**5 2. No school board election shall be held in 2021 or any other odd-numbered year.  
6 Any school board member whose term expires in 2021 or any other odd-numbered year  
7 shall continue to serve until the election in the following even-numbered year. The term  
8 of any board member serving a term as of January 1, 2021, may be lengthened in  
9 accordance with this section but shall not be shortened.**

**10 3. In an even-numbered year, the number of school board seats to be elected shall  
11 be equal to those with terms that would have expired in the previous odd-numbered year  
12 and those with terms expiring in such even-numbered year. Except as specifically provided  
13 in other sections, the candidates in each school board election receiving the highest number  
14 of votes shall be elected for terms of four years.**

**15 4. As used in this chapter, "school board member election" or "school board  
16 election" means the election held on the first Tuesday after the first Monday of November  
17 in even-numbered years starting in 2022.**

162.083. 1. The state board of education may appoint additional members to any special  
2 administrative board appointed under section 162.081.

3 2. The state board of education may set a final term of office for any member of a special  
4 administrative board, after which a successor member shall be elected by the voters of the  
5 district.

6 (1) All final terms of office for members of the special administrative board established  
7 under this section shall expire on June thirtieth.

8 (2) The election of a successor member shall occur on the ~~[general municipal election~~  
9 ~~day]~~ **first Tuesday after the first Monday in November of the even-numbered year**  
10 immediately prior to the expiration of the final term of office.

11 (3) The election shall be conducted in a manner consistent with the election laws  
12 applicable to the school district.

13 3. Nothing in this section shall be construed as barring an otherwise qualified member  
14 of the special administrative board from standing for an elected term on the board.

15 4. On a date set by the state board of education, any district operating under the  
16 governance of a special administrative board shall return to local governance, and continue  
17 operation as a school district as otherwise authorized by law.

162.221. 1. When the voters of any one or more districts as authorized in section  
2 162.211, except those districts designated in subdivision (2) thereof, desire to form a  
3 seven-director district, a petition signed by at least ten percent in number of those voting for  
4 school board members in the last [~~annual~~] school election in each district or one hundred voters,  
5 whichever is the higher number, shall be filed with the state board of education. On receipt of  
6 the petition, a representative of the state department of education, designated by the  
7 commissioner of education, shall visit the districts and determine the exact boundaries of the  
8 proposed seven-director district. In determining these boundaries, he **or she** shall so locate the  
9 boundary lines as will in his **or her** judgment form the best possible seven-director district,  
10 having due regard also to the welfare of adjoining districts.

11 2. Within sixty days after the receipt of the petition, the commissioner of education shall  
12 submit the question to the voters of the proposed district. The notice shall include a statement  
13 of the purpose together with a plat of the proposed district. The state commissioner shall file a  
14 copy of the petition and of the plat with the county clerk. The election shall be conducted in the  
15 manner provided in section 162.191.

162.223. 1. When the voters in any two or more adjacent districts without limitation as  
2 to size or enrollment desire to consolidate and form a new district, a petition asking for an  
3 election upon the question of consolidation shall be filed with the boards of education of the  
4 affected districts; provided, however, that such petition shall be signed by ten percent of those  
5 in each district who voted for school directors at the last election in which such directors were  
6 elected, or one hundred voters, whichever is the higher number.

7 2. As an alternative to the procedure in subsection 1 of this section, two or more adjacent  
8 districts may, by a majority vote of each board of education, call for an election upon the  
9 question of consolidation.

10 3. The question shall be submitted in substantially the following form:

11 Shall the \_\_\_\_\_ school district and the \_\_\_\_\_ school district (and the \_\_\_\_\_ school  
12 district) form a new district with a tax rate ceiling of \_\_\_\_\_ per one hundred dollars of assessed  
13 valuation? If this proposition is approved, the adjusted operating levy of the new school district  
14 is estimated to be \_\_\_\_\_ (amount) per one hundred dollars of assessed valuation.

15 4. The board of directors of each affected district shall cause the question to be included  
16 on the ballot to be submitted to the voters in each such district at the next election day. A plat  
17 of the proposed new district shall be published and posted with the notices of election.

