48

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

55

Option 3.

56 Upon the death of the member three-fourths of the reduced retirement allowance shall 57 be continued throughout the life of and paid to such person as has an insurable interest in the 58 life of the member and as the member shall have nominated in an election of the option, and 59 provided further that if the person so nominated dies before the retired member, the retirement 60 allowance will be increased to the amount the retired member would be receiving had the 61 member elected option 1; or

62

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

If there is no beneficiary so nominated who survives the member for the 75 remainder of the one hundred twenty monthly payments, the total of the remainder of such 76 one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that 77 78 order of precedence, to receive a monthly allowance in a lump sum payment. If the total of 79 the one hundred twenty payments paid to the retired individual and the beneficiary of the 80 retired individual is less than the total of the member's accumulated contributions, the 81 difference shall be paid to the beneficiary in a lump sum; or

82

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or

94 (2) The election of an option may be made only in the application for retirement and 95 such application must be filed prior to the date on which the retirement of the member is to be 96 effective. If either the member or the person nominated to receive the survivorship payments 97 dies before the effective date of retirement, the option shall not be effective, provided that:

98 (a) If the member or a person retired on disability retirement dies after acquiring 99 twenty-five or more years of creditable service or after attaining the age of fifty-five years and 100 acquiring five or more years of creditable service and before retirement, except retirement 101 with disability benefits, and the person named by the member as the member's beneficiary has 102 an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated 103 104 contributions of the member. If survivorship benefits under option 2 are elected and the 105 member at the time of death would have been eligible to receive an actuarial equivalent of the 106 member's retirement allowance, the designated beneficiary may further elect to defer the 107 option 2 payments until the date the member would have been eligible to receive the 108 retirement allowance provided in subsection 1 or 2 of this section;

109 (b) If the member or a person retired on disability retirement dies before attaining age 110 fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and 111 the person named as the member's beneficiary has an insurable interest in the life of the 112 deceased member, the designated beneficiary may elect to receive either a payment of the 113 member's accumulated contributions, or survivorship benefits under option 2 to begin on the 114 date the member would first have been eligible to receive an actuarial equivalent of the 115 member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section. 116

117 4. If the total of the retirement or disability allowance paid to an individual before the 118 death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, 119 120 surviving children in equal shares, surviving parents in equal shares, or estate of the 121 individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in 122 subsection 3 of this section had been elected, and the beneficiary dies after receiving the 123 optional benefit, and if the total retirement allowance paid to the retired individual and the 124 beneficiary of the retired individual is less than the total of the contributions, the difference 125 shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in

126 equal shares, or estate of the beneficiary, in that order of precedence, unless the retired 127 individual designates a different recipient with the board at or after retirement.

128 5. If a member dies and his or her financial institution is unable to accept the final 129 payment or payments due to the member, the final payment or payments shall be paid to the 130 beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving 131 children in equal shares, surviving parents in equal shares, or estate of the member, in that 132 order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies 133 and his or her financial institution is unable to accept the final payment or payments, the final 134 payment or payments shall be paid to the surviving spouse, surviving children in equal shares, 135 surviving parents in equal shares, or estate of the member, in that order of precedence, unless 136 otherwise stated.

137 6. If a member dies before receiving a retirement allowance, the member's 138 accumulated contributions at the time of the death of the member shall be paid to the 139 beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving 140 children in equal shares, surviving parents in equal shares, or to the estate of the member, in 141 that order of precedence; except that, no such payment shall be made if the beneficiary elects 142 option 2 in subsection 3 of this section, unless the beneficiary dies before having received 143 benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid 144 145 pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal 146 shares, surviving parents in equal shares, or estate of the beneficiary, in that order of 147 precedence.

148 7. If a member ceases to be a public school employee as herein defined and certifies
149 to the board of trustees that such cessation is permanent, or if the membership of the person is
150 otherwise terminated, the member shall be paid the member's accumulated contributions with
151 interest.

152 8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a 153 member ceases to be a public school employee after acquiring five or more years of 154 membership service in Missouri, the member may at the option of the member leave the 155 member's contributions with the retirement system and claim a retirement allowance any time 156 after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 157 158 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of 159 the law in effect at the time the member requests the member's retirement to become 160 effective.

161 9. The retirement allowance of a member retired because of disability shall be nine-162 tenths of the allowance to which the member's creditable service would entitle the member if

the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

169 10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, 170 from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be 171 multiplied by the factor of two-thirds for any member of the system for whom federal Old 172 Age and Survivors Insurance tax is paid from state or local tax funds on account of the 173 member's employment entitling the person to membership in the system. The monetary 174 benefits for a member who elected not to exercise an option to pay into the system a 175 retroactive contribution of four percent on that part of the member's annual salary rate which 176 was in excess of four thousand eight hundred dollars but not in excess of eight thousand four 177 hundred dollars for each year of employment in a position covered by this system between 178 July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in 179 RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable foryears of membership service;

182 (2) For years of membership service after July 1, 1946, in which the full contribution 183 rate was paid, full benefits under the formula in effect at the time of the member's retirement;

184 (3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the 185 benefits provided in this section as it appears in RSMo, 1959; except that if the member has at 186 least thirty years of creditable service at retirement the member shall receive the benefit 187 payable pursuant to that section as though the member's age were sixty-five at retirement;

188 (4) For years of membership service after July 1, 1961, in which the two-thirds 189 contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of 190 the member's retirement.

