206 rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July
207 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare
208 reimbursement rates and for third-party payor average dental reimbursement rates. Such plan
209 shall be subject to appropriation and the division shall include in its annual budget request to the
210 governor the necessary funding needed to complete the four-year plan developed under this
211 subdivision.

212 2. Additional benefit payments for ~~medical~~ **health care** assistance shall be made on
213 behalf of those eligible needy children, pregnant women and blind persons with any payments
214 to be made on the basis of the reasonable cost of the care or reasonable charge for the services
215 as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided,
216 for the following:

217 (1) Dental services;

218 (2) Services of podiatrists as defined in section 330.010;

219 (3) Optometric services as described in section 336.010;

220 (4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids,
221 and wheelchairs;

222 (5) Hospice care. As used in this subdivision, the term "hospice care" means a
223 coordinated program of active professional ~~medical~~ **health care** attention within a home,
224 outpatient and inpatient care which treats the terminally ill patient and family as a unit,
225 employing a ~~medically~~ **health care** directed interdisciplinary team. The program provides
226 relief of severe pain or other physical symptoms and supportive care to meet the special needs

227 arising out of physical, psychological, spiritual, social, and economic stresses which are
228 experienced during the final stages of illness, and during dying and bereavement and meets the
229 Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The
230 rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and
231 board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five
232 percent of the rate of reimbursement which would have been paid for facility services in that
233 nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L.
234 101-239 (Omnibus Budget Reconciliation Act of 1989);

235 (6) Comprehensive day rehabilitation services beginning early posttrauma as part of a
236 coordinated system of care for individuals with disabling impairments. Rehabilitation services
237 must be based on an individualized, goal-oriented, comprehensive and coordinated treatment
238 plan developed, implemented, and monitored through an interdisciplinary assessment designed
239 to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO
240 HealthNet division shall establish by administrative rule the definition and criteria for
241 designation of a comprehensive day rehabilitation service facility, benefit limitations and
242 payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010,
243 that is created under the authority delegated in this subdivision shall become effective only if it
244 complies with and is subject to all of the provisions of chapter 536 and, if applicable, section
245 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the
246 general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove
247 and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority
248 and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

249 3. The MO HealthNet division may require any participant receiving MO HealthNet
250 benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July
251 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered
252 services except for those services covered under subdivisions (15) and (16) of subsection 1 of
253 this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title
254 XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations
255 thereunder. When substitution of a generic drug is permitted by the prescriber according to
256 section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet
257 division may not lower or delete the requirement to make a co-payment pursuant to regulations
258 of Title XIX of the federal Social Security Act. A provider of goods or services described under
259 this section must collect from all participants the additional payment that may be required by the
260 MO HealthNet division under authority granted herein, if the division exercises that authority,
261 to remain eligible as a provider. Any payments made by participants under this section shall be
262 in addition to and not in lieu of payments made by the state for goods or services described

263 herein except the participant portion of the pharmacy professional dispensing fee shall be in
264 addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment
265 at the time a service is provided or at a later date. A provider shall not refuse to provide a service
266 if a participant is unable to pay a required payment. If it is the routine business practice of a
267 provider to terminate future services to an individual with an unclaimed debt, the provider may
268 include uncollected co-payments under this practice. Providers who elect not to undertake the
269 provision of services based on a history of bad debt shall give participants advance notice and
270 a reasonable opportunity for payment. A provider, representative, employee, independent
271 contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a
272 participant. This subsection shall not apply to other qualified children, pregnant women, or blind
273 persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet
274 state plan amendment submitted by the department of social services that would allow a provider
275 to deny future services to an individual with uncollected co-payments, the denial of services shall
276 not be allowed. The department of social services shall inform providers regarding the
277 acceptability of denying services as the result of unpaid co-payments.

278 4. The MO HealthNet division shall have the right to collect medication samples from
279 participants in order to maintain program integrity.

280 5. Reimbursement for obstetrical and pediatric services under subdivision (6) of
281 subsection 1 of this section shall be timely and sufficient to enlist enough health care providers
282 so that care and services are available under the state plan for MO HealthNet benefits at least to
283 the extent that such care and services are available to the general population in the geographic
284 area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal
285 regulations promulgated thereunder.

286 6. Beginning July 1, 1990, reimbursement for services rendered in federally funded
287 health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404
288 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations
289 promulgated thereunder.

