiction.

76.18 (b) Prior to distribution, the visiting patient must provide to a cannabis retailer or medical
76.19 cannabis business:

76.20 (1) a valid medical marijuana or medical cannabis verification card, or an equivalent
76.21 document issued by the visiting patient's jurisdiction of residence, that indicates that the
76.22 visiting patient is authorized to use medical cannabis in the visiting patient's home
76.23 jurisdiction; and

76.24 (2) a valid photographic identification card or driver's license issued by the visiting
76.25 patient's jurisdiction of residence.

76.26 (c) A cannabis retailer or medical cannabis business shall only distribute medical cannabis
76.27 and medical cannabis products to a visiting patient in a form allowed under this chapter. A
76.28 visiting patient may only use medical cannabis or medical cannabis products distributed by
76.29 a cannabis retailer or medical cannabis business through a delivery method allowed under
76.30 this chapter.

76.31 Subd. 6. Distribution to recipient in a motor vehicle. A cannabis retailer or medical
76.32 cannabis business may distribute medical cannabis and medical cannabis products to a
76.33 patient, registered designated caregiver, or parent, legal guardian, or spouse of a patient

77.1 who is at the cannabis retailer or medical cannabis business location but remains in a motor
77.2 vehicle, provided:

77.3 (1) staff receive payment and distribute medical cannabis and medical cannabis products
77.4 in a designated zone that is as close as feasible to the front door;

77.5 (2) the cannabis retailer or medical cannabis business ensures that receipt of payment
77.6 and distribution of medical cannabis and medical cannabis products are visually recorded
77.7 by a closed-circuit television surveillance camera and provides any other necessary security
77.8 safeguards;

77.9 (3) the cannabis retailer or medical cannabis business does not store medical cannabis
77.10 or medical cannabis products outside a restricted access area, and staff transport medical
77.11 cannabis and medical cannabis products from a restricted access area to the designated zone
77.12 for distribution only after confirming that the patient, designated caregiver, or parent,
77.13 guardian, or spouse has arrived in the designated zone;

77.14 (4) the payment and distribution of medical cannabis or medical cannabis products take
77.15 place only after a pharmacist consultation takes place if required under subdivision 3;

77.16 (5) immediately following distribution of medical cannabis or medical cannabis products,
77.17 staff enter the transaction in the state medical cannabis registry information technology
77.18 database; and

77.19 (6) immediately following distribution of medical cannabis or medical cannabis products,
77.20 staff take the payment received into the facility.

77.21 Subd. 7. Report. A cannabis retailer or medical cannabis business shall, on a monthly
77.22 basis, report to the Office of Medical Cannabis the following information for each patient
77.23 for the preceding month:

77.24 (1) the amounts, dosages, and chemical compositions of medical cannabis and medical
77.25 cannabis products distributed; and

77.26 (2) the tracking numbers assigned to medical cannabis and medical cannabis products
77.27 distributed.

77.28 **Sec. 42. [342.52] DUTIES OF BOARD; REGISTRY PROGRAM.**

77.29 Subdivision 1. Allowable forms; qualifying medical conditions. The board may add
77.30 an allowable form of medical cannabis and medical cannabis products, and may add or
77.31 modify a qualifying medical condition upon the board's own initiative, upon a petition from
77.32 a member of the public or the task force on medical cannabis therapeutic research, or as

78.1 directed by law. The board shall evaluate all petitions and shall make the addition or
78.2 modification if the board determines that the addition or modification is warranted by the
78.3 best available evidence and research. If the board wishes to add an allowable form or add
78.4 or modify a qualifying medical condition, the board must notify the chairs and ranking
78.5 minority members of the legislative policy committees with jurisdiction over health and
78.6 public safety by January 15 of the year in which the change becomes effective. In this
78.7 notification, the board must specify the proposed addition or modification and the reasons
78.8 for the addition or modification and must include any written comments received by the
78.9 board from the public about the addition or modification and any guidance received from
78.10 the task force on medical cannabis therapeutic research. An addition or modification by the
78.11 board under this subdivision shall become effective on August 1 of that year unless the
78.12 legislature by law provides otherwise.

78.13 Subd. 2. **Rulemaking.** The board may adopt rules to implement sections 342.50 to

78.14 342.59.

78.15 Sec. 43. **[342.53] DUTIES OF OFFICE OF MEDICAL CANNABIS; REGISTRY**
78.16 **PROGRAM.**

78.17 Subdivision 1. **Duties related to health care practitioners.** The Office of Medical
78.18 Cannabis shall:

78.19 (1) provide notice of the registry program to health care practitioners in the state;

78.20 (2) allow health care practitioners to participate in the registry program if they request
78.21 to participate and meet the program's requirements;

78.22 (3) provide explanatory information and assistance to health care practitioners to
78.23 understand the nature of the therapeutic use of medical cannabis and medical cannabis
78.24 products within program requirements;

78.25 (4) make available to participating health care practitioners a certification form in which
78.26 a health care practitioner certifies that a patient has a qualifying medical condition; and

78.27 (5) supervise the participation of health care practitioners in the registry reporting system,
78.28 in which health care practitioners report patient treatment and health records information
78.29 to the office in a manner that ensures stringent security and record keeping requirements
78.30 and that prevents the unauthorized release of private data on individuals as defined in section
78.31 13.02.

78.32 Subd. 2. **Duties related to the registry program.** The Office of Medical Cannabis shall:

79.1 (1) administer the registry program according to section 342.50;

79.2 (2) provide information to patients enrolled in the registry program on the existence of
79.3 federally approved clinical trials for treatment of the patient's qualifying medical condition
79.4 with medical cannabis or medical cannabis products, as an alternative to enrollment in the
79.5 registry program;

79.6 (3) maintain safety criteria with which patients must comply as a condition of participation
79.7 in the registry program, to prevent patients from undertaking any task under the influence
79.8 of medical cannabis or a medical cannabis product that would constitute negligence or
79.9 professional malpractice;

79.10 (4) review and publicly report existing medical and scientific literature regarding the
79.11 range of recommended dosages for each qualifying medical condition, the range of chemical
79.12 compositions of medical cannabis that will likely be medically beneficial for each qualifying
79.13 medical condition, and any risks of noncannabis drug interactions. This information must
79.14 be updated by December 1 of each year. The office may consult with an independent
79.15 laboratory under contract with the office or other experts in reporting and updating this
79.16 information; and

79.17 (5) annually consult with cannabis businesses about the medical cannabis and medical
79.18 cannabis products cultivated, manufactured, and offered for sale and post on the office's
79.19 website a list of the medical cannabis and medical cannabis products offered for sale by
79.20 each cannabis retailer or medical cannabis business.

79.21 Subd. 3. **Research.** (a) The Office of Medical Cannabis shall conduct or contract with
79.22 a third party to conduct research and studies using data from health records submitted to
79.23 the registry program under section 342.54 and data submitted to the registry program under
79.24 section 342.51, subdivision 7. If the office contracts with a third party for research and
79.25 studies, the third party must provide the office with access to all research and study results.
79.26 The office must submit reports on intermediate or final research results to the legislature
79.27 and major scientific journals. All data used by the office or a third party under this subdivision
79.28 must be used or reported in an aggregated, nonidentifiable form as part of a scientific,
79.29 peer-reviewed publication of research or in the creation of summary data, as defined in
79.30 section 13.02, subdivision 19.

79.31 (b) The Office of Medical Cannabis may submit medical research based on the data
79.32 collected under sections 342.51, subdivision 7, and 342.54, to any federal agency with
79.33 regulatory or enforcement authority over medical cannabis to demonstrate the effectiveness

80.1 of medical cannabis for treating or alleviating the symptoms of a qualifying medical
80.2 condition.

80.3 Subd. 4. Reports. The Office of Medical Cannabis shall provide regular updates to the
80.4 task force on medical cannabis therapeutic research and to the chairs and ranking minority
80.5 members of the legislative committees with jurisdiction over health and human services,
80.6 public safety, judiciary, and civil law regarding:

80.7 (1) any changes in federal law or regulatory restrictions regarding the use of medical
80.8 cannabis or hemp; and

80.9 (2) the market demand and supply in this state for products made from hemp that can
80.10 be used for medicinal purposes.

80.11 **Sec. 44. [342.54] DUTIES OF HEALTH CARE PRACTITIONERS; REGISTRY**
80.12 **PROGRAM.**

80.13 Subdivision 1. Duties prior to a patient's enrollment in the registry program. Prior
80.14 to a patient's enrollment in the registry program, a health care practitioner shall:

80.15 (1) determine, in the health care practitioner's medical judgment, whether a patient has
80.16 a qualifying medical condition and if so determined, provide the patient with a certification
80.17 of that diagnosis;

80.18 (2) advise patients, registered designated caregivers, and parents, legal guardians, and
80.19 spouses acting as caregivers of any nonprofit patient support groups or organizations;

80.20 (3) provide to patients explanatory information from the Office of Medical Cannabis,
80.21 including information about the experimental nature of the therapeutic use of medical
80.22 cannabis; the possible risks, benefits, and side effects of the proposed treatment; and the
80.23 application and other materials from the office;

80.24 (4) provide to patients a Tennessee warning as required under section 13.04, subdivision
80.25 2; and

80.26 (5) agree to continue treatment of the patient's qualifying medical condition and to report
80.27 findings to the Office of Medical Cannabis.

80.28 Subd. 2. Duties upon a patient's enrollment in the registry program. Upon notification
80.29 from the Office of Medical Cannabis of the patient's enrollment in the registry program a
80.30 health care practitioner shall:

80.31 (1) participate in the patient registry reporting system under the guidance and supervision
80.32 of the Office of Medical Cannabis;

81.1 (2) report to the Office of Medical Cannabis patient health records throughout the patient's
81.2 ongoing treatment in a manner determined by the office and in accordance with subdivision
81.3 4;

81.4 (3) determine on a yearly basis if the patient continues to have a qualifying medical
81.5 condition and, if so, issue the patient a new certification of that diagnosis. The patient
81.6 assessment conducted under this clause may be conducted via telemedicine, as defined in
81.7 section 62A.671, subdivision 9; and

81.8 (4) otherwise comply with requirements established by the board and the Office of
81.9 Medical Cannabis.

81.10 Subd. 3. **Participation not required.** Nothing in this section requires a health care
81.11 practitioner to participate in the registry program.

81.12 Subd. 4. **Data.** Data on patients collected by a health care practitioner and reported to
81.13 the registry program are health records under section 144.291 and are private data on
81.14 individuals under section 13.02, but may be used or reported in an aggregated, nonidentifiable
81.15 form as part of a scientific, peer-reviewed publication of research conducted under section
81.16 342.53 or in the creation of summary data, as defined in section 13.02, subdivision 19.

