88.770. 1. The board of aldermen may provide for and regulate the lighting of streets and the erection of lamp posts, poles and lights therefor, and may make contracts with any person, association or corporation, either private or municipal, for the lighting of the streets and other public places of the city with gas, electricity or otherwise, except that each initial contract shall be ratified by a majority of the voters of the city voting on the question and any renewal contract or extension shall be subject to voter approval of the majority of the voters voting on the question, pursuant to the provisions of section 88.251. The board of aldermen may erect, maintain and operate gas works, electric light works, or light works of any other kind or name, and to erect lamp
posts, electric light poles, or any other apparatus or appliances necessary to light

the use of the inhabitants of the city and its suburbs, and may regulate the same,
and may prescribe and regulate the rates to be paid by the consumers thereof,
and may acquire by purchase, donation or condemnation suitable grounds within
or without the city upon which to erect such works and the right-of-way to and
from such works, and also the right-of-way for laying gas pipes, electric wires
under or above the grounds, and erecting posts and poles and such other
apparatus and appliances as may be necessary for the efficient operation of such
works. The board of aldermen may, in its discretion, grant the right to any
person, persons or corporation, to erect such works and lay the pipe, wires, and
erect the posts, poles and other necessary apparatus and appliances therefor,
upon such terms as may be prescribed by ordinance. Such rights shall not extend
for a longer time than twenty years, but may be renewed for another period or
periods not to exceed twenty years per period. Every initial grant shall be
approved by a majority of the voters of the municipality voting on the question,
and each renewal or extension of such rights shall be subject to voter approval of
the majority of the voters voting on the question, pursuant to the provisions of
section 88.251. Nothing herein contained shall be so construed as to prevent the
board of aldermen from contracting with any person, persons or corporation for
furnishing the city with gas or electric lights in cities where franchises have
already been granted, and where gas or electric light plants already exist, without
a vote of the people, except that the board of aldermen may sell, convey,
encumber, lease, abolish or otherwise dispose of any public utilities owned by the
city including electric light systems, electric distribution systems or transmission
lines, or any part of the electric light systems, electric or other heat systems,
electric or other power systems, electric or other railways, gas plants, telephone
systems, telegraph systems, transportation systems of any kind, waterworks,
equipments and all public utilities not herein enumerated and everything
acquired therefor, after first having passed an ordinance setting forth the terms
of the sale, conveyance or encumbrance and when ratified by two-thirds of the
voters voting on the question, except for the sale of a water or wastewater system,
or the sale of a gas plant, which shall be authorized by a simple majority vote of
the voters voting on the question. In the event of the proposed sale of a water or
wastewater system, or a gas plant, the board of alderman shall hold a public
meeting on such proposed sale at least thirty days prior to the vote. The
municipality in question shall notify its customers of the informational meeting through radio, television, newspaper, regular mail, electronic mail, or any combination of notification methods to most effectively notify customers at least fifteen days prior to the informational meeting. In advance of putting a proposed sale of a water or wastewater system or a gas plant before the voters, the board of aldermen may seek an appraisal as set forth in subsections 3 and 4 of section 393.320. The board may also seek and provide additional reasonable analyses to inform voters of such sale including, but not limited to, the impact of such sale on all city funds and revenues, other city services, and annexation. Nothing in this section shall be so construed as to discourage the board of aldermen from seeking multiple bids when considering the disposal of a water or wastewater system or a gas plant by sale.

2. The board of aldermen's determination of the fair market value of a water or wastewater system or a gas plant for the purposes of this section shall not be dispositive of the price of a water or wastewater system or a gas plant, which may be subject to negotiation by the board of aldermen.

3. The board of aldermen may consider alternatives to disposing of a water or wastewater system or a gas plant by sale, including entering into a finance agreement, purchase agreement, management agreement, or lease agreement with another entity.

4. The board of aldermen may make available on its internet site, if such internet site exists, at least forty-five days prior to submitting a proposal for election pursuant to this section, a copy of the appraisal or additional reasonable analyses under subsection 1 of this section and the fair market value of a water or wastewater system or a gas plant. Such information may also be posted in the building where the board of aldermen has its monthly meetings.

