14.22 meets the criteria for title IV-E Northstar kinship assistance in section 473(d) of the Social

26.3 provide stakeholders with an opportunity to comment.

26.13 approval, whichever is later.

26.14 (g) The commissioner shall seek federal approval to continue federal financial  
26.15 participation in payment for CCBHC services after the federal demonstration period ends  
26.16 for clinics that were certified as CCBHCs during the demonstration period and that continue  
26.17 to meet the CCBHC certification standards in paragraph (a). Payment for CCBHC services  
26.18 shall cease effective July 1, 2019, if continued federal financial participation for the payment  
26.19 of CCBHC services cannot be obtained.

26.20 (h) The commissioner may certify at least one CCBHC located in an urban area and at  
26.21 least one CCBHC located in a rural area, as defined by federal criteria. To the extent allowed  
26.22 by federal law, the commissioner may limit the number of certified clinics so that the  
26.23 projected claims for certified clinics will not exceed the funds budgeted for this purpose.  
26.24 The commissioner shall give preference to clinics that:

26.25 (1) provide a comprehensive range of services and evidence-based practices for all age  
26.26 groups, with services being fully coordinated and integrated; and

26.27 (2) enhance the state's ability to meet the federal priorities to be selected as a CCBHC  
26.28 demonstration state.

26.29 (i) The commissioner shall recertify CCBHCs at least every three years. The  
26.30 commissioner shall establish a process for decertification and shall require corrective action,  
26.31 medical assistance repayment, or decertification of a CCBHC that no longer meets the

32.18 Subd. 6. Screening standards. (a) A crisis team shall conduct a screening for a recipient  
32.19 to determine the need for further services. A screening must be available by telephone and  
32.20 may be performed by alternate means as clinically appropriate.

32.21 (b) In conducting a screening, a provider entity shall:

32.22 (1) employ evidence-based practices as identified by the commissioner to reduce the  
32.23 risk of the recipient's suicide and self-injurious behavior;

32.24 (2) work with the recipient to establish a plan and time frame for responding to the crisis,

32.26 response can arrive;

32.27 (3) coordinate response with other emergency responders as appropriate;

32.28 (4) consider other available services to determine which intervention service would best  
32.29 address the recipient's needs and circumstances;

32.30 (5) document significant factors related to the determination of a crisis, including prior  
32.31 calls to the crisis team, recent presentation at an emergency department, known calls to 911

33.6 means for reducing self-harm.

33.7 (c) A provider entity shall consider the following to indicate a positive screening unless

33.9 inappropriate:

33.10 (1) the recipient presented in an emergency department or urgent care setting, and the  
33.11 health care team at that location requested crisis services; or

33.12 (2) a peace officer requested crisis services for a recipient who may be subject to  
33.13 transportation under section 253B.05 for a mental health crisis.

33.14 (d) Direct contact with the recipient is not required before initiating an assessment or  
33.15 intervention service. A crisis team may gather relevant information from a third party at the  
33.16 scene to establish the need for services and potential safety factors.

33.17 (e) A crisis team that receives a call for services outside of the team's coverage area shall  
33.18 offer to connect the recipient with a crisis team serving the recipient's location.

33.19 (f) A crisis team shall consider input from a recipient, the recipient's guardian, or the  
33.20 recipient's family whenever possible in determining if a potential crisis exists and face-to-face  
33.21 assessment is necessary.

33.22 Subd. 7. **Assessment.** (a) If screening indicates a potential crisis, an assessment must  
33.23 be completed. An assessment evaluates any immediate needs for services and, as time  
33.24 permits, the recipient's current life situation, sources of stress, mental health problems and  
33.25 symptoms, strengths, cultural considerations, support network, vulnerabilities, current  
33.26 functioning, and the recipient's preferences as communicated directly by the recipient, or  
33.27 as communicated in a health care directive as described in chapters 145C and 253B, the  
33.28 treatment plan described under subdivision 8, paragraph (b); a crisis prevention plan; or  
33.29 wellness recovery action plan. An assessment includes, when feasible, assessing whether  
33.30 the recipient is willing to voluntarily accept treatment, determining whether the recipient  
33.31 has an advance directive, and obtaining information and history from an involved family  
33.32 member or caregiver.

34.1 (b) An assessment is provided face-to-face by a crisis team outside of an inpatient hospital  
34.2 setting. A service must be provided promptly and respond to the recipient's location whenever  
34.3 possible, including community or clinical settings. As clinically appropriate, a crisis team  
34.4 must coordinate a response with other health care providers if a recipient requires  
34.5 detoxification, withdrawal management, or medical stabilization services in addition to  
34.6 crisis services.

34.7 (c) A crisis team shall consider input from a recipient, the recipient's guardian, or the  
34.8 recipient's family whenever possible in determining if a crisis exists.

34.9 (d) If after an assessment, a crisis provider entity refers a recipient to an acute setting,  
34.10 including an emergency department, in-patient hospitalization, or crisis residential treatment,  
34.11 a crisis team member who performed or conferred on the assessment must contact the  
34.12 provider entity and consult with the triage nurse or other staff responsible for intake. The  
34.13 crisis team member must convey key findings or concerns that led to the referral. This  
34.14 consultation shall occur with the recipient's consent, the recipient's legal guardian's consent,  
34.15 or as allowed by section 144.293, subdivision 5.

34.16 Subd. 8. **Intervention.** (a) If the assessment determines intervention services are needed,  
34.17 the intervention services must be provided promptly. At least one crisis team member must  
34.18 provide the intervention services face-to-face with a recipient. If a mental health practitioner  
34.19 is providing in-person services, the mental health practitioner must seek clinical supervision  
34.20 as required under subdivision 11, including obtaining approval before acting as a health  
34.21 officer as defined in section 253B.02.

34.22 (b) The crisis team must develop a crisis intervention treatment plan as soon as appropriate  
34.23 but no later than 24 hours after the initial face-to-face intervention. The crisis intervention  
34.24 treatment plan must:

34.25 (1) address the recipient's needs and problems noted in the assessment;

34.26 (2) include measurable short-term goals;

34.27 (3) address cultural considerations;

34.28 (4) specify the frequency and type of services to be provided to achieve the recipient's  
34.29 goals and reduce or eliminate the crisis; and

34.30 (5) be updated as needed to reflect current goals and services.

34.31 (c) If the crisis team refers a recipient to an acute setting, as described in subdivision 7,  
34.32 paragraph (d), a crisis team member must send a copy of the crisis intervention treatment  
34.33 plan by secure electronic transmission to the provider entity to which the recipient was

35.1 referred. This release shall occur with the recipient's consent, the recipient's legal guardian's  
35.2 consent, or as allowed by section 144.293, subdivision 5.

35.3 (d) The crisis team must document when short-term goals are met and when no further  
35.4 crisis services are required.

35.5 (e) If the recipient's crisis is stabilized, but the recipient needs a referral to another service,  
35.6 the crisis team must provide a warm handoff to those services. If the recipient has a case  
35.7 manager, planning for other services must be coordinated with the case manager.

35.8 (f) If the recipient's crisis is stabilized and the recipient does not have an advance  
35.9 directive, the case manager or crisis team shall offer to work with the recipient to develop  
35.10 one.

35.11 Subd. 9. **Stabilization service.** (a) Stabilization services must be provided by qualified  
35.12 staff. Stabilization services may be provided in the recipient's home, the home of a family  
35.13 member or friend of the recipient, another community setting, or a short-term supervised,

35.19 contact with the recipient by qualified staff for further assessment, help with referrals,  
35.20 updating of the stabilization treatment plan, supportive counseling, skills training, and  
35.21 collaboration with other service providers in the community.

35.22 (b) If stabilization services are provided to an adult in a supervised, licensed residential  
35.23 setting, the adult must have daily face-to-face contact with a qualified mental health  
35.24 practitioner or professional. The program must have 24-hour-a-day residential staffing that  
35.25 may include staff who do not meet the qualifications in subdivision 10. The residential staff  
35.26 must have 24-hour-a-day immediate direct or telephone access to a qualified mental health  
35.27 professional or practitioner.

35.28 (c) If stabilization services are provided to an adult in a supervised, licensed residential  
35.29 setting that serves no more than four adult residents, and one or more adults are present at  
35.30 the setting to receive stabilization services, the residential staff must include, for at least  
35.31 eight hours per day, at least one staff member who meets the qualifications in subdivision  
35.32 10.

36.1 (d) If stabilization services are provided to an adult in a supervised, licensed residential  
36.2 setting that serves more than four adult residents, and one or more are adults receiving  
36.3 stabilization services, the residential staff must include, for 24 hours a day, at least one staff  
36.4 member who meets the qualifications in subdivision 10. During the first 48 hours that an  
36.5 adult is in the residential program, the residential program must have at least two staff  
36.6 members working 24 hours a day. After the first 48 hours that an adult is in the residential  
36.7 program, staff levels may be adjusted according to the needs of the adult as specified in the  
36.8 stabilization treatment plan.

36.9 Subd. 10. **Stabilization staff qualifications.** (a) Stabilization services must be provided  
36.10 by a qualified individual staff member. A qualified individual staff member includes:

36.18 (b) Except for a mental health professional, a stabilization staff member must have  
36.19 completed at least 30 hours of training in intervention and stabilization services during the  
36.20 past two years.

61.31 in the individual treatment plan; and

61.32 (2) administering standardized outcome measurement instruments, determined and  
61.33 updated by the commissioner, as periodically needed to evaluate the effectiveness of

62.1 treatment for children receiving clinical services and reporting outcome measures, as required  
62.2 by the commissioner.

62.3 (q) "Mental illness," for persons at least age 18 but under age 21, has the meaning given  
62.4 in section 245.462, subdivision 20, paragraph (a).

62.5 (r) "Psychotherapy" means the treatment of mental or emotional disorders or  
62.6 maladjustment by psychological means. Psychotherapy may be provided in many modalities  
62.7 in accordance with Minnesota Rules, part 9505.0372, subpart 6, including patient and/or  
62.8 family psychotherapy; family psychotherapy; psychotherapy for crisis; group psychotherapy;  
62.9 or multiple-family psychotherapy. Beginning with the American Medical Association's  
62.10 Current Procedural Terminology, standard edition, 2014, the procedure "individual  
62.11 psychotherapy" is replaced with "patient and/or family psychotherapy," a substantive change  
62.12 that permits the therapist to work with the client's family without the client present to obtain  
62.13 information about the client or to explain the client's treatment plan to the family.  
62.14 Psychotherapy is appropriate for crisis response when a child has become dysregulated or  
62.15 experienced new trauma since the diagnostic assessment was completed and needs  
62.16 psychotherapy to address issues not currently included in the child's individual treatment  
62.17 plan.