81.17 **Sec. 45. [342.55] TASK FORCE ON MEDICAL CANNABIS THERAPEUTIC**
81.18 **RESEARCH.**

81.19 Subdivision 1. **Establishment.** (a) A 23-member task force on medical cannabis
81.20 therapeutic research is created to conduct an impact assessment of medical cannabis
81.21 therapeutic research. The task force shall consist of the following members:

81.22 (1) two members of the house of representatives, one selected by the speaker of the
81.23 house and one selected by the minority leader;

81.24 (2) two members of the senate, one selected by the majority leader and one selected by
81.25 the minority leader;

81.26 (3) four members representing patients enrolled in the registry program, including at
81.27 least two parents of patients under age 18;

81.28 (4) four members representing health care providers, including one licensed pharmacist;

81.29 (5) four members representing law enforcement, one from the Minnesota Chiefs of
81.30 Police Association, one from the Minnesota Sheriff's Association, one from the Minnesota
81.31 Police and Peace Officers Association, and one from the Minnesota County Attorneys
81.32 Association;

82.1 (6) four members representing substance use disorder treatment providers; and

82.2 (7) the commissioners of health, human services, and public safety.

82.3 (b) Task force members listed under paragraph (a), clauses (3), (4), (5), and (6), shall
82.4 be appointed by the governor using the appointment process in section 15.0597. Members
82.5 shall serve on the task force at the pleasure of the appointing authority.

82.6 (c) There shall be two cochairs of the task force chosen from the members listed under
82.7 paragraph (a). One cochair shall be selected by the speaker of the house and one cochair
82.8 shall be selected by the majority leader of the senate. The authority to convene meetings
82.9 shall alternate between cochairs.

82.10 (d) Members of the task force other than those listed in paragraph (a), clauses (1), (2),
82.11 and (7), shall receive reimbursement for expenses according to section 15.059, subdivision
82.12 6.

82.13 **Subd. 2. Administration.** The board shall provide administrative and technical support
82.14 to the task force.

82.15 **Subd. 3. Impact assessment.** The task force shall hold hearings to evaluate the impact
82.16 of the use of medical cannabis, medical cannabis products, and hemp and Minnesota's
82.17 activities involving medical cannabis, medical cannabis products, and hemp, including but
82.18 not limited to:

82.19 (1) program design and implementation;

82.20 (2) the impact on the health care provider community;

82.21 (3) patient experiences;

82.22 (4) the impact on the incidence of substance use disorders;

82.23 (5) access to and the quality of medical cannabis, medical cannabis products, and hemp;

82.24 (6) the impact on law enforcement and prosecutions;

82.25 (7) public awareness and perception; and

82.26 (8) any unintended consequences.

82.27 **Subd. 4. Reports; recommendations.** By February 15 of each odd-numbered year, the
82.28 cochairs of the task force shall submit a complete impact assessment report to the chairs
82.29 and ranking minority members of the legislative committees with jurisdiction over health
82.30 and human services, public safety, judiciary, and civil law. The task force may make

83.1 recommendations or submit petitions to the legislature or to the board on whether to add or
83.2 remove conditions from the list of qualifying medical conditions.

83.3 Subd. 5. No expiration. Notwithstanding section 15.059, subdivision 6, the task force
83.4 on medical cannabis therapeutic research does not expire.

83.5 **Sec. 46. [342.56] LIMITATIONS.**

83.6 Subdivision 1. Limitations on consumption; locations of consumption. Nothing in
83.7 sections 342.50 to 342.59 permits any person to engage in, and does not prevent the
83.8 imposition of any civil, criminal, or other penalties for:

83.9 (1) undertaking a task under the influence of medical cannabis or medical cannabis
83.10 products that would constitute negligence or professional malpractice;

83.11 (2) possessing or consuming medical cannabis or medical cannabis products:

83.12 (i) on a school bus or van;

83.13 (ii) in a correctional facility; or

83.14 (iii) on the grounds of a child care facility or family or group family day care program;

83.15 (3) vaporizing or smoking medical cannabis or medical cannabis products:

83.16 (i) on any form of public transportation;

83.17 (ii) where the vapor would be inhaled by a nonpatient minor or where the smoke would
83.18 be inhaled by a minor; or

83.19 (iii) in any public place, including any indoor or outdoor area used by or open to the
83.20 general public or a place of employment as defined in section 144.413, subdivision 1b; and

83.21 (4) operating, navigating, or being in actual physical control of a motor vehicle, aircraft,
83.22 train, or motorboat, or working on transportation property, equipment, or facilities while
83.23 under the influence of medical cannabis or a medical cannabis product.

83.24 Subd. 2. Consumption and possession on school grounds. (a) An elementary or
83.25 secondary school pupil or a child participating or enrolled in a prekindergarten program is
83.26 permitted to possess medical cannabis and medical cannabis products, have medical cannabis
83.27 and medical cannabis products stored, and self-administer medical cannabis and medical
83.28 cannabis products or have medical cannabis and medical cannabis products administered,
83.29 on the grounds of a prekindergarten program, elementary school, or secondary school if:

83.30 (1) the child or pupil is enrolled as a patient in the registry program;

84.1 (2) the possession, storage, and administration occur in compliance with all applicable
84.2 policies or guidelines adopted by the commissioner of education;

84.3 (3) the pupil or the child's or pupil's parent submits to the school, a form developed by
84.4 the board and completed by the child's or pupil's health care practitioner and by a pharmacist
84.5 employed by the cannabis retailer or medical cannabis business that distributes the child's
84.6 or pupil's medical cannabis or medical cannabis products. The form must specify the child's
84.7 or pupil's qualifying medical condition, the dosage of medical cannabis or medical cannabis
84.8 product, the frequency with which the medical cannabis or medical cannabis product must
84.9 be administered, circumstances that warrant administration, and other relevant information;
84.10 and

84.11 (4) the medical cannabis or medical cannabis product is administered or self-administered
84.12 in a manner that does not disrupt the educational environment or expose other children or
84.13 pupils to medical cannabis or medical cannabis products.

84.14 (b) Only a pupil who is age 18 or older is permitted to self-administer medical cannabis
84.15 or medical cannabis products under this subdivision.

84.16 (c) School employees, including licensed school nurses, may only administer medical
84.17 cannabis or medical cannabis products that have been approved by the United States Food
84.18 and Drug Administration.

84.19 (d) The school board may adopt policies or guidelines establishing reasonable parameters
84.20 for the storage and administration of medical cannabis and medical cannabis products under
84.21 this subdivision, but shall not unreasonably limit a child's or pupil's access to or use of
84.22 medical cannabis or medical cannabis products.

84.23 (e) A school may designate specific locations on school grounds where medical cannabis
84.24 and medical cannabis products may be administered or self-administered.

84.25 **Subd. 3. Health care facilities.** (a) Health care facilities licensed under chapter 144A;
84.26 hospice providers licensed under chapter 144A; boarding care homes or supervised living
84.27 facilities licensed under section 144.50; assisted living facilities; facilities owned, controlled,
84.28 managed, or under common control with hospitals licensed under chapter 144; and other
84.29 health care facilities licensed by the commissioner of health, may adopt reasonable
84.30 restrictions on the use of medical cannabis and medical cannabis products by a patient
84.31 enrolled in the registry program who resides at or is actively receiving treatment or care at
84.32 the facility. The restrictions may include a provision that the facility will not store or maintain
84.33 a patient's supply of medical cannabis or medical cannabis products, that the facility is not
84.34 responsible for providing medical cannabis or medical cannabis products for patients, and

85.1 that medical cannabis and medical cannabis products may be used only in a location specified
85.2 by the facility or provider.

85.3 (b) An employee or agent of a facility or provider listed in this subdivision or a person
85.4 licensed under chapter 144E is not violating this chapter or chapter 152 for possession of
85.5 medical cannabis or medical cannabis products while carrying out employment duties,
85.6 including providing or supervising care to a patient enrolled in the registry program, or
85.7 distribution of medical cannabis or medical cannabis products to a patient enrolled in the
85.8 registry program who resides at or is actively receiving treatment or care at the facility or
85.9 from the provider with which the employee or agent is affiliated. Nothing in this subdivision
85.10 shall require facilities and providers listed in this subdivision to adopt such restrictions, and
85.11 no facility or provider listed in this subdivision shall unreasonably limit a patient's access
85.12 to or use of medical cannabis or medical cannabis products to the extent that such use is
85.13 authorized under sections 342.50 to 342.59.

85.14 **Sec. 47. [342.57] PROTECTIONS FOR REGISTRY PROGRAM PARTICIPANTS.**

85.15 Subdivision 1. Presumption. There is a presumption that a patient enrolled in the registry
85.16 program is engaged in the authorized use of medical cannabis and medical cannabis products.
85.17 This presumption may be rebutted by evidence that the patient's use of medical cannabis or
85.18 medical cannabis products was not for the purpose of treating or alleviating the patient's
85.19 qualifying medical condition or symptoms associated with the patient's qualifying medical
85.20 condition.

85.21 Subd. 2. Criminal and civil protections. (a) Subject to section 342.56, the following
85.22 are not violations of this chapter or chapter 152:

85.23 (1) use or possession of medical cannabis, medical cannabis products, or medical cannabis
85.24 paraphernalia by a patient enrolled in the registry program or by a visiting patient to whom
85.25 medical cannabis or medical cannabis products are distributed under section 342.51,
85.26 subdivision 5;

85.27 (2) possession of medical cannabis, medical cannabis products, or medical cannabis
85.28 paraphernalia by a registered designated caregiver, a visiting designated caregiver visiting
85.29 a patient, or a parent, legal guardian, or spouse of a patient enrolled in the registry program;
85.30 or

85.31 (3) possession of medical cannabis, medical cannabis products, or medical cannabis
85.32 paraphernalia by any person while carrying out duties required under sections 342.50 to
85.33 342.59.

86.1 (b) Board members, board employees, agents or contractors of the board, and health
86.2 care practitioners participating in the registry program are not subject to any civil penalties
86.3 or disciplinary action by the Board of Medical Practice, the Board of Nursing, or any
86.4 business, occupational, or professional licensing board or entity solely for participating in
86.5 the registry program. A pharmacist licensed under chapter 151 is not subject to any civil
86.6 penalties or disciplinary action by the Board of Pharmacy when acting in accordance with
86.7 sections 342.50 to 342.59. Nothing in this section prohibits a professional licensing board
86.8 from taking action in response to a violation of law.

