24.4 (a) A local unit of government may not prohibit the possession, transportation, or use
24.5 of cannabis or cannabis products authorized under this chapter.

24.6 (b) A local unit of government may not prohibit the establishment or operation of a
24.7 cannabis business licensed under this chapter.

24.8 (c) A local unit of government may adopt reasonable restrictions on the time, place, and
24.9 manner of the operation of a cannabis business provided such restrictions do not prohibit
24.10 the establishment or operation of such a business.

24.11 (d) The board shall work with local units of government to develop model ordinances
24.12 for reasonable restrictions on the time, place, and manner of the operation of a cannabis
24.13 business.

24.14 (e) If a local unit of government is conducting studies or has authorized a study to be
24.15 conducted or has held or has scheduled a hearing for the purpose of considering adoption
24.16 or amendment of reasonable restrictions on the time, place, and manner of the operation of
24.17 a cannabis business, the governing body of the local unit of government may adopt an
24.18 interim ordinance applicable to all or part of its jurisdiction for the purpose of protecting
24.19 the planning process and the health, safety, and welfare of its citizens. Before adopting the
24.20 interim ordinance, the governing body must hold a public hearing. The interim ordinance
24.21 may regulate, restrict, or prohibit the operation of a cannabis business within the jurisdiction
24.22 or a portion thereof until January 1, 2024.

24.23 (f) Within 30 days of receiving a copy of an application from the board, a local unit of
24.24 government shall certify on a form provided by the board whether a proposed cannabis
24.25 business complies with local zoning ordinances and, if applicable, whether the proposed
24.26 business complies with the state fire code and building code.

24.27 (g) Upon receipt of an application for a license issued under this chapter, the board shall
24.28 contact the local unit of government in which the business would be located and provide
24.29 the local unit of government with 30 days in which to provide input on the application.

24.30 (h) The board by rule shall establish an expedited complaint process to receive, review,
24.31 and respond to complaints made by a local unit of government about a cannabis business.
24.32 Complaints may include alleged violations of local ordinances or other alleged violations.
24.33 At a minimum, the expedited complaint process shall require the board to provide an initial

25.1 response to the complaint within seven days and perform any necessary inspections within
25.2 30 days. Nothing in this paragraphs prohibits a local unit of government from enforcing a
25.3 local ordinance.

27.1 (d) Commitments made by an applicant in its application, including but not limited to
27.2 the maintenance of a labor peace agreement, shall be an ongoing material condition of
27.3 maintaining and renewing the license.

27.4 (e) An application on behalf of a corporation or association shall be signed by at least
27.5 two officers or managing agents of that entity.

27.6 Subd. 2. **Application; process.** (a) Applicants must submit all required information to
27.7 the board on the forms and in the manner prescribed by the board.

27.8 (b) If the board receives an application that fails to provide the required information,
27.9 the board shall issue a deficiency notice to the applicant. The applicant shall have ten business
27.10 days from the date of the deficiency notice to submit the required information.

27.11 (c) Failure by an applicant to submit all required information will result in the application
27.12 being rejected.

27.13 (d) Upon receipt of a completed application and fee, the board shall forward a copy of
27.14 the application to the local unit of government in which the business operates or intends to
27.15 operate with a form for certification as to whether a proposed cannabis business complies
27.16 with local zoning ordinances and, if applicable, whether the proposed business complies
27.17 with the state fire code and building code.

27.18 (e) Within 90 days of receiving a completed application, the board shall issue the

27.22 \$250, to cover the costs associated with reviewing and processing applications.

27.23 Sec. 14. **[342.16] LICENSE SELECTION CRITERIA.**

27.24 Subdivision 1. **Market stability.** The board shall issue the necessary number of licenses
27.25 in order to assure sufficient supply of cannabis and cannabis products to meet demand,
27.26 provide market stability, and limit the sale of unregulated cannabis.

27.27 Subd. 2. **Craft cultivation priority.** (a) The board shall prioritize issuance of
27.28 microbusiness licenses with an endorsement to cultivate cannabis and craft cultivator licenses.

27.29 (b) Unless the board determines that issuance of bulk cultivator licenses is necessary to
27.30 assure a sufficient supply of cannabis and cannabis products, the board shall not issue a
27.31 bulk cultivator license before July 1, 2026.

28.1 Subd. 3. **Application score; license priority.** (a) The board shall award points to each
28.2 completed application in the following categories:

28.3 (1) status as a social equity applicant;

28.4 (2) status as a veteran applicant;

28.5 (3) security and record keeping;

28.6 (4) employee training plan;

28.7 (5) business plan and financial situation;

28.8 (6) diversity plan;

28.9 (7) labor and employment practices;

28.10 (8) knowledge and experience; and

28.11 (9) environmental plan.

28.12 (b) The board may award additional points to an application if the license holder would
28.13 expand service to an underrepresented market including but not limited to participation in
28.14 the medical cannabis program.

28.15 (c) The board shall establish policies and guidelines, which shall be made available to
28.16 the public, regarding the number of points available in each category and the basis for
28.17 awarding those points. Status as a social equity applicant must account for at least 20 percent
28.18 of the total available points.

28.19 (d) Consistent with the goals identified in subdivision 1, the commissioner shall issue
28.20 licenses in each license category, giving priority to applicants who receive the highest score
28.21 under paragraphs (a) and (b). If there are insufficient licenses available for entities that
28.22 receive identical scores, the commissioner shall utilize a lottery to randomly select license
28.23 recipients from among those entities.

28.24 **Sec. 15. [342.17] INSPECTION; LICENSE VIOLATIONS; PENALTIES.**

28.25 Subdivision 1. **Authority to inspect.** In order to carry out the purposes of this chapter,
28.26 the board, upon presenting appropriate credentials to the owner, operator, or agent in charge,
28.27 is authorized to enter without delay and at reasonable times any cannabis business; and to
28.28 inspect and investigate during regular working hours and at other reasonable times, and
28.29 within reasonable limits and in a reasonable manner, any cannabis business and all pertinent
28.30 conditions, equipment, records, and materials therein, and to question privately any such
28.31 employer, owner, operator, agent, or employee.

29.1 Subd. 2. Powers of board. In making inspections and investigations under this chapter
29.2 the board shall have the power to administer oaths, certify as to official acts, take and cause
29.3 to be taken depositions of witnesses, issue subpoenas, and compel the attendance of witnesses
29.4 and production of papers, books, documents, records, and testimony. In case of failure of
29.5 any person to comply with any subpoena lawfully issued, or on the refusal of any witness
29.6 to produce evidence or to testify to any matter regarding which the person may be lawfully
29.7 interrogated, the district court shall, upon application of the board, compel obedience
29.8 proceedings for contempt, as in the case of disobedience of the requirements of a subpoena
29.9 issued by the court or a refusal to testify therein.

29.10 Subd. 3. Delegation of powers and duties. (a) The board may enter into an agreement
29.11 with any community health board, or county or city that has an established delegation
29.12 agreement as of January 1, 2014, to delegate all or part of the licensing, inspection, reporting,
29.13 and enforcement duties authorized under this chapter.

29.14 (b) A community health board may authorize a city or county within its jurisdiction to
29.15 conduct all or part of the licensing, inspection, reporting, and enforcement duties authorized
29.16 under this chapter. An agreement to delegate duties to a county or city must be approved
29.17 by the board.

29.18 (c) Agreements authorized under this subdivision must:

29.19 (1) be in writing and signed by the delegating authority and the designated agent;

29.20 (2) list criteria the delegating authority will use to determine if the designated agent's
29.21 performance meets appropriate standards and is sufficient to replace performance by the
29.22 delegating authority; and

29.23 (3) specify minimum staff requirements and qualifications, set procedures for the
29.24 assessment of costs, and provide for termination procedures if the delegating authority finds
29.25 that the designated agent fails to comply with the agreement.

29.26 (d) A designated agent must not perform licensing, inspection, or enforcement duties
29.27 under the agreement in territory outside its jurisdiction unless approved by the governing
29.28 body for that territory through a separate agreement.

29.29 (e) The scope of agreements established under this subdivision is limited to duties and
29.30 responsibilities agreed upon by the parties. The agreement may provide for automatic
29.31 renewal and for notice of intent to terminate by either party.

29.32 (f) During the life of the agreement, the delegating authority shall not perform duties
29.33 that the designated agent is required to perform under the agreement, except inspections

30.1 necessary to determine compliance with the agreement and this section or as agreed to by
30.2 the parties.

30.3 (g) The delegating authority shall consult with, advise, and assist a designated agent in
30.4 the performance of its duties under the agreement.

30.5 (h) This subdivision does not alter the responsibility of the delegating authority for the
30.6 performance of duties specified in law and does not alter the terms of any other agreement
30.7 entered into by the designated agent.

30.8 Subd. 4. **Aiding of inspection.** Subject to rules issued by the board, a representative of
30.9 a cannabis business shall be given an opportunity to accompany the board during the physical
30.10 inspection of any cannabis business for the purpose of aiding such inspection.

30.11 Subd. 5. **Complaints and reports; priority of inspection.** (a) The board may conduct
30.12 inspections of any licensed business at any time to assure compliance with the ownership
30.13 and operation requirements of this chapter.

30.14 (b) Any person may report a suspected violation of a safety or health standard. If upon
30.15 receipt of such notification the board determines that there are reasonable grounds to believe
30.16 that such violation or danger exists, the board shall make a special inspection as soon as
30.17 practicable to determine if such danger or violation exists.

30.18 (c) The board shall prioritize inspections of cannabis businesses where there are
30.19 reasonable grounds to believe that a violation poses imminent danger to the public or
30.20 customers.

30.21 (d) The board shall promptly inspect cannabis businesses that are the subject of complaint
30.22 by a local unit of government.

30.23 Subd. 6. **Violations; administrative orders and penalties.** (a) The board may issue an
30.24 administrative order to any licensed business who the board determines has committed a
30.25 violation of this chapter or rules adopted pursuant to this chapter. The administrative order
30.26 may require the business to correct the violation or to cease and desist from committing the
30.27 violation. The order must state the deficiencies that constitute the violation and the time by
30.28 which the violation must be corrected. If the business believes that the information in the
30.29 administrative order is in error, the person may ask the board to consider the parts of the
30.30 order that are alleged to be in error. The request must be in writing, delivered to the board
30.31 by certified mail within seven days after receipt of the order, and provide documentation
30.32 to support the allegation of error. The board must respond to a request for reconsideration
30.33 within 15 days after receiving the request. A request for reconsideration does not stay the

31.1 correction order unless the board issues a supplemental order granting additional time. The
 31.2 board's disposition of a request for reconsideration is final.

31.3 (b) For each violation of this chapter or rules adopted pursuant to this chapter, the board
 31.4 may issue to each business a monetary penalty of up to \$10,000, an amount that deprives
 31.5 the business of any economic advantage gained by the violation, or both.

31.6 (c) An administrative penalty may be recovered in a civil action in the name of the state
 31.7 brought in the district court of the county where the violation is alleged to have occurred
 31.8 or the district court where the board has an office.

31.9 (d) In addition to penalties listed in this subdivision, a person or business who violates
 31.10 the provisions of this chapter is subject to any applicable criminal penalty.

31.11 Subd. 7. **Nonpublic data.** (a) The following data collected, created, or maintained by
 31.12 the board is classified as private, pursuant to section 13.02, subdivision 9:

31.13 (1) data submitted by an applicant for a cannabis business license, other than the
 31.14 applicant's name and designated address;

31.15 (2) the identity of a complainant who has made a report concerning a license holder or
 31.16 applicant that appears in inactive complaint data unless the complainant consents to the
 31.17 disclosure;

31.18 (3) the nature or content of unsubstantiated complaints when the information is not
 31.19 maintained in anticipation of legal action;

31.20 (4) inactive investigative data relating to violations of statutes or rules; and

31.21 (5) the record of any disciplinary proceeding except as limited by paragraph (b).

