1.8	in Minnesota Statutes, chapter 168A.
1.9	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:
1.10	Section 1. Minnesota Statutes 2016, section 80E.13, is amended to read:
1.11	80E.13 UNFAIR PRACTICES BY MANUFACTURERS, DISTRIBUTORS,
1.12	FACTORY BRANCHES.
1.13	It is unlawful and an unfair practice for a manufacturer, distributor, or factory branch
1.14	to engage in any of the following practices:
1.15	(a) delay, refuse, or fail to deliver new motor vehicles or new motor vehicle parts or
1.16	accessories in reasonable time and in reasonable quantity relative to the new motor vehicle
1.17	dealer's facilities and sales potential in the dealer's relevant market area, after having accepted
1.18	an order from a new motor vehicle dealer having a franchise for the retail sale of any new
1.19	motor vehicle sold or distributed by the manufacturer or distributor, if the new motor vehicle
1.20	or new motor vehicle parts or accessories are publicly advertised as being available for
1.21	delivery or actually being delivered. This clause is not violated, however, if the failure is
1.22	caused by acts or causes beyond the control of the manufacturer;
1.23	(b) refuse to disclose to any new motor vehicle dealer handling the same line make, the

1.24 manner and mode of distribution of that line make within the relevant market area;

(c) obtain money, goods, service, or any other benefit from any other person with whom
the dealer does business, on account of, or in relation to, the transaction between the dealer
and the other person, other than for compensation for services rendered, unless the benefit
is promptly accounted for, and transmitted to, the new motor vehicle dealer;

(d) increase prices of new motor vehicles which the new motor vehicle dealer had ordered
for private retail consumers prior to the dealer's receiving the written official price increase
notification. A sales contract signed by a private retail consumer shall constitute evidence
of each order if the vehicle is in fact delivered to that customer. In the event of manufacturer
price reductions, the amount of any reduction received by a dealer shall be passed on to the
private retail consumer by the dealer if the retail price was negotiated on the basis of the
previous higher price to the dealer;

(e) offer any refunds or other types of inducements to any new motor vehicle dealer for
the purchase of new motor vehicles of a certain line make without making the same offer
to all other new motor vehicle dealers in the same line make within geographic areas
reasonably determined by the manufacturer;

(f) release to any outside party, except under subpoena or in an administrative or judicial
proceeding involving the manufacturer or dealer, any business, financial, or personal
information which may be provided by the dealer to the manufacturer, without the express
written consent of the dealer or unless pertinent to judicial or governmental administrative
proceedings or to arbitration proceedings of any kind;

(g) deny any new motor vehicle dealer the right of free association with any other newmotor vehicle dealer for any lawful purpose;

2.23 (h) unfairly discriminate among its new motor vehicle dealers with respect to warranty
2.24 reimbursement or authority granted its new vehicle dealers to make warranty adjustments
2.25 with retail customers;

(i) compete with a new motor vehicle dealer in the same line make operating under an 2.26 agreement or franchise from the same manufacturer, distributor, or factory branch. A 2.27 manufacturer, distributor, or factory branch is considered to be competing when it has an 2.28 ownership interest, other than a passive interest held for investment purposes, in a dealership 2.29 of its line make located within the state. A manufacturer, distributor, or factory branch shall 2.30 not, however, be deemed to be competing when operating a dealership, either temporarily 2.31 or for a reasonable period, which is for sale to any qualified independent person at a fair 2.32 and reasonable price, or when involved in a bona fide relationship in which an independent 2.33 person has made a significant investment subject to loss in the dealership and can reasonably 2.34

expect to acquire full ownership and full management and operational control of the dealership within a reasonable time on reasonable terms and conditions; 3.2

