Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 456.4-419, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 456.4-419, to read as follows:

456.4-419. 1. Unless the terms of the trust instrument expressly provide otherwise, a trustee, **other than a settlor**, who has discretionary power under the terms of a trust to make a distribution of income or principal, whether or not limited by an ascertainable standard, to or for the benefit of one or more beneficiaries of a trust, the first trust, may instead exercise such discretionary power by ~~appointing~~ **distributing** all or part of the income or principal subject to such discretionary power in favor of a trustee of a second trust, the second trust, created under either the same or different trust instrument in the event that the trustee of the first trust decides that the ~~appointment~~ **distribution** is necessary or desirable after taking into account the terms and purposes of the first trust, the terms and purposes of the second trust, and the consequences of the distribution. **A trustee may exercise the power described in this subsection by distributing property from the first trust to one or more second trusts or by modifying the trust instrument for the first trust, which, as modified, becomes one or more second trusts.**

2. **With respect to a second trust to which a distribution is made under subsection 1 of this section:**

(1) At least one permissible distributee of the first trust shall be a permissible distributee of the second trust immediately after the distribution;

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

17 **(2) If, at the time of the distribution, the settlor of the first trust is living and the**
18 **first trust is not a grantor trust under 26 U.S.C Sections 671 to 679, there shall not be any**
19 **permissible distributee of the second trust immediately after the distribution who is not a**
20 **permissible distributee of the first trust;**

21 **(3) If, at the time of the distribution, the settlor of the first trust is deceased or if,**
22 **at the time of the distribution, the first trust is a grantor trust under 26 U.S.C Sections 671**
23 **to 679 for reasons other than the trustee having the power granted by this section, any**
24 **beneficiary of the first trust may be included as a permissible distributee of the second**
25 **trust immediately after the distribution;**

26 **(4) The second trust shall not include any beneficiary who is not a beneficiary of**
27 **the first trust;**

28 **(5) The trust instrument for the second trust may retain, modify, or omit a power**
29 **of appointment granted in the first trust, and the trust instrument for the second trust may**
30 **create a power of appointment if the powerholder is a beneficiary of the second trust.**
31 **Except to the extent provided otherwise in subsection 4 of this section, a power of**
32 **appointment in the trust instrument for the second trust may be a general or nongeneral**
33 **power of appointment and the permissible appointees of the power need not be limited to**
34 **the beneficiaries of the first trust.**

35 **3. (1) As used in this subsection, the following terms mean:**

36 **(a) "Beneficiary with a disability", a beneficiary of a first trust who the**

40 **(b) "Governmental benefits", financial aid or services from a state, federal, or other**
41 **public agency;**

45 **under the terms of a trust to make a distribution of income or principal, regardless of**
46 **whether limited by an ascertainable standard, to or for the benefit of one or more**
47 **beneficiaries; or**

48 **b. If no trustee or fiduciary has discretion under subparagraph a. of this**
49 **paragraph, a trustee or other fiduciary, other than a settlor, who is required to distribute**
50 **part or all of the income or principal of the first trust to or for the benefit of one or more**
51 **beneficiaries;**

52 (d) "Special-needs trust", a trust the trustee believes would not be considered a
53 resource for purposes of determining whether a beneficiary with a disability is eligible for
54 governmental benefits.

55 (2) A special-needs fiduciary may exercise the authority granted by subsection 1 of
56 this section if:

57 (a) A second trust is a special-needs trust that benefits the beneficiary with a
58 disability; and

59 (b) The special-needs fiduciary determines that exercise of the authority under
60 subsection 1 of this section will further the purposes of the first trust.

61 (3) The following provisions apply to any exercise of the authority granted by this
62 subsection:

63 (a) Notwithstanding subdivision (4) of subsection 2 of this section, the terms of the
64 second trust may:

72 the aggregate shall grant each other beneficiary of the first trust beneficial interests in the
73 second trusts that are substantially similar to the beneficiary's beneficial interests in the
74 first trust, unless such other beneficiary's interest is modified in accordance with the
75 provisions of this section other than the provisions of this subsection.

76 (4) Subdivision (3) of subsection 4 of this section shall not apply to the interests of
77 the beneficiary with a disability.

124 standard and the trustee exercising such authority is a permissible distributee of the first
125 trust under such standard:

126 (a) The discretionary power under the trust instrument for the second trust to
127 distribute income or principal to such trustee as a permissible distributee shall be subject
128 to the same ascertainable standard as, or a more restrictive ascertainable standard than,
129 such standard in the trust instrument for the first trust; and

130 (b) The trust instrument for the second trust shall not:

131 a. Modify a power of appointment granted to such trustee in the first trust; or

132 b. Grant a power of appointment to such trustee that did not exist in the first trust;

133 (2) An exercise of the authority is subject to the following limitations:

134 (a) If the first trust contains property that qualified or would have qualified but for
135 provisions of this section other than this subdivision for a marital deduction for purposes
136 of the gift or estate tax under the Internal Revenue Code of 1986, as amended, the trust
137 instrument for the second trust shall not include or omit any term that, if included in or
138 omitted from the trust instrument for the second trust, would have prevented the transfer
139 from qualifying for the deduction, or would have reduced the amount of the deduction,
140 under the same provisions of the Internal Revenue Code of 1986, as amended, under which
141 the transfer qualified;

