When an appointing authority selects individuals for membership on the commission, the authority shall make reasonable efforts to appoint qualified members of protected groups, as defined in section 43A.02, subdivision 33.

One of the members shall be designated by the governor as chair of the commission.

Subd. 3. **Appointment terms.** Each appointed member shall be appointed for four years and shall continue to serve during that time as long as the member occupies the position which made the member eligible for the appointment. Each member shall continue in office until a successor is duly appointed. Members shall be eligible for reappointment, and appointment may be made to fill an unexpired term. The term of any member appointed or reappointed by the governor before the first Monday in January 1991 expires on that date. The term of any member appointed or reappointed by the governor after the first Monday in January 1991 is coterminous with the governor. The members of the commission shall elect any additional officers necessary for the efficient discharge of their duties.

Subd. 4. **Reimbursement.** Each member of the commission shall be reimbursed for all reasonable expenses actually paid or incurred by that member in the performance of official duties in the same manner as other employees of the state. The public members of the commission shall be compensated at the rate of \$50 for each day or part thereof spent on commission activities.

Subd. 5. **Promulgation of Sentencing Guidelines.** The commission shall promulgate Sentencing Guidelines for the district court. The guidelines shall be based on reasonable offense and offender characteristics. The guidelines promulgated by the commission shall be advisory to the district court and shall establish:

- (1) The circumstances under which imprisonment of an offender is proper; and
- (2) A presumptive, fixed sentence for offenders for whom imprisonment is proper, based on each appropriate combination of reasonable offense and offender characteristics. The guidelines shall provide for an increase of 20 percent and a decrease of 15 percent in the presumptive, fixed sentence.

The Sentencing Guidelines promulgated by the commission may also establish appropriate sanctions for offenders for whom imprisonment is not proper. Any guidelines promulgated by the commission establishing sanctions for offenders for whom imprisonment is not proper shall make specific reference to noninstitutional sanctions, including but not limited to the following: payment of fines, day fines, restitution, community work orders, work release programs in local facilities, community based residential and nonresidential programs, incarceration in a local correctional facility, and probation and the conditions thereof.

Although the Sentencing Guidelines are advisory to the district court, the court shall follow the procedures of the guidelines when it pronounces sentence in a proceeding to which the guidelines apply by operation of statute. Sentencing pursuant to the Sentencing Guidelines is not a right that accrues to a person convicted of a felony; it is a procedure based on state public policy to maintain uniformity, proportionality, rationality, and predictability in sentencing.

APPENDIX
Repealed Minnesota Statutes: 22-05461

In establishing and modifying the Sentencing Guidelines, the primary consideration of the commission shall be public safety. The commission shall also consider current sentencing and release practices; correctional resources, including but not limited to the capacities of local and state correctional facilities; and the long-term negative impact of the crime on the community.

The provisions of sections 14.001 to 14.69 do not apply to the promulgation of the Sentencing Guidelines, and the Sentencing Guidelines, including severity levels and criminal history scores, are not subject to review by the legislative commission to review administrative rules. However, the commission shall adopt rules pursuant to sections 14.001 to 14.69 which establish procedures for the promulgation of the Sentencing Guidelines, including procedures for the promulgation of severity levels and criminal history scores, and these rules shall be subject to review by the Legislative Coordinating Commission.

Subd. 7. **Study.** After the implementation of the Sentencing Guidelines promulgated by the commission, the commission shall study their impact and review the powers and duties of the commissioner of corrections.

Subd. 9. **Funds acceptance.** When any person, corporation, the United States government, or any other entity offers funds to the Sentencing Guidelines Commission to carry out its purposes and duties, the commission may accept the offer by majority vote and upon acceptance the chair shall receive the funds subject to the terms of the offer, but no money shall be accepted or received as a loan nor shall any indebtedness be incurred except in the manner and under the limitations otherwise provided by law.

Subd. 11. **Modification.** The commission shall meet as necessary for the purpose of modifying and improving the guidelines. Any modification which amends the Sentencing Guidelines grid, including severity levels and criminal history scores, or which would result in the reduction of any sentence or in the early release of any inmate, with the exception of a modification mandated or authorized by the legislature or relating to a crime created or amended by the legislature in the preceding session, shall be submitted to the legislature by January 15 of any year in which the commission wishes to make the change and shall be effective on August 1 of that year, unless the legislature by law provides otherwise. All other modifications shall take effect according to the procedural rules of the commission. On or before January 15 of each year, the commission shall submit a written report to the committees of the senate and the house of representatives with jurisdiction over criminal justice policy that identifies and explains all modifications made during the preceding 12 months and all proposed modifications that are being submitted to the legislature that year.