(j) prevent a new motor vehicle dealer from transferring or assigning a new motor vehicle 33 dealership to a qualified transferee. There shall be no transfer, assignment of the franchise, 3.4 or major change in the executive management of the dealership, except as is otherwise 3.5 provided in sections 80E.01 to 80E.17, without consent of the manufacturer, which shall 3.6 not be withheld without good cause. In determining whether good cause exists for 3.7 withholding consent to a transfer or assignment, the manufacturer, distributor, factory 3.8 branch, or importer has the burden of proving that the transferee is a person who is not of 3.9 good moral character or does not meet the franchisor's existing and reasonable capital 3.10 standards and, considering the volume of sales and service of the new motor vehicle dealer, 3.11 reasonable business experience standards in the market area. Denial of the request must be 3.12 in writing and delivered to the new motor vehicle dealer within 60 days after the manufacturer 3.13 receives the completed application customarily used by the manufacturer, distributor, factory 3.14 branch, or importer for dealer appointments. If a denial is not sent within this period, the 3.15 manufacturer shall be deemed to have given its consent to the proposed transfer or change. 3.16 In the event of a proposed sale or transfer of a franchise, the manufacturer, distributor, 3.17 factory branch, or importer shall be permitted to exercise a right of first refusal to acquire 3.18 the franchisee's assets or ownership if: 3.19

(1) the franchise agreement permits the manufacturer, distributor, factory branch, or 3.20 importer to exercise a right of first refusal to acquire the franchisee's assets or ownership 3.21 in the event of a proposed sale or transfer; 3.22

(2) the proposed transfer of the dealership or its assets is of more than 50 percent of the 3.23 ownership or assets; 3.24

(3) the manufacturer, distributor, factory branch, or importer notifies the dealer in writing 3.25 3.26 within 60 days of its receipt of the complete written proposal for the proposed sale or transfer on forms generally utilized by the manufacturer, distributor, factory branch, or importer for 3.27 such purposes and containing the information required therein and all documents and 3.28 agreements relating to the proposed sale or transfer; 3.29

(4) the exercise of the right of first refusal will result in the dealer and dealer's owners 3.30 receiving the same or greater consideration with equivalent terms of sale as is provided in 3.31 the documents and agreements submitted to the manufacturer, distributor, factory branch, 3.32 or importer under clause (3); 3.33

4.1 (5) the proposed change of 50 percent or more of the ownership or of the dealership
assets does not involve the transfer or sale of assets or the transfer or issuance of stock by
the dealer or one or more dealer owners to a family member, including a spouse, child,
stepchild, grandchild, spouse of a child or grandchild, brother, sister, or parent of the dealer
owner; to a manager who has been employed in the dealership for at least four years and is
otherwise qualified as a dealer operator; or to a partnership or corporation owned and
controlled by one or more of such persons; and

4.8 (6) the manufacturer, distributor, factory branch, or importer agrees to pay the reasonable expenses, including reasonable attorney fees, which do not exceed the usual customary and 4.9 reasonable fees charged for similar work done for other clients incurred by the proposed 4.10 new owner and transferee before the manufacturer, distributor, factory branch, or importer 4.11 exercises its right of first refusal, in negotiating and implementing the contract for the 4.12 proposed change of ownership or transfer of dealership assets. However, payment of such 4.13 expenses and attorney fees shall not be required if the dealer has not submitted or caused 4.14 to be submitted an accounting of those expenses within 20 days after the dealer's receipt of 4.15 the manufacturer, distributor, factory branch, or importer's written request for such an 4.16 accounting. The manufacturer, distributor, factory branch, or importer may request such an 4.17 accounting before exercising its right of first refusal. The obligation created under this clause 4.18 is enforceable by the transferee; 4.19

4.20 (k) threaten to modify or replace or modify or replace a franchise with a succeeding
4.21 franchise that would adversely alter the rights or obligations of a new motor vehicle dealer
4.22 under an existing franchise or that substantially impairs the sales or service obligations or
4.23 investments of the motor vehicle dealer;

(1) unreasonably deny the right to acquire factory program vehicles to any dealer holding
a valid franchise from the manufacturer to sell the same line make of vehicles, provided
that the manufacturer may impose reasonable restrictions and limitations on the purchase
or resale of program vehicles to be applied equitably to all of its franchised dealers. For the
purposes of this paragraph, "factory program vehicle" has the meaning given the term in
section 80E.06, subdivision 2;

