7.13 the applicant is not in compliance with ordinances and regulations adopted according to
7.14 section 152B.05 and in effect at the time of application. Where a local government has
7.15 adopted a numerical limit on the number of marijuana establishments licenses and a greater
7.16 number of applicants seek licenses than the number of licenses available, the commissioner
7.17 shall solicit and consider input from the local government regarding the local government's
7.18 preferences for licensure; and

7.19 (4) upon denial of an application, notify the applicant in writing of the specific reason

7.26 of the application submitted in accordance with subdivision 1 and does not notify the
7.27 applicant, in writing, of the reason for the denial or lack of action within the 90-day period;
7.28 or

7.29 (2) the commissioner has adopted rules according to section 152B.03, subdivision 1,
7.30 and has accepted applications according to subdivision 1 but has not issued any licenses by

7.32 (b) A local government that receives an application under paragraph (a) may issue a
7.33 license to the applicant. A local government issuing a license under this subdivision shall

8.1 do so within 90 days after receipt of the application unless the local government determines
8.2 that the applicant is not in compliance with regulations or ordinances adopted according to

8.5 this subdivision.

8.6 (d) If an application is submitted under this subdivision, the commissioner shall, if the
8.7 local government so requests, forward to the local government the remainder of the
8.8 application fee paid to the commissioner with the applicant's initial application.

8.9 (e) A license issued by a local government under this subdivision shall have the same
8.10 force and effect as a license issued by the commissioner under subdivision 1. The holder
8.11 of a local license shall not be subject to regulation or enforcement by the commissioner
8.12 during the term of the local license. A local government may issue a subsequent or renewed
8.13 license under this subdivision on an annual basis only if the applicant first submits an
8.14 application to the commissioner under subdivision 1 and resubmits that application to the
8.15 local government under this subdivision.

8.16 Subd. 3. **Application for local license if commissioner does not adopt rules.** If the
8.17 commissioner does not adopt rules required by section 152B.03, an applicant may submit
8.18 an application directly to a local government after October 1, 2019, and the local government
8.19 may issue an annual license to the applicant. A local government issuing a license under
8.20 this subdivision shall do so within 90 days after receipt of the application unless it determines
8.21 that the applicant is not in compliance with regulations or ordinances adopted according to
8.22 section 152B.05 in effect at the time of application and provides notice of this noncompliance
8.23 to the applicant. A local government shall notify the commissioner if the local government
8.24 issues an annual license to the applicant under this subdivision. A license issued by a local
8.25 government under this subdivision shall have the same force and effect as a license issued
8.26 by the commissioner in accordance with subdivision 1. The holder of a local license shall
8.27 not be subject to regulation or enforcement by the commissioner during the term of that
8.28 local license. A local government may issue a subsequent or renewed license under this
8.29 subdivision on an annual basis if the commissioner has not adopted rules required by section
8.30 152B.03 at least 90 days prior to the date upon which a subsequent or renewed license would
8.31 be effective, or if the commissioner has adopted rules according to section 152B.03 but has
