(b) Calendar year allocations under subdivision 1 shall be paid to counties in the following manner:

(1) 80 percent of the allocation as determined in subdivision 1 must be paid to counties on or before July 10 of each year;

(2) ten percent of the allocation shall be withheld until the commissioner determines if the county has met the performance outcome threshold of 90 percent based on face-to-face contact with alleged child victims. In order to receive the performance allocation, the county child protection workers must have a timely face-to-face contact with at least 90 percent of all alleged child victims of screened-in maltreatment reports. The standard requires that each initial face-to-face contact occur consistent with timelines defined in section 626.556, subdivision 10, paragraph (i). The commissioner shall make threshold determinations in January of each year and payments to counties meeting the performance outcome threshold shall occur in February of each year. Any withheld funds from this appropriation for counties that do not meet this requirement shall be reallocated by the commissioner to those counties meeting the requirement; and

(3) ten percent of the allocation shall be withheld until the commissioner determines that the county has met the performance outcome threshold of 90 percent based on face-to-face visits by the case manager. In order to receive the performance allocation, the total number of visits made by easeworkers on a monthly basis to children in foster care and children receiving child protection services while residing in their home must be at least 90 percent of the total number of such visits that would occur if every child were visited once per month. The commissioner shall make such determinations in January of each year and payments to counties meeting the performance outcome threshold shall occur in February of each year. Any withheld funds from this appropriation for counties that do not meet this requirement shall be reallocated by the commissioner to those counties meeting the requirement. For 2015, the commissioner shall only apply the standard for monthly foster care visits.

Subd. 6. **Appeals and fair hearings.** (a) A caregiver has the right to appeal to the commissioner under section 256.045 when eligibility for Northstar Care for Children is denied, and when payment or the agreement for an eligible child is modified or terminated.

(b) A relative custodian or adoptive parent has additional rights to appeal to the commissioner pursuant to section 256.045. These rights include when the commissioner terminates or modifies the Northstar kinship assistance or adoption assistance agreement or when the commissioner denies an application for Northstar kinship assistance or adoption assistance. A prospective relative custodian or adoptive parent who disagrees with a decision by the commissioner before transfer of permanent legal and physical custody or finalization of the adoption may request review of the decision by the commissioner or may appeal the decision under section 256.045. A Northstar kinship assistance or adoption assistance agreement must be signed and in effect before the court order that transfers permanent legal and physical custody or the adoption finalization; however, in some cases, there may be extenuating circumstances as to why an agreement was not entered into before finalization of permanency for the child. Caregivers who believe that extenuating circumstances exist as to why an agreement was not entered into before finalization of permanency in the case of their child may request a fair hearing. Caregivers have the responsibility of proving that extenuating circumstances exist. Caregivers must be required to provide written documentation of each eligibility criterion at the fair hearing. Examples of extenuating circumstances include: relevant facts regarding the child were known by the placing agency and not presented to the caregivers before transfer of permanent legal and physical custody or finalization of the adoption, or failure by the commissioner or a designee to advise potential caregivers about the availability of Northstar kinship assistance or adoption assistance for children in the state foster care system. If a human services judge finds through the fair hearing process that extenuating circumstances existed and that the child met all other eligibility criteria at the time the transfer of permanent legal and physical custody was ordered or the adoption was finalized, the effective date and any associated federal financial participation shall be retroactive from the date of the request for a fair hearing.

- (c) If the court determines there is reason to believe that the child would endanger self or others or not return for a court hearing, or that the child's health or welfare would be immediately endangered if returned to the care of the parent or guardian who has custody and from whom the child was removed, the court shall order the child into foster care under the legal responsibility of the responsible social services agency or responsible probation or corrections agency for the purposes of protective care as that term is used in the juvenile court rules or into the home of a noncustodial parent and order the noncustodial parent to comply with any conditions the court determines to be appropriate to the safety and care of the child, including cooperating with paternity establishment proceedings in the case of a man who has not been adjudicated the child's father. The court shall not give the responsible social services legal custody and order a trial home visit at any time prior to adjudication and disposition under section 260C.201, subdivision 1, paragraph (a), clause (3), but may order the child returned to the care of the parent or guardian who has custody and from whom the child was removed and order the parent or guardian to comply with any conditions the court determines to be appropriate to meet the safety, health, and welfare of the child.
- (d) In determining whether the child's health or welfare would be immediately endangered, the court shall consider whether the child would reside with a perpetrator of domestic child abuse.
- (e) The court, before determining whether a child should be placed in or continue in foster care under the protective care of the responsible agency, shall also make a determination, consistent with section 260.012 as to whether reasonable efforts were made to prevent placement or whether reasonable efforts to prevent placement are not required. In the case of an Indian child, the court shall determine whether active efforts, according to section 260.762 and the Indian Child Welfare Act of 1978, United States Code, title 25, section 1912(d), were made to prevent placement. The court shall enter a finding that the responsible social services agency has made reasonable efforts to prevent placement when the agency establishes either:

When reasonable efforts to prevent placement are required and there are services or other efforts that could be ordered which would permit the child to safely return home, the court shall order the child returned to the care of the parent or guardian and the services or efforts put in place to ensure the child's safety. When the court makes a prima facie determination that one of the circumstances under paragraph (g) exists, the court shall determine that reasonable efforts to prevent placement and to return the child to the care of the parent or guardian are not required.
- If the court finds the social services agency's preventive or reunification efforts have not been reasonable but further preventive or reunification efforts could not permit the child to safely remain at home, the court may nevertheless authorize or continue the removal of the child.

 - (2) the parental rights of the parent to another child have been involuntarily terminated;
- 36.27 (3) the child is an abandoned infant under section 260C.301, subdivision 2, paragraph 36.28 (a), clause (2);

If the children are not placed together at the time of the hearing, the court shall inquire at each subsequent hearing of the agency's reasonable efforts to place the siblings together, as required under section 260.012. If any sibling is not placed with another sibling or siblings, the agency must develop a plan to facilitate visitation or ongoing contact among the siblings as required under section 260C.212, subdivision 1, unless it is contrary to the safety or well-being of any of the siblings to do so.
- (l) When the court has ordered the child into foster care or into the home of a noncustodial parent, the court may order a chemical dependency evaluation, mental health evaluation, medical examination, and parenting assessment for the parent as necessary to support the development of a plan for reunification required under subdivision 7 and section 260C.212,

Subdivision 1. **Out-of-home placement; plan.** (a) An out-of-home placement plan shall be prepared within 30 days after any child is placed in foster care by court order or a voluntary placement agreement between the responsible social services agency and the child's parent pursuant to section 260C.227 or chapter 260D.

- (b) An out-of-home placement plan means a written document which is prepared by the responsible social services agency jointly with the parent or parents or guardian of the child and in consultation with the child's guardian ad litem, the child's tribe, if the child is an Indian child, the child's foster parent or representative of the foster care facility, and, where appropriate, the child. The child may select one member of the case planning team to be designated as the child's advisor advisor and to advocate with respect to the application of the reasonable and prudent parenting standards. For a child in voluntary foster care for treatment under chapter 260D, preparation of the out-of-home placement plan shall additionally include the child's mental health treatment provider. For a child 18 years of age or older, the responsible social services agency shall involve the child and the child's parents as appropriate. As appropriate, the plan shall be:

 - (i) the names and addresses of the child's educational providers;

- Subd. 2. **Placement decisions based on best interests of the child.** (a) The policy of the state of Minnesota is to ensure that the child's best interests are met by requiring an individualized determination of the needs of the child and of how the selected placement will serve the needs of the child being placed. The authorized child-placing agency shall assess a noncustodial or nonadjudicated parent's capacity and willingness to provide for the day-to-day care of a child pursuant to section 260C.219. Sec. 47. Minnesota Statutes 2018, section 260C.219, is amended to read:

260C.219 AGENCY RESPONSIBILITIES FOR PARENTS AND CHILDREN IN PLACEMENT.

- (a) When a child is in foster care, the responsible social services agency shall make diligent efforts to identify, locate, and, where appropriate, offer services to both parents of the child.
- (1) The responsible social services agency shall assess whether a noncustodial or nonadjudicated parent is willing and capable of providing for the day-to-day care of the child temporarily or permanently. An assessment under this clause may include, but is not limited to, obtaining information under section 260C.209. If after assessment, the responsible social services agency determines that a noncustodial or nonadjudicated parent is willing and capable of providing day-to-day care of the child, the responsible social services agency may seek authority from the custodial parent or the court to have that parent assume day-to-day care of the child. If a parent is not an adjudicated parent, the responsible social services agency shall require the nonadjudicated parent to cooperate with paternity establishment procedures as part of the case plan.
- (2) If, after assessment, the responsible social services agency determines that the child cannot be in the day-to-day care of either parent, the agency shall:

Sec. 47. 45

(ii) provide a parent who is the subject of a background study under section 260C.209 15 days' notice that it intends to use the study to recommend against putting the child with that parent, and the court shall afford the parent an opportunity to be heard concerning the study.

