

HOUSE BILL NO. 2388

99TH GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE NEELY.

6303H.011

D. ADAM CRUMBLISS, Chief Clerk

AN ACT

To amend chapter 376, RSMo, by adding thereto one new section relating to fertility preservation procedures for insureds with a cancer diagnosis.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 376, RSMo, is amended by adding thereto one new section, to be known as section 376.1195, to read as follows:

376.1195. 1. Subject to the provisions of subsection 4 of this section, an insurance policy issued, renewed, amended, or continued in this state shall provide coverage for embryo, oocyte, and sperm cryopreservation procedures, in accordance with guidelines established by the American Society of Clinical Oncology, for an insured who is at least eighteen years of age and has been diagnosed with cancer but has not started cancer treatment, including chemotherapy, biotherapy, or radiation therapy treatment.

2. The coverage required under this section shall include expenses for evaluations, laboratory assessments, medications, and treatments associated with the embryo, oocyte, and sperm cryopreservation procedures but shall not include costs for initial or annual storage of embryos, oocytes, or sperm.

3. Insurance policies issued in compliance with this section may:

(1) Limit such coverage to an individual until the date of such individual's fortieth birthday;

(2) Limit such coverage for a female insured to a lifetime benefit of one procedure for either embryo cyropreservation or oocyte cyropreservation; and

(3) Limit such coverage for a male insured to a lifetime benefit of one sperm cyropreservation procedure.
