21.795. 1. There is established a permanent joint committee of the general assembly to be known as the "Joint Committee on Transportation Oversight" to be composed of seven members of the standing transportation committees of both the senate and the house of representatives and three nonvoting ex officio members. Of the fourteen members to be appointed to the joint committee, the seven senate members of the joint committee shall be appointed by the president pro tem of the senate and minority leader of the senate and the seven house members shall be appointed by the speaker of the house of representatives and the 7 minority floor leader of the house of representatives. The seven senate members shall be composed, as nearly as may be, of majority and minority party members in the same proportion as the number of majority and minority party members in the senate bears to the total 11 membership of the senate. No major party shall be represented by more than four members from the house of representatives. The ex officio members shall be the state auditor, the director of 12 the oversight division of the committee on legislative research, and the commissioner of the office of administration or the designee of such auditor, director or commissioner. The joint 15 committee shall be chaired jointly by both chairs of the senate and house transportation 16 committees. A majority of the committee shall constitute a quorum, but the concurrence of a 17 majority of the members, other than the ex officio members, shall be required for the 18 determination of any matter within the committee's duties.

- 2. The department of transportation shall submit a written report prior to December thirty-first of each year to the governor and the lieutenant governor. The report shall be posted to the department's internet website so that general assembly members may elect to access a copy of the report electronically. The written report shall contain the following:
- (1) A comprehensive financial report of all funds for the preceding state fiscal year which shall include a report by independent certified public accountants, selected by the commissioner of the office of administration, attesting that the financial statements present fairly the financial position of the department in conformity with generally accepted government accounting principles [. This report shall include amounts of:
- (a) State revenues by sources, including all new state revenue derived from highway users which results from action of the general assembly or voter-approved measures taken after August 28, 2003, and projects funded in whole or in part from such new state revenue, and amounts of federal revenues by source;
- 32 (b) Any other revenues available to the department by source;
- (c) Funds appropriated, the amount the department has budgeted and expended for the following: contracts, right-of-way purchases, preliminary and construction engineering, maintenance operations and administration;

- (d) Total state and federal revenue compared to the revenue estimate in the fifteen-year highway plan as adopted in 1992. All expenditures made by, or on behalf of, the department for personal services including fringe benefits, all categories of expense and equipment, real estate and capital improvements shall be assigned to the categories listed in this subdivision in conformity with generally accepted government accounting principles;

  (2) A detailed explanation of the methods or criteria employed to select construction projects, including a listing of any new or reprioritized projects not mentioned in a previous
  - (2) A detailed explanation of the methods or criteria employed to select construction projects, including a listing of any new or reprioritized projects not mentioned in a previous report, and an explanation as to how the new or reprioritized projects meet the selection methods or criteria;
  - (3) The proposed allocation and expenditure of moneys and the proposed work plan for the current fiscal year, at least the next four years, and for any period of time expressed in any public transportation plan approved by either the general assembly or by the voters of Missouri. This proposed allocation and expenditure of moneys shall include the amounts of proposed allocation and expenditure of moneys in each of the categories listed in subdivision (1) of this subsection;
  - (4) The amounts which were planned, estimated and expended for projects in the state highway and bridge construction program or any other projects relating to other modes of transportation in the preceding state fiscal year and amounts which have been planned, estimated or expended by project for construction work in progress;
  - (5) The current status as to completion, by project, of the fifteen-year road and bridge program adopted in 1992. The first written report submitted pursuant to this section shall include the original cost estimate, updated estimate and final completed cost by project. Each written report submitted thereafter shall include the cost estimate at the time the project was placed on the most recent five-year highway and bridge construction plan and the final completed cost by project;
  - (6) The reasons for cost increases or decreases exceeding five million dollars or ten percent relative to cost estimates and final completed costs for projects in the state highway and bridge construction program or any other projects relating to other modes of transportation completed in the preceding state fiscal year. Cost increases or decreases shall be determined by comparing the cost estimate at the time the project was placed on the most recent five-year highway and bridge construction plan and the final completed cost by project. The reasons shall include the amounts resulting from inflation, department-wide design changes, changes in project scope, federal mandates, or other factors;
  - (7) Specific recommendations for any statutory or regulatory changes necessary for the efficient and effective operation of the department;

- 71 (8) An accounting of the total amount of state, federal and earmarked federal highway 72 funds expended in each district of the department of transportation; and
- 73 (9) Any further information specifically requested by the joint committee on transportation oversight.];
  - (2) A copy of the department's most current and annual publication titled "Citizen's Guide to Transportation Funding in Missouri";
  - (3) A copy of the department's most current and annual publication titled "Financial Snapshot An appendix to the Citizen's Guide to Transportation Funding in Missouri";
  - (4) A copy of the department's most current and annual publication titled "MoDOT Results: Accountability. Innovation. Efficiency.".
  - 3. Prior to February fifteenth of each year, the committee shall hold an annual meeting and call before its members, officials or employees of the state highways and transportation commission or department of transportation, as determined by the committee, for the sole purpose of receiving and examining the report required pursuant to subsection 2 of this section. The committee shall not have the power to modify projects or priorities of the state highways and transportation commission or department of transportation. The committee may make recommendations to the state highways and transportation commission or the department of transportation. Disposition of those recommendations shall be reported by the commission or the department to the joint committee on transportation oversight.
  - 4. In addition to the annual meeting required by subsection 3 of this section, the committee shall meet two times each year. The co-chairs of the committee shall establish an agenda for each meeting that may include, but not be limited to, the following items to be discussed with the committee members throughout the year during the scheduled meeting:
    - (1) Presentation of a prioritized plan for all modes of transportation;
  - (2) Discussion of department efficiencies and expenditure of cost-savings within the department;
  - (3) Presentation of a status report on department of transportation revenues and expenditures, including a detailed summary of projects funded by new state revenue as provided in paragraph (a) of subdivision (1) of subsection 2 of this section; and
  - (4) Implementation of any actions as may be deemed necessary by the committee as authorized by law. The co-chairs of the committee may call special meetings of the committee with ten days' notice to the members of the committee, the director of the department of transportation, and the department of transportation.
- 5. The committee shall also review all applications for the development of specialty plates submitted to it by the department of revenue. The committee shall approve such

application by a majority vote. The committee shall approve any application unless the committee receives:

- 109 (1) A signed petition from five house members or two senators that they are opposed to the approval of the proposed license plate and the reason for such opposition;
- 111 (2) Notification that the organization seeking authorization to establish a new specialty 112 license plate has not met all the requirements of section 301.3150;
  - (3) A proposed new specialty license plate containing objectionable language or design;
- 114 (4) A proposed license plate not meeting the requirements of any reason promulgated 115 by rule.

- The committee shall notify the director of the department of revenue upon approval or denial of an application for the development of a specialty plate.
- 6. The committee shall submit records of its meetings to the secretary of the senate and the chief clerk of the house of representatives in accordance with sections 610.020 and 610.023.
  - 68.075. 1. This section shall be known and may be cited as the "Advanced Industrial 2 Manufacturing Zones Act".
  - 2. As used in this section, the following terms shall mean:
  - 4 (1) "AIM zone", an area identified through a resolution passed by the port authority board of commissioners appointed under section 68.045 that is being developed or redeveloped for any purpose so long as any infrastructure and building built or improved is in the development area. The port authority board of commissioners shall file an annual report indicating the established AIM zones with the department of revenue;
  - 9 (2) "County average wage", the average wage in each county as determined by the 10 Missouri department of economic development for the most recently completed full calendar 11 year. However, if the computed county average wage is above the statewide average wage, the 12 statewide average wage shall be deemed the county average wage for such county for the purpose 13 of determining eligibility;
    - (3) "New job", the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the notice of intent shall be deemed a new job. An employee that spends less than fifty percent of the employee's work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility's payroll, one hundred percent of the employee's income from such employment in Missessia in paid at an above the country average and the country average ways.
- 21 is Missouri income, and the employee is paid at or above the county average wage;

- (4) "Related facility", a facility operated by a company or a related company prior to the establishment of the AIM zone in question located within any port district, as defined under section 68.015, which is directly related to the operations of the facility within the new AIM zone.
- 3. Any port authority located in this state may establish an AIM zone. Such zone may only include the area within the port authority's jurisdiction, ownership, or control, and may include any such area. The port authority shall determine the boundaries for each AIM zone, and more than one AIM zone may exist within the port authority's jurisdiction or under the port authority's ownership or control, and may be expanded or contracted by resolution of the port authority board of commissioners.
- 4. Fifty percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within such zone after development or redevelopment has commenced shall not be remitted to the general revenue fund of the state of Missouri. Such moneys shall be deposited into the port authority AIM zone fund established under subsection 5 of this section for the purpose of continuing to expand, develop, and redevelop AIM zones identified by the port authority board of commissioners and may be used for managerial, engineering, legal, research, promotion, planning, satisfaction of bonds issued under section 68.040, and any other expenses.
- 5. There is hereby created in the state treasury the "Port Authority AIM Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the port authorities from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section which shall not exceed ten percent of the total amount collected within the zones of a port authority. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.
- 6. The port authority shall approve any projects that begin construction and disperse any money collected under this section. The port authority shall submit an annual budget for the funds to the department of economic development explaining how and when such money will be spent.
- 7. The provision of section 23.253 notwithstanding, no AIM zone may be established after August 28, 2023. Any AIM zone created prior to that date shall continue to exist and be coterminous with the retirement of all debts incurred under subsection 4 of this section. No debts may be incurred or reauthorized using AIM zone revenue after August 28, 2023.

71.012. 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town or village pursuant to this section. The term "contiguous and compact" does not include a situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. The term "contiguous and compact" shall include a situation whereby the unincorporated area proposed to be annexed would be contiguous and compact to the existing corporate limits of the city, town, or village but for an intervening roadway or railroad right-of-way, regardless of whether any other city, town, or village has annexed such roadway or railroad right-of-way or otherwise has an easement in such roadway or The term contiguous and compact does not prohibit voluntary railroad right-of-way. annexations pursuant to this section merely because such voluntary annexation would create an island of unincorporated area within the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and the Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village or the governing body in any city, town or village in any county of the third classification without a township form of government with a population of at least twenty-four thousand inhabitants but not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within two miles from the existing boundaries of the city, town or village.

2. (1) When a notarized petition, requesting annexation and signed by the owners of all fee interests of record in all tracts of real property located within the area proposed to be annexed, or a request for annexation signed under the authority of the governing body of any common interest community and approved by a majority vote of unit owners located within the area proposed to be annexed is presented to the governing body of the city, town or village, the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in a newspaper of general circulation qualified to

- publish legal matters and located within the boundary of the petitioned city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall be published in the qualified newspaper nearest the petitioned city, town or village. For the purposes of this subdivision, the term "common-interest community" shall mean a condominium as said term is used in chapter 448, or a common-interest community, a cooperative, or a planned community.
  - (a) A "common-interest community" shall be defined as real property with respect to which a person, by virtue of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or improvement of other real property described in a declaration. "Ownership of a unit" does not include a leasehold interest of less than twenty years in a unit, including renewal options;
  - (b) A "cooperative" shall be defined as a common-interest community in which the real property is owned by an association, each of whose members is entitled by virtue of such member's ownership interest in the association to exclusive possession of a unit;
  - (c) A "planned community" shall be defined as a common-interest community that is not a condominium or a cooperative. A condominium or cooperative may be part of a planned community.
  - (2) At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed annexation. If, after holding the hearing, the governing body of the city, town or village determines that the annexation is reasonable and necessary to the proper development of the city, town or village, and the city, town or village has the ability to furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions of subdivision (3) of this subsection, annex the territory by ordinance without further action.
  - (3) If a written objection to the proposed annexation is filed with the governing body of the city, town or village not later than fourteen days after the public hearing by at least five percent of the qualified voters of the city, town or village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions of sections 71.015 and 71.860 to 71.920, shall be followed.
  - 3. If no objection is filed, the city, town or village shall extend its limits by ordinance to include such territory, specifying with accuracy the new boundary lines to which the city's, town's or village's limits are extended. Upon duly enacting such annexation ordinance, the city, town or village shall cause three certified copies of the same to be filed with the county assessor and the clerk of the county wherein the city, town or village is located, and one certified copy to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being annexed, whereupon the annexation shall be complete and final

and thereafter all courts of this state shall take judicial notice of the limits of that city, town or village as so extended.

- 4. That a petition requesting annexation is not or was not verified or notarized shall not affect the validity of an annexation heretofore or hereafter undertaken in accordance with this section.
- 5. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of adoption of the annexation ordinance.
- 71.015. 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:
- (1) Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of land, such city, town, or village shall first as a condition precedent determine that:
- (a) The land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation; or
- (b) The land to be annexed would be contiguous and compact to the existing city, town, or village limits but for an intervening roadway or railroad right-of-way, and the shared border of the land to be annexed and existing city, town, or village composes at least fifteen percent of the total perimeter of the land to be annexed. For purposes of calculating the length of such border under this paragraph, the border between the land to be annexed and the existing city, town, or village shall be deemed to be:
  - a. If an intervening roadway, the centerline; or
- b. If a railroad right-of-way, the midpoint between the outermost rails if there are rails or the best estimate of the middle of the right-of-way if there are no rails.
- 20 (2) The governing body of any city, town, or village shall propose an ordinance setting 21 forth the following:
- 22 (a) The area to be annexed and affirmatively stating that the boundaries comply with the 23 condition precedent referred to in subdivision (1) above;
- 24 (b) That such annexation is reasonable and necessary to the proper development of the 25 city, town, or village;
- 26 (c) That the city has developed a plan of intent to provide services to the area proposed for annexation;

- 28 (d) That a public hearing shall be held prior to the adoption of the ordinance;
- 29 (e) When the annexation is proposed to be effective, the effective date being up to thirty-30 six months from the date of any election held in conjunction thereto.
  - (3) The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.
  - (4) At the hearing referred to in subdivision (3), the city, town, or village shall present the plan of intent and evidence in support thereof to include:
  - (a) A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, and refuse collection;
  - (b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;
  - (c) The level at which the city, town, or village assesses property and the rate at which it taxes that property;
    - (d) How the city, town, or village proposes to zone the area to be annexed;
    - (e) When the proposed annexation shall become effective.
  - (5) Following the hearing, and either before or after the election held in subdivision (6) of this subsection, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, the governing body of the city, town or village shall file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:
  - (a) The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;
  - (b) That such annexation is reasonable and necessary to the proper development of the city, town, or village; and
- 60 (c) The ability of the city, town, or village to furnish normal municipal services of the 61 city, town, or village to the unincorporated area within a reasonable time not to exceed three 62 years after the annexation is to become effective. Such action shall be a class action against the 63 inhabitants of such unincorporated area under the provisions of section 507.070.

- (6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall if authorized be held, except as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.
- (7) Failure to comply in providing services to the said area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.
- (8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding.
- (9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.
- 2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not

provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such 102 water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

- 3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. If the court authorizes any city, town, or village subject to this subsection to make an annexation, the legislative body of such city, town or village shall not have the power to extend the limits of such city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in such city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed; except that:
- (1) In the case of a proposed annexation in any area which is contiguous to the existing city, town or village and which is within an area designated as flood plain by the Federal Emergency Management Agency and which is inhabited by no more than thirty registered voters and for which a final declaratory judgment has been granted prior to January 1, 1993, approving such annexation and where notarized affidavits expressing approval of the proposed annexation are obtained from a majority of the registered voters residing in the area to be annexed, the area may be annexed by an ordinance duly enacted by the governing body and no elections shall be required; and
- (2) In the case of a proposed annexation of unincorporated territory in which no qualified electors reside, if at least a majority of the qualified electors voting on the proposition are in favor of the annexation, the city, town or village may proceed to annex the territory and no subsequent election shall be required.

