SENATE STATE OF MINNESOTA NINETY-SECOND SESSION

S.F. No. 1047

(SENATE AUTI	HORS: SENJ	EM)
DATE	D-PG	OFFICIAL STATUS
02/15/2021		Introduction and first reading
		Referred to Energy and Utilities Finance and Policy

	A bill for an act
1.2 1.3 1.4	relating to energy; authorizing a power purchase agreement for certain electric cogeneration activities; amending Minnesota Statutes 2020, section 216B.2424, by adding subdivisions.
1.5	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:
1.6	Section 1. Minnesota Statutes 2020, section 216B.2424, is amended by adding a subdivision
1.7	to read:
1.8	Subd. 5b. Definitions. (a) For the purposes of subdivision 5c, the following terms have
1.9	the meanings given.
1.10	(b) "Agreement period" means the period beginning on January 1, 2023, and ending on
1.11	December 31, 2024.
1.12	(c) "Ash" means all species of the genus Fraxinus.
1.13	
1.15	(d) "Cogeneration facility" means the St. Paul district heating and cooling system
1.13	(d) "Cogeneration facility" means the St. Paul district heating and cooling system cogeneration facility that uses waste wood as the facility's primary fuel source, provides
1.14	cogeneration facility that uses waste wood as the facility's primary fuel source, provides
1.14 1.15	cogeneration facility that uses waste wood as the facility's primary fuel source, provides thermal energy to St. Paul, and sells electricity to a public utility through a power purchase
1.14 1.15 1.16	cogeneration facility that uses waste wood as the facility's primary fuel source, provides thermal energy to St. Paul, and sells electricity to a public utility through a power purchase agreement approved by the Public Utilities Commission.
1.14 1.15 1.16 1.17	cogeneration facility that uses waste wood as the facility's primary fuel source, provides thermal energy to St. Paul, and sells electricity to a public utility through a power purchase agreement approved by the Public Utilities Commission. (e) "Department" means the Department of Agriculture.
 1.14 1.15 1.16 1.17 1.18 	<u>cogeneration facility that uses waste wood as the facility's primary fuel source, provides</u> <u>thermal energy to St. Paul, and sells electricity to a public utility through a power purchase</u> <u>agreement approved by the Public Utilities Commission.</u> (e) "Department" means the Department of Agriculture. (f) "Emerald ash borer" means the insect known as emerald ash borer, <i>Agrilus planipennis</i>

	02/10/21	REVISOR	RSI/NB	21-01903	as introduced
2.1	<u>(</u> h) "St. F	Paul district heating	g and cooling syste	em" means a system of boi	ilers, distribution
2.2	pipes, and o	ther equipment that	t provides energy	for heating and cooling in	n St. Paul, and
2.3	includes the	cogeneration facil	ity.		
2.4	<u>(i)</u> "Wast	te wood from ash t	rees" means ash lo	ogs and lumber, ash tree v	vaste, and ash
2.5	chips and m	ulch.			
2.6	EFFEC'	TIVE DATE. This	s section is effectiv	ve the day following final	enactment.
2.7	Sec. 2. Mi	nnesota Statutes 20)20, section 216B.	2424, is amended by addi	ing a subdivision
2.8	to read:				
2.9	Subd. 5c	<u>. New power purc</u>	chase agreement.	(a) No later than August	1, 2021, a public
2.10	utility subje	ct to subdivision 5	and the cogenerat	tion facility may file a pro	posal with the
2.11	commission	to enter into a pov	ver purchase agree	ement that governs the pu	blic utility's
2.12	purchase of	electricity generate	d by the cogenerat	ion facility. The power put	chase agreement
2.13	may extend	no later than Dece	mber 21, 2024, ar	nd must not be extended b	eyond that date
2.14	except as pr	ovided in paragrap	<u>h (f).</u>		
2.15	<u>(b)</u> The c	commission is proh	ibited from approv	ving a new power purchase	e agreement filed
2.16	under this su	ubdivision that doe	es not meet all of t	he following conditions:	
2.17	<u>(1) the c</u>	ogeneration facility	y agrees that any v	waste wood from ash trees	s removed from
2.18	Minnesota c	counties that have b	been designated as	s quarantined areas in Sec	tion IV of the
2.19	Minnesota S	State Formal Quara	ntine for Emerald	Ash Borer, issued by the	commissioner of
2.20	agriculture u	under section 18G.	06, effective Nove	mber 14, 2019, as amende	ed, for utilization
2.21	as biomass f	fuel by the cogener	ration facility mus	t be accompanied by evid	lence:
2.22	(i) demo	nstrating that the t	ransport of bioma	ss fuel from processed wa	iste wood from
2.23	ash trees to t	he cogeneration fac	cility complies wit	h the department's regulat	ory requirements
2.24	under the M	innesota State For	mal Quarantine fo	r Emerald Ash Borer, wh	ich may consist
2.25	<u>of:</u>				
2.26	(A) a cer	tificate authorized of	or prepared by the o	commissioner of agricultur	e or an employee
2.27	of the Anim	al and Plant Health	n Inspection Servi	ce of the United States De	epartment of
2.28	Agriculture	verifying complian	nce; or		
2.29	(B) ship	ping documents de	monstrating comp	bliance; or	
2.30	(ii) certi	fying that the waste	e wood from ash t	rees has been chipped to	one inch or less
2.31	in two dime	nsions, and was ch	ipped within the c	county from which the asl	n trees were
2.32	originally re	emoved;			