86.9 (c) Notwithstanding any law to the contrary, a board member, the governor, or an
86.10 employee of a state agency shall not be held civilly or criminally liable for any injury, loss
86.11 of property, personal injury, or death caused by any act or omission while acting within the
86.12 scope of office or employment under sections 342.50 to 342.59.

86.13 (d) Federal, state, and local law enforcement authorities are prohibited from accessing
86.14 the registry except when acting pursuant to a valid search warrant. Notwithstanding section
86.15 13.09, a violation of this paragraph is a gross misdemeanor.

86.16 (e) Notwithstanding any law to the contrary, board members and public employees shall
86.17 not release data or information about an individual contained in any report or document or
86.18 in the registry, and shall not release data or information obtained about a patient enrolled
86.19 in the registry program, except as provided in sections 342.50 to 342.59. Notwithstanding
86.20 section 13.09, a violation of this paragraph is a gross misdemeanor.

86.21 (f) No information contained in a report or document, contained in the registry, or
86.22 obtained from a patient under sections 342.50 to 342.59 may be admitted as evidence in a
86.23 criminal proceeding, unless:

86.24 (1) the information is independently obtained; or

86.25 (2) admission of the information is sought in a criminal proceeding involving a criminal
86.26 violation of sections 342.50 to 342.59.

86.27 (g) An attorney shall not be subject to disciplinary action by the Minnesota Supreme
86.28 Court or professional responsibility board for providing legal assistance to prospective or
86.29 licensed medical cannabis businesses or others for activities that do not violate this chapter
86.30 or chapter 152.

86.31 (h) Possession of a registry verification or an application for enrollment in the registry
86.32 program:

86.33 (1) does not constitute probable cause or reasonable suspicion;

87.1 (2) shall not be used to support a search of the person or property of the person with a
87.2 registry verification or applying to enroll in the registry program; and

87.3 (3) shall not subject the person or the property of the person to inspection by any
87.4 government agency.

87.5 Subd. 3. **School enrollment; rental property.** (a) No school may refuse to enroll a
87.6 patient as a pupil or otherwise penalize a patient solely because the patient is enrolled in
87.7 the registry program, unless failing to do so would violate federal law or regulations or
87.8 cause the school to lose a monetary or licensing-related benefit under federal law or
87.9 regulations.

87.10 (b) No landlord may refuse to lease to a patient or otherwise penalize a patient solely
87.11 because the patient is enrolled in the registry program, unless failing to do so would violate
87.12 federal law or regulations or cause the landlord to lose a monetary or licensing-related
87.13 benefit under federal law or regulations.

87.14 Subd. 4. **Medical care.** For purposes of medical care, including organ transplants, a
87.15 patient's use of medical cannabis or medical cannabis products according to sections 342.50
87.16 to 342.59 is considered the equivalent of the authorized use of a medication used at the
87.17 discretion of a health care practitioner and does not disqualify a patient from needed medical
87.18 care.

87.19 Subd. 5. **Employment.** (a) Unless a failure to do so would violate federal or state law
87.20 or regulations or cause an employer to lose a monetary or licensing-related benefit under
87.21 federal law or regulations, an employer may not discriminate against a person in hiring,
87.22 termination, or any term or condition of employment, or otherwise penalize a person, if the
87.23 discrimination is based upon:

87.24 (1) the person's status as a patient enrolled in the registry program; or
87.25 (2) a patient's positive drug test for cannabis components or metabolites, unless the
87.26 patient used, possessed, sold, transported, or was impaired by medical cannabis or a medical
87.27 cannabis product on work premises; during working hours; or while operating an employer's
87.28 machinery, vehicle, or equipment.

87.29 (b) An employee who is a patient and whose employer requires the employee to undergo
87.30 drug testing according to section 181.953 may present the employee's registry verification
87.31 as part of the employee's explanation under section 181.953, subdivision 6.

87.32 Subd. 6. **Custody; visitation; parenting time.** A person shall not be denied custody of
87.33 a minor child or visitation rights or parenting time with a minor child based solely on the

88.1 person's status as a patient enrolled in the registry program. There shall be no presumption
88.2 of neglect or child endangerment for conduct allowed under sections 342.50 to 342.59,
88.3 unless the person's behavior creates an unreasonable danger to the safety of the minor as
88.4 established by clear and convincing evidence.

88.5 Subd. 7. **Action for damages.** In addition to any other remedy provided by law, a patient
88.6 may bring an action for damages against any person who violates subdivision 3, 4, or 5. A
88.7 person who violates subdivision 3, 4, or 5 is liable to a patient injured by the violation for
88.8 the greater of the person's actual damages or a civil penalty of \$100 and reasonable attorney
88.9 fees.

88.10 **Sec. 48. [342.58] VIOLATION BY HEALTH CARE PRACTITIONER; CRIMINAL**
88.11 **PENALTY.**

88.12 A health care practitioner who knowingly refers patients to a cannabis retailer or medical
88.13 cannabis business or to a designated caregiver, who advertises as a medical cannabis business,
88.14 or who issues certifications while holding a financial interest in a cannabis retailer or medical
88.15 cannabis business is guilty of a misdemeanor and may be sentenced to imprisonment for
88.16 not more than 90 days or to payment of not more than \$1,000, or both.

88.17 **Sec. 49. [342.585] DATA PRACTICES.**

88.18 Subdivision 1. **Data classification.** Patient health records maintained by the board or
88.19 the Office of Medical Cannabis, and government data in patient health records maintained
88.20 by a health care practitioner, are classified as private data on individuals, as defined in
88.21 section 13.02, subdivision 12, or nonpublic data, as defined in section 13.02, subdivision
88.22 9.

88.23 Subd. 2. **Allowable use; prohibited use.** Data specified in subdivision 1 may be used
88.24 to comply with chapter 13, to comply with a request from the legislative auditor or the state
88.25 auditor in the performance of official duties, and for purposes specified in sections 342.50
88.26 to 342.59. Data specified in subdivision 1 and maintained by the board or Office of Medical
88.27 Cannabis shall not be used for any purpose not specified in sections 342.50 to 342.59, and
88.28 shall not be combined or linked in any manner with any other list, dataset, or database. Data
88.29 specified in subdivision 1 must not be shared with any federal agency, federal department,
88.30 or federal entity unless specifically ordered to do so by a state or federal court.

89.1 **Sec. 50. [342.59] CLINICAL TRIALS.**

89.2 The Office of Medical Cannabis may conduct, or award grants to health care providers
89.3 or research organizations to conduct, clinical trials on the safety and efficacy of using
89.4 medical cannabis and medical cannabis products to treat a specific health condition. A health
89.5 care provider or research organization receiving a grant under this section must provide the
89.6 office with access to all data collected in a clinical trial funded under this section. The board
89.7 may use data from clinical trials conducted or funded under this section as evidence to
89.8 approve additional qualifying medical conditions or additional allowable forms of medical
89.9 cannabis.

89.10 **Sec. 51. [342.60] TESTING.**

89.11 Subdivision 1. Testing required. A cannabis business shall not sell or offer for sale
89.12 cannabis or cannabis products to another cannabis business or to a customer or patient, or
89.13 otherwise transfer cannabis or cannabis products to another cannabis business, unless a
89.14 representative sample of the batch of cannabis or batch of cannabis product has been tested
89.15 according to this section and rules adopted under this chapter by a cannabis testing facility
89.16 licensed under this chapter, and found to meet testing standards established by the board.

89.17 Subd. 2. Procedures and standards established by board. (a) The board shall by rule
89.18 establish procedures governing the sampling, handling, testing, storage, and transportation
89.19 of cannabis and cannabis products tested under this section; the contaminants for which
89.20 cannabis and cannabis products must be tested; standards for potency and homogeneity
89.21 testing; and procedures applicable to cannabis businesses and cannabis testing facilities
89.22 regarding cannabis and cannabis products that fail to meet the standards for allowable levels
89.23 of contaminants established by the commissioner of health, that fail to meet the potency
89.24 limits in this chapter, or that do not conform with the content of the cannabinoid profile
89.25 listed on the label.

89.26 (b) All testing required under this section must be performed in a manner that is consistent
89.27 with general requirements for testing and calibration activities.

89.28 Subd. 3. Standards established by commissioner of health. The commissioner of
89.29 health shall by rule establish standards for allowable levels of contaminants in cannabis,
89.30 cannabis products, and growing media. Contaminants for which the commissioner must
89.31 establish allowable levels must include but are not limited to residual solvents, foreign
89.32 material, microbiological contaminants, heavy metals, pesticide residue, mold, and
89.33 mycotoxins. Rules for which notice is published in the State Register before July 1, 2024,
89.34 may be adopted using the expedited rulemaking process in section 14.389.

90.1 **Subd. 4. Testing of samples.** On a schedule determined by the board, every cannabis
90.2 cultivator, cannabis manufacturer, cannabis microbusiness, or medical cannabis business
90.3 shall make each batch of cannabis or cannabis product grown or manufactured by the
90.4 cannabis cultivator, cannabis manufacturer, cannabis microbusiness, or medical cannabis
90.5 business available to a cannabis testing facility. The cannabis testing facility shall select
90.6 one or more representative samples from each batch, test the samples for the presence of
90.7 contaminants, and test the samples for potency and homogeneity and to allow the cannabis
90.8 or cannabis product to be accurately labeled with its cannabinoid profile. Testing for
90.9 contaminants must include testing for residual solvents, foreign material, microbiological
90.10 contaminants, heavy metals, pesticide residue, mold, and mycotoxins, and may include
90.11 testing for other contaminants. A cannabis testing facility must destroy or return to the
90.12 cannabis cultivator, cannabis manufacturer, cannabis microbusiness, or medical cannabis
90.13 business any part of the sample that remains after testing.

90.14 **Subd. 5. Test results.** (a) If a sample meets the applicable testing standards, the cannabis
90.15 testing facility shall issue a certification to the cannabis cultivator, cannabis manufacturer,
90.16 cannabis microbusiness, or medical cannabis business, and the cannabis cultivator, cannabis
90.17 manufacturer, cannabis microbusiness, or medical cannabis business may then sell or transfer
90.18 the batch of cannabis or cannabis product from which the sample was taken to another
90.19 cannabis business or offer the cannabis or cannabis product for sale to customers or patients.
90.20 If a sample does not meet the applicable testing standards, the batch from which the sample
90.21 was taken shall be subject to procedures established by the board for such batches, including
90.22 destruction, remediation, or retesting. A cannabis cultivator, cannabis manufacturer, cannabis
90.23 microbusiness, or medical cannabis business must maintain the test results for cannabis and
90.24 cannabis products grown or manufactured by that cannabis cultivator, cannabis manufacturer,
90.25 cannabis microbusiness, or medical cannabis business for at least five years after the date
90.26 of testing.