4. Except for a cause of action for deannexation under subdivision (2) of subsection 3 of this section, any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of the adoption of the annexation ordinance.

105.1073. Motor vehicle, aircraft, or marine liability insurance acquired pursuant to sections 105.1070 to 105.1079 shall provide coverage for state employees, members of the Missouri National Guard, or agents while operating state-controlled motor vehicles, aircraft, or marine vessels on state business in the course of their employment, military duties, or within the scope of their agency, subject to the following minimum amounts exclusive of interest and costs:

- (1) Not less than twenty-five thousand dollars because of bodily injury to, or the death of, one person in any one accident;
- (2) Subject to the limit in subdivision (1), not less than fifty thousand dollars because of bodily injury to, or death of, two or more persons in any one accident; and
- 10 (3) Not less than [ten] twenty-five thousand dollars because of injury to, or destruction of, property of others in any one accident.
- 108.120. 1. The county commissions of the counties of this state are hereby authorized to issue bonds for and on behalf of their respective counties for the construction, reconstruction, improvement, maintenance and repair of any and all public roads, highways, bridges [and], culverts, streets, avenues, or alleys within such county, including the payment of any cost, judgment and expense for property, or rights in property, acquired by purchase or eminent domain, as may be provided by law, in such amount and such manner as may be provided by the general law authorizing the issuance of bonds by counties.
  - 2. The proceeds of all bonds issued under the provisions of this section shall be paid into the county treasury where they shall be kept as a separate fund to be known as "The Road Bond Construction Fund" and such proceeds shall be used only for the purpose mentioned herein. [Such funds may be used in the construction, reconstruction, improvement, maintenance and repair of any street, avenue, road or alley in any incorporated city, town or village if such street,

avenue, road or alley or any part thereof shall form a part of a continuous road, highway, bridge or culvert of said county leading into or through such city, town or village.] The county may contract with any other political subdivision to share the proceeds of such bonds to be used for the purposes authorized.

137.555. In addition to other levies authorized by law, the county commission in counties not adopting an alternative form of government and the proper administrative body in 3 counties adopting an alternative form of government, in their discretion may levy an additional tax, not exceeding thirty-five cents on each one hundred dollars assessed valuation, all of such tax to be collected and turned into the county treasury, where it shall be known and designated as "The Special Road and Bridge Fund" to be used for road and bridge purposes and for no other purpose whatever; except that the term "road and bridge purposes" may include certain storm water control projects off rights of way that are directly related to the construction of roads and 8 bridges, in any county of the first classification without a charter form of government with a 10 population of at least ninety thousand inhabitants but not more than one hundred thousand inhabitants, in any county of the first classification without a charter form of government with 11 12 a population of at least two hundred thousand inhabitants, in any county of the first classification without a charter form of government and bordered by one county of the first classification and 13 14 one county of the second classification or in any county of the first classification with a charter 15 form of government and containing part of a city with a population of three hundred thousand 16 or more inhabitants; provided, however, that all that part or portion of such tax which shall arise from and be collected and paid upon any property lying and being within any special road district 17 shall be paid into the county treasury and four-fifths of such part or portion of such tax so arising 18 19 from and collected and paid upon any property lying and being within any such special road district shall be placed to the credit of such special road district from which it arose and shall be 20 21 paid out to such special road district upon warrants of the county commission, in favor of the commissioners or treasurer of the district as the case may be; provided further, that the part of 23 such special road and bridge tax arising from and paid upon property not situated in any special road district and the one-fifth part retained in the county treasury may, in the discretion of the 24 25 county commission and pursuant to a written contract, be shared with any other political 26 subdivision to be used [in] for road and bridge purposes within the county, including but 27 not limited to constructing, improving or repairing [any street in any incorporated city or 28 village in the county, if such street shall form a part of a continuous highway of such county leading through such city or village streets, avenues, or alleys of such political subdivision. 29

162.064. **1.** Each school district shall have on file a statement from a medical examiner which indicates that the driver is physically qualified to operate a school bus for the purpose of transporting pupils. Such statement shall be made on an annual basis, **unless a statement is** 

- 4 issued by a department of transportation certified medical examiner, in which case such
  5 examiner may issue a statement for up to a two-year duration, subject to rules promulgated
  6 by the department of transportation. The term "medical examiner" includes, but is not limited
  7 to, doctors of medicine, doctors of osteopathy, physician assistants, advanced practice nurses,
  8 and doctors of chiropractic. For new drivers, such statement shall be on file prior to the driver's
  9 initial operation of a school bus. This section shall apply to drivers employed by the school
  10 district or under contract with the school district.
  - 2. The director of the department of transportation may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.
- 226.228. 1. There is hereby created in the state treasury the "Emergency Bridge Repair and Replacement Fund", which shall consist of moneys appropriated from general revenue to the department of transportation or received from other eligible funds. The moneys in the fund shall only be used for accelerated replacements of, or to make immediate repairs to, bridges constructed or maintained at the cost of the state that are located on state or interstate highways and are in critical disrepair. Upon appropriation, the director of the department of transportation shall administer the fund. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund, and, upon appropriation, moneys in the fund shall be used solely for the administration of this section.
  - 2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.
- 3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.
  - 226.770. The state highways and transportation commission is authorized to enter into any necessary agreements[, not involving any state funds,] with the Secretary of Commerce or

other public agency necessary to obtaining of available funds for the purposes described in Title 23, Sections 136 and 319, of the United States Code, as revised in 1965.

226.780. For the purposes set out in [sections 226.750 to] section 226.790, no state funds shall be expended and all expenditures under such sections shall be limited to funds granted to the state by the federal government for such purposes.

227.240. 1. The location and removal of all telephone, cable television, and electric light and power transmission lines, poles, wires, and conduits and all pipelines and tramways, erected or constructed, or hereafter to be erected or constructed by any corporation, municipality, public water supply district, sewer district, association or persons, within the right-of-way of any state highway, insofar as the public travel and traffic is concerned, and insofar as the same may interfere with the construction or maintenance of any such highway, shall be under the control and supervision of the state highways and transportation commission.

- 2. A cable television corporation or company shall be permitted to place its lines within the right-of-way of any state highway, consistent with the rules and regulations of the state highways and transportation commission. The state highways and transportation commission shall establish a system for receiving and resolving complaints with respect to cable television lines placed in, or removed from, the right-of-way of a state highway.
- 3. The department of transportation may establish a utility corridor for the placement of utility facilities on the right-of-way of highways in the state highway system. Such utility corridor shall be up to twelve feet in width and placed within the existing right-of-way when space is reasonably available, with the location of the utility corridor to be determined by the state highways and transportation commission. The commission shall promulgate rules setting forth a standardized statewide system for requesting and issuing variances to requirements set forth in this section.
- 4. The commission or some officer selected by the commission shall serve a written notice upon the entity, person or corporation owning or maintaining any such lines, poles, wires, conduits, pipelines, or tramways, which notice shall contain a plan or chart indicating the places on the right-of-way at which such lines, poles, wires, conduits, pipelines or tramways may be maintained. The notice shall also state the time when the work of hard surfacing said roads is proposed to commence, and shall further state that a hearing shall be had upon the proposed plan of location and matters incidental thereto, giving the place and date of such hearing. Immediately after such hearing the said owner shall be given a notice of the findings and orders of the commission and shall be given a reasonable time thereafter to comply therewith; provided, however, that the effect of any change ordered by the commission shall not be to remove all or any part of such lines, poles, wires, conduits, pipelines or tramways from the right-of-way of the highway. The removal of the same shall be made at the cost and expense of the owners thereof

unless otherwise provided by said commission, and in the event of the failure of such owners to 33 remove the same at the time so determined they may be removed by the state highways and 34 transportation commission, or under its direction, and the cost thereof collected from such 35 owners, and such owners shall not be liable in any way to any person for the placing and

maintaining of such lines, poles, wires, conduits, pipelines and tramways at the places prescribed 36

  - 3. Before proceeding to control brush as provided in this section, the county commission of the county in which the land is located shall notify the owner of the land of the requirements of this law [by certified mail, return receipt requested, from a list] in writing using any mail service with delivery tracking and an address supplied by the officer who prepares the tax list[-] and shall allow the owner of the land thirty days from [acknowledgment date of return receipt, or the date of [refusal of acceptance of] delivery [as the case may be,] to eradicate all such brush growing on land designated as the county right-of-way or county maintenance easement part of such owner's land and which is adjacent to the county road. In the event that the property owner cannot be located by [eertified] mail, notice shall be placed in a newspaper of general circulation in the county in which the land is located at least thirty days before the county commission removes the brush pursuant to subsection 2 of this section. Such property owner shall be granted an automatic thirty-day extension due to hardship by notifying the county commission that such owner cannot comply with the requirements of this section, due to hardship, within the first thirty-day period. The property owner may be granted a second extension by a majority vote of the county commission. There shall be no further extensions. For the purposes of this subsection, "hardship" may be financial, physical or any other condition that the county commission deems to be a valid reason to allow an extension of time to comply with the requirements of this section.
  - 4. County commissions shall not withhold rock, which is provided from funds from the county aid road trust fund, for maintaining county roads due to the abutting property owner's refusal to remove brush located on land designated as the county right-of-way or county maintenance easement part of such owner's land. County commissions shall use such rock on the county roads, even though the brush is not removed, or county commissions may resort to the procedures in this section to remove the brush.
  - 5. The county right-of-way or county maintenance easement shall extend fifteen feet from the center of the county road or the distance set forth in the original conveyance, whichever is greater. For purposes of this subsection, the "center of the county road" shall be the point equidistant from both edges of the drivable ground of the road in its current condition.
  - 6. In the event a county is required to obtain a land survey to enforce this section, the costs of such survey shall be divided equally between the county and the landowner.

292.606. 1. Fees shall be collected for a period of six years from August 28, [2012] **2018**.

- 3 2. (1) Any employer required to report under subsection 1 of section 292.605, except local governments and family-owned farm operations, shall submit an annual fee to the commission of one hundred dollars along with the Tier II form. Owners or operators of petroleum retail facilities shall pay a fee of no more than fifty dollars for each such facility. Any 7 person, firm or corporation selling, delivering or transporting petroleum or petroleum products and whose primary business deals with petroleum products or who is covered by the provisions of chapter 323, if such person, firm or corporation is paying fees under the provisions of the federal hazardous materials transportation registration and fee assessment program, shall deduct such federal fees from those fees owed to the state under the provisions of this subsection. If the 11 12 federal fees exceed or are equal to what would otherwise be owed under this subsection, such 13 employer shall not be liable for state fees under this subsection. In relation to petroleum 14 products "primary business" shall mean that the person, firm or corporation shall earn more than fifty percent of hazardous chemical revenues from the sale, delivery or transport of petroleum 15 products. For the purpose of calculating fees, all grades of gasoline are considered to be one 16 product, all grades of heating oils, diesel fuels, kerosenes, naphthas, aviation turbine fuel, and 17 all other heavy distillate products except for grades of gasoline are considered to be one product, 18 19 and all varieties of motor lubricating oil are considered to be one product. For the purposes of 20 this section "facility" shall mean all buildings, equipment, structures and other stationary items 21 that are located on a single site or on contiguous or adjacent sites and which are owned or 22 operated by the same person. If more than three hazardous substances or mixtures are reported 23 on the Tier II form, the employer shall submit an additional twenty dollar fee for each hazardous 24 substance or mixture. Fees collected under this subdivision shall be for each hazardous chemical 25 on hand at any one time in excess of ten thousand pounds or for extremely hazardous substances on hand at any one time in excess of five hundred pounds or the threshold planning quantity, 26 27 whichever is less, or for explosives or blasting agents on hand at any one time in excess of one 28 hundred pounds. However, no employer shall pay more than ten thousand dollars per year in 29 fees. Moneys acquired through litigation and any administrative fees paid pursuant to subsection 30 3 of this section shall not be applied toward this cap.
  - (2) Employers engaged in transporting hazardous materials by pipeline except local gas distribution companies regulated by the Missouri public service commission shall pay to the commission a fee of two hundred fifty dollars for each county in which they operate.
  - (3) Payment of fees is due each year by March first. A late fee of ten percent of the total owed, plus one percent per month of the total, may be assessed by the commission.

- (4) If, on March first of each year, fees collected under this section and natural resources damages made available pursuant to section 640.235 exceed one million dollars, any excess over one million dollars shall be proportionately credited to fees payable in the succeeding year by each employer who was required to pay a fee and who did pay a fee in the year in which the excess occurred. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.
- 3. Beginning January 1, 2013, any employer filing its Tier II form pursuant to subsection 1 of section 292.605 may request that the commission distribute that employer's Tier II report to the local emergency planning committees and fire departments listed in its Tier II report. Any employer opting to have the commission distribute its Tier II report shall pay an additional fee of ten dollars for each facility listed in the report at the time of filing to recoup the commission's distribution costs. Fees shall be deposited in the chemical emergency preparedness fund established under section 292.607. An employer who pays the additional fee and whose Tier II report includes all local emergency planning committees and fire departments required to be notified under subsection 1 of section 292.605 shall satisfy the reporting requirements of subsection 1 of section 292.605. The commission shall develop a mechanism for an employer to exercise its option to have the commission distribute its Tier II report.
- 4. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under this section, section 260.394, sections 292.602, 292.604, 292.605, 292.615 and section 640.235 shall provide to the commission an annual report of expenditures and activities.
- 5. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical preparedness activities. Local emergency planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.
- 6. The commission shall establish criteria and guidance on how funds received by local 70 emergency planning committees may be used.