The results of a background study of a noncustodial parent shall not be used by the agency to determine that the parent is incapable of providing day-to-day care of the child unless the agency reasonably believes that placement of the child into the home of that parent would endanger the child's health, safety, or welfare.

- (3) If, after the provision of services following an out-of-home placement plan under this section, the child cannot return to the care of the parent from whom the child was removed or who had legal custody at the time the child was placed in foster care, the agency may petition on behalf of a noncustodial parent to establish legal custody with that parent under section 260C.515, subdivision 4. If paternity has not already been established, it may be established in the same proceeding in the manner provided for under chapter 257.
- (4) The responsible social services agency may be relieved of the requirement to locate and offer services to both parents by the juvenile court upon a finding of good cause after the filing of a petition under section 260C.141.
- (b) The responsible social services agency shall give notice to the parent or guardian of each child in foster care, other than a child in voluntary foster care for treatment under chapter 260D, of the following information:
- (1) that the child's placement in foster care may result in termination of parental rights or an order permanently placing the child out of the custody of the parent, but only after notice and a hearing as required under this chapter and the juvenile court rules;
- (2) time limits on the length of placement and of reunification services, including the date on which the child is expected to be returned to and safely maintained in the home of the parent or parents or placed for adoption or otherwise permanently removed from the care of the parent by court order;
 - (3) the nature of the services available to the parent;
- (4) the consequences to the parent and the child if the parent fails or is unable to use services to correct the circumstances that led to the child's placement; 46.32
 - (5) the first consideration for placement with relatives;

- (c) The responsible social services agency shall inform a parent considering voluntary placement of a child under section 260C.227 of the following information:
- (1) the parent and the child each has a right to separate legal counsel before signing a voluntary placement agreement, but not to counsel appointed at public expense;
- (2) the parent is not required to agree to the voluntary placement, and a parent who enters a voluntary placement agreement may at any time request that the agency return the child. If the parent so requests, the child must be returned within 24 hours of the receipt of the request;
- (3) evidence gathered during the time the child is voluntarily placed may be used at a later time as the basis for a petition alleging that the child is in need of protection or services or as the basis for a petition seeking termination of parental rights or other permanent placement of the child away from the parent;
- (4) if the responsible social services agency files a petition alleging that the child is in need of protection or services or a petition seeking the termination of parental rights or other permanent placement of the child away from the parent, the parent would have the right to appointment of separate legal counsel and the child would have a right to the appointment of counsel and a guardian ad litem as provided by law, and that counsel will be appointed at public expense if they are unable to afford counsel; and

care. If there is documentation that the child has had an examination within the last 12 months, the agency is responsible for seeing that the child has another physical examination within one year of the documented examination and annually in subsequent years. If the agency determines that the child has not had a physical examination within the 12 months immediately preceding placement, the agency shall ensure that the child has an examination within 30 days of coming into the agency's care and once a year in subsequent years.

(e) Whether under state guardianship or not, if a child leaves foster care by reason of having attained the age of majority under state law, the child must be given at no cost a copy of the child's social and medical history, as defined in section 259.43 260C.212, subdivision 15, and including the child's health and education report.

investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation or assessment. In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. The commissioner of education shall inform the ombudsman established under sections 245.91 to 245.97 of reports regarding a child defined as a client in section 245.91 that maltreatment occurred at a school as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E.

(d) (e) Authority of the local welfare agency responsible for assessing or investigating the child abuse or neglect report, the agency responsible for assessing or investigating the report, and of the local law enforcement agency for investigating the alleged abuse or neglect includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged offender. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found or the child may be transported to, and the interview conducted at, a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency. The interview may take place outside the presence of the alleged offender or parent, legal custodian, guardian, or school official. For family assessments, it is the preferred practice to request a parent or guardian's permission to interview the child prior to conducting the child interview, unless doing so would compromise the safety assessment. has occurred. Notwithstanding rule 32 of the Minnesota Rules of Procedure for Juvenile Courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(e) (f) When the local welfare, local law enforcement agency, or the agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the local social services agency or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until that time, the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

(g) Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort

must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(f) (h) Where the alleged offender or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.