90.27 (b) A cannabis cultivator, cannabis manufacturer, cannabis microbusiness, or medical
90.28 cannabis business shall make test results maintained by that cannabis cultivator, cannabis
90.29 manufacturer, cannabis microbusiness, or medical cannabis business available for review
90.30 by any member of the public, upon request. Test results made available to the public must
90.31 be in plain language.

91.1 Sec. 52. **[342.62] PACKAGING.**

91.2 Subdivision 1. General. All cannabis, cannabis products, and hemp-derived consumable
91.3 or topical products sold to customers or patients must be packaged as required by this section
91.4 and rules adopted under this chapter.

91.5 Subd. 2. Packaging requirements. (a) All cannabis, cannabis products, and hemp-derived
91.6 consumable or topical products sold to customers or patients must be:

91.7 (1) prepackaged in packaging or a container that is plain, child-resistant, tamper-evident,
91.8 and opaque; or

91.9 (2) placed in packaging or a container that is plain, child-resistant, tamper-evident, and
91.10 opaque at the final point of sale to a customer.

91.11 (b) If a cannabis product or hemp-derived consumable or topical product is packaged
91.12 in a manner that indicates serving sizes, the product must be packaged in one or more easily
91.13 identifiable single-serving portions.

91.14 (c) If a cannabis product or hemp-derived consumable or topical product is an edible
91.15 product for human consumption intended for more than a single use or containing multiple

144.17 previously exercised, or if the prosecuting authority requests an assignment and the landlord

144.30 drug-impaired drivers on Minnesota roads and to evaluate and validate the appropriate
144.31 device that could be authorized for use.

144.32 (b) The results of this preliminary oral fluid test must not be used in any court action.

145.1 (c) Following the screening test, additional tests may be required of the driver pursuant

145.5 **ARTICLE 6**

145.6 **EXPUNGEMENT**

145.7 Section 1. Minnesota Statutes 2020, section 609A.01, is amended to read:

145.8 **609A.01 EXPUNGEMENT OF CRIMINAL RECORDS.**

145.9 This chapter provides the grounds and procedures for expungement of criminal records

145.20 (b), expungement of a criminal record under this section is an extraordinary remedy to be
145.21 granted only upon clear and convincing evidence that it would yield a benefit to the petitioner
145.22 commensurate with the disadvantages to the public and public safety of:

145.23 (1) sealing the record; and

145.24 (2) burdening the court and public authorities to issue, enforce, and monitor an
145.25 expungement order.

145.26 (b) Except as otherwise provided by this paragraph, if the petitioner is petitioning for
145.27 the sealing of a criminal record under section 609A.02, subdivision 3, paragraph (a), clause
145.28 (1) or (2), the court shall grant the petition to seal the record unless the agency or jurisdiction

146.20 (d) Notwithstanding section 13.82, 13.87, or any other law to the contrary, if the court

146.21 issues an expungement order it may require that the criminal record be sealed, the existence

150.20 and budget or commissioner of administration, as the case may be, shall compel obedience

151.6 all available records to determine whether the conviction or stay of adjudication is eligible
151.7 for expungement or resentencing. Expungement under this section is presumed to be in the
151.8 public interest unless there is clear and convincing evidence that expungement or resentencing
151.9 would create a risk to public safety.

151.10 (b) If the Cannabis Expungement Board determines that expungement is in the public
151.11 interest, the board shall determine whether a person's conviction should be vacated and
151.12 charges should be dismissed.

151.23 shall consider:

151.24 (1) the nature and severity of the underlying crime, including but not limited to the total
151.25 amount of marijuana or tetrahydrocannabinols possessed by the person and whether the
151.26 offense involved a dangerous weapon, the intentional infliction of bodily harm on another,
151.27 an attempt to inflict bodily harm on another, or an act committed with the intent to cause
151.28 fear in another of immediate bodily harm or death;

151.29 (2) whether expungement or conviction of a lesser offense would increase the risk, if
151.30 any, the person poses to individuals or society;

151.31 (3) if the person is under sentence, whether expungement or resentencing would result
151.32 in the release of the person and whether release prior to the time the person would be released

152.1 under the sentence currently being served presents a danger to the public and is compatible
152.2 with the welfare of society;

152.3 (4) aggravating or mitigating factors relating to the underlying crime, including the
152.4 person's level of participation and context and circumstances of the underlying crime;

152.5 (5) statements from victims and law enforcement, if any;

152.6 (6) if an expungement or reduction to a nonfelony offense is considered, whether there
152.7 is good cause to restore the person's right to possess firearms and ammunition;

152.8 (7) if an expungement is considered, whether an expunged record of a conviction or stay
152.9 of adjudication may be opened for purposes of a background study under section 245C.08;

152.10 (8) if an expungement is considered, whether an expunged record of a conviction or stay
152.11 of adjudication may be opened for purposes of a background check required under section
152.12 122A.18, subdivision 8; and

152.13 (9) other factors deemed relevant by the Cannabis Expungement Board.

152.14 (g) The affirmative vote of three members is required for action taken at any meeting.

152.15 Subd. 7. Notice to judicial branch and offenders. (a) The Cannabis Expungement
152.16 Board shall identify any conviction or stay of adjudication that qualifies for an order of
152.17 expungement or resentencing and notify the judicial branch of:

152.18 (1) the name and date of birth of a person whose conviction or stay of adjudication is
152.19 eligible for an order of expungement or resentencing;

152.20 (2) the case number of the eligible conviction or stay of adjudication;

152.21 (3) whether the person is eligible for expungement;

152.24 (5) if the person is eligible for expungement, whether there is good cause to restore the
152.25 offender's right to possess firearms and ammunition;

152.26 (6) if the person is eligible for expungement, whether the limitations under section
152.27 609A.03, subdivision 7a, clause (4) or (5), apply; and

152.28 (7) if the person is eligible for resentencing, the lesser sentence to be imposed.

152.29 (b) The Cannabis Expungement Board shall make a reasonable and good faith effort to
152.30 notify any person whose conviction or stay of adjudication qualifies for an order of
152.31 expungement that the offense qualifies and notice is being sent to the judicial branch. Notice

153.1 sent pursuant to this paragraph shall inform the person that, following the order of
153.2 expungement, any records of an arrest, conviction, or incarceration should not appear on
153.3 any background check or study.

153.4 **Subd. 8. Data classification.** All data collected, created, received, maintained, or
153.5 disseminated by the Cannabis Expungement Board in which each victim of a crime and
153.6 person whose conviction or stay of adjudication the Cannabis Expungement Board reviews

153.11 indictment or information, trial, verdict, or dismissal and discharge for an offense described
153.12 in subdivision 1. If the Cannabis Expungement Board determined that the person's conviction
153.13 should be vacated and charges should be dismissed, the order shall vacate and dismiss the
153.14 charges.

153.15 (b) If the Cannabis Expungement Board determined that there is good cause to restore
153.16 the person's right to possess firearms and ammunition, the court shall issue an order pursuant
153.17 to section 609.165, subdivision 1d.

153.18 (c) If the Cannabis Expungement Board determined that an expunged record of a
153.19 conviction or stay of adjudication may not be opened for purposes of a background study
153.20 under section 245C.08, the court shall direct the order specifically to the commissioner of
153.21 human services.

153.22 (d) If the Cannabis Expungement Board determined that an expunged record of a
153.23 conviction or stay of adjudication may not be opened for purposes of a background check
153.24 required under section 122A.18, subdivision 8, the court shall direct the order specifically
153.25 to the Professional Educator Licensing and Standards Board.

153.26 (e) The court administrator shall send a copy of an expungement order issued under this
153.27 section to each agency and jurisdiction whose records are affected by the terms of the order
153.28 and send a letter to the last known address of the person whose offense has been expunged

163.18 employer a written test result report for each sample tested within three working days after
163.19 a negative test result on an initial screening test or, when the initial screening test produced
163.20 a positive test result, within three working days after a confirmatory test. A test report must
163.21 indicate the drugs, alcohol, ~~or~~ drug or alcohol metabolites, or cannabis or cannabis
163.22 metabolites tested for and whether the test produced negative or positive test results. A
163.23 laboratory shall retain and properly store for at least six months all samples that produced
163.24 a positive test result.

163.25 **Subd. 4. Prohibitions on employers.** An employer may not conduct drug or alcohol
163.26 testing or cannabis testing of its own employees and job applicants using a testing laboratory

164.3 the laboratory;

164.4 (2) the sample must always be in the possession of, must always be in view of, or must
164.5 be placed in a secured area by a person authorized to handle the sample;

164.6 (3) a sample must be accompanied by a written chain-of-custody record; and

164.7 (4) individuals relinquishing or accepting possession of the sample must record the time
164.8 the possession of the sample was transferred and must sign and date the chain-of-custody
164.9 record at the time of transfer.

164.10 **Subd. 6. Rights of employees and job applicants.** (a) Before requesting an employee
164.11 or job applicant to undergo drug or alcohol testing or requesting cannabis testing, an employer
164.12 shall provide the employee or job applicant with a form, developed by the employer, on
164.13 which to acknowledge that the employee or job applicant has seen the employer's drug and
164.14 alcohol testing or cannabis testing policy.

164.15 (b) If an employee or job applicant tests positive for drug use or cannabis use, the
164.16 employee must be given written notice of the right to explain the positive test and the
164.17 employer may request that the employee or job applicant indicate any over-the-counter or
164.18 prescription medication that the individual is currently taking or has recently taken and any
164.19 other information relevant to the reliability of, or explanation for, a positive test result.

164.20 (c) Within three working days after notice of a positive test result on a confirmatory test,
164.21 the employee or job applicant may submit information to the employer, in addition to any
164.22 information already submitted under paragraph (b), to explain that result, or may request a
164.23 confirmatory retest of the original sample at the employee's or job applicant's own expense
164.24 as provided under subdivision 9.

164.25 **Subd. 7. Notice of test results.** Within three working days after receipt of a test result
164.26 report from the testing laboratory, an employer shall inform in writing an employee or job
164.27 applicant who has undergone drug or alcohol testing or cannabis testing of (1) a negative
164.28 test result on an initial screening test or of a negative or positive test result on a confirmatory
164.29 test and (2) the right provided in subdivision 8. In the case of a positive test result on a
164.30 confirmatory test, the employer shall also, at the time of this notice, inform the employee
164.31 or job applicant in writing of the rights provided in subdivisions 6, paragraph (b), 9, and
164.32 either subdivision 10 or 11, whichever applies.

