74 has not changed or to file a change of address and to affirm that the reasons contained in the  
75 original petition are still accurate prior to receiving a ballot. A change of address within an  
76 election authority's jurisdiction shall not require that the voter file a new petition. Any voter who  
77 no longer qualifies pursuant to this subsection to have his or her residential address as a closed  
78 record shall notify the circuit court. Upon such notification, the circuit court shall void the order  
79 closing the residential address and so notify the election authority.

21 that county or any city not within a county, or if there is more than one election authority within  
22 the county, then to the election authority located nearest to the location where the driver's license

29 different election authority to that election authority.

26 secretary of state.

115.225. 1. Before use by election authorities in this state, the secretary of state shall  
2 approve the marking devices and the automatic tabulating equipment used in electronic voting

27 3. The secretary of state shall promulgate rules and regulations to allow the use of a  
28 computerized voting system. The procedures shall provide for the use of a computerized voting  
29 system with the ability to provide a paper audit trail. Notwithstanding any provisions of this  
30 chapter to the contrary, such a system may allow for the storage of processed ballot materials in  
31 an electronic form.

32 4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created  
33 under the authority delegated in this section shall become effective only if it complies with and  
34 is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section

48 **voters.**

49 **6. Election authorities shall be members of the Center for Internet Security (CIS)**  
50 **and shall allow cyber security review of their office by the secretary of state. If an election**

115.237. 1. Each ballot printed or designed for use with an electronic voting system for  
2 any election pursuant to this chapter shall contain all questions and the names of all offices and  
3 candidates certified or filed pursuant to this chapter and no other. **Beginning January 1, 2022,**  
4 **the official ballot shall be a paper ballot that is hand-marked by the voter, or in the case**

7 all questions and the names of all offices and candidates for which each voter is entitled to vote  
8 shall be printed on one page except for the ballot for political party committee persons in polling  
9 places not utilizing an electronic voting system which may be printed separately and in  
10 conformity with the requirements contained in this section. As far as practicable, ballots  
11 containing only questions and the names of nonpartisan offices and candidates shall be printed  
12 in accordance with the provisions of this section, except that the ballot information may be listed  
13 in vertical or horizontal rows. The names of candidates for each office shall be listed in the order

20 ballot for questions or for the presidential preference primary in any polling place using an  
21 electronic voting system.

22 4. Where electronic voting systems are used and when write-in votes are authorized by  
23 law, a write-in ballot, which may be in the form of a separate paper ballot, card, or envelope, may  
24 be provided by the election authority to permit each voter to write in the names of persons whose  
25 names do not appear on the ballot.

26 5. No ballot printed or designed for use with an electronic voting system for any partisan  
27 election held under this chapter shall allow a person to vote a straight political party ticket. For

28 purposes of this subsection, a "straight political party ticket" means voting for all of the  
29 candidates for elective office who are on the ballot representing a single political party by a  
30 single selection on the ballot.

31 6. The secretary of state shall promulgate rules that specify uniform standards for ballot  
32 layout for each electronic or computerized ballot counting system approved under the provisions  
33 of section 115.225 so that the ballot used with any counting system is, where possible, consistent  
34 with the intent of this section. Nothing in this section shall be construed to require the format  
35 specified in this section if it does not meet the requirements of the ballot counting system used  
36 by the election authority.

37 7. Any rule or portion of a rule, as that term is defined in section 536.010, that is created  
38 under the authority delegated in this section shall become effective only if it complies with and  
39 is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section  
40 and chapter 536 are nonseverable and if any of the powers vested with the general assembly  
41 pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule  
42 are subsequently held unconstitutional, then the grant of rulemaking authority and any rule  
43 proposed or adopted after August 28, 2002, shall be invalid and void.

115.257. 1. In jurisdictions where electronic voting machines are used, the election  
2 authority shall cause the voting machines to be put in order, set, adjusted and made ready for  
3 voting before they are delivered to polling places.

4 2. At least five days before preparing electronic voting machines for any election, notice  
5 of the time and place of such preparation shall be mailed to each independent candidate and the  
6 chairman of the county committee of each established political party named on the ballot. The  
7 preparation shall be watched by two observers designated by the election authority, one from  
8 each major political party, and shall be open to representatives of the political parties, candidates,  
9 the news media and the public.

10 3. When an electronic voting machine has been examined by such observers and shown  
11 to be in good working order, the machine shall be locked against voting. The observers shall  
12 certify the vote count on each machine is set at zero.

13 4. After an electronic voting machine has been properly prepared and locked, its keys  
14 shall be retained by the election authority and delivered to the election judges along with the  
15 other election supplies.

16 5. For the purpose of processing absentee ballots, cast by voters in person in the office

18 **shall** cause voting machines, **if used**, to be put in order, set, adjusted, tested, and made ready for  
19 voting within one business day of the printing of absentee ballots as provided in section 115.281.  
20 The election authority shall have the recording counter except for the protective counter on the

21 voting machine set to zero (000). After the voting machines have been made ready for voting,  
22 the election authority shall not permit any person to handle any voting machine, except voters  
23 while they are voting and others expressly authorized by the election authority. The election  
24 authority shall neither be nor permit any other person to be in any position or near any position  
25 that enables the authority or person to see how any absentee voter votes or has voted.

26 6. Nothing in this section shall prohibit the on-site storage of electronic voting machines  
27 and the preparation of the electronic machines for voting, provided the electronic voting  
28 machines are put in order, set, adjusted and made ready for voting as provided in subsections 1,  
29 2, 3, 4, and 5 of this section.