31.22 (b) Minutes, application data on license holders except nondesignated addresses, orders
 31.23 for hearing, findings of fact, conclusions of law, and specification of the final disciplinary
 31.24 action contained in the record of the disciplinary action are classified as public, pursuant to
 31.25 section 13.02, subdivision 15. If there is a public hearing concerning the disciplinary action,
 31.26 the entire record concerning the disciplinary proceeding is public data pursuant to section
 31.27 13.02, subdivision 15. If the license holder and the board agree to resolve a complaint
 31.28 without a hearing, the agreement and the specific reasons for the agreement are public data.

31.29 **Sec. 16. [342.18] LICENSE SUSPENSION OR REVOCATION; HEARING.**

31.30 Subdivision 1. **License revocation and nonrenewal.** The board may revoke or not
 31.31 renew a license when it has cause to believe that a cannabis business has violated an
 31.32 ownership or operational requirement established in this chapter or rules adopted pursuant

32.1 to this chapter. The board shall notify the business in writing, specifying the grounds for
32.2 revocation or nonrenewal and fixing a time of at least 20 days thereafter for a hearing on
32.3 the matter.

32.4 Subd. 2. **Hearing; written findings.** (a) Before the board revokes or does not renew a
32.5 license, the license holder shall be provided with a statement of the complaints made against
32.6 the license holder and a hearing shall be held before the board to determine whether the
32.7 license should be revoked or renewal should be denied. The license holder shall receive
32.8 notice at least 20 days before the date of the hearing and notice may be served either by
32.9 certified mail addressed to the address of the license holder as shown in the license
32.10 application or in the manner provided by law for the service of a summons. At the time and
32.11 place fixed for the hearing, the board, or any official employee or agent of the board
32.12 authorized by the board to conduct the hearing, shall receive evidence, administer oaths,
32.13 and examine witnesses.

32.14 (b) After the hearing held pursuant to paragraph (a), or upon the failure of the license
32.15 holder to appear at the hearing, the board shall take action as is deemed advisable and issue
32.16 written findings, which the board shall mail to the license holder. An action of the board
32.17 under this paragraph is subject to judicial review pursuant to chapter 14.

32.18 Subd. 3. **Temporary suspension.** The board may temporarily, without hearing, suspend
32.19 the license and operating privilege of any business licensed under this chapter for a period
32.20 of up to 90 days if continued operation would threaten the health or safety of any person.
32.21 The board may extend the period for an additional 90 days if the board notified the business
32.22 that it intends to revoke or not renew a license and the hearing required under subdivision
32.23 1 has not taken place.

69.32 Subd. 2. **Final approval for distribution of medical cannabis and medical cannabis**
69.33 **products.** A cannabis retailer or medical cannabis business employee who is licensed as a

70.1 pharmacist shall be the only employee who may give final approval for the distribution of
70.2 medical cannabis and medical cannabis products. Prior to distribution of medical cannabis
70.3 and medical cannabis products, a pharmacist employee of the cannabis retailer or medical
70.4 cannabis business must consult with the patient to determine the proper type of medical
70.5 cannabis or medical cannabis product and proper dosage for the patient, after reviewing the
70.6 range of chemical compositions of medical cannabis and medical cannabis products, and
70.7 the range of proper dosages reported by the Office of Medical Cannabis. For purposes of
70.8 this subdivision, a consultation may be conducted remotely using a videoconference as long
70.9 as:

70.10 (1) the pharmacist engaging in the consultation is able to confirm the identity of the
70.11 patient;

70.12 (2) the consultation occurs while the patient is at the cannabis retailer or medical cannabis
70.13 business; and

70.14 (3) the consultation adheres to patient privacy requirements that apply to health care
70.15 services delivered through telemedicine.

70.16 Subd. 3. **90-day supply.** A cannabis retailer or medical cannabis business shall not
70.17 distribute more than a 90-day supply of medical cannabis and medical cannabis products
70.18 to a patient, registered designated caregiver, or parent, legal guardian, or spouse of a patient,
70.19 according to the dosages established for the individual patient.

70.20 Subd. 4. **Report.** A cannabis retailer or medical cannabis business shall, on a monthly
70.21 basis, report to the Office of Medical Cannabis the following information for each patient
70.22 for the preceding month:

70.23 (1) the amounts, dosages, and chemical compositions of medical cannabis and medical
70.24 cannabis products distributed; and

70.25 (2) the tracking numbers assigned to medical cannabis and medical cannabis products
70.26 distributed.

70.27 Sec. 42. **[342.52] DUTIES OF BOARD; REGISTRY PROGRAM.**

70.28 Subdivision 1. **Allowable forms; qualifying medical conditions.** The board may add
70.29 an allowable form of medical cannabis and medical cannabis products, and may add or
70.30 modify a qualifying medical condition upon the board's own initiative, upon a petition from
70.31 a member of the public or the task force on medical cannabis therapeutic research, or as
70.32 directed by law. The board shall evaluate all petitions and shall make the addition or
70.33 modification if the board determines that the addition or modification is warranted by the

71.1 best available evidence and research. If the board wishes to add an allowable form or add
 71.2 or modify a qualifying medical condition, the board must notify the chairs and ranking
 71.3 minority members of the legislative policy committees with jurisdiction over health and
 71.4 public safety by January 15 of the year in which the change becomes effective. In this
 71.5 notification, the board must specify the proposed addition or modification and the reasons
 71.6 for the addition or modification and must include any written comments received by the
 71.7 board from the public about the addition or modification and any guidance received from
 71.8 the task force on medical cannabis therapeutic research. An addition or modification by the
 71.9 board under this subdivision shall become effective on August 1 of that year unless the
 71.10 legislature by law provides otherwise.

71.11 Subd. 2. **Rulemaking.** The board may adopt rules to implement sections 342.50 to
 71.12 342.59.

71.13 Sec. 43. **[342.53] DUTIES OF OFFICE OF MEDICAL CANNABIS; REGISTRY**
 71.14 **PROGRAM.**

71.15 Subdivision 1. **Duties related to health care practitioners.** The Office of Medical
 71.16 Cannabis shall:

71.17 (1) provide notice of the registry program to health care practitioners in the state;

71.18 (2) allow health care practitioners to participate in the registry program if they request
 71.19 to participate and meet the program's requirements;

71.20 (3) provide explanatory information and assistance to health care practitioners to
 71.21 understand the nature of the therapeutic use of medical cannabis and medical cannabis
 71.22 products within program requirements;

71.23 (4) make available to participating health care practitioners a certification form in which
 71.24 a health care practitioner certifies that a patient has a qualifying medical condition and
 71.25 certifies whether a patient, in the health care practitioner's professional opinion, is
 71.26 developmentally or physically disabled and, as a result of the disability, requires assistance
 71.27 in administering medical cannabis or medical cannabis products or in obtaining medical
 71.28 cannabis or medical cannabis products from a cannabis retailer or medical cannabis business;
 71.29 and

71.30 (5) supervise the participation of health care practitioners in the registry reporting system,
 71.31 in which health care practitioners report patient treatment and health records information
 71.32 to the office in a manner that ensures stringent security and record keeping requirements

72.1 and that prevents the unauthorized release of private data on individuals as defined in section
72.2 13.02.

72.3 Subd. 2. **Duties related to the registry program.** The Office of Medical Cannabis shall:

72.4 (1) administer the registry program according to section 342.50;

72.5 (2) provide information to patients enrolled in the registry program on the existence of
72.6 federally approved clinical trials for treatment of the patient's qualifying medical condition
72.7 with medical cannabis or medical cannabis products, as an alternative to enrollment in the
72.8 registry program;

72.9 (3) maintain safety criteria with which patients must comply as a condition of participation
72.10 in the registry program, to prevent patients from undertaking any task under the influence
72.11 of medical cannabis or a medical cannabis product that would constitute negligence or
72.12 professional malpractice;

72.13 (4) review and publicly report existing medical and scientific literature regarding the
72.14 range of recommended dosages for each qualifying medical condition, the range of chemical
72.15 compositions of medical cannabis that will likely be medically beneficial for each qualifying
72.16 medical condition, and any risks of noncannabis drug interactions. This information must
72.17 be updated by December 1 of each year. The office may consult with an independent
72.18 laboratory under contract with the office or other experts in reporting and updating this
72.19 information; and

72.20 (5) annually consult with cannabis businesses about the medical cannabis and medical
72.21 cannabis products cultivated, manufactured, and offered for sale and post on the office's
72.22 website a list of the medical cannabis and medical cannabis products offered for sale by
72.23 each cannabis retailer or medical cannabis business.

72.24 Subd. 3. **Research.** (a) The Office of Medical Cannabis shall conduct or contract with
72.25 a third party to conduct research and studies using data from health records submitted to
72.26 the registry program under section 342.54 and data submitted to the registry program under
72.27 section 342.51, subdivision 4. If the office contracts with a third party for research and
72.28 studies, the third party must provide the office with access to all research and study results.
72.29 The office must submit reports on intermediate or final research results to the legislature
72.30 and major scientific journals. All data used by the office or a third party under this subdivision
72.31 may be used or reported in an aggregated, nonidentifiable form as part of a scientific,
72.32 peer-reviewed publication of research or in the creation of summary data, as defined in
72.33 section 13.02, subdivision 19.

73.1 (b) The Office of Medical Cannabis may submit medical research based on the data
 73.2 collected under sections 342.51, subdivision 4, and 342.54, to any federal agency with
 73.3 regulatory or enforcement authority over medical cannabis to demonstrate the effectiveness
 73.4 of medical cannabis for treating or alleviating the symptoms of a qualifying medical
 73.5 condition.

73.6 Subd. 4. **Reports.** The Office of Medical Cannabis shall provide regular updates to the
 73.7 task force on medical cannabis therapeutic research and to the chairs and ranking minority
 73.8 members of the legislative committees with jurisdiction over health and human services,
 73.9 public safety, judiciary, and civil law regarding:

73.10 (1) any changes in federal law or regulatory restrictions regarding the use of medical
 73.11 cannabis or hemp; and

73.12 (2) the market demand and supply in this state for products made from hemp that can
 73.13 be used for medicinal purposes.

73.14 Sec. 44. **[342.54] DUTIES OF HEALTH CARE PRACTITIONERS; REGISTRY**
 73.15 **PROGRAM.**

73.16 Subdivision 1. **Duties prior to a patient's enrollment in the registry program.** Prior
 73.17 to a patient's enrollment in the registry program, a health care practitioner shall:

73.18 (1) determine, in the health care practitioner's medical judgment, whether a patient has
 73.19 a qualifying medical condition and if so determined, provide the patient with a certification
 73.20 of that diagnosis;

73.21 (2) determine whether a patient is developmentally or physically disabled and, as a result
 73.22 of that disability, requires assistance in administering medical cannabis or medical cannabis
 73.23 products or in obtaining medical cannabis or medical cannabis products from a cannabis
 73.24 retailer or medical cannabis business and if so determined, include that determination on
 73.25 the patient's certification of diagnosis;

73.26 (3) advise patients, registered designated caregivers, and parents, legal guardians, and
 73.27 spouses acting as caregivers of any nonprofit patient support groups or organizations;

73.28 (4) provide to patients explanatory information from the Office of Medical Cannabis,
 73.29 including information about the experimental nature of the therapeutic use of medical
 73.30 cannabis; the possible risks, benefits, and side effects of the proposed treatment; and the
 73.31 application and other materials from the office;

74.1 (5) provide to patients a Tennessee warning as required under section 13.04, subdivision
 74.2 2; and

74.3 (6) agree to continue treatment of the patient's qualifying medical condition and to report
 74.4 findings to the Office of Medical Cannabis.