165.1 **Subd. 8. Right to test result report.** An employee or job applicant has the right to
165.2 request and receive from the employer a copy of the test result report on any drug or alcohol
165.3 test or cannabis test.

165.4 **Subd. 9. Confirmatory retests.** An employee or job applicant may request a confirmatory
165.5 retest of the original sample at the employee's or job applicant's own expense after notice
165.6 of a positive test result on a confirmatory test. Within five working days after notice of the
165.7 confirmatory test result, the employee or job applicant shall notify the employer in writing
165.8 of the employee's or job applicant's intention to obtain a confirmatory retest. Within three
165.9 working days after receipt of the notice, the employer shall notify the original testing
165.10 laboratory that the employee or job applicant has requested the laboratory to conduct the
165.11 confirmatory retest or transfer the sample to another laboratory licensed under subdivision
165.12 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that the
165.13 chain-of-custody procedures in subdivision 3 are followed during transfer of the sample to
165.14 the other laboratory. The confirmatory retest must use the same drug or alcohol or cannabis
165.15 testing threshold detection levels as used in the original confirmatory test. If the confirmatory
165.16 retest does not confirm the original positive test result, no adverse personnel action based
165.17 on the original confirmatory test may be taken against the employee or job applicant.

165.18 **Subd. 10. Limitations on employee discharge, discipline, or discrimination.** (a) An
165.19 employer may not discharge, discipline, discriminate against, or request or require
165.20 rehabilitation of an employee on the basis of a positive test result from an initial screening
165.21 test that has not been verified by a confirmatory test.

165.22 (b) In addition to the limitation under paragraph (a), an employer may not discharge an
165.23 employee for whom a positive test result on a confirmatory test was the first such result for
165.24 the employee on a drug or alcohol test or cannabis test requested by the employer unless
165.25 the following conditions have been met:

165.26 (1) the employer has first given the employee an opportunity to participate in, at the
165.27 employee's own expense or pursuant to coverage under an employee benefit plan, either a
165.28 drug or, alcohol, or cannabis counseling or rehabilitation program, whichever is more
165.29 appropriate, as determined by the employer after consultation with a certified chemical use
165.30 counselor or a physician trained in the diagnosis and treatment of chemical dependency;
165.31 and

165.32 (2) the employee has either refused to participate in the counseling or rehabilitation
165.33 program or has failed to successfully complete the program, as evidenced by withdrawal

166.1 from the program before its completion or by a positive test result on a confirmatory test
166.2 after completion of the program.

166.3 (c) Notwithstanding paragraph (a), an employer may temporarily suspend the tested
166.4 employee or transfer that employee to another position at the same rate of pay pending the
166.5 outcome of the confirmatory test and, if requested, the confirmatory retest, provided the
166.6 employer believes that it is reasonably necessary to protect the health or safety of the
166.7 employee, coemployees, or the public. An employee who has been suspended without pay
166.8 must be reinstated with back pay if the outcome of the confirmatory test or requested
166.9 confirmatory retest is negative.

166.10 (d) An employer may not discharge, discipline, discriminate against, or request or require
166.11 rehabilitation of an employee on the basis of medical history information revealed to the
166.12 employer pursuant to subdivision 6 unless the employee was under an affirmative duty to
166.13 provide the information before, upon, or after hire.

166.14 (e) An employee must be given access to information in the employee's personnel file

169.23 been convicted of a drug offense after July 1, 1997, except for convictions related to cannabis,
169.24 marijuana, or tetrahydrocannabinols, the assistance unit is ineligible for benefits under this
169.25 chapter until five years after the applicant has completed terms of the court-ordered sentence,
169.26 unless the person is participating in a drug treatment program, has successfully completed
169.27 a drug treatment program, or has been assessed by the county and determined not to be in
169.28 need of a drug treatment program. Persons subject to the limitations of this subdivision who
169.29 become eligible for assistance under this chapter shall be subject to random drug testing as
169.30 a condition of continued eligibility and shall lose eligibility for benefits for five years
169.31 beginning the month following:

169.32 (1) any positive test result for an illegal controlled substance under chapter 152; or
169.33 (2) discharge of sentence after conviction for another drug felony.

170.1 (b) For the purposes of this subdivision, "drug offense" means a conviction that occurred
170.2 after July 1, 1997, of sections 152.021 to 152.025, 152.0261, 152.0262, or 152.096. Drug
170.3 offense also means a conviction in another jurisdiction of the possession, use, or distribution
170.4 of a controlled substance, or conspiracy to commit any of these offenses, if the offense
170.5 occurred after July 1, 1997, and the conviction is ~~a felony offense in that jurisdiction, or in~~
170.6 ~~the case of New Jersey, a high misdemeanor for a violation that would be a felony if~~
170.7 committed in Minnesota.

170.8 Sec. 23. Minnesota Statutes 2020, section 256J.26, subdivision 1, is amended to read:

170.9 **Subdivision 1. Person convicted of drug offenses.** (a) An individual who has been
170.10 convicted of a felony level drug offense committed during the previous ten years from the
170.11 date of application or recertification, except for convictions related to cannabis, marijuana,
170.12 or tetrahydrocannabinols, is subject to the following:

170.13 (1) Benefits for the entire assistance unit must be paid in vendor form for shelter and
170.14 utilities during any time the applicant is part of the assistance unit.

170.15 (2) The convicted applicant or participant shall be subject to random drug testing as a
170.16 condition of continued eligibility and following any positive test for an illegal controlled
170.17 substance under chapter 152 is subject to the following sanctions:

170.18 (i) for failing a drug test the first time, the residual amount of the participant's grant after
170.19 making vendor payments for shelter and utility costs, if any, must be reduced by an amount
170.20 equal to 30 percent of the MFIP standard of need for an assistance unit of the same size.
170.21 When a sanction under this subdivision is in effect, the job counselor must attempt to meet
170.22 with the person face-to-face. During the face-to-face meeting, the job counselor must explain
170.23 the consequences of a subsequent drug test failure and inform the participant of the right to
170.24 appeal the sanction under section 256J.40. If a face-to-face meeting is not possible, the
170.25 county agency must send the participant a notice of adverse action as provided in section
170.26 256J.31, subdivisions 4 and 5, and must include the information required in the face-to-face
170.27 meeting; or

170.28 (ii) for failing a drug test two times, the participant is permanently disqualified from
170.29 receiving MFIP assistance, both the cash and food portions. The assistance unit's MFIP
170.30 grant must be reduced by the amount which would have otherwise been made available to
170.31 the disqualified participant. Disqualification under this item does not make a participant
170.32 ineligible for the Supplemental Nutrition Assistance Program (SNAP). Before a
170.33 disqualification under this provision is imposed, the job counselor must attempt to meet
170.34 with the participant face-to-face. During the face-to-face meeting, the job counselor must

171.1 identify other resources that may be available to the participant to meet the needs of the
171.2 family and inform the participant of the right to appeal the disqualification under section
171.3 256J.40. If a face-to-face meeting is not possible, the county agency must send the participant
171.4 a notice of adverse action as provided in section 256J.31, subdivisions 4 and 5, and must
171.5 include the information required in the face-to-face meeting.

171.6 (3) A participant who fails a drug test the first time and is under a sanction due to other
171.7 MFIP program requirements is considered to have more than one occurrence of
171.8 noncompliance and is subject to the applicable level of sanction as specified under section
171.9 256J.46, subdivision 1, paragraph (d).

171.10 (b) Applicants requesting only SNAP benefits or participants receiving only SNAP
171.11 benefits, who have been convicted of a drug offense that occurred after July 1, 1997, may,
171.12 if otherwise eligible, receive SNAP benefits if the convicted applicant or participant is
171.13 subject to random drug testing as a condition of continued eligibility. Following a positive
171.14 test for an illegal controlled substance under chapter 152, the applicant is subject to the
171.15 following sanctions:

171.16 (1) for failing a drug test the first time, SNAP benefits shall be reduced by an amount
171.17 equal to 30 percent of the applicable SNAP benefit allotment. When a sanction under this
171.18 clause is in effect, a job counselor must attempt to meet with the person face-to-face. During
171.19 the face-to-face meeting, a job counselor must explain the consequences of a subsequent
171.20 drug test failure and inform the participant of the right to appeal the sanction under section
171.21 256J.40. If a face-to-face meeting is not possible, a county agency must send the participant
171.22 a notice of adverse action as provided in section 256J.31, subdivisions 4 and 5, and must
171.23 include the information required in the face-to-face meeting; and

171.24 (2) for failing a drug test two times, the participant is permanently disqualified from
171.25 receiving SNAP benefits. Before a disqualification under this provision is imposed, a job
171.26 counselor must attempt to meet with the participant face-to-face. During the face-to-face
171.27 meeting, the job counselor must identify other resources that may be available to the
171.28 participant to meet the needs of the family and inform the participant of the right to appeal
171.29 the disqualification under section 256J.40. If a face-to-face meeting is not possible, a county
171.30 agency must send the participant a notice of adverse action as provided in section 256J.31,
171.31 subdivisions 4 and 5, and must include the information required in the face-to-face meeting.

171.32 (c) For the purposes of this subdivision, "drug offense" means an offense that occurred
171.33 during the previous ten years from the date of application or recertification of sections
171.34 152.021 to 152.025, 152.0261, 152.0262, 152.096, or 152.137. Drug offense also means a

172.1 conviction in another jurisdiction of the possession, use, or distribution of a controlled
172.2 substance, or conspiracy to commit any of these offenses, if the offense occurred during
172.3 the previous ten years from the date of application or recertification and the conviction is
172.4 ~~a felony offense in that jurisdiction, or in the case of New Jersey, a high misdemeanor for~~
172.5 a violation that would be a felony if committed in Minnesota.

176.4 the date of conviction and, during that time, the person has not been convicted of another
176.5 violation of section 609.224 or a violation of a section listed in clause (11); or

176.10 committed by the individual who is the subject of the certificate.

176.11 The prohibition in this subdivision relating to the possession of firearms other than

176.29 failed to qualify under the criteria described in subdivision 2, paragraph (b); or

176.30 (3) deny the application on the grounds that there exists a substantial likelihood that the
176.31 applicant is a danger to self or the public if authorized to carry a pistol under a permit.