62.18 (s) "Rehabilitative services" or "psychiatric rehabilitation services" means a series or  
62.19 multidisciplinary combination of psychiatric and psychosocial interventions to: (1) restore  
62.20 a child or adolescent to an age-appropriate developmental trajectory that had been disrupted  
62.21 by a psychiatric illness; or (2) enable the child to self-monitor, compensate for, cope with,  
62.22 counteract, or replace psychosocial skills deficits or maladaptive skills acquired over the  
62.23 course of a psychiatric illness. Psychiatric rehabilitation services for children combine  
62.24 psychotherapy to address internal psychological, emotional, and intellectual processing  
62.25 deficits, and skills training to restore personal and social functioning. Psychiatric  
62.26 rehabilitation services establish a progressive series of goals with each achievement building  
62.27 upon a prior achievement. Continuing progress toward goals is expected, and rehabilitative  
62.28 potential ceases when successive improvement is not observable over a period of time.

62.29 (t) "Skills training" means individual, family, or group training, delivered by or under  
62.30 the supervision of a mental health professional, designed to facilitate the acquisition of  
62.31 psychosocial skills that are medically necessary to rehabilitate the child to an age-appropriate  
62.32 developmental trajectory heretofore disrupted by a psychiatric illness or to enable the child  
62.33 to self-monitor, compensate for, cope with, counteract, or replace skills deficits or  
62.34 maladaptive skills acquired over the course of a psychiatric illness. Skills training is subject  
62.35 to the service delivery requirements under subdivision 9, paragraph (b), clause (2).

63.19 Subd. 4. **Provider entity certification.** (a) The commissioner shall establish an initial  
63.20 provider entity application and certification process and recertification process to determine  
63.21 whether a provider entity has an administrative and clinical infrastructure that meets the  
63.22 requirements in subdivisions 5 and 6. A provider entity must be certified for the three core  
63.23 rehabilitation services of psychotherapy, skills training, and crisis ~~assistance~~ planning. The  
63.24 commissioner shall recertify a provider entity at least every three years. The commissioner  
63.25 shall establish a process for decertification of a provider entity and shall require corrective  
63.26 action, medical assistance repayment, or decertification of a provider entity that no longer  
63.27 meets the requirements in this section or that fails to meet the clinical quality standards or  
63.28 administrative standards provided by the commissioner in the application and certification  
63.29 process.

63.30 (b) For purposes of this section, a provider entity must be:

 65.13 ~~and that relates to the provider entity's goals and objectives for services offered~~ to provide  
 65.14 appropriate services.

65.15 (b) A provider entity that employs a mental health behavioral aide under this section

 65.22 Insurance Portability and Accountability Act of 1996 (HIPAA), child development,  
 65.23 documentation, crisis de-escalation skills, and common medications, their side effects and

 65.25 required training.

65.26 Within 60 days of employment, the aide must complete six hours of Department of  
 65.27 Human Services approved or delivered parent team training. Curricula for parent team  
 65.28 training must be approved in advance by the commissioner. Components of parent team

66.17 name. The provider entity must keep documentation for each employee, including records

66.18 of attendance at professional workshops and conferences, at a central location and in the

66.19 employee's personnel file.

66.20 **EFFECTIVE DATE.** This section is effective the day following final enactment.

66.21 Sec. 32. Minnesota Statutes 2016, section 256B.0943, subdivision 9, is amended to read:

66.22 Subd. 9. **Service delivery criteria.** (a) In delivering services under this section, a certified

66.23 provider entity must ensure that:

66.24 (1) each individual provider's caseload size permits the provider to deliver services to

66.25 both clients with severe, complex needs and clients with less intensive needs. The provider's

66.26 caseload size should reasonably enable the provider to play an active role in service planning,

66.27 monitoring, and delivering services to meet the client's and client's family's needs, as specified

66.28 in each client's individual treatment plan;

66.29 (2) site-based programs, including day treatment programs, provide staffing and facilities

66.30 to ensure the client's health, safety, and protection of rights, and that the programs are able

66.31 to implement each client's individual treatment plan; and

67.1 (3) a day treatment program is provided to a group of clients by a multidisciplinary team  
67.2 under the clinical supervision of a mental health professional. The day treatment program  
67.3 must be provided in and by: (i) an outpatient hospital accredited by the Joint Commission  
67.4 on Accreditation of Health Organizations and licensed under sections 144.50 to 144.55; (ii)  
67.5 a community mental health center under section 245.62; or (iii) an entity that is certified  
67.6 under subdivision 4 to operate a program that meets the requirements of section 245.4884,  
67.7 subdivision 2, and Minnesota Rules, parts 9505.0170 to 9505.0475. The day treatment  
67.8 program must stabilize the client's mental health status while developing and improving the  
67.9 client's independent living and socialization skills. The goal of the day treatment program  
67.10 must be to reduce or relieve the effects of mental illness and provide training to enable the  
67.11 client to live in the community. The program must be available year-round at least three to  
67.12 five days per week, two or three hours per day, unless the normal five-day school week is  
67.13 shortened by a holiday, weather-related cancellation, or other districtwide reduction in a  
67.14 school week. A child transitioning into or out of day treatment must receive a minimum  
67.15 treatment of one day a week for a two-hour time block. The two-hour time block must  
67.16 include at least one hour of patient and/or family or group psychotherapy. The remainder  
67.17 of the structured treatment program may include patient and/or family or group  
67.18 psychotherapy, and individual or group skills training, if included in the client's individual  
67.19 treatment plan. Day treatment programs are not part of inpatient or residential treatment  
67.20 services. When a day treatment group that meets the minimum group size requirement  
67.21 temporarily falls below the minimum group size because of a member's temporary absence,  
67.22 medical assistance covers a group session conducted for the group members in attendance.  
67.23 A day treatment program may provide fewer than the minimally required hours for a  
67.24 particular child during a billing period in which the child is transitioning into, or out of, the  
67.25 program.

67.26 (b) To be eligible for medical assistance payment, a provider entity must deliver the  
67.27 service components of children's therapeutic services and supports in compliance with the  
67.28 following requirements:

67.29 (1) patient and/or family, family, and group psychotherapy must be delivered as specified  
67.30 in Minnesota Rules, part 9505.0372, subpart 6. Psychotherapy to address the child's  
67.31 underlying mental health disorder must be documented as part of the child's ongoing  
67.32 treatment. A provider must deliver, or arrange for, medically necessary psychotherapy,  
67.33 unless the child's parent or caregiver chooses not to receive it. When a provider delivering  
67.34 other services to a child under this section deems it not medically necessary to provide  
67.35 psychotherapy to the child for a period of 90 days or longer, the provider entity must

68.1 document the medical reasons why psychotherapy is not necessary. When a provider  
68.2 determines that a child needs psychotherapy but psychotherapy cannot be delivered due to  
68.3 a shortage of licensed mental health professionals in the child's community, the provider  
68.4 must document the lack of access in the child's medical record;

68.5 (2) individual, family, or group skills training must be provided by a mental health  
68.6 professional or a mental health practitioner who is delivering services that fall within the  
68.7 scope of the provider's practice and is supervised by a mental health professional who  
68.8 accepts full professional responsibility for the training. Skills training is subject to the  
68.9 following requirements:

68.10 (i) a mental health professional, clinical trainee, or mental health practitioner shall provide  
68.11 skills training;

68.12 (ii) skills training delivered to a child or the child's family must be targeted to the specific  
68.13 deficits or maladaptations of the child's mental health disorder and must be prescribed in  
68.14 the child's individual treatment plan;

68.15 (iii) the mental health professional delivering or supervising the delivery of skills training  
68.16 must document any underlying psychiatric condition and must document how skills training  
68.17 is being used in conjunction with psychotherapy to address the underlying condition;

68.18 (iv) skills training delivered to the child's family must teach skills needed by parents to  
68.19 enhance the child's skill development, to help the child utilize daily life skills taught by a  
68.20 mental health professional, clinical trainee, or mental health practitioner, and to develop or  
68.21 maintain a home environment that supports the child's progressive use of skills;

68.22 (v) group skills training may be provided to multiple recipients who, because of the  
68.23 nature of their emotional, behavioral, or social dysfunction, can derive mutual benefit from  
68.24 interaction in a group setting, which must be staffed as follows:

68.25 (A) one mental health professional or one clinical trainee or mental health practitioner  
68.26 under supervision of a licensed mental health professional must work with a group of three  
68.27 to eight clients; or

68.28 (B) two mental health professionals, two clinical trainees or mental health practitioners  
68.29 under supervision of a licensed mental health professional, or one mental health professional  
68.30 or clinical trainee and one mental health practitioner must work with a group of nine to 12  
68.31 clients;

69.1 (vi) a mental health professional, clinical trainee, or mental health practitioner must have  
69.2 taught the psychosocial skill before a mental health behavioral aide may practice that skill  
69.3 with the client; and

69.4 (vii) for group skills training, when a skills group that meets the minimum group size  
69.5 requirement temporarily falls below the minimum group size because of a group member's  
69.6 temporary absence, the provider may conduct the session for the group members in  
69.7 attendance;

69.8 (3) crisis ~~assistance~~ planning to a child and family must include development of a written  
69.9 plan that anticipates the particular factors specific to the child that may precipitate a  
69.10 psychiatric crisis for the child in the near future. The written plan must document actions  
69.11 that the family should be prepared to take to resolve or stabilize a crisis, such as advance  
69.12 arrangements for direct intervention and support services to the child and the child's family.  
69.13 Crisis ~~assistance~~ planning must include preparing resources designed to address abrupt or  
69.14 substantial changes in the functioning of the child or the child's family when sudden change  
69.15 in behavior or a loss of usual coping mechanisms is observed, or the child begins to present  
69.16 a danger to self or others;

69.17 (4) mental health behavioral aide services must be medically necessary treatment services,  
69.18 identified in the child's individual treatment plan and individual behavior plan, which are  
69.19 performed minimally by a paraprofessional qualified according to subdivision 7, paragraph  
69.20 (b), clause (3), and which are designed to improve the functioning of the child in the  
69.21 progressive use of developmentally appropriate psychosocial skills. Activities involve  
69.22 working directly with the child, child-peer groupings, or child-family groupings to practice,  
69.23 repeat, reintroduce, and master the skills defined in subdivision 1, paragraph (t), as previously  
69.24 taught by a mental health professional, clinical trainee, or mental health practitioner including:

69.25 (i) providing cues or prompts in skill-building peer-to-peer or parent-child interactions  
69.26 so that the child progressively recognizes and responds to the cues independently;

69.27 (ii) performing as a practice partner or role-play partner;

69.28 (iii) reinforcing the child's accomplishments;

69.29 (iv) generalizing skill-building activities in the child's multiple natural settings;

69.30 (v) assigning further practice activities; and

69.31 (vi) intervening as necessary to redirect the child's target behavior and to de-escalate  
69.32 behavior that puts the child or other person at risk of injury.