2

02/10/21	REVISOR	RSI/NB	21-01903	as introduced
----------	---------	--------	----------	---------------

(2) the price per megawatt hour of electricity paid by the public utility demonstrates
significant savings compared to the existing power purchase agreement, with a price that
does not exceed \$98 per megawatt hour;
(3) the proposal includes a proposal to the commission for one or more electrification
projects that result in the St. Paul district heating and cooling system being powered by
electricity generated from renewable energy technologies. The plan must evaluate
electrification at three or more levels from ten to 100 percent, including 100 percent of the
energy used by the St. Paul district heating and cooling system to be accomplished by
December 31, 2027. The proposal may also evaluate alternative dates for implementation.
For each level of electrification analyzed, the proposal must contain:
(i) a description of the alternative electrification technologies evaluated and whose
implementation is proposed as part of the electrification project;
(ii) an estimate of the cost of the electrification project to the public utility, the impact
on the monthly energy bills of the public utility's Minnesota customers, and the impact on
the monthly energy bills of St. Paul district heating and cooling system customers;
(iii) an estimate of the reduction in greenhouse gas emissions resulting from the
electrification project, including greenhouse gas emissions associated with the transportation
of waste wood;
(iv) estimated impacts on the operations of the St. Paul district heating and cooling
system; and
(v) a timeline for the electrification project; and
(4) the power purchase agreement provides a net benefit to the utility customers or the
state.
(c) The commission may approve, modify, or reject a proposed electrification project
that meets the requirements of this subdivision if it finds the electrification project is in the
public interest. When determining whether an electrification project is in the public interest,
the commission may consider the effects of the electrification project on air emissions from
the St. Paul district heating and cooling system and how the emissions impact the
environment and residents of affected neighborhoods.
(d) During the agreement period, the cogeneration facility must attempt to obtain funding
sources to reduce the cost of generating electricity and enable the facility to continue to
operate beyond the agreement period to address the removal of ash trees, as described in
paragraph (b), clause (1), without any subsidy or contribution through any power purchase

3

	02/10/21	REVISOR	RSI/NB	21-01903	as introduced
4.1	agreement after	December 31, 2)24. The cogener	ration facility must submit	periodic reports
4.2				der this paragraph.	
4.3	(e) Upon approval of the new power purchase agreement, the commission must require				
4.4	periodic reporting regarding progress toward development of a proposal for an electrification				
4.5	project.	<u>19108</u>	<u></u>		
4.6	(f) Except as	s provided in par	agraph (a), the c	ommission is prohibited fi	com approving a
4.7	power purchase	agreement after	the agreement p	eriod unless it approves a	n electrification
4.8	project. Nothing	g in this section	shall require any	utility to enter into a pow	er purchase
4.9	agreement with	the cogeneration	n facility after De	ecember 31, 2024.	
4.10	(g) Upon ap	proval of an elec	trification project	ct, the commission must re	equire periodic
4.11	reporting regard	ling the progress	toward implement	entation of the electrification	on project.
4.12	(h) If the co	mmission approv	ves the proposal	submitted under paragrapl	1 (b), clause (3),
4.13	the commission	may allow the p	bublic utility to re	ecover prudently incurred	costs net of
4.14	revenues resulti	ing from the elec	trification projec	et through an automatic co	st recovery
4.15	mechanism that	allows for cost	recovery outside	of a general rate case. Th	e cost recovery
4.16	mechanism app	roved by the cor	nmission must:		
4.17	<u>(1)</u> allow a r	easonable return	on the capital in	vested in the electrification	on project by the
4.18	public utility, as	s determined by	the commission;	and	
4.19	(2) recover of	costs only from t	he public utility'	s Minnesota electric servi	ce customers.
4.20	EFFECTIV	E DATE. This s	section is effectiv	ve the day following final	enactment.
