representative in person or by certified mail at the employer's place of business. An employer who wishes to contest the order must file written notice of objection to the order with the commissioner within 15 calendar days after being served with the order. A contested case proceeding must then be held in accordance with sections 14.57 to 14.69. If, within 15 calendar days after being served with the order, the employer fails to file a written notice of objection with the commissioner, the order becomes a final order of the commissioner.

Sec. 3. Minnesota Statutes 2022, section 177.27, subdivision 7, is amended to read:

Subd. 7. Employer liability. If an employer is found by the commissioner to have violated a section identified in subdivision 4, or any rule adopted under section 177.28, 181.213, or 181.215, and the commissioner issues an order to comply, the commissioner shall order the employer to cease and desist from engaging in the violative practice and to take such affirmative steps that in the judgment of the commissioner will effectuate the purposes of the section or rule violated. The commissioner shall order the employer to pay to the aggrieved parties back pay, gratuities, and compensatory damages, less any amount actually paid to the employee by the employer, and for an additional equal amount as liquidated damages. Any employer who is found by the commissioner to have repeatedly or willfully violated a section or sections identified in subdivision 4 shall be subject to a civil penalty of up to \$1,000 for each violation for each employee. In determining the amount of a civil penalty under this subdivision, the appropriateness of such penalty to the size of the employer's business and the gravity of the violation shall be considered. In addition, the commissioner may order the employer to reimburse the department and the attorney general for all appropriate litigation and hearing costs expended in preparation for and in conducting the contested case proceeding, unless payment of costs would impose extreme financial hardship on the employer. If the employer is able to establish extreme financial hardship, then the commissioner may order the employer to pay a percentage of the total costs that will not cause extreme financial hardship. Costs include but are not limited to the costs of services rendered by the attorney general, private attorneys if engaged by the department, administrative law judges, court reporters, and expert witnesses as well as the cost of transcripts. Interest shall accrue on, and be added to, the unpaid balance of a commissioner's order from the date the order is signed by the commissioner until it is paid, at an annual rate provided in section 549.09, subdivision 1, paragraph (c). The commissioner may establish escrow accounts for purposes of distributing damages.

6.1	(c) To the extent that any minimum standards that the board finds are reasonably
6.2	necessary and appropriate to protect the health and welfare of nursing home workers fall
6.3	within the jurisdiction of chapter 182, the board shall not adopt rules establishing the