70.1 To be eligible for medical assistance payment, mental health behavioral aide services must  
 70.2 be delivered to a child who has been diagnosed with an emotional disturbance or a mental  
 70.3 illness, as provided in subdivision 1, paragraph (a). The mental health behavioral aide must  
 70.4 implement treatment strategies in the individual treatment plan and the individual behavior  
 70.5 plan as developed by the mental health professional, clinical trainee, or mental health  
 70.6 practitioner providing direction for the mental health behavioral aide. The mental health  
 70.7 behavioral aide must document the delivery of services in written progress notes. Progress  
 70.8 notes must reflect implementation of the treatment strategies, as performed by the mental  
 70.9 health behavioral aide and the child's responses to the treatment strategies;

70.10 (5) direction of a mental health behavioral aide must include the following:

70.11 (i) ongoing face-to-face observation of the mental health behavioral aide delivering  
 70.12 services to a child by a mental health professional or mental health practitioner for at least  
 70.13 a total of one hour during every 40 hours of service provided to a child; and

70.14 (ii) immediate accessibility of the mental health professional, clinical trainee, or mental  
 70.15 health practitioner to the mental health behavioral aide during service provision;

70.16 (6) mental health service plan development must be performed in consultation with the  
 70.17 child's family and, when appropriate, with other key participants in the child's life by the  
 70.18 child's treating mental health professional or clinical trainee or by a mental health practitioner  
 70.19 and approved by the treating mental health professional. Treatment plan drafting consists  
 70.20 of development, review, and revision by face-to-face or electronic communication. The  
 70.21 provider must document events, including the time spent with the family and other key  
 70.22 participants in the child's life to review, revise, and sign the individual treatment plan; and

70.23 (7) to be eligible for payment, a diagnostic assessment must be complete with regard to  
 70.24 all required components, including multiple assessment appointments required for an  
 70.25 extended diagnostic assessment and the written report. Dates of the multiple assessment  
 70.26 appointments must be noted in the client's clinical record.

70.27 **EFFECTIVE DATE.** This section is effective August 1, 2017.

70.28 Sec. 33. Minnesota Statutes 2016, section 256B.0946, subdivision 1, is amended to read:

70.29 Subdivision 1. **Required covered service components.** (a) Effective May 23, 2013,  
 70.30 and subject to federal approval, medical assistance covers medically necessary intensive

 71.2 home licensed under the regulations established by a federally recognized Minnesota tribe.

71.3 (b) Intensive treatment services to children with mental illness residing in foster family  
 71.4 settings that comprise specific required service components provided in clauses (1) to (5)

 85.5 conducting this evaluation, the commissioner shall apply the disqualification standards set  
 85.6 forth in chapter 245C.

85.7 **EFFECTIVE DATE.** This section is effective August 1, 2017.

85.8 Sec. 13. Minnesota Statutes 2016, section 245A.04, subdivision 7, is amended to read:

85.9 Subd. 7. **Grant of license; license extension.** (a) If the commissioner determines that

 85.11 license consistent with this section or, if applicable, a temporary change of ownership license  
 85.12 under section 245A.043, or a provisional license under section 245A.045. At minimum, the

 85.22 if:

85.23 (1) the commissioner is unable to conduct the evaluation or observation required by  
 85.24 subdivision 4, paragraph (a), clauses (3) and (4), because the program is not yet operational;

85.25 (2) certain records and documents are not available because persons are not yet receiving  
 85.26 services from the program; and

85.27 (3) the applicant complies with applicable laws and rules in all other respects.

85.28 (c) A decision by the commissioner to issue a license does not guarantee that any person  
 85.29 or persons will be placed or cared for in the licensed program. ~~A license shall not be~~  
 85.30 ~~transferable to another individual, corporation, partnership, voluntary association, other~~  
 85.31 ~~organization, or controlling individual or to another location.~~

86.1 ~~(d) A license holder must notify the commissioner and obtain the commissioner's approval~~  
 86.2 ~~before making any changes that would alter the license information listed under paragraph~~  
 86.3 ~~(a).~~

86.4 ~~(e)~~ (d) Except as provided in paragraphs ~~(g)~~ (f) and ~~(h)~~ (g), the commissioner shall not  
 86.5 issue or reissue a license if the applicant, license holder, or controlling individual has:

86.6 (1) been disqualified and the disqualification was not set aside and no variance has been  
 86.7 granted;

86.8 (2) been denied a license under this chapter, including a license following the expiration  
 86.9 of a provisional license under section 245A.045, within the past two years;

86.10 (3) had a license issued under this chapter revoked within the past five years;

86.11 (4) an outstanding debt related to a license fee, licensing fine, or settlement agreement  
 86.12 for which payment is delinquent; or

86.13 (5) failed to submit the information required of an applicant under subdivision 1,  
 86.14 paragraph (f) or (g), after being requested by the commissioner.

86.15 When a license issued under this chapter is revoked under clause (1) or (3), the license  
 86.16 holder and controlling individual may not hold any license under chapter 245A or 245D for  
 86.17 five years following the revocation, and other licenses held by the applicant, license holder,  
 86.18 or controlling individual shall also be revoked.

86.19 ~~(f)~~ (e) The commissioner shall not issue or reissue a license under this chapter if an  
 86.20 individual living in the household where the licensed services will be provided as specified  
 86.21 under section 245C.03, subdivision 1, has been disqualified and the disqualification has not  
 86.22 been set aside and no variance has been granted.

86.23 ~~(g)~~ (f) Pursuant to section 245A.07, subdivision 1, paragraph (b), and section 245A.045,  
 86.24 subdivision 2, when a license issued under this chapter has been suspended or revoked and  
 86.25 the suspension or revocation is under appeal, the program may continue to operate pending  
 86.26 a final order from the commissioner. If the license under suspension or revocation will  
 86.27 expire before a final order is issued, a temporary provisional license may be issued provided  
 86.28 any applicable license fee is paid before the temporary provisional license is issued.

86.29 ~~(h)~~ (g) Notwithstanding paragraph ~~(g)~~ (f), when a revocation is based on the  
 86.30 disqualification of a controlling individual or license holder, and the controlling individual  
 86.31 or license holder is ordered under section 245C.17 to be immediately removed from direct  
 86.32 contact with persons receiving services or is ordered to be under continuous, direct  
 86.33 supervision when providing direct contact services, the program may continue to operate

87.1 only if the program complies with the order and submits documentation demonstrating  
 87.2 compliance with the order. If the disqualified individual fails to submit a timely request for  
 87.3 reconsideration, or if the disqualification is not set aside and no variance is granted, the  
 87.4 order to immediately remove the individual from direct contact or to be under continuous,  
 87.5 direct supervision remains in effect pending the outcome of a hearing and final order from  
 87.6 the commissioner.

87.7 ~~(h)~~ (h) For purposes of reimbursement for meals only, under the Child and Adult Care  
 87.8 Food Program, Code of Federal Regulations, title 7, subtitle B, chapter II, subchapter A,  
 87.9 part 226, relocation within the same county by a licensed family day care provider, shall  
 87.10 be considered an extension of the license for a period of no more than 30 calendar days or  
 87.11 until the new license is issued, whichever occurs first, provided the county agency has  
 87.12 determined the family day care provider meets licensure requirements at the new location.

87.13 ~~(i)~~ (i) Unless otherwise specified by statute, all licenses issued under this chapter expire  
 87.14 at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must  
 87.15 apply for and be granted a new license to operate the program or the program must not be  
 87.16 operated after the expiration date.

87.17 ~~(j)~~ (j) The commissioner shall not issue or reissue a license under this chapter if it has  
 87.18 been determined that a tribal licensing authority has established jurisdiction to license the  
 87.19 program or service.

87.20 **EFFECTIVE DATE.** This section is effective August 1, 2017.

87.21 Sec. 14. Minnesota Statutes 2016, section 245A.04, is amended by adding a subdivision  
 87.22 to read:

87.23 **Subd. 7a. Notification required.** (a) A license holder must notify the commissioner and  
 87.24 obtain the commissioner's approval before making any change that would alter the license  
 87.25 information listed under subdivision 7, paragraph (a).

87.26 (b) At least 30 days before the effective date of a change, the license holder must notify  
 87.27 the commissioner in writing of any:

87.28 (1) change to the license holder's authorized agent as defined in section 245A.02,  
 87.29 subdivision 3b;

87.30 (2) change to the license holder's controlling individual as defined in section 245A.02,  
 87.31 subdivision 5a;

87.32 (3) change to license holder information on file with the secretary of state;

88.1 (4) change to a program's business structure;

88.2 (5) change in the location of the program or service licensed under this chapter; and

88.3 (6) change in the federal or state tax identification number associated with the license  
88.4 holder.

88.5 (c) When a license holder notifies the commissioner of a change to the business structure  
88.6 governing the licensed program or services but is not selling the business, the license holder  
88.7 must provide amended articles of incorporation and other documentation of the change and  
88.8 any other information requested by the commissioner.

88.9 **EFFECTIVE DATE.** This section is effective August 1, 2017.

88.10 Sec. 15. Minnesota Statutes 2016, section 245A.04, subdivision 10, is amended to read:

88.11 Subd. 10. **Adoption agency; additional requirements.** In addition to the other  
88.12 requirements of this section, an individual, ~~corporation, partnership, voluntary association,~~  
88.13 ~~other~~ or organization, or controlling individual applying for a license to place children for  
88.14 adoption must:

88.15 (1) incorporate as a nonprofit corporation under chapter 317A;

88.16 (2) file with the application for licensure a copy of the disclosure form required under  
88.17 section 259.37, subdivision 2;

88.18 (3) provide evidence that a bond has been obtained and will be continuously maintained  
88.19 throughout the entire operating period of the agency, to cover the cost of transfer of records  
88.20 to and storage of records by the agency which has agreed, according to rule established by  
88.21 the commissioner, to receive the applicant agency's records if the applicant agency voluntarily  
88.22 or involuntarily ceases operation and fails to provide for proper transfer of the records. The  
88.23 bond must be made in favor of the agency which has agreed to receive the records; and

88.24 (4) submit a certified audit to the commissioner each year the license is renewed as  
88.25 required under section 245A.03, subdivision 1.

88.26 **EFFECTIVE DATE.** This section is effective August 1, 2017.

88.27 Sec. 16. **[245A.043] LICENSE APPLICATION AFTER A CHANGE OF**  
88.28 **OWNERSHIP.**

88.29 Subdivision 1. **Transfer prohibited.** A license issued under this chapter is only valid  
88.30 for a premises and individual, organization, or government entity identified by the  
88.31 commissioner on the license. A license is not transferable or assignable.

89.1 Subd. 2. **Change of ownership.** If the commissioner determines that there will be a  
 89.2 change in ownership, the commissioner shall require submission of a new license application.

89.3 A change in ownership occurs when:

89.4 (1) the license holder sells or transfers 100 percent of the property, stock, or assets;

89.5 (2) the license holder merges with another organization;

89.6 (3) the license holder consolidates with two or more organizations, resulting in the  
 89.7 creation of a new organization;

89.8 (4) there is a change in the federal tax identification number associated with the license  
 89.9 holder; or

89.10 (5) there is a turnover of each controlling individual associated with the license within  
 89.11 a 12-month period. A change to the license holder's controlling individuals, including a  
 89.12 change due to a transfer of stock, is not a change in ownership if at least one controlling  
 89.13 individual who was listed on the license for at least 12 consecutive months continues to be  
 89.14 a controlling individual after the reported change.