18           5. The results of the voting on the proposal in each district affected shall be certified to  
19 the state commissioner of education by the secretary of each board of education of each district  
20 or by such other person or body charged with conducting such elections and, should the majority  
21 of the votes cast in each affected district be in favor of the proposal, the state commissioner shall  
22 declare the new district formed as of July first following the submission of the question.

23           6. If the commissioner of education declares, before the closing date for filing for the  
24 election of board members [~~on the municipal election date~~], that the new district is to be formed  
25 as of July first, no candidates shall be certified by the districts involved in the consolidation and  
26 the board members whose terms would otherwise have expired on that date shall remain as board  
27 members until July first. In consolidation cases where there is insufficient time from the date  
28 the commissioner of education declares that the new district shall be formed as of July first and  
29 July first to hold an election of board members, seven board members from the boards of the  
30 consolidating districts shall be drawn by lot to serve until the next election at which the new  
31 board of education can be elected. The number of board members selected from one district  
32 shall not exceed the quotient resulting from seven divided by the number of districts  
33 consolidating rounded down to the nearest whole number plus one. The commissioner of  
34 education or a designee shall supervise the drawing, by lot, of the board members which shall  
35 be approved by the state board of education.

          162.241. If a proposal to form a district pursuant to the provisions of sections 162.171  
2 to 162.191, 162.211 and 162.221, or section 162.223 receives the required majority of the votes  
3 cast on the proposition, the state board of education or the county commission, in the case of a  
4 district formed pursuant to the provisions of sections 162.171 to 162.191 or 162.211 and  
5 162.221, shall order an election in the district to be held. This election shall be for the purpose  
6 of electing seven members to serve on the school board of the district. Such election shall be  
7 held on the [~~next election day as provided under section 115.123~~] **first Tuesday after the first**  
8 **Monday in November of an even-numbered year.** The election shall be conducted in the  
9 manner provided by section 162.371. A letter from the commissioner of education, delivered  
10 by certified mail to the presiding commissioner of the county commission of the county to which  
11 the district formed by provisions of section 162.223 is assigned shall be the authority for the  
12 county commission to proceed with election procedures in the same manner as they would be  
13 performed by the district board of education were it in existence; but the costs of the election  
14 shall be paid from the incidental fund of the new district. [~~Two~~] **Three** directors shall be elected  
15 to serve [~~until the next municipal election~~] **two-year terms**, two to serve [~~until the second~~  
16 ~~municipal election~~] **four-year terms**, and two to serve [~~until the third municipal election. The~~  
17 ~~seventh board member shall be elected to serve until the municipal election during which the~~

18 majority of school districts elect three board members] **six-year terms. Any director elected**  
19 **after this initial election shall serve a four-year term.**

162.261. 1. The government and control of a seven-director school district, other than  
2 an urban district, is vested in a board of education of seven members, who hold their office for  
3 ~~three~~ **four** years, except as provided in section 162.241, and until their successors are duly  
4 elected and qualified. Any vacancy occurring in the board shall be filled by the remaining  
5 members of the board; except that if there are more than two vacancies at any one time, the  
6 county commission upon receiving written notice of the vacancies shall fill the vacancies by  
7 appointment. If there are more than two vacancies at any one time in a county without a county  
8 commission, the county executive upon receiving written notice of the vacancies shall fill the  
9 vacancies, with the advice and consent of the county council, by appointment. The person  
10 appointed shall hold office until the next ~~municipal~~ election, when a director shall be elected  
11 for the unexpired term.

12 2. No seven-director, urban, or metropolitan school district board of education shall hire  
13 a spouse of any member of such board for a vacant or newly created position unless the position  
14 has been advertised pursuant to board policy and the superintendent of schools submits a written  
15 recommendation for the employment of the spouse to the board of education. The names of all  
16 applicants as well as the name of the applicant hired for the position are to be included in the  
17 board minutes.

18 3. The provisions of Article VII, Section 6 of the Missouri Constitution apply to school  
19 districts.