177.1 (b) Failure of the sheriff to notify the applicant of the denial of the application within
177.2 30 days after the date of receipt of the application packet constitutes issuance of the permit
177.3 to carry and the sheriff must promptly fulfill the requirements under paragraph (c). To deny
177.4 the application, the sheriff must provide the applicant with written notification and the
177.5 specific factual basis justifying the denial under paragraph (a), clause (2) or (3), including
177.6 the source of the factual basis. The sheriff must inform the applicant of the applicant's right
177.7 to submit, within 20 business days, any additional documentation relating to the propriety
177.8 of the denial. Upon receiving any additional documentation, the sheriff must reconsider the
177.9 denial and inform the applicant within 15 business days of the result of the reconsideration.
177.10 Any denial after reconsideration must be in the same form and substance as the original
177.11 denial and must specifically address any continued deficiencies in light of the additional
177.12 documentation submitted by the applicant. The applicant must be informed of the right to
177.13 seek de novo review of the denial as provided in subdivision 12.

177.14 (c) Upon issuing a permit to carry, the sheriff must provide a laminated permit card to
177.15 the applicant by first class mail unless personal delivery has been made. Within five business
177.16 days, the sheriff must submit the information specified in subdivision 7, paragraph (a), to
177.17 the commissioner for inclusion solely in the database required under subdivision 15,
177.18 paragraph (a). The sheriff must transmit the information in a manner and format prescribed
177.19 by the commissioner.

177.20 (d) Within five business days of learning that a permit to carry has been suspended or
177.21 revoked, the sheriff must submit information to the commissioner regarding the suspension
177.22 or revocation for inclusion solely in the databases required or permitted under subdivision
177.23 15.

177.24 (e) Notwithstanding paragraphs (a) and (b), the sheriff may suspend the application
177.25 process if a charge is pending against the applicant that, if resulting in conviction, will
177.26 prohibit the applicant from possessing a firearm.

177.27 (f) A sheriff shall not deny an application for a permit to carry solely because the applicant
177.28 is a patient enrolled in the registry program and uses medical cannabis or medical cannabis
177.29 products for a qualifying medical condition or because the person is 21 years of age or older
177.30 and uses adult-use cannabis or adult-use cannabis products.

177.31 Sec. 34. Minnesota Statutes 2020, section 624.7142, subdivision 1, is amended to read:

177.32 Subdivision 1. **Acts prohibited.** A person may not carry a pistol on or about the person's

178.6 section 169A.03, subdivision 11a, and the person knows or has reason to know that the
178.7 substance has the capacity to cause impairment;

178.8 (4) when the person is under the influence of alcohol;

178.9 (5) when the person's alcohol concentration is 0.10 or more; ~~or~~

178.10 (6) when the person's alcohol concentration is less than 0.10, but more than 0.04.; or

178.11 (7) when the person is enrolled as a patient in the registry program, uses medical cannabis
178.12 or medical cannabis products, and knows or has reason to know that the medical cannabis

178.23 received, granted, or renewed by a police chief or county sheriff on or after January 1, 1993,
178.24 must meet the statewide standards adopted by the commissioner. Notwithstanding the
178.25 previous sentence, neither failure of the Department of Public Safety to adopt standards nor
178.26 failure of the police chief or county sheriff to meet them shall delay the timely processing
178.27 of applications nor invalidate permits issued on other forms meeting the requirements of
178.28 sections 624.7131 to 624.714.

178.29 Any form used for the purpose of approving or disapproving a person from purchasing,
178.30 owning, possessing, or carrying a firearm that inquires about the applicant's use of controlled
178.31 substances shall specifically authorize a patient in the registry program to refrain from
178.32 reporting the use of medical cannabis and medical cannabis products and shall specifically

179.1 authorize a person 21 years of age or older from refraining from reporting the use of adult-use

179.7 solely on the basis that the person is 21 years of age or older and uses adult-use cannabis
179.8 or adult-use cannabis products.

179.9 (c) A state or local agency may not access a database containing the identities of patients
179.10 in the registry program to obtain information for the purpose of approving or disapproving

179.12 (d) A state or local agency may not use information gathered from a database containing
179.13 the identities of patients in the registry program to obtain information for the purpose of
179.14 approving or disapproving a person from purchasing, owning, possessing, or carrying a
179.15 firearm.

179.16 (e) A state or local agency may not inquire about a person's status as a patient in the
179.17 registry program for the purpose of approving or disapproving the person from purchasing,
179.18 owning, possessing, or carrying a firearm.

(2) allow each health care practitioner who meets or agrees to meet the program's requirements and who requests to participate, to be included in the registry program to collect data for the patient registry;

(3) provide explanatory information and assistance to each health care practitioner in understanding the nature of therapeutic use of medical cannabis within program requirements;

(4) create and provide a certification to be used by a health care practitioner for the practitioner to certify whether a patient has been diagnosed with a qualifying medical condition and include in the certification an option for the practitioner to certify whether the patient, in the health care practitioner's medical opinion, is developmentally or physically disabled and, as a result of that disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility;

(5) supervise the participation of the health care practitioner in conducting patient treatment and health records reporting in a manner that ensures stringent security and record-keeping requirements and that prevents the unauthorized release of private data on individuals as defined by section 13.02;

(6) develop safety criteria for patients with a qualifying medical condition as a requirement of the patient's participation in the program, to prevent the patient from undertaking any task under the influence of medical cannabis that would constitute negligence or professional malpractice on the part of the patient; and

(7) conduct research and studies based on data from health records submitted to the registry program and submit reports on intermediate or final research results to the legislature and major scientific journals. The commissioner may contract with a third party to complete the requirements of this clause. Any reports submitted must comply with section 152.28, subdivision 2.

(b) The commissioner may add a delivery method under section 152.22, subdivision 6, or add or modify a qualifying medical condition under section 152.22, subdivision 14, upon a petition from a member of the public or the task force on medical cannabis therapeutic research or as directed by law. The commissioner shall evaluate all petitions to add a qualifying medical condition or modify an existing qualifying medical condition submitted by the task force on medical cannabis therapeutic research or as directed by law and shall make the addition or modification if the commissioner determines the addition or modification is warranted based on the best available evidence and research. If the commissioner wishes to add a delivery method under section 152.22, subdivision 6, or a qualifying medical condition under section 152.22, subdivision 14, the

commissioner must notify the chairs and ranking minority members of the legislative policy committees having jurisdiction over health and public safety of the addition and the reasons for its addition, including any written comments received by the commissioner from the public and any guidance received from the task force on medical cannabis research, by January 15 of the year in which the commissioner wishes to make the change. The change shall be effective on August 1 of that year, unless the legislature by law provides otherwise.

Subd. 3. Patient application. (a) The commissioner shall develop a patient application for enrollment into the registry program. The application shall be available to the patient and given to health care practitioners in the state who are eligible to serve as health care practitioners. The application must include:

- (1) the name, mailing address, and date of birth of the patient;
- (2) the name, mailing address, and telephone number of the patient's health care practitioner;
- (3) the name, mailing address, and date of birth of the patient's designated caregiver, if any, or the patient's parent, legal guardian, or spouse if the parent, legal guardian, or spouse will be acting as a caregiver;
- (4) a copy of the certification from the patient's health care practitioner that is dated within 90 days prior to submitting the application which certifies that the patient has been diagnosed with a qualifying medical condition and, if applicable, that, in the health care practitioner's medical opinion, the patient is developmentally or physically disabled and, as a result of that disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility; and
- (5) all other signed affidavits and enrollment forms required by the commissioner under sections 152.22 to 152.37, including, but not limited to, the disclosure form required under paragraph (c).

(b) The commissioner shall require a patient to resubmit a copy of the certification from the patient's health care practitioner on a yearly basis and shall require that the recertification be dated within 90 days of submission.

(c) The commissioner shall develop a disclosure form and require, as a condition of enrollment, all patients to sign a copy of the disclosure. The disclosure must include:

- (1) a statement that, notwithstanding any law to the contrary, the commissioner, or an employee of any state agency, may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under sections 152.22 to 152.37; and
- (2) the patient's acknowledgment that enrollment in the patient registry program is conditional on the patient's agreement to meet all of the requirements of sections 152.22 to 152.37.

Subd. 4. Registered designated caregiver. (a) The commissioner shall register a designated caregiver for a patient if the patient's health care practitioner has certified that the patient, in the health care practitioner's medical opinion, is developmentally or physically disabled and, as a result of that disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility and the caregiver has agreed, in writing, to be the patient's designated caregiver. As a condition of registration as a designated caregiver, the commissioner shall require the person to:

- (1) be at least 18 years of age;
- (2) agree to only possess the patient's medical cannabis for purposes of assisting the patient; and
- (3) agree that if the application is approved, the person will not be a registered designated caregiver for more than one patient, unless the patients reside in the same residence.

(b) The commissioner shall conduct a criminal background check on the designated caregiver prior to registration to ensure that the person does not have a conviction for a disqualifying felony offense. Any cost of the background check shall be paid by the person seeking registration as a designated caregiver. A designated caregiver must have the criminal background check renewed every two years.

(c) Nothing in sections 152.22 to 152.37 shall be construed to prevent a person registered as a designated caregiver from also being enrolled in the registry program as a patient and possessing and using medical cannabis as a patient.

Subd. 5. Parents, legal guardians, and spouses. A parent, legal guardian, or spouse of a patient may act as the caregiver to the patient without having to register as a designated caregiver. The parent, legal guardian, or spouse shall follow all of the requirements of parents, legal guardians, and spouses listed in sections 152.22 to 152.37. Nothing in sections 152.22 to 152.37 limits any legal authority a parent, legal guardian, or spouse may have for the patient under any other law.

Subd. 6. Patient enrollment. (a) After receipt of a patient's application, application fees, and signed disclosure, the commissioner shall enroll the patient in the registry program and issue the patient and patient's registered designated caregiver or parent, legal guardian, or spouse, if applicable, a registry verification. The commissioner shall approve or deny a patient's application for participation in the registry program within 30 days after the commissioner receives the patient's application and application fee. The commissioner may approve applications up to 60 days after the receipt of a patient's application and application fees until January 1, 2016. A patient's enrollment in the registry program shall only be denied if the patient:

- (1) does not have certification from a health care practitioner that the patient has been diagnosed with a qualifying medical condition;
- (2) has not signed and returned the disclosure form required under subdivision 3, paragraph (c), to the commissioner;
- (3) does not provide the information required;
- (4) has previously been removed from the registry program for violations of section 152.30 or 152.33; or
- (5) provides false information.

(b) The commissioner shall give written notice to a patient of the reason for denying enrollment in the registry program.

(c) Denial of enrollment into the registry program is considered a final decision of the commissioner and is subject to judicial review under the Administrative Procedure Act pursuant to chapter 14.

(d) A patient's enrollment in the registry program may only be revoked upon the death of the patient or if a patient violates a requirement under section 152.30 or 152.33.