89.15 Subd. 3. **Change of ownership requirements.** (a) A license holder who intends to  
 89.16 change the ownership of the program or service as defined in subdivision 2 to a party that  
 89.17 intends to assume operation without an interruption in service longer than 60 days after  
 89.18 acquiring the program or service must provide the commissioner with written notice of the  
 89.19 proposed sale or change on a form provided by the commissioner, at least 60 days before  
 89.20 the anticipated date of the change in program owner. For purposes of this subdivision and  
 89.21 subdivision 4, "party" means the party that intends to operate the service or program.

89.22 (b) The party must submit a license application under this chapter on the form and in  
 89.23 the manner prescribed by the commissioner at least 30 days before the change of program  
 89.24 ownership is complete, and must include documentation to support the upcoming change.  
 89.25 The party must comply with background study requirements under chapter 245C and shall  
 89.26 pay the application fee required in section 245A.10. A party that intends to assume operation  
 89.27 without an interruption in service longer than 60 days after acquiring the program or service  
 89.28 is exempt from the requirements of Minnesota Rules, part 9530.6800.

89.29 (c) The commissioner may develop streamlined application procedures for when the  
 89.30 party is an existing license holder under this chapter and is acquiring a program licensed  
 89.31 under this chapter or service in the same service class as one or more licensed programs or  
 89.32 services it operates and those licenses are in substantial compliance according to the licensing  
 89.33 standards in this chapter and applicable rules. For purposes of this subdivision, "substantial

90.1 compliance" means the commissioner did not issue, within the past 12 months, a sanction  
90.2 under section 245A.045 or 245A.07 against a license held by the party or made a license  
90.3 held by the party conditional according to section 245A.06 within the past 12 months.

90.4 (d) Except when a temporary change of ownership license is issued pursuant to  
90.5 subdivision 5, the existing license holder is solely responsible for operating the program  
90.6 according to applicable rules and statutes until a license under this chapter is issued to the  
90.7 party.

90.8 (e) If a licensing inspection of the program or service was conducted within the previous  
90.9 12 months and the existing license holder's license record demonstrates substantial  
90.10 compliance with the applicable licensing requirements, the commissioner may waive the  
90.11 party's inspection required by section 245A.04, subdivision 4. The party must submit to the  
90.12 commissioner proof that the premises was inspected by a fire marshal or that the fire marshal  
90.13 deemed that an inspection was not warranted and proof that the premises was inspected for  
90.14 compliance with the building code or that no inspection was deemed warranted.

90.15 (f) If the party is seeking a license for a program or service that has an outstanding  
90.16 correction order, the party must submit a letter with the license application identifying how  
90.17 and within what length of time the party will resolve the outstanding correction order and  
90.18 come into full compliance with the licensing requirements.

90.19 (g) Any action taken under section 245A.06 or 245A.07 against the existing license  
90.20 holder's license at the time the party is applying for a license, including when the existing  
90.21 license holder is operating under a conditional license or is subject to a revocation, shall  
90.22 remain in effect until the commissioner determines that the grounds for the action are  
90.23 corrected or no longer exist.

90.24 (h) The commissioner shall evaluate the application of the party according to section  
90.25 245A.04, subdivision 6. Pursuant to section 245A.04, subdivision 7, if the commissioner  
90.26 determines that the party complies with applicable laws and rules, the commissioner may  
90.27 issue a license or a temporary change of ownership license.

90.28 (i) The commissioner may deny an application as provided in section 245A.05. An  
90.29 applicant whose application was denied by the commissioner may appeal the denial according  
90.30 to section 245A.05.

90.31 (j) This subdivision does not apply to a licensed program or service located in a home  
90.32 where the license holder resides.

91.1 Subd. 4. **Temporary change of ownership license.** (a) After receiving the party's  
 91.2 application and upon the written request of the existing license holder and the party, the  
 91.3 commissioner may issue a temporary change of ownership license to the party while the  
 91.4 commissioner evaluates the party's application. Until a decision is made to grant or deny a  
 91.5 license under this chapter, the existing license holder and the party shall both be responsible  
 91.6 for operating the program or service according to applicable laws and rules, and the sale or  
 91.7 transfer of the license holder's ownership interest in the licensed program or service does  
 91.8 not terminate the existing license.

91.9 (b) The commissioner may establish criteria to issue a temporary change of ownership  
 91.10 license when a license holder's death, divorce, or other event affecting the ownership of the  
 91.11 program when an applicant seeks to assume operation of the program or service to ensure  
 91.12 continuity of the program or service while a license application is evaluated. This subdivision  
 91.13 applies to any program or service licensed under this chapter.

91.14 **EFFECTIVE DATE.** This section is effective August 1, 2017.

91.15 Sec. 17. **[245A.045] PROVISIONAL LICENSE.**

91.16 Subdivision 1. **When a provisional license shall be required.** (a) Before issuing a  
 91.17 license under section 245A.04, subdivision 7, the commissioner shall issue a provisional  
 91.18 license for a period of up to 15 months if the applicant or license holder:

91.19 (1) is licensed but does not hold a license in the same service class for which a license  
 91.20 application was submitted;

91.21 (2) was licensed in the same service class for less than 12 months at the time the  
 91.22 application was submitted;

91.23 (3) was in substantial, but not complete, compliance with applicable requirements for  
 91.24 licensure under section 245A.04 but demonstrates the potential to comply with all applicable  
 91.25 laws and rules by the end of the provisional license term, if the commissioner determines  
 91.26 that the deficiencies identified do not adversely affect the health, welfare, or safety of a  
 91.27 client; or

91.28 (4) is identified as the buyer of a program that (i) was licensed under this chapter for  
 91.29 less than 12 months, (ii) has an outstanding correction order violation, (iii) is operating  
 91.30 under a conditional license, (iv) was issued a revocation order, or (v) is buying a program  
 91.31 that is currently operating under a provisional license.

91.32 (b) The commissioner may place terms and conditions on the provisional license as the  
 91.33 commissioner determines necessary until the applicant achieves full compliance with

92.1 applicable statutes and rules before the expiration of the provisional license. The decision  
92.2 to issue a provisional license under this section instead of a license under section 245A.04,  
92.3 subdivision 7, is not appealable.

92.4 (c) Before the expiration of the provisional license, the commissioner shall conduct at  
92.5 least one unannounced inspection of the program. At least 60 days before the expiration of  
92.6 the provisional license, the license holder of a provisional license must apply for a license  
92.7 under section 245A.04, subdivision 7, in a manner prescribed by the commissioner. The  
92.8 commissioner may grant or deny the application to convert a provisional license according  
92.9 to section 245A.05. An applicant whose application is denied by the commissioner may  
92.10 appeal the denial according to section 245A.05.

92.11 Subd. 2. **Sanctions for provisional license.** (a) The commissioner may issue the  
92.12 following sanctions against a program or service of a license holder who does not comply  
92.13 with an applicable law or rule:

92.14 (1) a fine or temporary immediate suspension under section 245A.07; or

92.15 (2) a revocation under this subdivision.

92.16 (b) The commissioner may revoke a provisional license if the commissioner identifies  
92.17 any of the following:

92.18 (1) a license holder failed to fully comply with applicable laws or rules including chapters  
92.19 119B, 245A, and 245C;

92.20 (2) a license holder, a controlling individual, or an individual living in the household  
92.21 where the licensed services are provided or is otherwise subject to a background study has  
92.22 a disqualification that was not set aside under section 245C.22;

92.23 (3) a license holder knowingly withheld relevant information from or gave false or  
92.24 misleading information to the commissioner in connection with an application for a license  
92.25 or the background study status of an individual, during an investigation, or regarding  
92.26 compliance with applicable laws or rules;

92.27 (4) a license holder or controlling individual is prohibited from becoming licensed  
92.28 pursuant to section 245.095;

92.29 (5) a license holder adds or removes a controlling individual identified in the license  
92.30 application within the first 12 months of operation; or

 93.10 notice must state the reason for revocation.

93.11 (e) If a provisional license is revoked, the notice must inform the license holder of the  
 93.12 right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505  
 93.13 to 1400.8612. The license holder may appeal a revocation order. The appeal of a revocation

 93.18 provided in subdivision 2, paragraph (c), if a license holder submits a timely appeal of a  
 93.19 revocation order, the license holder may continue to operate the program as provided in  
 93.20 section 245A.04, subdivision 7, paragraphs (f) and (g), until the commissioner issues a final

95.2 Subd. 7. **Vendor of medical care.** (a) "Vendor of medical care" means any person or  
95.3 persons furnishing, within the scope of the vendor's respective license, any or all of the  
95.4 following goods or services: medical, surgical, hospital, ambulatory surgical center services,

95.10 submitted under oath that the services were actually provided; and such other medical  
95.11 services or supplies provided or prescribed by persons authorized by state law to give such  
95.12 services and supplies, including services under section 256B.4912. For purposes of this  
95.13 chapter, the term includes a person or entity that furnishes a good or service eligible for  
95.14 medical assistance or federally approved waiver plan payments under this chapter. The term  
95.15 includes, but is not limited to, directors and officers of corporations or members of  
95.16 partnerships who, either individually or jointly with another or others, have the legal control,  
95.17 supervision, or responsibility of submitting claims for reimbursement to the medical  
95.18 assistance program. The term only includes directors and officers of corporations who  
95.19 personally receive a portion of the distributed assets upon liquidation or dissolution, and  
95.20 their liability is limited to the portion of the claim that bears the same proportion to the total  
95.21 claim as their share of the distributed assets bears to the total distributed assets.

95.22 (b) "Vendor of medical care" also includes any person who is credentialed as a health  
95.23 professional under standards set by the governing body of a federally recognized Indian  
95.24 tribe authorized under an agreement with the federal government according to United States

95.27 service delivery area of a Minnesota reservation, as defined under Code of Federal  
95.28 Regulations, title 42, section 36.22.

95.29 (c) A federally recognized Indian tribe that intends to implement standards for

95.32 state standards. The commissioner shall maintain a copy of the standards and supporting  
95.33 evidence, and shall use those standards to enroll tribal-approved health professionals as  
95.34 medical assistance providers. For purposes of this section, "Indian" and "Indian tribe" mean  
95.35 persons or entities that meet the definition in United States Code, title 25, section 450b.

96.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

96.2 Sec. 20. Minnesota Statutes 2016, section 256B.04, subdivision 21, is amended to read:

96.3 Subd. 21. **Provider enrollment.** (a) If the commissioner or the Centers for Medicare  
96.4 and Medicaid Services determines that a provider is designated "high-risk," the commissioner  
96.5 may withhold payment from providers within that category upon initial enrollment for a  
96.6 90-day period. The withholding for each provider must begin on the date of the first  
96.7 submission of a claim.

