4.1 on the management of the school trust lands that shows how the commissioner has and will4.2 continue to achieve the following goals:

4.3 (1) manage the school trust lands efficiently and in a manner that reflects the undivided
4.4 loyalty to the beneficiaries consistent with the commissioner's fiduciary duties;

4.5 (2) reduce the management expenditures of school trust lands and maximize the revenues
4.6 deposited in the permanent school trust fund;

4.7 (3) manage the sale, exchange, and commercial leasing of school trust lands, requiring
4.8 returns of not less than fair market value, to maximize the revenues deposited in the
4.9 permanent school trust fund and retain the value from the long-term appreciation of the
4.10 school trust lands;

4.11 (4) manage the school trust lands to maximize the long-term economic return for the
4.12 permanent school trust fund while maintaining sound natural resource conservation and
4.13 management principles;

4.14 (5) optimize school trust land revenues and maximize the value of the trust consistent
4.15 with the balancing of short-term and long-term interests, so that long-term benefits are not
4.16 lost in an effort to maximize short-term gains; and

4.17 (6) maintain the integrity of the trust and prevent the misapplication of its lands and its4.18 revenues.

(b) When the commissioner finds an irresolvable conflict between maximizing the 4.19 long-term economic return and protecting natural resources and recreational values on 4.20 school trust lands, the commissioner shall give precedence to the long-term economic return 4.21 in managing school trust lands. By July 1, 2018, the permanent school fund shall must be 4.22 compensated for all school trust lands included under a designation or policy provision that 4.23 prohibits long-term economic return. The commissioner shall submit recommendations to 4.24 4.25 the appropriate legislative committees and divisions on methods of funding for the compensation required under this paragraph, including recommendations for appropriations 4.26 from the general fund, nongeneral funds, and the state bond fund. Any uncompensated 4.27 designation or policy provision restrictions on the long-term economic return on school 4.28 trust lands remaining after July 1, 2018, shall must be compiled and submitted to the 4.29 Legislative Permanent School Fund Commission for review. 4.30

4.31 (c) By December 31, 2013, the report required under paragraph (a) shall must provide
4.32 an inventory and identification of all school trust lands that are included under a designation
4.33 or policy provision that prohibits long-term economic return. The report shall must include

a plan to compensate the permanent school fund through the purchase or exchange of the
lands or a plan to manage the school trust land to generate long-term economic return to
the permanent school fund. Subsequent reports under paragraph (a) shall must include a
status report of the commissioner's progress in maximizing the long-term economic return
on lands identified in the 2013 report.

(d) When <u>future management practices</u>, policies, or designations or policies by the
commissioner <u>diminish or</u> prohibit the long-term economic return on school trust land, the
conflict <u>shall must</u> be resolved by compensating the permanent school fund through an
exchange or purchase of the lands before designation or application of the policy as provided
in section 92.122.

5.11 Sec. 5. Minnesota Statutes 2018, section 84.0273, is amended to read:

5.12 84.0273 ESTABLISHING BOUNDARY LINES RELATING TO CERTAIN STATE 5.13 LANDHOLDINGS.

(a) In order To resolve boundary line issues affecting the ownership interests of the state 5.14 and adjacent landowners, the commissioner of natural resources may, in the name of the 5.15 state upon terms the commissioner deems appropriate, convey, by a boundary line agreement, 5.16 quitclaim deed, or management agreement in such form as the attorney general approves, 5.17 such rights, titles, and interests of the state in state lands for such rights, titles, and interests 5.18 in adjacent lands as are necessary for the purpose of establishing to establish boundaries. 5.19 5.20 The commissioner must publish a notice of the proposed conveyance and a brief statement of the reason therefor shall be published for the conveyance once in the State Register by 5.21 the commissioner between 15 and at least 30 days prior to before the conveyance. The 5.22 provisions of This paragraph are is not intended to replace or supersede laws relating to 5.23 land exchange or disposal of surplus state property. 5.24

(b) In order To resolve trespass issues affecting the ownership interests of the state and
adjacent landowners, the commissioner of natural resources, in the name of the state, may
sell surplus lands not needed for natural resource purposes at private sale to adjoining
property owners and leaseholders. The conveyance must be by quitclaim in a form approved
by the attorney general for a consideration not less than the value determined according to
section 94.10, subdivision 1.

(c) Paragraph (b) applies to all state-owned lands managed by the commissioner of
natural resources, except school trust land as defined in section 92.025. For acquired lands,
the commissioner may sell the surplus lands as provided in paragraph (b) notwithstanding
the offering to public entities, public sale, and related notice and publication requirements

of sections 94.09 to 94.165. For consolidated conservation lands, the commissioner may
sell the surplus lands as provided in paragraph (b) notwithstanding the classification and
public sale provisions of chapters 84A and 282.

6.4 Sec. 6. Minnesota Statutes 2018, section 84.0895, subdivision 2, is amended to read:

6.5 Subd. 2. Application. (a) Subdivision 1 does not apply to:

6.6 (1) plants on land classified for property tax purposes as class 2a or 2c agricultural land

6.7 under section 273.13, or on ditches and roadways a ditch, or on an existing public road

6.8 right-of-way as defined in section 84.92, subdivision 6a, except for ground not previously

6.9 <u>disturbed by construction or maintenance;</u> and

6.10 (2) noxious weeds designated pursuant to sections 18.76 to 18.88 or to weeds otherwise6.11 designated as troublesome by the Department of Agriculture.

6.12 (b) If control of noxious weeds is necessary, it takes priority over the protection of
6.13 endangered plant species, as long as a reasonable effort is taken to preserve the endangered
6.14 plant species first.

6.15 (c) The taking or killing of an endangered plant species on land adjacent to class 3 or 6.16 3b agricultural land as a result of the application of pesticides or other agricultural chemical 6.17 on the class 3 or 3b land is not a violation of subdivision 1, if reasonable care is taken in 6.18 the application of the pesticide or other chemical to avoid impact on adjacent lands. For the 6.19 purpose of this paragraph, class 3 or 3b agricultural land does not include timber land, waste 6.20 land, or other land for which the owner receives a state paid wetlands or native prairie tax 6.21 credit.