(e) The commissioner shall develop a registry verification to provide to the patient, the health care practitioner identified in the patient's application, and to the manufacturer. The registry verification shall include:

- (1) the patient's name and date of birth;
- (2) the patient registry number assigned to the patient; and
- (3) the name and date of birth of the patient's registered designated caregiver, if any, or the name of the patient's parent, legal guardian, or spouse if the parent, legal guardian, or spouse will be acting as a caregiver.

Subd. 7. Notice requirements. Patients and registered designated caregivers shall notify the commissioner of any address or name change within 30 days of the change having occurred. A patient or registered designated caregiver is subject to a \$100 fine for failure to notify the commissioner of the change.

152.28 HEALTH CARE PRACTITIONER DUTIES.

Subdivision 1. Health care practitioner duties. (a) Prior to a patient's enrollment in the registry program, a health care practitioner shall:

- (1) determine, in the health care practitioner's medical judgment, whether a patient suffers from a qualifying medical condition, and, if so determined, provide the patient with a certification of that diagnosis;
- (2) determine whether a patient is developmentally or physically disabled and, as a result of that disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility, and, if so determined, include that determination on the patient's certification of diagnosis;
- (3) advise patients, registered designated caregivers, and parents, legal guardians, or spouses who are acting as caregivers of the existence of any nonprofit patient support groups or organizations;

APPENDIX
Repealed Minnesota Statutes: H0600-9

(4) provide explanatory information from the commissioner to patients with qualifying medical conditions, including disclosure to all patients about the experimental nature of therapeutic use of medical cannabis; the possible risks, benefits, and side effects of the proposed treatment; the application and other materials from the commissioner; and provide patients with the Tennessee warning as required by section 13.04, subdivision 2; and

(5) agree to continue treatment of the patient's qualifying medical condition and report medical findings to the commissioner.

(b) Upon notification from the commissioner of the patient's enrollment in the registry program, the health care practitioner shall:

(1) participate in the patient registry reporting system under the guidance and supervision of the commissioner;

(2) report health records of the patient throughout the ongoing treatment of the patient to the commissioner in a manner determined by the commissioner and in accordance with subdivision 2;

(3) determine, on a yearly basis, if the patient continues to suffer from a qualifying medical condition and, if so, issue the patient a new certification of that diagnosis; and

(4) otherwise comply with all requirements developed by the commissioner.

(c) A health care practitioner may conduct a patient assessment to issue a recertification as required under paragraph (b), clause (3), via telemedicine as defined under section 62A.671, subdivision 9.

(d) Nothing in this section requires a health care practitioner to participate in the registry program.

Subd. 2. Data. Data collected on patients by a health care practitioner and reported to the patient registry are health records under section 144.291, and are private data on individuals under section 13.02, but may be used or reported in an aggregated, nonidentifiable form as part of a scientific, peer-reviewed publication of research conducted under section 152.25 or in the creation of summary data, as defined in section 13.02, subdivision 19.

Subd. 3. Advertising restrictions. (a) A health care practitioner shall not publish or cause to be published any advertisement that:

(1) contains false or misleading statements about medical cannabis or about the medical cannabis registry program;

(2) uses colloquial terms to refer to medical cannabis, such as pot, weed, or grass;

(3) states or implies the health care practitioner is endorsed by the Department of Health or by the medical cannabis registry program;

(4) includes images of cannabis in its plant or leaf form or of cannabis-smoking paraphernalia; or

(5) contains medical symbols that could reasonably be confused with symbols of established medical associations or groups.

(b) A health care practitioner found by the commissioner to have violated this subdivision is prohibited from certifying that patients have a qualifying medical condition for purposes of patient participation in the registry program. The commissioner's decision that a health care practitioner has violated this subdivision is a final decision of the commissioner and is not subject to the contested case procedures in chapter 14.

152.29 MANUFACTURER OF MEDICAL CANNABIS DUTIES.

Subdivision 1. Manufacturer; requirements. (a) A manufacturer may operate eight distribution facilities, which may include the manufacturer's single location for cultivation, harvesting, manufacturing, packaging, and processing but is not required to include that location. The commissioner shall designate the geographical service areas to be served by each manufacturer based on geographical need throughout the state to improve patient access. A manufacturer shall not have more than two distribution facilities in each geographical service area assigned to the manufacturer by the commissioner. A manufacturer shall operate only one location where all cultivation, harvesting, manufacturing, packaging, and processing of medical cannabis shall be conducted. This location may be one of the manufacturer's distribution facility sites. The additional distribution facilities may dispense medical cannabis and medical cannabis products but may not contain any medical cannabis in a form other than those forms allowed under section 152.22,

APPENDIX
Repealed Minnesota Statutes: H0600-9

subdivision 6, and the manufacturer shall not conduct any cultivation, harvesting, manufacturing, packaging, or processing at the other distribution facility sites. Any distribution facility operated by the manufacturer is subject to all of the requirements applying to the manufacturer under sections 152.22 to 152.37, including, but not limited to, security and distribution requirements.

(b) A manufacturer may acquire hemp grown in this state from a hemp grower. A manufacturer may manufacture or process hemp into an allowable form of medical cannabis under section 152.22, subdivision 6. Hemp acquired by a manufacturer under this paragraph is subject to the same quality control program, security and testing requirements, and other requirements that apply to medical cannabis under sections 152.22 to 152.37 and Minnesota Rules, chapter 4770.

(c) A medical cannabis manufacturer shall contract with a laboratory approved by the commissioner, subject to any additional requirements set by the commissioner, for purposes of testing medical cannabis manufactured or hemp acquired by the medical cannabis manufacturer as to content, contamination, and consistency to verify the medical cannabis meets the requirements of section 152.22, subdivision 6. The cost of laboratory testing shall be paid by the manufacturer.

(d) The operating documents of a manufacturer must include:

(1) procedures for the oversight of the manufacturer and procedures to ensure accurate record keeping;

(2) procedures for the implementation of appropriate security measures to deter and prevent the theft of medical cannabis and unauthorized entrance into areas containing medical cannabis; and

(3) procedures for the delivery and transportation of hemp between hemp growers and manufacturers.

(e) A manufacturer shall implement security requirements, including requirements for the delivery and transportation of hemp, protection of each location by a fully operational security alarm system, facility access controls, perimeter intrusion detection systems, and a personnel identification system.

(f) A manufacturer shall not share office space with, refer patients to a health care practitioner, or have any financial relationship with a health care practitioner.

(g) A manufacturer shall not permit any person to consume medical cannabis on the property of the manufacturer.

(h) A manufacturer is subject to reasonable inspection by the commissioner.

(i) For purposes of sections 152.22 to 152.37, a medical cannabis manufacturer is not subject to the Board of Pharmacy licensure or regulatory requirements under chapter 151.

(j) A medical cannabis manufacturer may not employ any person who is under 21 years of age or who has been convicted of a disqualifying felony offense. An employee of a medical cannabis manufacturer must submit a completed criminal history records check consent form, a full set of classifiable fingerprints, and the required fees for submission to the Bureau of Criminal Apprehension before an employee may begin working with the manufacturer. The bureau must conduct a Minnesota criminal history records check and the superintendent is authorized to exchange the fingerprints with the Federal Bureau of Investigation to obtain the applicant's national criminal history record information. The bureau shall return the results of the Minnesota and federal criminal history records checks to the commissioner.

(k) A manufacturer may not operate in any location, whether for distribution or cultivation, harvesting, manufacturing, packaging, or processing, within 1,000 feet of a public or private school existing before the date of the manufacturer's registration with the commissioner.

(l) A manufacturer shall comply with reasonable restrictions set by the commissioner relating to signage, marketing, display, and advertising of medical cannabis.

(m) Before a manufacturer acquires hemp from a hemp grower, the manufacturer must verify that the hemp grower has a valid license issued by the commissioner of agriculture under chapter 18K.

(n) Until a state-centralized, seed-to-sale system is implemented that can track a specific medical cannabis plant from cultivation through testing and point of sale, the commissioner shall conduct at least one unannounced inspection per year of each manufacturer that includes inspection of:

(1) business operations;

APPENDIX
Repealed Minnesota Statutes: H0600-9

- (2) physical locations of the manufacturer's manufacturing facility and distribution facilities;
- (3) financial information and inventory documentation, including laboratory testing results; and
- (4) physical and electronic security alarm systems.

Subd. 2. Manufacturer; production. (a) A manufacturer of medical cannabis shall provide a reliable and ongoing supply of all medical cannabis needed for the registry program through cultivation by the manufacturer and through the purchase of hemp from hemp growers.

(b) All cultivation, harvesting, manufacturing, packaging, and processing of medical cannabis must take place in an enclosed, locked facility at a physical address provided to the commissioner during the registration process.

(c) A manufacturer must process and prepare any medical cannabis plant material or hemp plant material into a form allowable under section 152.22, subdivision 6, prior to distribution of any medical cannabis.

Subd. 3. Manufacturer; distribution. (a) A manufacturer shall require that employees licensed as pharmacists pursuant to chapter 151 be the only employees to give final approval for the distribution of medical cannabis to a patient. A manufacturer may transport medical cannabis or medical cannabis products that have been cultivated, harvested, manufactured, packaged, and processed by that manufacturer to another registered manufacturer for the other manufacturer to distribute.

(b) A manufacturer may distribute medical cannabis products, whether or not the products have been manufactured by that manufacturer.

(c) Prior to distribution of any medical cannabis, the manufacturer shall:

(1) verify that the manufacturer has received the registry verification from the commissioner for that individual patient;

(2) verify that the person requesting the distribution of medical cannabis is the patient, the patient's registered designated caregiver, or the patient's parent, legal guardian, or spouse listed in the registry verification using the procedures described in section 152.11, subdivision 2d;

(3) assign a tracking number to any medical cannabis distributed from the manufacturer;

(4) ensure that any employee of the manufacturer licensed as a pharmacist pursuant to chapter 151 has consulted with the patient to determine the proper dosage for the individual patient after reviewing the ranges of chemical compositions of the medical cannabis and the ranges of proper dosages reported by the commissioner. For purposes of this clause, a consultation may be conducted remotely using a videoconference, so long as the employee providing the consultation is able to confirm the identity of the patient, the consultation occurs while the patient is at a distribution facility, and the consultation adheres to patient privacy requirements that apply to health care services delivered through telemedicine;

(5) properly package medical cannabis in compliance with the United States Poison Prevention Packing Act regarding child-resistant packaging and exemptions for packaging for elderly patients, and label distributed medical cannabis with a list of all active ingredients and individually identifying information, including:

(i) the patient's name and date of birth;

(ii) the name and date of birth of the patient's registered designated caregiver or, if listed on the registry verification, the name of the patient's parent or legal guardian, if applicable;

(iii) the patient's registry identification number;

(iv) the chemical composition of the medical cannabis; and

(v) the dosage; and

(6) ensure that the medical cannabis distributed contains a maximum of a 90-day supply of the dosage determined for that patient.

