## AN ACT

To repeal sections 105.684 and 169.540, RSMo, and to enact in lieu thereof three new sections relating to retirement benefits for certain teacher retirement systems.

---

*Be it enacted by the General Assembly of the state of Missouri, as follows:*

Section A. Sections 105.684 and 169.540, RSMo, are repealed and three new sections  
2 enacted in lieu thereof, to be known as sections 105.684, 169.540, and 169.542, to read as  
3 follows:

105.684. 1. Notwithstanding any law to the contrary, no plan shall adopt or implement  
2 any additional benefit increase, supplement, enhancement, lump sum benefit payments to  
3 participants, or cost-of-living adjustment beyond current plan provisions in effect prior to August  
4 28, 2007, which would, in aggregate with any other proposed plan provisions, increase the plan's  
5 actuarial accrued liability when valued by an actuary using the same methods and assumptions  
6 as used in the most recent periodic valuation, unless the plan's actuary determines that the funded  
7 ratio of the most recent periodic actuarial valuation and prior to such adoption or implementation  
8 is at least eighty percent and will not be less than seventy-five percent after such adoption or  
9 implementation, **except for the system governed by sections 169.410 to 169.542, which may**  
10 **administer a one-time supplemental payment as set forth in section 169.542, subject to state**  
11 **appropriations.** Methods and assumptions used in valuing such proposed change may be  
12 modified if the nature is such that alternative assumptions are clearly warranted.

13 2. The unfunded actuarial accrued liabilities associated with benefit changes described  
14 in this section shall be amortized over a period not to exceed twenty years for purposes of  
15 determining the contributions associated with the adoption or implementation of any such benefit  
16 increase, supplement, or enhancement.

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

17           3. Any plan with a funded ratio below sixty percent shall have the actuary prepare an  
18 accelerated contribution schedule based on a descending amortization period for inclusion in the  
19 actuarial valuation.

20           4. Nothing in this section shall apply to any plan established under chapter 70 or chapter  
21 476.

22           5. Nothing in this section shall prevent a plan from adopting and implementing any  
23 provision necessary to maintain a plan's status as a qualified trust pursuant to 26 U.S.C. Section  
24 401(a).

          169.540. The state of Missouri shall contribute no funds directly or indirectly to finance  
2 the plan to pay pension benefits by appropriation bills or otherwise, except:

5 **than September 30, 2022, and to the extent practicable, on a date or dates that coincide**  
6 **with the regular pension benefit payable to each retired member or beneficiary.**

7           **3. The amount of the supplemental payment shall be equal to the lesser of:**

8           **(1) The gross amount of the regular pension benefit to which the retired member**  
9 **or beneficiary is otherwise entitled for the calendar month immediately prior to the**  
10 **calendar month in which the supplemental payment is issued; or**

11           **(2) Two thousand dollars.**

12           **4. The board of trustees shall make applicable tax withholding and any other**  
13 **legally required deductions before disbursing the supplementary payment.**

14           **5. A supplementary payment under this section shall be in addition to, and not in**  
15 **lieu of, a regular monthly pension benefit to which the eligible retired member or**  
16 **beneficiary is otherwise entitled.**

17           **6. In order to be eligible for a supplemental payment, a person shall be, for the**