- 300.295. 1. Whenever any person driving a vehicle approaches a railroad grade crossing, along a public highway or otherwise, [under any of the circumstances stated in this section,] the driver of such vehicle shall reduce the speed of such vehicle so as to be able to stop and shall stop within fifty feet but not less than fifteen feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements shall apply when:
  - (1) A stop sign, whether erected by a public or private entity, is in place at the intersection for the same direction of travel as the person driving the vehicle;
  - [(1)-] (2) A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train or other on-track equipment;
  - [(2)] (3) A crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train or other on-track equipment;
  - [(3)] (4) An approaching railroad train **or other on-track equipment** is plainly visible and is in hazardous proximity to such crossing[-]; **or**
  - (5) Buildings, vegetation, or other objects materially obstruct the person's view so as to prevent them from seeing a train or other on-track equipment approaching the crossing.
  - 2. Whenever any person driving a vehicle approaches a railroad grade crossing, along a public highway or otherwise, and a yield sign is posted at the crossing for their direction of travel, the driver of such vehicle shall reduce the speed of such vehicle so as to be able to stop within fifty feet, but not less than fifteen feet, from the nearest rail of such railroad and shall yield the right of way, including coming to a complete stop if necessary, to any train or other on-track equipment approaching the crossing so closely as to constitute an immediate hazard to the driver. If such a driver is involved in a collision with a train or other on-track equipment at or in the crossing after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of his or her failure to yield right-of-way.
  - [2.] 3. No person shall drive any vehicle through, around or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed.
  - 4. No engineer, conductor, or other crew member operating a train or other ontrack equipment and no railroad shall have a duty to attempt to slow or stop a train or other on-track equipment based on the perceived speed or unwavering approach of a vehicle approaching a railroad grade crossing.
- 301.010. As used in this chapter and sections 304.010 to 304.040, 304.120 to 304.260, and sections 307.010 to 307.175, the following terms mean:

- 3 (1) "All-terrain vehicle", any motorized vehicle manufactured and used exclusively for 4 off-highway use which is fifty inches or less in width, with an unladen dry weight of one 5 thousand five hundred pounds or less, traveling on three, four or more nonhighway tires;
  - (2) "Autocycle", a three-wheeled motor vehicle which the drivers and passengers ride in a partially or completely enclosed nonstraddle seating area, that is designed to be controlled with a steering wheel and pedals, and that has met applicable Department of Transportation National Highway Traffic Safety Administration requirements or Federal Motorcycle Safety Standards;
  - (3) "Automobile transporter", any vehicle combination capable of carrying cargo on the power unit and designed and used for the transport of assembled motor vehicles, including truck camper units;
  - [(3)] (4) "Axle load", the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes forty inches apart, extending across the full width of the vehicle;
  - [(4)] (5) "Backhaul", the return trip of a vehicle transporting cargo or general freight, especially when carrying goods back over all or part of the same route;
  - [(5)] (6) "Boat transporter", any vehicle combination capable of carrying cargo on the power unit and designed and used specifically to transport assembled boats and boat hulls. Boats may be partially disassembled to facilitate transporting;
  - [(6)] (7) "Body shop", a business that repairs physical damage on motor vehicles that are not owned by the shop or its officers or employees by mending, straightening, replacing body parts, or painting;
  - [<del>(7)</del>] **(8)** "Bus", a motor vehicle primarily for the transportation of a driver and eight or more passengers but not including shuttle buses;
  - [(8)] (9) "Commercial motor vehicle", a motor vehicle designed or regularly used for carrying freight and merchandise, or more than eight passengers but not including vanpools or shuttle buses;
  - [(9)] (10) "Cotton trailer", a trailer designed and used exclusively for transporting cotton at speeds less than forty miles per hour from field to field or from field to market and return;
  - [(10)] (11) "Dealer", any person, firm, corporation, association, agent or subagent engaged in the sale or exchange of new, used or reconstructed motor vehicles or trailers;
- [(11)] (12) "Director" or "director of revenue", the director of the department of revenue; [(12)] (13) "Driveaway operation":
  - (a) The movement of a motor vehicle or trailer by any person or motor carrier other than a dealer over any public highway, under its own power singly, or in a fixed combination of two or more vehicles, for the purpose of delivery for sale or for delivery either before or after sale;

- (b) The movement of any vehicle or vehicles, not owned by the transporter, constituting the commodity being transported, by a person engaged in the business of furnishing drivers and operators for the purpose of transporting vehicles in transit from one place to another by the driveaway or towaway methods; or
- 43 (c) The movement of a motor vehicle by any person who is lawfully engaged in the 44 business of transporting or delivering vehicles that are not the person's own and vehicles of a 45 type otherwise required to be registered, by the driveaway or towaway methods, from a point of 46 manufacture, assembly or distribution or from the owner of the vehicles to a dealer or sales agent 47 of a manufacturer or to any consignee designated by the shipper or consignor;
  - [(13)] (14) "Dromedary", a box, deck, or plate mounted behind the cab and forward of the fifth wheel on the frame of the power unit of a truck tractor-semitrailer combination. A truck tractor equipped with a dromedary may carry part of a load when operating independently or in a combination with a semitrailer;
- 52 [(14)] (15) "Farm tractor", a tractor used exclusively for agricultural purposes;
- [(15)] (16) "Fleet", any group of ten or more motor vehicles owned by the same owner;
- 54 [(16)] (17) "Fleet vehicle", a motor vehicle which is included as part of a fleet;
- 55 [(17)] (18) "Fullmount", a vehicle mounted completely on the frame of either the first or last vehicle in a saddlemount combination;
  - [(18)] (19) "Gross weight", the weight of vehicle and/or vehicle combination without load, plus the weight of any load thereon;
  - [(19)] (20) "Hail-damaged vehicle", any vehicle, the body of which has become dented as the result of the impact of hail;
- [(20)] (21) "Highway", any public thoroughfare for vehicles, including state roads, county roads and public streets, avenues, boulevards, parkways or alleys in any municipality;
- [(21)] (22) "Improved highway", a highway which has been paved with gravel, macadam, concrete, brick or asphalt, or surfaced in such a manner that it shall have a hard, smooth surface;
- [(22)] (23) "Intersecting highway", any highway which joins another, whether or not it crosses the same;
  - [(23)] (24) "Junk vehicle", a vehicle which:
- 69 (a) Is incapable of operation or use upon the highways and has no resale value except as 70 a source of parts or scrap; or
- (b) Has been designated as junk or a substantially equivalent designation by this state or any other state;

[(24)] (25) "Kit vehicle", a motor vehicle assembled by a person other than a generally recognized manufacturer of motor vehicles by the use of a glider kit or replica purchased from an authorized manufacturer and accompanied by a manufacturer's statement of origin;

[(25)] (26) "Land improvement contractors' commercial motor vehicle", any not-for-hire commercial motor vehicle the operation of which is confined to:

- (a) An area that extends not more than a radius of one hundred miles from its home base of operations when transporting its owner's machinery, equipment, or auxiliary supplies to or from projects involving soil and water conservation, or to and from equipment dealers' maintenance facilities for maintenance purposes; or
- (b) An area that extends not more than a radius of fifty miles from its home base of operations when transporting its owner's machinery, equipment, or auxiliary supplies to or from projects not involving soil and water conservation.
- Nothing in this subdivision shall be construed to prevent any motor vehicle from being registered as a commercial motor vehicle or local commercial motor vehicle;
- [(26)] (27) "Local commercial motor vehicle", a commercial motor vehicle whose operations are confined to a municipality and that area extending not more than fifty miles therefrom, or a commercial motor vehicle whose property-carrying operations are confined solely to the transportation of property owned by any person who is the owner or operator of such vehicle to or from a farm owned by such person or under the person's control by virtue of a landlord and tenant lease; provided that any such property transported to any such farm is for use in the operation of such farm;
- [(27)] (28) "Local log truck", a commercial motor vehicle which is registered pursuant to this chapter to operate as a motor vehicle on the public highways of this state, used exclusively in this state, used to transport harvested forest products, operated solely at a forested site and in an area extending not more than a one hundred mile radius from such site, carries a load with dimensions not in excess of twenty-five cubic yards per two axles with dual wheels, and when operated on the national system of interstate and defense highways described in 23 U.S.C. Section 103, as amended, or outside the one hundred mile radius from such site with an extended distance local log truck permit, such vehicle shall not exceed the weight limits of section 304.180, does not have more than four axles, and does not pull a trailer which has more than [two] three axles. Harvesting equipment which is used specifically for cutting, felling, trimming, delimbing, debarking, chipping, skidding, loading, unloading, and stacking may be transported on a local log truck. A local log truck may not exceed the limits required by law, however, if the truck does exceed such limits as determined by the inspecting officer, then notwithstanding any other provisions of law to the contrary, such truck shall be subject to the weight limits required by such sections as licensed for eighty thousand pounds;

[(28)] (29) "Local log truck tractor", a commercial motor vehicle which is registered under this chapter to operate as a motor vehicle on the public highways of this state, used exclusively in this state, used to transport harvested forest products, operated at a forested site and in an area extending not more than a one hundred mile radius from such site, operates with a weight not exceeding twenty-two thousand four hundred pounds on one axle or with a weight not exceeding forty-four thousand eight hundred pounds on any tandem axle, and when operated on the national system of interstate and defense highways described in 23 U.S.C. Section 103, as amended, or outside the one hundred mile radius from such site with an extended distance local log truck permit, such vehicle does not exceed the weight limits contained in section 304.180, and does not have more than three axles and does not pull a trailer which has more than [two] three axles. Violations of axle weight limitations shall be subject to the load limit penalty as described for in sections 304.180 to 304.220;

[(29)] (30) "Local transit bus", a bus whose operations are confined wholly within a municipal corporation, or wholly within a municipal corporation and a commercial zone, as defined in section 390.020, adjacent thereto, forming a part of a public transportation system within such municipal corporation and such municipal corporation and adjacent commercial zone;

[(30)] (31) "Log truck", a vehicle which is not a local log truck or local log truck tractor and is used exclusively to transport harvested forest products to and from forested sites which is registered pursuant to this chapter to operate as a motor vehicle on the public highways of this state for the transportation of harvested forest products;

[(31)] (32) "Major component parts", the rear clip, cowl, frame, body, cab, front-end assembly, and front clip, as those terms are defined by the director of revenue pursuant to rules and regulations or by illustrations;

[(32)] (33) "Manufacturer", any person, firm, corporation or association engaged in the business of manufacturing or assembling motor vehicles, trailers or vessels for sale;

[(33)] (34) "Motor change vehicle", a vehicle manufactured prior to August, 1957, which receives a new, rebuilt or used engine, and which used the number stamped on the original engine as the vehicle identification number;

[(34)] (35) "Motor vehicle", any self-propelled vehicle not operated exclusively upon tracks, except farm tractors;

[(35)] (36) "Motor vehicle primarily for business use", any vehicle other than a recreational motor vehicle, motorcycle, motortricycle, **autocycle**, or any commercial motor vehicle licensed for over twelve thousand pounds:

- (a) Offered for hire or lease; or
- (b) The owner of which also owns ten or more such motor vehicles;

145 [(36)] (37) "Motorcycle", a motor vehicle operated on two wheels;

[(37)] (38) "Motorized bicycle", any two-wheeled or three-wheeled device having an automatic transmission and a motor with a cylinder capacity of not more than fifty cubic centimeters, which produces less than three gross brake horsepower, and is capable of propelling the device at a maximum speed of not more than thirty miles per hour on level ground;

[(38)] (39) "Motortricycle", a motor vehicle **upon which the operator straddles or sits astride that is designed to be controlled by handle bars and is** operated on three wheels, including a motorcycle while operated with any conveyance, temporary or otherwise, requiring the use of a third wheel. A motortricycle shall not be included in the definition of all-terrain vehicle;

[(39)] (40) "Municipality", any city, town or village, whether incorporated or not;

156 [(40)] (41) "Nonresident", a resident of a state or country other than the state of 157 Missouri;

[(41)] (42) "Non-USA-std motor vehicle", a motor vehicle not originally manufactured in compliance with United States emissions or safety standards;

[(42)] (43) "Operator", any person who operates or drives a motor vehicle;

[(43)] (44) "Owner", any person, firm, corporation or association, who holds the legal title to a vehicle or in the event a vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee, or in the event a mortgagor of a vehicle is entitled to possession, then such conditional vendee or lessee or mortgagor shall be deemed the owner;

[(44)] (45) "Public garage", a place of business where motor vehicles are housed, stored, repaired, reconstructed or repainted for persons other than the owners or operators of such place of business;

[(45)] (46) "Rebuilder", a business that repairs or rebuilds motor vehicles owned by the rebuilder, but does not include certificated common or contract carriers of persons or property;

[(46)] (47) "Reconstructed motor vehicle", a vehicle that is altered from its original construction by the addition or substitution of two or more new or used major component parts, excluding motor vehicles made from all new parts, and new multistage manufactured vehicles;

[(47)] (48) "Recreational motor vehicle", any motor vehicle designed, constructed or substantially modified so that it may be used and is used for the purposes of temporary housing quarters, including therein sleeping and eating facilities which are either permanently attached to the motor vehicle or attached to a unit which is securely attached to the motor vehicle. Nothing herein shall prevent any motor vehicle from being registered as a commercial motor vehicle if the motor vehicle could otherwise he so registered:

vehicle if the motor vehicle could otherwise be so registered;

- [(48)] (49) "Recreational off-highway vehicle", any motorized vehicle manufactured and used exclusively for off-highway use which is more than fifty inches but no more than sixty-seven inches in width, with an unladen dry weight of two thousand pounds or less, traveling on four or more nonhighway tires and which may have access to ATV trails;
  - [(49)] (50) "Rollback or car carrier", any vehicle specifically designed to transport wrecked, disabled or otherwise inoperable vehicles, when the transportation is directly connected to a wrecker or towing service;
  - [(50)] (51) "Saddlemount combination", a combination of vehicles in which a truck or truck tractor tows one or more trucks or truck tractors, each connected by a saddle to the frame or fifth wheel of the vehicle in front of it. The "saddle" is a mechanism that connects the front axle of the towed vehicle to the frame or fifth wheel of the vehicle in front and functions like a fifth wheel kingpin connection. When two vehicles are towed in this manner the combination is called a "double saddlemount combination". When three vehicles are towed in this manner, the combination is called a "triple saddlemount combination";
  - [(51)] (52) "Salvage dealer and dismantler", a business that dismantles used motor vehicles for the sale of the parts thereof, and buys and sells used motor vehicle parts and accessories:
    - [(52)] (53) "Salvage vehicle", a motor vehicle, semitrailer, or house trailer which:
  - (a) Was damaged during a year that is no more than six years after the manufacturer's model year designation for such vehicle to the extent that the total cost of repairs to rebuild or reconstruct the vehicle to its condition immediately before it was damaged for legal operation on the roads or highways exceeds eighty percent of the fair market value of the vehicle immediately preceding the time it was damaged;
  - (b) By reason of condition or circumstance, has been declared salvage, either by its owner, or by a person, firm, corporation, or other legal entity exercising the right of security interest in it;
  - (c) Has been declared salvage by an insurance company as a result of settlement of a claim;
    - (d) Ownership of which is evidenced by a salvage title; or
  - (e) Is abandoned property which is titled pursuant to section 304.155 or section 304.157 and designated with the words "salvage/abandoned property". The total cost of repairs to rebuild or reconstruct the vehicle shall not include the cost of repairing, replacing, or reinstalling inflatable safety restraints, tires, sound systems, or damage as a result of hail, or any sales tax on parts or materials to rebuild or reconstruct the vehicle. For purposes of this definition, "fair market value" means the retail value of a motor vehicle as:

- a. Set forth in a current edition of any nationally recognized compilation of retail values, including automated databases, or from publications commonly used by the automotive and insurance industries to establish the values of motor vehicles;
  - b. Determined pursuant to a market survey of comparable vehicles with regard to condition and equipment; and
  - c. Determined by an insurance company using any other procedure recognized by the insurance industry, including market surveys, that is applied by the company in a uniform manner;
  - [(53)] (54) "School bus", any motor vehicle used solely to transport students to or from school or to transport students to or from any place for educational purposes;
  - [(54)] (55) "Scrap processor", a business that, through the use of fixed or mobile equipment, flattens, crushes, or otherwise accepts motor vehicles and vehicle parts for processing or transportation to a shredder or scrap metal operator for recycling;
  - [(55)] (56) "Shuttle bus", a motor vehicle used or maintained by any person, firm, or corporation as an incidental service to transport patrons or customers of the regular business of such person, firm, or corporation to and from the place of business of the person, firm, or corporation providing the service at no fee or charge. Shuttle buses shall not be registered as buses or as commercial motor vehicles;
  - [(56)] (57) "Special mobile equipment", every self-propelled vehicle not designed or used primarily for the transportation of persons or property and incidentally operated or moved over the highways, including farm equipment, implements of husbandry, road construction or maintenance machinery, ditch-digging apparatus, stone crushers, air compressors, power shovels, cranes, graders, rollers, well-drillers and wood-sawing equipment used for hire, asphalt spreaders, bituminous mixers, bucket loaders, ditchers, leveling graders, finished machines, motor graders, road rollers, scarifiers, earth-moving carryalls, scrapers, drag lines, concrete pump trucks, rock-drilling and earth-moving equipment. This enumeration shall be deemed partial and shall not operate to exclude other such vehicles which are within the general terms of this section;
  - [(57)] (58) "Specially constructed motor vehicle", a motor vehicle which shall not have been originally constructed under a distinctive name, make, model or type by a manufacturer of motor vehicles. The term specially constructed motor vehicle includes kit vehicles;
  - [(58)] (59) "Stinger-steered combination", a truck tractor-semitrailer wherein the fifth wheel is located on a drop frame located behind and below the rearmost axle of the power unit;
  - [(59)] (60) "Tandem axle", a group of two or more axles, arranged one behind another, the distance between the extremes of which is more than forty inches and not more than ninety-six inches apart;