6.22 (d) The accidental taking of an endangered plant, where the existence of the plant is not6.23 known at the time of the taking, is not a violation of subdivision 1.

6.24 Sec. 7. Minnesota Statutes 2018, section 84.775, subdivision 1, is amended to read:

6.25 Subdivision 1. Civil citation; authority to issue. (a) A conservation officer or other
6.26 licensed peace officer may issue a civil citation to a person who operates:

6.27 (1) an off-highway motorcycle in violation of sections 84.773, subdivision 1 or 2, clause
6.28 (1); 84.777; 84.788 to 84.795; or 84.90;

6.29 (2) an off-road vehicle in violation of sections 84.773, subdivision 1 or 2, clause (1);
6.30 84.777; 84.798 to 84.804; or 84.90; or

- (b) A civil citation under paragraph (a) shall require restitution for public and private
 property damage and impose a penalty of:
- 7.5 (1) \$100 for the first offense;
- 7.6 (2) \$200 for the second offense; and
- 7.7 (3) \$500 for third and subsequent offenses.

(c) A conservation officer or other licensed peace officer may issue a civil citation to a
person who operates an off-highway motorcycle, off-road vehicle, or all-terrain vehicle in
violation of section 84.773, subdivision 2, clause (2) or (3). A civil citation under this
paragraph shall require restitution for damage to wetlands and impose a penalty of:

- 7.12 (1) \$100 for the first offense;
- 7.13 (2) \$500 for the second offense; and
- 7.14 (3) \$1,000 for third and subsequent offenses.

(d) If the peace officer determines that there is damage to property requiring restitution,
the commissioner must send a written explanation of the extent of the damage and the cost
of the repair by first class mail to the address provided by the person receiving the citation
within 15 days of the date of the citation.

(e) An off-road vehicle or all-terrain vehicle that is equipped with a snorkel device and
receives a civil citation under this section is subject to twice the penalty amounts in
paragraphs (b) and (c).

7.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

- 7.23 Sec. 8. Minnesota Statutes 2018, section 84.794, subdivision 2, is amended to read:
- 7.24 Subd. 2. Purposes. (a) Subject to appropriation by the legislature, money in the
 7.25 off-highway motorcycle account may only be spent for:
- 7.26 (1) administration, enforcement, and implementation of sections 84.787 to 84.795;
- 7.27 (2) acquisition, maintenance, and development of off-highway motorcycle trails and use
 7.28 areas; and

Subdivision 1. Required rules. With a view of achieving maximum use of snowmobiles
consistent with protection of the environment the commissioner of natural resources shall
adopt rules in the manner provided by chapter 14, for the following purposes:

Sec. 10. Minnesota Statutes 2018, section 84.86, subdivision 1, is amended to read:

- 9.8 (1) Registration of snowmobiles and display of registration numbers.
- 9.9 (2) Use of snowmobiles insofar as game and fish resources are affected.

9.10 (3) Use of snowmobiles on public lands and waters, or on grant-in-aid trails.

9.11 (4) Uniform signs to be used by the state, counties, and cities, which are necessary or9.12 desirable to control, direct, or regulate the operation and use of snowmobiles.

9.13 (5) Specifications relating to snowmobile mufflers.

9.4

(6) A comprehensive snowmobile information and safety education and training program, 9.14 including but not limited to the preparation and dissemination of snowmobile information 9.15 and safety advice to the public, the training of snowmobile operators, and the issuance of 9.16 snowmobile safety certificates to snowmobile operators who successfully complete the 9.17 snowmobile safety education and training course. For the purpose of administering such 9.18 program and to defray expenses of training and certifying snowmobile operators, the 9.19 commissioner shall collect a fee from each person who receives the youth or adult training. 9.20 The commissioner shall collect a fee, to include a \$1 issuing fee for licensing agents, for 9.21 issuing a duplicate snowmobile safety certificate. The commissioner shall establish both 9.22 fees in a manner that neither significantly overrecovers nor underrecovers costs, including 9.23 overhead costs, involved in providing the services. The fees are not subject to the rulemaking 9.24 provisions of chapter 14 and section 14.386 does not apply. The fees may be established 9.25 by the commissioner notwithstanding section 16A.1283. The fees, except for the issuing 9.26 9.27 fee for licensing agents under this subdivision, shall be deposited in the snowmobile trails and enforcement account in the natural resources fund and the amount thereof, except for 9.28 the electronic licensing system commission established by the commissioner under section 9.29 84.027, subdivision 15, and issuing fees collected by the commissioner, is appropriated 9.30 annually to the Enforcement Division of the Department of Natural Resources for the 9.31 administration of such programs. In addition to the fee established by the commissioner, 9.32 instructors may charge each person any fee paid by the instructor for the person's online 9.33

10.1 <u>training course and up to the established fee amount for class materials and expenses. The</u> 10.2 commissioner shall cooperate with private organizations and associations, private and public 10.3 corporations, and local governmental units in furtherance of the program established under 10.4 this clause. School districts may cooperate with the commissioner and volunteer instructors 10.5 to provide space for the classroom portion of the training. The commissioner shall consult 10.6 with the commissioner of public safety in regard to training program subject matter and 10.7 performance testing that leads to the certification of snowmobile operators.

14.1 Sec. 14. Minnesota Statutes 2018, section 84D.03, subdivision 3, is amended to read:

Subd. 3. Bait harvest from infested waters. (a) Taking wild animals from infested
waters for bait or aquatic farm purposes is prohibited except as provided in paragraph (b)
or (c) and section 97C.341.

