1.11 sought, submit to ~~a physical~~ an adverse medical examination by a physician or physicians  
1.12 selected by the obligor as may reasonably be required. The obligation to submit to an

1.14 medical bills for which the obligor is responsible related to the injury for which the  
1.15 examination is sought.

1.16 (b) The costs of any examinations requested by the obligor shall be borne entirely by  
1.17 the requesting obligor. Such examinations shall be conducted within the city, town, or  
1.18 statutory city of residence of the injured person. If there is no qualified physician to conduct  
1.19 the examination within the city, town, or statutory city of residence of the injured person,  
1.20 then such examination shall be conducted at another place of the closest proximity to the  
1.21 injured person's residence. Obligor's are authorized to include reasonable provisions in

 2.4 out in detail the findings and conclusions of such examining physician.

2.5 (d) An injured person shall also do all things reasonably necessary to enable the obligor  
 2.6 to obtain medical reports and other needed information to assist in determining the nature  
 2.7 and extent of the injured person's injuries and loss, and the medical treatment received. If  
 2.8 the claimant refuses to cooperate in responding to requests for examination and information  
 2.9 as authorized by this section, evidence of such noncooperation shall be admissible in any

 2.18 to practice medicine in Minnesota.

 2.29 adverse examination by the employer's physician, if requested by the employer, and at  
 2.30 reasonable times thereafter upon the employer's request. The obligation to submit to an  
 2.31 examination applies only to requests from an employer that has timely paid all claims for  
 2.32 medical benefits related to the injury for which the employer is responsible. Examinations

3.1 shall not be conducted in hotel or motel facilities. The adverse examination must be scheduled  
3.2 at a location within 150 miles of the employee's residence unless the employer can show  
3.3 cause to the department to order an examination at a location further from the employee's  
3.4 residence. The employee is entitled upon request to have a personal physician or witness  
3.5 present at any such examination. Each party shall defray the cost of that party's physician.

3.6 (b) Any report or written statement made by the employer's physician as a result of an  
3.7 examination of the employee, regardless of whether the examination preceded the injury  
3.8 or was made subsequent to the injury or whether litigation is pending, must be served upon

3.10 days within the issuance of the report or written statement.

3.11 (c) The employer shall pay reasonable travel expenses incurred by the employee in  
3.12 attending the examination including mileage, parking, and, if necessary, lodging and meals.  
3.13 The employer shall also pay the employee for any lost wages resulting from attendance at  
3.14 the examination.

3.15 (d) A self-insured employer or insurer who is served with a claim petition pursuant to  
3.16 section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of  
3.17 the employee, if an examination by the employer's physician or health care provider is  
3.18 necessary to evaluate benefits claimed. The examination shall be completed and the report  
3.19 of the examination shall be served on the employee and filed with the commissioner within  
3.20 120 days of service of the claim petition. Any request for a good cause extension pursuant  
3.21 to paragraph (e) must be made within 120 days of service of the claim petition, except that  
3.22 a request may be made after 120 days of service of a claim petition in the following  
3.23 circumstances:

3.24 (1) a change to the employee's claim regarding the nature and extent of the injury;

3.25 (2) a change to the permanency benefits claimed by the employee, including a change

3.29 (e) No evidence relating to the examination or report shall be received or considered by

4.2 and the insurer must make a good faith effort to comply with this subdivision. Good cause  
4.3 shall include but is not limited to:

4.4 (1) that the extension is necessary because of the limited number of physicians or health  
4.5 care providers available with expertise in the particular injury or disease, or that the extension  
4.6 is necessary due to the complexity of the medical issues, or

4.7 (2) that the extension is necessary to gather additional information which was not included  
4.8 on the petition as required by section 176.291.

4.9 Sec. 4. Minnesota Statutes 2022, section 176.155, is amended by adding a subdivision to

4.14 concerning the medical condition of the injured person may be considered as a basis for  
4.15 denying a claim or benefit if the physician has physically examined the person.

4.17 must be licensed to practice medicine in Minnesota.