74.5 Subd. 2. **Duties upon a patient's enrollment in the registry program.** Upon notification
 74.6 from the Office of Medical Cannabis of the patient's enrollment in the registry program a
 74.7 health care practitioner shall:

74.8 (1) participate in the patient registry reporting system under the guidance and supervision
 74.9 of the Office of Medical Cannabis;

74.10 (2) report to the Office of Medical Cannabis patient health records throughout the patient's
 74.11 ongoing treatment in a manner determined by the office and in accordance with subdivision
 74.12 4;

74.13 (3) determine on a yearly basis if the patient continues to have a qualifying medical
 74.14 condition and, if so, issue the patient a new certification of that diagnosis. The patient
 74.15 assessment conducted under this clause may be conducted via telemedicine, as defined in
 74.16 section 62A.671, subdivision 9; and

74.17 (4) otherwise comply with requirements established by the board and the Office of
 74.18 Medical Cannabis.

74.19 Subd. 3. **Participation not required.** Nothing in this section requires a health care
 74.20 practitioner to participate in the registry program.

74.21 Subd. 4. **Data.** Data on patients collected by a health care practitioner and reported to
 74.22 the registry program are health records under section 144.291 and are private data on
 74.23 individuals under section 13.02, but may be used or reported in an aggregated, nonidentifiable
 74.24 form as part of a scientific, peer-reviewed publication of research conducted under section
 74.25 342.53 or in the creation of summary data, as defined in section 13.02, subdivision 19.

74.26 Sec. 45. **[342.55] TASK FORCE ON MEDICAL CANNABIS THERAPEUTIC**
 74.27 **RESEARCH.**

74.28 Subdivision 1. **Establishment.** (a) A 23-member task force on medical cannabis
 74.29 therapeutic research is created to conduct an impact assessment of medical cannabis
 74.30 therapeutic research. The task force shall consist of the following members:

75.8 Police and Peace Officers Association, and one from the Minnesota County Attorneys
75.9 Association;

75.10 (6) four members representing substance use disorder treatment providers; and

75.11 (7) the commissioners of health, human services, and public safety.

75.23 to the task force.

75.24 Subd. 3. **Impact assessment.** The task force shall hold hearings to evaluate the impact
75.25 of the use of medical cannabis, medical cannabis products, and hemp and Minnesota's
75.26 activities involving medical cannabis, medical cannabis products, and hemp, including but
75.27 not limited to:

75.28 (1) program design and implementation;

76.5 Subd. 4. **Reports; recommendations.** By February 15 of each odd-numbered year, the
 76.6 cochairs of the task force shall submit a complete impact assessment report to the chairs
 76.7 and ranking minority members of the legislative committees with jurisdiction over health
 76.8 and human services, public safety, judiciary, and civil law. The task force may make
 76.9 recommendations or submit petitions to the legislature or to the board on whether to add or
 76.10 remove conditions from the list of qualifying medical conditions.

76.11 Subd. 5. **No expiration.** Notwithstanding section 15.059, subdivision 6, the task force
 76.12 on medical cannabis therapeutic research does not expire.

76.13 Sec. 46. **[342.56] LIMITATIONS.**

76.14 Subdivision 1. **Limitations on consumption; locations of consumption.** Nothing in
 76.15 sections 342.50 to 342.59 permits any person to engage in, and does not prevent the
 76.16 imposition of any civil, criminal, or other penalties for:

76.17 (1) undertaking a task under the influence of medical cannabis or medical cannabis
 76.18 products that would constitute negligence or professional malpractice;

76.19 (2) possessing or consuming medical cannabis or medical cannabis products:

76.20 (i) on a school bus or van;

76.21 (ii) in a correctional facility; or

76.22 (iii) on the grounds of a child care facility or family or group family day care program;

76.23 (3) vaporizing medical cannabis or medical cannabis products:

76.24 (i) on any form of public transportation;

76.25 (ii) where the vapor would be inhaled by a nonpatient minor; or

76.26 (iii) in any public place, including any indoor or outdoor area used by or open to the
 76.27 general public or a place of employment as defined in section 144.413, subdivision 1b; and

76.28 (4) operating, navigating, or being in actual physical control of a motor vehicle, aircraft,
 76.29 train, or motorboat, or working on transportation property, equipment, or facilities while
 76.30 under the influence of medical cannabis or a medical cannabis product.

77.1 Subd. 2. **Consumption and possession on school grounds.** An elementary or secondary
77.2 school pupil or a child participating or enrolled in a prekindergarten program is permitted
77.3 to possess medical cannabis and medical cannabis products, have medical cannabis and
77.4 medical cannabis products stored, and self-administer medical cannabis and medical cannabis
77.5 products or have medical cannabis and medical cannabis products administered, on the
77.6 grounds of a prekindergarten program, elementary school, or secondary school if:

77.7 (1) the child or pupil is enrolled as a patient in the registry program;

77.8 (2) the possession, storage, and administration occur in compliance with all applicable
77.9 policies or guidelines adopted by the school board;

77.10 (3) the pupil or the child's or pupil's parent submits to the school, a form developed by
77.11 the board and completed by the child's or pupil's health care practitioner and by a pharmacist
77.12 employed by the cannabis retailer or medical cannabis business that distributes the child's
77.13 or pupil's medical cannabis or medical cannabis products. The form must specify the child's
77.14 or pupil's qualifying medical condition, the dosage of medical cannabis or medical cannabis
77.15 product, the frequency with which the medical cannabis or medical cannabis product must
77.16 be administered, circumstances that warrant administration, and other relevant information;
77.17 and

77.18 (4) the medical cannabis or medical cannabis product is administered or self-administered
77.19 in a manner that does not disrupt the educational environment or expose other children or
77.20 pupils to medical cannabis or medical cannabis products.

77.21 (b) Only a pupil who is age 18 or older is permitted to self-administer medical cannabis
77.22 or medical cannabis products under this subdivision.

77.23 (c) The school board may adopt policies or guidelines establishing reasonable parameters
77.24 for the storage and administration of medical cannabis and medical cannabis products under
77.25 this subdivision, but shall not unreasonably limit a child's or pupil's access to or use of
77.26 medical cannabis or medical cannabis products.

77.27 (d) A school may designate specific locations on school grounds where medical cannabis
77.28 and medical cannabis products may be administered or self-administered.

77.29 Subd. 3. **Health care facilities.** (a) Health care facilities licensed under chapter 144A;
77.30 hospice providers licensed under chapter 144A; boarding care homes or supervised living
77.31 facilities licensed under section 144.50; assisted living facilities; facilities owned, controlled,
77.32 managed, or under common control with hospitals licensed under chapter 144; and other
77.33 health care facilities licensed by the commissioner of health, may adopt reasonable

78.1 restrictions on the use of medical cannabis and medical cannabis products by a patient
78.2 enrolled in the registry program who resides at or is actively receiving treatment or care at
78.3 the facility. The restrictions may include a provision that the facility will not store or maintain
78.4 a patient's supply of medical cannabis or medical cannabis products, that the facility is not
78.5 responsible for providing medical cannabis or medical cannabis products for patients, and
78.6 that medical cannabis and medical cannabis products may be used only in a location specified
78.7 by the facility or provider.

78.8 (b) An employee or agent of a facility or provider listed in this subdivision or a person
78.9 licensed under chapter 144E is not violating this chapter or chapter 152 for possession of
78.10 medical cannabis or medical cannabis products while carrying out employment duties,
78.11 including providing or supervising care to a patient enrolled in the registry program, or
78.12 distribution of medical cannabis or medical cannabis products to a patient enrolled in the
78.13 registry program who resides at or is actively receiving treatment or care at the facility or
78.14 from the provider with which the employee or agent is affiliated. Nothing in this subdivision
78.15 shall require facilities and providers listed in this subdivision to adopt such restrictions, and
78.16 no facility or provider listed in this subdivision shall unreasonably limit a patient's access
78.17 to or use of medical cannabis or medical cannabis products to the extent that such use is
78.18 authorized under sections 342.50 to 342.59.

78.19 **Sec. 47. [342.57] PROTECTIONS FOR REGISTRY PROGRAM PARTICIPANTS.**

78.20 Subdivision 1. **Presumption.** There is a presumption that a patient enrolled in the registry
78.21 program is engaged in the authorized use of medical cannabis and medical cannabis products.
78.22 This presumption may be rebutted by evidence that the patient's use of medical cannabis or
78.23 medical cannabis products was not for the purpose of treating or alleviating the patient's
78.24 qualifying medical condition or symptoms associated with the patient's qualifying medical
78.25 condition.

78.26 Subd. 2. **Criminal and civil protections.** (a) Subject to section 342.56, the following
78.27 are not violations of this chapter or chapter 152:

78.28 (1) use or possession of medical cannabis, medical cannabis products, or medical cannabis
78.29 paraphernalia by a patient enrolled in the registry program;

78.30 (2) possession of medical cannabis, medical cannabis products, or medical cannabis
78.31 paraphernalia by a registered designated caregiver or a parent, legal guardian, or spouse of
78.32 a patient enrolled in the registry program; or

79.1 (3) possession of medical cannabis, medical cannabis products, or medical cannabis
79.2 paraphernalia by any person while carrying out duties required under sections 342.50 to
79.3 342.59.

79.4 (b) Board members, board employees, agents or contractors of the board, and health
79.5 care practitioners participating in the registry program are not subject to any civil penalties
79.6 or disciplinary action by the Board of Medical Practice, the Board of Nursing, or any
79.7 business, occupational, or professional licensing board or entity solely for participating in
79.8 the registry program. A pharmacist licensed under chapter 151 is not subject to any civil
79.9 penalties or disciplinary action by the Board of Pharmacy when acting in accordance with
79.10 sections 342.50 to 342.59. Nothing in this section prohibits a professional licensing board
79.11 from taking action in response to a violation of law.

79.12 (c) Notwithstanding any law to the contrary, a board member, the governor, or an
79.13 employee of a state agency shall not be held civilly or criminally liable for any injury, loss
79.14 of property, personal injury, or death caused by any act or omission while acting within the
79.15 scope of office or employment under sections 342.50 to 342.59.

79.16 (d) Federal, state, and local law enforcement authorities are prohibited from accessing
79.17 the registry except when acting pursuant to a valid search warrant. Notwithstanding section
79.18 13.09, a violation of this paragraph is a gross misdemeanor.

79.19 (e) Notwithstanding any law to the contrary, board members and public employees shall
79.20 not release data or information about an individual contained in any report or document or
79.21 in the registry, and shall not release data or information obtained about a patient enrolled
79.22 in the registry program, except as provided in sections 342.50 to 342.59. Notwithstanding
79.23 section 13.09, a violation of this paragraph is a gross misdemeanor.

79.24 (f) No information contained in a report or document, contained in the registry, or
79.25 obtained from a patient under sections 342.50 to 342.59 may be admitted as evidence in a
79.26 criminal proceeding, unless:

79.27 (1) the information is independently obtained; or

79.28 (2) admission of the information is sought in a criminal proceeding involving a criminal
79.29 violation of sections 342.50 to 342.59.

79.30 (g) An attorney shall not be subject to disciplinary action by the Minnesota Supreme
79.31 Court or professional responsibility board for providing legal assistance to prospective or
79.32 licensed medical cannabis businesses or others for activities that do not violate this chapter
79.33 or chapter 152.