(g) (i) Before making an order under paragraph (f) (h), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(h) (j) The commissioner of human services, the ombudsman for mental health and developmental disabilities, the local welfare agencies responsible for investigating reports, the commissioner of education, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

(i) (k) The local welfare agency responsible for conducting a family assessment or investigation shall collect available and relevant information to determine child safety, risk of subsequent child maltreatment, and family strengths and needs and share not public information, including the name of the reporter of child maltreatment and any other information collected under this subdivision, with an Indian's tribal social services agency without violating any law of the state that may otherwise impose duties of confidentiality on the local welfare agency in order to implement the tribal state agreement. The local welfare agency or the agency responsible for investigating the report shall collect available and relevant information to ascertain whether maltreatment occurred and whether protective services are needed. Information collected includes, when relevant, information with regard to the person reporting the alleged maltreatment, including the nature of the reporter's

relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged maltreatment. The local welfare agency or the agency responsible for investigating the report may make a determination of no maltreatment early in an investigation, and close the case and retain immunity, if the collected information shows no basis for a full investigation.

Information relevant to the assessment or investigation must be asked for, and may include:

- (1) the child's sex and age; prior reports of maltreatment, including any maltreatment reports that were screened out and not accepted for assessment or investigation; information relating to developmental functioning; credibility of the child's statement; and whether the information provided under this clause is consistent with other information collected during the course of the assessment or investigation;
- (2) the alleged offender's age, a record check for prior reports of maltreatment, and criminal charges and convictions. The local welfare agency or the agency responsible for assessing or investigating the report must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation;
- (3) collateral source information regarding the alleged maltreatment and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or the care of the child maintained by any facility, clinic, or health care professional and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child; and
- (4) information on the existence of domestic abuse and violence in the home of the child, and substance abuse.

Nothing in this paragraph precludes the local welfare agency, the local law enforcement agency, or the agency responsible for assessing or investigating the report from collecting other relevant information necessary to conduct the assessment or investigation.

Notwithstanding sections 13.384 or 144.291 to 144.298, the local welfare agency has access to medical data and records for purposes of clause (3). Notwithstanding the data's classification in the possession of any other agency, data acquired by the local welfare

agency or the agency responsible for assessing or investigating the report during the course of the assessment or investigation are private data on individuals and must be maintained in accordance with subdivision 11. Data of the commissioner of education collected or maintained during and for the purpose of an investigation of alleged maltreatment in a school are governed by this section, notwithstanding the data's classification as educational, licensing, or personnel data under chapter 13.

In conducting an assessment or investigation involving a school facility as defined in subdivision 2, paragraph (c), the commissioner of education shall collect investigative reports and data that are relevant to a report of maltreatment and are from local law enforcement and the school facility.

(j) (l) Upon receipt of a report made under subdivision 7, paragraph (a), the local welfare agency shall conduct a face-to-face contact with the child reported to be maltreated and with the child's primary caregiver sufficient to complete a safety assessment and ensure the immediate safety of the child. A safety plan is developed, when required, after a safety assessment. The face-to-face contact with the child and primary caregiver shall occur immediately if sexual abuse or substantial child endangerment is alleged and within five calendar days for all other reports. If the alleged offender was not already interviewed as the primary caregiver, the local welfare agency shall also conduct a face-to-face interview with the alleged offender in the early stages of the assessment or investigation. At the initial contact, the local child welfare agency or the agency responsible for assessing or investigating the report must inform the alleged offender of the complaints or allegations made against the individual in a manner consistent with laws protecting the rights of the person who made the report or the person who provided information under subdivision 7, paragraph (b). The interview with the alleged offender may be postponed if it would jeopardize an active law enforcement investigation.