(d) A manufacturer shall require any employee of the manufacturer who is transporting medical cannabis or medical cannabis products to a distribution facility or to another registered manufacturer to carry identification showing that the person is an employee of the manufacturer.

Subd. 3a. Transportation of medical cannabis; staffing. (a) A medical cannabis manufacturer may staff a transport motor vehicle with only one employee if the medical cannabis manufacturer is transporting medical cannabis to either a certified laboratory for the purpose of testing or a facility for the purpose of disposal. If the medical cannabis manufacturer is transporting medical cannabis for any other purpose or destination, the transport motor vehicle must be staffed with a minimum of two employees as required by rules adopted by the commissioner.

(b) Notwithstanding paragraph (a), a medical cannabis manufacturer that is only transporting hemp for any purpose may staff the transport motor vehicle with only one employee.

Subd. 4. Report. Each manufacturer shall report to the commissioner on a monthly basis the following information on each individual patient for the month prior to the report:

- (1) the amount and dosages of medical cannabis distributed;
- (2) the chemical composition of the medical cannabis; and
- (3) the tracking number assigned to any medical cannabis distributed.

152.30 PATIENT DUTIES.

(a) A patient shall apply to the commissioner for enrollment in the registry program by submitting an application as required in section 152.27 and an annual registration fee as determined under section 152.35.

(b) As a condition of continued enrollment, patients shall agree to:

- (1) continue to receive regularly scheduled treatment for their qualifying medical condition from their health care practitioner; and
- (2) report changes in their qualifying medical condition to their health care practitioner.

(c) A patient shall only receive medical cannabis from a registered manufacturer but is not required to receive medical cannabis products from only a registered manufacturer.

152.31 DATA PRACTICES.

(a) Government data in patient files maintained by the commissioner and the health care practitioner, and data submitted to or by a medical cannabis manufacturer, are private data on individuals, as defined in section 13.02, subdivision 12, or nonpublic data, as defined in section 13.02, subdivision 9, but may be used for purposes of complying with chapter 13 and complying with a request from the legislative auditor or the state auditor in the performance of official duties. The provisions of section 13.05, subdivision 11, apply to a registration agreement entered between the commissioner and a medical cannabis manufacturer under section 152.25.

(b) Not public data maintained by the commissioner may not be used for any purpose not provided for in sections 152.22 to 152.37, and may not be combined or linked in any manner with any other list, dataset, or database.

(c) The commissioner may execute data sharing arrangements with the commissioner of agriculture to verify licensing, inspection, and compliance information related to hemp growers under chapter 18K.

152.32 PROTECTIONS FOR REGISTRY PROGRAM PARTICIPATION.

Subdivision 1. Presumption. (a) There is a presumption that a patient enrolled in the registry program under sections 152.22 to 152.37 is engaged in the authorized use of medical cannabis.

(b) The presumption may be rebutted by evidence that conduct related to use of medical cannabis was not for the purpose of treating or alleviating the patient's qualifying medical condition or symptoms associated with the patient's qualifying medical condition.

Subd. 2. Criminal and civil protections. (a) Subject to section 152.23, the following are not violations under this chapter:

(1) use or possession of medical cannabis or medical cannabis products by a patient enrolled in the registry program, or possession by a registered designated caregiver or the parent, legal guardian, or spouse of a patient if the parent, legal guardian, or spouse is listed on the registry verification;

APPENDIX
Repealed Minnesota Statutes: H0600-9

(2) possession, dosage determination, or sale of medical cannabis or medical cannabis products by a medical cannabis manufacturer, employees of a manufacturer, a laboratory conducting testing on medical cannabis, or employees of the laboratory; and

(3) possession of medical cannabis or medical cannabis products by any person while carrying out the duties required under sections 152.22 to 152.37.

(b) Medical cannabis obtained and distributed pursuant to sections 152.22 to 152.37 and associated property is not subject to forfeiture under sections 609.531 to 609.5316.

(c) The commissioner, the commissioner's staff, the commissioner's agents or contractors, and any health care practitioner are not subject to any civil or disciplinary penalties by the Board of Medical Practice, the Board of Nursing, or by any business, occupational, or professional licensing board or entity, solely for the participation in the registry program under sections 152.22 to 152.37. A pharmacist licensed under chapter 151 is not subject to any civil or disciplinary penalties by the Board of Pharmacy when acting in accordance with the provisions of sections 152.22 to 152.37. Nothing in this section affects a professional licensing board from taking action in response to violations of any other section of law.

(d) Notwithstanding any law to the contrary, the commissioner, the governor of Minnesota, or an employee of any state agency may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under sections 152.22 to 152.37.

(e) Federal, state, and local law enforcement authorities are prohibited from accessing the patient registry under sections 152.22 to 152.37 except when acting pursuant to a valid search warrant.

(f) Notwithstanding any law to the contrary, neither the commissioner nor a public employee may release data or information about an individual contained in any report, document, or registry created under sections 152.22 to 152.37 or any information obtained about a patient participating in the program, except as provided in sections 152.22 to 152.37.

(g) No information contained in a report, document, or registry or obtained from a patient under sections 152.22 to 152.37 may be admitted as evidence in a criminal proceeding unless independently obtained or in connection with a proceeding involving a violation of sections 152.22 to 152.37.

(h) Notwithstanding section 13.09, any person who violates paragraph (e) or (f) is guilty of a gross misdemeanor.

(i) An attorney may not be subject to disciplinary action by the Minnesota Supreme Court or professional responsibility board for providing legal assistance to prospective or registered manufacturers or others related to activity that is no longer subject to criminal penalties under state law pursuant to sections 152.22 to 152.37.

(j) Possession of a registry verification or application for enrollment in the program by a person entitled to possess or apply for enrollment in the registry program does not constitute probable cause or reasonable suspicion, nor shall it be used to support a search of the person or property of the person possessing or applying for the registry verification, or otherwise subject the person or property of the person to inspection by any governmental agency.

Subd. 3. Discrimination prohibited. (a) No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37, unless failing to do so would violate federal law or regulations or cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(b) For the purposes of medical care, including organ transplants, a registry program enrollee's use of medical cannabis under sections 152.22 to 152.37 is considered the equivalent of the authorized use of any other medication used at the discretion of a physician or advanced practice registered nurse and does not constitute the use of an illicit substance or otherwise disqualify a patient from needed medical care.

(c) Unless a failure to do so would violate federal law or regulations or cause an employer to lose a monetary or licensing-related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination, or any term or condition of employment, or otherwise penalize a person, if the discrimination is based upon either of the following:

(1) the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37; or

(2) a patient's positive drug test for cannabis components or metabolites, unless the patient used, possessed, or was impaired by medical cannabis on the premises of the place of employment or during the hours of employment.

(d) An employee who is required to undergo employer drug testing pursuant to section 181.953 may present verification of enrollment in the patient registry as part of the employee's explanation under section 181.953, subdivision 6.

(e) A person shall not be denied custody of a minor child or visitation rights or parenting time with a minor child solely based on the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37. There shall be no presumption of neglect or child endangerment for conduct allowed under sections 152.22 to 152.37, unless the person's behavior is such that it creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

152.33 VIOLATIONS.

Subdivision 1. Intentional diversion; criminal penalty. In addition to any other applicable penalty in law, a manufacturer or an agent of a manufacturer who intentionally transfers medical cannabis to a person other than another registered manufacturer, a patient, a registered designated caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient is guilty of a felony punishable by imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both. A person convicted under this subdivision may not continue to be affiliated with the manufacturer and is disqualified from further participation under sections 152.22 to 152.37.

Subd. 1a. Intentional diversion outside the state; penalties. (a) In addition to any other applicable penalty in law, the commissioner may levy a fine of \$250,000 against a manufacturer and may immediately initiate proceedings to revoke the manufacturer's registration, using the procedure in section 152.25, if:

(1) an officer, director, or controlling person of the manufacturer pleads or is found guilty under subdivision 1 of intentionally transferring medical cannabis, while the person was an officer, director, or controlling person of the manufacturer, to a person other than allowed by law; and

(2) in intentionally transferring medical cannabis to a person other than allowed by law, the officer, director, or controlling person transported or directed the transport of medical cannabis outside of Minnesota.

(b) All fines collected under this subdivision shall be deposited in the state government special revenue fund.

Subd. 2. Diversion by patient, registered designated caregiver, parent, legal guardian, or patient's spouse; criminal penalty. In addition to any other applicable penalty in law, a patient, registered designated caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient who intentionally sells or otherwise transfers medical cannabis to a person other than a patient, designated registered caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient is guilty of a felony punishable by imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both.

Subd. 3. False statement; criminal penalty. A person who intentionally makes a false statement to a law enforcement official about any fact or circumstance relating to the medical use of cannabis to avoid arrest or prosecution is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or by payment of a fine of not more than \$1,000, or both. The penalty is in addition to any other penalties that may apply for making a false statement or for the possession, cultivation, or sale of cannabis not protected by sections 152.22 to 152.37. If a person convicted of violating this subdivision is a patient or a registered designated caregiver, the person is disqualified from further participation under sections 152.22 to 152.37.

Subd. 4. Submission of false records; criminal penalty. A person who knowingly submits false records or documentation required by the commissioner to register as a manufacturer of medical cannabis under sections 152.22 to 152.37 is guilty of a felony and may be sentenced to imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both.

Subd. 5. Violation by health care practitioner; criminal penalty. A health care practitioner who knowingly refers patients to a manufacturer or to a designated caregiver, who advertises as a manufacturer, or who issues certifications while holding a financial interest in a manufacturer is

guilty of a misdemeanor and may be sentenced to imprisonment for not more than 90 days or by payment of a fine of not more than \$1,000, or both.

Subd. 6. Other violations; civil penalty. A manufacturer shall be fined up to \$1,000 for any violation of sections 152.22 to 152.37, or the regulations issued pursuant to them, where no penalty has been specified. This penalty is in addition to any other applicable penalties in law.

152.34 HEALTH CARE FACILITIES.

(a) Health care facilities licensed under chapter 144A, hospice providers licensed under chapter 144A, boarding care homes or supervised living facilities licensed under section 144.50, assisted living facilities, facilities owned, controlled, managed, or under common control with hospitals licensed under chapter 144, and other health facilities licensed by the commissioner of health, may adopt reasonable restrictions on the use of medical cannabis by a patient enrolled in the registry program who resides at or is actively receiving treatment or care at the facility.