96.8 (b) An enrolled provider that is also licensed by the commissioner under chapter 245A,  
96.9 or is licensed as a home care provider by the Department of Health under chapter 144A and  
96.10 has a home and community-based services designation on the home care license under  
96.11 section 144A.484, must designate an individual as the entity's compliance officer. The  
96.12 compliance officer must:

96.13 (1) develop policies and procedures to assure adherence to medical assistance laws and  
96.14 regulations and to prevent inappropriate claims submissions;

96.15 (2) train the employees of the provider entity, and any agents or subcontractors of the  
96.16 provider entity including billers, on the policies and procedures under clause (1);

96.17 (3) respond to allegations of improper conduct related to the provision or billing of  
96.18 medical assistance services, and implement action to remediate any resulting problems;

96.19 (4) use evaluation techniques to monitor compliance with medical assistance laws and  
96.20 regulations;

96.21 (5) promptly report to the commissioner any identified violations of medical assistance  
96.22 laws or regulations; and

96.23 (6) within 60 days of discovery by the provider of a medical assistance reimbursement  
96.24 overpayment, report the overpayment to the commissioner and make arrangements with  
96.25 the commissioner for the commissioner's recovery of the overpayment.

96.26 The commissioner may require, as a condition of enrollment in medical assistance, that a  
96.27 provider within a particular industry sector or category establish a compliance program that  
96.28 contains the core elements established by the Centers for Medicare and Medicaid Services.

96.29 (c) The commissioner may revoke the enrollment of an ordering or rendering provider  
96.30 for a period of not more than one year, if the provider fails to maintain and, upon request  
96.31 from the commissioner, provide access to documentation relating to written orders or requests  
96.32 for payment for durable medical equipment, certifications for home health services, or

97.1 referrals for other items or services written or ordered by such provider, when the  
97.2 commissioner has identified a pattern of a lack of documentation. A pattern means a failure  
97.3 to maintain documentation or provide access to documentation on more than one occasion.  
97.4 Nothing in this paragraph limits the authority of the commissioner to sanction a provider  
97.5 under the provisions of section 256B.064.

97.6 (d) The commissioner shall terminate or deny the enrollment of any individual or entity  
97.7 if the individual or entity has been terminated from participation in Medicare or under the  
97.8 Medicaid program or Children's Health Insurance Program of any other state.

97.9 (e) As a condition of enrollment in medical assistance, the commissioner shall require  
97.10 that a provider designated "moderate" or "high-risk" by the Centers for Medicare and  
97.11 Medicaid Services or the commissioner permit the Centers for Medicare and Medicaid  
97.12 Services, its agents, or its designated contractors and the state agency, its agents, or its  
97.13 designated contractors to conduct unannounced on-site inspections of any provider location.  
97.14 The commissioner shall publish in the Minnesota Health Care Program Provider Manual a  
97.15 list of provider types designated "limited," "moderate," or "high-risk," based on the criteria  
97.16 and standards used to designate Medicare providers in Code of Federal Regulations, title  
97.17 42, section 424.518. The list and criteria are not subject to the requirements of chapter 14.  
97.18 The commissioner's designations are not subject to administrative appeal.

97.19 (f) As a condition of enrollment in medical assistance, the commissioner shall require  
97.20 that a high-risk provider, or a person with a direct or indirect ownership interest in the  
97.21 provider of five percent or higher, consent to criminal background checks, including  
97.22 fingerprinting, when required to do so under state law or by a determination by the  
97.23 commissioner or the Centers for Medicare and Medicaid Services that a provider is designated  
97.24 high-risk for fraud, waste, or abuse.

97.25 (g)(1) Upon initial enrollment, reenrollment, and notification of revalidation, all durable  
97.26 medical equipment, prosthetics, orthotics, and supplies (DMEPOS) medical suppliers  
97.27 meeting the durable medical equipment provider and supplier definition in clause (3),  
97.28 operating in Minnesota and receiving Medicaid funds must purchase a surety bond that is  
97.29 annually renewed and designates the Minnesota Department of Human Services as the  
97.30 obligee, and must be submitted in a form approved by the commissioner. For purposes of  
97.31 this clause, the following medical suppliers are not required to obtain a surety bond: a  
97.32 federally qualified health center, a home health agency, the Indian Health Service, a  
97.33 pharmacy, and a rural health clinic.

98.1 (2) At the time of initial enrollment or reenrollment, durable medical equipment providers  
 98.2 and suppliers defined in clause (3) must purchase a surety bond of \$50,000. If a revalidating  
 98.3 provider's Medicaid revenue in the previous calendar year is up to and including \$300,000,  
 98.4 the provider agency must purchase a surety bond of \$50,000. If a revalidating provider's  
 98.5 Medicaid revenue in the previous calendar year is over \$300,000, the provider agency must  
 98.6 purchase a surety bond of \$100,000. ~~The surety bond must allow for recovery of costs and~~  
 98.7 ~~fees in pursuing a claim on the bond.~~ The surety bond must be in a form approved by the  
 98.8 commissioner, renewed annually, and allow for recovery of the entire value of the bond for  
 98.9 up to five years from the date of submission of a claim for medical assistance payment if  
 98.10 the enrolled provider violates this chapter or Minnesota Rules, chapter 9505, regardless of  
 98.11 the actual loss.

98.12 (3) "Durable medical equipment provider or supplier" means a medical supplier that can  
 98.13 purchase medical equipment or supplies for sale or rental to the general public and is able  
 98.14 to perform or arrange for necessary repairs to and maintenance of equipment offered for  
 98.15 sale or rental.

98.16 (h) The Department of Human Services may require a provider to purchase a surety  
 98.17 bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment  
 98.18 if: (1) the provider fails to demonstrate financial viability, (2) the department determines  
 98.19 there is significant evidence of or potential for fraud and abuse by the provider, or (3) the  
 98.20 provider or category of providers is designated high-risk pursuant to paragraph (a) and as  
 98.21 per Code of Federal Regulations, title 42, section 455.450. The surety bond must be in an  
 98.22 amount of \$100,000 or ten percent of the provider's payments from Medicaid during the  
 98.23 immediately preceding 12 months, whichever is greater. The surety bond must name the  
 98.24 Department of Human Services as an obligee and must allow for recovery of costs and fees  
 98.25 in pursuing a claim on the bond. This paragraph does not apply if the provider currently  
 98.26 maintains a surety bond under the requirements in section 256B.0659 or 256B.85.

98.27 **EFFECTIVE DATE.** This section is effective the day following final enactment.

98.28 Sec. 21. Minnesota Statutes 2016, section 256B.0622, subdivision 3a, is amended to read:

 98.32 ~~services; and~~

99.1       ~~(2)~~ have each ACT team be certified by the state following the certification process and  
99.2 procedures developed by the commissioner. The certification process determines whether  
99.3 the ACT team meets the standards for assertive community treatment under this section as  
99.4 well as minimum program fidelity standards as measured by a nationally recognized fidelity  
99.5 tool approved by the commissioner. Recertification must occur at least every three years.

99.6       (b) An ACT team certified under this subdivision must meet the following standards:

99.12 and language as identified in the individual treatment plan;

99.13          (5) ensure flexibility in service delivery to respond to the changing and intermittent care  
99.14 needs of a client as identified by the client and the individual treatment plan;

99.15          (6) develop and maintain client files, individual treatment plans, and contact charting;

99.16          (7) develop and maintain staff training and personnel files;

99.24 and administration of the provider entity.

99.25       (c) The commissioner may intervene at any time and decertify an ACT team with cause.

99.27 require corrective action, medical assistance repayment, or decertification of an ACT team  
99.28 that no longer meets the requirements in this section or that fails to meet the clinical quality  
99.29 standards or administrative standards provided by the commissioner in the application and  
99.30 certification process. The decertification is subject to appeal to the state.

100.1 (d) A provider entity must specify in the provider entity's application what geographic

 100.8 statement of need from each county board and tribal authority that serves as a local mental  
 100.9 health authority in the proposed service area. The statement of need must specify if the local  
 100.10 mental health authority supports or does not support the need for the proposed program and  
 100.11 the basis for this determination. If a local mental health authority does not respond within  
 100.12 60 days of the receipt of the request, the commissioner shall determine the need for the  
 100.13 program based on the documentation submitted by the provider entity.

100.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

100.15 Sec. 22. Minnesota Statutes 2016, section 256B.0622, subdivision 4, is amended to read:

100.19 (2) not exceed 16 beds per site; and

100.20 (3) comply with the additional standards in this section; ~~and~~

100.21 ~~(4) have a contract with the host county to provide these services.~~

100.22 (b) The commissioner shall develop procedures for counties and providers to submit  
 100.23 ~~contracts and other~~ documentation as needed to allow the commissioner to determine whether  
 100.24 the standards in this section are met.

100.25 (c) A provider entity must specify in the provider entity's application what geographic  
 100.26 area and populations will be served by the proposed program. A provider entity must

 100.29 of ongoing relationships with other providers and levels of care to facilitate referrals to and  
 100.30 from the proposed program.

100.31 (d) A provider entity must submit documentation that the provider entity requested a  
 100.32 statement of need from each county board and tribal authority that serves as a local mental

101.1 health authority in the proposed service area. The statement of need must specify if the local  
 101.2 mental health authority supports or does not support the need for the proposed program and  
 101.3 the basis for this determination. If a local mental health authority does not respond within  
 101.4 60 days of the receipt of the request, the commissioner shall determine the need for the  
 101.5 program based on the documentation submitted by the provider entity.

101.6 **EFFECTIVE DATE.** This section is effective the day following final enactment.

101.7 Sec. 23. Minnesota Statutes 2016, section 256B.0625, subdivision 43, is amended to read:

101.8 Subd. 43. **Mental health provider travel time.** (a) Medical assistance covers provider  
 101.9 travel time if a recipient's individual treatment plan recipient requires the provision of mental  
 101.10 health services outside of the provider's normal usual place of business. This does not include  
 101.11 any travel time which is included in other billable services, and is only covered when the  
 101.12 mental health service being provided to a recipient is covered under medical assistance.

101.13 (b) Mental health provider travel time under this subdivision covers the time the provider  
 101.14 is in transit to deliver a mental health service to a recipient at a location that is not the  
 101.15 provider's usual place of business or to the next location for delivery of a covered mental  
 101.16 health service, and the time a provider is in transit returning from the location of the last  
 101.17 recipient who received services on that day to the provider's usual place of business. A  
 101.18 provider must travel the most direct route available. Mental health provider travel time does  
 101.19 not include time for scheduled or unscheduled stops, meal breaks, or vehicle maintenance  
 101.20 or repair, including refueling or vehicle emergencies. Recipient transport is not covered  
 101.21 under this subdivision.

101.22 (c) Mental health provider travel time under this subdivision is only covered when the  
 101.23 mental health service being provided is covered under medical assistance and only when  
 101.24 the covered service is delivered and billed. Mental health provider travel time is not covered  
 101.25 when the mental health service being provided otherwise includes provider travel time or  
 101.26 when the service is site based.