191 11. The monetary benefits for each other member for whom federal Old Age and 192 Survivors Insurance tax is or was paid at any time from state or local funds on account of the 193 member's employment entitling the member to membership in the system shall be the sum of: 194 (1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for

195 years of membership service;

196 (2) For years of membership service after July 1, 1946, in which the full contribution 197 rate was paid, full benefits under the formula in effect at the time of the member's retirement;

198 (3) For years of membership service after July 1, 1957, in which the two-thirds 199 contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of 200 the member's retirement.

201 12. Any retired member of the system who was retired prior to September 1, 1972, or 202 beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as 203 such option existed prior to September 1, 1972, will be eligible to receive an increase in the 204 retirement allowance of the member of two percent for each year, or major fraction of more 205 than one-half of a year, which the retired member has been retired prior to July 1, 1975. This 206 increased amount shall be payable commencing with January, 1976, and shall thereafter be 207 referred to as the member's retirement allowance. The increase provided for in this 208 subsection shall not affect the retired member's eligibility for compensation provided for in 209 section [169.580 or] 169.585, nor shall the amount being paid pursuant to these sections be 210 reduced because of any increases provided for in this section.

211 13. If the board of trustees determines that the cost of living, as measured by 212 generally accepted standards, increases two percent or more in the preceding fiscal year, the 213 board shall increase the retirement allowances which the retired members or beneficiaries are 214 receiving by two percent of the amount being received by the retired member or the 215 beneficiary at the time the annual increase is granted by the board with the provision that the 216 increases provided for in this subsection shall not become effective until the fourth January 217 first following the member's retirement or January 1, 1977, whichever later occurs, or in the 218 case of any member retiring on or after July 1, 2000, the increase provided for in this 219 subsection shall not become effective until the third January first following the member's 220 retirement, or in the case of any member retiring on or after July 1, 2001, the increase 221 provided for in this subsection shall not become effective until the second January first 222 following the member's retirement. Commencing with January 1, 1992, if the board of 223 trustees determines that the cost of living has increased five percent or more in the preceding 224 fiscal year, the board shall increase the retirement allowances by five percent. The total of the 225 increases granted to a retired member or the beneficiary after December 31, 1976, may not 226 exceed eighty percent of the retirement allowance established at retirement or as previously 227 adjusted by other subsections. If the cost of living increases less than five percent, the board 228 of trustees may determine the percentage of increase to be made in retirement allowances, but 229 at no time can the increase exceed five percent per year. If the cost of living decreases in a 230 fiscal year, there will be no increase in allowances for retired members on the following 231 January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the

cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

238 15. Any application for retirement shall include a sworn statement by the member 239 certifying that the spouse of the member at the time the application was completed was aware 240 of the application and the plan of retirement elected in the application.

241 16. Notwithstanding any other provision of law, any person retired prior to September 242 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of 243 subsection 3 of this section, as such option existed prior to September 28, 1983, and whose 244 beneficiary nominated to receive continued retirement allowance payments under the elected 245 option dies or has died, shall upon application to the board of trustees have his or her 246 retirement allowance increased to the amount he or she would have been receiving had the 247 option not been elected, actuarially adjusted to recognize any excessive benefits which would 248 have been paid to him or her up to the time of application.

249 17. Benefits paid pursuant to the provisions of the public school retirement system of 250 Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code 251 except as provided pursuant to this subsection. Notwithstanding any other law to the 252 contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 253 26 of the United States Code. Such plan shall be created solely for the purpose described in 254 Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may 255 promulgate regulations necessary to implement the provisions of this subsection and to create 256 and administer such benefit plan.

257 18. Notwithstanding any other provision of law to the contrary, any person retired 258 before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the 259 board as a special consultant on the matters of education, retirement and aging, and upon 260 request shall give written or oral opinions to the board in response to such requests. As 261 compensation for such duties the person shall receive an amount based on the person's years 262 of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at 263 least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In 264 determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of 265 this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be 266 267 received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this 268 subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was 269 applied to the person's retirement allowance due to election of an optional form of retirement 270 having a continued monthly payment after the person's death. Notwithstanding any other 271 provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no

272 beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to

- 273 169.141 based on the person's years of service less than the following amounts:

Beginning September 1, 287 1999, the designated beneficiary of the deceased member shall as compensation for such 288 service have added, pursuant to this subsection, to the monthly annuity as provided by this 289 section a dollar amount equal to the lesser of sixty dollars or the product of two dollars 290 multiplied by the member's number of years of creditable service. The total compensation 291 provided by this section including the compensation provided by this subsection shall be used 292 in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

293 20. Any member who has retired prior to July 1, 1998, and the designated beneficiary 294 of a deceased retired member shall be made, constituted, appointed and employed by the 295 board as a special consultant on the matters of education, retirement and aging, and upon 296 request shall give written or oral opinions to the board in response to such requests. As 297 compensation for such duties the person shall receive a payment equivalent to eight and 298 seven-tenths percent of the previous month's benefit, which shall be added to the member's or 299 beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which 300 301 may be received.

302 21. Any member who has retired shall be made, constituted, appointed and employed 303 by the board as a special consultant on the matters of education, retirement and aging, and 304 upon request shall give written or oral opinions to the board in response to such request. As 305 compensation for such duties, the beneficiary of the retired member, or, if there is no 306 beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in 307 equal shares, or estate of the retired member, in that order of precedence, shall receive as a 308 part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

316 23.
