7.18 methods of the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal  
7.19 Diseases, published by the International Office of Epizootics (OIE).

7.20 (b) An aquatic farm propagating any species on the VHS susceptible list and having an  
7.21 effluent discharge from the aquatic farm into public waters must test for VHS virus using  
7.22 the guidelines of the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal  
7.23 Diseases. The commissioner may, by written order published in the State Register, prescribe  
7.24 alternative testing time periods and methods from those prescribed in the Fish Health Blue  
7.25 Book or the OIE Diagnostic Manual if the commissioner determines that biosecurity measures  
7.26 will not be compromised. These alternatives are not subject to the rulemaking provisions  
7.27 of chapter 14 and section 14.386 does not apply. The commissioner must provide reasonable  
7.28 notice to affected parties of any changes in testing requirements.

8.1 (d) A health inspection fee must be charged based on each lot of fish sampled. The fee  
8.2 by check or money order payable to the Department of Natural Resources must be prepaid  
8.3 or paid at the time a bill or notice is received from the commissioner that the inspection and  
8.4 processing of samples is completed.

8.6 the operator and issue a fish health certificate. The certification must be made according to  
8.7 the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases by a  
8.8 person certified as a fish health inspector.

8.9 (f) All aquatic life in transit or held at transfer stations within the state may be inspected  
8.10 by the commissioner. This inspection may include the collection of stock for purposes of  
8.11 pathological analysis. Sample size necessary for analysis will follow guidelines listed in  
8.12 the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases.

8.13 (g) Salmonids, catfish, or species on the VHS susceptible list must have a fish health  
8.14 inspection before being transported from a containment facility, unless the fish are being  
8.15 transported directly to an outlet for processing or other food purposes or unless the  
8.16 commissioner determines that an inspection is not needed. A fish health inspection conducted  
8.17 for this purpose need only be done on the lot or lots of fish that will be transported. The  
8.18 commissioner must conduct a fish health inspection requested for this purpose within five  
8.19 working days of receiving written notice. Salmonids and catfish may be immediately  
8.20 transported from a containment facility to another containment facility once a sample has  
8.21 been obtained for a health inspection or once the five-day notice period has expired.

8.23 Subd. 2. **Restriction on the sale of fish.** (a) Except as provided in paragraph (b), species  
8.24 on the ~~official list of viral hemorrhagic septicemia susceptible species published by the~~  
8.25 ~~United States Department of Agriculture, Animal and Plant Health Inspection Services,~~  
8.26 VHS-susceptible-species list must be free of viral hemorrhagic septicemia and species of  
8.27 the family salmonidae or ictaluridae, except bullheads, must be free of certifiable diseases  
8.28 if sold for stocking or transfer to another aquatic farm.

8.29 (b) The following exceptions apply to paragraph (a):

8.30 (1) eggs with enteric redmouth, whirling disease, or furunculosis may be transferred  
8.31 between licensed facilities or stocked following treatment approved by the commissioner;

9.1 (2) fish with bacterial kidney disease or viral hemorrhagic septicemia may be transferred  
9.2 between licensed facilities or stocked in areas where the disease has been identified as being  
9.3 present; and

9.4 (3) the commissioner may allow transfer between licensed facilities or stocking of fish  
9.5 with enteric redmouth or furunculosis when the commissioner determines that doing so  
9.6 would pose no threat to the state's aquatic resources.

9.7 Sec. 14. Minnesota Statutes 2020, section 84.027, subdivision 18, is amended to read:

9.8 Subd. 18. **Permanent school fund authority; reporting.** (a) The commissioner of  
9.9 natural resources has the authority and responsibility to administer school trust lands under  
9.10 sections 92.122 and 127A.31. The commissioner shall ~~biannually~~ biennially report to the  
9.11 Legislative Permanent School Fund Commission and the legislature on the management of  
9.12 the school trust lands that shows how the commissioner has and will continue to achieve  
9.13 the following goals:

9.14 (1) manage the school trust lands efficiently and in a manner that reflects the undivided  
9.15 loyalty to the beneficiaries consistent with the commissioner's fiduciary duties;

9.16 (2) reduce the management expenditures of school trust lands and maximize the revenues  
9.17 deposited in the permanent school trust fund;

9.18 (3) manage the sale, exchange, and commercial leasing of school trust lands, requiring  
9.19 returns of not less than fair market value, to maximize the revenues deposited in the  
9.20 permanent school trust fund and retain the value from the long-term appreciation of the  
9.21 school trust lands;

9.22 (4) manage the school trust lands to maximize the long-term economic return for the  
9.23 permanent school trust fund while maintaining sound natural resource conservation and  
9.24 management principles;

9.25 (5) optimize school trust land revenues and maximize the value of the trust consistent  
9.26 with balancing short-term and long-term interests, so that long-term benefits are not lost in  
9.27 an effort to maximize short-term gains; and

9.28 (6) maintain the integrity of the trust and prevent the misapplication of its lands and its  
9.29 revenues.

9.30 (b) When the commissioner finds an irresolvable conflict between maximizing the  
9.31 long-term economic return and protecting natural resources and recreational values on  
9.32 school trust lands, the commissioner shall give precedence to the long-term economic return

10.1 in managing school trust lands. By July 1, 2018, the permanent school fund must be  
10.2 compensated for all school trust lands included under a designation or policy provision that  
10.3 prohibits long-term economic return. The commissioner shall submit recommendations to  
10.4 the appropriate legislative committees and divisions on methods of funding for the  
10.5 compensation required under this paragraph, including recommendations for appropriations  
10.6 from the general fund, nongeneral funds, and the state bond fund. Any uncompensated  
10.7 designation or policy provision restrictions on the long-term economic return on school  
10.8 trust lands remaining after July 1, 2018, must be compiled and submitted to the Legislative  
10.9 Permanent School Fund Commission for review.

10.10 (c) By December 31, 2013, the report required under paragraph (a) must provide an  
10.11 inventory and identification of all school trust lands that are included under a designation  
10.12 or policy provision that prohibits long-term economic return. The report must include a plan  
10.13 to compensate the permanent school fund through the purchase or exchange of the lands or  
10.14 a plan to manage the school trust land to generate long-term economic return to the permanent  
10.15 school fund. Subsequent reports under paragraph (a) must include a status report of the  
10.16 commissioner's progress in maximizing the long-term economic return on lands identified  
10.17 in the 2013 report.

10.18 (d) When management practices, policies, or designations by the commissioner diminish  
10.19 or prohibit the long-term economic return on school trust land, the conflict must be resolved  
10.20 as provided in section 92.122.

10.21 Sec. 15. Minnesota Statutes 2020, section 84.82, subdivision 1a, is amended to read:

10.22 Subd. 1a. **General requirements.** A person may not operate ~~or transport~~ a snowmobile  
10.23 unless the snowmobile has been registered under this section. A person may not sell a  
10.24 snowmobile without furnishing the buyer a bill of sale on a form prescribed by the  
10.25 commissioner.

10.26 Sec. 16. Minnesota Statutes 2020, section 84.82, subdivision 7a, is amended to read:

10.27 Subd. 7a. **Collector snowmobiles; limited use.** The commissioner may issue a special  
10.28 permit to a person or organization to operate ~~or transport~~ a collector snowmobile without  
10.29 registration in parades or organized group outings, such as races, rallies, and other  
10.30 promotional events and for up to ten days each year for personal transportation. The  
10.31 commissioner may impose a reasonable restriction on a permittee and may revoke, amend,