290 7. Beginning July 1, 1990, the department of social services shall provide notification
291 and referral of children below age five, and pregnant, breast-feeding, or postpartum women who
292 are determined to be eligible for MO HealthNet benefits under section 208.151 to the special
293 supplemental food programs for women, infants and children administered by the department
294 of health and senior services. Such notification and referral shall conform to the requirements
295 of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

296 8. Providers of long-term care services shall be reimbursed for their costs in accordance
297 with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section
298 1396a, as amended, and regulations promulgated thereunder.

299 9. Reimbursement rates to long-term care providers with respect to a total change in
300 ownership, at arm's length, for any facility previously licensed and certified for participation in
301 the MO HealthNet program shall not increase payments in excess of the increase that would
302 result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C.
303 Section 1396a (a)(13)(C).

304 10. The MO HealthNet division may enroll qualified residential care facilities and
305 assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

306 11. Any income earned by individuals eligible for certified extended employment at a
307 sheltered workshop under chapter 178 shall not be considered as income for purposes of
308 determining eligibility under this section.

309 12. If the Missouri Medicaid audit and compliance unit changes any interpretation or
310 application of the requirements for reimbursement for MO HealthNet services from the
311 interpretation or application that has been applied previously by the state in any audit of a MO
312 HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected
313 MO HealthNet providers five business days before such change shall take effect. Failure of the
314 Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the
315 provider to continue to receive and retain reimbursement until such notification is provided and
316 shall waive any liability of such provider for recoupment or other loss of any payments
317 previously made prior to the five business days after such notice has been sent. Each provider
318 shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall
319 agree to receive communications electronically. The notification required under this section
320 shall be delivered in writing by the United States Postal Service or electronic mail to each
321 provider.

322 13. Nothing in this section shall be construed to abrogate or limit the department's
323 statutory requirement to promulgate rules under chapter 536.

324 14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral,
325 social, and psychophysiological services for the prevention, treatment, or management of
326 physical health problems shall be reimbursed utilizing the behavior assessment and intervention
327 reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural
328 Terminology (CPT) coding system. Providers eligible for such reimbursement shall include
329 psychologists.

334.104. 1. A physician may enter into collaborative practice arrangements with
2 registered professional nurses. Collaborative practice arrangements shall be in the form of
3 written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health
4 care services. Collaborative practice arrangements~~[, which shall be in writing,]~~ may delegate to
5 a registered professional nurse **who is not an advanced practice registered nurse as defined**

6 **in section 335.016** the authority to administer or dispense drugs and provide treatment as long
7 as the delivery of such health care services is within the scope of practice of the registered
8 professional nurse and is consistent with that nurse's skill, training and competence.

9 2. ~~[Collaborative practice arrangements, which shall be in writing, may delegate to a
10 registered professional nurse the authority to administer, dispense or prescribe drugs and provide
11 treatment if the registered professional nurse is an advanced practice registered nurse as defined
12 in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an
13 advanced practice registered nurse, as defined in section 335.016, the authority to administer,
14 dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017,
15 and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not
16 delegate the authority to administer any controlled substances listed in Schedules III, IV, and V
17 of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general
18 anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled
19 substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred
20 twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form
21 of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health
22 care services. An advanced practice registered nurse may prescribe buprenorphine for up to a
23 thirty-day supply without refill for patients receiving medication-assisted treatment for substance
24 use disorders under the direction of the collaborating physician.~~

25 3. The written collaborative practice arrangement shall contain at least the following
26 provisions:

27 ~~(1) Complete names, home and business addresses, zip codes, and telephone numbers
28 of the collaborating physician and the advanced practice registered nurse;~~

29 ~~(2) A list of all other offices or locations besides those listed in subdivision (1) of this
30 subsection where the collaborating physician authorized the advanced practice registered nurse
31 to prescribe;~~

32 ~~(3) A requirement that there shall be posted at every office where the advanced practice
33 registered nurse is authorized to prescribe, in collaboration with a physician, a prominently
34 displayed disclosure statement informing patients that they may be seen by an advanced practice
35 registered nurse and have the right to see the collaborating physician;~~

36 ~~(4) All specialty or board certifications of the collaborating physician and all
37 certifications of the advanced practice registered nurse;~~

38 ~~(5) The manner of collaboration between the collaborating physician and the advanced
39 practice registered nurse, including how the collaborating physician and the advanced practice
40 registered nurse will:~~