142 (b) If the first trust contains property that qualified or would have qualified but
143 for provisions of this section other than this subdivision for a charitable deduction for
144 purposes of the income, gift, or estate tax under the Internal Revenue Code of 1986, as
145 amended, the trust instrument for the second trust shall not include or omit any term that,
146 if included in or omitted from the trust instrument for the second trust, would have
147 prevented the transfer from qualifying for the deduction, or would have reduced the
148 amount of the deduction, under the same provisions of the Internal Revenue Code of 1986,
149 as amended, under which the transfer qualified;

150 (c) If the first trust contains property that qualified or would have qualified but for
151 provisions of this section other than this subdivision for the exclusion from the gift tax
152 described in Section 2503(b) of the Internal Revenue Code of 1986, as amended, the trust
153 instrument for the second trust shall not include or omit a term that, if included in or
154 omitted from the trust instrument for the second trust, would have prevented the transfer
155 from qualifying under Section 2503(b) of the Internal Revenue Code of 1986, as amended.
156 If the first trust contains property that qualified or would have qualified but for provisions
157 of this section other than this subdivision for the exclusion from the gift tax described in
158 2503(b) of the Internal Revenue Code of 1986, as amended, by application of Section
159 2503(c) of the Internal Revenue Code of 1986, as amended, the trust instrument for the

160 second trust shall not include or omit a term that, if included or omitted from the trust
161 instrument for the second trust, would have prevented the transfer from meeting the
162 requirements of Section 2503(c) of the Internal Revenue Code of 1986, as amended;

163 (d) If the property of the first trust includes shares of stock in an S corporation, as
164 defined in Section 1361 of the Internal Revenue Code of 1986, as amended, and the first
165 trust is or but for provisions of this section other than this subdivision would be a
166 permitted shareholder under any provision of Section 1361 of the Internal Revenue Code
167 of 1986, as amended, the trustee of the first trust may exercise such authority with respect
168 to part or all of the S corporation stock only if the second trust receiving the stock is a
169 permitted shareholder under Section 1361(c)(2) of the Internal Revenue Code of 1986, as
170 amended. If the property of the first trust includes shares of stock in an S corporation and
171 the first trust is or but for provisions of this section other than this subdivision would be
172 a qualified subchapter S trust within the meaning of Section 1361(d) of the Internal
173 Revenue Code of 1986, as amended, the trust instrument for the second trust shall not
174 include or omit a term that prevents the second trust from qualifying as a qualified
175 subchapter S trust; and

176 (e) If the first trust contains property that qualified or would have qualified but for
177 provisions of this section other than this subdivision for a zero inclusion ratio for purpose
178 of the generation-skipping transfer tax under Section 2642(c) of the Internal Revenue Code
179 of 1986, as amended, the trust instrument for the second trust shall not include or omit a
180 term that, if included in or omitted from the first trust, would have prevented the transfer
181 to the first trust from qualifying for a zero inclusion ratio under Section 2642(c) of the
182 Internal Revenue Code of 1986, as amended;

183 (3) The exercise of authority shall not apply to trust property subject to a presently
184 exercisable power of withdrawal held by a trust beneficiary to whom, or for the benefit of
185 whom, the trustee has authority to make distributions, unless after the exercise of such
186 authority, such beneficiary's power of withdrawal is unchanged with respect to the trust
187 property; and

188 (4) A spendthrift clause or a provision in the trust instrument that prohibits
189 amendment or revocation of the trust shall not preclude the trustee from exercising the
190 authority granted by subsection 1 of this section.

191 [3-] 5. At least sixty days prior to making a discretionary distribution under subsection
192 1 of this section, the trustee of the first trust shall notify **the permissible distributees of the first**
193 **trust and** the permissible distributees of the second trust, or the qualified beneficiaries of the
194 second trust if there are no permissible distributees of the second trust, of the distribution. A

195 beneficiary may waive the right to the notice required by this subsection and, with respect to
196 future distributions, may withdraw a waiver previously given.

197 ~~[4-]~~ **6.** In exercising the authority granted by subsection 1 of this section, the trustee shall
198 remain subject to all fiduciary duties otherwise imposed under the trust instrument and Missouri
199 law.

200 ~~[5-]~~ **7.** This section does not impose on a trustee a duty to exercise the authority granted
201 by subsection 1 of this section in favor of another trust or to consider exercising such authority
202 in favor of another trust.

203 **8. A second trust may have a duration that is the same as or different from the**
204 **duration of the first trust. However, to the extent that property of the second trust is**
205 **attributable to property of the first trust, the property of the second trust is subject to any**
206 **rules governing maximum perpetuity, accumulation, or suspension of the power of**
207 **alienation that apply to property of the first trust. This subsection shall not preclude the**
208 **creation of a general power of appointment in the trust instrument for a second trust as**
209 **authorized by this section.**

210 **9. In the event the trust instrument for the second trust in part does not comply**
211 **with this section but would otherwise be effective under this section, the exercise of the**
212 **power is effective and the following rules apply with respect to the principal of the second**
213 **trust attributable to the exercise of the power:**

214 **(1) A provision in the trust instrument for the second trust that is not permitted**
215 **under this section is void to the extent necessary to comply with this section; and**

216 **(2) A provision required by this section to be in the trust instrument for the second**
217 **trust which is not contained in the trust instrument is deemed to be included in the trust**
218 **instrument to the extent necessary to comply with this section.**

219 ~~[6-]~~ **10.** This section is intended to codify and, from and after enactment, to provide
220 certain limitations to the common law of this state, and this section applies to any trust governed
221 by the laws of this state, including a trust whose principal place of administration is transferred
222 to this state before or after the enactment of this section.