(b) In waters that are listed as infested waters, except those listed as infested with
prohibited invasive species of fish or certifiable diseases of fish, as defined under section
17.4982, subdivision 6, taking wild animals may be permitted for:

(1) commercial taking of wild animals for bait and aquatic farm purposes as provided
in a permit issued under section 84D.11, subject to rules adopted by the commissioner; and

(2) bait purposes for noncommercial personal use in waters that contain Eurasian
watermilfoil, when the infested waters are listed solely because they contain Eurasian
watermilfoil and if the equipment for taking is limited to cylindrical minnow traps not
exceeding 16 inches in diameter and 32 inches in length.

(c) In streams or rivers that are listed as infested waters, except those listed as infested
with certifiable diseases of fish, as defined under section 17.4982, subdivision 6, the harvest
of bullheads, goldeyes, mooneyes, sheepshead (freshwater drum), and suckers for bait by
hook and line for noncommercial personal use is allowed as follows:

(1) fish taken under this paragraph must be used on the same body of water where caught
and while still on that water body. Where the river or stream is divided by barriers such as
dams, the fish must be caught and used on the same section of the river or stream;

(2) fish taken under this paragraph may not be transported live from or off the waterbody;

14.23 (3) fish harvested under this paragraph may only be used in accordance with this section;

14.24 (4) any other use of wild animals used for bait from infested waters is prohibited;

(5) fish taken under this paragraph must meet all other size restrictions and requirementsas established in rules; and

(6) all species listed under this paragraph shall be included in the person's daily limit asestablished in rules, if applicable.

(d) Equipment authorized for minnow harvest in a listed infested water by permit issued
under paragraph (b) may not be transported to, or used in, any waters other than waters
specified in the permit.

Sec. 42. Minnesota Statutes 2018, section 103E.021, subdivision 6, is amended to read:

Subd. 6. Incremental implementation establishment; vegetated buffer strips and 33.4 side inlet controls. (a) Notwithstanding other provisions of this chapter requiring 33.5 appointment of viewers and redetermination of benefits and damages, a drainage authority 33.6 may implement make findings and order the establishment of permanent buffer strips of 33.7 perennial vegetation approved by the drainage authority or side inlet controls, or both, 33.8 adjacent to a public drainage ditch, where necessary to control erosion and sedimentation, 33.9 improve water quality, or maintain the efficiency of the drainage system. The drainage 33.10 authority's finding that establishing permanent buffer strips of perennial vegetation or side 33.11 inlet controls is necessary to control erosion and sedimentation, improve water quality, or 33.12 maintain the efficiency of the drainage system is sufficient to confer jurisdiction under this 33.13 subdivision. Preference should be given to planting native species of a local ecotype. The 33.14 approved perennial vegetation shall must not impede future maintenance of the ditch. The 33.15 permanent strips of perennial vegetation shall be 16-1/2 feet in width measured outward 33.16 from the top edge of the existing constructed channel. Drainage system rights-of-way for 33.17 the acreage and additional property required for the permanent strips must be acquired by 33.18 33.19 the authority having jurisdiction.

(b) A project under this subdivision shall <u>must</u> be implemented as a repair according to
section 103E.705, except that the drainage authority may appoint an engineer to examine
the drainage system and prepare an engineer's repair report for the project.

(c) Damages shall must be determined by the drainage authority, or viewers, appointed 33.23 by the drainage authority, according to section 103E.315, subdivision 8. A damages statement 33.24 shall must be prepared, including an explanation of how the damages were determined for 33.25 each property affected by the project, and filed with the auditor or watershed district. Within 33.26 30 days after the damages statement is filed, the auditor or watershed district shall must 33.27 prepare property owners' reports according to section 103E.323, subdivision 1, clauses (1), 33.28 (2), (6), (7), and (8), and mail a copy of the property owner's report and damages statement 33.29 to each owner of property affected by the proposed project. 33.30

(d) After a damages statement is filed, the drainage authority shall must set a time, by
order, not more than 30 days after the date of the order, for a hearing on the project. At least
ten days before the hearing, the auditor or watershed district shall must give notice by mail

of the time and location of the hearing to the owners of property and political subdivisionslikely to be affected by the project.

S0835-1

(e) The drainage authority shall <u>must</u> make findings and order the repairs to be made if
the drainage authority determines from the evidence presented at the hearing and by the
viewers and engineer, if appointed, that the repairs are necessary for the drainage system
and the costs of the repairs are within the limitations of section 103E.705.

34.7 Sec. 43. Minnesota Statutes 2018, section 103E.071, is amended to read:

34.8 **103E.071 COUNTY ATTORNEY.**

The county attorney shall represent the county in all drainage proceedings and related matters without special compensation, except as provided in section 388.09, subdivision 1. A county attorney, the county attorney's assistant, or any attorney associated with the county attorney in business, may not otherwise appear in any drainage proceeding for any interested person.

34.14 Sec. 44. Minnesota Statutes 2018, section 103E.351, subdivision 1, is amended to read:

Subdivision 1. Conditions to redetermine benefits and damages; appointing 34.15 34.16 viewers. (a) If the drainage authority determines that the original benefits or damages of record determined in a drainage proceeding do not reflect reasonable present day present-day 34.17 land values or that the benefited or damaged areas have changed, or if more than 50 percent 34.18 of the owners of property benefited or damaged by a drainage system petition for correction 34.19 of an error that was made at the time of the proceedings that established the drainage system, 34.20 the drainage authority may appoint three viewers to redetermine and report the benefits and 34.21 damages and the benefited and damaged areas. 34.22

34.23 (b) If more than 26 percent of the owners of property or owners of 26 percent of the
34.24 property that is benefited or damaged by a drainage system petition to redetermine benefits
34.25 and damages, the drainage authority must make a determination on the petition according
34.26 to paragraph (a).

34.27 Sec. 45. Minnesota Statutes 2018, section 103E.351, subdivision 2, is amended to read:

Subd. 2. Hearing and procedure. (a) The redetermination of benefits and damages
shall must proceed as provided for viewers and the viewers' report in sections 103E.311 to
103E.321.

35.1 (b) The auditor <u>or secretary must prepare a property owners' report from the viewers'</u>
35.2 report. A copy of the property owners' report must be mailed to each owner of property
35.3 affected by the drainage system.