[(60)] (61) "Towaway trailer transporter combination", a combination of vehicles consisting of a trailer transporter towing unit and two trailers or semitrailers, with a total weight that does not exceed twenty-six thousand pounds; and in which the trailers or semitrailers carry no property and constitute inventory property of a manufacturer, distributer, or dealer of such trailers or semitrailers;

[(61)] (62) "Tractor", "truck tractor" or "truck-tractor", a self-propelled motor vehicle designed for drawing other vehicles, but not for the carriage of any load when operating independently. When attached to a semitrailer, it supports a part of the weight thereof;

[(62)] (63) "Trailer", any vehicle without motive power designed for carrying property or passengers on its own structure and for being drawn by a self-propelled vehicle, except those running exclusively on tracks, including a semitrailer or vehicle of the trailer type so designed and used in conjunction with a self-propelled vehicle that a considerable part of its own weight rests upon and is carried by the towing vehicle. The term trailer shall not include cotton trailers as defined in this section and shall not include manufactured homes as defined in section 700.010;

[(63)] (64) "Trailer transporter towing unit", a power unit that is not used to carry property when operating in a towaway trailer transporter combination;

[(64)] (65) "Truck", a motor vehicle designed, used, or maintained for the transportation of property;

[(65)] (66) "Truck-tractor semitrailer-semitrailer", a combination vehicle in which the two trailing units are connected with a B-train assembly which is a rigid frame extension attached to the rear frame of a first semitrailer which allows for a fifth-wheel connection point for the second semitrailer and has one less articulation point than the conventional A-dolly connected truck-tractor semitrailer-trailer combination;

[(66)] (67) "Truck-trailer boat transporter combination", a boat transporter combination consisting of a straight truck towing a trailer using typically a ball and socket connection with the trailer axle located substantially at the trailer center of gravity rather than the rear of the trailer but so as to maintain a downward force on the trailer tongue;

[(67)] (68) "Used parts dealer", a business that buys and sells used motor vehicle parts or accessories, but not including a business that sells only new, remanufactured or rebuilt parts. Business does not include isolated sales at a swap meet of less than three days;

[(68)] (69) "Utility vehicle", any motorized vehicle manufactured and used exclusively for off-highway use which is more than fifty inches but no more than sixty-seven inches in width, with an unladen dry weight of two thousand pounds or less, traveling on four or six wheels, to be used primarily for landscaping, lawn care, or maintenance purposes;

[(69)] (70) "Vanpool", any van or other motor vehicle used or maintained by any person, group, firm, corporation, association, city, county or state agency, or any member thereof, for the transportation of not less than eight nor more than forty-eight employees, per motor vehicle, to and from their place of employment; however, a vanpool shall not be included in the definition of the term bus or commercial motor vehicle as defined in this section, nor shall a vanpool driver be deemed a chauffeur as that term is defined by section 303.020; nor shall use of a vanpool vehicle for ride-sharing arrangements, recreational, personal, or maintenance uses constitute an unlicensed use of the motor vehicle, unless used for monetary profit other than for use in a ride-sharing arrangement;

[(70)] (71) "Vehicle", any mechanical device on wheels, designed primarily for use, or used, on highways, except motorized bicycles, vehicles propelled or drawn by horses or human power, or vehicles used exclusively on fixed rails or tracks, or cotton trailers or motorized wheelchairs operated by handicapped persons;

[(71)] (72) "Wrecker" or "tow truck", any emergency commercial vehicle equipped, designed and used to assist or render aid and transport or tow disabled or wrecked vehicles from a highway, road, street or highway rights-of-way to a point of storage or repair, including towing a replacement vehicle to replace a disabled or wrecked vehicle;

[(72)] (73) "Wrecker or towing service", the act of transporting, towing or recovering with a wrecker, tow truck, rollback or car carrier any vehicle not owned by the operator of the wrecker, tow truck, rollback or car carrier for which the operator directly or indirectly receives compensation or other personal gain.

301.020. 1. Every owner of a motor vehicle or trailer, which shall be operated or driven upon the highways of this state, except as herein otherwise expressly provided, shall annually file, by mail or otherwise, in the office of the director of revenue, an application for registration on a blank to be furnished by the director of revenue for that purpose containing:

- (1) A brief description of the motor vehicle or trailer to be registered, including the name of the manufacturer, the vehicle identification number, the amount of motive power of the motor vehicle, stated in figures of horsepower and whether the motor vehicle is to be registered as a motor vehicle primarily for business use as defined in section 301.010;
- (2) The name, the applicant's identification number and address of the owner of such motor vehicle or trailer;
- (3) The gross weight of the vehicle and the desired load in pounds if the vehicle is a commercial motor vehicle or trailer.
- 2. If the vehicle is a motor vehicle primarily for business use as defined in section 301.010 and if such vehicle is five years of age or less, the director of revenue shall retain the odometer information provided in the vehicle inspection report, and provide for prompt access

to such information, together with the vehicle identification number for the motor vehicle to which such information pertains, for a period of five years after the receipt of such information. This section shall not apply unless:

- (1) The application for the vehicle's certificate of ownership was submitted after July 1, 1989; and
  - (2) The certificate was issued pursuant to a manufacturer's statement of origin.
- 3. If the vehicle is any motor vehicle other than a motor vehicle primarily for business use, a recreational motor vehicle, motorcycle, motortricycle, **autocycle**, bus, or any commercial motor vehicle licensed for over twelve thousand pounds and if such motor vehicle is five years of age or less, the director of revenue shall retain the odometer information provided in the vehicle inspection report, and provide for prompt access to such information, together with the vehicle identification number for the motor vehicle to which such information pertains, for a period of five years after the receipt of such information. This subsection shall not apply unless:
- (1) The application for the vehicle's certificate of ownership was submitted after July 1, 1990; and
  - (2) The certificate was issued pursuant to a manufacturer's statement of origin.
- 4. If the vehicle qualifies as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, non-USA-std motor vehicle, as defined in section 301.010, or prior salvage as referenced in section 301.573, the owner or lienholder shall surrender the certificate of ownership. The owner shall make an application for a new certificate of ownership, pay the required title fee, and obtain the vehicle examination certificate required pursuant to subsection 9 of section 301.190. If an insurance company pays a claim on a salvage vehicle as defined in section 301.010 and the owner retains the vehicle, as prior salvage, the vehicle shall only be required to meet the examination requirements under subsection 10 of section 301.190. Notarized bills of sale along with a copy of the front and back of the certificate of ownership for all major component parts installed on the vehicle and invoices for all essential parts which are not defined as major component parts shall accompany the application for a new certificate of ownership. If the vehicle is a specially constructed motor vehicle, as defined in section 301.010, two pictures of the vehicle shall be submitted with the application. If the vehicle is a kit vehicle, the applicant shall submit the invoice and the manufacturer's statement of origin on the kit. If the vehicle requires the issuance of a special number by the director of revenue or a replacement vehicle identification number, the applicant shall submit the required application and application fee. All applications required under this subsection shall be submitted with any applicable taxes which may be due on the purchase of the vehicle or parts. The director of revenue shall appropriately designate "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Non-USA-

- Std Motor Vehicle", or "Specially Constructed Motor Vehicle" on the current and all subsequent
   issues of the certificate of ownership of such vehicle.
  - 5. Every insurance company that pays a claim for repair of a motor vehicle which as the result of such repairs becomes a reconstructed motor vehicle as defined in section 301.010 or that pays a claim on a salvage vehicle as defined in section 301.010 and the owner is retaining the vehicle shall in writing notify the owner of the vehicle, and in a first party claim, the lienholder if a lien is in effect, that he is required to surrender the certificate of ownership, and the documents and fees required pursuant to subsection 4 of this section to obtain a prior salvage motor vehicle certificate of ownership or documents and fees as otherwise required by law to obtain a salvage certificate of ownership, from the director of revenue. The insurance company shall within thirty days of the payment of such claims report to the director of revenue the name and address of such owner, the year, make, model, vehicle identification number, and license plate number of the vehicle, and the date of loss and payment.
  - 6. Anyone who fails to comply with the requirements of this section shall be guilty of a class B misdemeanor.
  - 7. An applicant for registration may make a donation of one dollar to promote a blindness education, screening and treatment program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the blindness education, screening and treatment program fund established in section 209.015. Moneys in the blindness education, screening and treatment program fund shall be used solely for the purposes established in section 209.015; except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.
  - 8. An applicant for registration may make a donation of one dollar to promote an organ donor program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the organ donor program fund as established in sections 194.297 to 194.304. Moneys in the organ donor fund shall be used solely for the purposes established in sections 194.297 to 194.304, except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

2. Notwithstanding any other provision of law, the registration of any autocycle registered as a motorcycle or motortricycle prior to August 28, 2018, shall remain in effect until the expiration of the registration period for such vehicle at which time the owner shall be required to renew the motor vehicle's registration under the autocycle classification and pay the appropriate registration fee.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words 5 "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme 8 and design for each type of license plate issued pursuant to this chapter. The plates shall be 10 clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to 11 12 the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE". 13

- 2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.
- 3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, **autocycles**,

motorscooters, and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

- 4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.
- 5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles, autocycles, and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.
- 6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs

positively correlate with the license plate or plates issued by the department of revenue for such
 vehicle. Such tabs shall be produced in each license bureau office.

- (2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.
- (3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.
- (4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.
- (5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.
- (6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.
- 7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

- 91 8. Notwithstanding the provisions of any other law to the contrary, owners of motor 92 vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess 93 of twenty-four thousand pounds gross weight may apply for special personalized license plates. 94 Vehicles licensed for twenty-four thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030. On and after 95 August 28, 2016, owners of motor vehicles, other than apportioned motor vehicles or 96 97 commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may 98 apply for any preexisting or hereafter statutorily created special personalized license plates.
  - 9. No later than January 1, 2019, the director of revenue shall commence the reissuance of new license plates of such design as approved by the advisory committee under section 301.125 consistent with the terms, conditions, and provisions of section 301.125 and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.
  - 301.350. 1. Upon receipt of an application for registration of a motor vehicle, trailer, manufacturer or dealer, as provided in this chapter, the director of revenue shall file such application and register such motor vehicle, trailer, manufacturer or dealer, together with the facts stated in the application, under a distinctive number assigned to such motor vehicle, trailer, manufacturer or dealer. Separate records shall be kept as follows:
- 6 (1) Motor vehicles registered by owners;
- 7 (2) Commercial motor vehicles;
- 8 (3) Trailers;
- 9 (4) Motorcycles and motor tricycles;
- 10 (5) Autocycles;
- 11 **(6)** Manufacturers and dealers.
- 2. The director of revenue may keep such other classifications and records as he may deem necessary and may enter contracts or agreements or otherwise make arrangements for computerized access to odometer and title information.

- 3. All of such books and records shall be kept open to public inspection during reasonable business hours.
- 4. The governor may cause the records of the department of revenue to be audited by the state auditor at any time.
  - 302.170. 1. As used in this section, the following terms shall mean:
- 2 (1) "Biometric data", shall include, but not be limited to, the following:
- 3 (a) Facial feature pattern characteristics;
- 4 (b) Voice data used for comparing live speech with a previously created speech model 5 of a person's voice;
  - (c) Iris recognition data containing color or texture patterns or codes;
  - (d) Retinal scans, reading through the pupil to measure blood vessels lining the retina;
- 8 (e) Fingerprint, palm prints, hand geometry, measure of any and all characteristics of 9 biometric information, including shape and length of fingertips, or recording ridge pattern or 10 fingertip characteristics;
- 11 (f) Eye spacing;
- 12 (g) Characteristic gait or walk;
- 13 (h) DNA;

- 14 (i) Keystroke dynamic, measuring pressure applied to key pads or other digital receiving devices;
- 16 (2) "Commercial purposes", shall not include data used or compiled solely to be used 17 for, or obtained or compiled solely for purposes expressly allowed under Missouri law or the 18 federal Drivers Privacy Protection Act;
  - (3) "Source documents", original or certified copies, where applicable, of documents presented by an applicant as required under 6 CFR Part 37 to the department of revenue to apply for a driver's license or nondriver's license. Source documents shall also include any documents required for the issuance of driver's licenses or nondriver's licenses by the department of revenue under the provisions of this chapter or accompanying regulations.
  - 2. Except as provided in subsection 3 of this section and as required to carry out the provisions of subsection 4 of this section, the department of revenue shall not retain copies, in any format, of source documents presented by individuals applying for or holding driver's licenses or nondriver's licenses or use technology to capture digital images of source documents so that the images are capable of being retained in electronic storage in a transferable format.
- 29 Documents retained as provided or required by subsections 3 and 4 of this section shall be stored
- 30 solely on a system not connected to the internet nor to a wide area network that connects to the
- 31 internet. Once stored on such system, the documents and data shall be purged from any systems
- 32 on which they were previously stored so as to make them irretrievable.

- 3. The provisions of this section shall not apply to:
- 34 (1) Original application forms, which may be retained but not scanned except as provided in this section;
  - (2) Test score documents issued by state highway patrol driver examiners;
  - (3) Documents demonstrating lawful presence of any applicant who is not a citizen of the United States, including documents demonstrating duration of the person's lawful presence in the United States;
  - (4) Any document required to be retained under federal motor carrier regulations in Title 49, Code of Federal Regulations, including but not limited to documents required by federal law for the issuance of a commercial driver's license and a commercial driver instruction permit; [and]
  - (5) Documents submitted by a commercial driver's license applicant who is a Missouri resident and is active duty military or a veteran, as "veteran" is defined in 38 U.S.C. 101, which allow for waiver of the commercial driver's license knowledge test, skills test, or both; and
  - (6) Any other document at the request of and for the convenience of the applicant where the applicant requests the department of revenue review alternative documents as proof required for issuance of a driver's license, nondriver's license, or instruction permit.
  - 4. (1) To the extent not prohibited under subsection 13 of this section, the department of revenue shall amend procedures for applying for a driver's license or identification card in order to comply with the goals or standards of the federal REAL ID Act of 2005, any rules or regulations promulgated under the authority granted in such Act, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance of the Act, unless such action conflicts with Missouri law.
  - (2) The department of revenue shall issue driver's licenses or identification cards that are compliant with the federal REAL ID Act of 2005, as amended, to all applicants for driver's licenses or identification cards unless an applicant requests a driver's license or identification card that is not REAL ID compliant. Except as provided in subsection 3 of this section and as required to carry out the provisions of this subsection, the department of revenue shall not retain the source documents of individuals applying for driver's licenses or identification cards not compliant with REAL ID. Upon initial application for a driver's license or identification card, the department shall inform applicants of the option of being issued a REAL ID compliant driver's license or identification card or a driver's license or identification card that is not compliant with REAL ID. The department shall inform all applicants:
    - (a) With regard to the REAL ID compliant driver's license or identification card:

- 68 a. Such card is valid for official state purposes and for official federal purposes as outlined in the federal REAL ID Act of 2005, as amended, such as domestic air travel and 69 70 seeking access to military bases and most federal facilities;
- 71 b. Electronic copies of source documents will be retained by the department and 72 destroyed after the minimum time required for retention by the federal REAL ID Act of 2005, 73 as amended;
  - c. The facial image capture will only be retained by the department if the application is finished and submitted to the department; and
  - d. Any other information the department deems necessary to inform the applicant about the REAL ID compliant driver's license or identification card under the federal REAL ID Act;
  - (b) With regard to a driver's license or identification card that is not compliant with the federal REAL ID Act:
  - a. Such card is valid for official state purposes, but it is not valid for official federal purposes as outlined in the federal REAL ID Act of 2005, as amended, such as domestic air travel and seeking access to military bases and most federal facilities;
  - b. Source documents will be verified but no copies of such documents will be retained by the department unless permitted under subsection 3 of this section, except as necessary to process a request by a license or card holder or applicant;
  - c. Any other information the department deems necessary to inform the applicant about the driver's license or identification card.
- 5. The department of revenue shall not use, collect, obtain, share, or retain biometric data nor shall the department use biometric technology to produce a driver's license or nondriver's license or to uniquely identify licensees or license applicants. This subsection shall not apply to digital images nor licensee signatures required for the issuance of driver's licenses and nondriver's licenses or to biometric data collected from employees of the department of revenue, employees of the office of administration who provide information technology support to the department of revenue, contracted license offices, and contracted manufacturers engaged in the production, processing, or manufacture of driver's licenses or identification cards in positions 96 which require a background check in order to be compliant with the federal REAL ID Act or any rules or regulations promulgated under the authority of such Act. Except as otherwise provided by law, applicants' source documents and Social Security numbers shall not be stored in any database accessible by any other state or the federal government. Such database shall contain only the data fields included on driver's licenses and nondriver identification cards compliant with the federal REAL ID Act, and the driving records of the individuals holding such driver's licenses and nondriver identification cards.

