177.28 POWER TO MAKE RULES.

Subd. 5. **Rules regarding people with disabilities.** In order to prevent curtailment of opportunities for employment, avoid undue hardship, and safeguard the minimum wage rates under sections 177.24 and 177.25, the department shall also issue rules providing for the employment of disabled workers at wages lower than the wage rates applicable under sections 177.24 and 177.25, under permits and for periods of time as specified therein. The rules must provide for the employment of learners and apprentices at wages lower than the wage rates applicable under sections 177.24 and 177.25, under permits and subject to limitations on number, proportion, length of learning period, occupations, and other conditions as the department may prescribe. The rules must provide that where a disabled person is performing or is being considered for employment where work must be performed which is equal to work performed by a nondisabled person, the disabled person must be paid the same wage as a nondisabled person with similar experience and skill.

APPENDIX Repealed Minnesota Rules: 21-01676

5200.0030 SUBMINIMUM WAGE RATES FOR WORKERS WITH DISABILITIES.

Subpart 1. **Permit required.** Subminimum wage rates may be paid to workers with disabilities only after receiving a permit from the Labor Standards Division. If no permit is issued, a worker, no matter how severely disabled, shall be paid the minimum wage. The subminimum rate will be based on the extent to which the worker's performance is limited but in no case may it fall below 50 percent of minimum wage, except as provided under subpart 4. "Performance" is based on a time study of workers with disabilities as compared to a time study of nondisabled workers on the same job. The time study must be conducted under the same working conditions for the disabled and the nondisabled.

Subp. 2. Limit on work force at subminimum wage. No profit-making organization may employ disabled workers at a subminimum wage for more than ten percent of its total work force unless granted a special permit by the commissioner of labor and industry to exceed the ten percent limitation.

Subp. 3. **Rehabilitation facilities.** Rehabilitation facilities are excluded from the percentage limitations of numbers of employees and percentage of minimum wage contained in subparts 1 and 2, but not from the permit requirement.

Subp. 4. United States labor permits. Permits issued by the United States Department of Labor under Code of Federal Regulations, title 29, part 524 or 525, authorizing subminimum wage rates shall be accepted by the division in lieu of the permit required in subpart 1. Where the worker would otherwise be employed in a rehabilitation facility, the commissioner of labor and industry may grant a special permit authorizing a wage rate of less than 50 percent of the minimum wage.

5200.0040 EQUAL PAY FOR WORKERS WITH DISABILITIES.

Where a person with a disability is now performing or is being considered for employment where he or she will perform work which is equal to work performed by a nondisabled person, such person with a disability shall be paid the same wage as a nondisabled person with similar experiences.