(c) The drainage authority shall must hold a final hearing on the report and confirm the
benefits and damages and benefited and damaged areas. The final hearing shall must proceed
as provided under sections 103E.325, 103E.335, and 103E.341, except that the hearing shall
be held within 30 days after the property owners' report is mailed.

35.8 Sec. 46. Minnesota Statutes 2018, section 103E.351, subdivision 3, is amended to read:

Subd. 3. Using redetermined benefits and damages. The redetermined benefits and damages and <u>the redetermined benefited</u> and damaged areas must be used in place of the original benefits and damages <u>of record</u> and <u>the benefited</u> and damaged areas <u>of record</u> in all subsequent proceedings relating to the drainage system.

35.13 Sec. 47. [103E.729] APPORTIONING REPAIR COSTS; ALTERNATIVE OPTION.

Subdivision 1. Option. Notwithstanding any conflicting provision of this chapter, a
 drainage authority may use the option under this section to apportion repair costs on all
 property contributing runoff to the drainage system according to the relative runoff and
 relative sediment delivery determined in an approved report to apportion repair costs prepared
 according to subdivision 2. Repair costs apportioned using the method in this section are
 charges for property contributing runoff to the drainage system that must be considered
 repair cost assessments under this chapter.

Subd. 2. Report to apportion repair costs. (a) When the drainage authority determines 35.21 that a drainage system repair is necessary, the drainage authority may apportion costs for 35.22 repairing a drainage system based on relative runoff and relative sediment delivery from 35.23 any property, public road, street, railway, or other utility contributing runoff to the drainage 35.24 system as provided in this section. If the method under this section is used, costs must be 35.25 determined before ordering the repair of all or any part of a drainage system as provided in 35.26 35.27 section 103E.705, subdivision 3, or 103E.715, subdivision 4, or before levying an assessment for a repair fund as provided in section 103E.735, subdivision 1. 35.28

(b) The drainage authority must appoint one or more persons qualified to use geographic
 information system technology and applicable digital information, including but not limited
 to conditioned topographic data, soils and land use data, and property, road, and utility
 corridor identification data, together with appropriate on-site verification, to equitably
 apportion repair costs.

36.1 (c) The person or persons conducting the cost apportionment must file a report to
 36.2 apportion repair costs with the drainage authority explaining in nontechnical language the
 36.3 method, data, and interpretations used and the results of the cost apportionment. The report
 36.4 must present data and results in a format so that individual property owners, political
 36.5 subdivisions, and utilities can clearly examine the information applicable to their property,
 36.6 public road, street, railway, or other utility, including for each parcel having a separate

36.7 property identification number.

36.8 Subd. 3. Hearing on report. (a) When a report to apportion repair costs is filed, the drainage authority, in consultation with the auditor or secretary, must set a time, by order, 36.9 for a hearing on the report not more than 30 days after the date of the order. At least 20 days 36.10 before the hearing, the auditor or secretary must give notice by mail of the time and location 36.11 of the hearing to the owners of property, political subdivisions, and utilities proposed to be 36.12 assessed in the report. The notice of hearing must include a copy of the portion of the report 36.13 explaining in nontechnical language the method, data, and interpretations used; the results 36.14 of the cost apportionment applicable to the property owner, political subdivision, or utility 36.15 receiving notice; and a statement of the location where the entire report to apportion repair 36.16 36.17 costs has been filed for public inspection.

36.18 (b) At the hearing, the drainage authority must hear and consider the testimony presented
 36.19 by all interested parties. At least one person responsible for preparing the report to apportion
 36.20 repair costs must be present at the initial hearing.

36.21 (c) If the drainage authority determines that the apportionment of costs is inequitable, 36.22 the drainage authority may amend the report to apportion repair costs and must make necessary and proper findings and an order in relation to the report, or resubmit matters to 36.23 the report preparer for further consideration. If matters are resubmitted, the hearing may be 36.24 continued as necessary to make and hear an amended report. The report preparer must 36.25 proceed promptly to reconsider resubmitted matters and must make and file an amended 36.26 36.27 report. The drainage authority may replace the original report with the amended report to apportion repair costs and make necessary and proper findings and an order to approve the 36.28 36.29 amended report. The jurisdiction of the drainage authority continues in the property given proper notice, and new or additional notice is not required for that property. 36.30

36.31 Subd. 4. Findings; approval. After considering the report to apportion repair costs, any
 36.32 amended report, and all evidence presented, the drainage authority must make findings,
 36.33 approve the report, and apportion repair costs consistent with the values in the report to
 36.34 apportion repair costs if the drainage authority finds that the cost apportionment is equitable
 36.35 because:

for exceptions, a review and certification procedure is established for the following categories

of land use actions taken by the counties and zoning authorities directly or indirectly affecting
land use within the area covered by the plan:

39.3 (1) the adoption or amendment of an ordinance regulating the use of land, including
39.4 rezoning of particular tracts of land;

39.5 (2) the granting of a variance from provisions of the land use ordinance; and

39.6 (3) the approval of a plat which is inconsistent with the land use ordinance.

39.7 Sec. 53. Minnesota Statutes 2018, section 103F.373, subdivision 3, is amended to read:

Subd. 3. Procedure for certification. A copy of the notices of public hearings or, when 39.8 a hearing is not required, a copy of the application to consider an action of a type specified 39.9 in subdivision 1, clauses (1) to (3), must be forwarded to the board by the county zoning 39.10 authority at least 15 days before the hearing or meetings to consider the actions. The county 39.11 zoning authority shall notify the board of its final decision on the proposed action within 39.12 39.13 ten days of the decision. By 30 days after the board receives the notice, the board shall notify the county zoning authority and the applicant of its the board's approval or disapproval 39.14 of the proposed action. 39.15

39.16 Sec. 54. Minnesota Statutes 2018, section 103F.373, subdivision 4, is amended to read:

39.17 Subd. 4. Disapproval of actions. (a) If a notice of disapproval is issued by the board,
39.18 the county zoning authority or the applicant may, within 30 days of the notice, file with the
39.19 board a demand for a hearing. If a demand is not filed within the 30-day period, the
39.20 disapproval becomes final.