- 6. Notwithstanding any provision of this chapter that requires an applicant to provide reasonable proof of lawful presence for issuance or renewal of a noncommercial driver's license, noncommercial instruction permit, or a nondriver's license, an applicant shall not have his or her privacy rights violated in order to obtain or renew a Missouri noncommercial driver's license, noncommercial instruction permit, or a nondriver's license.
- 7. No citizen of this state shall have his or her privacy compromised by the state or agents of the state. The state shall within reason protect the sovereignty of the citizens the state is entrusted to protect. Any data derived from a person's application shall not be sold for commercial purposes to any other organization or any other state without the express permission of the applicant without a court order; except such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600, or for the purposes set forth in section 32.091, or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. The state of Missouri shall protect the privacy of its citizens when handling any written, digital, or electronic data, and shall not participate in any standardized identification system using driver's and nondriver's license records except as provided in this section.
- 8. Other than to process a request by a license or card holder or applicant, no person shall access, distribute, or allow access to or distribution of any written, digital, or electronic data collected or retained under this section without the express permission of the applicant or a court order, except that such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600 or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. A first violation of this subsection shall be a class E felony. A third or subsequent violation of this subsection shall be a class D felony.
- 9. Any person harmed or damaged by any violation of this section may bring a civil action for damages, including noneconomic and punitive damages, as well as injunctive relief, in the circuit court where that person resided at the time of the violation or in the circuit court of Cole County to recover such damages from the department of revenue and any persons participating in such violation. Sovereign immunity shall not be available as a defense for the department of revenue in such an action. In the event the plaintiff prevails on any count of his or her claim, the plaintiff shall be entitled to recover reasonable attorney fees from the defendants.
- 10. The department of revenue may promulgate rules necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section

- 139 536.010, that is created under the authority delegated in this section shall become effective only 140 if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 141 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the 142 general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove 143 and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority 144 and any rule proposed or adopted after August 28, 2017, shall be invalid and void.
  - 11. Biometric data, digital images, source documents, and licensee signatures, or any copies of the same, required to be collected or retained to comply with the requirements of the federal REAL ID Act of 2005 shall be retained for no longer than the minimum duration required to maintain compliance, and immediately thereafter shall be securely destroyed so as to make them irretrievable.
  - 12. No agency, department, or official of this state or of any political subdivision thereof shall use, collect, obtain, share, or retain radio frequency identification data from a REAL ID compliant driver's license or identification card issued by a state, nor use the same to uniquely identify any individual.
  - 13. Notwithstanding any provision of law to the contrary, the department of revenue shall not amend procedures for applying for a driver's license or identification card, nor promulgate any rule or regulation, for purposes of complying with modifications made to the federal REAL ID Act of 2005 after August 28, 2017, imposing additional requirements on applications, document retention, or issuance of compliant licenses or cards, including any rules or regulations promulgated under the authority granted under the federal REAL ID Act of 2005, as amended, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance thereof.
  - 14. If the federal REAL ID Act of 2005 is modified or repealed such that driver's licenses and identification cards issued by this state that are not compliant with the federal REAL ID Act of 2005 are once again sufficient for federal identification purposes, the department shall not issue a driver's license or identification card that complies with the federal REAL ID Act of 2005 and shall securely destroy, within thirty days, any source documents retained by the department for the purpose of compliance with such Act.
    - 15. The provisions of this section shall expire five years after August 28, 2017.
  - 302.173. 1. Any applicant for a license, who does not possess a valid license issued pursuant to the laws of this state, another state, or a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 shall be examined as herein provided. Any person who has failed to renew such person's license on or before the date of its expiration or within six months thereafter must take the complete examination. Any active member of the Armed Forces, their adult dependents or any active

member of the Peace Corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application 9 shows that the previous license had not been suspended or revoked. Any person honorably 10 discharged from the Armed Forces of the United States who held a valid license prior to being 11 inducted may apply for a renewal license within sixty days after such person's honorable 12 discharge without submitting to any examination of such person's ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 13 14 302.780, other than the vision test provided in section 302.175, unless the facts set out in the 15 renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the 16 17 complete examination. No applicant for a renewal license shall be required to submit to any 18 examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, 19 20 other than a test of the applicant's ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the 21 22 renewal application or record of convictions on the expiring license, or the records of the director 23 show that there is good cause to authorize the director to require the applicant to submit to the 24 complete examination. The examination shall be made available in each county. Reasonable 25 notice of the time and place of the examination shall be given the applicant by the person or 26 officer designated to conduct it. The complete examination shall include a test of the applicant's 27 natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand 28 highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the 29 traffic laws of this state, and an actual demonstration of ability to exercise due care in the 30 operation of a motor vehicle of the classification for which the license is sought. When an 31 applicant for a license has a license from a state which has requirements for issuance of a license 32 comparable to the Missouri requirements or a license from a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 33 34 302.172 and such license has not expired more than six months prior to the date of application 35 for the Missouri license, the director may waive the test of the applicant's practical knowledge 36 of the traffic laws of this state, and the requirement of actual demonstration of ability to exercise 37 due care in the operation of a motor vehicle. If the director has reasonable grounds to believe 38 that an applicant is suffering from some known physical or mental ailment which ordinarily 39 would interfere with the applicant's fitness to operate a motor vehicle safely upon the highways, 40 the director may require that the examination include a physical or mental examination by a 41 licensed physician of the applicant's choice, at the applicant's expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading

- thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state.
  - 2. Beginning July 1, 2005, when the examiner has reasonable grounds to believe that an individual has committed fraud or deception during the examination process, the license examiner shall immediately forward to the director all information relevant to any fraud or deception, including, but not limited to, a statement of the examiner's grounds for belief that the person committed or attempted to commit fraud or deception in the written, skills, or vision examination.
  - 3. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice.
  - 4. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.137 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further **practical knowledge or** driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. The motorcycle rider training course completion shall be accepted for purposes of motorcycle license or endorsement issuance for one year from the date of course completion.
  - 5. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a military motorcycle rider training course that meets or exceeds the Motorcycle Safety Foundation curriculum standards by an applicant who is an active member of the [U.S.] United States Armed Forces, shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further practical knowledge or driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. The military motorcycle rider training course completion shall be accepted for purposes of motorcycle license or endorsement issuance for one year from the date of course completion. The director of revenue is authorized to promulgate rules and regulations for the administration and implementation of this subsection including rules governing the presentment of motorcycle training course completion cards from a military motorcycle rider training course or other documentation showing that the applicant has successfully completed a course in basic motorcycle safety instruction that meets or exceeds curriculum standards established by the Motorcycle Safety Foundation or other national organization whose purpose

is to improve the safety of motorcyclists on the nation's streets and highways. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

302.174. 1. As used in this section, the following terms mean:

- (1) "Deaf person", any person who, because of hearing loss, is not able to discriminate speech when spoken in a normal conversation tone regardless of the use of amplification devices;
- 4 (2) ["Hearing-impaired person", any person who, because of hearing loss, has a diminished capacity to discriminate speech when spoken in a normal conversational tone;
  - (3) "J88"] "DHH", a notation on a driver's license that indicates the person is a deaf or [hearing-impaired] hard of hearing person who uses alternative communication;
  - (3) "Hard of hearing person", any person who, because of hearing loss, has a diminished capacity to discriminate speech when spoken in a normal conversation tone.
  - 2. Any resident of this state who is a deaf or [hearing-impaired] hard of hearing person may apply to the department of revenue to have the notation "[J88] DHH" placed on the person's driver's license. The department of revenue, by rule, may establish the cost and criteria for placement of the "[J88] DHH" notation, such as requiring an applicant to submit certain medical proof of deafness or hearing [impairment] loss. The department may also, by rule, elect to use the phrase "deaf or hard of hearing" in lieu of the notation "DHH" on a driver's license.
  - 3. The Missouri commission for the deaf and hard of hearing shall make an informational video in American Sign Language explaining what a "DHH" notation means on a driver's license and informing Missourians of their right to receive a license with the "DHH" notation under this section. This video shall also be captioned in English and converted to QR-Code which shall be posted in a conspicuous place at every driver's license office in Missouri.
  - **4.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

- 302.272. 1. No person shall operate any school bus owned by or under contract with a public school or the state board of education unless such driver has qualified for a school bus endorsement under this section and complied with the pertinent rules and regulations of the department of revenue and any final rule issued by the secretary of the United States Department of Transportation or has a valid school bus endorsement on a valid commercial driver's license issued by another state. A school bus endorsement shall be issued to any applicant who meets the following qualifications:
  - (1) The applicant has a valid state license issued under this chapter;
  - (2) The applicant is at least twenty-one years of age; and
  - (3) The applicant has successfully passed an examination for the operation of a school bus as prescribed by the director of revenue. The examination shall include any examinations prescribed by the secretary of the United States Department of Transportation, and a driving test in the type of vehicle to be operated. The test shall be completed in the appropriate class of vehicle to be driven. For purposes of this section classes of school buses shall comply with the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570). For drivers who are at least seventy years of age, such examination, excluding the pre-trip inspection portion of the commercial driver's license skills test, shall be completed annually to retain the school bus endorsement.
  - 2. The director of revenue, to the best of the director's knowledge, shall not issue or renew a school bus endorsement to any applicant whose driving record shows that such applicant's privilege to operate a motor vehicle has been suspended, revoked or disqualified or whose driving record shows a history of moving vehicle violations.
  - 3. The director may adopt any rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.
  - 4. Notwithstanding the requirements of this section, an applicant who resides in another state and possesses a valid driver's license from his or her state of residence with a valid school bus endorsement for the type of vehicle being operated shall not be required to obtain a Missouri driver's license with a school bus endorsement.
- 302.720. 1. Except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a

commercial driver's license with applicable endorsements valid for the type of vehicle being 4 operated as specified in sections 302.700 to 302.780. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. No person may be issued a commercial driver's instruction permit until he or she has passed written tests which comply with the minimum federal standards. A commercial driver's instruction permit 11 shall be valid for the vehicle being operated for a period of not more than six months, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 13 302.780, except for the driving test. A permit holder, unless otherwise disqualified, may be 14 granted one six-month renewal within a one-year period. The fee for such permit or renewal shall be five dollars. In the alternative, a commercial driver's instruction permit shall be issued 15 16 for a thirty-day period to allow the holder of a valid driver's license to operate a commercial 17 motor vehicle if the applicant has completed all other requirements except the driving test. The 18 permit may be renewed for one additional thirty-day period and the fee for the permit and for 19 renewal shall be five dollars.

- 2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the Secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. All applicants for a commercial driver's license shall have maintained the appropriate class of commercial driver's instruction permit issued by this state or any other state for a minimum of fourteen calendar days prior to the date of taking the skills test. Applicants for a hazardous materials endorsement must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the Secretary.
- (1) The written and driving tests shall be held at such times and in such places as the superintendent may designate. A twenty-five dollar examination fee shall be paid by the applicant upon completion of any written or driving test, except the examination fee shall be waived for applicants seventy years of age or older renewing a license with a school bus endorsement. The director shall delegate the power to conduct the examinations required under

sections 302.700 to 302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations. The written test shall only be administered in the English language. No translators shall be allowed for applicants taking the test.

- (2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. Such rules and regulations shall substantially comply with the requirements of 49 CFR 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester.
- (3) Beginning August 28, 2006, the director shall only issue or renew third-party tester certification to community colleges established under chapter 178 or to private companies who own, lease, or maintain their own fleet and administer in-house testing to their employees, or to school districts and their agents that administer in-house testing to the school district's or agent's employees. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.
- (4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the Secretary and if such person transports a hazardous material must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Such person shall be required to take the written test for such endorsement. A twenty-five dollar examination fee shall be paid upon completion of such tests.
- (5) The director shall have the authority to waive the **knowledge and** driving skills [test] tests for any qualified military applicant for a commercial driver's license who is currently licensed at the time of application for a commercial driver's license. The director shall impose conditions and limitations to restrict the applicants from whom the department may accept alternative requirements for the **knowledge and** skills [test] tests described in federal regulation 49 CFR 383.71 and 49 CFR 383.77. An applicant must certify that, during the two-year period immediately preceding application for a commercial driver's license, all of the following apply:
  - (a) The applicant has not had more than one license;
  - (b) The applicant has not had any license suspended, revoked, or cancelled;
- 73 (c) The applicant has not had any convictions for any type of motor vehicle for the 74 disqualifying offenses contained in this chapter or federal rule 49 CFR 383.51(b);

- 75 (d) The applicant has not had more than one conviction for any type of motor vehicle for serious traffic violations;
  - (e) The applicant has not had any conviction for a violation of state or local law relating to motor vehicle traffic control, but not including any parking violation, arising in connection with any traffic accident, and has no record of an accident in which he or she was at fault;
  - (f) The applicant has been regularly employed within the last [ninety days] year in a military position requiring operation of a commercial motor vehicle and has operated the vehicle for at least sixty days during the two years immediately preceding application for a commercial driver's license. The vehicle must be representative of the commercial motor vehicle the driver applicant operates or expects to operate;
  - (g) The applicant, if on active duty, must provide a notarized affidavit signed by a commanding officer as proof of driving experience as indicated in paragraph (f) of this subdivision;
  - (h) The applicant, if honorably discharged from military service, must provide a form-DD214 or other proof of military occupational specialty;
  - (i) The applicant must meet all federal and state qualifications to operate a commercial vehicle; and
  - (j) The applicant will be required to complete all applicable knowledge tests, except when the applicant provides proof of approved military training sufficient for waiver of the knowledge and skills tests as specified in subdivision (5) of subsection 3 of section 302.170.
  - 3. A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or cancelled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation.
  - 4. Beginning July 1, 2005, the director shall not issue an instruction permit under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.
  - 5. Notwithstanding the provisions of this section or any other law to the contrary, beginning August 28, 2008, the director of the department of revenue shall certify as a third-party tester any municipality that owns, leases, or maintains its own fleet that requires certain

employees as a condition of employment to hold a valid commercial driver's license; and that administered in-house testing to such employees prior to August 28, 2006.