101.27 (d) If the first occurrence of mental health provider travel time in a day begins at a  
 101.28 location other than the provider's usual place of business, the provider shall bill for the lesser  
 101.29 of the travel time between the location and the recipient and the travel time between the  
 101.30 provider's usual place of business and the recipient. This provision does not apply to mental  
 101.31 health crisis services provided under section 256B.0624 outside of normal business hours  
 101.32 if on-call staff are being dispatched directly from a location other than the provider's usual  
 101.33 place of business.

102.1 (e) Mental health provider travel time may be billed for not more than one round trip  
102.2 per recipient per day.

102.3 (f) As a condition of payment, a provider must document each occurrence of mental  
102.4 health provider travel time according to this subdivision. Program funds paid for mental  
102.5 health provider travel time that is not documented according to this subdivision shall be  
102.6 recovered by the department. The documentation may be collected and maintained  
102.7 electronically or in paper form but must be made available and produced upon request. A  
102.8 provider must compile records that meet the following requirements for each occurrence:

102.9 (1) the record must be in English and must be legible according to the standard of a  
102.10 reasonable person;

102.11 (2) the recipient's name and date of birth or individual identification number must be on  
102.12 each page of the record;

102.13 (3) the reason the provider must travel to provide services, if not otherwise documented  
102.14 in the recipient's individual treatment plan; and

102.15 (4) each entry in the record must document:

102.16 (i) the date on which the entry is made;

102.17 (ii) the date the travel occurred;

102.18 (iii) the printed last name, first name, and middle initial of the provider and the provider's  
102.19 identification number, if the provider has one;

102.20 (iv) the signature of the traveling provider stating that the provider understands that it  
102.21 is a federal crime to provide false information on service billings for medical assistance  
102.22 payments;

102.23 (v) the location of the provider's usual place of business;

102.24 (vi) the address, or the description if the address is not available, of both the origination  
102.25 site and destination site and the travel time for the most direct route from the origination  
102.26 site to the destination site;

102.27 (vii) any unusual travel conditions that may cause a need to bill for additional time over  
102.28 and above what an electronic source document shows the mileage and time necessary to

115.26 For purposes of this chapter, a minor child is defined as being under 18 years of age  
 115.27 unless otherwise specified in a program administered by the commissioner.

123.1 (3) new foster care licenses or community residential setting licenses determined to be  
 123.2 needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD,  
 123.3 or regional treatment center; restructuring of state-operated services that limits the capacity  
 123.4 of state-operated facilities; or allowing movement to the community for people who no  
 123.5 longer require the level of care provided in state-operated facilities as provided under section  
 123.6 256B.092, subdivision 13, or 256B.49, subdivision 24;

123.7 (4) new foster care licenses or community residential setting licenses determined to be  
 123.8 needed by the commissioner under paragraph (b) for persons requiring hospital level care;  
 123.9 or

123.10 (5) new foster care licenses or community residential setting licenses determined to be  
 123.11 needed by the commissioner for the transition of people from personal care assistance to  
 123.12 the home and community-based services.

123.13 When approving an exception under this paragraph, the commissioner shall consider the  
 123.14 resource need determination process in paragraph (d), the availability of foster care licensed  
 123.15 beds in the geographic area in which the licensee seeks to operate, and the recommendation  
 123.16 of the local county board. The determination by the commissioner is final and not subject  
 123.17 to appeal.

123.18 (b) The commissioner shall determine the need for newly licensed foster care homes or  
 123.19 community residential settings as defined under this subdivision. As part of the determination,  
 123.20 the commissioner shall consider the availability of foster care capacity in the area in which  
 123.21 the licensee seeks to operate, and the recommendation of the local county board. The  
 123.22 determination by the commissioner must be final. A determination of need is not required  
 123.23 for a change in ownership at the same address.

123.24 (c) When an adult resident served by the program moves out of a foster home that is not  
 123.25 the primary residence of the license holder according to section 256B.49, subdivision 15,  
 123.26 paragraph (f), or the adult community residential setting, the county shall immediately  
 123.27 inform the Department of Human Services Licensing Division. ~~The department shall decrease~~  
 123.28 ~~the statewide licensed capacity for adult foster care settings where the physical location is~~  
 123.29 ~~not the primary residence of the license holder, or for adult community residential settings,~~  
 123.30 ~~if the voluntary changes described in paragraph (e) are not sufficient to meet the savings~~  
 123.31 ~~required by reductions in licensed bed capacity under Laws 2011, First Special Session~~  
 123.32 ~~chapter 9, article 7, sections 1 and 40, paragraph (f), and maintain statewide long-term care~~  
 123.33 ~~residential services capacity within budgetary limits. Implementation of the statewide~~  
 123.34 ~~licensed capacity reduction shall begin on July 1, 2013. The commissioner shall delicense~~

124.1 ~~up to 128 beds by June 30, 2014, using the needs determination process. Prior to any~~  
124.2 ~~involuntary reduction of licensed capacity, the commissioner shall consult with lead agencies~~  
124.3 ~~and license holders to determine which adult foster care settings, where the physical location~~  
124.4 ~~is not the primary residence of the license holder, or community residential settings, are~~  
124.5 ~~licensed for up to five beds, but have operated at less than full capacity for 12 or more~~  
124.6 ~~months as of March 1, 2014. The settings that meet these criteria must be the first to be~~  
124.7 ~~considered for an involuntary decrease in statewide licensed capacity, up to a maximum of~~  
124.8 ~~35 beds. If more than 35 beds are identified that meet these criteria, the commissioner shall~~  
124.9 ~~prioritize the selection of those beds to be closed based on the length of time the beds have~~  
124.10 ~~been vacant. The longer a bed has been vacant, the higher priority it must be given for~~  
124.11 ~~closure. Under this paragraph, the commissioner has the authority to reduce unused licensed~~  
124.12 ~~capacity of a current foster care program, or the community residential settings, to accomplish~~  
124.13 ~~the consolidation or closure of settings. Under this paragraph, the commissioner has the~~  
124.14 ~~authority to manage statewide capacity, including adjusting the capacity available to each~~  
124.15 ~~county and adjusting statewide available capacity, to meet the statewide needs identified~~  
124.16 ~~through the resource need determination process in paragraph (e) (d). A decreased licensed~~  
124.17 ~~capacity according to this paragraph is not subject to appeal under this chapter.~~

124.18 ~~(d) Residential settings that would otherwise be subject to the decreased license capacity~~  
124.19 ~~established in paragraph (c) shall be exempt if the license holder's beds are occupied by~~  
124.20 ~~residents whose primary diagnosis is mental illness and the license holder is certified under~~  
124.21 ~~the requirements in subdivision 6a or section 245D.33.~~

124.22 ~~(e) (d)~~ A resource need determination process, managed at the state level, using the  
124.23 available reports required by section 144A.351, and other data and information shall be  
124.24 used to determine where the reduced capacity required under paragraph (c) will be  
124.25 implemented. The commissioner shall consult with the stakeholders described in section  
124.26 144A.351, and employ a variety of methods to improve the state's capacity to meet long-term  
124.27 care service needs within budgetary limits, including seeking proposals from service providers  
124.28 or lead agencies to change service type, capacity, or location to improve services, increase  
124.29 the independence of residents, and better meet needs identified by the long-term care services  
124.30 reports and statewide data and information. By February 1, 2013, and August 1, 2014, and  
124.31 each following year, the commissioner shall provide information and data on the overall  
124.32 capacity of licensed long-term care services, actions taken under this subdivision to manage  
124.33 statewide long-term care services and supports resources, and any recommendations for  
124.34 change to the legislative committees with jurisdiction over health and human services budget.

125.1 (e) The commissioner must notify a license holder when its corporate foster care or  
125.2 community residential setting licensed beds are reduced under this section. The notice of  
125.3 reduction of licensed beds must be in writing and delivered to the license holder by certified  
125.4 mail or personal service. The notice must state why the licensed beds are reduced and must  
125.5 inform the license holder of its right to request reconsideration by the commissioner. The  
125.6 license holder's request for reconsideration must be in writing. If mailed, the request for  
125.7 reconsideration must be postmarked and sent to the commissioner within 20 calendar days  
125.8 after the license holder's receipt of the notice of reduction of licensed beds. If a request for  
125.9 reconsideration is made by personal service, it must be received by the commissioner within  
125.10 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds.

125.11 (f) At the time of application and reapplication for licensure, the applicant and the license  
125.12 holder that are subject to the moratorium or an exclusion established in paragraph (a) are  
125.13 required to inform the commissioner whether the physical location where the foster care  
125.14 will be provided is or will be the primary residence of the license holder for the entire period  
125.15 of licensure. If the primary residence of the applicant or license holder changes, the applicant  
125.16 or license holder must notify the commissioner immediately. The commissioner shall print  
125.17 on the foster care license certificate whether or not the physical location is the primary  
125.18 residence of the license holder.

125.19 (g) License holders of foster care homes identified under paragraph (f) that are not the  
125.20 primary residence of the license holder and that also provide services in the foster care home  
125.21 that are covered by a federally approved home and community-based services waiver, as  
125.22 authorized under section 256B.0915, 256B.092, or 256B.49, must inform the human services  
125.23 licensing division that the license holder provides or intends to provide these waiver-funded  
125.24 services.

125.25 **EFFECTIVE DATE.** This section is effective the day following final enactment.

126.15 (b) The license holder must provide a lock for each resident's bedroom door, unless

136.29 holder in the same subjects as identified in subdivision 4 may count toward the orientation  
136.30 and annual training requirements if received in the 12-month period before the staff person's  
136.31 date of hire. The license holder must maintain documentation of the training received from

137.1 other sources and of each staff person's competency in the required area according to the

137.4 Sec. 13. Minnesota Statutes 2016, section 245D.11, subdivision 4, is amended to read:

137.8 2, clauses (4) to (7), and 3, clause (8);

137.9 (2) identifies the criteria to be applied in determining whether the license holder can  
137.10 develop services to meet the needs specified in the person's coordinated service and support  
137.11 plan;

137.12 (3) requires a license holder providing services in a health care facility to comply with  
137.13 the requirements in section 243.166, subdivision 4b, to provide notification to residents  
137.14 when a registered predatory offender is admitted into the program or to a potential admission  
137.15 when the facility was already serving a registered predatory offender. For purposes of this  
137.16 clause, "health care facility" means a facility licensed by the commissioner as a residential  
137.17 facility under chapter 245A to provide adult foster care or residential services to persons  
137.18 with disabilities; ~~and~~

137.19 (4) requires that when a person or the person's legal representative requests services  
137.20 from the license holder, a refusal to admit the person must be based on an evaluation of the  
137.21 person's assessed needs and the license holder's lack of capacity to meet the needs of the  
137.22 person. The license holder must not refuse to admit a person based solely on the type of  
137.23 residential services the person is receiving, or solely on the person's severity of disability,  
137.24 orthopedic or neurological handicaps, sight or hearing impairments, lack of communication  
137.25 skills, physical disabilities, toilet habits, behavioral disorders, or past failure to make progress.  
137.26 Documentation of the basis for refusal must be provided to the person or the person's legal  
137.27 representative and case manager upon request; and

137.28 (5) requires the person or the person's legal representative and license holder to sign and  
137.29 date the residency agreement when the license holder provides foster care or supported  
137.30 living services under section 245D.03, subdivision 1, paragraph (c), clause (3), item (i) or  
137.31 (ii), to a person living in a community residential setting defined in section 245D.02,  
137.32 subdivision 4a; an adult foster home defined in Minnesota Rules, part 9555.5105, subpart  
137.33 5; or a foster family home defined in Minnesota Rules, part 9560.0521, subpart 12. The

138.1 residency agreement must include service termination requirements specified in section  
138.2 245D.10, subdivision 3a, paragraphs (b) to (f). The residency agreement must be reviewed  
138.3 annually, dated, and signed by the person or the person's legal representative and license  
138.4 holder.