(b) If a demand is filed within the 30-day period, a hearing must be held within 60 days
of demand. The hearing must be preceded by two weeks' published notice. Within 30 days
after the hearing, the board must:

- 39.24 (1) affirm its disapproval of the proposed action; or
- 39.25 (2) certify approval of the proposed action.

39.26 Sec. 55. Minnesota Statutes 2018, section 103G.241, subdivision 1, is amended to read:

Subdivision 1. Conditions to affect public waters. An agent or employee of another
may not construct, reconstruct, remove, or make a change in a reservoir, dam, or waterway
obstruction on a public water or in any manner change or diminish the course, current, or
cross section of public waters unless the agent or employee has:

40.19 Subd. 7. **Transferring permit.** (a) A water-use permit may be transferred to a successive 40.20 owner of real property if the permittee conveys the real property where the source of water 40.21 is located. The new owner must notify the commissioner immediately after the conveyance 40.22 and request transfer of the permit. The commissioner must not deny the transfer of a permit 40.23 if:

40.24 (1) the permittee is in compliance with all permit conditions, as demonstrated by:

- 40.25 (i) the permit being valid at the time of the real property transfer; and
- 40.26 (ii) the permittee has complied with the total volume allowed under the water-use permit
- 40.27 prior to transferring the real property; and
- 40.28 (2) the permit meets the requirements of sections 103G.255 to 103G.301.
- 40.29 (b) The commissioner must not require additional conditions on the permit, reduce the
 40.30 appropriation, or require any testing when transferring a permit.

(c) The commissioner shall provide an assessment of a proposed well needing a 42.1 groundwater appropriation permit. The commissioner shall evaluate the information submitted 42.2 as required under section 103I.205, subdivision 1, paragraph (e), and determine whether 42.3 the anticipated appropriation request is likely to meet the applicable requirements of this 42.4 chapter. If the appropriation request is likely to meet applicable requirements, the 42.5 commissioner shall provide the person submitting the information with a letter or 42.6 electronically transmitted notice providing preliminary approval to construct the well and 42.7 42.8 the requirements, including test-well information, that will be needed to obtain the permit.

(d) The commissioner must provide an applicant denied a groundwater use permit or
issued a groundwater use permit that is reduced or restricted from the original request with
all information the commissioner used in making the determination, including hydrographs,
flow tests, aquifer tests, topographic maps, field reports, photographs, and proof of equipment
calibration.

42.14 Sec. 60. Minnesota Statutes 2018, section 103G.287, subdivision 4, is amended to read:

Subd. 4. Groundwater management areas. (a) The commissioner may designate 42.15 42.16 groundwater management areas and limit total annual water appropriations and uses within 42.17 a designated area to ensure sustainable use of groundwater that protects ecosystems, water quality, and the ability of future generations to meet their own needs. Water appropriations 42.18 42.19 and uses within a designated management area must be consistent with a groundwater management area plan approved by the commissioner that addresses water conservation 42.20 42.21 requirements and water allocation priorities established in section 103G.261. During the development of a groundwater management plan, the commissioner and employees and 42.22 agents of the department may disseminate information related to the timing, location, and 42.23 agendas of meetings related to the plan, but shall otherwise limit public information 42.24 disseminated related to the groundwater management area to direct factual responses to 42.25 42.26 public and media inquires. At least 30 days prior to implementing or modifying a groundwater management area plan under this subdivision, the commissioner shall consult with the 42.27 advisory team established in paragraph (c). 42.28

(b) Notwithstanding section 103G.271, subdivision 1, paragraph (b), and Minnesota
Rules, within designated groundwater management areas, the commissioner may require
general permits as specified in section 103G.271, subdivision 1, paragraph (c), for water
users using less than 10,000 gallons per day or 1,000,000 gallons per year and water suppliers
serving less than 25 persons for domestic purposes. The commissioner may waive the
requirements under section 103G.281 for general permits issued under this paragraph, and

the fee specified in section 103G.301, subdivision 2, paragraph (c), does not apply to general
permits issued under this paragraph.

43.3 (c) When designating a groundwater management area, the commissioner shall assemble an advisory team to assist in developing a groundwater management area plan for the area. 43.4 The advisory team members shall be selected from public and private entities that have an 43.5 interest in the water resources affected by the groundwater management area. A majority 43.6 of the advisory team members shall be public and private entities that currently hold water-use 43.7 43.8 permits for water appropriations from the affected water resources. The commissioner shall consult with the League of Minnesota Cities, the Association of Minnesota Counties, the 43.9 Minnesota Association of Watershed Districts, and the Minnesota Association of Townships 43.10 in appointing the local government representatives to the advisory team. The advisory team 43.11 may also include representatives from the University of Minnesota, the Minnesota State 43.12 Colleges and Universities, other institutions of higher learning in Minnesota, political 43.13 subdivisions with jurisdiction over water issues, nonprofits with expertise in water, and 43.14 federal agencies. 43.15

43.16 (d) Before designating a groundwater management area, the commissioner must provide
43.17 estimates of the economic effect of any new restriction or policy on existing and future
43.18 groundwater users and local governments in the affected area. Strategies to address economic
43.19 impacts must be included in any plan.

43.20 Sec. 61. Minnesota Statutes 2018, section 103G.287, subdivision 5, is amended to read:

43.21 Subd. 5. **Sustainability standard.** (a) The commissioner may issue water-use permits 43.22 for appropriation from groundwater only if the commissioner determines that the groundwater 43.23 use is sustainable to supply the needs of future generations and the proposed use will not 43.24 harm ecosystems, degrade water, or reduce water levels beyond the reach of public water 43.25 supply and private domestic wells constructed according to Minnesota Rules, chapter 4725.