303.020. As used in this chapter the following words and phrases shall mean:

- 2 (1) "Chauffeur", a person who is employed for the principal purpose of operating a motor 3 vehicle or any person who drives a motor vehicle while in use as a public or common carrier of 4 persons or property for hire;
- 5 (2) "Director", director of revenue of the state of Missouri, acting directly or through his authorized officers and agents;
  - (3) "Judgment", a final judgment by a court of competent jurisdiction of any state or of the United States, upon a claim for relief for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a claim for relief on any agreement or settlement for such damages arising out of the ownership, maintenance or use of any motor vehicle;
  - (4) "License", an operator's or driver's license, temporary instruction permit, chauffeur's or registered operator's license issued under the laws of this state;
  - (5) "Motor vehicle", a self-propelled vehicle which is designed for use upon a highway, except trailers designed for use with such vehicles, traction engines, road rollers, farm tractors, tractor cranes, power shovels, well drillers and motorized bicycles, as defined in section 307.180, and every vehicle which is propelled by electric power obtained from overhead wires but not operated upon rails;
    - (6) "Nonresident", a person not a resident of the state of Missouri;
  - (7) "Nonresident's operating privilege", the privilege conferred upon a nonresident by the laws of this state pertaining to the operation by him of a motor vehicle, or the use of a motor vehicle owned by him in this state;
    - (8) "Operator", a person who is in actual physical control of a motor vehicle;
  - (9) "Owner", a person who holds the legal title to a motor vehicle; or in the event a motor vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee, or in the event a mortgagor of a motor vehicle is entitled to possession thereof, then such conditional vendee or lessee or mortgagor;
  - (10) "Proof of financial responsibility", proof of ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance or use of a motor vehicle, in the amount of twenty-five thousand dollars because of bodily injury to or death of one person in any one accident, and,

subject to said limit for one person, in the amount of fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and in the amount of [ten] twentyfive thousand dollars because of injury to or destruction of property of others in any one accident;

- (11) "Registration", registration certificate or certificates and registration plates issued under the laws of this state pertaining to the registration of motor vehicles;
- (12) "State", any state, territory or possession of the United States, the District of Columbia, or any province of the Dominion of Canada;
- (13) "Street" or "highway", the entire width between property lines of every way or place of whatever nature when any part thereof is open to the use of the public, as a matter of right, for purposes of vehicular traffic.

303.022. Sections 105.1073, 303.020, 303.030, 303.120, 303.190, and 303.240 shall apply to motor vehicle liability policies, as defined in section 303.190, that are issued or renewed in Missouri on or after July 1, 2019, and to any applicable filing under section 303.240 or subdivision (2), (3), or (4) of subsection 1 of section 303.160 that goes into effect on or after July 1, 2019. A motor vehicle liability policy in effect prior to July 1, 2019, shall continue to constitute proof of compliance with the provisions of this chapter for the remainder of the term of that policy.

303.030. 1. If within twenty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death, or damage to the property of any one person in excess of five hundred dollars, the director does not have on file evidence satisfactory to him that the person who would otherwise be required to file security under subsection 2 of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the director shall determine the amount of security which shall be sufficient in his judgment to satisfy any judgment for damages resulting from such accident as may be recovered against each operator or owner. Any person challenging the director's determination shall have the burden of proving he or she was not at fault.

2. The director shall, within ninety days after the receipt of such report of a motor vehicle accident, suspend the license of each operator, and all registrations of each owner of a motor vehicle, in any manner involved in such accident, and if such operator is a nonresident the privilege of operating a motor vehicle within this state, and if such owner is a nonresident the privilege of the use within this state of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in the sum so determined by the director; provided notice of such suspension shall be sent by the director to such operator and owner not less than ten days prior to the effective date of such suspension and shall state the amount required as security;

- provided, however, that the period of suspension provided for in this section shall be in addition to any period of suspension imposed under sections 303.041 and 303.042.
  - 3. Where erroneous information is given the director with respect to the matters set forth in subdivision (1), (2) or (3) of subsection 4 of this section, he shall take appropriate action as hereinbefore provided, within forty-five days after receipt by him of correct information with respect to said matters.
    - 4. This section shall not apply under the conditions stated in section 303.070, nor:
  - (1) To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;
  - (2) To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him;
  - (3) To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the director, covered by any other form of liability insurance policy or bond; nor
  - (4) To any person qualifying as a self-insurer under section 303.220, nor to any person operating a motor vehicle for such self-insurer.
  - 5. No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if such motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company, if not authorized to do business in this state, shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; provided, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than [ten] twenty-five thousand dollars because of injury to or destruction of property of others in any one accident.
  - 303.120. 1. Judgments herein referred to shall, for the purpose of this chapter only, be deemed satisfied:

- 3 (1) When twenty-five thousand dollars has been credited upon any judgment or 4 judgments rendered in excess of that amount because of bodily injury to or death of one person 5 as the result of any one accident; or
  - (2) When, subject to such limit of twenty-five thousand dollars because of bodily injury to or death of one person, the sum of fifty thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or
  - (3) When **[ten] twenty-five** thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.
- 2. Payments made in settlement of any claims because of bodily injury, death or property damage arising from a motor vehicle accident shall be credited in reduction of the amounts provided for in this section.
  - 303.190. 1. A "motor vehicle liability policy" as said term is used in this chapter shall mean an owner's or an operator's policy of liability insurance, certified as provided in section 303.170 or section 303.180 as proof of financial responsibility, and issued, except as otherwise provided in section 303.180 by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.
    - 2. Such owner's policy of liability insurance:
  - (1) Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted;
  - (2) Shall insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits, exclusive of interest and costs, with respect to each such motor vehicle, as follows: twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and [ten] twenty-five thousand dollars because of injury to or destruction of property of others in any one accident; and
  - (3) May exclude coverage against loss from liability imposed by law for damages arising out of the use of such motor vehicles by a member of the named insured's household who is a specifically excluded driver in the policy.
  - 3. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him or her by law for damages arising out

of the use by him or her of any motor vehicle not owned by him or her, within the said territorial limits and subject to the same limits of liability as are set forth above with respect to any owner's policy of liability insurance.

- 4. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.
- 5. Such motor vehicle liability policy need not insure any liability pursuant to any workers' compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.
- 6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:
- (1) The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be cancelled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his or her behalf and no violation of said policy shall defeat or void said policy;
- (2) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage;
- (3) The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in subdivision (2) of subsection 2 of this section;
- (4) The policy, the written application thereof, if any, and any rider or endorsement which does not conflict with the provisions of this chapter shall constitute the entire contract between the parties.
- 7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

- 60 8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make 61 62 under the terms of the policy except for the provisions of this chapter.
  - 9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.
- 65 10. The requirements of a motor vehicle liability policy may be fulfilled by the policies 66 of one or more insurance carriers which policies together meet such requirements.
- 11. Any binder issued pending the issuance of a motor vehicle liability policy shall be 68 deemed to fulfill the requirement for such a policy.
- 303.240. 1. Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him [sixty] seventy-five thousand dollars in cash, or securities such as may legally be purchased by savings banks or for 3 trust funds of a market value of [sixty] seventy-five thousand dollars. The state treasurer shall not accept any such deposit and issue a certificate therefor and the director shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any 7 character against the depositor in the county where the depositor resides.
  - 2. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid.
  - 304.005. 1. As used in this section, the term "autocycle" means a three-wheeled motor vehicle which the drivers and passengers ride in a partially or completely enclosed nonstraddle seating area, that is designed to be controlled with a steering wheel and pedals, and that has met applicable Department of Transportation National Highway Traffic Safety Administration requirements or Federal Motorcycle Safety Standards.
  - 2. Notwithstanding subsection 2 of section 302.020, a person operating or riding in an autocycle [shall] may not be required to wear protective headgear [if the vehicle is equipped with a roof that meets or exceeds the standards established for protective headgear].
- 9 3. No person shall operate an autocycle on any highway or street in this state unless the 10 person has a valid driver's license. The operator of an autocycle, however, shall not be required to obtain a motorcycle or motortricycle license or endorsement pursuant to sections 302.010 to 11 12 302.340.

304.060. 1. The state board of education shall adopt and enforce regulations not inconsistent with law to cover the design and operation of all school buses used for the 3 transportation of school children when owned and operated by any school district or privately 4 owned and operated under contract with any school district in this state, and such regulations shall by reference be made a part of any such contract with a school district. The state board of education may adopt rules and regulations governing the use of other vehicles owned by a district or operated under contract with any school district in this state and used for the purpose of 7 transporting school children. The operator of such vehicle shall be licensed in accordance with section 302.272, and such vehicle shall transport no more children than the manufacturer suggests as appropriate for such vehicle. The state board of education may also adopt rules and 10 regulations governing the use of authorized common carriers for the transportation of students 11 12 on field trips or other special trips for educational purposes. Every school district, its officers and employees, and every person employed under contract by a school district shall be subject 13 14 to such regulations. The state board of education shall cooperate with the state transportation 15 department and the state highway patrol in placing suitable warning signs at intervals on the 16 highways of the state.

- 2. Notwithstanding the provisions of subsection 1 of this section, any school board in the state of Missouri in an urban district containing the greater part of the population of a city which has more than three hundred thousand inhabitants may contract with any municipality, bi-state agency, or other governmental entity for the purpose of transporting school children attending a grade or grades not lower than the ninth nor higher than the twelfth grade, provided that such contract shall be for additional transportation services, and shall not replace or fulfill any of the school district's obligations pursuant to section 167.231. The school district may notify students of the option to use district contracted transportation services.
- **3.** Any officer or employee of any school district who violates any of the regulations or fails to include obligation to comply with such regulations in any contract executed by him on behalf of a school district shall be guilty of misconduct and subject to removal from office or employment. Any person operating a school bus under contract with a school district who fails to comply with any such regulations shall be guilty of breach of contract and such contract shall be cancelled after notice and hearing by the responsible officers of such school district.
- [3.] **4.** Any other provision of the law to the contrary notwithstanding, in any county of the first class with a charter form of government adjoining a city not within a county, school buses may bear the word "special".

- 2 (1) "Law enforcement officer", any public servant, other than a patrol officer, who is defined as a law enforcement officer under section 556.061;
- 4 (2) "Motor club", an organization which motor vehicle drivers and owners may join that 5 provide certain benefits relating to driving a motor vehicle;
  - (3) "Nonconsensual tow", the transportation of a motor vehicle by tow truck if such transportation is performed without the prior consent or authorization of the owner or operator of the motor vehicle. For purposes of this section, all law enforcement-ordered tows are considered nonconsensual;
- 10 (4) "Patrol officer", a Missouri state highway patrol officer;
  - [(4)] (5) "Tow list", a list of approved towing companies compiled, maintained, and utilized by the Missouri state highway patrol or its designee;
  - [(5)] (6) "Tow management company", any sole proprietorship, partnership, corporation, fiduciary, association, or other business entity that manages towing logistics for government agencies or motor clubs;
- 16 [(6)] (7) "Tow truck", a rollback or car carrier, wrecker, or tow truck as defined under section 301.010;
  - [(7)] (8) "Towing", moving or removing, or the preparation therefor, of a vehicle by another vehicle for which a service charge is made, either directly or indirectly, including any dues or other charges of clubs or associations which provide towing services;
  - [(8)] (9) "Towing company", any person, partnership, corporation, fiduciary, association, or other entity that operates a wrecker or towing service as defined under section 301.010.
  - 2. In authorizing a towing company to perform services, any patrol officer or law enforcement officer within the officer's jurisdiction, or Missouri department of transportation employee, may utilize the services of a tow management company or tow list, provided:
  - (1) The Missouri state highway patrol is under no obligation to include or retain the services of any towing company in any contract or agreement with a tow management company or any tow list established pursuant to this section. A towing company is subject to removal from a tow list at any time;
  - (2) Notwithstanding any other provision of law or any regulation established pursuant to this section, an owner or operator's request for a specific towing company shall be honored by the Missouri state highway patrol unless:
  - (a) The requested towing company cannot or does not respond in a reasonable time, as determined by a law enforcement officer; or
- 35 (b) The vehicle to be towed poses an immediate traffic hazard, as determined by a law an enforcement officer.

- 3. A patrol officer shall not use a towing company located outside of Missouri under this section except under the following circumstances:
  - (1) A state or federal emergency has been declared; or
- 40 (2) The driver or owner of the vehicle, or a motor club of which the driver or owner is 41 a member, requests a specific out-of-state towing company.
  - 4. A towing company shall not tow a vehicle to a location outside of Missouri without the consent of the driver or owner of the motor vehicle, or without the consent of a motor club of which the driver or owner of the motor vehicle is a member.
  - 5. Any towing company or tow truck arriving at the scene of an accident that has not been called by a patrol officer, a law enforcement officer, a Missouri department of transportation employee, the driver or owner of the motor vehicle or his or her authorized agent, including a motor club of which the driver or owner is a member, shall be prohibited from towing the vehicle from the scene of the accident, unless the towing company or tow truck operator is rendering emergency aid in the interest of public safety, or is operating during a declared state of emergency under section 44.100.
  - 6. A tow truck operator that stops and tows a vehicle from the scene of an accident in violation of subsection 5 of this section shall be guilty of a class D misdemeanor upon conviction or pleading guilty for the first violation, and such tow truck shall be subject to impounding. The penalty for a second violation shall be a class A misdemeanor, and the penalty for any third or subsequent violation shall be a class D felony. A violation of this section shall not preclude the tow truck operator from being charged with tampering under chapter 569.
- 7. The provisions of this section shall also apply to motor vehicles towed under section 304.155 or 304.157.
  - 8. The provisions of **subsections 1 to 7 of** this section shall not apply to counties of the third or fourth classification.
  - 9. (1) The Towing Task Force is hereby created. The task force shall make recommendations as provided in this subsection with respect to tows involving vehicles with a gross vehicle weight rating of twenty-six thousand pounds or more. The task force shall consist of seven members appointed as follows:
  - (a) One member of the general assembly appointed by the president pro tempore of the senate;
  - (b) One member of the general assembly appointed by the speaker of the house of representatives;
- (c) One member, or the member's designee, appointed by the governor to represent the department of revenue;

- 72 (d) One member, or the member's designee, appointed by the superintendent of the 73 Missouri state highway patrol;
  - (e) One member, or the member's designee, appointed by the governor to represent towing companies within the state but who does not represent a towing association;
  - (f) One member who insures commercial motor vehicles, or the member's designee, appointed by the governor to represent insurance companies within the state;
  - (g) One member, or the member's designee, appointed by the governor to represent an association of motor carriers within the state.
    - (2) The task force shall have the following duties and powers:
  - (a) To make comprehensive recommendations to the department on matters related to the investigation of overcharges made by towing companies in violation of the rules promulgated under this subsection, including:
  - a. A process to adjudicate consumer complaints regarding nonconsensual tow charges; and
  - b. Factors in determining whether a charge levied by a towing company is just, fair, and reasonable; provided that, it shall be a violation of the rules promulgated under this subsection for a towing company to charge for the use of unnecessary equipment and labor;
    - c. A process for the removal of towing companies from rotation lists; and
  - (b) To make comprehensive recommendations regarding information that should be included on every invoice with respect to a nonconsensual tow.
  - (3) The task force shall make its first comprehensive recommendations in a report to the general assembly prior to March 1, 2020.
  - (4) The members of the towing task force shall elect a chair from among their membership. The chair shall set the times and frequency of the task force's meetings.
    - (5) The task force established under this subsection shall expire on January 1, 2021.
  - (6) Rules and regulations may be promulgated for the administration of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

304.180. 1. No vehicle or combination of vehicles shall be moved or operated on any highway in this state having a greater weight than twenty thousand pounds on one axle, no combination of vehicles operated by transporters of general freight over regular routes as defined in section 390.020 shall be moved or operated on any highway of this state having a greater weight than the vehicle manufacturer's rating on a steering axle with the maximum weight not to exceed twelve thousand pounds on a steering axle, and no vehicle shall be moved or operated on any state highway of this state having a greater weight than thirty-four thousand pounds on any tandem axle; the term "tandem axle" shall mean a group of two or more axles, arranged one behind another, the distance between the extremes of which is more than forty inches and not more than ninety-six inches apart.