138.5 **EFFECTIVE DATE.** This section is effective the day following final enactment.

138.6 Sec. 14. Minnesota Statutes 2016, section 245D.24, subdivision 3, is amended to read:

138.7 Subd. 3. **Bedrooms.** (a) ~~People~~ Each person receiving services must have a choice of  
138.8 roommate and must mutually consent, in writing, to sharing a bedroom with one another.  
138.9 No more than two people receiving services may share one bedroom.

138.10 (b) A single occupancy bedroom must have at least 80 square feet of floor space with a  
138.11 7-1/2 foot ceiling. A double occupancy room must have at least 120 square feet of floor  
138.12 space with a 7-1/2 foot ceiling. Bedrooms must be separated from halls, corridors, and other  
138.13 habitable rooms by floor-to-ceiling walls containing no openings except doorways and must  
138.14 not serve as a corridor to another room used in daily living.

138.15 (c) A person's personal possessions and items for the person's own use are the only items  
138.16 permitted to be stored in a person's bedroom.

138.17 (d) Unless otherwise documented through assessment as a safety concern for the person,  
138.18 each person must be provided with the following furnishings:

138.19 (1) a separate bed of proper size and height for the convenience and comfort of the  
138.20 person, with a clean mattress in good repair;

138.21 (2) clean bedding appropriate for the season for each person;

138.22 (3) an individual cabinet, or dresser, shelves, and a closet, for storage of personal  
138.23 possessions and clothing; and

138.24 (4) a mirror for grooming.

138.25 (e) When possible, a person must be allowed to have items of furniture that the person  
138.26 personally owns in the bedroom, unless doing so would interfere with safety precautions,  
138.27 violate a building or fire code, or interfere with another person's use of the bedroom. A  
138.28 person may choose not to have a cabinet, dresser, shelves, or a mirror in the bedroom, as  
138.29 otherwise required under paragraph (d), clause (3) or (4). A person may choose to use a  
138.30 mattress other than an innerspring mattress and may choose not to have the mattress on a  
138.31 mattress frame or support. If a person chooses not to have a piece of required furniture, the  
138.32 license holder must document this choice and is not required to provide the item. If a person

139.1 chooses to use a mattress other than an innerspring mattress or chooses not to have a mattress  
139.2 frame or support, the license holder must document this choice and allow the alternative  
139.3 desired by the person.

139.4 (f) A person must be allowed to bring personal possessions into the bedroom and other  
139.5 designated storage space, if such space is available, in the residence. The person must be  
139.6 allowed to accumulate possessions to the extent the residence is able to accommodate them,  
139.7 unless doing so is contraindicated for the person's physical or mental health, would interfere  
139.8 with safety precautions or another person's use of the bedroom, or would violate a building  
139.9 or fire code. The license holder must allow for locked storage of personal items. Any  
139.10 restriction on the possession or locked storage of personal items, including requiring a  
139.11 person to use a lock provided by the license holder, must comply with section 245D.04,  
139.12 subdivision 3, paragraph (c), and allow the person to be present if and when the license  
139.13 holder opens the lock.

139.14 (g) A person must be allowed to lock the person's bedroom door. The license holder  
139.15 must document and assess the physical plant and the environment, and the population served,  
139.16 and identify the risk factors that require using locked doors, and the specific action taken  
139.17 to minimize the safety risk to a person receiving services at the site.

139.18 **EFFECTIVE DATE.** This section is effective the day following final enactment.

139.19 Sec. 15. Minnesota Statutes 2016, section 256.045, subdivision 3, is amended to read:

139.20 Subd. 3. **State agency hearings.** (a) State agency hearings are available for the following:

139.21 (1) any person applying for, receiving or having received public assistance, medical  
139.22 care, or a program of social services granted by the state agency or a county agency or the  
139.23 federal Food Stamp Act whose application for assistance is denied, not acted upon with  
139.24 reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed  
139.25 to have been incorrectly paid;

139.26 (2) any patient or relative aggrieved by an order of the commissioner under section  
139.27 252.27;

139.28 (3) a party aggrieved by a ruling of a prepaid health plan;

139.29 (4) except as provided under chapter 245C, any individual or facility determined by a  
139.30 lead investigative agency to have maltreated a vulnerable adult under section 626.557 after  
139.31 they have exercised their right to administrative reconsideration under section 626.557;

140.1 (5) any person whose claim for foster care payment according to a placement of the  
140.2 child resulting from a child protection assessment under section 626.556 is denied or not  
140.3 acted upon with reasonable promptness, regardless of funding source;

140.4 (6) any person to whom a right of appeal according to this section is given by other  
140.5 provision of law;

140.6 (7) an applicant aggrieved by an adverse decision to an application for a hardship waiver  
140.7 under section 256B.15;

140.8 (8) an applicant aggrieved by an adverse decision to an application or redetermination  
140.9 for a Medicare Part D prescription drug subsidy under section 256B.04, subdivision 4a;

140.10 (9) except as provided under chapter 245A, an individual or facility determined to have  
140.11 maltreated a minor under section 626.556, after the individual or facility has exercised the  
140.12 right to administrative reconsideration under section 626.556;

140.13 (10) except as provided under chapter 245C, an individual disqualified under sections  
140.14 245C.14 and 245C.15, following a reconsideration decision issued under section 245C.23,

140.16 individual has committed an act or acts that meet the definition of any of the crimes listed  
140.17 in section 245C.15, subdivisions 1 to 4; or for failing to make reports required under section  
140.18 626.556, subdivision 3, or 626.557, subdivision 3. Hearings regarding a maltreatment  
140.19 determination under clause (4) or (9) and a disqualification under this clause in which the  
140.20 basis for a disqualification is serious or recurring maltreatment, shall be consolidated into  
140.21 a single fair hearing. In such cases, the scope of review by the human services judge shall  
140.22 include both the maltreatment determination and the disqualification. The failure to exercise  
140.23 the right to an administrative reconsideration shall not be a bar to a hearing under this section  
140.24 if federal law provides an individual the right to a hearing to dispute a finding of  
140.25 maltreatment;

140.26 (11) any person with an outstanding debt resulting from receipt of public assistance,  
140.27 medical care, or the federal Food Stamp Act who is contesting a setoff claim by the  
140.28 Department of Human Services or a county agency. The scope of the appeal is the validity  
140.29 of the claimant agency's intention to request a setoff of a refund under chapter 270A against  
140.30 the debt;

140.31 (12) a person issued a notice of service termination under section 245D.10, subdivision  
140.32 3a, from residential supports and services as defined in section 245D.03, subdivision 1,  
140.33 paragraph (c), clause (3), that is not otherwise subject to appeal under subdivision 4a; or

141.1 (13) an individual disability waiver recipient based on a denial of a request for a rate  
141.2 exception under section 256B.4914; or

141.3 (14) a person issued a notice of service termination under section 245A.11, subdivision  
141.4 11, that is not otherwise subject to appeal under subdivision 4a.

141.5 (b) The hearing for an individual or facility under paragraph (a), clause (4), (9), or (10),  
141.6 is the only administrative appeal to the final agency determination specifically, including  
141.7 a challenge to the accuracy and completeness of data under section 13.04. Hearings requested  
141.8 under paragraph (a), clause (4), apply only to incidents of maltreatment that occur on or  
141.9 after October 1, 1995. Hearings requested by nursing assistants in nursing homes alleged  
141.10 to have maltreated a resident prior to October 1, 1995, shall be held as a contested case  
141.11 proceeding under the provisions of chapter 14. Hearings requested under paragraph (a),  
141.12 clause (9), apply only to incidents of maltreatment that occur on or after July 1, 1997. A  
141.13 hearing for an individual or facility under paragraph (a), clauses (4), (9), and (10), is only  
141.14 available when there is no district court action pending. If such action is filed in district  
141.15 court while an administrative review is pending that arises out of some or all of the events  
141.16 or circumstances on which the appeal is based, the administrative review must be suspended  
141.17 until the judicial actions are completed. If the district court proceedings are completed,  
141.18 dismissed, or overturned, the matter may be considered in an administrative hearing.

141.19 (c) For purposes of this section, bargaining unit grievance procedures are not an  
141.20 administrative appeal.

141.21 (d) The scope of hearings involving claims to foster care payments under paragraph (a),  
141.22 clause (5), shall be limited to the issue of whether the county is legally responsible for a  
141.23 child's placement under court order or voluntary placement agreement and, if so, the correct  
141.24 amount of foster care payment to be made on the child's behalf and shall not include review  
141.25 of the propriety of the county's child protection determination or child placement decision.

141.26 (e) The scope of hearings under paragraph (a), ~~clause~~ clauses (12) and (14), shall be  
141.27 limited to whether the proposed termination of services is authorized under section 245D.10,  
141.28 subdivision 3a, paragraph (b), or 245A.11, subdivision 11, and whether the requirements  
141.29 of section 245D.10, subdivision 3a, ~~paragraph~~ paragraphs (c) to (e), or 245A.11, subdivision  
141.30 2a, paragraphs (d) to (f), were met. If the appeal includes a request for a temporary stay of  
141.31 termination of services, the scope of the hearing shall also include whether the case  
141.32 management provider has finalized arrangements for a residential facility, a program, or  
141.33 services that will meet the assessed needs of the recipient by the effective date of the service  
141.34 termination.

142.1 (f) A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor  
142.2 under contract with a county agency to provide social services is not a party and may not  
142.3 request a hearing under this section, except if assisting a recipient as provided in subdivision  
142.4 4.

142.5 (g) An applicant or recipient is not entitled to receive social services beyond the services  
142.6 prescribed under chapter 256M or other social services the person is eligible for under state  
142.7 law.

142.8 (h) The commissioner may summarily affirm the county or state agency's proposed  
142.9 action without a hearing when the sole issue is an automatic change due to a change in state  
142.10 or federal law.

