14.13 produced or processed by the cannabis cultivation facility or cannabis product manufacturing
14.14 facility to a cannabis testing facility in order to certify that the cannabis or cannabis products
14.15 comply with the standards prescribed by the commissioner. At a minimum, the testing must
14.16 ensure that the cannabis or cannabis products do not contain contaminants that are injurious
14.17 to the health of consumers and are correctly labeled to indicate the delta-9

14.19 testing must include analysis for residual solvents, poisons, toxins, harmful chemicals,
14.20 pathogenic mold, fungus, banned or excessive pesticide residue, heavy metal, and other

15.6 cannabis produced by a cannabis cultivation facility from either the seed or immature plant
15.7 stage to the processing stage until the cannabis is sold to a consumer as cannabis or cannabis
15.8 product at a retail cannabis store. The tracking system developed by the commissioner must
15.9 ensure that no cannabis produced or processed by a cannabis cultivation facility or cannabis

24.19 an effort to lease it, and put to no use by the owner other than resale after the lease or effort
24.20 to lease, is a sale of property for resale.

24.21 (c) A sale of master computer software that is purchased and used to make copies for
24.22 sale or lease is a sale of property for resale.

24.29 covering which includes installation is a contract for the improvement of real property.

24.30 (f) A sale of shrubbery, plants, sod, trees, and similar items to a person who provides
24.31 for installation of the items is a retail sale and not a sale for resale since a sale of shrubbery,

25.2 of real property.

25.3 (g) A sale of tangible personal property that is awarded as prizes is a retail sale and is
25.4 not considered a sale of property for resale.

25.5 (h) A sale of tangible personal property utilized or employed in the furnishing or

25.17 or (2) in the case of a lease of a motor vehicle, as defined in section 297B.01, subdivision
25.18 11, but excluding vehicles with a manufacturer's gross vehicle weight rating greater than
25.19 10,000 pounds and rentals of vehicles for not more than 28 days, at the time the lease is
25.20 executed.

25.22 title or possession of the tangible personal property.

25.23 (m) A sale of a bundled transaction in which one or more of the products included in

25.26 service, and the seller has maintained books and records identifying through reasonable and
25.27 verifiable standards the portions of the price that are attributable to the distinct and separately
25.28 identifiable products, then the products are not considered part of a bundled transaction.

25.29 For purposes of this paragraph:

25.30 (1) the books and records maintained by the seller must be maintained in the regular
25.31 course of business, and do not include books and records created and maintained by the
25.32 seller primarily for tax purposes;

26.1 (2) books and records maintained in the regular course of business include, but are not

26.2 limited to, financial statements, general ledgers, invoicing and billing systems and reports,

26.3 and reports for regulatory tariffs and other regulatory matters; and

26.4 (3) books and records are maintained primarily for tax purposes when the books and

26.5 records identify taxable and nontaxable portions of the price, but the seller maintains other

26.6 books and records that identify different prices attributable to the distinct products included

26.7 in the same bundled transaction.

26.8 (n) A sale of motor vehicle repair paint and materials by a motor vehicle repair or body

26.9 shop business is a retail sale and the sales tax is imposed on the gross receipts from the retail

26.11 vehicle repair paint and motor vehicle repair materials for resale must either:

26.12 (1) separately state each item of paint and each item of materials, and the sales price of

26.13 each, on the invoice to the purchaser; or

26.14 (2) in order to calculate the sales price of the paint and materials, use a method which

26.15 estimates the amount and monetary value of the paint and materials used in the repair of

26.16 the motor vehicle by multiplying the number of labor hours by a rate of consideration for

26.17 the paint and materials used in the repair of the motor vehicle following industry standard

26.18 practices that fairly calculate the gross receipts from the retail sale of the motor vehicle

26.19 repair paint and motor vehicle repair materials. An industry standard practice fairly calculates

26.20 the gross receipts if the sales price of the paint and materials used or consumed in the repair

26.21 of a motor vehicle equals or exceeds the purchase price paid by the motor vehicle repair or

26.22 body shop business. Under this clause, the invoice must either separately state the "paint

26.23 and materials" as a single taxable item, or separately state "paint" as a taxable item and

26.24 "materials" as a taxable item. This clause does not apply to wholesale transactions at an

26.25 auto auction facility.