- 2. An "axle load" is defined as the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes forty inches apart, extending across the full width of the vehicle.
- 3. Subject to the limit upon the weight imposed upon a highway of this state through any one axle or on any tandem axle, the total gross weight with load imposed by any group of two or more consecutive axles of any vehicle or combination of vehicles shall not exceed the maximum load in pounds as set forth in the following table:
- 18 Distance in feet between the
- 19 extremes of any group of two or
- 20 more consecutive axles,

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the commission to enact the limitations established in this section on those roadways within

- the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.
  - 5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of P.L. 97-424 codified in Title 23 of the United States Code (23 U.S.C. Section 101, et al.), as amended.
  - 6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsections 9, 10, 12, and 13 of this section.
  - 7. Notwithstanding any provision of this section to the contrary, the commission shall issue a single-use special permit, or, upon request of the owner of the truck or equipment [5] shall issue an annual permit, for the transporting of any **crane**, concrete pump truck, or well-drillers' equipment. The commission shall set fees for the issuance of permits **and parameters for the transport of cranes** pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.
  - 8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than five hundred fifty pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.
  - 9. Notwithstanding any provision of this section or any other law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling milk, from a farm to a processing facility or livestock may be as much as, but shall not exceed, eighty-five thousand five hundred pounds while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.
  - 10. Notwithstanding any provision of this section or any other law to the contrary, any vehicle or combination of vehicles hauling grain or grain coproducts during times of harvest may be as much as, but not exceeding, ten percent over the maximum weight limitation allowable

under subsection 3 of this section while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

- 11. Notwithstanding any provision of this section or any other law to the contrary, the commission shall issue emergency utility response permits for the transporting of utility wires or cables, poles, and equipment needed for repair work immediately following a disaster where utility service has been disrupted. Under exigent circumstances, verbal approval of such operation may be made either by the department of transportation motor carrier compliance supervisor or other designated motor carrier services representative. Utility vehicles and equipment used to assist utility companies granted special permits under this subsection may be operated and transported on state-maintained roads and highways at any time on any day. The commission shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.
- 12. Notwithstanding any provision of this section to the contrary, emergency vehicles designed to be used under emergency conditions to transport personnel and equipment and to mitigate hazardous situations may have a maximum gross vehicle weight of eighty-six thousand pounds inclusive of twenty-four thousand pounds on a single steering axle; thirty-three thousand five hundred pounds on a single drive axle; sixty-two thousand pounds on a tandem axle; or fifty-two thousand pounds on a tandem rear-drive steer axle.
- 13. Notwithstanding any provision of this section to the contrary, a vehicle operated by an engine fueled primarily by natural gas may operate upon the public highways of this state in excess of the vehicle weight limits set forth in this section by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas tank and fueling system carried by that vehicle and the weight of a comparable diesel tank and fueling system. In no event shall the maximum gross vehicle weight of the vehicle operating with a natural gas engine exceed eighty-two thousand pounds.
- 304.232. 1. The Missouri state highway patrol shall approve procedures for the certification of municipal police officers, sheriffs, deputy sheriffs, and other law enforcement officials that enforce sections 304.170 to 304.230.

- 2. The certification procedures shall meet the requirements of the memorandum of understanding between the state of Missouri and the commercial vehicle safety alliance or any successor organization, as periodically adopted or amended.
  - 3. Commercial motor vehicle safety data collection, management, and distribution by law enforcement officials shall be compatible with the information systems of the Missouri state highway patrol.
  - 4. The Missouri state highway patrol shall establish reasonable fees sufficient to recover the cost of training, recurring training, data collection and management, certifying, and additional administrative functions for law enforcement officials approved under this section.
  - 5. The agencies for which law enforcement officials approved under this section shall adhere to the Motor Carrier Safety Assistance Program requirements under 49 Code of Federal Regulations Part 350 of the Federal Motor Carrier Safety Regulations.
  - 6. The agencies for which law enforcement officials approved under this section shall be subject to periodic program reviews and be required to submit a commercial vehicle safety plan that is consistent with and incorporated into the statewide enforcement plan.
  - 7. Beginning January 1, 2009, no local law enforcement officer may conduct a random commercial motor vehicle roadside inspection to determine compliance with the provisions of sections 304.170 to 304.230 unless the law enforcement officer has satisfactorily completed, as a part of his or her training, the basic course of instruction developed by the commercial vehicle safety alliance and has been approved by the Missouri state highway patrol under this section. Law enforcement officers authorized to enforce the provisions of sections 304.170 to 304.230 shall annually receive in-service training related to commercial motor vehicle operations, including but not limited to training in current federal motor carrier safety regulations, safety inspection procedures, and out-of-service criteria. The annual training requirements shall be approved by the superintendent of the state highway patrol.
  - 8. Law enforcement officers who have received commercial vehicle safety alliance certification prior to January 1, 2009, shall be exempt from the provisions of this section and such officers shall be qualified to conduct random roadside inspections described under this section and section 304.230.
  - 9. No safety inspection shall be performed on the shoulder of any highway with a posted speed limit in excess of forty miles per hour.
  - 10. The superintendent of the state highway patrol shall promulgate rules and regulations necessary to administer the certification procedures and any other provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

306.030. 1. The owner of each vessel requiring numbering by this state shall file an application for number with the department of revenue on forms provided by it. The application 3 shall contain a full description of the vessel, factory number or serial number, together with a statement of the applicant's source of title and of any liens or encumbrances on the vessel. For 5 good cause shown the director of revenue may extend the period of time for making such application. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true, and, if satisfied that the applicant is the lawful owner of such vessel, or otherwise entitled to have the same registered in his or her name, shall thereupon issue an appropriate certificate of title over the director's signature and sealed with the seal of the 10 director's office, procured and used for such purpose, and a certificate of number stating the number awarded to the vessel. The application shall include a provision stating that the applicant 11 12 will consent to any inspection necessary to determine compliance with the provisions of this 13 chapter and shall be signed by the owner of the vessel and shall be accompanied by the fee 14 specified in subsection 10 of this section. The owner shall paint on or attach to each side of the 15 bow of the vessel the identification number in a manner as may be prescribed by rules and 16 regulations of the division of water safety in order that it may be clearly visible. The number shall be maintained in legible condition. The certificate of number shall be pocket size and shall 17 be available at all times for inspection on the vessel for which issued, whenever the vessel is in 18 operation. The operator of a vessel in which such certificate of number is not available for 19 20 inspection by the water patrol division or, if the operator cannot be determined, the person who 21 is the registered owner of the vessel shall be subject to the penalties provided in section 306.210. 22 Vessels owned by the state or a political subdivision shall be registered but no fee shall be 23 assessed for such registration.

- 2. Each new vessel sold in this state after January 1, 1970, shall have die stamped on or within three feet of the transom or stern a factory number or serial number.
- 3. The owner of any vessel already covered by a number in full force and effect which has been awarded to it pursuant to then operative federal law or a federally approved numbering system of another state shall record the number prior to operating the vessel on the waters of this state in excess of the sixty-day reciprocity period provided for in section 306.080. The recordation and payment of registration fee shall be in the manner and pursuant to the procedure required for the award of a number under subsection 1 of this section. No additional or substitute number shall be issued unless the number is a duplicate of an existing Missouri number.

- 4. In the event that an agency of the United States government shall have in force an overall system of identification numbering for vessels within the United States, the numbering system employed pursuant to this chapter by the department of revenue shall be in conformity therewith.
  - 5. All records of the department of revenue made and kept pursuant to this section shall be public records.
  - 6. Every certificate of number awarded pursuant to this chapter shall continue in force and effect for a period of three years unless sooner terminated or discontinued in accordance with the provisions of this chapter. Certificates of number may be renewed by the owner in the same manner provided for in the initial securing of the same or in accordance with the provisions of sections 306.010 to 306.030.
  - 7. The department of revenue shall fix the days and months of the year on which certificates of number due to expire during the calendar year shall lapse and no longer be of any force and effect unless renewed pursuant to this chapter and may stagger such dates in order to distribute the workload.
  - 8. When applying for or renewing a vessel's certificate of number, the owner shall submit a paid personal property tax receipt for the tax year which immediately precedes the year in which the application is made or the year in which the renewal is due and which reflects that the vessel being renewed is listed as personal property and that all personal property taxes, including delinquent taxes from prior years, have been paid, or a statement certified by the county or township in which the owner's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the applicant or that no such taxes were due.
  - 9. When applying for or renewing a certificate of registration for a vessel documented with the United States Coast Guard under section 306.016, owners of vessels shall submit a paid personal property tax receipt for the tax year which immediately precedes the year in which the application is made or the renewal is due and which reflects that the vessel is listed as personal property and that all personal property taxes, including delinquent taxes from prior years, have been paid, or a statement certified by the county or township in which the owner's property was assessed showing that the state and county tangible personal property taxes for such previous tax year and all delinquent taxes due have been paid by the applicant or that no such taxes were due.
    - 10. The fee to accompany each application for a certificate of number is:

65	For vessels under 16 feet in length	\$25.00
66	For vessels at least 16 feet in length but less than 26 feet in length	\$55.00
67	For vessels at least 26 feet in length but less than 40 feet in length	\$100.00
68	For vessels at least 40 feet and over	\$150.00

- 11. The certificate of title and certificate of number issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection.
  - 12. For fiscal years ending before July 1, 2019, the first two million dollars collected annually under the provisions of this section shall be deposited into the state general revenue fund. All fees collected under the provisions of this section in excess of two million dollars annually shall be deposited in the water patrol division fund and shall be used exclusively for the water patrol division.
  - 13. Beginning July 1, 2019, the first one million dollars collected annually under the provisions of this section shall be deposited into the state general revenue fund. All fees collected under the provisions of this section in excess of one million dollars annually shall be deposited in the water patrol division fund and shall be used exclusively for the water patrol division.
  - 14. Notwithstanding the provisions of subsection 10 of this section, vessels at least sixteen feet in length but less than twenty-eight feet in length, that are homemade, constructed out of wood, and have a beam of five feet or less, shall pay a fee of fifty-five dollars which shall accompany each application for a certification number.
- 306.126. 1. The operator of a motorboat shall not allow any person to ride or sit on the gunwales, decking over the bow, railing, top of seat back or decking over the back of the motorboat while under way, unless such person is inboard of adequate guards or railing provided 3 on the motorboat to prevent a passenger from being lost overboard. As used in this section, the term "adequate guards or railing" means guards or railings having a height parameter of at least 5 six inches but not more than eighteen inches. Nothing in this section shall be construed to mean that passengers or other persons aboard a motorboat cannot occupy the decking over the bow of 8 the boat to moor it to a mooring buoy or to cast off from such a buoy, or for any other necessary purpose. The provisions of this section shall not apply to vessels propelled by sail or vessels 10 propelled by jet motors or propellers operating on a stretch of waterway not created or 11 widened by impoundment.
  - 2. Whenever any person leaves any watercraft, other than a personal watercraft, on the waters of the Mississippi River, the waters of the Missouri River or the lakes of this state and enters the water between the hours of 11:00 a.m. and sunset, the operator of such watercraft shall display on the watercraft a red or orange flag measuring not less than twelve inches by twelve inches. The provisions of this subsection shall not apply to watercraft that is moored or anchored. The flag required by this subsection shall be visible for three hundred sixty degrees around the horizon when displayed and shall be displayed only when an occupant of the watercraft has left the confines of the watercraft and entered the water. The flag required by this

- subsection shall not be displayed when the watercraft is engaged in towing any person, but shall be displayed when such person has ceased being towed and has reentered the water.
- 3. No operator shall knowingly operate any watercraft within fifty yards of a flag required by subsection 2 of this section at a speed in excess of a slow-no wake speed.
  - 307.175. 1. Motor vehicles and equipment which are operated by any member of an organized fire department, ambulance association, or rescue squad, whether paid or volunteer, may be operated on streets and highways in this state as an emergency vehicle under the provisions of section 304.022 while responding to a fire call or ambulance call or at the scene of a fire call or ambulance call and while using or sounding a warning siren and using or displaying thereon fixed, flashing or rotating blue lights, but sirens and blue lights shall be used only in bona fide emergencies.
- 8 2. (1) Notwithstanding subsection 1 of this section, the following vehicles may use or 9 display fixed, flashing, or rotating red or red and blue lights:
  - (a) Emergency vehicles, as defined in section 304.022, when responding to an emergency;
    - (b) Vehicles operated as described in subsection 1 of this section;
  - (c) Vehicles **and equipment** owned **or leased** by a contractor or subcontractor performing work for the department of transportation, except that the red or red and blue lights shall be displayed on vehicles **or equipment** described in this paragraph only between dusk and dawn, when such vehicles **or equipment** are stationary, such vehicles **or equipment** are located in a work zone as defined in section 304.580, highway workers as defined in section 304.580 are present, and such work zone is designated by a sign or signs. **No more than two vehicles or pieces of equipment in a work zone may display fixed, flashing, or rotating lights under this subdivision.**
  - (2) The following vehicles **and equipment** may use or display fixed, flashing, or rotating amber or amber and white lights:
  - (a) Vehicles **and equipment** owned or leased by the state highways and transportation commission and operated by an authorized employee of the department of transportation;
  - (b) Vehicles and equipment owned or leased by a contractor or subcontractor performing work for the department of transportation, except that the amber or amber and white lights shall be displayed on vehicles described in this paragraph only when such vehicles or equipment are [stationary] located in a work zone as defined in section 304.580, highway workers as defined in section 304.580 are present, and such work zone is designated by a sign or signs;
  - (c) Vehicles **and equipment** operated by a utility worker performing work for the utility, except that the amber or amber and white lights shall be displayed on vehicles described in this

- paragraph only when such vehicles are stationary, such vehicles or equipment are located in a work zone as defined in section 304.580, a utility worker is present, and such work zone is designated by a sign or signs. As used in this paragraph, the term "utility worker" means any employee while in performance of his or her job duties, including any person employed under contract of a utility that provides gas, heat, electricity, water, steam, telecommunications or cable services, or sewer services, whether privately, municipally, or cooperatively owned.
  - 3. Permits for the operation of such vehicles equipped with sirens or blue lights shall be in writing and shall be issued and may be revoked by the chief of an organized fire department, organized ambulance association, rescue squad, or the state highways and transportation commission and no person shall use or display a siren or blue lights on a motor vehicle, fire, ambulance, or rescue equipment without a valid permit authorizing the use. A permit to use a siren or lights as heretofore set out does not relieve the operator of the vehicle so equipped with complying with all other traffic laws and regulations. Violation of this section constitutes a class A misdemeanor.
  - 319.129. 1. There is hereby created a special trust fund to be known as the "Petroleum Storage Tank Insurance Fund" within the state treasury which shall be the successor to the underground storage tank insurance fund. Moneys in such special trust fund shall not be deemed to be state funds. Notwithstanding the provisions of section 33.080 to the contrary, moneys in the fund shall not be transferred to general revenue at the end of each biennium.
- 6 2. The owner or operator of any underground storage tank, including the state of Missouri and its political subdivisions and public transportation systems, in service on August 28, 1989, shall submit to the department a fee of one hundred dollars per tank on or before 8 December 31, 1989. The owner or operator of any underground storage tank who seeks to participate in the petroleum storage tank insurance fund, including the state of Missouri and its 11 political subdivisions and public transportation systems, and whose underground storage tank is brought into service after August 28, 1998, shall transmit one hundred dollars per tank to the 13 board with his or her initial application. Such amount shall be a one-time payment, and shall be in addition to the payment required by section 319.133. The owner or operator of any 14 15 aboveground storage tank regulated by this chapter, including the state of Missouri and its political subdivisions and public transportation systems, who seeks to participate in the 16 17 petroleum storage tank insurance fund, shall transmit one hundred dollars per tank to the board with his or her initial application. Such amount shall be a one-time payment and shall be in 18 addition to the payment required by section 319.133. Moneys received pursuant to this section 20 shall be transmitted to the director of revenue for deposit in the petroleum storage tank insurance 21 fund.