80.1 (h) Possession of a registry verification or an application for enrollment in the registry
80.2 program:

80.3 (1) does not constitute probable cause or reasonable suspicion;

80.4 (2) shall not be used to support a search of the person or property of the person with a
80.5 registry verification or applying to enroll in the registry program; and

80.6 (3) shall not subject the person or the property of the person to inspection by any
80.7 government agency.

80.8 Subd. 3. **School enrollment; rental property.** (a) No school may refuse to enroll a
80.9 patient as a pupil or otherwise penalize a patient solely because the patient is enrolled in
80.10 the registry program, unless failing to do so would violate federal law or regulations or
80.11 cause the school to lose a monetary or licensing-related benefit under federal law or
80.12 regulations.

80.13 (b) No landlord may refuse to lease to a patient or otherwise penalize a patient solely
80.14 because the patient is enrolled in the registry program, unless failing to do so would violate
80.15 federal law or regulations or cause the landlord to lose a monetary or licensing-related
80.16 benefit under federal law or regulations.

80.17 Subd. 4. **Medical care.** For purposes of medical care, including organ transplants, a
80.18 patient's use of medical cannabis or medical cannabis products according to sections 342.50
80.19 to 342.59 is considered the equivalent of the authorized use of a medication used at the
80.20 discretion of a health care practitioner and does disqualify a patient from needed medical
80.21 care.

80.22 Subd. 5. **Employment.** (a) Unless a failure to do so would violate federal or state law
80.23 or regulations or cause an employer to lose a monetary or licensing-related benefit under
80.24 federal law or regulations, an employer may not discriminate against a person in hiring,
80.25 termination, or any term or condition of employment, or otherwise penalize a person, if the
80.26 discrimination is based upon:

80.27 (1) the person's status as a patient enrolled in the registry program; or

80.28 (2) a patient's positive drug test for cannabis components or metabolites, unless the
80.29 patient used, possessed, sold, transported, or was impaired by medical cannabis or a medical
80.30 cannabis product on work premises; during working hours; or while operating an employer's
80.31 machinery, vehicle, or equipment.

81.1 (b) An employee who is a patient and whose employer requires the employee to undergo
 81.2 drug testing according to section 181.953 may present the employee's registry verification
 81.3 as part of the employee's explanation under section 181.953, subdivision 6.

81.4 Subd. 6. **Custody; visitation; parenting time.** A person shall not be denied custody of
 81.5 a minor child or visitation rights or parenting time with a minor child based solely on the
 81.6 person's status as a patient enrolled in the registry program. There shall be no presumption
 81.7 of neglect or child endangerment for conduct allowed under sections 342.50 to 342.59,
 81.8 unless the person's behavior creates an unreasonable danger to the safety of the minor as
 81.9 established by clear and convincing evidence.

81.10 Sec. 48. **[342.58] VIOLATION BY HEALTH CARE PRACTITIONER; CRIMINAL**
 81.11 **PENALTY.**

82.7 Subdivision 1. **Testing required.** A cannabis business shall not sell or offer for sale
82.8 cannabis or cannabis products to another cannabis business or to a customer or patient, or
82.9 otherwise transfer cannabis or cannabis products to another cannabis business, unless a
82.10 representative sample of the batch of cannabis or batch of cannabis product has been tested
82.11 according to this section and rules adopted under this chapter by a cannabis testing facility
82.12 licensed under this chapter, and found to meet testing standards established by the board.

82.13 Subd. 2. **Procedures and standards established by board.** (a) The board shall by rule
82.14 establish procedures governing the sampling, handling, testing, storage, and transportation
82.15 of cannabis and cannabis products tested under this section; the contaminants for which

82.17 testing; and procedures applicable to cannabis businesses and cannabis testing facilities
82.18 regarding cannabis and cannabis products that fail to meet the standards for allowable levels
82.19 of contaminants established by the commissioner of health, that fail to meet the potency
82.20 limits in this chapter, or that do not conform with the content of the cannabinoid profile

82.32 shall make each batch of cannabis or cannabis product grown or manufactured by the
82.33 cannabis cultivator, cannabis manufacturer, cannabis microbusiness, or medical cannabis
82.34 business available to a cannabis testing facility. The cannabis testing facility shall select

83.1 one or more representative samples from each batch, test the samples for the presence of
 83.2 contaminants, and test the samples for potency and homogeneity and to allow the cannabis
 83.3 or cannabis product to be accurately labeled with its cannabinoid profile. Testing for
 83.4 contaminants must include testing for residual solvents, foreign material, microbiological
 83.5 contaminants, heavy metals, pesticide residue, mold, and mycotoxins, and may include

 83.10 testing facility shall issue a certification to the cannabis cultivator, cannabis manufacturer,
 83.11 cannabis microbusiness, or medical cannabis business, and the cannabis cultivator, cannabis
 83.12 manufacturer, cannabis microbusiness, or medical cannabis business may then sell or transfer
 83.13 the batch of cannabis or cannabis product from which the sample was taken to another
 83.14 cannabis business or offer the cannabis or cannabis product for sale to customers or patients.
 83.15 If a sample does not meet the applicable testing standards, the batch from which the sample
 83.16 was taken shall be subject to procedures established by the board for such batches, including
 83.17 destruction, remediation, or retesting. A cannabis cultivator, cannabis manufacturer, cannabis
 83.18 microbusiness, or medical cannabis business must maintain the test results for cannabis and
 83.19 cannabis products grown or manufactured by that cannabis cultivator, cannabis manufacturer,
 83.20 cannabis microbusiness, or medical cannabis business for at least five years after the date

128.2 are contraband and must be summarily forfeited.

128.3 (b) Species of plants from which controlled substances in Schedules I and II may be
128.4 derived that have been planted or cultivated in violation of chapter 152 or 342 or of which

128.16 shall give the notice required by this subdivision to (1) the landlord of the property or the
128.17 fee owner identified in the records of the county assessor, and (2) the agent authorized by
128.18 the owner to accept service pursuant to section 504B.181. The notice is not required during
128.19 an ongoing investigation. The notice shall state what has been seized and specify the
128.20 applicable duties and penalties under this subdivision. The notice shall state that the landlord
128.21 who chooses to assign the right to bring an eviction action retains all rights and duties,
128.22 including removal of a tenant's personal property following issuance of the writ of recovery
128.23 and delivery of the writ to the sheriff for execution. The notice shall also state that the
128.24 landlord may contact the prosecuting authority if threatened by the tenant. Notice shall be
128.25 sent by certified letter, return receipt requested, within 30 days of the seizure. If receipt is
128.26 not returned, notice shall be given in the manner provided by law for service of summons
128.27 in a civil action.

128.28 (b) Within 15 days after notice of the first occurrence, the landlord shall bring, or assign
128.29 to the prosecuting authority of the county in which the real property is located, the right to

129.6 prosecuting authority as provided in paragraph (b). If the right has been assigned and not
129.7 previously exercised, or if the prosecuting authority requests an assignment and the landlord
129.8 makes an assignment, the prosecuting authority may bring an eviction action rather than an

129.11 property for the purposes of forfeiture as described in paragraphs (a) to (c).

EXPUNGEMENT

129.16 Section 1. Minnesota Statutes 2020, section 609A.01, is amended to read:

129.17 **609A.01 EXPUNGEMENT OF CRIMINAL RECORDS.**

129.18 This chapter provides the grounds and procedures for expungement of criminal records
129.19 under section 13.82; 152.18, subdivision 1; 299C.11, where a petition is authorized under
129.20 section 609A.02, subdivision 3; expungement is automatic under section 609A.05;
129.21 expungement is considered by a panel under section 609A.06; or other applicable law. The
129.22 remedy available is limited to a court order sealing the records and prohibiting the disclosure
129.23 of their existence or their opening except under court order or statutory authority. Nothing
129.24 in this chapter authorizes the destruction of records or their return to the subject of the
129.25 records.

129.26 **EFFECTIVE DATE.** This section is effective August 1, 2021.

129.27 Sec. 2. Minnesota Statutes 2020, section 609A.03, subdivision 5, is amended to read:

129.28 Subd. 5. **Nature of remedy; standard.** (a) Except as otherwise provided by paragraph
129.29 (b), expungement of a criminal record under this section is an extraordinary remedy to be
129.30 granted only upon clear and convincing evidence that it would yield a benefit to the petitioner
129.31 commensurate with the disadvantages to the public and public safety of:

129.32 (1) sealing the record; and

130.1 (2) burdening the court and public authorities to issue, enforce, and monitor an
130.2 expungement order.

130.3 (b) Except as otherwise provided by this paragraph, if the petitioner is petitioning for
130.4 the sealing of a criminal record under section 609A.02, subdivision 3, paragraph (a), clause
130.5 (1) or (2), the court shall grant the petition to seal the record unless the agency or jurisdiction
130.6 whose records would be affected establishes by clear and convincing evidence that the
130.7 interests of the public and public safety outweigh the disadvantages to the petitioner of not
130.8 sealing the record.

130.9 (c) In making a determination under this subdivision, the court shall consider:

130.10 (1) the nature and severity of the underlying crime, the record of which would be sealed;

130.11 (2) the risk, if any, the petitioner poses to individuals or society;

130.12 (3) the length of time since the crime occurred;

130.13 (4) the steps taken by the petitioner toward rehabilitation following the crime;

130.14 (5) aggravating or mitigating factors relating to the underlying crime, including the
130.15 petitioner's level of participation and context and circumstances of the underlying crime;

130.16 (6) the reasons for the expungement, including the petitioner's attempts to obtain
130.17 employment, housing, or other necessities;

130.18 (7) the petitioner's criminal record;

130.19 (8) the petitioner's record of employment and community involvement;

130.20 (9) the recommendations of interested law enforcement, prosecutorial, and corrections
130.21 officials;

130.22 (10) the recommendations of victims or whether victims of the underlying crime were
130.23 minors;

130.24 (11) the amount, if any, of restitution outstanding, past efforts made by the petitioner
130.25 toward payment, and the measures in place to help ensure completion of restitution payment
130.26 after expungement of the record if granted; and

130.27 (12) other factors deemed relevant by the court.

130.28 (d) Notwithstanding section 13.82, 13.87, or any other law to the contrary, if the court
130.29 issues an expungement order it may require that the criminal record be sealed, the existence
130.30 of the record not be revealed, and the record not be opened except as required under
130.31 subdivision 7. Records must not be destroyed or returned to the subject of the record.

131.1 (e) Information relating to a criminal history record of an employee, former employee,
131.2 or tenant that has been expunged before the occurrence of the act giving rise to the civil
131.3 action may not be introduced as evidence in a civil action against a private employer or
131.4 landlord or its employees or agents that is based on the conduct of the employee, former
131.5 employee, or tenant.

131.6 **EFFECTIVE DATE.** This section is effective August 1, 2021.

131.7 Sec. 3. Minnesota Statutes 2020, section 609A.03, subdivision 9, is amended to read:

131.8 Subd. 9. **Stay of order; appeal.** An expungement order issued under this section shall
131.9 be stayed automatically for 60 days after the order is filed and, if the order is appealed,
131.10 during the appeal period. A person or an agency or jurisdiction whose records would be
131.11 affected by the order may appeal the order within 60 days of service of notice of filing of
131.12 the order. An agency or jurisdiction or its officials or employees need not file a cost bond
131.13 or supersedeas bond in order to further stay the proceedings or file an appeal.

131.14 **EFFECTIVE DATE.** This section is effective August 1, 2021.