(m) fail or refuse to offer to its same line make franchised dealers all models manufactured
for that line make, other than alternative fuel vehicles as defined in section 216C.01,
subdivision 1b. Failure to offer a model is not a violation of this section if the failure is not
arbitrary and is due to a lack of manufacturing capacity, a strike, labor difficulty, or other
cause over which the manufacturer, distributor, or factory branch has no control;

(n) require a dealer to pay an extra fee, or remodel, renovate, or recondition the dealer's
existing facilities, or purchase unreasonable advertising displays, training, tools, or other
materials, or to require the dealer to establish exclusive facilities or dedicated personnel as
a prerequisite to receiving a model or a series of vehicles;

(o) require a dealer to adhere to performance standards that are not applied uniformlyto other similarly situated dealers.

5.7 A performance standard, sales objective, or program for measuring dealership performance 5.8 that may have a material effect on a dealer, including the dealer's right to payment under 5.9 any incentive or reimbursement program, and the application of the standard or program 5.10 by a manufacturer, distributor, or factory branch must be fair, reasonable, equitable, and 5.11 based on accurate information.

A manufacturer, distributor, or factory branch has the burden of proving that the performance
standard, sales objective, or program for measuring dealership performance is fair and
reasonable under this subdivision;

(p) unreasonably reduce a dealer's area of sales effectiveness without giving at least 90
days' notice of the proposed reduction. The change may not take effect if the dealer
commences a civil action to determine whether there is good cause for the change within
the 90 days' notice period. The burden of proof in such an action shall be on the manufacturer
or distributor; or

(q) to charge back, withhold payment, deny vehicle allocation, or take any other adverse 5.20 action against a dealer when a new vehicle sold by the dealer has been exported to a foreign 5.21 country, unless the manufacturer, distributor, or factory branch can show that at the time 5.22 of sale, the customer's information was listed on a known or suspected exporter list made 5.23 available to the dealer, or the dealer knew or reasonably should have known of the purchaser's 5.24 intention to export or resell the motor vehicle in violation of the manufacturer's export 5.25 policy. There is a rebuttable presumption that the dealer did not know or should not have 5.26 reasonably known that the vehicle would be exported or resold in violation of the 5.27 manufacturer's export policy if the vehicle is titled and registered in any state of the United 5.28 States.; or 5.29

(r) to implement a charge back or withhold payment to a dealer that is solely due to an
unreasonable delay by the registrar, as defined in section 168.002, subdivision 29, in the
transfer or registration of a new motor vehicle. The dealer must give the manufacturer notice
of the state's delay in writing. Within 30 days of any notice of a charge back, withholding
of payments, or denial of a claim, the dealer must transmit to the manufacturer (1)

(g) The registrar shall establish the base value, when new, of every passenger automobile 7.3 and hearse registered prior to the effective date of Extra Session Laws 1971, chapter 31, 7.4 using list price information published by the manufacturer or any nationally recognized 7.5 firm or association compiling such data for the automotive industry. If unable to ascertain 7.6 the base value of any registered vehicle in the foregoing manner, the registrar may use any 7.7 other available source or method. The registrar shall calculate tax using base value 7.8 information available to dealers and deputy registrars at the time the application for 7.9 registration is submitted. The tax on all previously registered vehicles shall be computed 7.10 upon the base value thus determined taking into account the depreciation provisions of 7.11 paragraph (h). 7.12

(h) The annual additional tax must be computed upon a percentage of the base value as
follows: during the first year of vehicle life, upon 100 percent of the base value; for the
second year, 90 percent of such value; for the third year, 80 percent of such value; for the
fourth year, 70 percent of such value; for the fifth year, 60 percent of such value; for the
sixth year, 50 percent of such value; for the seventh year, 40 percent of such value; for the
eighth year, 30 percent of such value; for the ninth year, 20 percent of such value; for the
tenth year, ten percent of such value; for the 11th and each succeeding year, the sum of \$25.

7.20 (i) In no event shall the annual additional tax be less than \$25.

(j) For any vehicle previously registered in Minnesota and regardless of prior ownership,