5. The board of aldermen may make a good-faith effort to notify each property owner of the city and each ratepayer of a water or wastewater system or a gas plant of the proposal to dispose of the water or wastewater system or a gas plant, by sale through radio, television, newspaper, regular mail, electronic mail, or any combination of such notification methods. Such notice may also include instructions for locating a summary of the proposal and a summary of any appraisal and analyses as under subsection 1 of this section on the board of
aldermen's internet site, if such internet site exists. In the event the board of aldermen does not have an internet site, the notice may inform the recipient that written copies of such information may be made available at the building where the board of aldermen has its monthly meetings.

6. Nothing in this section shall be construed as a violation of section 115.646, relating to the use of public funds to advocate, support, or oppose the ballot measure prescribed in subsection 7 of this section.

7. The ballots shall be substantially in the following form and shall indicate the property, or portion thereof, and whether the same is to be sold, leased or encumbered:

Shall _______ (Indicate the property by stating whether electric distribution system, electric transmission lines or waterworks, etc.) be _______ (Indicate whether sold, leased or encumbered.)?

Section 1. In lieu of a political subdivision conducting building permit inspections of the new construction of a one or two family residential dwelling, the licensed engineer who sealed the ultimate submission of plans for the permit shall be allowed to conduct the footing, foundation, wall, and framing inspections in accordance with the procedures for such inspections established by the political subdivision. Such licensed engineer or architect shall report on such work by using the uniform inspection forms used by the political subdivision and shall submit such forms to the political subdivision.

the circuit court for abatement of a nuisance upon showing:

(1) The notice requirements of this section have been satisfied; and

(2) The nuisance exists and has not been abated.

2. An action under this section shall not be brought until:

(1) Sixty days after the neighborhood organization sends written notice by certified mail, return receipt requested, postage prepaid, to the appropriate municipal code enforcement agency of the neighborhood organization's intent to bring an action under this section, together with a copy of the notice the neighborhood organization sent or attempted to send to the property owner in compliance with subdivision (2) of subsection 2 of this section; and

(2) Sixty days after the neighborhood organization sends notice by first class prepaid postage certified mail, return receipt requested, to:

(a) The tenant, if any, or to "occupant" if the identity of the tenant cannot be reasonably ascertained, at the property's address; and

(b) The property owner of record at the last known address of the property owner on file with the county or city, or, if the property owner is a corporation or other type of limited liability company, to the property owner's registered agent at the registered agent's address of record;

that a nuisance exists and that legal action may be taken if the nuisance is not abated. If the notice sent by certified mail is returned unclaimed or refused, designated by the post office to be undeliverable, or signed for by a person other than the addressee, then adequate and sufficient notice may be given to the tenant, if any, and the property owner of record by sending a copy of the notice by regular mail to the address of the property owner or registered agent and posting a copy of notice on the property where the nuisance allegedly is occurring.

4. The notice required by this section shall specify:
(1) The act or condition that constitutes the nuisance;
(2) The date the nuisance was first discovered;
(3) The address of the property and location on the property
where the act or condition that constitutes the nuisance is allegedly
occurring or exists; and
(4) The relief sought in the action.

5. In filing a suit under this section, an officer of the
neighborhood organization or its counsel shall certify to the court:
(1) From personal knowledge, that the neighborhood
organization has taken the required steps to satisfy the notice
requirements under this section; and
(2) Based on reasonable inquiry, that each condition
precedent to the filing of the action under this section has been
met.

6. An action may not be brought under this section based
on an alleged violation of a particular code provision or ordinance
if there is then pending against the property or the owner of the
property a notice of violation with respect to such code provision or
ordinance issued by an appropriate municipal code enforcement
agency unless such notice of violation has been pending for more
than forty-five days and the condition or activity that gave rise to
the violation has not been abated. This subsection shall not
preclude an action under this section where the appropriate
municipal code enforcement agency has declined to issue a notice
of violation against the property or the property owner.

7. A neighborhood organization may not bring an action
under this section if, at the time of filing suit, the neighborhood
organization or any of its directors own real estate, or have an
interest in a trust or a corporation or other limited liability
company that owns real estate, in the city or county in which the
nuisance is located with respect to which real property taxes are
delinquent or a notice of violation of a city code or ordinance has
been issued and served and is outstanding.

8. A copy of the notice of citation issued by the city that
shows the date the citation was issued shall be prima facie
evidence of whether and for how long a citation has been pending
against the property or the property owner.

9. A proceeding under this section shall:

(1) Be heard at the earliest practicable date; and

(2) Be expedited in every way.