- 3. The state treasurer may deposit moneys in the fund in any of the qualified depositories of the state. All such deposits shall be secured in a manner and upon the terms as are provided by law relative to state deposits. Interest earned shall be credited to the petroleum storage tank insurance fund.
  - 4. The general administration of the fund and the responsibility for the proper operation of the fund, including all decisions relating to payments from the fund, are hereby vested in a board of trustees. The board of trustees shall consist of the commissioner of administration or the commissioner's designee, the director of the department of natural resources or the director's designee, the director of the department of agriculture or the director's designee, and eight citizens appointed by the governor with the advice and consent of the senate. Three of the appointed members shall be owners or operators of retail petroleum storage tanks, including one tank owner or operator of greater than one hundred tanks; one tank owner or operator of less than one hundred tanks; and one aboveground storage tank owner or operator. One appointed trustee shall represent a financial lending institution, and one appointed trustee shall represent the insurance underwriting industry. One appointed trustee shall represent industrial or commercial users of petroleum. The two remaining appointed citizens shall have no petroleum-related business interest, and shall represent the nonregulated public at large. The members appointed by the governor shall serve four-year terms except that the governor shall designate two of the original appointees to be appointed for one year, two to be appointed for two years, two to be appointed for three years and two to be appointed for four years. Any vacancies occurring on the board shall be filled in the same manner as provided in this section.
  - 5. The board shall meet in Jefferson City, Missouri, within thirty days following August 28, 1996. Thereafter, the board shall meet upon the written call of the chairman of the board or by the agreement of any six members of the board. Notice of each meeting shall be delivered to all other trustees in person or by registered mail not less than six days prior to the date fixed for the meeting. The board may meet at any time by unanimous mutual consent. There shall be at least one meeting in each quarter.
  - 6. Six trustees shall constitute a quorum for the transaction of business, and any official action of the board shall be based on a majority vote of the trustees present.
  - 7. The trustees shall serve without compensation but shall receive from the fund their actual and necessary expenses incurred in the performance of their duties for the board.
  - 8. The board of trustees shall be a type III agency and shall appoint an executive director and other employees as needed, who shall be state employees and be eligible for all corresponding benefits. The executive director shall have charge of the offices, operations, records, and other employees of the board, subject to the direction of the board. Employees of the board shall receive such salaries and necessary expenses as shall be fixed by the board.

- 9. Staff resources for the Missouri petroleum storage tank insurance fund may be provided by the department of natural resources or another state agency as otherwise specifically determined by the board. The fund shall compensate the department of natural resources or other state agency for all costs of providing staff required by this subsection. Such compensation shall be made pursuant to contracts negotiated between the board and the department of natural resources or other state agency.
  - 10. In order to carry out the fiduciary management of the fund, the board may select and employ, or may contract with, persons experienced in insurance underwriting, accounting, the servicing of claims and rate making, and legal counsel to defend third-party claims, who shall serve at the board's pleasure. Invoices for such services shall be presented to the board in sufficient detail to allow a thorough review of the costs of such services.
  - 11. At the first meeting of the board, the board shall elect one of its members as chairman. The chairman shall preside over meetings of the board and perform such other duties as shall be required by action of the board.
  - 12. The board shall elect one of its members as vice chairman, and the vice chairman shall perform the duties of the chairman in the absence of the latter or upon the chairman's inability or refusal to act.
  - 13. The board shall determine and prescribe all rules and regulations as they relate to fiduciary management of the fund, pursuant to the purposes of sections 319.100 to 319.137. In no case shall the board have oversight regarding environmental cleanup standards for petroleum storage tanks.
  - 14. No trustee or staff member of the fund shall receive any gain or profit from any moneys or transactions of the fund. This shall not preclude any eligible trustee from making a claim or receiving benefits from the petroleum storage tank insurance fund as provided by sections 319.100 to 319.137.
  - 15. The board may reinsure all or a portion of the fund's liability. Any insurer who sells environmental liability insurance in this state may, at the option of the board, reinsure some portion of the fund's liability.
  - 16. The petroleum storage tank insurance fund shall expire on December 31, [2020] **2025**, unless extended by action of the general assembly. After December 31, [2020] **2025**, the board of trustees may continue to function for the sole purpose of completing payment of claims made prior to December 31, [2020] **2025**.
  - 17. The board shall annually commission an independent financial audit of the petroleum storage tank insurance fund. The board shall biennially commission an actuarial analysis of the petroleum storage tank insurance fund. The results of the financial audit and the actuarial

93 analysis shall be made available to the public. The board may contract with third parties to carry 94 out the requirements of this subsection.

- 319.140. 1. There is established a task force of the general assembly to be known as the "Task Force on the Petroleum Storage Tank Insurance Fund". Such task force shall be composed of eight members. Three members shall be from the house of representatives 4 with two appointed by the speaker of the house of representatives and one appointed by the minority floor leader of the house of representatives. Three members shall be from the senate with two appointed by the president pro tempore of the senate and one appointed by the minority floor leader of the senate. Two members shall be industry stakeholders with one appointed by the speaker of the house of representatives and one appointed by the president pro tempore of the senate. No more than two members from either the house of representatives or the senate shall be from the same political party. A majority of the task force shall constitute a quorum.
  - 2. The task force shall conduct research and compile a report for delivery to the general assembly by December 31, 2018, on the following:
    - (1) The efficacy of the petroleum storage tank insurance fund and program;
    - (2) The sustainability of the petroleum storage tank insurance fund and program;
    - (3) The administration of the petroleum storage tank insurance fund and program;
  - (4) The availability of private insurance for above and below ground petroleum storage tanks, and the necessity of insurance subsidies created through the petroleum storage tank insurance program;
    - (5) Compliance with federal programs, regulations, and advisory reports; and
  - (6) The comparability of the petroleum storage tank insurance program to other states' programs and states without such programs.
  - 3. The task force shall meet within thirty days after its creation and organize by selecting a chairperson and vice chairperson, one of whom shall be a member of the senate and the other a member of the house of representatives. Thereafter, the task force may meet as often as necessary in order to accomplish the tasks assigned to it.
  - 4. The task force shall be staffed by legislative staff as necessary to assist the task force in the performance of its duties.
- 5. The members of the task force shall serve without compensation but shall be 30 entitled to reimbursement for actual and necessary expenses incurred in the performance of their official duties.
  - 6. This section shall expire on December 31, 2018.
  - 379.110. As used in sections 379.110 to 379.120 the following words and terms mean:

- 2 (1) "Insurer", any insurance company, association or exchange authorized to issue 3 policies of automobile insurance in the state of Missouri;
  - (2) "Nonpayment of premium", failure of the named insured to discharge when due any of his or her obligations in connection with the payment of premiums on a policy, or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit;
  - (3) "Policy", an automobile policy providing automobile liability coverage, uninsured motorists coverage, automobile medical payments coverage, or automobile physical damage coverage insuring a private passenger automobile owned by an individual or partnership which has been in effect for more than sixty days or has been renewed. "Policy" does not mean:
- 12 (a) Any policy issued under an automobile assigned risk plan or automobile insurance 13 plan;
  - (b) Any policy insuring more than four motor vehicles;
  - (c) Any policy covering the operation of a garage, automobile sales agency, repair shop, service station or public parking place;
  - (d) Any policy providing insurance only on an excess basis, or to any contract principally providing insurance to such named insured with respect to other than automobile hazards or losses even though such contract may incidentally provide insurance with respect to such motor vehicles;
  - (4) "Reduction in coverage", a change made at renewal by the insurer to a policy form which is effective to all insureds with that policy form, which results in a removal of coverage, diminution in scope or less coverage, or the addition of an exclusion. Reduction in coverage does not include any change, reduction, or elimination of coverage made at the request of the insured. The correction of typographical or scrivener's errors or the application of mandated legislative changes is not a reduction in coverage. A reduction in coverage mandated by the insurer which does not apply to all insureds with the same policy form shall be treated as a nonrenewal;
  - (5) "Renewal" or "to renew", the issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same insurer, [such renewal policy to provide types and limits of coverage at least equal to those contained in the policy being superseded,] or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term [with types and limits of coverage at least equal to those contained in the policy being extended]; provided, however, that any policy with a policy period or term of less than six months or any period with no fixed expiration date shall for the purpose of this section be considered as if written for successive policy periods or terms of six months. Nothing in this subdivision shall be construed as superseding the

38 provisions of subsection 9 of section 375.918, and the term "third anniversary date of the initial

39 contract" as used in subsection 9 of section 375.918, means three years after the date of the initial

40 contract.

379.118. 1. If any insurer proposes to cancel or to refuse to renew a policy of automobile insurance delivered or issued for delivery in this state except at the request of the named insured or for nonpayment of premium, it shall, on or before thirty days prior to the proposed effective date of the action, send written notice of its intended action to the named insured at his last known address. Notice shall be sent by United States Postal Service certificate of mailing, first class mail using Intelligent Mail barcode (IMb), or another mail tracking method used, approved, or accepted by the United States Postal Service. Where cancellation is for nonpayment of premium at least ten days' notice of cancellation shall be given and such notice shall contain the following notice or substantially similar in bold conspicuous type: "THIS POLICY IS CANCELLED EFFECTIVE AT THE DATE AND TIME INDICATED IN THIS NOTICE.

11 THIS IS THE FINAL NOTICE OF CANCELLATION WE WILL SEND PRIOR TO THE EFFECTIVE DATE AND TIME OF CANCELLATION INDICATED IN THIS NOTICE.". The notice shall state:

- (1) The action taken;
- (2) The effective date of the action;
- (3) The insurer's actual reason for taking such action, the statement of reason to be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. Generalized terms such as "personal habits", "living conditions", "poor morals", or "violation or accident record" shall not suffice to meet the requirements of this subdivision;
- (4) That the insured may be eligible for insurance through the assigned risk plan if his insurance is to be cancelled.
- 2. Issuance of a notice of cancellation under subsection 1 of this section constitutes a present and unequivocal act of cancellation of the policy.
- 3. An insurer may reinstate a policy cancelled under subsection 1 of this section at any time after the notice of cancellation is issued if the reason for the cancellation is remedied. An insurer may send communications to the insured, including but not limited to billing notices for past-due premium, offers to reinstate the policy if past-due premium is paid, notices confirming cancellation of the policy, or billing notices for payment of earned but unpaid premium. The fact that a policy may be so reinstated or any such communication may be made does not invalidate or void any cancellation effectuated under subsection 1 of this section or defeat the present and unequivocal nature of acts of cancellation as described under subsection 2 of this section.

- 4. (1) An insurer shall send an insured written notice of an automobile policy renewal at least fifteen days prior to the effective date of the new policy. The notice shall be sent by first class mail or may be sent electronically if requested by the policyholder, and shall contain the insured's name, the vehicle covered, the total premium amount, and the effective date of the new policy. Any request for electronic delivery of renewal notices shall be designated on the application form signed by the applicant, made in writing by the policyholder, or made in accordance with sections 432.200 to 432.295. The insurer shall comply with any subsequent request by a policyholder to rescind authorization for electronic delivery and to elect to receive renewal notices by first class mail. Any delivery of a renewal notice by electronic means shall not constitute notice of cancellation of a policy even if such notice is included with the renewal notice.
- (2) An insurer shall provide a written notice of a reduction in coverage to the named insured no less than fifteen days prior to the effective date of the proposed reduction in coverage or shall send such notice of reduction in coverage with the written notice of renewal described in subdivision (1) of this subsection. Written notice of a reduction in coverage may be satisfied by providing the named insured a copy of or access to the updated policy form or the policy form language that will be changed. The notice shall be sent by first class mail or may be sent electronically if agreed to or requested by the policyholder.
- 5. An insurer shall be exempt from the requirements of this section regarding notice of nonrenewal if:
- (1) The insurer assigns or transfers the insured's policy to an affiliate or subsidiary within the same insurance holding company system;
  - (2) The assignment or transfer is effective upon the expiration of the existing policy; and
- (3) Prior to providing coverage for a subsequent policy term, an insurer accepting an assignment or transfer of the policy shall provide notice of such assignment or transfer to the named insured.

However, if the assignment or transfer of a policy does not result in coverage substantially equivalent to the coverage that was contained in the policy being assigned or transferred, the insurer shall, in lieu of providing the notice in subdivision (3) of this subsection, at least fifteen days in advance of the effective date of the assignment or transfer, notify the policyholder that some coverage provisions will change due to the assignment or transfer, advise the policyholder to refer to the new policy for coverage details, and provide a copy of or access to the replacement policy form or the executed replacement policy.

- 414.032. 1. All kerosene, diesel fuel, heating oil, aviation turbine fuel, gasoline, gasoline-alcohol blends and other motor fuels shall meet the requirements in the annual book of ASTM standards and supplements thereto. The director may promulgate rules and regulations on the labeling, standards for, and identity of motor fuels and heating oils.
  - 2. The director may inspect gasoline, gasoline-alcohol blends or other motor fuels to insure that these fuels conform to advertised grade and octane. In no event shall the penalty for a first violation of this section exceed a written reprimand.
  - 3. The director may waive specific requirements in this section and in regulations promulgated according to this section, or may establish temporary alternative requirements for fuels as determined to be necessary in the event of an extreme and unusual fuel supply circumstance as a result of a petroleum pipeline or petroleum refinery equipment failure, emergency, or a natural disaster as determined by the director for a specified period of time.
  - 4. Any waiver issued under subsection 3 of this section shall be as limited in scope and applicability as necessary, and shall apply equally and uniformly to all persons and companies in the impacted petroleum motor fuel supply and distribution system, including but not limited to petroleum producers, terminals, distributors, and retailers.

Section B. Because of the need to protect lives on our roads and highways, the repeal and reenactment of section 307.175 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 307.175 of this act shall be in full force and effect upon its passage and approval.

Section C. The repeal and reenactment of sections 105.1073, 303.020, 303.030, 303.120, 303.190, and 303.240 and the enactment of section 303.022 of this act shall become effective 3 July 1, 2019.
