SECOND REGULAR SESSION

House Concurrent Resolution No. 88

98TH GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE WALTON GRAY.

D. ADAM CRUMBLISS, Chief Clerk

	WHEREAS, every year in the United States over 392,000 people die from tobacco-
2	caused disease, making it the leading cause of preventable death. Another 50,000 people die
3	from exposure to secondhand smoke; and
4	
5	WHEREAS, according to the Centers for Disease Control and Prevention (CDC),
6	tobacco smoke contains a deadly mix of more than 7,000 chemicals, hundreds are toxic, and
7	about 70 can cause cancer. Tobacco smoking increases the risk for serious health problems,
8	numerous diseases, and death; and
9	
10	WHEREAS, despite these increased risks, about 42 million Americans still smoke
11	cigarettes, 13.4 million Americans smoke cigars, and 2.3 million Americans smoke tobacco in
12	pipes; and
13	
14	WHEREAS, since the first Surgeon General's report in 1964, tobacco has killed more
15	than 20 million people prematurely. Most were adults with a history of smoking, but nearly 2.5
16	million were nonsmokers who died from heart disease or lung cancer caused by exposure to
17	secondhand smoke. Another 100,000 were babies who died of sudden infant death syndrome
18	(SIDS) or complications of prematurity, low birth weight, or other conditions caused by parental
19	smoking; and
20	
21	WHEREAS, more than 10 times as many United States citizens have died prematurely
22	from cigarette smoking than have died in all the wars fought by the United States during its

2425

23

history; and

6171H.01I

WHEREAS, recent surveys monitoring trends in tobacco use indicate that more people are using multiple tobacco products, particularly youth and young adults. The percentage of

58 59

United States middle and high school students who use electronic, or e-cigarettes, more than 28 doubled between 2011 and 2012; and 29 30 WHEREAS, in response to the tobacco industry's continuing introduction and marketing 31 of new products that establish and maintain nicotine addiction, monitoring patterns of use of an 32 increasingly wide array of tobacco products across all of the diverse segments of our society is 33 necessary; and 34 35 WHEREAS, in 2012, the CDC launched the first-ever paid national tobacco education campaign - Tips From Former Smokers - to raise awareness of the harms to health caused by 36 37 smoking, encourage smokers to quit, and encourage nonsmokers to protect themselves and their 38 families from exposure to secondhand smoke; and 39 40 WHEREAS, as a result of the CDC campaign, an estimated 1.6 million smokers made 41 an attempt to quit and at least 100,000 smokers quit for good. Additionally, millions of nonsmokers talked with friends and family about the dangers of smoking and referred smokers 42 43 to smoking cessation services; and 44 45 WHEREAS, while the smoking rate in the United States has been cut by more than one-46 half (from 42.7% in 1965 to 18% in 2012), in order to continue to reduce the smoking rate, a 47 comprehensive and sustained effort must be made to counteract industry marketing through 48 awareness and education programs; and 49 50 WHEREAS, in order to eradicate the use of cigarettes and other forms of combustible 51 tobacco products, our state and nation must firmly commit to the goal of creating a society free 52 of tobacco-related death and disease by engaging all sectors of society to an equally single-53 minded focus: 54 55 NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate 56 57 concurring therein, hereby designate Wednesday, July 13, 2016, as the "Great Missouri Smokeout Day" in Missouri; and

HCR 88 3

- 60 **BE IT FURTHER RESOLVED** that the General Assembly encourages and
- 61 recommends that people of the State of Missouri observe the Great Missouri Smokeout Day
- 62 through activities, which will increase awareness of the dangers of smoking and secondhand
- 63 smoke, and the benefits of living a tobacco-free lifestyle.