131.15 Sec. 4. **[609A.05] AUTOMATIC EXPUNGEMENT OF CERTAIN CANNABIS**
131.16 **OFFENSES.**

131.17 **Subdivision 1. Eligibility; dismissal, exoneration, or conviction of nonfelony cannabis**
131.18 **offenses.** A person is eligible for an order of expungement:

131.19 (1) upon the dismissal and discharge of proceedings against a person under section
131.20 152.18, subdivision 1, for violation of section 152.024, 152.025, or 152.027 for possession
131.21 of marijuana or tetrahydrocannabinols;

131.22 (2) if the person was convicted of or received a stayed sentence for a violation of section
131.23 152.027, subdivision 3 or 4;

131.24 (3) the person was arrested for possession of marijuana or tetrahydrocannabinols and
131.25 all charges were dismissed prior to a determination of probable cause; or

131.26 (4) all pending actions or proceedings involving the possession of marijuana or
131.27 tetrahydrocannabinols were resolved in favor of the person. For purposes of this chapter, a
131.28 verdict of not guilty by reason of mental illness is not a resolution in favor of the petitioner.
131.29 For the purposes of this chapter, an action or proceeding is resolved in favor of the petitioner
131.30 if the petitioner received an order under section 590.11 determining that the petitioner is
131.31 eligible for compensation based on exoneration.

132.1 Subd. 2. Bureau of Criminal Apprehension to identify eligible individuals. (a) The
132.2 Bureau of Criminal Apprehension shall identify convictions that qualify for an order of
132.3 expungement pursuant to subdivision 1.

132.4 (b) The Bureau of Criminal Apprehension shall notify the judicial branch of:

132.5 (1) the name and date of birth of an individual whose conviction is eligible for an order
132.6 of expungement; and

132.7 (2) the case number of the eligible conviction.

132.8 (c) The Bureau of Criminal Apprehension shall make a reasonable and good faith effort
132.9 to notify any person whose conviction qualifies for an order of expungement that the offense
132.10 qualifies and notice is being sent to the judicial branch. Notice sent pursuant to this paragraph
132.11 shall inform the person that, following the order of expungement, any records of an arrest,
132.12 conviction, or incarceration should not appear on any background check or study.

132.13 Subd. 3. Order of expungement. (a) Upon receiving notice that an offense qualifies
132.14 for expungement, or upon entering an order dismissing charges prior to a determination of
132.15 probable cause, the court shall issue an order sealing all records relating to an arrest,
132.16 indictment or information, trial, verdict, or dismissal and discharge for an offense described
132.17 in subdivision 1.

132.18 (b) Section 609A.03, subdivision 6, applies to an order issued under this section sealing
132.19 the record of proceedings under section 152.18.

132.20 (c) The limitations under section 609A.03, subdivision 7a, paragraph (b), do not apply
132.21 to an order issued under this section. An order issued under this section shall be directed to
132.22 the commissioner of human services, the Professional Educator Licensing and Standards
132.23 Board, or the licensing division of the Department of Education.

132.24 (d) The court administrator shall send a copy of an expungement order issued under this
132.25 section to each agency and jurisdiction whose records are affected by the terms of the order
132.26 and send a letter to the last known address of the person whose offense has been expunged
132.27 identifying each agency to which the order was sent.

132.28 (e) Data on the person whose offense has been expunged in a letter sent under this
132.29 subdivision are private data on individuals as defined in section 13.02.

132.30 **EFFECTIVE DATE.** This section is effective August 1, 2021.

133.1 Sec. 5. [609A.06] EXPUNGEMENT AND RESENTENCING OF FELONY
133.2 CANNABIS OFFENSES.

133.3 Subdivision 1. Cannabis Expungement Board. (a) The Cannabis Expungement Board
133.4 is created with the powers and duties established by law.

133.5 (b) The Cannabis Expungement Board is composed of the following members:

133.6 (1) the chief justice of the supreme court or a designee;

133.7 (2) the attorney general or a designee;

133.8 (3) one public defender, appointed by the governor upon recommendation of the state
133.9 public defender;

133.10 (4) the commissioner of one department of the state government as defined in section
133.11 15.01, appointed by the governor; and

133.12 (5) one public member with experience as an advocate for victim's rights, appointed by
133.13 the governor.

133.14 (c) The Cannabis Expungement Board shall have the following powers and duties:

133.15 (1) obtain and review the records, including but not limited to all matters, files,
133.16 documents, and papers incident to the arrest, indictment, information, trial, appeal, or
133.17 dismissal and discharge, which relate to a conviction for possession of a controlled substance;

133.18 (2) determine whether a person committed an act involving the possession of cannabis
133.19 or cannabis products which would either be a lesser offense or no longer be a crime after
133.20 August 1, 2021;

133.21 (3) determine whether a person's records should be expunged or the person should be
133.22 resentenced to a lesser offense; and

133.23 (4) notify the judicial branch of individuals eligible for expungement or resentencing.

133.24 Subd. 2. Eligibility; possession of cannabis. (a) A person is eligible for expungement
133.25 or resentencing if:

133.26 (1) the person was convicted of, or adjudication was stayed for a violation of section
133.27 152.021, subdivision 2; 152.022, subdivision 2; 152.023, subdivision 2; 152.024, subdivision
133.28 2; or 152.025, subdivision 2, for the possession of marijuana or tetrahydrocannabinols;

133.29 (2) the offense did not involve a dangerous weapon, the intentional infliction of bodily
133.30 harm on another, an attempt to inflict bodily harm on another, or an act committed with the
133.31 intent to cause fear in another of immediate bodily harm or death;

134.1 (3) the act would either be a lesser offense or no longer be a crime after August 1, 2021;
134.2 and

134.3 (4) the person did not appeal the sentence, any appeal was denied, or the deadline to file
134.4 an appeal has expired.

134.5 (b) For purposes of this subdivision, a lesser offense means a nonfelony offense if the
134.6 person was convicted of a felony.

134.7 Subd. 3. Bureau of Criminal Apprehension to identify eligible records. (a) The
134.8 Bureau of Criminal Apprehension shall identify convictions and sentences where adjudication
134.9 was stayed that qualify for review under subdivision 2, paragraph (a), clause (1).

134.10 (b) The Bureau of Criminal Apprehension shall notify the Cannabis Expungement Board
134.11 of:

134.12 (1) the name and date of birth of a person whose conviction is eligible for review; and

134.13 (2) the case number of the eligible conviction or stay of adjudication.

134.14 Subd. 4. Access to records. The Cannabis Expungement Board shall have free access
134.15 to records, including but not limited to all matters, files, documents, and papers incident to
134.16 the arrest, indictment, information, trial, appeal, or dismissal and discharge, which relate
134.17 to a conviction for possession of a controlled substance held by law enforcement agencies,
134.18 prosecuting authorities, and court administrators. The Cannabis Expungement Board may
134.19 issue subpoenas for and compel the production of books, records, accounts, documents, and
134.20 papers. If any person shall fail or refuse to produce any books, records, accounts, documents,
134.21 or papers material in the matter under consideration, after having been lawfully required
134.22 by order or subpoena, any judge of the district court in any county of the state where the
134.23 order or subpoena was made returnable, on application of the commissioner of management
134.24 and budget or commissioner of administration, as the case may be, shall compel obedience
134.25 or punish disobedience as for contempt, as in the case of disobedience of a similar order or
134.26 subpoena issued by such court.

134.27 Subd. 5. Meetings; anonymous identifier. (a) The Cannabis Expungement Board shall
134.28 hold meetings at least monthly and shall hold a meeting whenever it takes formal action on
134.29 a review of a conviction or stay of adjudication for an offense involving the possession of
134.30 marijuana or tetrahydrocannabinols. All board meetings shall be open to the public and
134.31 subject to chapter 13D.

134.32 (b) Any victim of a crime being reviewed and any law enforcement agency may submit
134.33 an oral or written statement at the meeting, giving a recommendation on whether conviction

135.1 should be expunged or resentenced to a lesser offense. The board must consider the victim's
135.2 and the law enforcement agency's statement when making its decision.

135.3 (c) Section 13D.05 governs the board's treatment of not public data, as defined by section
135.4 13.02, subdivision 8a, discussed at open meetings of the board. Notwithstanding section
135.5 13.03, subdivision 11, the board shall assign an anonymous, unique identifier to each victim
135.6 of a crime and person whose conviction or stay of adjudication it reviews. The identifier
135.7 shall be used in any discussion in a meeting open to the public and on any records available
135.8 to the public to protect the identity of the person whose records are being considered.

135.9 Subd. 6. **Review and determination.** (a) The Cannabis Expungement Board shall review
135.10 all available records to determine whether the conviction or stay of adjudication is eligible
135.11 for expungement or resentencing. Expungement under this section is presumed to be in the
135.12 public interest unless there is clear and convincing evidence that expungement or resentencing
135.13 would create a risk to public safety.

135.14 (b) If the Cannabis Expungement Board determines that expungement is in the public
135.15 interest, the board shall determine whether the limitations under section 609A.03, subdivision
135.16 5a, apply.

135.17 (c) If the Cannabis Expungement Board determines that expungement is in the public
135.18 interest, the board shall determine whether the limitations under section 609A.03, subdivision
135.19 7a, paragraph (b), clause (4) or (5), apply.

135.20 (d) If the Cannabis Expungement Board determines that expungement is not in the public
135.21 interest, the board shall determine whether the person is eligible for resentencing to a lesser
135.22 offense.

135.23 (e) In making a determination under this subdivision, the Cannabis Expungement Board
135.24 shall consider:

135.25 (1) the nature and severity of the underlying crime, including but not limited to the total
135.26 amount of marijuana or tetrahydrocannabinols possessed by the person and whether the
135.27 offense involved a dangerous weapon, the intentional infliction of bodily harm on another,

146.11 requires those employees and job applicants to be subject to drug and alcohol testing or
146.12 cannabis testing pursuant to:

146.13 (1) federal regulations that specifically preempt state regulation of drug and alcohol
146.14 testing or cannabis testing with respect to those employees and job applicants;

147.11 Sec. 20. Minnesota Statutes 2020, section 256D.024, subdivision 1, is amended to read:

147.12 Subdivision 1. **Person convicted of drug offenses.** (a) If an applicant or recipient has
147.13 been convicted of a drug offense after July 1, 1997, except for convictions related to cannabis,
147.14 marijuana, or tetrahydrocannabinols, the assistance unit is ineligible for benefits under this
147.15 chapter until five years after the applicant has completed terms of the court-ordered sentence,
147.16 unless the person is participating in a drug treatment program, has successfully completed
147.17 a drug treatment program, or has been assessed by the county and determined not to be in
147.18 need of a drug treatment program. Persons subject to the limitations of this subdivision who
147.19 become eligible for assistance under this chapter shall be subject to random drug testing as
147.20 a condition of continued eligibility and shall lose eligibility for benefits for five years
147.21 beginning the month following:

147.22 (1) any positive test result for an illegal controlled substance under chapter 152; or

147.23 (2) discharge of sentence after conviction for another drug felony.

147.24 (b) For the purposes of this subdivision, "drug offense" means a conviction that occurred
147.25 after July 1, 1997, of sections 152.021 to 152.025, 152.0261, 152.0262, or 152.096. Drug
147.26 offense also means a conviction in another jurisdiction of the possession, use, or distribution
147.27 of a controlled substance, or conspiracy to commit any of these offenses, if the offense
147.28 occurred after July 1, 1997, and the conviction is a felony offense in that jurisdiction, or in
147.29 the case of New Jersey, a high misdemeanor for a violation that would be a felony if
147.30 committed in Minnesota.

148.1 Sec. 21. Minnesota Statutes 2020, section 256J.26, subdivision 1, is amended to read:

148.2 Subdivision 1. **Person convicted of drug offenses.** (a) An individual who has been
148.3 convicted of a felony level drug offense committed during the previous ten years from the
148.4 date of application or recertification, except for convictions related to cannabis, marijuana,
148.5 or tetrahydrocannabinols, is subject to the following:

148.6 (1) Benefits for the entire assistance unit must be paid in vendor form for shelter and
148.7 utilities during any time the applicant is part of the assistance unit.