(k) (m) When conducting an investigation, the local welfare agency shall use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. For investigations only, the following interviewing methods and procedures must be used whenever possible when collecting information:

- (1) audio recordings of all interviews with witnesses and collateral sources; and
- (2) in cases of alleged sexual abuse, audio-video recordings of each interview with the alleged victim and child witnesses.
- (<u>h</u>) (<u>n</u>) In conducting an assessment or investigation involving a school facility as defined in subdivision 2, paragraph (c), the commissioner of education shall collect available and

relevant information and use the procedures in paragraphs (j) (l) and (k) (m), and subdivision 3d, except that the requirement for face-to-face observation of the child and face-to-face interview of the alleged offender is to occur in the initial stages of the assessment or investigation provided that the commissioner may also base the assessment or investigation on investigative reports and data received from the school facility and local law enforcement, to the extent those investigations satisfy the requirements of paragraphs (j) (l) and (k) (m), and subdivision 3d.

Subd. 10a. Law enforcement agency responsibility for investigation; welfare agency reliance on law enforcement fact-finding; welfare agency offer of services. (a) If the report alleges neglect, physical abuse, or sexual abuse by a person who is not a parent, guardian, sibling, person responsible for the child's care functioning within the family unit, or a person who lives in the child's household and who has a significant relationship to the child, in a setting other than a facility as defined in subdivision 2, the local welfare agency shall immediately notify the appropriate law enforcement agency, which shall conduct an investigation of the alleged abuse or neglect if a violation of a criminal statute is alleged. If the report alleges known or suspected child sex trafficking by any person, both the local child welfare agency and the appropriate law enforcement agency shall conduct an investigation.

- (b) The local agency may rely on the fact-finding efforts of the law enforcement investigation conducted under this subdivision to make a determination whether or not threatened injury or other maltreatment has occurred under subdivision 2 if an alleged offender has minor children or lives with minors.

agency responsible for assessing or investigating the report shall immediately assess or investigate if the report alleges that:

- (1) a child who is in the care of a facility as defined in subdivision 2 is neglected, physically abused, sexually abused, or is the victim of maltreatment in a facility by an individual in that facility, or has been so neglected or abused, or been the victim of maltreatment in a facility by an individual in that facility within the three years preceding the report; or

The commissioner of the agency responsible for assessing or investigating the report shall arrange for the transmittal to the commissioner of reports received by local agencies and may delegate to a local welfare agency the duty to investigate reports. In conducting an investigation under this section, the commissioner has the powers and duties specified for local welfare agencies under this section. The commissioner of the agency responsible for assessing or investigating the report or local welfare agency may interview any children who are or have been in the care of a facility under investigation and their parents, guardians, or legal custodians.

Subd. 10d. Notification of neglect or abuse in facility. (a) When a report is received that alleges neglect, physical abuse, sexual abuse, or maltreatment of a child while in the care of a licensed or unlicensed day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed or certified according to sections 144.50 to 144.58; 241.021; or 245A.01 to 245A.16; or chapter 144H, 245D, or 245H, or a school as defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E; or a nonlicensed personal care provider organization as defined in section 256B.0625, subdivision 19a, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency investigating the report shall provide the following information to the parent, guardian, or legal custodian of a child alleged to have been neglected, physically abused, sexually abused, or the victim of maltreatment of a child in the facility: the name of the facility; the fact that a report alleging neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility has been received; the nature of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; that the agency is conducting an assessment or investigation; any protective or corrective measures being taken pending the outcome of the investigation; and that a written memorandum will be provided when the investigation is completed.

(b) The commissioner of the agency responsible for assessing or investigating the report or local welfare agency may also provide the information in paragraph (a) to the parent, guardian, or legal custodian of any other child in the facility if the investigative agency knows or has reason to believe the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility has occurred. In determining whether to exercise this authority, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency shall consider the seriousness of the alleged neglect, physical