43.26 (b) For the purposes of this subdivision and subdivision 4, "sustainable" means a change
43.27 in hydrologic regime of 20 percent or less relative to the August median stream flow.

43.28 Sec. 62. Minnesota Statutes 2018, section 103G.289, is amended to read:

43.29 103G.289 WELL INTERFERENCE; WELL SEALING VALIDATION; 43.30 CONTESTED CASE.

43.31 (a) The commissioner shall not validate a <u>claim for</u> well interference claim if the affected

44.29	must be file	d within 30 days afte	er mailed or elect	ronically transmitted r	notice of the order

44.30 with the bond required by subdivision 6.

(b) The commissioner must give notice as provided in subdivision 2, hold a hearing on
the application, and make a determination on issuing or denying the permit as though the
previous order had not been made.

45.4 (c) The order issuing or denying the permit becomes final at the end of 30 days after 45.5 mailed <u>or electronically transmitted</u> notice of the order to the applicant, the managers of the 45.6 watershed district, the board of supervisors of the soil and water conservation district, or 45.7 the governing body of the municipality, and an appeal of the order may not be taken if:

45.8 (1) the commissioner waives a hearing and a demand for a hearing is not made; or

45.9 (2) a hearing is demanded but a bond is not filed as required by subdivision 6.

45.10 Sec. 65. Minnesota Statutes 2018, section 103G.315, subdivision 8, is amended to read:

45.11 Subd. 8. **Notice of permit order.** Notice of orders made after hearing must be given by 45.12 publication of the order once a week for two successive weeks in a legal newspaper in the 45.13 county where the hearing was held and by mailing <u>or electronically transmitting</u> copies of 45.14 the order to parties who entered an appearance at the hearing.

45.15 Sec. 66. Minnesota Statutes 2018, section 103G.408, is amended to read:

45.16 **103G.408 TEMPORARY DRAWDOWN OF PUBLIC WATERS.**

(a) The commissioner, upon consideration of recommendations and objections as provided
in clause (2), item (iii), and paragraph (c), may issue a public-waters-work permit for the
temporary drawdown of a public water when:

(1) the public water is a shallow lake to be managed for fish, wildlife, or ecological
purposes by the commissioner and the commissioner has conducted a public hearing
presenting a comprehensive management plan outlining how and when temporary drawdowns
under this section will be conducted; or

45.24 (2) the permit applicant is a public entity and:

(i) the commissioner deems the project to be beneficial and makes findings of fact thatthe drawdown is in the public interest;

(ii) the permit applicant has obtained permission from at least 75 percent of the riparianlandowners; and

45.29 (iii) the permit applicant has conducted a public hearing according to paragraph (d).

46.1 (b) In addition to the requirements in section 103G.301, subdivision 6, the permit
46.2 applicant shall serve a copy of the application on each county, municipality, and watershed
46.3 management organization, if one exists, within which any portion of the public water is
46.4 located and on the lake improvement district, if one exists.

46.5 (c) A county, municipality, watershed district, watershed management organization, or
46.6 lake improvement district required to be served under paragraph (b) or section 103G.301,
46.7 subdivision 6, may file a written recommendation for the issuance of a permit or an objection
46.8 to the issuance of a permit with the commissioner within 30 days after receiving a copy of
46.9 the application.

46.10 (d) The hearing notice for a public hearing under paragraph (a), clause (2), item (iii),46.11 must:

46.12 (1) include the date, place, and time for the hearing;

46.13 (2) include the waters affected and a description of the proposed project;

46.14 (3) be mailed <u>or electronically transmitted</u> to the director, the county auditor, the clerk
46.15 or mayor of a municipality, the lake improvement district if one exists, the watershed district
46.16 or water management organization, the soil and water conservation district, and all riparian
46.17 owners of record affected by the application; and

46.18 (4) be published in a newspaper of general circulation in the affected area.

46.19 (e) Periodic temporary drawdowns conducted under paragraph (a) shall are not be
46.20 considered takings from riparian landowners.

46.21 (f) This section does not apply to public waters that have been designated for wildlife46.22 management under section 97A.101.

46.23 Sec. 67. Minnesota Statutes 2018, section 103G.615, subdivision 3a, is amended to read:

46.24 Subd. 3a. Invasive aquatic plant management permit. (a) "Invasive aquatic plant
46.25 management permit" means an aquatic plant management permit as defined in rules of the
46.26 Department of Natural Resources that authorizes the selective control of invasive aquatic
46.27 plants to cause a significant reduction in the abundance of the invasive aquatic plant.

(b) The commissioner may waive the dated signature of approval requirement in rules
of the Department of Natural Resources for invasive aquatic plant management permits if
obtaining signatures would create an undue burden on the permittee or if the commissioner
determines that aquatic plant control is necessary to protect natural resources.

(c) If the signature requirement is waived under paragraph (b) because obtaining 47.1 signatures would create an undue burden on the permittee, the commissioner shall require 47.2 an alternate form of landowner notification, including news releases or public notices in a 47.3 local newspaper, a public meeting, or a mailing or electronic transmission to the most recent 47.4 permanent physical or electronic mailing address of affected landowners. The notification 47.5 must be given annually and must include: the proposed date of treatment, the target species, 47.6 the method of control or product being used, and instructions on how the landowner may 47.7 47.8 request that control not occur adjacent to the landowner's property.

(d) The commissioner may allow dated signatures of approval obtained for an invasive
aquatic plant management permit to satisfy rules of the Department of Natural Resources
to remain valid for three years if property ownership remains unchanged.

47.12 Sec. 68. Minnesota Statutes 2018, section 114D.15, is amended by adding a subdivision
47.13 to read:

47.14 Subd. 3a. Comprehensive local water management plan. "Comprehensive local water
47.15 management plan" has the meaning given under section 103B.3363, subdivision 3.

47.16 Sec. 69. Minnesota Statutes 2018, section 114D.15, is amended by adding a subdivision

47.18 Subd. 3b. Comprehensive watershed management plan. "Comprehensive watershed
47.19 management plan" has the meaning given under section 103B.3363, subdivision 3a.