162.291. The voters of each seven-director district other than urban districts shall, ~~at~~  
2 ~~municipal elections~~ **on the first Tuesday after the first Monday in November of even-**  
3 **numbered years**, elect ~~two~~ directors, who are citizens of the United States and resident  
4 taxpayers of the district, ~~who~~ **in accordance with the provisions of section 162.082. Such**  
5 **directors shall** have resided in this state for one year next preceding their election or  
6 appointment, and ~~who are~~ **be** at least twenty-four years of age.

162.301. 1. Within fourteen days after the election of the first school board in each  
2 seven-director district, other than an urban district, and within fourteen days after each ~~annual~~  
3 election, the board shall meet. The newly elected members shall qualify by taking the oath of  
4 office prescribed by Article VII, Section 11, of the Constitution of Missouri.

5 2. The board shall organize by the election of a president and vice president, and the  
6 board shall, on or before the fifteenth day of ~~July of each year~~ **January in odd-numbered**  
7 **years**, elect a secretary and a treasurer, who shall enter upon their respective duties on the  
8 fifteenth day of ~~July~~ **January**. The secretary and treasurer may be or may not be members of

9 the board. No compensation shall be granted to either the secretary or the treasurer until his **or**  
10 **her** report and settlement are made and filed or published as the law directs.

11 3. A majority of the board constitutes a quorum for the transaction of business, but no  
12 contract shall be let, person employed, bill approved or warrant ordered unless a majority of the  
13 whole board votes therefor.

162.341. The ~~[annual]~~ **school board member** election in seven-director districts~~[-except~~  
2 ~~urban districts,]~~ shall be held on ~~[municipal election days]~~ **the first Tuesday after the first**  
3 **Monday in November of even-numbered years.**

162.431. 1. When it is necessary to change the boundary lines between seven-director  
2 school districts, in each district affected, ten percent of the voters by number of those voting for  
3 school board members in the last ~~[annual]~~ school election in each district may petition the district  
4 boards of education in the districts affected, regardless of county lines, for a change in  
5 boundaries. The question shall be submitted at the next election, as the term election is  
6 referenced and defined in section 115.123.

7 2. The voters shall decide the question by a majority vote of those who vote upon the  
8 question. If assent to the change is given by each of the various districts voting, each voting  
9 separately, the boundaries are changed from that date.

10 3. If one of the districts votes against the change and the other votes for the change, the  
11 matter may be appealed to the state board of education, in writing, within fifteen days of the  
12 submission of the question by either one of the districts affected, or in the above event by a  
13 majority of the signers of the petition requesting a vote on the proposal. At the first meeting of  
14 the state board following the appeal, a board of arbitration composed of three members, none of  
15 whom shall be a resident of any district affected, shall be appointed. In determining whether it  
16 is necessary to change the boundary line between seven-director districts, the board of arbitration  
17 shall base its decision upon the following:

18 (1) The presence of school-aged children in the affected area;

19 (2) The presence of actual educational harm to school-aged children, either due to a  
20 significant difference in the time involved in transporting students or educational deficiencies  
21 in the district which would have its boundary adversely affected; and

22 (3) The presence of an educational necessity, not of a commercial benefit to landowners  
23 or to the district benefitting for the proposed boundary adjustment.

24

25 For purposes of subdivision (2) of this subsection, "significant difference in the time involved  
26 in transporting students" shall mean a difference of forty-five minutes or more per trip in travel  
27 time. "Travel time" is the period of time required to transport a pupil from the pupil's place of  
28 residence or other designated pick-up point to the site of the pupil's educational placement.

29           4. Within twenty days after notification of appointment, the board of arbitration shall  
30 meet and consider the necessity for the proposed changes and shall decide whether the  
31 boundaries shall be changed as requested in the petition or be left unchanged, which decision  
32 shall be final. The decision by the board of arbitration shall be rendered not more than thirty  
33 days after the matter is referred to the board. The [~~chairman~~] **chair** of the board of arbitration  
34 shall transmit the decision to the secretary of each district affected who shall enter the same upon  
35 the records of his **or her** district and the boundaries shall thereafter be in accordance with the  
36 decision of the board of arbitration. The members of the board of arbitration shall be allowed  
37 a fee of fifty dollars each, to be paid at the time the appeal is made by the district taking the  
38 appeal or by the petitioners should they institute the appeal.