148.8 (2) The convicted applicant or participant shall be subject to random drug testing as a
148.9 condition of continued eligibility and following any positive test for an illegal controlled
148.10 substance under chapter 152 is subject to the following sanctions:

148.11 (i) for failing a drug test the first time, the residual amount of the participant's grant after
148.12 making vendor payments for shelter and utility costs, if any, must be reduced by an amount
148.13 equal to 30 percent of the MFIP standard of need for an assistance unit of the same size.
148.14 When a sanction under this subdivision is in effect, the job counselor must attempt to meet
148.15 with the person face-to-face. During the face-to-face meeting, the job counselor must explain
148.16 the consequences of a subsequent drug test failure and inform the participant of the right to
148.17 appeal the sanction under section 256J.40. If a face-to-face meeting is not possible, the
148.18 county agency must send the participant a notice of adverse action as provided in section
148.19 256J.31, subdivisions 4 and 5, and must include the information required in the face-to-face
148.20 meeting; or

148.21 (ii) for failing a drug test two times, the participant is permanently disqualified from
148.22 receiving MFIP assistance, both the cash and food portions. The assistance unit's MFIP
148.23 grant must be reduced by the amount which would have otherwise been made available to
148.24 the disqualified participant. Disqualification under this item does not make a participant
148.25 ineligible for the Supplemental Nutrition Assistance Program (SNAP). Before a
148.26 disqualification under this provision is imposed, the job counselor must attempt to meet
148.27 with the participant face-to-face. During the face-to-face meeting, the job counselor must
148.28 identify other resources that may be available to the participant to meet the needs of the
148.29 family and inform the participant of the right to appeal the disqualification under section
148.30 256J.40. If a face-to-face meeting is not possible, the county agency must send the participant
148.31 a notice of adverse action as provided in section 256J.31, subdivisions 4 and 5, and must
148.32 include the information required in the face-to-face meeting.

148.33 (3) A participant who fails a drug test the first time and is under a sanction due to other
148.34 MFIP program requirements is considered to have more than one occurrence of

149.1 noncompliance and is subject to the applicable level of sanction as specified under section
149.2 256J.46, subdivision 1, paragraph (d).

149.3 (b) Applicants requesting only SNAP benefits or participants receiving only SNAP
149.4 benefits, who have been convicted of a drug offense that occurred after July 1, 1997, may,
149.5 if otherwise eligible, receive SNAP benefits if the convicted applicant or participant is
149.6 subject to random drug testing as a condition of continued eligibility. Following a positive
149.7 test for an illegal controlled substance under chapter 152, the applicant is subject to the
149.8 following sanctions:

149.9 (1) for failing a drug test the first time, SNAP benefits shall be reduced by an amount
149.10 equal to 30 percent of the applicable SNAP benefit allotment. When a sanction under this
149.11 clause is in effect, a job counselor must attempt to meet with the person face-to-face. During
149.12 the face-to-face meeting, a job counselor must explain the consequences of a subsequent
149.13 drug test failure and inform the participant of the right to appeal the sanction under section
149.14 256J.40. If a face-to-face meeting is not possible, a county agency must send the participant
149.15 a notice of adverse action as provided in section 256J.31, subdivisions 4 and 5, and must
149.16 include the information required in the face-to-face meeting; and

149.17 (2) for failing a drug test two times, the participant is permanently disqualified from
149.18 receiving SNAP benefits. Before a disqualification under this provision is imposed, a job
149.19 counselor must attempt to meet with the participant face-to-face. During the face-to-face
149.20 meeting, the job counselor must identify other resources that may be available to the
149.21 participant to meet the needs of the family and inform the participant of the right to appeal
149.22 the disqualification under section 256J.40. If a face-to-face meeting is not possible, a county
149.23 agency must send the participant a notice of adverse action as provided in section 256J.31,
149.24 subdivisions 4 and 5, and must include the information required in the face-to-face meeting.

149.25 (c) For the purposes of this subdivision, "drug offense" means an offense that occurred
149.26 during the previous ten years from the date of application or recertification of sections
149.27 152.021 to 152.025, 152.0261, 152.0262, 152.096, or 152.137. Drug offense also means a
149.28 conviction in another jurisdiction of the possession, use, or distribution of a controlled
149.29 substance, or conspiracy to commit any of these offenses, if the offense occurred during
149.30 the previous ten years from the date of application or recertification and the conviction is
149.31 ~~a felony offense in that jurisdiction, or in the case of New Jersey, a high misdemeanor~~ for
149.32 a violation that would be a felony if committed in Minnesota.

152.25 COMMISSIONER DUTIES.

Subdivision 1. **Medical cannabis manufacturer registration.** (a) The commissioner shall register two in-state manufacturers for the production of all medical cannabis within the state. A registration agreement between the commissioner and a manufacturer is nontransferable. The commissioner shall register new manufacturers or reregister the existing manufacturers by December 1 every two years, using the factors described in this subdivision. The commissioner shall accept applications after December 1, 2014, if one of the manufacturers registered before December 1, 2014, ceases to be registered as a manufacturer. The commissioner's determination that no manufacturer exists to fulfill the duties under sections 152.22 to 152.37 is subject to judicial review in Ramsey County District Court. Data submitted during the application process are private data on individuals or nonpublic data as defined in section 13.02 until the manufacturer is registered under this section. Data on a manufacturer that is registered are public data, unless the data are trade secret or security information under section 13.37.

(b) As a condition for registration, a manufacturer must agree to:

(1) begin supplying medical cannabis to patients by July 1, 2015; and

(2) comply with all requirements under sections 152.22 to 152.37.

(c) The commissioner shall consider the following factors when determining which manufacturer to register:

APPENDIX
Repealed Minnesota Statutes: 21-02831

(1) the technical expertise of the manufacturer in cultivating medical cannabis and converting the medical cannabis into an acceptable delivery method under section 152.22, subdivision 6;

(2) the qualifications of the manufacturer's employees;

(3) the long-term financial stability of the manufacturer;

(4) the ability to provide appropriate security measures on the premises of the manufacturer;

(5) whether the manufacturer has demonstrated an ability to meet the medical cannabis production needs required by sections 152.22 to 152.37; and

(6) the manufacturer's projection and ongoing assessment of fees on patients with a qualifying medical condition.

(d) If an officer, director, or controlling person of the manufacturer pleads or is found guilty of intentionally diverting medical cannabis to a person other than allowed by law under section 152.33, subdivision 1, the commissioner may decide not to renew the registration of the manufacturer, provided the violation occurred while the person was an officer, director, or controlling person of the manufacturer.

(e) The commissioner shall require each medical cannabis manufacturer to contract with an independent laboratory to test medical cannabis produced by the manufacturer. The commissioner shall approve the laboratory chosen by each manufacturer and require that the laboratory report testing results to the manufacturer in a manner determined by the commissioner.

Subd. 1a. Revocation or nonrenewal of a medical cannabis manufacturer registration. If the commissioner intends to revoke or not renew a registration issued under this section, the commissioner must first notify in writing the manufacturer against whom the action is to be taken and provide the manufacturer with an opportunity to request a hearing under the contested case provisions of chapter 14. If the manufacturer does not request a hearing by notifying the commissioner in writing within 20 days after receipt of the notice of proposed action, the commissioner may proceed with the action without a hearing. For revocations, the registration of a manufacturer is considered revoked on the date specified in the commissioner's written notice of revocation.

Subd. 1b. Temporary suspension proceedings. The commissioner may institute proceedings to temporarily suspend the registration of a medical cannabis manufacturer for a period of up to 90 days by notifying the manufacturer in writing if any action by an employee, agent, officer, director, or controlling person of the manufacturer:

(1) violates any of the requirements of sections 152.21 to 152.37 or the rules adopted thereunder;

(2) permits, aids, or abets the commission of any violation of state law at the manufacturer's location for cultivation, harvesting, manufacturing, packaging, and processing or at any site for distribution of medical cannabis;

(3) performs any act contrary to the welfare of a registered patient or registered designated caregiver; or

(4) obtains, or attempts to obtain, a registration by fraudulent means or misrepresentation.

Subd. 1c. Notice to patients. Upon the revocation or nonrenewal of a manufacturer's registration under subdivision 1a or implementation of an enforcement action under subdivision 1b that may affect the ability of a registered patient, registered designated caregiver, or a registered patient's parent, legal guardian, or spouse to obtain medical cannabis from the manufacturer subject to the enforcement action, the commissioner shall notify in writing each registered patient and the patient's registered designated caregiver or registered patient's parent, legal guardian, or spouse about the outcome of the proceeding and information regarding alternative registered manufacturers. This notice must be provided two or more business days prior to the effective date of the revocation, nonrenewal, or other enforcement action.

Subd. 2. Range of compounds and dosages; report. The commissioner shall review and publicly report the existing medical and scientific literature regarding the range of recommended dosages for each qualifying condition and the range of chemical compositions of any plant of the genus cannabis that will likely be medically beneficial for each of the qualifying medical conditions. The commissioner shall make this information available to patients with qualifying medical conditions beginning December 1, 2014, and update the information annually. The commissioner may consult with the independent laboratory under contract with the manufacturer or other experts

in reporting the range of recommended dosages for each qualifying medical condition, the range of chemical compositions that will likely be medically beneficial, and any risks of noncannabis drug interactions. The commissioner shall consult with each manufacturer on an annual basis on medical cannabis offered by the manufacturer. The list of medical cannabis offered by a manufacturer shall be published on the Department of Health website.

Subd. 3. **Deadlines.** The commissioner shall adopt rules necessary for the manufacturer to begin distribution of medical cannabis to patients under the registry program by July 1, 2015, and have notice of proposed rules published in the State Register prior to January 1, 2015.

Subd. 4. **Reports.** (a) The commissioner shall provide regular updates to the task force on medical cannabis therapeutic research and to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services, public safety, judiciary, and civil law regarding: (1) any changes in federal law or regulatory restrictions regarding the use of medical cannabis or hemp; and (2) the market demand and supply in this state for products made from hemp that can be used for medicinal purposes.

(b) The commissioner may submit medical research based on the data collected under sections 152.22 to 152.37 to any federal agency with regulatory or enforcement authority over medical cannabis to demonstrate the effectiveness of medical cannabis for treating a qualifying medical condition.

152.26 RULEMAKING.

The commissioner may adopt rules to implement sections 152.22 to 152.37. Rules for which notice is published in the State Register before January 1, 2015, may be adopted using the process in section 14.389.

152.261 RULES; ADVERSE INCIDENTS.

(a) The commissioner of health shall adopt rules to establish requirements for reporting incidents when individuals who are not authorized to possess medical cannabis under sections 152.22 to 152.37 are found in possession of medical cannabis. The rules must identify professionals required to report, the information they are required to report, and actions the reporter must take to secure the medical cannabis.

(b) The commissioner of health shall adopt rules to establish requirements for law enforcement officials and health care professionals to report incidents involving an overdose of medical cannabis to the commissioner of health.

(c) Rules must include the method by which the commissioner will collect and tabulate reports of unauthorized possession and overdose.

152.27 PATIENT REGISTRY PROGRAM ESTABLISHED.

Subdivision 1. **Patient registry program; establishment.** (a) The commissioner shall establish a patient registry program to evaluate data on patient demographics, effective treatment options, clinical outcomes, and quality-of-life outcomes for the purpose of reporting on the benefits, risks, and outcomes regarding patients with a qualifying medical condition engaged in the therapeutic use of medical cannabis.

(b) The establishment of the registry program shall not be construed or interpreted to condone or promote the illicit recreational use of marijuana.