47.20 Sec. 70. Minnesota Statutes 2018, section 114D.15, subdivision 7, is amended to read:

47.21 Subd. 7. Restoration. "Restoration" means actions, including effectiveness monitoring,
47.22 that are taken to <u>pursue</u>, achieve, and maintain water quality standards for impaired waters
47.23 in accordance with a TMDL that has been approved by the United States Environmental
47.24 Protection Agency under federal TMDL requirements.

47.25 Sec. 71. Minnesota Statutes 2018, section 114D.15, subdivision 11, is amended to read:
47.26 Subd. 11. TMDL implementation plan. "TMDL implementation plan" means a

49.4 (1) develop regional and, multiple pollutant, or watershed TMDLs and TMDL
49.5 implementation plans, and TMDLs and TMDL implementation plans for multiple pollutants
49.6 or WRAPSs, where reasonable and feasible;

49.7 (2) maximize use of available organizational, technical, and financial resources to perform
49.8 sampling, monitoring, and other activities to identify degraded groundwater and impaired
49.9 waters, including use of citizen monitoring and citizen monitoring data used by the Pollution
49.10 Control Agency in assessing water quality that meets the requirements in Appendix D of
49.11 the Volunteer Surface Water Monitoring Guide, Minnesota established by the commissioner
49.12 of the Pollution Control Agency (2003);

49.13 (3) maximize opportunities for restoration of degraded groundwater and impaired waters,
49.14 by prioritizing and targeting of available programmatic, financial, and technical resources
49.15 and by providing additional state resources to complement and leverage available resources;

49.16 (4) use existing regulatory authorities to achieve restoration for point and nonpoint
49.17 sources of pollution where applicable, and promote the development and use of effective
49.18 nonregulatory measures to address pollution sources for which regulations are not applicable;

49.19 (5) use restoration methods that have a demonstrated effectiveness in reducing

49.21 and improvement and related conservation benefits while incorporating innovative approaches
49.22 on a case-by-case basis;

49.23 (6) identify for the legislature any innovative approaches that may strengthen or
49.24 complement existing programs;

49.25 (7) identify and encourage implementation of measures to prevent surface waters from
49.26 becoming impaired and to improve the quality of waters that are listed as impaired but have
49.27 no approved TMDL addressing the impairment using the best available data and technology,
49.28 and establish and report outcome-based performance measures that monitor the progress
49.29 and effectiveness of protection and restoration measures;

49.30 (8) monitor and enforce cost-sharing contracts and impose monetary damages in an
49.31 amount up to 150 percent of the financial assistance received for failure to comply; and

49.32 (9) identify and encourage implementation of measures to prevent groundwater from
49.33 becoming degraded and measures that restore groundwater resources.

Sec. 75. Minnesota Statutes 2018, section 114D.20, subdivision 5, is amended to read: 50.1 Subd. 5. Priorities for scheduling and preparing WRAPSs and TMDLs. The 50.2 commissioner of the Pollution Control Agency must seek recommendations from the Clean 50.3 Water Council shall recommend, the commissioners of natural resources, health and 50.4 agriculture, and the Board of Water and Soil Resources regarding priorities for scheduling 50.5 and preparing WRAPSs and TMDLs and TMDL implementation plans, taking into account 50.6 the severity. Recommendations must consider the causes of the impairment impairments, 50.7 the designated uses of those the waters, and other applicable federal TMDL requirements-50.8 In recommending priorities, the council shall also give consideration to, surface water and 50.9 groundwater interactions, protection of high-quality waters, waters and watersheds with 50.10 declining water quality trends, and waters used as drinking water sources. Furthermore, 50.11 consideration must be given to waters and watersheds: 50.12 (1) with impairments that pose have the greatest potential risk to human health; 50.13 (2) with impairments that pose have the greatest potential risk to threatened or endangered 50.14 species; 50.15 (3) with impairments that pose have the greatest potential risk to aquatic health; 50.16 (4) where other public agencies and participating organizations and individuals, especially 50.17 local, basinwide basin-wide, watershed, or regional agencies or organizations, have 50.18 demonstrated readiness to assist in carrying out the responsibilities, including availability 50.19 and organization of human, technical, and financial resources necessary to undertake the 50.20 work; and 50.21 (5) where there is demonstrated coordination and cooperation among cities, counties, 50.22 watershed districts, and soil and water conservation districts in planning and implementation 50.23 of activities that will assist in carrying out the responsibilities. 50.24 Sec. 76. Minnesota Statutes 2018, section 114D.20, subdivision 7, is amended to read: 50.25 Subd. 7. Priorities for funding prevention actions. The Clean Water Council shall 50.26

apply the priorities applicable under subdivision 6, as far as practicable, when recommending
priorities for funding actions to prevent groundwater and surface waters from becoming

- 54.4 Sec. 80. Minnesota Statutes 2018, section 114D.35, subdivision 1, is amended to read:

54.5 Subdivision 1. **Public and stakeholder participation.** (a) Public agencies and private 54.6 entities involved in the implementation of implementing this chapter shall must encourage 54.7 participation by the public and stakeholders, including local citizens, landowners and, land 54.8 managers, and public and private organizations, in identifying impaired waters, in developing 54.9 TMDLs, in planning, priority setting, and implementing restoration of impaired waters, in 54.10 identifying degraded groundwater, and in protecting and restoring groundwater resources.

(b) In particular, the <u>commissioner of the Pollution Control Agency shall must</u> make
reasonable efforts to provide timely information to the public and to stakeholders about
impaired waters that have been identified by the agency. The agency shall seek broad and
early public and stakeholder participation in scoping the activities necessary to develop a
TMDL, including the scientific models, methods, and approaches to be used in TMDL
development, and to implement restoration pursuant to section 114D.15, subdivision 7 and
to inform and consult with the public and stakeholders in developing a WRAPS or TMDL.