39           5. If the board of arbitration decides that the boundaries shall be left unchanged, no new  
40 petition for the same, or substantially the same, boundary change between the same districts shall  
41 be filed until after the expiration of two years from the date of the municipal election at which  
42 the question was submitted to the voters of the districts.

          162.459. 1. Notwithstanding other provisions of law to the contrary, the school board  
2 of each school district designated in the statutes as a seven-director or urban school district shall  
3 consist of seven members. [~~At the first election for members of the school board in each of such~~  
4 ~~districts after January 1, 1993, and each three years thereafter, three members of the school board~~  
5 ~~shall be elected; except, no school district composed of seven members as of January 1, 1993,~~  
6 ~~shall be required to modify its schedule of electing board members] **For all board members**  
7 **-serving terms as of January 1, 2021, their terms shall be modified in accordance with the**  
8 **provisions of section 162.082. The term of every board member elected in 2022 or**  
9 **thereafter shall be four years.**~~

10           2. Provisions of law applicable to seven-director and urban school districts, except those  
11 which conflict with the provisions of this section, shall apply to and govern the school districts  
12 designated in subsection 1 of this section.

          162.471. The government and control of an urban school district is vested in a board of  
2 seven directors. Each director shall be a voter of the district who has resided within this state  
3 for one year next preceding his **or her** election or appointment and who is at least twenty-four  
4 years of age. All directors **-elected in 2022 or thereafter**, except as otherwise provided in  
5 section 162.481 and section 162.492, hold their offices for [~~six~~] **four** years and until their  
6 successors are duly elected and qualified. **The term of any board member serving a six-year**  
7 **term on January 1, 2021, shall be modified in accordance with the provisions of section**  
8 **162.082.** All vacancies occurring in the board, except as provided in section 162.492, shall be  
9 filled by appointment by the board as soon as practicable, and the person appointed shall hold  
10 his **or her** office until the next school board election, when his **or her** successor shall be elected

11 for the remainder of the unexpired term. The power of the board to perform any official duty  
12 during the existence of a vacancy continues unimpaired thereby.

162.481. 1. Except as otherwise provided in ~~[this section and in]~~ section 162.492, all  
2 elections of school directors in urban school districts shall be held biennially ~~[at the same times~~

6 hereafter when a seven-director district becomes an urban school district, the directors of the  
7 prior seven-director district shall continue as directors of the urban school district until the  
8 expiration of the terms for which they were elected and until their successors are elected as  
9 provided in this subsection. The first biennial school election for directors shall be held in the  
10 urban school district at the time provided in subsection 1 **of this section** which is on the date of  
11 or subsequent to the expiration of the terms of the directors of the prior district which are first  
12 to expire, and directors shall be elected to succeed the directors of the prior district whose terms  
13 have expired. If the terms of two directors only have expired, the directors elected at the first  
14 biennial school election in the urban school district shall be elected for terms of six years. If the  
15 terms of four directors have expired, two directors shall be elected for terms of six years and two  
16 shall be elected for terms of four years. At the next succeeding biennial election held in the  
17 urban school district, successors for the remaining directors of the prior seven-director district  
18 shall be elected. If only two directors are to be elected they shall be elected for terms of six years  
19 each. If four directors are to be elected, two shall be elected for terms of six years and two shall  
20 be elected for terms of two years. After seven directors of the urban school district have been  
21 elected under this subsection, their successors shall be elected for terms of ~~[six]~~ **four** years.

22 3. ~~[In any school district in which a majority of the district is located in any home rule~~

162.492. 1. In all urban districts containing the greater part of the population of a city  
 2 which has more than three hundred thousand inhabitants, the election authority of the city in  
 3 which the greater portion of the school district lies, and of the county if the district includes  
 4 territory not within the city limits, shall serve ex officio as a redistricting commission. The  
 5 commission shall on or before November 1, 2018, divide the school district into five subdistricts,  
 6 all subdistricts being of compact and contiguous territory and as nearly equal in the number of  
 7 inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions  
 8 as soon as practicable after each United States decennial census. In establishing the subdistricts  
 9 each member shall have one vote and a majority vote of the total membership of the commission