Subd. 2. **Commissioner duties.** (a) The commissioner shall:

(1) give notice of the program to health care practitioners in the state who are eligible to serve as health care practitioners and explain the purposes and requirements of the program;

(2) allow each health care practitioner who meets or agrees to meet the program's requirements and who requests to participate, to be included in the registry program to collect data for the patient registry;

(3) provide explanatory information and assistance to each health care practitioner in understanding the nature of therapeutic use of medical cannabis within program requirements;

(4) create and provide a certification to be used by a health care practitioner for the practitioner to certify whether a patient has been diagnosed with a qualifying medical condition and include in the certification an option for the practitioner to certify whether the patient, in the health care practitioner's medical opinion, is developmentally or physically disabled and, as a result of that

disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility;

(5) supervise the participation of the health care practitioner in conducting patient treatment and health records reporting in a manner that ensures stringent security and record-keeping requirements and that prevents the unauthorized release of private data on individuals as defined by section 13.02;

(6) develop safety criteria for patients with a qualifying medical condition as a requirement of the patient's participation in the program, to prevent the patient from undertaking any task under the influence of medical cannabis that would constitute negligence or professional malpractice on the part of the patient; and

(7) conduct research and studies based on data from health records submitted to the registry program and submit reports on intermediate or final research results to the legislature and major scientific journals. The commissioner may contract with a third party to complete the requirements of this clause. Any reports submitted must comply with section 152.28, subdivision 2.

(b) The commissioner may add a delivery method under section 152.22, subdivision 6, or add or modify a qualifying medical condition under section 152.22, subdivision 14, upon a petition from a member of the public or the task force on medical cannabis therapeutic research or as directed by law. The commissioner shall evaluate all petitions to add a qualifying medical condition or modify an existing qualifying medical condition submitted by the task force on medical cannabis therapeutic research or as directed by law and shall make the addition or modification if the commissioner determines the addition or modification is warranted based on the best available evidence and research. If the commissioner wishes to add a delivery method under section 152.22, subdivision 6, or a qualifying medical condition under section 152.22, subdivision 14, the commissioner must notify the chairs and ranking minority members of the legislative policy committees having jurisdiction over health and public safety of the addition and the reasons for its addition, including any written comments received by the commissioner from the public and any guidance received from the task force on medical cannabis research, by January 15 of the year in which the commissioner wishes to make the change. The change shall be effective on August 1 of that year, unless the legislature by law provides otherwise.

Subd. 3. Patient application. (a) The commissioner shall develop a patient application for enrollment into the registry program. The application shall be available to the patient and given to health care practitioners in the state who are eligible to serve as health care practitioners. The application must include:

(1) the name, mailing address, and date of birth of the patient;

(2) the name, mailing address, and telephone number of the patient's health care practitioner;

(3) the name, mailing address, and date of birth of the patient's designated caregiver, if any, or the patient's parent, legal guardian, or spouse if the parent, legal guardian, or spouse will be acting as a caregiver;

(4) a copy of the certification from the patient's health care practitioner that is dated within 90 days prior to submitting the application which certifies that the patient has been diagnosed with a qualifying medical condition and, if applicable, that, in the health care practitioner's medical opinion, the patient is developmentally or physically disabled and, as a result of that disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility; and

(5) all other signed affidavits and enrollment forms required by the commissioner under sections 152.22 to 152.37, including, but not limited to, the disclosure form required under paragraph (c).

(b) The commissioner shall require a patient to resubmit a copy of the certification from the patient's health care practitioner on a yearly basis and shall require that the recertification be dated within 90 days of submission.

(c) The commissioner shall develop a disclosure form and require, as a condition of enrollment, all patients to sign a copy of the disclosure. The disclosure must include:

(1) a statement that, notwithstanding any law to the contrary, the commissioner, or an employee of any state agency, may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under sections 152.22 to 152.37; and

APPENDIX
Repealed Minnesota Statutes: 21-02831

(2) the patient's acknowledgment that enrollment in the patient registry program is conditional on the patient's agreement to meet all of the requirements of sections 152.22 to 152.37.

Subd. 4. Registered designated caregiver. (a) The commissioner shall register a designated caregiver for a patient if the patient's health care practitioner has certified that the patient, in the health care practitioner's medical opinion, is developmentally or physically disabled and, as a result of that disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility and the caregiver has agreed, in writing, to be the patient's designated caregiver. As a condition of registration as a designated caregiver, the commissioner shall require the person to:

(1) be at least 18 years of age;

(2) agree to only possess the patient's medical cannabis for purposes of assisting the patient; and

(3) agree that if the application is approved, the person will not be a registered designated caregiver for more than one patient, unless the patients reside in the same residence.

(b) The commissioner shall conduct a criminal background check on the designated caregiver prior to registration to ensure that the person does not have a conviction for a disqualifying felony offense. Any cost of the background check shall be paid by the person seeking registration as a designated caregiver. A designated caregiver must have the criminal background check renewed every two years.

(c) Nothing in sections 152.22 to 152.37 shall be construed to prevent a person registered as a designated caregiver from also being enrolled in the registry program as a patient and possessing and using medical cannabis as a patient.

Subd. 5. Parents, legal guardians, and spouses. A parent, legal guardian, or spouse of a patient may act as the caregiver to the patient without having to register as a designated caregiver. The parent, legal guardian, or spouse shall follow all of the requirements of parents, legal guardians, and spouses listed in sections 152.22 to 152.37. Nothing in sections 152.22 to 152.37 limits any legal authority a parent, legal guardian, or spouse may have for the patient under any other law.

Subd. 6. Patient enrollment. (a) After receipt of a patient's application, application fees, and signed disclosure, the commissioner shall enroll the patient in the registry program and issue the patient and patient's registered designated caregiver or parent, legal guardian, or spouse, if applicable, a registry verification. The commissioner shall approve or deny a patient's application for participation in the registry program within 30 days after the commissioner receives the patient's application and application fee. The commissioner may approve applications up to 60 days after the receipt of a patient's application and application fees until January 1, 2016. A patient's enrollment in the registry program shall only be denied if the patient:

(1) does not have certification from a health care practitioner that the patient has been diagnosed with a qualifying medical condition;

(2) has not signed and returned the disclosure form required under subdivision 3, paragraph (c), to the commissioner;

(3) does not provide the information required;

(4) has previously been removed from the registry program for violations of section 152.30 or 152.33; or

(5) provides false information.

(b) The commissioner shall give written notice to a patient of the reason for denying enrollment in the registry program.

(c) Denial of enrollment into the registry program is considered a final decision of the commissioner and is subject to judicial review under the Administrative Procedure Act pursuant to chapter 14.

(d) A patient's enrollment in the registry program may only be revoked upon the death of the patient or if a patient violates a requirement under section 152.30 or 152.33.

(e) The commissioner shall develop a registry verification to provide to the patient, the health care practitioner identified in the patient's application, and to the manufacturer. The registry verification shall include:

- (1) the patient's name and date of birth;
- (2) the patient registry number assigned to the patient; and
- (3) the name and date of birth of the patient's registered designated caregiver, if any, or the name of the patient's parent, legal guardian, or spouse if the parent, legal guardian, or spouse will be acting as a caregiver.

Subd. 7. **Notice requirements.** Patients and registered designated caregivers shall notify the commissioner of any address or name change within 30 days of the change having occurred. A patient or registered designated caregiver is subject to a \$100 fine for failure to notify the commissioner of the change.

Subdivision 1. **Health care practitioner duties.** (a) Prior to a patient's enrollment in the registry program, a health care practitioner shall:

- (2) determine whether a patient is developmentally or physically disabled and, as a result of that disability, the patient requires assistance in administering medical cannabis or obtaining medical cannabis from a distribution facility, and, if so determined, include that determination on the patient's certification of diagnosis;

- (3) advise patients, registered designated caregivers, and parents, legal guardians, or spouses who are acting as caregivers of the existence of any nonprofit patient support groups or organizations;

- (4) provide explanatory information from the commissioner to patients with qualifying medical conditions, including disclosure to all patients about the experimental nature of therapeutic use of medical cannabis; the possible risks, benefits, and side effects of the proposed treatment; the application and other materials from the commissioner; and provide patients with the Tennessee warning as required by section 13.04, subdivision 2; and

- (4) otherwise comply with all requirements developed by the commissioner.

(c) A health care practitioner may conduct a patient assessment to issue a recertification as required under paragraph (b), clause (3), via telemedicine as defined under section 62A.671, subdivision 9.

(d) Nothing in this section requires a health care practitioner to participate in the registry program.

Subd. 2. **Data.** Data collected on patients by a health care practitioner and reported to the patient registry are health records under section 144.291, and are private data on individuals under section 13.02, but may be used or reported in an aggregated, nonidentifiable form as part of a scientific, peer-reviewed publication of research conducted under section 152.25 or in the creation of summary data, as defined in section 13.02, subdivision 19.

Subd. 3. **Advertising restrictions.** (a) A health care practitioner shall not publish or cause to be published any advertisement that:

- (1) contains false or misleading statements about medical cannabis or about the medical cannabis registry program;

(3) states or implies the health care practitioner is endorsed by the Department of Health or by the medical cannabis registry program;

(4) includes images of cannabis in its plant or leaf form or of cannabis-smoking paraphernalia; or

(5) contains medical symbols that could reasonably be confused with symbols of established medical associations or groups.

(b) A health care practitioner found by the commissioner to have violated this subdivision is prohibited from certifying that patients have a qualifying medical condition for purposes of patient participation in the registry program. The commissioner's decision that a health care practitioner has violated this subdivision is a final decision of the commissioner and is not subject to the contested case procedures in chapter 14.

152.29 MANUFACTURER OF MEDICAL CANNABIS DUTIES.

Subdivision 1. **Manufacturer; requirements.** (a) A manufacturer may operate eight distribution facilities, which may include the manufacturer's single location for cultivation, harvesting, manufacturing, packaging, and processing but is not required to include that location. The commissioner shall designate the geographical service areas to be served by each manufacturer based on geographical need throughout the state to improve patient access. A manufacturer shall not have more than two distribution facilities in each geographical service area assigned to the manufacturer by the commissioner. A manufacturer shall operate only one location where all cultivation, harvesting, manufacturing, packaging, and processing of medical cannabis shall be conducted. This location may be one of the manufacturer's distribution facility sites. The additional distribution facilities may dispense medical cannabis and medical cannabis products but may not contain any medical cannabis in a form other than those forms allowed under section 152.22, subdivision 6, and the manufacturer shall not conduct any cultivation, harvesting, manufacturing, packaging, or processing at the other distribution facility sites. Any distribution facility operated by the manufacturer is subject to all of the requirements applying to the manufacturer under sections 152.22 to 152.37, including, but not limited to, security and distribution requirements.

(b) A manufacturer may acquire hemp grown in this state from a hemp grower. A manufacturer may manufacture or process hemp into an allowable form of medical cannabis under section 152.22, subdivision 6. Hemp acquired by a manufacturer under this paragraph is subject to the same quality control program, security and testing requirements, and other requirements that apply to medical cannabis under sections 152.22 to 152.37 and Minnesota Rules, chapter 4770.

(c) A medical cannabis manufacturer shall contract with a laboratory approved by the commissioner, subject to any additional requirements set by the commissioner, for purposes of testing medical cannabis manufactured or hemp acquired by the medical cannabis manufacturer as to content, contamination, and consistency to verify the medical cannabis meets the requirements of section 152.22, subdivision 6. The cost of laboratory testing shall be paid by the manufacturer.

