2.13 includes but is not limited to voluntary sterilization procedures, patient education, counseling
2.14 on contraceptives, and follow-up services related to contraceptive methods or services,
2.15 management of side effects, counseling for continued adherence, and device insertion or
2.16 removal.

2.17 (e) "Eligible organization" means an organization that opposes providing coverage for
2.18 some or all contraceptive methods or services on account of religious objections and that
2.19 is:

2.20 (1) organized as a nonprofit entity and holds itself out to be religious; or

2.21 (2) organized and operates as a closely held for-profit entity, and the organization's
2.22 owners or highest governing body has adopted, under the organization's applicable rules of
2.23 governance and consistent with state law, a resolution or similar action establishing that the
2.24 organization objects to covering some or all contraceptive methods or services on account
2.25 of the owners' sincerely held religious beliefs.

2.26 (f) "Exempt organization" means an organization that is organized and operates as a

 3.23 version of a contraceptive method is approved, a health plan must include at least one
 3.24 therapeutic equivalent version in its formulary, but is not required to include all therapeutic
 3.25 equivalent versions.

3.26 (e) For each health plan, a health plan company must list the contraceptive methods and
 3.27 services that are covered without cost-sharing in a manner that is easily accessible to
 3.28 enrollees, health care providers, and representatives of health care providers. The list for
 3.29 each health plan must be promptly updated to reflect changes to the coverage.

3.30 (f) If an enrollee's attending provider recommends a particular contraceptive method or
 3.31 service based on a determination of medical necessity for that enrollee, the health plan must
 3.32 cover that contraceptive method or service without cost-sharing. The health plan company

4.1 issuing the health plan must defer to the attending provider's determination that the particular
4.2 contraceptive method or service is medically necessary for the enrollee.

4.3 Subd. 3. **Exemption.** (a) An exempt organization is not required to cover contraceptives
4.4 or contraceptive services if the exempt organization has religious objections to the coverage.

4.7 employees at least 30 days before:

4.8 (1) an employee enrolls in the health plan; or

4.9 (2) the effective date of the health plan, whichever occurs first.

4.10 (b) If the exempt organization provides coverage for some contraceptive methods or
4.11 services, the notice required under paragraph (a) must provide a list of the contraceptive
4.12 methods or services the organization refuses to cover.

4.21 (a) must include (1) the name of the eligible organization, (2) a statement that it objects to
4.22 coverage for some or all of contraceptive methods or services, including a list of the
4.23 contraceptive methods or services the eligible organization objects to, if applicable, and (3)
4.24 the health plan name. The notice must be executed by a person authorized to provide notice
4.25 on behalf of the eligible organization.

4.33 future enrollments in the health plan:

5.1 (1) expressly exclude coverage for those contraceptive methods or services identified
 5.2 in the notice under paragraph (a) from the health plan; and

 5.7 co-pays, deductibles, or co-insurance, or directly or indirectly impose any premium, fee, or
 5.8 other charge for contraceptive services or methods on the eligible organization, health plan,
 5.9 or enrollee.

5.10 (f) On January 1, 2024, and every year thereafter a health plan company must notify the

5.25 Subd. 3. **Required coverage.** Health plan coverage for a prescription contraceptive must
 5.26 provide a 12-month supply for any prescription contraceptive if a 12-month supply is
 5.27 prescribed by the prescribing health care provider. The prescribing health care provider
 5.28 must determine the appropriate duration to prescribe the prescription contraceptives for, up

7.3 disorders, and this determination shall not be subject to the requirements of chapter 14. A
7.4 pharmacist may prescribe over-the-counter medications as provided under this paragraph
7.5 for purposes of receiving reimbursement under Medicaid. When prescribing over-the-counter
7.6 drugs under this paragraph, licensed pharmacists must consult with the recipient to determine
