29 **5. For purposes of calculating the normal retirement annuity provided under**
30 **subsection 2 of section 104.1084 for members of the general assembly covered by this**
31 **section, such normal retirement annuity shall be an amount for life equal to one forty-**
32 **eighth of the monthly pay for a senator or representative on the annuity starting date**

50 **of at least age sixty-two and the completion of at least ten years of credited service. A**
51 **vested former member shall not be eligible for early retirement.**

52 **10. The provisions of subsection 6 of section 104.1021, section 104.344 as applied**

58 **retirement benefits payable under the year 2000 plan, subject to the following provisions:**

59 **(1) The state of Missouri employer, under the provisions of 26 U.S.C. Section**
60 **414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the**
61 **member under this subsection. The contributions so picked up shall be treated as**

65 **source of funds used for the payment of pay to a member. A deduction shall be made from**
66 **each member's pay equal to the amount of the member's contributions picked up by the**
67 **employer. This deduction, however, shall not reduce the member's pay for purposes of**
68 **computing benefits under the retirement system under this chapter;**

69 **(3) Member contributions so picked up shall be credited to a separate account**
70 **within the member's individual account so that the amounts contributed under this**
71 **subsection may be distinguished from the amounts contributed on an after-tax basis;**

72 **(4) The contributions, although designated as employee contributions, shall be paid**
73 **by the employer in lieu of the contributions by the member. The member shall not have the**
74 **option of choosing to receive the contributed amounts directly instead of having them paid**
75 **by the employer to the retirement system;**

76 **(5) Interest shall be credited annually on June thirtieth based on the value in the**
77 **account as of July first of the immediately preceding year at a rate equal to the investment**
78 **rate that is published by the United States Department of Treasury, or its successor agency,**
79 **for fifty-two week treasury bills for the relevant auction that is nearest to the preceding**

82 **employment if the member is not a vested former member. Otherwise, interest credits shall**
83 **cease upon retirement or death;**

84 **(6) A vested former member or a former member who is not vested may request a**
85 **refund of his or her contributions and interest credited thereon. If such member is**
86 **married at the time of such request, the request shall not be processed without consent**
87 **from the spouse. Such member is not eligible to request a refund if such member's**

88 retirement benefit is subject to a division of benefit order under section 104.1051. Such
89 refund shall be paid by the system after ninety days from the date of termination of
90 employment or the request, whichever is later, and shall include all contributions made to
91 any retirement plan administered by the system and interest credited thereon. A vested
92 former member may not request a refund after such member becomes eligible for normal
93 retirement. A vested former member or a former member who is not vested who receives
94 a refund shall forfeit all the member's credited service and future rights to receive benefits
95 from the system and shall not be eligible to receive any long-term disability benefits,
96 provided that any member or vested former member receiving long-term disability benefits
97 shall not be eligible for a refund. If such member subsequently becomes an employee and
98 works continuously for at least one year, the credited service previously forfeited shall be
99 restored if the member returns to the system the amount previously refunded plus interest
100 at a rate established by the board; and

101 (7) The beneficiary of any member who made contributions shall receive a refund
102 upon the member's death equal to the amount, if any, of such contributions and interest
103 credited thereon less any retirement benefits received by the member unless an annuity is
104 payable to a survivor or beneficiary as a result of the member's death. In that event, the
105 beneficiary of the survivor or beneficiary who received the annuity shall receive a refund
106 upon the survivor's or beneficiary's death equal to the amount, if any, of the member's
107 contributions less any annuity amounts received by the member and the survivor or
108 beneficiary.

109 12. The employee contribution rate, the benefits provided under the year 2000 plan
110 to members covered by subsections 1 through 13 of this section, and any other provision
111 of the year 2000 plan with regard to members covered by this section may be altered,
112 amended, increased, decreased, or repealed, but only with respect to services rendered by
113 the member after the effective date of such alteration, amendment, increase, decrease, or
114 repeal, or, with respect to interest credits, for periods of time after the effective date of such
115 alteration, amendment, increase, decrease, or repeal.

117 the options under section 104.1027 shall be as follows:

118 Option 1. A retiree's life annuity shall be reduced to a certain percent of the
119 annuity otherwise payable. Such percent shall be eighty-eight and one-half percent
120 adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-

124 difference; and if the retiree's age is younger than the beneficiary's age on the annuity
125 starting date, an increase of three-tenths of one percent for each year of age difference;
126 provided, after all adjustments, the option 1 percent cannot exceed ninety-four and one-
127 quarter percent. Upon the retiree's death, fifty percent of the retiree's reduced annuity
128 shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date
129 or as otherwise provided by subsection 5 of this section.

130 **Option 2.** A retiree's life annuity shall be reduced to a certain percent of the
131 annuity otherwise payable. Such percent shall be eighty-one percent adjusted as follows:

141 otherwise provided by subsection 5 of this section.

142 **Option 3.** A retiree's life annuity shall be reduced to ninety-three percent of the
143 annuity otherwise payable. If the retiree dies before having received one hundred twenty
144 monthly payments, the reduced annuity shall be continued for the remainder of the one-

146 is no beneficiary surviving the retiree, the present value of the remaining annuity payments
147 shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives
148 the retiree but dies before receiving the remainder of such one hundred twenty monthly
149 payments, the present value of the remaining annuity payments shall be paid as provided
150 under subsection 3 of section 104.620.

151 **Option 4.** A retiree's life annuity shall be reduced to eighty-six percent of the

153 monthly payments, the reduced annuity shall be continued for the remainder of the one-
154 hundred-eighty-month period to the retiree's designated beneficiary provided that if there
155 is no beneficiary surviving the retiree, the present value of the remaining annuity payments
156 shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives
157 the retiree but dies before receiving the remainder of such one hundred eighty monthly
158 payments, the present value of the remaining annuity payments shall be paid as provided
159 under subsection 3 of section 104.620.

160 **14. In any plan year that the plan's actuary determines that the funded ratio of the**
161 **most recent periodic actuarial valuation is at least ninety percent, beginning January 1 of**
162 **the following plan year and all plan years thereafter, the credited service requirement for**

164 **section shall decrease from ten years to five years for current members employed on that**
165 **date or new members employed on or after that date.**

166 **15. The provisions of subsection 6 of section 104.1024 shall not apply to members**

180 **subsection. The contributions so picked up shall be treated as employer contributions for**
181 **purposes of determining the participant's pay that is includable in the participant's gross**
182 **income for federal income tax purposes;**

183 **(4) Participant contributions picked up by the employer shall be paid from the**
184 **same source of funds used for the payment of pay to a participant. A deduction shall be**
185 **made from each participant's pay equal to the amount of the participant's contributions**
186 **picked up by the employer;**

187 **(5) Participant contributions so picked up shall be credited to a separate account**

189 **(6) The contributions so picked up, although designated as participant**
190 **contributions, shall be paid by the employer in lieu of the contributions by the participant.**