(d) The operating documents of a manufacturer must include:

(1) procedures for the oversight of the manufacturer and procedures to ensure accurate record keeping;

(2) procedures for the implementation of appropriate security measures to deter and prevent the theft of medical cannabis and unauthorized entrance into areas containing medical cannabis; and

(3) procedures for the delivery and transportation of hemp between hemp growers and manufacturers.

(e) A manufacturer shall implement security requirements, including requirements for the delivery and transportation of hemp, protection of each location by a fully operational security alarm system, facility access controls, perimeter intrusion detection systems, and a personnel identification system.

(f) A manufacturer shall not share office space with, refer patients to a health care practitioner, or have any financial relationship with a health care practitioner.

(g) A manufacturer shall not permit any person to consume medical cannabis on the property of the manufacturer.

(h) A manufacturer is subject to reasonable inspection by the commissioner.

APPENDIX

An employee of a medical cannabis manufacturer must submit a completed criminal history records check consent form, a full set of classifiable fingerprints, and the required fees for submission to the Bureau of Criminal Apprehension before an employee may begin working with the manufacturer. The bureau must conduct a Minnesota criminal history records check and the superintendent is authorized to exchange the fingerprints with the Federal Bureau of Investigation to obtain the applicant's national criminal history record information. The bureau shall return the results of the Minnesota and federal criminal history records checks to the commissioner.

(k) A manufacturer may not operate in any location, whether for distribution or cultivation, harvesting, manufacturing, packaging, or processing, within 1,000 feet of a public or private school existing before the date of the manufacturer's registration with the commissioner.

(l) A manufacturer shall comply with reasonable restrictions set by the commissioner relating to signage, marketing, display, and advertising of medical cannabis.

(m) Before a manufacturer acquires hemp from a hemp grower, the manufacturer must verify that the hemp grower has a valid license issued by the commissioner of agriculture under chapter 18K.

(n) Until a state-centralized, seed-to-sale system is implemented that can track a specific medical cannabis plant from cultivation through testing and point of sale, the commissioner shall conduct at least one unannounced inspection per year of each manufacturer that includes inspection of:

- (1) business operations;
- (2) physical locations of the manufacturer's manufacturing facility and distribution facilities;
- (3) financial information and inventory documentation, including laboratory testing results; and
- (4) physical and electronic security alarm systems.

Subd. 2. Manufacturer; production. (a) A manufacturer of medical cannabis shall provide a reliable and ongoing supply of all medical cannabis needed for the registry program through cultivation by the manufacturer and through the purchase of hemp from hemp growers.

(b) All cultivation, harvesting, manufacturing, packaging, and processing of medical cannabis must take place in an enclosed, locked facility at a physical address provided to the commissioner during the registration process.

(c) A manufacturer must process and prepare any medical cannabis plant material or hemp plant material into a form allowable under section 152.22, subdivision 6, prior to distribution of any medical cannabis.

Subd. 3. Manufacturer; distribution. (a) A manufacturer shall require that employees licensed as pharmacists pursuant to chapter 151 be the only employees to give final approval for the distribution of medical cannabis to a patient. A manufacturer may transport medical cannabis or medical cannabis products that have been cultivated, harvested, manufactured, packaged, and processed by that manufacturer to another registered manufacturer for the other manufacturer to distribute.

(b) A manufacturer may distribute medical cannabis products, whether or not the products have been manufactured by that manufacturer.

(c) Prior to distribution of any medical cannabis, the manufacturer shall:

(1) verify that the manufacturer has received the registry verification from the commissioner for that individual patient;

(2) verify that the person requesting the distribution of medical cannabis is the patient, the patient's registered designated caregiver, or the patient's parent, legal guardian, or spouse listed in the registry verification using the procedures described in section 152.11, subdivision 2d;

(4) ensure that any employee of the manufacturer licensed as a pharmacist pursuant to chapter 151 has consulted with the patient to determine the proper dosage for the individual patient after

reviewing the ranges of chemical compositions of the medical cannabis and the ranges of proper dosages reported by the commissioner. For purposes of this clause, a consultation may be conducted remotely using a videoconference, so long as the employee providing the consultation is able to confirm the identity of the patient, the consultation occurs while the patient is at a distribution facility, and the consultation adheres to patient privacy requirements that apply to health care services delivered through telemedicine;

(5) properly package medical cannabis in compliance with the United States Poison Prevention Packaging Act regarding child-resistant packaging and exemptions for packaging for elderly patients, and label distributed medical cannabis with a list of all active ingredients and individually identifying information, including:

Subd. 3a. Transportation of medical cannabis; staffing. (a) A medical cannabis manufacturer may staff a transport motor vehicle with only one employee if the medical cannabis manufacturer is transporting medical cannabis to either a certified laboratory for the purpose of testing or a facility for the purpose of disposal. If the medical cannabis manufacturer is transporting medical cannabis for any other purpose or destination, the transport motor vehicle must be staffed with a minimum of two employees as required by rules adopted by the commissioner.

(b) Notwithstanding paragraph (a), a medical cannabis manufacturer that is only transporting hemp for any purpose may staff the transport motor vehicle with only one employee.

Subd. 4. Report. Each manufacturer shall report to the commissioner on a monthly basis the following information on each individual patient for the month prior to the report:

(2) the chemical composition of the medical cannabis; and

(3) the tracking number assigned to any medical cannabis distributed.

152.32 PROTECTIONS FOR REGISTRY PROGRAM PARTICIPATION.

Subdivision 1. **Presumption.** (a) There is a presumption that a patient enrolled in the registry program under sections 152.22 to 152.37 is engaged in the authorized use of medical cannabis.

(b) The presumption may be rebutted by evidence that conduct related to use of medical cannabis was not for the purpose of treating or alleviating the patient's qualifying medical condition or symptoms associated with the patient's qualifying medical condition.

Subd. 2. **Criminal and civil protections.** (a) Subject to section 152.23, the following are not violations under this chapter:

(1) use or possession of medical cannabis or medical cannabis products by a patient enrolled in the registry program, or possession by a registered designated caregiver or the parent, legal guardian, or spouse of a patient if the parent, legal guardian, or spouse is listed on the registry verification;

(2) possession, dosage determination, or sale of medical cannabis or medical cannabis products by a medical cannabis manufacturer, employees of a manufacturer, a laboratory conducting testing on medical cannabis, or employees of the laboratory; and

(3) possession of medical cannabis or medical cannabis products by any person while carrying out the duties required under sections 152.22 to 152.37.

A pharmacist licensed under chapter 151 is not subject to any civil or disciplinary penalties by the Board of Pharmacy when acting in accordance with the provisions of sections 152.22 to 152.37. Nothing in this section affects a professional licensing board from taking action in response to violations of any other section of law.

(d) Notwithstanding any law to the contrary, the commissioner, the governor of Minnesota, or an employee of any state agency may not be held civilly or criminally liable for any injury, loss of property, personal injury, or death caused by any act or omission while acting within the scope of office or employment under sections 152.22 to 152.37.

(e) Federal, state, and local law enforcement authorities are prohibited from accessing the patient registry under sections 152.22 to 152.37 except when acting pursuant to a valid search warrant.

(f) Notwithstanding any law to the contrary, neither the commissioner nor a public employee may release data or information about an individual contained in any report, document, or registry created under sections 152.22 to 152.37 or any information obtained about a patient participating in the program, except as provided in sections 152.22 to 152.37.

(j) Possession of a registry verification or application for enrollment in the program by a person entitled to possess or apply for enrollment in the registry program does not constitute probable cause or reasonable suspicion, nor shall it be used to support a search of the person or property of the person possessing or applying for the registry verification, or otherwise subject the person or property of the person to inspection by any governmental agency.

Subd. 3. Discrimination prohibited. (a) No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37, unless failing to do so would violate federal law or regulations or cause the school or landlord to lose a monetary or licensing-related benefit under federal law or regulations.

(b) For the purposes of medical care, including organ transplants, a registry program enrollee's use of medical cannabis under sections 152.22 to 152.37 is considered the equivalent of the authorized use of any other medication used at the discretion of a physician or advanced practice registered nurse and does not constitute the use of an illicit substance or otherwise disqualify a patient from needed medical care.

(c) Unless a failure to do so would violate federal law or regulations or cause an employer to lose a monetary or licensing-related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination, or any term or condition of employment, or otherwise penalize a person, if the discrimination is based upon either of the following:

(1) the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37; or

(2) a patient's positive drug test for cannabis components or metabolites, unless the patient used, possessed, or was impaired by medical cannabis on the premises of the place of employment or during the hours of employment.

(d) An employee who is required to undergo employer drug testing pursuant to section 181.953 may present verification of enrollment in the patient registry as part of the employee's explanation under section 181.953, subdivision 6.

(e) A person shall not be denied custody of a minor child or visitation rights or parenting time with a minor child solely based on the person's status as a patient enrolled in the registry program under sections 152.22 to 152.37. There shall be no presumption of neglect or child endangerment for conduct allowed under sections 152.22 to 152.37, unless the person's behavior is such that it creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

152.33 VIOLATIONS.

Subdivision 1. Intentional diversion; criminal penalty. In addition to any other applicable penalty in law, a manufacturer or an agent of a manufacturer who intentionally transfers medical cannabis to a person other than another registered manufacturer, a patient, a registered designated caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient is guilty of a felony punishable by imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both. Subd. 1a. Intentional diversion outside the state; penalties. (a) In addition to any other applicable penalty in law, the commissioner may levy a fine of \$250,000 against a manufacturer and may immediately initiate proceedings to revoke the manufacturer's registration, using the procedure in section 152.25, if:

(1) an officer, director, or controlling person of the manufacturer pleads or is found guilty under subdivision 1 of intentionally transferring medical cannabis, while the person was an officer, director, or controlling person of the manufacturer, to a person other than allowed by law; and

(b) All fines collected under this subdivision shall be deposited in the state government special revenue fund.

Subd. 2. Diversion by patient, registered designated caregiver, parent, legal guardian, or patient's spouse; criminal penalty. In addition to any other applicable penalty in law, a patient, registered designated caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient who intentionally sells or otherwise transfers medical cannabis to a person other than a patient, designated registered caregiver or, if listed on the registry verification, a parent, legal guardian, or spouse of a patient is guilty of a felony punishable by imprisonment for not more than two years or by payment of a fine of not more than \$3,000, or both.

Subd. 3. False statement; criminal penalty. A person who intentionally makes a false statement to a law enforcement official about any fact or circumstance relating to the medical use of cannabis to avoid arrest or prosecution is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or by payment of a fine of not more than \$1,000, or both. The penalty is in addition to any other penalties that may apply for making a false statement or for the possession, cultivation, or sale of cannabis not protected by sections 152.22 to 152.37. The restrictions may include a provision that the facility will not store or maintain the patient's supply of medical cannabis, that the facility is not responsible for providing the medical cannabis for patients, and that medical cannabis be used only in a place specified by the facility.

(b) Any employee or agent of a facility listed in this section or a person licensed under chapter 144E is not subject to violations under this chapter for possession of medical cannabis while carrying out employment duties, including providing or supervising care to a registered patient, or distribution of medical cannabis to a registered patient who resides at or is actively receiving treatment or care at the facility with which the employee or agent is affiliated. Unless a patient provides evidence of receiving payments from or participating in one of the programs specifically listed in this paragraph, the commissioner of health must collect the \$200 enrollment fee from a patient to enroll the patient in the registry program. The fees shall be payable annually and are due on the anniversary date of the patient's enrollment. The fee amount shall be deposited in the state treasury and credited to the state government special revenue fund.

Revenue from the fee amount shall be deposited in the state treasury and credited to the state government special revenue fund.

(d) A medical cannabis manufacturer may charge patients enrolled in the registry program a reasonable fee for costs associated with the operations of the manufacturer.