- 41 ~~———(a) Engage in collaborative practice consistent with each professional's skill, training,~~
42 ~~education, and competence;~~
- 43 ~~———(b) Maintain geographic proximity, except the collaborative practice arrangement may~~
44 ~~allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar~~
45 ~~year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice~~
46 ~~arrangement includes alternative plans as required in paragraph (c) of this subdivision. This~~
47 ~~exception to geographic proximity shall apply only to independent rural health clinics,~~
48 ~~provider-based rural health clinics where the provider is a critical access hospital as provided in~~
49 ~~42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of~~
50 ~~the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is~~
51 ~~required to maintain documentation related to this requirement and to present it to the state board~~
52 ~~of registration for the healing arts when requested; and~~
- 53 ~~———(c) Provide coverage during absence, incapacity, infirmity, or emergency by the~~
54 ~~collaborating physician;~~
- 55 ~~———(6) A description of the advanced practice registered nurse's controlled substance~~
56 ~~prescriptive authority in collaboration with the physician, including a list of the controlled~~
57 ~~substances the physician authorizes the nurse to prescribe and documentation that it is consistent~~
58 ~~with each professional's education, knowledge, skill, and competence;~~
- 59 ~~———(7) A list of all other written practice agreements of the collaborating physician and the~~
60 ~~advanced practice registered nurse;~~
- 61 ~~———(8) The duration of the written practice agreement between the collaborating physician~~
62 ~~and the advanced practice registered nurse;~~
- 63 ~~———(9) A description of the time and manner of the collaborating physician's review of the~~
64 ~~advanced practice registered nurse's delivery of health care services. The description shall~~
65 ~~include provisions that the advanced practice registered nurse shall submit a minimum of ten~~
66 ~~percent of the charts documenting the advanced practice registered nurse's delivery of health care~~
67 ~~services to the collaborating physician for review by the collaborating physician, or any other~~
68 ~~physician designated in the collaborative practice arrangement, every fourteen days; and~~
- 69 ~~———(10) The collaborating physician, or any other physician designated in the collaborative~~
70 ~~practice arrangement, shall review every fourteen days a minimum of twenty percent of the~~
71 ~~charts in which the advanced practice registered nurse prescribes controlled substances. The~~
72 ~~charts reviewed under this subdivision may be counted in the number of charts required to be~~
73 ~~reviewed under subdivision (9) of this subsection.~~
- 74 ~~———4. The state board of registration for the healing arts pursuant to section 334.125 and the~~
75 ~~board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of~~
76 ~~collaborative practice arrangements. Such rules shall be limited to specifying geographic areas~~

77 to be covered, the methods of treatment that may be covered by collaborative practice
78 arrangements and the requirements for review of services provided pursuant to collaborative
79 practice arrangements including delegating authority to prescribe controlled substances. Any
80 rules relating to dispensing or distribution of medications or devices by prescription or
81 prescription drug orders under this section shall be subject to the approval of the state board of
82 pharmacy. Any rules relating to dispensing or distribution of controlled substances by
83 prescription or prescription drug orders under this section shall be subject to the approval of the
84 department of health and senior services and the state board of pharmacy. In order to take effect,
85 such rules shall be approved by a majority vote of a quorum of each board. Neither the state
86 board of registration for the healing arts nor the board of nursing may separately promulgate rules
87 relating to collaborative practice arrangements. Such jointly promulgated rules shall be
88 consistent with guidelines for federally funded clinics. The rulemaking authority granted in this
89 subsection shall not extend to collaborative practice arrangements of hospital employees
90 providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based
91 public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

92 ——— 5. The state board of registration for the healing arts shall not deny, revoke, suspend or
93 otherwise take disciplinary action against a physician for health care services delegated to a
94 registered professional nurse provided the provisions of this section and the rules promulgated
95 thereunder are satisfied.] Upon the written request of a physician subject to a disciplinary action
96 imposed as a result of an agreement between a physician and a registered professional nurse or
97 registered physician assistant, whether written or not, prior to August 28, 1993, all records of
98 such disciplinary licensure action and all records pertaining to the filing, investigation or review
99 of an alleged violation of this chapter incurred as a result of such an agreement shall be removed
100 from the records of the state board of registration for the healing arts and the division of
101 professional registration and shall not be disclosed to any public or private entity seeking such
102 information from the board or the division. The state board of registration for the healing arts
103 shall take action to correct reports of alleged violations and disciplinary actions as described in
104 this section which have been submitted to the National Practitioner Data Bank. In subsequent
105 applications or representations relating to his medical practice, a physician completing forms or
106 documents shall not be required to report any actions of the state board of registration for the
107 healing arts for which the records are subject to removal under this section.