142.11 (i) Unless federal or Minnesota law specifies a different time frame in which to file an  
142.12 appeal, an individual or organization specified in this section may contest the specified  
142.13 action, decision, or final disposition before the state agency by submitting a written request  
142.14 for a hearing to the state agency within 30 days after receiving written notice of the action,  
142.15 decision, or final disposition, or within 90 days of such written notice if the applicant,

156.6 services with programming, including behavior programming, housing access coordination,  
156.7 in-home family support, independent living skills training, individualized home supports,  
156.8 hourly supported living services, and supported employment provided to an individual  
156.9 outside of any day or residential service plan must be calculated as follows, unless the  
156.10 services are authorized separately under subdivision 6 or 7:

156.11 (1) determine the number of units of service to meet a recipient's needs;

156.12 (2) personnel hourly wage rate must be based on the 2009 Bureau of Labor Statistics  
156.13 Minnesota-specific rates or rates derived by the commissioner as provided in subdivision  
156.14 5;

156.15 (3) for a recipient requiring customization for deaf and hard-of-hearing language  
156.16 accessibility under subdivision 12, add the customization rate provided in subdivision 12  
156.17 to the result of clause (2). This is defined as the customized direct-care rate;

156.18 (4) multiply the number of direct staff hours by the appropriate staff wage in subdivision  
156.19 5, paragraph (a), or the customized direct-care rate;

156.20 (5) multiply the number of direct staff hours by the product of the supervision span of  
156.21 control ratio in subdivision 5, paragraph (e), clause (1), and the appropriate supervision  
156.22 wage in subdivision 5, paragraph (a), clause (16);

156.23 (6) combine the results of clauses (4) and (5), and multiply the result by one plus the  
156.24 employee vacation, sick, and training allowance ratio in subdivision 5, paragraph (e), clause  
156.25 (2). This is defined as the direct staffing rate;

156.26 (7) for program plan support, multiply the result of clause (6) by one plus the program  
156.27 plan supports ratio in subdivision 5, paragraph (e), clause (4);

156.28 (8) for employee-related expenses, multiply the result of clause (7) by one plus the  
156.29 employee-related cost ratio in subdivision 5, paragraph (e), clause (3);

156.30 (9) for client programming and supports, multiply the result of clause (8) by one plus  
156.31 the client programming and supports ratio in subdivision 5, paragraph (e), clause (5);

157.1 (10) this is the subtotal rate;

157.4 (12) divide the result of clause (10) by one minus the result of clause (11). This is the  
157.5 total payment amount;

157.6 (13) for supported employment provided in a shared manner, divide the total payment  
157.7 amount in clause (12) by the number of service recipients, not to exceed three. For  
157.8 independent living skills training and individualized home supports provided in a shared  
157.9 manner, divide the total payment amount in clause (12) by the number of service recipients,

157.12 to adjust for regional differences in the cost of providing services.

157.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

157.15 Subd. 16. **Budget neutrality adjustments.** (a) The commissioner shall use the following  
157.16 adjustments to the rate generated by the framework to assure budget neutrality until the rate

157.25 defined in subdivisions 6 to 9 with estimated spending for the same recipients and services  
157.26 under the rates in effect on July 1, 2013. This comparison must distinguish spending under  
157.27 each of subdivisions 6, 7, 8, and 9. The comparison must be based on actual recipients and  
157.28 services for one or more service months after the new rates have gone into effect. The  
157.29 commissioner shall consult with the commissioner of management and budget on this  
157.30 analysis to ensure budget neutrality. If estimated spending under the new rates for services  
157.31 under one or more subdivisions differs in this comparison by 0.3 percent or more, the  
157.32 commissioner shall assure aggregate budget neutrality across all service areas by adjusting

158.1 the budget neutrality factor in paragraph (a) in each subdivision so that total estimated  
158.2 spending for each subdivision under the new rates matches estimated spending under the  
158.3 rates in effect on July 1, 2013.

158.4 (c) A service rate developed using values in subdivision 5, paragraph (a), clause (11),  
158.5 is not subject to budget neutrality adjustments.

158.18 24-hour period that results in the participant's service needs exceeding the participant's  
158.19 identified needs in the current CFSS service delivery plan so that the agency-provider cannot  
158.20 safely meet the participant's needs.

158.21 (b) When a participant initiates a request to terminate CFSS services with the  
158.22 agency-provider, the agency-provider must give the participant a written ~~acknowledgement~~  
158.23 acknowledgment of the participant's service termination request that includes the date the

161.22 If standards overlap, the commissioner may substitute all or a part of a licensure or  
161.23 certification that is substantially the same as another licensure or certification. The  
161.24 commissioner shall consult with stakeholders, as described in subdivision 4, before granting  
161.25 variances under this provision.

161.26 (e) The commissioner shall issue a list of required evidence-based practices to be  
161.27 delivered by ~~CCBHCs~~ a CCBHC, and may also provide a list of recommended  
161.28 evidence-based practices. The commissioner may update the list to reflect advances in  
161.29 outcomes research and medical services for persons living with mental illnesses or substance  
161.30 use disorders. The commissioner shall take into consideration the adequacy of evidence to  
161.31 support the efficacy of the practice, the quality of workforce available, and the current  
161.32 availability of the practice in the state. At least 30 days before issuing the initial list and

 162.2 payment system for medical assistance payments for services delivered by ~~certified~~  
 162.3 ~~community behavioral health clinics~~ a CCBHC, in accordance with guidance issued by the

 162.6 assistance percentage. The commissioner may include quality bonus payment in the  
 162.7 prospective payment system based on federal criteria and on a clinic's provision of the  
 162.8 evidence-based practices in paragraph (e). The prospective payment system does not apply  
 162.9 to MinnesotaCare. Implementation of the prospective payment system is effective July 1,  
 162.10 2017, or upon federal approval, whichever is later.

162.11 (g) The commissioner shall seek federal approval to continue federal financial  
 162.12 participation in payment for CCBHC services after the federal demonstration period ends  
 162.13 for clinics that were certified as ~~CCBHCs~~ a CCBHC during the demonstration period and  
 162.14 that continue to meet the CCBHC certification standards in paragraph (a). Payment for  
 162.15 CCBHC services shall cease effective July 1, 2019, if continued federal financial participation  
 162.16 for the payment of CCBHC services cannot be obtained.

162.17 (h) The commissioner may certify at least one CCBHC located in an urban area and at

163.19 home care is appropriate, provided that the cost to medical assistance under this section is  
163.20 not more than the amount that medical assistance would pay for if the child resides in an  
163.21 institution. After the child is determined to be eligible under this section, the commissioner  
163.22 shall review the child's disability under United States Code, title 42, section 1382c(a) and  
163.23 level of care defined under this section no more often than annually and may elect, based

164.5 to need an extensive array of health services, including mental health services, for an  
164.6 undetermined period of time, whose health condition requires frequent monitoring and  
164.7 treatment by a health care professional or by a person supervised by a health care  
164.8 professional, who would reside in a hospital or require frequent hospitalization if these  
164.9 services were not provided, and the daily care needs are more complex than a nursing facility  
164.10 level of care.

164.11 A child with serious emotional disturbance requires a level of care provided in a hospital  
164.12 if the commissioner determines that the individual requires 24-hour supervision because

164.15 threatening, recurrent or frequent severe socially unacceptable behavior associated with

164.23 in need of special treatments provided or supervised by a licensed nurse; or has unpredictable  
164.24 episodes of active disease processes requiring immediate judgment by a licensed nurse. For  
164.25 purposes of this subdivision, a child requires the level of care provided in a nursing facility  
164.26 if the child is determined by the commissioner to meet the requirements of the preadmission  
164.27 screening assessment document under section 256B.0911, adjusted to address age-appropriate

165.1 for medical, behavioral, or habilitation needs. For purposes of this subdivision, a child  
165.2 requires a level of care provided in an ICF/DD if the commissioner finds that the child has  
165.3 a developmental disability in accordance with section 256B.092, is in need of a 24-hour  
165.4 plan of care and active treatment similar to persons with developmental disabilities, and  
165.5 there is a reasonable indication that the child will need ICF/DD services.

165.6 (e) For purposes of this subdivision, a person requires the level of care provided in a  
165.7 nursing facility if the person requires 24-hour monitoring or supervision and a plan of mental  
165.8 health treatment because of specific symptoms or functional impairments associated with  
165.9 a serious mental illness or disorder diagnosis, which meet severity criteria for mental health  
165.10 established by the commissioner and published in March 1997 as the Minnesota Mental  
165.11 Health Level of Care for Children and Adolescents with Severe Emotional Disorders.

165.21 and

165.22 (2) the cost of medical assistance services for the child, if eligible under this subdivision,  
165.23 would not be more than the cost to medical assistance if the child resides in a medical  
165.24 institution to be determined as follows: The commissioner shall presume that the cost of  
165.25 medical assistance services for a child who meets the conditions in paragraph (b), (c), (d),  
165.26 or (e) is not more than the cost to medical assistance if the child resides in a medical  
165.27 institution.

165.28 ~~(i) for a child who requires a level of care provided in an ICF/DD, the cost of care for~~

166.2 ~~paragraph (c) or (e), cost-effectiveness shall be determined according to Minnesota Rules,~~  
166.3 ~~part 9505.3040, except that the nursing facility average rate shall be adjusted to reflect rates~~  
166.4 ~~which would be paid for children under age 16. The commissioner may authorize an amount~~  
166.5 ~~up to the amount medical assistance would pay for a child referred to the commissioner by~~  
166.6 ~~the preadmission screening team under section 256B.0911.~~

Subd. 4a. **Alternative provider standards.** If a county demonstrates that, due to geographic or other barriers, it is not feasible to provide mobile crisis intervention services according to the standards in subdivision 4, paragraph (b), clause (9), the commissioner may approve a crisis response provider based on an alternative plan proposed by a county or group of counties. The alternative plan must:

Team members must be experienced in mental health assessment, crisis intervention techniques, treatment engagement strategies, working with families, and clinical decision-making under emergency conditions and have knowledge of local services and resources. (b) If a crisis exists, a crisis assessment must be completed. A crisis assessment evaluates any immediate needs for which emergency services are needed and, as time permits, the recipient's current life situation, sources of stress, mental health problems and symptoms, strengths, cultural considerations, support network, vulnerabilities, current functioning, and the recipient's preferences as communicated directly by the recipient, or as communicated in a

The treatment plan must be updated as needed to reflect current goals and services.

(e) The team must document which short-term goals have been met and when no further crisis intervention services are required.

(f) If the recipient's crisis is stabilized, but the recipient needs a referral to other services, the team must provide referrals to these services. If the recipient has a case manager, planning for other services must be coordinated with the case manager. If the recipient is unable to follow up on the referral, the team must link the recipient to the service and follow up to ensure the recipient is receiving the service.

(g) If the recipient's crisis is stabilized and the recipient does not have an advance directive, the case manager or crisis team shall offer to work with the recipient to develop one.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Mental health crisis" means a child's behavioral, emotional, or psychiatric situation that, but for the provision of crisis response services to the child, would likely result in significantly reduced levels of functioning in primary activities of daily living, an emergency situation, or the child's placement in a more restrictive setting, including, but not limited to, inpatient hospitalization.

(b) "Mental health emergency" means a child's behavioral, emotional, or psychiatric situation that causes an immediate need for mental health services and is consistent with section 62Q.55.