54.18 (c) Public agencies and private entities using public funds that are involved in
54.19 implementing restoration and protection identified in a comprehensive watershed
54.20 management plan or comprehensive local water management plan must make efforts to
54.21 inform, consult, and involve the public and stakeholders.

(d) The commissioner of the Pollution Control Agency and the Board of Water and Soil
Resources must coordinate public and stakeholder participation in consultation with local
government units. To the extent practicable, implementation of this chapter must be
accomplished in cooperation with local, state, federal, and tribal governments and
private-sector organizations.

Sec. 91. Minnesota Statutes 2018, section 282.01, subdivision 4, is amended to read:

59.4 Subd. 4. Sale; method; requirements; effects. (a) The sale authorized under subdivision 3 must be conducted by the county auditor at the county seat of the county in which the 59.5 parcels lie, except that in St. Louis and Koochiching Counties, the sale may be conducted 59.6 in any county designated facility within the county. The sale must not be for less than the 59.7 appraised value except as provided in subdivision 7a. The parcels must be sold for cash 59.8 only, unless the county board of the county has adopted a resolution providing for their sale 59.9 on terms, in which event the resolution controls with respect to the sale. When the sale is 59.10 59.11 made on terms other than for cash only (1) a payment of at least ten percent of the purchase price must be made at the time of purchase, and the balance must be paid in no more than 59.12 ten equal annual installments, or (2) the payments must be made in accordance with county 59.13 board policy, but in no event may the board require more than 12 installments annually, 59.14 and the contract term must not be for more than ten years. Standing timber or timber products 59.15 59.16 must not be removed from these lands until an amount equal to the appraised value of all standing timber or timber products on the lands at the time of purchase has been paid by 59.17 the purchaser. If a parcel of land bearing standing timber or timber products is sold at public 59.18 59.19 auction for more than the appraised value, the amount bid in excess of the appraised value must be allocated between the land and the timber in proportion to their respective appraised 59.20 values. In that case, standing timber or timber products must not be removed from the land 59.21 until the amount of the excess bid allocated to timber or timber products has been paid in 59.22 addition to the appraised value of the land. The purchaser is entitled to immediate possession, 59.23 subject to the provisions of any existing valid lease made in behalf of the state. 59.24

(b) For sales occurring on or after July 1, 1982, the unpaid balance of the purchase price 59.25 is subject to interest at the rate determined pursuant to section 549.09. The unpaid balance 59.26 of the purchase price for sales occurring after December 31, 1990, is subject to interest at 59.27 59.28 the rate determined in section 279.03, subdivision 1a. The interest rate is subject to change each year on the unpaid balance in the manner provided for rate changes in section 549.09 59.29 or 279.03, subdivision 1a, whichever, is applicable. Interest on the unpaid contract balance 59.30 on sales occurring before July 1, 1982, is payable at the rate applicable to the sale at the 59.31 time that the sale occurred. 59.32

(c) Notwithstanding subdivision 7, a county board may by resolution provide for the 59.33 listing and sale of individual parcels by other means, including through a real estate broker. 59.34

1st Engrossment

However, if the buyer under this paragraph could have repurchased a parcel of property 60.1 under section 282.012 or 282.241, that buyer may not purchase that same parcel of property 60.2 at the sale under this subdivision for a purchase price less than the sum of all taxes, 60.3 assessments, penalties, interest, and costs due at the time of forfeiture computed under 60.4 section 282.251, and any special assessments for improvements certified as of the date of 60.5 sale. This subdivision shall be liberally construed to encourage the sale and utilization of 60.6 tax-forfeited land in order to eliminate nuisances and dangerous conditions and to increase 60.7 60.8 compliance with land use ordinances.

60.9 Sec. 92. Laws 2012, chapter 236, section 28, subdivision 2, as amended by Laws 2016,
60.10 chapter 154, section 9, is amended to read:

Subd. 2. Method of sale. (a) The leaseholder of a leased parcel may purchase at private 60.11 sale the leased parcel and any other lands allocated to the parcel by the county under 60.12 subdivision 6 that is offered for sale under this section. The purchase price is the appraised 60.13 60.14 value of the land under subdivision 3 exclusive of improvements on it. To purchase a parcel, a leaseholder must pay in cash to the county an amount equal to the appraised value of the 60.15 land within 180 days from the date of mailing to or service of notice of appraised value to 60.16 the leaseholder by the county. The 180-day period runs from the date of mailing of a copy 60.17 of the appraisal to the leaseholder at the address shown upon the most recent lease agreement 60.18 60.19 between the parties, exclusive of the date of mailing or service. The county may use any alternative method of notice under the Minnesota Rules of Civil Procedure for the service 60.20 of a summons and complaint. 60.21

(b) If the leaseholder does not purchase the parcel so offered, the county may offer the
lands for sale under the provisions of Minnesota Statutes, section 282.01, subdivision 7. If
a person other than the leaseholder purchases the parcel, the purchaser must make payment
in full to the leaseholder in the manner provided in Minnesota Statutes, section 92.06,
subdivision 4, for the value of any improvements as determined under subdivision 3 or for
the value of any improvements as determined through negotiations.

60.28 (c) Failure of a purchaser to comply with the terms of payment voids the sale and the60.29 property may be reoffered for sale.

APPENDIX Repealed Minnesota Statutes: S0835-1

92.121 PERMANENT SCHOOL FUND LANDS.

The commissioner of natural resources shall exchange permanent school fund land as defined in the Minnesota Constitution, article XI, section 8, located in state parks, state recreation areas, wildlife management areas, scientific and natural areas, or state waysides or on lands managed by the commissioner as old growth stands, for other lands as allowed by the Minnesota Constitution, article XI, section 10, and section 94.343, subdivision 1, that are compatible with the goal of the permanent school fund lands in section 127A.31 when, as a result of management practices applied to the permanent school fund lands and associated resources, revenue generation has been diminished or is prohibited and no alternative has been put into effect to compensate the permanent school fund for the income losses.