108 [6.] 3. Within thirty days of any change and on each renewal, the state board of
109 registration for the healing arts shall require every physician to identify whether the physician
110 is engaged in any collaborative practice agreement, including collaborative practice agreements
111 delegating the authority to prescribe controlled substances, or physician assistant agreement and
112 also report to the board the name of each licensed professional with whom the physician has

113 entered into such agreement. The board ~~[may]~~ **shall** make this information available to the
114 public. The board shall track the reported information and may routinely conduct random
115 reviews of such agreements to ensure that agreements are carried out for compliance under this
116 chapter.

117 ~~[7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as~~
118 ~~defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services~~
119 ~~without a collaborative practice arrangement provided that he or she is under the supervision of~~
120 ~~an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if~~
121 ~~needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered~~
122 ~~nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a~~
123 ~~collaborative practice arrangement under this section, except that the collaborative practice~~
124 ~~arrangement may not delegate the authority to prescribe any controlled substances listed in~~
125 ~~Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.~~

126 ~~———8. A collaborating physician or supervising physician shall not enter into a collaborative~~
127 ~~practice arrangement or supervision agreement with more than six full-time equivalent advanced~~
128 ~~practice registered nurses, full-time equivalent licensed physician assistants, or full-time~~
129 ~~equivalent assistant physicians, or any combination thereof. This limitation shall not apply to~~
130 ~~collaborative arrangements of hospital employees providing inpatient care service in hospitals~~
131 ~~as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-~~
132 ~~5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia~~
133 ~~services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who~~
134 ~~is immediately available if needed as set out in subsection 7 of this section.~~

135 ~~———9. It is the responsibility of the collaborating physician to determine and document the~~
136 ~~completion of at least a one-month period of time during which the advanced practice registered~~
137 ~~nurse shall practice with the collaborating physician continuously present before practicing in~~
138 ~~a setting where the collaborating physician is not continuously present. This limitation shall not~~
139 ~~apply to collaborative arrangements of providers of population-based public health services as~~
140 ~~defined by 20 CSR 2150-5.100 as of April 30, 2008.~~

141 ~~———10. No agreement made under this section shall supersede current hospital licensing~~
142 ~~regulations governing hospital medication orders under protocols or standing orders for the~~
143 ~~purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020~~
144 ~~if such protocols or standing orders have been approved by the hospital's medical staff and~~
145 ~~pharmaceutical therapeutics committee.~~

149 ~~[advanced practice]~~ registered nurse. ~~[No contract or other agreement shall limit the collaborating~~
 150 ~~physician's ultimate authority over any protocols or standing orders or in the delegation of the~~
 151 ~~physician's authority to any advanced practice registered nurse, but this requirement shall not~~
 152 ~~authorize a physician in implementing such protocols, standing orders, or delegation to violate~~

 158 physician. **Any refusal to collaborate shall not violate applicable standards for the provision**
 159 **of safe practice and patient care.**

334.108. 1. Prior to prescribing any drug, controlled substance, or other treatment
 2 through telemedicine, as defined in section 191.1145, or the internet, a physician **or advanced**
 3 **practice registered nurse** shall establish a valid ~~[physician-patient]~~ **patient** relationship as
 4 described in section 191.1146. This relationship shall include:

 6 patient, adequate to establish the diagnosis for which the drug is being prescribed and to identify
 7 underlying conditions or contraindications to the treatment recommended or provided;

8 (2) Having sufficient dialogue with the patient regarding treatment options and the risks
 9 and benefits of treatment or treatments;

10 (3) If appropriate, following up with the patient to assess the therapeutic outcome;

 12 and, subject to the patient's consent, to the patient's other health care professionals; and

13 (5) Maintaining the electronic prescription information as part of the patient's medical
 14 record.

15 2. The requirements of subsection 1 of this section may be satisfied by the prescribing

29 3. No health care provider, as defined in section 376.1350, shall prescribe any drug,
30 controlled substance, or other treatment to a patient based solely on an evaluation over the
31 telephone; except that, a physician, such physician's on-call designee, an advanced practice
32 registered nurse [~~in a collaborative practice arrangement with such physician~~], a physician
33 assistant in a supervision agreement with such physician, or an assistant physician in a