(c) When the commissioner of the agency responsible for assessing or investigating the report or local welfare agency has completed its investigation, every parent, guardian, or legal custodian previously notified of the investigation by the commissioner or local welfare agency shall be provided with the following information in a written memorandum: the name of the facility investigated; the nature of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; the investigator's name; a summary of the investigation findings; a statement whether maltreatment was found; and the protective or corrective measures that are being or will be taken. The memorandum shall be written in a manner that protects the identity of the reporter and the child and shall not contain the name, or to the extent possible, reveal the identity of the alleged perpetrator or of those interviewed during the investigation. If maltreatment is determined to exist, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child in the facility who had contact with the individual responsible for the maltreatment. When the facility is the responsible party for maltreatment, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child who received services in the population of the facility where the maltreatment occurred. This notification must be provided to the parent, guardian, or legal custodian of each child receiving services from the time the maltreatment occurred until either the individual responsible for maltreatment is no longer in contact with a child or children in the facility or the conclusion of the investigation. In the case of maltreatment within a school facility, as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E, the commissioner of education need not provide notification to parents, guardians, or legal custodians of each child in the facility, but shall, within ten days after the investigation is completed, provide written notification to the parent, guardian, or legal custodian of any student alleged to have been maltreated. The commissioner of education may notify the parent, guardian, or legal custodian of any student involved as a witness to alleged maltreatment.

Sec. 75. Minnesota Statutes 2018, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. **Determinations.** (a) The local welfare agency shall conclude the family assessment or the investigation within 45 days of the receipt of a report. The conclusion of the assessment or investigation may be extended to permit the completion of a criminal investigation or the receipt of expert information requested within 45 days of the receipt of the report.

- (b) After conducting a family assessment, the local welfare agency shall determine whether services are needed to address the safety of the child and other family members and the risk of subsequent maltreatment.
- (c) After conducting an investigation, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed. No determination of maltreatment shall be made when the alleged perpetrator is a child under the age of ten.
- (d) If the commissioner of education conducts an assessment or investigation, the commissioner shall determine whether maltreatment occurred and what corrective or protective action was taken by the school facility. If a determination is made that maltreatment has occurred, the commissioner shall report to the employer, the school board, and any appropriate licensing entity the determination that maltreatment occurred and what corrective or protective action was taken by the school facility. In all other cases, the commissioner shall inform the school board or employer that a report was received, the subject of the report, the date of the initial report, the category of maltreatment alleged as defined in paragraph (f), the fact that maltreatment was not determined, and a summary of the specific reasons for the determination.
- (e) When maltreatment is determined in an investigation involving a facility, the investigating agency shall also determine whether the facility or individual was responsible, or whether both the facility and the individual were responsible for the maltreatment using the mitigating factors in paragraph (i). Determinations under this subdivision must be made based on a preponderance of the evidence and are private data on individuals or nonpublic data as maintained by the commissioner of education.
- (f) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions:
 - (1) physical abuse as defined in subdivision 2, paragraph (k);
 - (2) neglect as defined in subdivision 2, paragraph (g);

Sec. 75. 90

(3) sexual abuse as defined in subdivision 2, paragraph (n) (p);

- (4) mental injury as defined in subdivision 2, paragraph (f); or
- (5) maltreatment of a child in a facility as defined in subdivision 2, paragraph (c).
- (g) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.
- (h) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.
- (i) When determining whether the facility or individual is the responsible party, or whether both the facility and the individual are responsible for determined maltreatment in a facility, the investigating agency shall consider at least the following mitigating factors:
- (1) whether the actions of the facility or the individual caregivers were according to, and followed the terms of, an erroneous physician order, prescription, individual care plan, or directive; however, this is not a mitigating factor when the facility or caregiver was responsible for the issuance of the erroneous order, prescription, individual care plan, or directive or knew or should have known of the errors and took no reasonable measures to correct the defect before administering care;
- (2) comparative responsibility between the facility, other caregivers, and requirements placed upon an employee, including the facility's compliance with related regulatory standards and the adequacy of facility policies and procedures, facility training, an individual's participation in the training, the caregiver's supervision, and facility staffing levels and the scope of the individual employee's authority and discretion; and
- (3) whether the facility or individual followed professional standards in exercising professional judgment.

Sec. 75. 91

The evaluation of the facility's responsibility under clause (2) must not be based on the completeness of the risk assessment or risk reduction plan required under section 245A.66, but must be based on the facility's compliance with the regulatory standards for policies and procedures, training, and supervision as cited in Minnesota Statutes and Minnesota Rules.

(j) Notwithstanding paragraph (i), when maltreatment is determined to have been committed by an individual who is also the facility license or certification holder, both the individual and the facility must be determined responsible for the maltreatment, and both the background study disqualification standards under section 245C.15, subdivision 4, and the licensing or certification actions under section 245A.06, 245A.07, 245H.06, or 245H.07 apply.
